INCLUDING WHO'S WHO

1969

This is the East...

Economic development is bringing higher living standards to this laboratory worker and to the peoples of Asia. Demand for an ever increasing range of goods is steadily rising. The banking and information services of The Chartered Bank and its subsidiary, The Eastern Bank Limited, can open the way to participation in these expanding markets. These services are available at any of the more than 270 branches of The Chartered Bank Group, a combined organization extending from Hamburg right across the Middle East and Asia to New York.

The Chartered Bank Group

THE CHARTERED BANK (*Inc. in England by Royal Charter, 1853*)

High Speed Steel, High Carbon, High Chromium Steels,
Oil Hardening Non-Shrinking Steels, Carbon Steels,
Stainless Steels, Nickel Chrome Steels, Silver Steels, Hot
Die Steels, EN Spfn. Steels.

Office : Haji Manzil, 82, Abdul Rehman Street,
Opp. State Bank, Bombay-3.

Phones : 325817 & 323893.

Shop : 12/14, Ardeshir Dady Street, Golpitha,
Bombay-1.

Phone : 356074.

TOOL, ALLOY & SPECIAL STEEL

LACHHMIDHAR KANSHIRAM

201, Masjid Bunder Road, Bombay 3.

Stockists of High Speed, High Carbon, High Chromium,
Oil Hardening Non-Shrinking, Carbon, Silver, Stainless
and EN Specification Steels.

Phone : 322048.

Grams : "IRONGOODS".

TRANSPORT CONTRACTORS BOMBAY GENERAL FREIGHT CARRIERS (P) LTD.

Regd. Office : 323/325, N. Natha Street,
Framjee House, Bombay-9.

Branches : Ahmedabad, Indore, Delhi, Faridabad, Ludhi-
ana, Rajpura, Calcutta, Kanpur, Hyderabad, Bangalore,
Coimbatore, Madras and Salem.

Phones : 323507—Admn. & A/cs. 323689, 328067—
Godown & Booking.

UMBRELLA MFRS.

BHARAT UMBRELLA MFG. CO.

65, New Hanuman Lane, Bombay-2.

Grams : "DHARUV".

Exporters, Specialists in Umbrella Cloth.

Phone : 315319.

VEE-BELTS

AUTO SPARES (INDIA)

Stockists of Vee-Belts & Fan Belts of all makes & types.
Opp. Opera House, Bombay-4.

Phones : 356920 & 355714.

WIRE PRODUCTS MFRS.

MULTIWELD WIRE CO. PRIVATE LTD.

59, Marol-Maroshi Road, Marol, Bombay 59.

Manufacturers of 'MULTIWELD' Welded wire fabrics—
better than Woven or crimped wire fabrics—Available
in Sheets, rolls. Suitable for all types of Protection & for
Concrete reinforcement.

Phones : 573169 & 574718.

Grams : "MULTIWELD", Andheri, Bombay.

WEIGHING & TESTING MACHINES

RAVI ENGINEERING CO.,

81B, Rajpur Road, Dehra Dun, U.P.
(INDIA)

Phone : 4064 & 3761.

Grams : 'TRUESCALES'
Dehradun.

Manufacturers of Road, Rail & Rail-Cum-Road weigh-
bridges, Dormant & Platform Scales, Counter Scales, etc.,
with Steelyard, Self-indicating Dial & Ticket Printing
Headcorks; Specialists & Maintenance Contractors of
weighing & Testing Equipment.

TRADE DIRECTORY FOR BUYERS

WELDING & REPAIR

AUTOGENOUS WELDING & REPAIR CO. PVT. LTD.

63, Fergusson Road, Bombay-13 (BC)

Specialists in repairs to Boilers by Welding, Rivetting, Patching; Steampipes, Tees, Bends. Expansion Bends etc., Fabricated and Supplied; Fabrication, Fitting and Welding of Specially Bent Boiler Tubes etc.

Phone : 373708.

Managing Director : K. B. Framroz D. Mehta.

Directors : Homi F. Mehta, Homi P. Elavia.

WIRE ROPES

ELDEE WIRE ROPES PVT. LTD.,

Manufacturers of quality Steel Wire Ropes & Stranded Wire.

Eldee Chambers, 3, Broach Street, Bombay-9.

Phones : 321141, 327848, 327689.

Grams : "ELDEEROPES."

Factory : Maharashtra Industrial Development Corpn., Dombivili, Kalyan. Registered with D.G.S. & D., Railways and State Governments.

ZIP FASTERNERS

HOME INDUSTRIES CORPORATION

Home of "HOMCO" Brand Zip Fasteners.

Available in all Sizes & Lengths.

Inquire :

64, Commercial Chambers, Masjid Bunder Road, Bombay-3.

Phone : 322997.

Grams : "DESIHUNAR".

PHYSIOGRAPHY

STATES, TERRITORIES

The country is divided into 17 States and 10 Territories. The latter are under Central administration.

The 17 States (with the capital towns in brackets) are :

Andhra Pradesh (Hyderabad), Assam (Shillong), Bihar (Patna), Gujarat (Ahmedabad*), Haryana (Chandigarh), Kerala (Trivandrum), Madhya Pradesh (Bhopal), Tamil Nadu (Madras), Maharashtra (Bombay), Mysore (Bangalore), Nagaland (Kohima), Orissa (Bhubaneswar), Punjab (Chandigarh), Rajasthan (Jaipur), Uttar Pradesh (Lucknow), West Bengal (Calcutta), Jammu and Kashmir (Srinagar).

The 10 Territories (with capital towns in brackets) are :

The Andaman and Nicobar Islands (Port Blair), the Laccadive, Minicoy and Amindivi Islands (temporary headquarters at Kozhikode, Kerala), Delhi (Delhi), Himachal Pradesh (Simla), Manipur (Imphal), Tripura (Agartala), Dadra and Nagar Haveli (Sylvassa), Goa, Diu and Daman (Panaji), Pondicherry (Pondicherry) and Chandigarh (Chandigarh).

In addition, there is one territorial unit : The North-East Frontier Agency, administered by the Governor of Assam as Agent of the Central Government.

GEOGRAPHY

Bounded by the Himalayas in the north, the country stretches southwards and, at the Tropic of Cancer, tapers off into the Indian Ocean between the Bay of Bengal on the east and the Arabian Sea on the west. Lying entirely in the northern hemisphere, the mainland extends between latitudes 8°4' and 37°6' north and longitudes 68°7' and 97°25' east, measures about 3,219 km. from north to south and about 2,977 km. from east to west and covers an area of 32,76,141 sq. km.† It has a land frontier 15,168 km. long and a coastline of 5,689 km.

According to the 1961 Census the total population was 439,234,771.

The population grows roughly at the rate of 2.3 per cent (*i.e.* about 12 million a year). The population of India in 1968 was about 518 million.

Physical Features : The mainland comprises three well-defined regions 1) the great mountain zone of the Himalayas, 2) the Indo-Gangetic Plain and 3) the southern Peninsula.

The Himalayas comprise three almost parallel ranges interspersed with large plateaus and valleys some of which, like the Kashmir and Kulu valleys, are fertile, extensive and of great scenic beauty. In these ranges, some of the highest peaks in the world are situated. The high altitudes limit travel only to a few passes, notably the Jelep La and Nathu La on the main Indo-Tibet trade route through the Chumbi valley, north-east of Darjeeling. The mountain wall extends over a distance of about 2,414 km. with a varying depth of 240 to 320 km. In the east between India and Burma and India and Pakistan, the hill ranges are much lower. The Garo, Khasi, Jaintia and Naga hills running almost east-west join the chain of the Lushai and Arakan hills running north-south.

The Indo-Gangetic Plain, 2,414 km. long and 241 to 321 km. broad, is formed by the basins of three distinct river systems the Indus, the Ganga and the Brahmaputra. Between the Yamuna river at Delhi and the Bay of Bengal,

nearly 1,609 km. away, there is a drop of only 214 metres in elevation.

The Peninsular plateau is marked off from the Indo-Gangetic Plain by a mass of mountain and hill ranges varying from 458 to 1,220 metres in height. The more prominent among these are the Aravali, Vindhya, Satpura, Maikala and Ajanta. The Peninsula is flanked on one side by the Eastern Ghats, where the average elevation is about 614 metres, and on the other by the Western Ghats where it is generally from 915 to 1,220 metres, rising in places to over 2,440 metres. Between the Western Ghats and the Arabian Sea lies a narrow coastal strip, while between the Eastern Ghats and the Bay of Bengal there is a broader coastal area. The southern point of the plateau is formed by the Nilgiri Hills where the Eastern and Western Ghats meet. The Cardamom Hills lying below may be regarded as a continuation of the Western Ghats.

Geologically also, India consists of the same three distinct units, namely, the ancient block of the Peninsula, the Himalayas and their associated group of young fold-mountains and the Indo-Gangetic Plain.

India is so vast and diversified that expressions like 'average rainfall,' 'average temperature' have no meaning. The average annual rainfall in the Thar desert is 4 inches, while that in Cherrapunji is 425.

Similarly places in Kashmir have a minimum temperature of 49°F. while places in Rajasthan have recorded a maximum temperature of 120°F. So one can only speak of local averages rather than of national averages.

Compared with the size of the country, the coast-line is short, as there are few bays or inlets. Hence there are also very few harbours. The fact is the west coast is rocky and the sea is deep near the coast, while in the east the sea is extremely shallow so that big ocean-going ships have to weigh anchor at some distance from the shore.

The only so-called natural harbours are Bombay and Goa, while Madras, Vishakapatnam and Port Okha are examples of purely artificial harbours built by human enterprise.

The principal ports in India are (going from west to east along the coast), Kandla, Bedi Bunder, Port Okha, Porbandar, Surat, Bombay, Mormugao, Mangalore, Kozhikode (Calicut), Cochin, Alleppey, Quilon, Tuticorin, Dhanushkodi, Nagapattinam, Karikal, Cuddalore, Pondicherry, Madras, Masulipatnam, Kakinada, Vishakapatnam and Calcutta.

The main cultivated plants include rice, wheat, pulses and grains. Among the important seeds grown are castor, sesamum and ground-nut.

The chief fruit trees include mango, coconut, arecanut and certain citrus fruit. Apples, peaches, pears, apricots and walnuts are confined chiefly to the Himalayan valleys.

There are tea plantations over large areas on the mountains in the north-east and south, while coffee, cardamom, pepper and rubber are extensively grown in the south. In some of the damper regions the cinchona is successfully cultivated.

Among the wild animals are the tiger, the elephant, leopard, panther, the cheetah, the marbled and jungle cat, the wolf, jackal, wild dog, the black and the Himalayan bear, the rhinoceros, crocodile, wild hog, wild ass, antelope, gazelle, sambhar, spotted deer, bison, wild buffalo, many kinds of reptile (cobra, Russel's viper).

* Actually a new capital is to be built outside the city.

† Including Sikkim (7,107 sq. Km.).

Among the domestic animals are cattle, buffaloes, sheep, goats, horses and ponies, mules and donkeys, camels, and fowl.

Birds include the parrot, peacock, maina, different kinds of vulture and eagle, kingfisher, pigeons, ducks, partridges, plover, quail and snipe.

Among the more useful insects are the bee, silk worm, cocoon lac (the one that gives lac). Mosquitoes abound everywhere. Locust invasions are not frequent.

Edible fish include the carp family, cat fishes the hilsa and mahseer.

River Systems: The rivers in India may be classified as follows: (a) the Himalayan rivers, (b) the Deccan rivers, (c) the coastal rivers, and (d) the rivers of the inland drainage basin. The Himalayan rivers are generally snow-fed and have, therefore, continuous flow throughout the year. The Deccan rivers are generally rain-fed and, therefore, fluctuate very much in volume. The coastal streams specially of the West Coast, are short in length and have limited catchment areas. The streams of the inland drainage basin of Western Rajasthan are few and far between. They drain towards the individual basins or

salt lakes like the Sambhar or are lost in the sands, having no outlet to the sea. The Luni is the only river that drains into the Rann of Kutch. The Ganga is joined by a number of Himalayan rivers including the Yamuna, Ghaghara and the Kosi. The western most river of the Ganga system is the Yamuna which joins the Ganga at Allahabad. Of the rivers flowing north from Central India into the Yamuna or the Ganga, mention may be made of the Chambal, the Betwa and the Sone.

The river basin of the Godavari is the second largest in India. It comprises about 10 per cent of the total area of the country. The basins of the Brahmaputra in the east and the Indus in the west are of about the same size. The Krishna basin is the second largest in Peninsular India. The other rivers are the Mahanadi, the Narmada in the uplands of the Deccan and the Kaveri in the far south. The Tapti in the north and the Pennar in the south are agriculturally very important.

Climate: The India Meteorological Department recognises four seasons: (1) the cold weather season (December-March), (2) the hot weather season (April-May), (3) the rainy season (June-September) and (4) the season of the retreating south-west monsoon (October-November).

A TOURIST'S GUIDE

For all information and assistance, visitors are advised to contact the Government of India tourist offices in India. The representatives of the Tourist Department are stationed on duty at the airport and in the case of Bombay a representative of the Tourist Office always meets all important passenger liners.

THE following hints meant for foreign tourists may be useful:

1. Every foreign tourist entering India should be in possession of a valid passport issued by his Government.

He should also obtain before leaving his country a tourist visa from the Indian representative abroad (or the British representative in countries where there are no Indian representatives). Commonwealth citizens (except those of Pakistan, Ceylon, persons employed in the Defence Services of Pakistan), British subjects, British protected persons, British citizenship passport holders ordinarily residents of Kenya, are exempt from the visa requirement, provided their passports are valid for travel to India. Persons of non-Indian origin domiciled in South Africa are, however, required to obtain visas for India.

Transit visas are not required for through air/ship passengers in direct transit by the same flight or by the next regularly scheduled flight irrespective of whether the flight is of the same or a different Airline, provided the period does not exceed 72 hours and they leave from the same place. One can however leave the airport or ship by obtaining a landing permit for 72 hours on depositing his passport. No landing permits will be issued to Pakistanis, South Africans of European extract, Portuguese of European extract, and citizens of People's Republic of China. However, in the case of Pakistanis, landing permits are issued for 24 hours' duration only. No direct transit facilities are, however, granted to the Chinese.

The normal period of stay cannot be stated. It depends upon the stay period granted by the visa issuing authority.

For short visits not exceeding 2 weeks to Pakistan, Nepal, Ceylon and Burma tourists may obtain return visas from the Deputy Commissioner of Police, Special Branch

II, C.I.D., Head Police Office, Annexe-2, Crawford Market, Bombay or from State Government. For visits exceeding 2 weeks, they may apply for 'no objection' to return to India endorsements to the Deputy Commissioner of Police, Special Branch II, C.I.D., Bombay or State Government. However in such cases they will have to obtain visas from the Indian authorities abroad before entering India.

2. No registration is required for foreigners staying in India for 90 days or less provided they have come on visas of 3 months or less. If they land in India with visas for more than 3 months' stay, then they must report for registration within 7 days to the Registration Officer of their destination and present the "B" Form (temporary registration certificate) issued to them at the place of entry.

Commonwealth citizens are exempt from registration formalities, except British Passport holders whose national status is described as British Subject and missionaries, British protected persons and Australian protected persons.

Return visa or double/triple entry visa holders would be required to get themselves registered after 90 days of their actual stay in India and not after 90 days of their first entry into India.

Departures: Tourists, if they are registered, are exempted from reporting their movements and also from taking departure endorsements from the Registration Officer with whom they are registered.

It should be brought to the notice of tourists to surrender their registration papers at the time of their departure, as it is found that tourists or others who get themselves registered before the expiry of 90 days and leave India also before completion of 90 days, carry registration papers with them.

For holders of Entry Visas : Visitors holding registration certificates have to obtain before departure exit endorsements from the Registration Offices of the District in which they are initially registered.

3. The Government of India have placed no health restrictions on persons entering India by sea or air, except in regard to yellow fever.

Tourist visas are generally valid for a single journey only, but visitors who wish to proceed on short trips to other countries and return to India within the period of validity of the Indian visa, should apply for double or triple entry visas or entry-cum-transit/transit-cum-entry visas. If a visitor coming on short term visas wishes to extend his stay in India, he can, after arrival in India, apply for further extension of stay.

Foreigners who come on visits not exceeding three months for recreational or sightseeing purposes or for attending meetings convened by the Government of India or international bodies should, in their own interest, apply for tourist visas and not entry visas. Holders of tourist visas are entitled to the grant of Tourist Introduction Cards and All-India liquor permits, reservation of accommodation in Government-owned Rest Houses and Resting Rooms at railway stations, etc.

4. All baggage is subject to customs examination. Articles of high value e.g. radios, cameras, binoculars, type-writers, transistors, etc. are exempted from duty provided they are entered in the re-export declaration form and re-exported within 6 months.

5. Tourists are allowed to bring into India foreign currency notes of any amount subject to declaration on the Currency Declaration Form issued by the customs at the air/sea port or checkpoint on the land border.

There is no limit on the amount of Travellers' Cheques. Import and export of Indian currency are banned.

The official rates of exchange are as follows : £1 equal to Rs. 18.00 ; U.S. \$1 equal to Rs. 7.50. The actual buying and selling rates, however, differ slightly from these rates.

Additional concessions for tourists :

Liquor Permits : Bona fide tourists having Tourist Visas/Tourist Introduction Cards can obtain All-India liquor permits valid for three months from Indian Missions abroad or from the Tourist Offices of the Government of India at Delhi, Bombay, Madras and Calcutta if they have not already an All-India Liquor Permit from Indian Missions abroad. The Government of India Tourist Office at Bombay is at 123, Maharshi Karve Road, Bombay-20.

Sporting Fire-arms : Not more than three sporting fire-arms brought in by a tourist are allowed free of duty. These must, however, be re-exported within a period of six months.

Cartridges : 200 cartridges are allowed duty-free under the normal rules. Each tourist is allowed to bring in 200 cartridges, on payment of customs duty, but without an Import Trade Control Licence.

Film : A tourist is allowed to import 25 rolls of film or 48 plates for still cameras and 8 reels of substandard movie films duty free under the normal rules. Besides he can import any number of rolls of films that could be adopted for the cameras imported without limit in quantity for still cameras after paying full customs duty without a licence. The quantity in excess of the duty free limit is subject to being entered on the Re-Export Form.

On production of a certificate from an authorised officer of the Tourist Department of the Government of

India, foreign tourists are allowed a concession of 15 per cent on the basic air-conditioned first class fares and 'Travel As You Like' ticket on the Indian Railways, available for 30 days in an air-conditioned class of accommodation and in first class where air-conditioned accommodation is not available at a lump sum rate of Rs. 723.

TRAVEL AGENCIES

List of some Travel Agencies Approved by the Government of India with their telegraphic addresses within inverted commas :

Bombay : American Express Co., Ltd., Oriental Building, 364, Dr. Dadabhai Nawroji Road, P.B. Note: Most of the State Governments have Tourist Offices at the important centres.

PLACES OF TOURIST INTEREST*

Mount Abu (hill station): Pop. 8,076 (1961) in Rajasthan, about 4,000 feet above sea-level. *Places worth a visit:* 1. the Dilwara Jain temples (11th-13th century, A.D.) containing the finest marble carvings in India, 2. Achalgarh temples (15th-16th century, A.D.) and Mandakini Kund, 3. Ruins of an ancient town called Chandravati, 4. Nakki Talao (lake), 5. Arbuda Devi, a shrine cut in rock, 6. Guru Shikhar (5,646 ft.), highest point in Abu, 7. Sunset point, 8. Palanpur point, 9. Gaumukh Temple and Agni Kund, 10. the Municipal Park. Mount Abu is reached by railway and road.

Agra: Pop. 5,08,680 (1961), a city in U.P., stands on the banks of the Jamuna. It was the capital of the Moghul Empire. *Places worth a visit:* 1. the Taj Mahal, regarded by many as the most beautiful building in the world. 2. the Fort, 3. the Juma Masjid, 4. Moti Masjid, 5. the tomb of Itmad-ud-Daula, 6. Akbar's tomb at Sikandra about five miles from Agra, 7. Dayal Bagh, 8. Twenty-three miles from Agra is the deserted city of Fatehpur Sikri founded by Akbar.

Ahmedabad: in Gujarat is the second largest textile centre in India. It contains numerous monuments of the fifteenth and sixteenth centuries. Pop. 11,49,918 (1961).

Places worth visiting are: 1. Jumma Masjid (1423); 2. Shah Alum's Mausoleum (1475); 3. Rani Sipri's Mosque (1540); 4. Mosque of Sidi Sayyad (1572) for traceried windows with palm and parasite design; 5. Shaking Minarets; 6. Shahi Baug where Gurudeo Tagore stayed during his youth and which supplied him with material for his *Hungry Stones* (story); 7. Teen Darwaza (three Gates); 8. Mahatma Gandhi's Sabarmati Ashram; 9. Kankaria Tank; 10. Gujarat University & Gujarat Vidya-pitha; 11. ATIRA, Textile Research Institute.

* When the population of a town is not given, it may be generally assumed that it is less than 20,000.

Ajanta Caves : are 66 miles north of Aurangabad in Maharashtra. The rock-cut caves are 29 in number (5 chaityas or shrines and 24 viharas or monasteries, all Buddhist) and present a record of a unique combination of painting, sculpture and architecture of a period extending over nine centuries from about the 2nd Century B.C. to about 7th Century A.D. The caves can be reached from Aurangabad where there is a good hotel conducted by the Central Railway.

Allahabad : (also called Prayag) ; city in U.P. situated at the confluence of the Ganga and the Jamuna. It has an old fort and an Asoka pillar. Sixty-five miles from Allahabad is Kosambi, where the ruins of an ancient capital are being excavated. Pop. 4,11,955 (1961).

The confluence of the Ganga and Jamuna at Prayag is the holiest bathing place for Hindus in India. Every 12 years, Kumbha Mela (religious fair) is held attracting over 40 lakhs of pilgrims during the four weeks ; a smaller fair occurs every six years—Adha Kumbhi.

The old Mughal Fort contains an underground temple where well carved images are seen and the pilgrims worship at a small tree taking it to be the Eternal Banyan Tree (Akshaya Vata).

Almora : headquarters of the district of the same name, in U.P. 83 miles from Kathgodam Railway Station, it is the main town in Kumaon Hills (q.v.). Perched at an elevation of 5,600 ft., it is about two miles in length, like a saddle, and is said to have been founded four hundred years ago by Raja Kalyan Chand. Almora has moderate rain-fall, temperate climate, the temperature seldom rising above 88°F., even during the summer days, and comparative freedom from fog. Within easy distance of Almora are many Himalayan peaks—Seehee Debi, Bandnee Debi and Binsar being the chief ones. Binsar Hill also known as Jhandi Dhar is only 13 miles from Almora and the bridle path leading to it, passes through enchanting jungle scenery.

Pindari Glacier can be reached from Almora at a distance of 75 miles, in eight stages, attaining an altitude of 13,000 to 14,000 ft. The most suitable time for this trip is either May-June or September-October.

Two other places in the Kumaon Hills are : Ranikhet and Naini Tal.

Amritsar : city in the Punjab, sacred to the Sikhs. Pop. 3,76,295 (1961). Amritsar is the very centre of the Sikh religion and has a big trade in grain and textiles. *Places worth a visit :* 1. the Golden Temple, 2. Baba Atal Tower, 3. Akal Takht, 4. Ram Bagh Gardens, 5. Fort Govind Garh, and 6. Jalianwalla Bagh Memorial.

Aurangabad : in Maharashtra. *Places worth a visit are :* 1. Bibi-ka-Muqbara—the tomb of Aurangzeb's wife which is a replica of the famous Taj, 2. Panchakki (old water-mill), 3. The shrine of Shah Musafir lies nearby, 4. Eight Buddhist caves near the town. Pop. 87,579 (1961).

Anand : town half way between Baroda and Ahmedabad, is the headquarters of the Amul cooperative society producing milk, butter, cheese and baby food. Without keeping any cattle of its own it is an up-to-date and modern unit with 40,000 members spread over an area of 1,300 square miles around it.

Bangalore : Largest city in Mysore and a health resort, is about 3,000 feet above sea-level. *Places worth a visit :* 1. Cubbon Park, 2. Lal Bagh, 3. Band-stand, 4. Race Course, 5. Maharaja's Palace, 6. Tippu's Palace, 7. Venkataramanaswamy Temple, 8. Vidhan Soudha (new Secretariat). Pop. 9,05,134 (1961).

Belur : in Mysore State, noted for its elaborately sculptured temples of the Hoysala period.

Banaras* : town in U.P. on the banks of the Ganges, very sacred to the Hindus and Buddhists alike. It is in fact the religious capital of Hindu India and contains about 1,500 comparatively large temples besides countless minor shrines. It is also reputed to be the oldest city in the country. Pop. 4,71,258 (1961). *Places worth a visit :* 1. Vishwanath Temple, 2. Bharat Mata Temple, 3. Manmandir, with Jaisingh's Observatory, 4. Aurangzeb's Mosque, 5. Gyan Wapi, 6. Nandeswar Kothi, 7. Ramnagar Fort, 8. Banaras Hindu University, and 9. Sarnath, a great Buddhist centre with many architectural remains, is about six miles from Banaras. The Buddha preached his first sermon here.

Barauni : Oil refinery in Bihar for processing crude oil, App. cost Rs. 39 crores. Also a Thermal Power Station.

Batanagar : an industrial town near Calcutta of the Bata Shoe Factory.

Bhadravati : in Mysore State. The Mysore Government's iron and steel plant is located here.

Bhakra-Nangal : twin-towns, round the huge Rs. 170 crore hydro-electric and irrigation project in which the waters of the Sutlej are controlled by dams, and diverted for irrigation and the generation of electric power. A modern fertilizer factory was commissioned on Feb. 22, 1961 at Naya Nangal.

Bhilai : in Durg district of M.P., is the site of an integrated iron and steel plant, set up in the public sector with Russian help.

Bhubaneswar : Orissa's new capital ; city of temples once said to number 7,000. Pop. 38,211. *Places worth a visit :* 1. Lingaraj Temple, 2. Mukteshwar Temple, 3. Parasurameswar Temple, 4. Raj Rani Temple. Nearby are the Jain and Buddhist rock-cut caves of Khandagiri and Udayagiri and Asoka's Rock Edict at Dhuli. Bhubaneswar is on the main S. E. R. line between Waltair and Howrah, about 20 miles from Cuttack and 38 miles from Puri.

Bijapur : town in Mysore State, capital of the old Adilshahi Sultans of Bijapur, is rich with the remains of palaces, mosques and tombs. *Places worth a visit :* 1. Jami Masjid (the greatest mosque in South India), 2. Gol Gumbaz (the tomb of Mahammad Adil Shah and the second largest dome in the world), also called the Whispering Gallery, 3. Mehtar Mahal, 4. Ashar Mahal, 5. Gagan Mahal, 6. Chini Mahal, 7. Mecca Masjid, 8. Tas-Bavry (water-tank), 9. Malik-I-Maidan (Great Gun), 10. Landi-Kasab Gun, 11. Haider Burj (tower), 12. Ibrahim Roza (the tomb and mosque of Ibrahim II), 13. Jala Mandir (reservoir), 14. Chand Bavri (old tank), 15. Granary, 16. Gol Gombaz (Round Dome), 17. Bara Kaman Masjid, and 18. Begum Tank. Bijapur is a railway station on the Gadag-Sholapur section of the Southern Railway. Pop. 78,854 (1961).

Bokaro : in Bihar, site of the Bokaro Steel (public sector) plant, (distinct from Bokaro thermal power station of the D.V.C.) being built with Soviet help.

Bombay : second city and port in India called the Gateway to India, Pop.†: 4,152,056. Area (Greater Bombay) 174 sq. miles. *Places worth a visit :* 1. the Gateway of India, 2. Apollo Bunder, 3. Prince of Wales Museum, 4. the Town Hall, and Central Library, 5. Rajabai Tower and University Building, 6. Victoria Terminus of the Central Railway, 7. the General Post Office, 8. Crawford Market, 9. Brabourne Stadium 10. Chowpatty sands.

* The official name is Varanasi.

† Greater Bombay.

11. Malabar Hill, Hanging Gardens and Kamala Nehru Park, 12. Central Station, Terminus of the Western Railway, 13. Race Course, 14. Bhandarwada Reservoir and Gardens, 15. Victoria Gardens and Albert Museum. Places near Bombay worth a visit: 1. Juhu (sea-side resort), 2. Versova (sea-side resort), 3. Vihar Lake (from which the city gets part of its water-supply), 4. Kanheri Caves (rock-cut caves of Buddhist origin), 5. Jogeshwari Caves, 6. Vajreshwari (temple and hot springs of medicinal property), 7. Mandapeshwar (cave temple), 8. Nirmal (temple and lake), 9. Ambarnath (temple), 10. Pawai Lake and the Technical Institute, 11. Pali (hot springs and small game shooting), 12. Elephanta Caves, 13. Vaitarna (water supply scheme), 14. Aarey Milk Colony, 15. The oil refineries at Trombay. 16. The Atomic Energy Establishment at Trombay. The chief means of conveyance in Bombay are buses, electric railway, taxis and gharis. (See also under *Maharashtra*).

Budh Gaya: near Gaya, in Bihar, a Buddhist centre of pilgrimage. It contains the famous mediaeval Buddhist temple near the Bodhi Tree under which Gautam did penance and attained Enlightenment. Pop. 6,299 (1961).

Burnpur and Kulti: twin towns in which the Indian Iron and Steel Co. Ltd. has its works. Situated near Asansol on the border of West Bengal and Bihar, on the Grand Trunk Road.

Calcutta: until March, 1912, the headquarters of the Indian Government, and now, as then, the commercial capital of India. It is the terminus of three great railways, and the port of an immense river traffic. Though it lies 84 miles from the Bay of Bengal on the River Hooghly, it has a larger foreign trade than any other Indian port, and its enterprising Port Trust has the largest revenue among Indian port authorities. It is the centre of five great industries—jute, tea, hides and skins, coal and lac. Population (1961 census), West Bengal 34.93 millions and Calcutta City (Corporation) 2,927,289. *Places worth a visit*: 1. Victoria Memorial (contains a picture-gallery and museum), 2. the Indian Museum, 3. the Zoological Gardens, 4. the Jain Temple, 5. the Kalighat Temple, 6. Belvedere House (where the British Viceroys stayed when on visit to Calcutta), now the National Library, 7. Raj Bhavan (residence of the Governor of West Bengal), 8. Marble Palace (containing art treasures, property of the Mullik family), 9. Fort William, 10. the Eden Gardens, 11. the town Hall, 12. Haig Market, 13. Dalhousie Square, 14. the Race Course, 15. Dhakuria Lake, 16. the Hindu bathing ghats, 17. Dakshineswar Temple. Places near about Calcutta which are worth a visit are: 1. Bally (holy place), 2. Belur (home of the Ramakrishna Mission), 3. the Botanical Gardens (contains the biggest banyan tree in existence), 4. Diamond Harbour (fort and customs house), 5. Dum Dum (airport of Calcutta).

Kanya Kumari: in Tamil Nadu, is the southern-most tip of India.

It is the place where the Arabian Sea and the Bay of Bengal meet the Indian Ocean. Tourists go to have a view of sun-rise and sun-set.

It is easily reached from Trivandrum by public transport buses or private conveyance.

The spot is sacred to the Hindus and a place of pilgrimage as the reputed abode of Kanya Kumari the virgin goddess to whom the temple there is dedicated.

Cambay: a city of antiquity and an old port in Gujarat. Today it has acquired importance as Lunej oil and natural

gas have been discovered. Drilling with Russian technical help is in progress. (See article on 'Petroleum').

Chandigarh*: now a Union Territory and also capital of Punjab & Haryana; youngest of Indian Capital cities. Chandigarh is situated near Kalka railway station of the Northern Rly.

Chittaranjan: near Asansol, on the border of Bihar and W. Bengal. The industrial colony came into being with the establishment of the broad gauge locomotive and boiler and electric locomotive factory.

Conjeevaram (Kanchipuram): the city of temples, the Banaras of the South, is about 45 miles to the south-west of Madras. It is one of the seven holy cities of India and the only one in the South. The place is divided into three parts, Shiva Conjeevaram, Vishnu Conjeevaram and Pillayar Paliyam, a testimony to the part played by all the main Hindu religious sects in the history of the city. There are over a thousand temples in all. *Places worth a visit*: 1. Kailasnath Temple (over 1,000 years old), 2. Vaikunth Perumal Temple (over 1,000 years old), 3. Ekambareswar Temple (400 years old), 4. Vedaraja Perumal Temple. Pop. 92,714 (1961).

Conjeevaram is on the Renigunta-Chingleput section of the Southern Railway and is easily accessible from Madras via Chingleput.

Coonoor: hill station on the Nilgiri Hills in Tamil Nadu, is about 6,000 feet above sea-level. The climate is mild and genial neither too hot in the summer nor too cold in the winter. The mean day temperature is 64 degrees. *Places worth a visit*: 1. Sim's Park (contains collection of plants), 2. Low's Waterfall, 3. Tiger Rock (hill fort). There are innumerable places for excursion and picnic purposes, e.g. the Droog, the Dolfin Nose, the Lamb's Rock, Laz Falls, Lady Canning Seat, the Ralliah Dam and Catherine Falls. The chief means of conveyance are cars which can be hired.

Coonoor lies on the narrow-gauge Mettupalayam-Ootacamund line of the Southern Railway. It is also connected by road with Ootacamund, and Kotagiri, another hill station. Pop. 30,690 (1961).

Dalmianagar: is situated on the west bank of the river Sone, 350 miles by rail from Calcutta. The Rohtas Industries Limited and Ashoka Cement Limited, manufacturers of cement, paper, sugar, vanaspati, asbestos, cement sheets, etc., are located here providing employment direct and indirect to 60,000 persons.

Darjeeling: hill station in West Bengal, lies on the lower slopes of the Himalayas about 370 miles to the north of Calcutta. It is 7,110 feet above sea-level. The maximum temperature in the summer is about 70 degrees and the minimum in the winter is about 35. The town commands picturesque views including that of Mount Kanchenjunga and on a clear day of Mount Everest. Various sports are available during the season such as fishing, shooting and horse-riding. Darjeeling has also a first-class sanatorium known as Eden Sanatorium. *Places worth a visit*: 1. Government House, 2. Town Hall, 3. Museum, 4. Observatory Hill (from where a magnificent view of Kanchenjunga can be obtained), 5. the Mall, 6. Natural History Botanical Gardens, 7. Birch Hill Park, 8. Senchal Lakes, 9. Ghoom Monastery, 10. Tiger Hill (from where the sun-rise over Everest is generally viewed on clear October mornings).

Darjeeling is the terminus of the meter-gauge Darjeeling-Himalayan section of the N.E. Railway and is about 27 hours' journey from Calcutta. From Siliguri where the visitor has to change, Darjeeling can also be reached by car. Pop. 40,651 (1961).

* Population 89,321 (1961).

Delhi (New): the capital of India and the seat of the Union Government. New Delhi houses the President's House (now called Rashtrapati Bhavan), the Parliament, and the Secretariat. Pop. 2,61,515 (1961).

Delhi (Old): also called Shahjahanabad, the ancient capital of India stands on the Jamuna and is enclosed by a stone wall with seven gates. No city in India contains as many historical remains as Old Delhi. Pop. 9,14,790. (1951). *Places worth a visit:* Red Fort, Jama Masjid, Rajghat (Mahatma Gandhi's Samadhi), Ashoka Pillars, Feroze Shah Kotla, Purana Quila, Humayun's Tomb, Isa Khan's Tomb, Lodi Park and Lodi Tombs, Safdar Jang's Tomb, Kutub Minar, Tughlaqabad, India Gate or War Memorial Arch, Shanti Ghat (Jawaharlal Nehru's Samadhi), Vijay Ghat, (Lal Bahadur Shastri's Samadhi), Rashtrapati Bhavan, Parliament House, National Museum, Shri Lakshmi Narayan Temple, Jantar Mantar or the Observatory.

Delhi is directly connected by rail and air with Bombay, Calcutta and Madras. Delhi also lies on the direct East-West transworld air routes linking India with all the major cities of the world.

Durgapur: in West Bengal, 100 miles from Calcutta, is the site of an integrated iron and steel plant in the public sector, set up with British help. The Durgapur Coke Ovens plant run by the Government of West Bengal, the Durgapur Barrage, the canal system and thermal power house (of the D.V.C.) are also located here. An optical glass unit, Coal Mining Machinery Plant of Heavy Engineering Corpn. Ltd., a Technical Institution and Alloy Steel Plant are fast coming up.

Elephanta Caves: on an island of the same name, about 6 miles from Bombay harbour, are mainly dedicated to Shiva and the sculpture shows that God in His many forms. These belong to the 7-8th century. The main cave, almost 125 ft × 125 ft, is the only impressive structure, and the rest of the island is used more as a picnic spot by holiday makers. There is a launch service as well as a ferry steamer. An official of the Archaeological Department is available on the spot.

The main figure of three-heads, Mahesh Murti, is considered among the world's most impressive sculptures, for its size, beauty and execution.

Ellora Caves: are situated about 15 miles to the north-west of Aurangabad in Maharashtra. The caves which are excavated in the face of a hill are 34 in number and run north to south for a distance of a mile and a quarter. The hill has the shape of a crescent the southern, the centre, and the northern being occupied respectively by Buddhist, Hindu and Jain temples. There are 12 Buddhist caves, 17 Hindu caves and 5 Jain caves. The Hindu caves are more lavishly decorated than others and Kailash temple which is the most impressive is also the biggest cave temple in India. It stands in a court averaging 154 feet wide, 276 feet long with a scrap 107 feet high at the back. Among other notable caves are caves X, XII, XIV, XV, XXIX, XXXIII, XXXIV. It is believed that the Ellora Caves are about a thousand years old. They are reached from Aurangabad by bus or car. Thrishneshwar temple near the caves is an important place.

Fatehpur Sikri: city founded by Akbar in 1569 but abandoned soon after, is situated 23 miles from Agra. The place contains a number of palaces, shrines, mosques built of marble and red sandstone. *The more notable among the monuments are:* 1. Buland Darwaja, the Gateway of Victory, built to commemorate the conquest of Khandesh. It is 176 feet high and is the highest gateway in India. It forms the southern gateway to the most imposing

structure in Fatehpur Sikri, 2. the Jami Masjid, said to be a copy of the mosque at Mecca or Medina, 3. Panch Mahal, 4. Diwan-i-Khas (Hall of Private Audience), 5. Mariam's House, 6. Palace of Jodh Bai, 7. House of Birbal, 8. Elephant Tower and 9. Khas Mahal, Fatehpur Sikri has a railway station, and the city can be easily reached by car.

Gandhigram: about 25 miles from Madurai (South India) is a new colony formed to put Gandhian principles into actual practice in day-to-day life.

Gandhigram (Visakhapatnam): near Waltair in Andhra, is one of the major ports and the site of a ship-building yard and the Caltex Oil Refinery.

Gaya: big town in Bihar, on the Phalgu river, sacred to Hindus and Buddhists alike. The Vishnupada, a temple, built over the foot-print of Vishnu is the centre of the pilgrimage and the Akshaya Vata, the Eternal Banyan tree, is an object of veneration. See also Budha Gaya. Population 1,51,105 (1961).

Gersoppa Falls (see Jog Falls).

Gulmarg: an ideal hill station in Kashmir, about twenty-nine miles from Srinagar, is a little less than 9,000 feet above sea-level. The place boasts of all modern facilities and is particularly noted as a winter playground affording scope for skating, ski-ing, tobogganing, and golf. Round about are ideal places for walks, rides and excursions.

Hardwar: in U.P. on the Inner Himalayas, on the Ganga banks is a great Hindu pilgrim centre. It is situated at the foot of the Siwalik hills on the right bank of the Ganga where the river enters the plains. The object of attraction is the bathing ghat called Hari Ki Payri (step of Hari). Every twelfth year the Kumbh Mela is held, which has a special sanctity. Devout pilgrims proceed from here further up to Rishikesh, and to Badrinath. Pop. 58,513 (1961).

Hirakud: the site of the Rs. 30-crore multi-purpose project across the River Mahanadi in Orissa to provide irrigation facilities and to generate electric power. (See also under 'Irrigation'.)

Hyderabad-Secunderabad*: the twin city linked together by the Hussain-Sagar (lake), is the capital of Andhra Pradesh and is centrally situated for all-India communications. It is a railway junction as well as an important air-port, and stands on the banks of the river Musi. It has many attractions. 1. Char Minar (four minarets) dominates the City with 80 ft. high minarets, built in 1591; 2. Osmania University with its impressive building and Ajanta Pavilion; 3. Town Hall; 4. State Museum and Art Gallery; 5. Salarjung Museum—one of the richest and most varied collections in Asia; 6. Health Museum and Public gardens. Golconda Fort forms one of the suburbs of Hyderabad. Many new industries are coming up in the city. Pop. 12,51,119 (1961).

Imphal: north-east frontier town and capital of Manipur. It is celebrated for its Manipuri dance and handloom products. Pop. 67,717 (1961).

Jaipur: capital of Rajasthan State, is a well laid-out modern city. Jaipur pottery, brass ware, sculpture, ivory and sandalwood work and jewellery have enjoyed a great reputation from ancient times. Pop. 4,03,444 (1961). *Places worth a visit:* 1. Maharaja's Palace, 2. Jai Singh's Observatory, 3. Amber (ancient capital), 4. Hawa Mahal, 5. Palace Armoury, 6. Cenotaphs of the Queens, 7. Galta (place of pilgrimage) and Ghat, 8. School of Arts, 9. Public Library, 10. Transport Gardens, 11. Museum.

* Secunderabad is the headquarters of the South-Central Railway.

Jaipur is on the metre-gauge line of the Western Railway between Ahmedabad and Delhi.

Jetsar : near Suratgarh, in Rajasthan, site of another mechanised farm about 30,000 acres.

Jog Falls : also known as Gersoppa Falls in Mysore State, are one of the highest waterfalls in the world. The river Sharavati takes a big leap down a steep rock from a height of 830 feet. The breadth of the stream here is 230 feet and in four separate cascades known as the Raja, Roarer, Rocket and La Dame Blanche, it takes a magnificent leap. The best time to see them is early December.

Junagadh : in Gujarat, is situated below the celebrated Girnar Hill and is one of the most ancient cities in India. The temples on the hill are noted for their architecture and delicate painting. On the way to Girnar is a rock with an Asoka edict. Pop. 74,298 (1961).

In Junagadh is the famous Gir Forest—the only place in Asia where lions are found.

Jwalamukhi : in the Kangra Hills where gas has been discovered. Drilling is in progress with Rumanian technical help. (See article on 'Petroleum'.)

Kangra Valley : famous for its picturesque landscapes and historic temples, lies in Himachal Pradesh. Semi-urban hill stations are Kangra and Dharamsala. *Places worth a visit in Dharamsala are* : 1. Bhagsunath Water Springs ; 2. State Quarries ; 3. Himalayan Snow View. The chief means of conveyance are cars and buses. There is also a dak bungalow at Dharamsala where visitors can stay. To get to the Kangra Valley a visitor has to change at Pathankot into the narrow-gauge railway which runs to Nagrota. Dharamsala can also be reached from Pathankot by car.

Kanheri : near Bombay, is famous for its Buddhist caves dating back to the 1st century A.D. It is about twenty miles from Bombay.

Kashmir : unsurpassed for the beauty of its mountains, lakes and valleys is a part of the State of Jammu and Kashmir, situated in the far north of India. Its capital Srinagar on the Jhelum is 5,000 ft. above sea-level and famous for its shawls and carpets and the exquisite beauty of its wood-work, rich embroidery and papier-mache articles. Its fruits and vegetables are equally well-known. Well-furnished, luxurious house-boats moored along the winding Jhelum or in the Dal Lake provide all necessary comforts amidst gorgeous natural surroundings. The normal recreations include Shikara rides on the lakes and canals, mountain-climbing, big and small game hunting, golf, fishing and swimming. Gulmarg, Sonamarg and Pahalgam are favourite holiday resorts in the neighbouring mountains and can be reached by motorable road. The way to Srinagar is *via* Pathankot, which is a railway terminus. From Pathankot one goes to Srinagar by road passing Jammu on the way. There is a regular air service from Delhi to Srinagar. *Places worth a visit* : 1. The Moghul Gardens, like *a.* Shalimar, *b.* Chashmashahi, *c.* Acchabal, *d.* Nishat ; 2. The lakes like *a.* Dal Lake, *b.* Wular Lake, *c.* Anchar Lake, *d.* Manasbal Lake and so on ; 3. Places of historical and religious interest like *a.* Martand temple, *b.* Pandranathan temple, *c.* Bhaumazu caves, *d.* Avanti Pura, *e.* Pari Mahal and *f.* Sankaracharya Hill.

Khajuraho : in Chhattarpur in Madhya Pradesh, is famous for its group of highly ornate mediaeval Hindu temples. From the nearest railway station Harpalpur on the Jhansi-Manikpur line, it is about 60 miles by motorable road. It has dak bungalows and circuit house rooms.

Kiriburu : iron ore mines, in the Bonai range of Keonjhar and Singhbhum districts being developed with USA's ADF and Japanese help.

Kirloskarvadi : in Maharashtra, is an industrial colony established over 50 years ago, where agricultural implements and a variety of engineering goods have been manufactured.

Kodaikanal : famous hill station on the Palni Hills in Tamil Nadu. It is about 7,000 feet above sea-level and has a temperate climate. The place affords plenty of scope for such recreations as walking, hiking, boating, fishing, hill climbing and golf. For the more adventurous there is big game hunting. Kodaikanal is the delight of the gardener and flowers are in bloom all the year round. *Places worth a visit* : 1. the lake skirted by a three-mile road ; 2. the water falls like a Fairy Falls, *b.* Silver Cascades, *c.* Bear Shola Falls, *d.* Glen Falls, *e.* Pamber Falls ; 3. There are view points like *a.* Coaker's Walk, *b.* Pillar Rocks, *c.* Prospect Point, *d.* Vambadi Shela Peak, *e.* Dolphin's Nose ; 4. the Solar Observatory.

Konarak or Konark : in Orissa, is a huge Temple of the Sun also called the Black Pagoda. It is remarkable both as an example of ancient Indian architecture and sculpture and of engineering skill. Konarak is about 50 miles from Puri, 40 miles from Bhubaneshwar. The road is open from November to May.

Korba : in Madhya Pradesh is the site of a new coal mine and a thermal station from which the Bhilai Steel Project gets most of its power supply. Coal from Korba will also be used in Bhilai.

Kosi : the Rs. 45-crore multi-purpose project in Bihar for flood protection, irrigation and electric power. The barrage on the river is about 30 miles below Chatra in Nepal. (See under 'Irrigation'.)

Koynanagar : in Satara district, Maharashtra, is 30 miles from Karad station on the Southern Railway. Here the turbulent waters of the Koyna are controlled and diverted through an underground tunnel on the other side of the hill for generating electricity.

Kulu Valley : well-known for the variety of its scenery, fruit orchards and places of historical interest is situated in Himachal Pradesh, north of Simla. It is ideal for hiking and trout fishing. The important part of the valley from the tourist's point of view is the road which runs from Pathankot or Nagrota the rail-heads into the valley. The summer is never uncomfortably hot. The main centres of the Kulu Valley are : 1. Kulu or Sultanpur, the principal town, about 4,000 feet above sea-level. It is the main shopping centre and has a dak bungalow, and a number of rest-houses ; 2. Raison, 8 miles from Sultanpur and 4,700 feet above sea-level. The available sports are golf, tennis and swimming. Mayflower and the Shacks are two hotels ; 3. Katrain, is in the widest part of the Valley, 12 miles from Sultanpur and 4,800 feet above sea-level ; 4. Naggar, summer headquarters, is 5,800 feet above sea-level ; 5. Manali, the head of the valley and terminus of the motor road, is 23 miles from Sultanpur and is situated amid typical Alpine scenery. Accommodation for visitors is available at Sunshine Orchards, Departmental rest houses and Mission Hospital. Pathankot is the rail-head for Kulu. From Pathankot, Kulu is reached by bus or car, or from Pathankot to Nagrota by metregauge railway and from there by bus to Kulu.

Lonavla-Khandala : in Maharashtra, lies in the heart of the Western Ghats. Hill forts associated with Maratha rule are in the vicinity. The Karla, Bhedsa and Bhaja caves, 10 miles from Lonavla, are an added attraction (see also under Poona District).

Lucknow : the city of gardens is the capital of U.P. It is full of places of historical interest and of architectural beauty and is generally regarded as the cultural capital

of North India. It is well-known for its pottery, copper and brass-ware, wood and ivory carvings and gold and silver embroidery on cloth, and rich perfumes. Pop. 595,440 (1961). *Places worth a visit*: 1. Great Imambara, 2. Small Imambara, 3. Tombs of Wajid Ali Shah and his Begum, 4. Kaiser Bagh Palace, 5. Chattar Manzil, 6. Dilkusha Palace, 7. Moti Mahal, 8. Machi Bhavan Palace, 9. Jumma Masjid, 10. Charbagh, 11. Alambagh, 12. Sikander Bagh, 13. Musa Bagh, 14. Wingfield Park, 15. Residency, 16. Havelock's Tomb, 17. Clock Tower, 18. Musuem, 19. Observatory, 20. Iron Bridge. Lucknow is a big junction on the Northern Railway.

Madras: the third largest city in the subcontinent and the capital of Tamil Nadu. Pop. 17,29,141 (1961 census). *Places worth a visit*: 1. Fort St. George (contains the oldest Protestant church in the country where Clive was married), 2. High Court, 3. Light House, from the top of which one can get a panoramic view of the city, 4. Marina. The Marina is one of the most beautiful promenades in the world: sea-bathing is possible at certain points, 5. The Museum, 6. Connemara Library, 7. the Zoo, 8. the Observatory, 9. Moore Market, 10. Parthasarathy Temple, 11. Mylapore Tank and Kapaleswar Temple, 12. St. George's Cathedral, 13. St. Thomas Mount, 14. Race Course, 15. The Integral Coach Factory at Perambur, where passenger coaches are made, 16. Adyar, where the headquarters of the Theosophical Society are located.

The ruins of the Gingee Fort famous in the days of the Vijayanagar Empire are about 95 miles from Madras and can be reached by rail and road. The seven Pagodas of Mahabalipuram are 35 miles by road from Madras and can also be reached by road from Chingleput Railway Junction.

Madurai: the second biggest city in Tamil Nadu, is a great religious centre, a seat of Tamil literature and Hindu temple art. The silk-weaving and textile industries of Madurai are also noteworthy. *Places worth a visit*: 1. The Great Temple, actually made up of two temples one of Meenakshi and the other of Shiva, 2. Tirumala Nayak's Palace, 3. Gandhi Museum and Gandhigram. Pop. 4,24,810 (1961).

Mahabaleshwar: a hill station in Maharashtra. Can be reached from Poona by road.

(See under Satara District.)

Matheran: the nearest hill station to Bombay is 2,650 feet above sea-level. In a walk round the eighteen-mile circumference of the hill the visitor can reach no fewer than thirty-three points of which the following deserve mention: 1. Garbut Point, 2. Panorama Point, 3. Porcupine Point, 4. Louisa Point, 5. Chowk Point, 6. Alexandra Point, 7. Belvedere Point, 8. Echo Point, 9. Monkey Point. At every one of these points the visitor will find comfortable seats, shady trees and fine views. Among other places which are worth a visit are: 1. Charlotte Lake, 2. Paymaster Park, 3. Band-stand, 4. Castle Hill Tower, 5. Race Course. The chief recreations are walking and riding. Rickshaws, *munchils* and horses are the chief means of conveyance.

Matheran is reached from Neral Station on the main railway line between Bombay and Poona. From Neral there is a light railway to Matheran which is about one-and-a-half-hour's journey. Alternatively one can do the journey by rickshaw or pony by previous engagement at Matheran.

Mathura-Brindavan: in U.P. is an important place of pilgrimage for Hindus, because of its associations with Shri Krishna. Near the railway station is an archaeological museum which houses unique relics of Kushan art. Six

miles from Mathura is Brindavan. *Places worth a visit*: 1. Govind Dev Temple, 2. Gopinath Temple, 3. Ranganath Mandir.

There are travellers' bungalows. Brindavan is accessible by railway or road from Mathura. Pop. 125,258 (1961).

Mussoorie: A hill station in U.P. lies 18 miles to the north of Dehra Dun. It is 6,580 feet above sea-level. The town has excellent water-supply, electric lighting system, hospitals, nursing homes and some of the best schools in India both for boys and girls. Hiking and going on excursion or picnic are among the main recreations. *Places worth a visit*: 1. The falls like a. Bhatta Falls, b. Kamptee Falls, c. Hearsay Falls, d. Mossy Falls, 2. Wimper's Tank, 3. Band-stand. Mussoorie is reached from Dehra Dun by car or bus and is about two hours' journey. Pop. 9,849 (1961).

Mysore (State): Mysore is a picturesque land of forest and mountain presenting the most diversified and beautiful scenery. In the southern forests are found wild elephants for the capture of which khedda operations are undertaken from time to time. Tigers, leopards, bears and bisons are also numerous. *Places worth a visit in Mysore State*: 1. The Chenna Kesava Temple at Belur, 24 miles from Hassan, 2. Sivasamudram Falls on the Cavery River, 3. Hoysaleswara Temple at Halebid, 4. Gersoppa Falls also called the Jog Falls on the Sharavati River, the most famous beauty spot in Mysore. The falls are higher than Niagara, 5. Kolar Gold Fields, the biggest in India worked by electric power, 6. Nandidurg, a hill station near Bangalore, and the summer residence of Tippu Sultan, 7. Srirangapatnam of historical and religious interest as the capital of Tippu and as the city of many temples, 8. Shravanabelgola, the great Jain religious centre with the huge monolith Gomateshwara and the city of Bangalore and the town of Mysore.

Mysore (City): second city in the State. It attracts great crowds twice a year namely the Maharaja's birthday and the Dasarrah. *Places worth a visit*: 1. The palaces like the Maharaja's Palace, Jaganmohan Palace and so on, 2. Chamundi Hill, with the Bull and the Temple, 3. Zoological Gardens, 4. Silk Factory, 5. Sandalwood Factory, 6. Krishnarajasagar Dam and the Brindavan Gardens, among the most beautiful in the world, about 12 miles from Mysore. Mysore is one of the termini of the Southern Railway. Pop. 2,53,865 (1961).

Nagarjunasagar: See under VIJAYAPURI.

Naini Tal: hill station is about 6,350 feet above sea-level. Among the principal recreations are hiking, boating and yachting on the lake around which the town stands, and fishing and riding. *Places worth a visit*: 1. Cheena Peak, 2. Land's End, 3. Lariya Kanta Peak, 4. Sher-ka-Danda Peak, 5. Tiffin Top or Dorothy Seat, 6. Camel's Peak or Deopatta Peak. Naini Tal is 22 miles from Kathgodam railway station which is connected with Bareilly and Mathura. From Kathgodam one goes by bus or car to Naini Tal which is 22 miles away. Pop. 14,995 (1961).

Nalanda: in Bihar, approachable from Patna by rail or motor, contains a group of ruined Buddhist temples and monasteries and a small local museum. It was the seat of an ancient Buddhist university.

Nasik: in Maharashtra and 117 miles from Bombay on the N.E. line of the Central Railway, is a place of pilgrimage for Hindus and is famous for Buddhist rock-cut temples of the first century B.C. and later. Pop. 1,31,103 (1961). The golf links at near-by Deolali are an added attraction.

Nepanagar : in M.P. is the site of the only newsprint factory in India. (See also 'Government Industrial Undertakings'.)

Neyveli : in South Arcot District, in Tamil Nadu, about 150 miles from Madras, the site of lignite mines and centre of industrial development.

Ogalewadi : near Karad, near the confluence of the Krishna and the Koyna (Dist. Satara).

Ogalewadi is the glass-town founded by one of the pioneering industrialists, Mr. Ogale. The activities include enamelling, making of hurricane lanterns, safety stoves and electrical equipment.

Ootacamund : hill station in Tamil Nadu, stands 7,500 feet above sea-level on the Nilgiris. *Places worth a visit* : 1. Botanical Gardens, 2. Race Course, 3. Assembly Room, 4. Dodda Betta, the highest peak in the Nilgiris, 5. Pykara Hydro-Electric Dam which is about 18 miles from Ootacamund. Ootacamund is the terminus of the Nilgiri mountain railway and 6. Kundah Hydro-electric Scheme which includes many lakes, dams and power houses. Pop. 50,140 (1961).

Pachmarhi : hill station, was summer capital of Madhya Pradesh, lies on the Mahadeo hills of the Satpura Range and is about 3,500 feet above sea-level. *Places worth a visit* : 1. Bee Dam, 2. Mahadeo Caves, 3. Dhupgarh, highest point in the Satpuras, 4. Dorothy Deep Falls, 5. Duchess Falls, 6. Lansdowne Hill, 7. Nilphur springs, 8. Waters Meet, 9. Big Falls, 10. Pansy Pool, 11. Twipram Pool, 12. Saunder's Pool, 13. Pandava Caves. Pachmarhi is reached from Pipariya Station on the main Central Railway line from Bombay to Jabalpur. From Pipariya, Pachmarhi is 32 miles. There are facilities for swimming, trekking and riding. Pop. 653 (1961).

Padmanabhapuram : in Kerala, is the ancient capital of the former Travancore State. *Place worth a visit* : Palace.

Pandharpur : town in Sholapur District in Maharashtra. It stands on the Bhima river and is one of the most frequented places of pilgrimage in Maharashtra. The centre of devotion is the temple dedicated to Vithoba, an incarnation of Vishnu. Fairs are held annually in honour of the God. Pop. 45,421 (1961).

Perambur : a suburb of Madras where an integral railway coach factory is situated.

Pimpri : near Poona, is the place where the Hindustan Antibiotics factory is located. It manufactures penicillin. (See also under 'Government Industrial Undertakings'.)

Pipri : in Mirzapur District in U.P. is the site of the Rs. 46-crore Rihand dam across the Rihand, for the generation of power and for irrigation.

Poona : in Maharashtra and 120 miles from Bombay, has many historical buildings and one of the best race courses in India. *Places worth a visit are* : Shanwar Wada, the National Chemical Laboratory, the Defence Academy and the Central Water and Power Research Station at Khadakvasla. Other show-places near Poona are : Sinhagad and Purandar. The factory which manufactures antibiotics at Pimpri is worth a visit. See also Poona District. Pop. 7,21,896† (1961).

Porbandar : in Gujarat, is the birth-place of Mahatma Gandhi and an attractive summer resort. Pop. 75,081 (1961).

Prabhas Patan : in Gujarat, is the site of the famous Somnath Temple, which was destroyed and rebuilt several times.

Puri : (*Jagannath Puri*) : famous for the Jagannath Temple, is a coastal town in Orissa. Other places worth a visit are the monastic establishments (maths). Fifty miles from Puri is Konarak, the Sun Temple. Pop. 60,815 (1961).

Rameshwaram : this holy town in Tamil Nadu is built on an island in the Palk Straits. It contains one of India's most venerated temples, perhaps the finest example of South Indian architecture. It is in the form of a quadrangular enclosure 650 ft. by 1,000 ft. The temple is renowned for its vast pillared corridors nearly 4,000 ft. long. It is near the tip of the Indian peninsula. Pop. 6,801 (1961).

Ranchi : hill station and summer resort of Bihar, noted for its picturesque scenery and fine roads. It is the site of heavy machine building plants. Pop. 1,40,253‡ (1961).

Rourkela : in Orissa State, about 250 miles from Calcutta on the main line to Nagpur, is the site of an Iron and Steel Plant in the public sector set up with German help. In addition, a special fertilizer plant has also been erected here.

Sanchi : small village near Bhopal in Madhya Pradesh, famous for the Buddhist stupa which is the largest and the best preserved in India. Sanchi is on the main Central Rly. near Bhopal.

Santiniketan : in West Bengal, is the home of the famous Visva Bharati, the international university founded by Tagore. *Places worth a visit are* : Rabindra Bhavan (the poet's residence) where his personal belongings, manuscripts, etc. are on display and the poet's mud hut where he wrote many of his famous books.

The place is 91 miles from Calcutta on the Eastern Railway and 2 miles from Bolpur Station.

Seringapatam : or Srirangapattana in Mysore State, 9 miles by road from Mysore city was the ancient capital of Tipu Sultan. It is situated on an island on the Kaveri. It has the Sultan's fort, mosque and palaces. There are also many old temples. Pop. 11,423 (1961).

Sevagram : near Wardha in Maharashtra is the village where Mahatma Gandhi founded his ashram. It has been the home of many Gandhian institutions.

Shatrunjaya Hills : Shatrunjaya, near Palitana in Saurashtra, is also known to the Jains as Siddhagiri or Siddhachala or the Hill of the Perfected Ones. It is the most sacred place (*tirtha*) of Shvetambara Jains. There are a great number of temples in groups on *touks* or summits.

Shillong : is the capital of the Assam Government. Thirty-six miles from here is Cherrapunji, the wettest place in the world. Pop. 72,438 (1961).

Simla : the former summer capital of the Government of India and the Government of the Punjab, it is situated on a spur of the Himalayas at a height of 7,200 feet. Among the recreations of the place are hiking, riding and shooting. The roads are excellent. *Places worth a visit* : 1. President's House, 2. Race Course, 3. Jakko Hill, 4. Observatory Hill, 5. Prospect Hill, and 6. Mashobra-Mahasu, seven miles away. All through the scenery is superb, with mountain peaks or luxuriant foliage. Simla is now the capital of Himachal Pradesh. Pop. 42,597 (1961).

Sindri : the site of the big fertilizer plant in Bihar.

Somnath : see under Prabhas Patan.

Sravanabelgola : in Mysore State, is noted for its Jain temples and the colossal statue of Gomatesvara which is 65 ft. high, the tallest monolithic in the world. It was erected in 983 A.D.

† Including Poona Cantt. & Kirkee Cantt.

‡ Including Dorenda.

Suratgarh : in Rajasthan is the largest single mechanised agricultural farm (30,000 acres) utilising complete set of machinery and equipment presented by U.S.S.R.

Tanjore : in the delta of the Cauvery river in Tamil Nadu is noted for its temples and palaces. It was the capital of the Cholas. *Places worth a visit :* 1. the temple of Brihadeshvara built by Raja-Raja the great, 2. Naik's Court, 3. Maratha Court (the two together are often called the Palace in Tanjore).

Tanjore is reached from Madras by the Southern Railway. Pop. 1,11,099 (1961).

Udaipur : in Rajasthan, is a city of lakes with island palaces. Seventy miles from Udaipur is Chittorgarh, the abandoned capital of Mewar, famous for its Tower of Victory. Pop. 1,11,139 (1961).

Ujjain : on the Sipra in Madhya Pradesh, is one of the seven cities sacred to the Hindus. Also known as Avanti. The Oriental Museum has many valuable manuscripts and pieces of sculpture. Is supposed to be the seat of King Vikrama. Mahakaleshwar temple is an attraction of pilgrimage. Pop. 1,44,161 (1961).

Vallabh Vidyannagar : near Anand, (Dist. Kaira) is the seat of Sardar Vallabhbhai Patel University, with arts & science, engineering, agricultural teachers' training, colleges on the extensive campus. Some industrial units (prestressed concrete, electrical wire) are also working in the vicinity. The township is on an ideally laid out plan. A railway (Western) station with the same name is nearby ; but Anand is more convenient for this University town.

Vijayapuri (East & West) : on either side of the Nagarjunasagar dam across the River Krishna, 90 miles from Hyderabad.

The great Buddhist sage and philosopher Nagarjunacharya lived and taught here. The University was known as Nagarjunkonda. Extensive excavations have brought to light important pieces of sculpture, housed in a big museum nearby.

Walchandnagar : In Poona district, is an industrial colony, with extensive cane cultivation on mechanised scale, sugar and alcohol production, huge workshop for manufacturing sugar making machinery, plastic buttons and dairy products.

HOTELS

Here is a list of some leading Western style hotels.

AGRA : Grand Hotel ; Hotel Clarks Shiraz.

AHMEDABAD : Ritz Hotel.

AURANGABAD : Aurangabad Hotel.

BANGALORE : Madras Woodlands Hotel ; Shilton Hotel ; West End Hotel.

BOMBAY : Airlines Hotel ; Ambassador Hotel ; Hotel Nataraj ; Hotel Waldorf ; Ritz Hotel ; Hotel Bombay International ; Sea Green Hotel ; Sun-N-Sand ; Taj Mahal Hotel ; West End ; Hotel Palace Ajanta.

CALCUTTA : Carlton Hotel ; Great Eastern ; Hotel Majestic ; Hotel Minerva ; Lytton Hotel ; Oberoi Grand Hotel ; Russell Hotel ; Spences Hotel.

CAPE COMORIN : Cape Hotel.

COONOOR : Ritz Hotel.

DARJEELING : Oberoi Mount Everest.

DELHI (NEW DELHI) : Airlines Hotel ; Ashoka Hotel ; Claridges Hotel ; Hotel Ambassador ; Hotel Janpath ; Lodhi Hotel ; Hotel Marina ; Hotel Metro ; Oberoi Intercontinental ; Oberoi Swiss ; Rajdoot Hotel.

HYDERABAD (SECUNDERABAD) : Ritz Hotel.

JAIPUR : Jai Mahal Palace Hotel ; Rajasthan State Hotel ; Rambagh Palace Hotel.

JAMSHEDPUR : Tisco Hotel.

KODAIKANAL : Carlton Hotel.

MADRAS : Airlines Hotel ; Hotel Claridges ; Connemara Hotel ; Hotel Ashoka ; Hotel Dasaprakasha ; Hotel Imperial ; Hotel Savoy ; Queen's Hotel ; Woodlands Hotel.

MAHABLESHWAR : Ritz Hotel.

MATHERAN : Lord's Central Hotel.

MOUNT ABU : Mount Hotel.

MUSSOORIE : Hakmans Grand Hotel ; Hotel Roam Ohe ; Savoy Hotel.

MYSORE : Hotel Krishnarajsagar ; Hotel Ritz.

NAINITAL : Grand Hotel ; Hotel Metropole ; Swiss Hotel ; Waldorf Hotel.

OOTACAMUND : Hotel Cecil ; Hotel Dasaprakasha ; Savoy Hotel.

PANAJI : Mandovi Hotel.

PONDICHERY : Hotel Grand D' Europe.

RANCHI : Mount Hotel.

SIMLA : Oberoi Cecil ; Oberoi Clarkes.

SRINAGAR : Oberoi Palace Hotel ; Nedous Hotel.

THEKKADY : Aranya Niwas Hotel.

TRIVANDRUM : Mascot Hotel.

UDAIPUR : Lake Palace Hotel ; Laxmi Vilas Palace Hotel ; Rajasthan State Hotel.

UJJAIN : Grand Hotel.

VARANASI : Hotel De Paris.

Besides the hotels in different places there are tourist bungalows in Bijapur, Bhubaneswar, Gaya, Khajuraho, Konarak, Madurai, Mahabalipuram, Mandu, and Tanjore.

TOURIST TRAFFIC

TOURIST ARRIVALS IN INDIA-1967*

The number of Tourists who arrived in India during 1967 was 1,79,565 (1.89 lakhs).

North America : Canada 3,001 ; U.S. 43,041 (41,741).

South America : Mexico 451 ; others North & South America 1,419.

Western Europe : Austria 831 ; Benelux 2,833 ; France 7,224 ; Germany 8,101 ; Italy 2,550 ; Scandinavia 3,366 ; Switzerland 3,017 ; U.K. 27,309 ; other Western Europe 1,282. Tourists from Western Europe in 1968 : 63,930.

Eastern Europe : Czechoslovakia 778 ; U.S.S.R. 1,959 ; other Eastern Europe 2,452.

Africa : Kenya 4,209 ; Malawi 205 ; Republic of South Africa 1,429 ; Tanzania 2,453 ; Uganda 1,685 ; other Africa 1,797.

East Asia : Afghanistan 2,067 ; Ceylon 20,116 ; Japan 5,315 ; Malaysia 7,138 ; Philippines 693 ; Thailand 1,110 ; other East Asia 5,994. Total in 1968 : 46,590.

West Asia : Aden 2,212 ; Persian Gulf countries 2,776 ; Iran 1,290 ; other West Asia 1,983.

Australasia : Australia 6,351 ; New Zealand 629 ; other Australasia 199. Tourists from Australasia in 1968 : 10,000.

DEVELOPMENT OF TOURISM

The Third Plan for development of tourism included an allocation of Rs. 8 crores—Rs. 3.5 crores in the Central Sector and Rs. 4.5 crores in the State Sector.

* Figures within brackets are for 1968. Note : In 1968 there was an increase in tourist arrival of 18.5% from Canada, 29% from South America and 52% from Mexico as compared to 1967.

The Government of India has set up the India Tourism Development Corporation in the public sector for promoting tourism and providing facilities for tourist traffic in the country. For more details about the corporations see article on "All India Corporations".

Fourth Plan : A sum of Rs. 25 crores has been tentatively allocated for the development of tourism in the

Fourth Plan. Of this Rs. 5 crores have been set apart for the recently set up India Tourism Hotel Corporation and the India Tourism Corporation.

The India Tourism Development Corporation proposes to open shortly "Duty Free Shops" at Bombay, Delhi and Calcutta. A duty-free shop is a tourist facility provided by many countries at international airports.

DEFENCE SERVICES

Chief of the Army Staff, General S. H. F. J. Manekshaw.

Chief of the Air Staff, Air Chief Marshal P. C. Lal.

*Chief of the Naval Staff, Admiral A. K. Chatterji.**

THE supreme command of all the Armed Forces of the Indian Republic is vested in the President.

The Ministry of Defence has become the central agency for formulating and obtaining policy decisions of the Government of India on defence matters and for transmitting them to, and seeing to their implementation by the three Defence Services Headquarters.

A National Defence Council has been set up with the Prime Minister as its Chairman.

The functions of the Council are to (i) take stock of the situation and arrangements for national defence, from time to time, and advise Government on matters relating to defence, (ii) assist in building up and suitably guiding the national will to fight the aggressor, (iii) suggest to the Central Citizens' Committee such measures as may be considered necessary for the utilisation of public participation in national defence, and (iv) advise Government generally on such other matters as may be helpful in prosecuting the fight against the aggressor.

The total defence outlay on revenue and capital account for 1968-69 is estimated at Rs. 1,015.26 crores as against the revised estimates of Rs. 970.14 crores during 1967-68.

DEFENCE ORGANISATION

Each Service has been placed under a separate and independent head, namely the Chief of the Army Staff, Chief of the Naval Staff and Chief of the Air Staff.

The task of co-ordination of the activities of the three Services has devolved on the Defence Ministry for which a net work of committees has been established at different levels.

At the top is the Defence Committee of the Cabinet. All important policy questions relating to defence are decided by this Committee, which is presided over by the Prime Minister.

The Defence Minister is responsible to Parliament for all matters relating to the Defence Services, including appropriation and allotment of funds, correlation of all civil and ministerial activities for purposes of defence and control and direction of research policy.

The Ministry of Defence is responsible for work connected with the three Services and Inter-Service Organisations, the Department of Defence Production, the Department of Defence Supplies, the Research and Development Organisation and the Border Roads Development Board.

There are a number of Inter-Services organisations, directly administered by the Defence Ministry, dealing with matters of common concern to the three Services. Some of them are the National Cadet Corps, the National Defence College, the Defence Services Staff College, the

National Defence Academy, the School of Foreign Languages, the Directorate-General of Armed Forces Medical Services, the Resettlement Directorate, the Indian Soldiers', Sailors' and Airmen's Board, the Combined Inter-Services Historical Section, the Directorate of Military Lands and Cantonments, the Joint Cipher Bureau and the Directorate of Public Relations.

There is a separate Department of Defence Production in the Defence Ministry to direct, co-ordinate and strengthen the production base for building a sound defence system.

A Research and Development Council with the Defence Minister as Chairman, formulate defence science programmes. Apart from the Defence Minister, the other members of the Council are the Minister of State in the Ministry of Defence (Vice-Chairman), the Defence Secretary, the Secretary for Defence Production, the Scientific Adviser to the Defence Minister, the Director-General of C.S.I.R., the Chiefs of Staff of the Army, Navy and Air Force, the Director-General of Armed Forces Medical Services, the Financial Adviser (Defence), the Chief Controller of Research and Development and the Director-General of Inspection. The Council has under it the Defence Research and Development Organisation, headed by the Scientific Adviser, who is assisted by the Chief Controller and the Chief Scientist.

The Defence Minister's Production Committee forms part of the higher defence control evolving a co-ordinated policy in regard to the manufacture of military stores and equipment. It has under it the Department of Defence Production, for the overall production effort for meeting the requirements of the Services by the maximum utilisation of the existing capacity and creating additional capacity in the Ordnance Factories. The Director-General of Ordnance Factories, the six public sector undertakings and two departmental undertakings come under the Department of Defence Production. The Directorate-General of Inspection is responsible for the inspection of all stores for which orders are placed with the Ordnance Factories, other defence and public undertakings and private trade.

RESEARCH & DEVELOPMENT

The Research and Development Organisation which is closely associated with the Production Organisation includes technical establishments dealing with weapons, ammunition, military explosives, metallurgy, electronics and optical instruments. Whereas research is carried on in the laboratories, development work is concentrated at the various technical establishments scattered all over the country.

The Institute of Armament Technology provides facilities for a comprehensive scientific study and research in the performance of weapons and equipment.

* As at the time of going to press.

There are at present about 30 establishments, major and minor, under the R. and D. Organisation, catering to the needs of the Armed Forces. Among the new research units are the Institute of Nuclear Medicine, the Institute of Physiology, the Food Research Laboratory, the Solid State Physics Laboratory, the Electronics Research Laboratory and the Institute of Work Study.

A Psychological Research Directorate of the Science Organisation conducts research in the assessment of human personality so that the right type of officers may be selected for the Armed Forces.

There are two major electronic Development Establishments in the country dealing with communication equipment, tele-communication line equipment and radars. A beginning has been made on a third establishment for the development of missiles.

A Defence Science Service has been instituted to include all civilian scientists engaged in research, development, inspection or teaching in any of the three Services or in the Ministry of Defence.

Theoretical training for the engineering profession to those already receiving practical training, is now being given at defence installations in practically all parts of the country to prepare students for the Associate Membership examinations of the Institution of Engineers (India), the Institution of Tele-Communication Engineers and the Aeronautical Society of India.

The Defence Production Board has been set up to examine and recommend to Government plans for defence production, production of new items and stock-piling of raw materials.

ORDNANCE FACTORIES

The Production Organisation which has under it 26 Ordnance Factories, is so designed as to achieve self-sufficiency in respect of stores required by the three Services and has made continuous efforts to establish production of items hitherto imported.

The Ordnance Cable Factory for the manufacture of field cables for the Army started functioning in September 1963, the New Explosives Factory—in December 1964. The Heavy Vehicles (Tank) Factory has gone into production. The first Indian-made medium tank, 'Vijayanta' rolled out of the factory on Dec. 29, 1965. Regular production has been established in the factory. Of the five more Ordnance Factories to be set up, the Small Arms Ammunition Factory, went into production in Oct. 1964, with U.S. aid, much ahead of schedule. Another factory the Ordnance Factory, Tiruchirapalli was inaugurated by the Prime Minister on July 3, 1966. Two other new factories have been set up.

Apart from substantially augmenting the manufacture of established armaments and equipment, the Ordnance Factories took up the production of several new items during 1963-64. Significant amongst these are a 7.62 m.m. semi-automatic Ishapore rifle and its ammunition, a new heavy mortar with a longer range and its ammunition, new types of tank ammunition, new anti-tank ammunition, an anti-aircraft gun and its ammunition, improved carbines to replace sten-guns, and modified light machine-guns and bolt-action rifles to take the new rimless 7.62 ammunition.

A light mountain gun, with a higher range, has been successfully developed and its production started. A new plant has been set up at the Cordite Factory for the manufacture of semi-solvent propellants for rockets and commissioned, and so also a plant at another Ordnance Factory for a new type of ammunition for the Air Force.

To ease the transport problems of the Army, about 8,000 three-ton Shaktiman trucks, with an indigenous content of about 70 per cent had been manufactured in the Ordnance Factories by the end of March 1967. In addition, 16,166 one-ton Nissan carriers and 5,652 Nissan jeeps, with an indigenous content now of 42.23 and 30.10 per cent respectively, have rolled out of the assembly lines so far.

The production of conventional arms, snow and ski equipment, winter and cotton clothing supply-dropping parachutes, line-gear and saddlery items has also been greatly stepped up.

Over the years, the value of production in the Ordnance Factories has jumped from about Rs. 5 crores in 1947-48 to an estimated Rs. 112 crores in 1967-68.

HINDUSTAN AERONAUTICS LIMITED

(See under article "Government Industrial Undertakings").

A.M.D. AND A.I.L.

The Aircraft Manufacturing Depot, set up at Kanpur in 1960 under the Air Force for the manufacture of the Avro-748—a medium twin-engined, turbo-prop, pressurised and air-conditioned transport aircraft, capable of short take-offs and landings, with ability to operate from unprepared surfaces—was in 1963 made a departmental undertaking under the direct control of the Department of Defence Production.

This factory has so far (Dec. 1968) delivered nine aircrafts to the I.A.F. and five to I.A.C. against the orders of fourteen for its internal services.

The Aeronautics (India), Ltd., was registered in Delhi in August 1963 to undertake the manufacture, under a licence agreement with the Government of the U.S.S.R., of a modified, single-engined MIG-21 supersonic fighter aircraft, complete in all respects.

Substantial progress has been made in the establishment of the M.I.G. factories at Nasik, Koraput and Hyderabad. The first phase of the manufacturing programme, viz. erection of aircraft from imported assemblies has been established at Nasik and some aircraft were delivered to the I.A.F. during 1966-67. Deliveries of M.I.G. aircraft, manufactured from new materials are expected to begin in 1971.

To streamline aircraft manufacturing industry in the country, all the existing units have been brought under the unified control of Hindustan Aeronautics Ltd. (HAL).

BHARAT ELECTRONICS LTD.

(See under article "Government Industrial Undertakings").

SHIP-BUILDING AND REPAIRS

The Production Organisation has also under it the Mazagon Dock, Ltd., Bombay,† and the Garden Reach Workshop, Ltd., Calcutta.† While these shipyards continue to carry out refits and repairs of commercial ships, they also do so for naval ships.

The Hindustan Aeronautics Ltd., The Bharat Electronics Ltd., Bangalore, the Praga Tools Ltd., Secunderabad and the Bharat Earth Movers Ltd., Bangalore, are the other public sector undertakings under the Department of Defence Production in the Ministry of Defence. Crawler-Tractor assembled by BEML rolled out recently.

NATIONAL CADET CORPS

Aim : (1) to develop character, comradeship, ideal of service and capacity for leadership in young men and

† See under article "Government Industrial Undertakings," for more details.

women, (2) to stimulate interest among youth in the defence of the country, and (3) to build up a reserve of manpower to enable the Armed Forces to expand rapidly in a national emergency. The organisation is, thus, mainly of an educational and nation-building character. Officers and cadets have no liability for active military services.

A certain percentage of the total intake of candidates for commissioned ranks in the Army, Navy and Air Force, on the basis of direct entry to the Armed Forces training institutions, has been reserved for N.C.C. cadets of the three Services.

The N.C.C. consists of three divisions: (1) Junior, (2) Senior and (3) Girls'.

TRAINING INSTITUTIONS

The important training institutions common to the three Services are given below:

National Defence College, New Delhi: Trains senior officers of the three Services on the pattern of the Imperial Defence College in the U.K. Its main purpose is to enable students to study the military, scientific, industrial, social, economic and political factors involved in war as also the higher direction and strategy of warfare.

Defence Services Staff College: The Defence Services Staff College is located in Wellington in the Nilgiri Hills in South India. One hundred officers drawn from all the three Services, including six officers from the U.S.A. and Commonwealth countries are trained every year. The aim of the course is to prepare officers to hold second-grade or equivalent staff appointments or higher staff or command appointments.

National Defence Academy, Khadakvasla: Army, Navy, and Air Force cadets receive three years' combined basic training.

Rashtriya Indian Military College, Dehra Dun: Brings up future officers of the three Services by imparting preliminary pre-cadet training to such pupils as desired subsequently to choose a military career.

School of Foreign Languages, New Delhi: Meets the growing demand for qualified linguists. It also conducts examinations in various Indian languages for service personnel.

Armed Forces Medical College, Poona: Is designed to meet the requirements of the integrated medical services of the Army, Navy and Air Force.

Military Schools: Located at Bangalore, Ajmer, Chail, Belgaum and Dholapur. These Military Schools provide public-school education for the children of serving personnel.*

Sainik Schools: There are at present 15 Sainik Schools located in the States of Andhra Pradesh, Assam, Bihar, Gujarat, Kerala, Madhya Pradesh, Tamil Nadu, Maharashtra, Mysore, Orissa, Punjab, Rajasthan, Uttar Pradesh and West Bengal, imparting middle and secondary school public education with a military bias.

ARMED FORCES MEDICAL SERVICES

Aim: To integrate the medical services of the Armed Forces.

The Directorate has under it the Armed Forces Medical College and the Artificial Limb Centre.

RESETTLEMENT DIRECTORATE

The Directorate-General of Resettlement in the Defence Ministry deals with matters relating to the rehabilitation of ex-Servicemen in civil life.

In the matter of employment, the Government have accorded preference to ex-Servicemen in filling up appoint-

ments in police, excise, watch and ward and other departments for which military training is a qualification.

SOLDIERS', SAILORS' AND AIRMEN'S BOARD

The Indian Soldiers', Sailors' and Airmen's Board, New Delhi, is the most important official institution connected with the welfare of serving personnel of the Armed Forces and ex-Servicemen and their families.

GALLANTRY AWARDS

The Param Vir Chakra is awarded for most conspicuous bravery, or some daring or pre-eminent act of valour or self-sacrifice whether on land, at sea or in the air. It ranks first among all awards.

The Maha Vir Chakra is awarded for conspicuous acts of gallantry whether on land, at sea or in the air.

The Vir Chakra is awarded for acts of gallantry whether on land, at sea or in the air.

Ashok Chakra is awarded for most conspicuous bravery, or some daring or pre-eminent act of valour or self-sacrifice. Kirti Chakra is awarded for conspicuous gallantry and Shaurya Chakra for gallantry.

A system of Mention-in-Despatches was also instituted. A 'lotus leaf' emblem is worn by the awardees on the ribbon of the campaign/war medal concerned.

NEW SERVICE MEDALS

Param Vishisht Seva Medal, Ati Vishisht Seva Medal and Vishisht Seva Medal respectively are awarded to personnel of all the three Services in recognition of distinguished service of the "most exceptional", an "exceptional" and a "high" order respectively. Sainya Seva Medal to all Service personnel in recognition of non-operational duties under conditions of hardship and severe climate, and the Videsh Seva Medal to all ranks of the Armed Forces for duties outside India. The Army, Navy and Air Force medals are awarded in recognition of such individual acts of exceptional devotion to duty or courage as have special significance for the Service concerned.

Two new Medals are Samar Seva Star and Raksha Medal.

INDIAN ARMY

Army H.Q.: The Head of the organisation located in New Delhi, is the Chief of the Army Staff. He is assisted by the Vice-Chief of the Army Staff and four other Principal Staff Officers (the Deputy Chief of the Army Staff, the Adjutant General, the Quartermaster General, the Master General of the Ordnance) and two Heads of Branches (the Military Secretary and the Engineer-in-Chief).

Under the Army H.Q., the Indian Army is organised into four Commands—Eastern, Western, Southern and Central, each being under a General Officer Commanding-in-Chief of the rank of Lieutenant-General. The Commands are divided into Areas, each under the command of a G.O.C. of the rank of Major-General. The Areas, in their turn, are sub-divided into Sub-Areas each under the command of a Brigadier.

Mobile formations are the Corps, Divisions, Brigade group, Independent Brigade and Brigades. Two or more Divisions or a combination of Divisions, Brigade Groups and Independent Brigades are constituted into a Corps under a Corps Commander of the rank of Lt. General, who functions under the control of the Army Commander.

The Army consists of a number of arms and services. They are Infantry, Armoured Corps, Regiment of Artillery, Corps of Engineers, Corps of Signals, Army Service Corps, Army Ordnance Corps, Army Medical Corps, Army

* Children of civilians are also admitted now.

Dental Corps, Corps of Electrical and Mechanical Engineers, Army Education Corps, Remounts, Veterinary Corps, Corps of Military Police and Defence Security Corps.

TERRITORIAL ARMY

The Territorial Army is an auxiliary force to the regular Army and is the second line of Defence. This force consists of citizens who follow their normal avocations and receive military training in their spare time, and undergo active military service when embodied.

Territorial Army officers have been made eligible for promotion to the acting rank of Brigadier, against a specific vacancy, on completion of 20 years of service.

The role of the Territorial Army is to

- (i) relieve the Regular Army of static duties and support civil power if required,
- (ii) provide coastal defence and anti-aircraft units,
- (iii) provide units for the Regular Army if and when required.

No officer or enrolled person is required to perform military service beyond the limits of India, save under a general or special order of the Central Government.

TRAINING INSTITUTIONS

Recruitment for the permanent cadre of commissioned ranks in the Army is done through the National Defence Academy, Khadakvasla, and the Indian Military Academy, Dehra Dun. After completion of their three-year course at the N.D.A., Army cadets have to spend another one year at the Military Academy before being commissioned. Direct admission to the Academy at higher age-levels also continues, though the number of cadets so taken is limited.

There is an Officers' Training School at Madras to train emergency commission candidates for the Army. The school is now designed to run courses for short service regular commissions.

The various ranks in the Army from the top downwards are: General, Lieutenant-General, Major-General, Brigadier, Colonel, Lieutenant-Colonel, Major, Captain, Lieutenant, Second Lieutenant, Subedar-Major/Risaldar-Major, Subedar/Risaldar, Naik Subedar Dafadar, Havildar, Naik, Lance-Naik and Sepoy/Sowar.

INDIAN NAVY

The Indian Navy is controlled both administratively and operationally from Naval HQ in New Delhi through a chain of commands.

At the Naval HQ, the Chief of the Naval Staff is assisted in his task by four Principal Staff Officers, namely the Vice-Chief of the Naval Staff, the Chief of Personnel, the Chief of Material and the Assistant Chief of the Naval Staff.

The Naval Secretary functions also as the Secretary to the Chief of the Naval Staff.

The Naval HQ exercises control over the Navy through the following commands:

1. Western Naval Command—under the Flag Officer, Commanding-in-Chief, Western Naval Command, Bombay;
2. Eastern Naval Command—under the Flag Officer, Commanding in Chief, Eastern Naval Command, Vishakhapatnam;
3. Southern Naval Area—under the Commodore Commanding, Southern Naval Area, Cochin. The Flag Officer Commanding, Western Naval Fleet (previously called the Flag Officer Commanding, Indian Fleet is now operationally and administratively responsible to the Flag Officer, Commanding-in-Chief, West.

Today, the Indian Fleet consists of I.N.S. VIKRANT (Flagship of the Navy), an aircraft-carrier, I.N.S. MYSORE, a Colony-class cruiser, I.N.S. DELHI, a Leander-class cruiser, two Destroyer Squadrons (I.N.S. RANJIT, RAJPUT, RANA, GODAVARI, GOMATI and GANGA) and a number of Frigate Squadrons, including some of the latest types of anti-submarine and anti-aircraft frigates. These new types of frigates, specially constructed for the Navy in the U.K. are I.N.S. BRAHMAPUTRA, BEAS, BETWA, KHUKRI, KIRPAN, KUTHAR, TALWAR, and TRISHUL. The former frigates are I.N.S. CAUVERY, KISTNA, and TIR, which are now being used for cadets' training. The three Mine-sweeping Squadrons are formed by I.N.S. KONKAN, KARWAR, KAKINADA, CANNANORE, CUDDALORE, BASSEIN and BIMPATAM.

In addition, the Fleet has some survey ships, a tanker and some auxiliary craft. The survey unit of the Navy, which now comprises I.N.S. INVESTIGATOR, JUMNA, SUTLEJ and DARSHAK, carries out the necessary survey of India's coast and approaches to harbours. I.N.S. DARSHAK of 2,750 tons displacement is the first naval ship built in India.

A Resident Naval Officers' Organisation I.N.S. JARAWA has been set up at Port Blair with the necessary transport and communication facilities.

It is proposed to develop a naval base and dockyard at Visakhapatnam. It has also been decided to develop Mormugao as a naval base; it was formally commissioned in March 1964 as I.N.S. GOMANTAK. The base includes I.N.S. HANSA the Naval Air Station at Dabolim, where facilities for the operation of jet aircraft are being developed.

NAVAL AVIATION

The Naval Air Arm, which is one of the youngest branches of the Navy, came into being in 1948 for training aircrew, followed soon after by the setting up of a Naval Air Station at Cochin. Later, the formation of a Fleet Requirements Unit was approved, aircraft, equipment and spares acquired and officers and ratings deputed for training courses abroad.

A Naval Air Training School has been set up at Cochin to train ratings in the maintenance and repair of aircraft. At the same time, the Government are considering setting up a School for Naval Airmen for training non-technical personnel.

TRAINING ESTABLISHMENTS

The training of other naval personnel is carried out in the shore establishments of I.N.S. VENDURUTHY, Cochin, I.N.S. CIRCARS, Visakhapatnam, I.N.S. ANGRE, Bombay, I.N.S. KUNJALI, Bombay, I.N.S. SHIVAJI, Lonavla, I.N.S. VALSURA, Jamnagar, and I.N.S. HANSA, Bombay. I.N.S. ASVINI at Bombay, I.N.S. SANJIVANI at Cochin, I.N.S. KALYANI at Vishakhapatnam and the recently commissioned I.N.S. JEEVANTI at Goa are the four naval hospitals.

The various ranks in the Navy from the top downwards are: Admiral, Vice-Admiral, Rear-Admiral, Commodore, Captain, Commander, Lieut.-Commander, Lieutenant, Sub-Lieutenant, Midshipman, Chief Petty Officer, Petty Officer, Leading Rate, Able Rate and Ordinary Rate.

INDIAN AIR FORCE

The Air HQ is divided into three main branches—Air Branch, which deals with operations, training, policy and plans, signals, reserves and intelligence, Administration

Branch and Maintenance Branch. Each is under a Branch P.S.O. who, in turn, has several Directorates under him.

There are three Operational Commands of the Air Force with headquarters at Palam, Allahabad and Shillong, respectively known as Western, Central and Eastern Air Commands. The Maintenance Command is at Nagpur, while the Training Command is located at Bangalore.

The Operational Commands control all flying units—fighter, bomber, reconnaissance and air-transport squadrons. The Training Command has under its control training schools and colleges for both officers and airmen for technical and non-technical ground training and for aircrew flying training. The Maintenance Command controls all technical and equipment units in the Air Force. All the five Commands are headed by Air Officers Commanding-in-Chief. The A.O.C.S.-in-C. of Western Air Command and Eastern Air Command hold the rank of Air Marshal. The other three are in the rank of Air Vice-Marshal.

The different types of aircraft used by the Air Force are :
Training : HT-2, Harvard, Vampire and Dakota.

Fighter : Vampire, Toofani (Ouragon), Mystere, Hunter, Gnat MIG-21 and HF 24.

Transport : Dakota, Devon, Fairchild-Packet, Otter, Ilyushin, 14, Caribou, AN-12 Super Constellations TU-124, HS-748 and MI-4, Bell and Alouette 3 Helicopters.

Bomber : Canberra.

Reconnaissance : Liberator and Canberra.

TRAINING ESTABLISHMENTS

The Air Force Flying College at Jodhpur is the nursery of pilots, navigators and air-signallers. Advance flying training to aircrew is provided at Hyderabad, a Jet Training Wing and a Transport Training Wing having been set up at Hakimpet and Begumpet respectively as part of the Air Force Station. On successful completion of their one-year training at Jodhpur, pupil aircrew have to undergo a year's training at Hakimpet or Begumpet before being awarded their wings and commissioned.

The Air Force Administrative College at Coimbatore trains officers of the ground duty branches. The Air Force Technical College at Jalahalli, near Bangalore, imparts training to engineering officers and technical airmen of certain advanced signals trades. The No. 1 Ground Training School at Jalahalli trains non-technical airmen. The No. 2 Ground Training School at Tambaram (Madras) trains technical tradesmen (airmen). The No. 3 Ground Training School at Jalahalli is intended for airmen trainees of higher signals trades.

A School of Land/Air Warfare has been set up at Secunderabad to train Army and Air Force officers in the doctrine and planning of joint operations by air and ground forces, namely close air support, air transport support and air defence.

The School of Aviation Medicine, in Bangalore runs courses for the training of medical officers and airmen in the science of aviation medicine.

The I.A.F. Paratroopers' Training School at Agra, continues to train paratroopers for the Army, personnel for the I.A.F. Para-Medical Flights and instructors for the School itself.

AUXILIARY AIR FORCE

Seven Auxiliary Air Force Squadrons have so far been raised at Delhi, Bombay, Calcutta, Allahabad, Madras, Bhubaneshwar and Chandigarh.

The A.A.F. is intended to assist the Regular Air Force in aerial defence and to provide air support to the Regular Army and the T.A. in an emergency.

The various ranks in the Air Force from the top downwards are : Air Chief Marshal, Air Marshal, Air Vice-Marshal, Air Commodore, Group Captain, Wing Commander, Squadron Leader, Flight Lieutenant, Flying Officer, Pilot Officer, Master Warrant Officer, Warrant Officer, Flight Sergeant, Sergeant, Corporal, Leading Aircraftman, Aircraftman Class I. All the squadrons have now been number plated.

INSURANCE

PUBLIC AND PRIVATE INSURANCE SECTORS

SINCE Sept. 1, 1956, when the L.I.C. of India was established, life insurance business in India is transacted by this Corporation and, in a restricted sphere, by the Posts & Telegraphs Department of the Govt. of India and by the State Governments of Andhra Pradesh, Jammu & Kashmir, Kerala, Madhya Pradesh, Mysore, Rajasthan and Uttar Pradesh who carry on compulsory life insurance of their employees only. Fire, Marine & Miscellaneous classes of insurance business are transacted both by the Indian insurance companies and by foreign insurance companies operating in India. In addition, the L.I.C. and certain State Governments are also transacting such business. The Government of Gujarat and Maharashtra insure all types of their property in their commercial and industrial undertakings. Kerala State is transacting fire and motor insurance business and Mysore State motor insurance business only.

In addition to the L.I.C. the Central Government has established two other Corporations in the insurance Sphere—Employees' State Insurance Corporation and Export Credit and Guarantee Corporation. The former

conducts compulsory health insurance of workers and their families in specified industrial concerns. The latter covers marine and commercial risks for exporters in India, other than those risks normally covered by private insurers in India.

LIFE INSURANCE

The Life Insurance Corporation of India did a new total business* of about Rs. 844 crores sum assured under 14.28 lakh policies during the 12 months ended 31st March, 1968. Of this, foreign business was Rs. 9.07 crores. During the previous period of 12 months ended 31st March 1967, the total business secured was about Rs. 770 crores under 14.12 lakh policies, of which foreign business was Rs. 12.33 crores.

The Corporation has a network of offices all over the country to procure new business and for servicing the existing business. There are 5 Zonal Offices, one each in Bombay, Madras, Kanpur, Calcutta, Delhi and the Central Office at Bombay. There are 36 Divisional Offices, and 701 Branches, Sub-offices and Development Centres i.e., 743 offices in all.

* The total business comprised by the Corporation, including foreign business, during the first eight months of 1968-69 amounted to Rs. 406.20 crores, involving 6,89,311 policies against Rs. 388.55 crores involving 6,80,256 policies during the same period in 1967-68.

The Corporation also transacts business in the following foreign countries with 2 Divisional Offices and 11 Branch Offices: Aden, Fiji, Hong Kong, Malaysia, Singapore, Kenya, Mauritius, Uganda and the United Kingdom.

1967-68 REPORT

At the end of the 12 months accounting period ended

The following table gives the life assurance business in force at the end of each of the last four accounting periods:—

Business in force as at	In India		Outside India		Total	
	No. of policies (lakhs)	Sum assured and bonuses (Rs. crores)	No. of policies (lakhs)	Sum assured and bonuses (Rs. crores)	No. of policies (lakhs)	Sum assured and bonuses (Rs. crores)
31-3-1965	106.70	3,774	1.92	112	108.62	3,886
31-3-1966	114.10	4,282	1.79	112	115.89	4,394
31-3-1967	119.98	4,593	1.24	131	121.22	4,724
31-3-1968	126.43	5,116	1.16	124	127.59	5,240

During the accounting period the Corporation completed a new business of Rs. 844.47 crores sum assured under 14,28,043 policies. Business completed in the previous accounting period amounted to Rs. 770.27 crores under 14,11,920 policies.

About 35.8 per cent of the total number of policies in India assuring about 28.2 per cent of the total new sums assured in India, were issued in rural areas as defined in

the 1961 Census. About 46.7 per cent of the policies or 23.7 per cent of the new sums assured in India were issued under the non-medical schemes. In addition to the total new business stated above, the Corporation issued 773 Deferred Annuities and 104 Immediate Annuities with a total annual payment of Rs. 14.60 lakhs and Rs. 2.70 lakhs respectively. Further, under Group and Superannuation Schemes, it granted Annuities of Rs. 40.72 lakhs per annum.

New Business :

Year	In India		Outside India	
	No. of policies	Sum Assured Crores of Rs.	No. of policies	Sum Assured Crores of Rs.
1964-65	14,35,601	690.03	8,751	11.05
1965-66	15,54,758	789.29	6,445	8.50
1966-67	14,06,033	757.94	5,887	12.33
1967-68	14,23,380	835.40	4,663	9.07

A market variation is noticeable in the size of the average policy sold in the different Zones by the Corporation. The figures are given below (Rs.):

Northern Zone (Delhi): 6,904; Central Zone (Kanpur): 5,837; Western Zone (Bombay): 6,728; Eastern Zone (Calcutta): 5,444; Southern Zone (Madras): 5,114; In India: 5,869; Foreign: 19,451; All business: 5,913 as against 5,456 in the period 1-4-1966 to 31-3-1967.

ACCOUNTS

The Life Fund stood at Rs. 1,260.06 crores on 31st March, 1968, registering an increase of about Rs. 136.16 crores over the life fund of Rs. 1,123.90 crores as on 31st March 1967. During this period, the Corporation's income from all sources totalled about Rs. 283 crores, made up of Rs. 213 crores from premiums and about Rs. 70 crores from returns on its invested funds and from miscellaneous sources.

The interest income of Rs. 61.7 crores represents earnings of 5.18% on the mean life fund after deducting income-tax. The rate per cent of interest from 1964-65 is given below:

1964-65: 4.90; 1965-66: 4.76; 1966-67: 5.29; 1967-68: 5.18. The gross rate of interest earned on the mean life

fund during the year was 5.88 per cent per annum as against 5.76 per cent per annum for the previous year.

On the outgo side Rs. 71 crores represented claims and other benefits to the policy-holders, Rs. 59 crores expenses of management, Rs. 9 crores incometax, Rs. 4 crores Governments' share of surplus, Rs. 3 crores miscellaneous expenses, the balance of nearly Rs. 137 crores addition to the Life Fund. On the claims side, nearly Rs. 16 crores represented claims by death and nearly Rs. 47 crores by maturity, annuities, surrender and bonuses in cash etc., accounting for the balance.

Over-all expenses ratio: 1964-65: 27.6%; 1965-66: 27.6%; 1966-67: 27.7%; 1967-68: 27.5%.

The renewal expense ratio in terms of Rule 25(b) of Insurance Rules 1939 was 15.90% as against 15.91% for the previous year ended 31st March, 1967, once again exceeding the statutory limit of 15%.

INVESTMENTS

The total investments pertaining to life business as at 31st March 1968 amounted to Rs. 1,202.45 crores of which

Rs. 24·71 crores were out of India. The break-up of Indian investments is as follows :

Indian and State Government and other approved securities ..	Rs. 668·87 crores
Debentures and shares of Joint stock companies in India	Rs. 202·77 "
Loans to Housing Schemes—State Governments and Cooperative Finance	Rs. 132·58 "
Mortgages of Properties	Rs. 25·05 "
House Property	Rs. 34·88 "
Due from State Governments for controlled business taken over ..	Rs. 3·57 "
Other Loans etc.	Rs. 109·28 "
Share in Initial Capital of Unit Trust of India	Rs. 0·75 "
	<hr/>
	Rs. 1,177·75 crores

In addition, investments pertaining to the General Insurance Business (including Capital Redemption and Annuity Certain) was Rs. 4·71 crores.

On 31st March 1968, the Corporation held stock exchange securities aggregating nearly Rs. 894 crores, of which about Rs. 872 crores were in India and the balance outside India.

A broad classification of investments in India shows that 73·2% was invested in the public sector, and 19·0% in the private sector and 7·8% in the co-operative sector. Besides the loans issued by the Central and State Governments, investments in the public sector include loans, bonds, shares or debentures of municipalities, Improvement Trusts, Port Trusts, Land Mortgage Banks, State Financial Corporations and Statutory Corporations. Investments in the private sector take the form of debentures, preference shares and ordinary shares of industrial and commercial undertakings.

Debentures, preference and ordinary shares of joint stock companies held by the Corporation may be classified as under according to the character of the industries (Rs. lakhs) :

Aluminium: 536·14; Banks: 726·39; Cement: 1017·14; Coal: 405·43; Cotton Textiles: 2514·96; Dyes, Chemicals and Pharmaceuticals: 686·52; Electricity: 1407·57; Electrical Goods: 1007·26; Engineering: 3672·40; Food, Drinks and Tobacco: 166·13; Insurance: 244·46; Investment Trusts: 255·56; Iron and Steel: 1707·53; Jute: 561·69; Managing Agents: 164·42; Matches: 84·72; Mining: 80·76; Mineral Oil: 998·81; Paper and Board 777·74; Plantations: 275·80; Railways: 71·71; Rubber Products: 485·45; Shipping and Transport: 75·99; Sugar and Breweries: 725·02; Textiles (other than Cotton): 636·87; Vegetable Oils: 203·92; Cooperative Housing Societies: 23·54; Miscellaneous: 763·23. Total: Rs. 20277·16 lakhs.

Underwriting New Capital Issues

During the accounting year ended 31st March, 1968, the L.I.C. underwrote 110 new issues to the extent of Rs. 2310·89 lakhs, comprising Debentures of Rs. 1891·20 lakhs, Preference Shares Rs. 359·00 lakhs and Ordinary Shares Rs. 60·69 lakhs. Of these, 81 issues were placed in the market during the period, in addition to 25 issues placed in the previous year with allotments of Rs. 2286·24 lakhs against Rs. 2440·95 lakhs underwritten and Rs. 2440·49 lakhs applied for.

PERSONNEL

On 31st March, 1968, there were 52,007 employees of whom 3,094 were officers, 8,366 Development Officers,

33,497 supervisory and clerical staff and 7,050 subordinate staff. The total monthly salary bill in March, 1968 was Rs. 246·12 lakhs.

Out of over 1·66 lakh agents on the books on 31st March 1968, about 1·44 lakhs were active.

The average production per active agent during the accounting period was Rs. 57,883 as against Rs. 52,573 during the previous year.

VALUATION & BONUS

Six biennial valuations were made till March 1967. The sixth valuation was made as at 31st March 1967. The total surplus shown was Rs. 72·28 crores. Out of this Rs. 68·67 crores were allocated to the participating policies and Rs. 3·61 crores to the Central Government as its share. In respect of the policies issued by the L.I.C. itself, the rate of reversionary bonus allotted was Rs. 20·00 per thousand sum assured per annum for whole life policies and Rs. 16·00 for endowment assurance policies. The corresponding rates of bonus at the previous valuation were Rs. 20·00 per thousand sum assured per annum and Rs. 16·00 per thousand sum assured per annum respectively. The policies issued by the erstwhile insurers were allotted bonuses at different rates as per the scheme of differential bonuses approved by the Government.

GENERAL INSURANCE

As on 31st December 1967 there were 132 (as against 138 in 1966) companies registered under the Insurance Act, 1938 to transact one or more classes of general insurance business of which 73 were Indian and 59 non-Indian. 6 non-Indian insurers ceased to operate in 1967. The number of Indian insurers excludes the Life Insurance Corporation of India (which is registered for Life and Miscellaneous insurance business) but includes its three (since amalgamated into one on 1st January 1961) subsidiaries which conduct general insurance business. It also includes 11 insurers registered for Country Craft (marine) insurance business only with 6 non-tariff offices and three doing only reinsurance business, one of which is a subsidiary of the L.I.C.

Of the 59 non-Indian offices, 34 have their head-offices in the U.K.

During the year ended 31st March 1968, the L.I.C. secured a gross direct premium of Rs. 12·62 crores as against Rs. 6·99 crores in the previous year. The breakdown thereof is Rs. 2·81 crores under Fire, Rs. 5·53 crores under Marine and Rs. 4·28 crores under Miscellaneous insurance classes. The total net premium amounted to Rs. 3·99 crores. The net claims were Rs. 43·93 lakhs, Rs. 117·07 lakhs and Rs. 69·53 lakhs in Fire, Marine and Miscellaneous insurance respectively. The net underwriting profits were Rs. 79·91 lakhs.

The total income and outgo in respect of the general insurance business of Indian insurers (excluding the Life Insurance Corporation of India) during 1966 is analysed below :

Particulars	Rs. lakhs
<i>Income</i>	
Premiums less reinsurances :	
In India	43,38
Outside India	27,27
Net interest, dividends and rents	1,66
Other income	4,17
Total	76,48

Particulars				Rs. lakhs	Particulars				Rs. lakhs
<i>Outgo</i>					<i>Outgo</i>				
Claims less reinsurances	40,94	Profits transferred to Profit and Loss Account	2,26
Net commission	11,58	Actual increase in Reserves for unexpired risks and Additional Reserves	6,98
Expenses of management	14,51					
Miscellaneous outgo	21					
Total	67,24	Excess of Income over Outgo	9,24

The percentage of the net premium income of Indian Insurers (including L.I.C. of India) and of Non-Indian Insurers, spent by way of claims expenses, etc., during the year 1966 is shown in the following table:—

Ratio to Net Premium Income of	Fire		Marine		Miscellaneous	
	Indian Insurers	Non-Indian Insurers	Indian Insurers	Non-Indian Insurers	Indian Insurers	Non-Indian Insurers
Net Claims	43.8	30.5	82.0	67.4	59.1	46.4
Expenses of Management including commission	39.6	42.2	24.1	34.9	36.3	41.2
Increase in Reserves*	8.9	6.1	9.2	3.9	7.0	3.9
Miscellaneous outgo	—7.6	0.1	—11.8	1.8	—6.4	0.4
Balance	15.3	21.1	—3.5	—8.0	4.0	8.1
TOTAL	100.0	100.0	100.0	100.0	100.0	100.0

* Increase in Reserves is obtained by taking 40 per cent in the case of Fire and Miscellaneous and 50 per cent in the case of Marine insurance business of the increase in net premium income during the year 1966 over that of the preceding year.

The following tables present a comparative study of the insurance business in India and outside India of Indian insurers (including L.I.C. of India) and of the business in India of non-Indian insurers.

(Premiums in lakhs of rupees)

Year	Fire Premiums		Marine Premiums		Miscellaneous Premiums		Total	
	Gross	Net	Gross	Net	Gross	Net	Gross	Net
I. INDIAN INSURERS								
<i>Business in India</i>

ASSETS

The total assets of the general insurance business of Indian insurers (excluding L.I.C. of India) amounted to Rs. 1,31,94 lakhs on 31st December 1966 (as against Rs. 1,12,67 lakhs on 31st Dec. 1965).

The total assets in India in respect of the general insurance business of the non-Indian insurers amounted to

Rs. 22,64 lakhs on 31st December 1966 as against Rs. 20,14 lakhs on 31st December 1965.

The following table gives the index numbers of general insurance business in India (including that of L.I.C.) and the general index numbers of industrial production (base year 1956) for the years 1960 to 1966. Comparison of these figures will indicate the potentiality for progress of general insurance business in India and the actual progress made by this business.

	1960	1961	1962	1963	1964	1965*	1966*
Index no. of general insurance business in India	129.0	144.3	160.5	175.1	181.4	190.3	190.2
General Index no. of industrial production	130.1	141.0	153.3	165.8	177.4	186.9	192.6

* Including that of L.I.C.

(in lakhs of rupees)

	Year	Fire	Marine	Miscellaneous	Total
1. Profit in respect of gross direct business in India of all insurers	1966	6,67	—46	—4,15	2,06
2. Profit in respect of total net business of Indian insurers ..	1966	4,28	—45	1,31	5,14
3. Profit in respect of net business in India of Non-Indian insurers	1966	1,18	—26	38	1,30
4. Profit in respect of gross direct business outside India of Indian insurers ..	1966	— 19	—79	—1,56	—2,54
5. Drain on account of reinsurers abroad—[(1) + (4) — (2) — (3)]	1966	+ 1,02	—54	—7,40	—6,92

Note: Unexpired risk reserves have been taken at 40% of the premium income for Fire and Miscellaneous and 50% of the premium income for Marine insurance business.

REINSURANCE

To minimise the drain on account of reinsurance transactions abroad, the Insurance Act, 1938 was amended, early in 1961, by inserting Part IVA Reinsurance, Sections 101A and 101B. Section 101A provides that every insurance company operating in India must reinsure a certain percentage of its business (not exceeding 30%) with Indian reinsurance companies approved in this behalf by the Central Government namely, India Reinsurance Corporation Ltd., and Indian Guarantee and General Insurance

Co. Ltd., both having their registered offices in Bombay and the latter being a subsidiary of the LIC of India.

Social Control on General Insurance

Government of India has passed a Bill, in the November 1968 session of the Parliament, amending the existing laws governing general insurance to bring them in line with the scheme for social control, which will apply to it like banking. The Bill has been signed by the President and will come into force as Insurance (Amendment) Act, 1968, on 1st April 1969.

THE PRESS

THE 12th Annual Report of the Registrar of Newspapers for India for the year 1967 shows that there were 11,678 newspapers and periodicals compared to 10,977 in 1966.

Circulation share of newspapers owned by common ownership units in the total circulation of the entire press improved by 6.8 per cent in 1967.

The number of daily constituents of such units has improved by 13.3 per cent during five years from 130 in 1962 to 159 in 1967. Circulation of such dailies has improved by 40.0 per cent during the same period and by 6.8 per cent compared to 1966. Their share in the total circulation of all dailies in the country was 74.3 per cent in 1967 compared to 73.6 per cent in 1966 and 65.9 per cent in 1962.

The Indian Press in 1967 consisted of 646 dailies, 2,697 weeklies and 5,972 other periodicals.

During the year as many as 1,202 newspapers commenced and 369 ceased publication. Among the new starters were 64 dailies as compared to 54 in 1966. Cessations were the highest in English namely 74 including four dailies. The largest number of newspapers (361) was started in Hindi (including 26 dailies) followed by English (213, including 10 dailies).

Hindi had the largest number of newspapers 2,207 (193 dailies) followed by English 1,958 (68 dailies), Urdu 864 (90 dailies), Bilinguals 691 (23 dailies), Bengali 595 (17 dailies), Marathi 550 (52 dailies) and Gujarati 546 (42 dailies).

Periodicitywise, there were 646 dailies, 2,697 weeklies, 961 fortnightlies, 3,772 monthlies, 799 quarterlies, 316 bi-monthlies, half-yearlies, etc. and 124 annuals.

Maharashtra had the largest number of newspapers 1,452 (92 dailies). Uttar Pradesh had 1,406 (114 dailies), West Bengal 1,050 (33 dailies) and Delhi 1,016 (24 dailies).

CIRCULATION

The comparative circulation data (of papers common to 1966 and 1967) reveal an increase of 3.1 per cent in

1967 as compared to 1966. Newspapers in all periodicities gained in circulation during 1967, dailies and weeklies having recorded gains of 5 per cent and 2 per cent respectively.

Out of the total circulation of 218.87 lakhs in 1967, dailies* accounted for 66.87 lakhs, weeklies commanded a total circulation of 59.73 lakhs and other periodicals 92.27 lakhs, as against 63 lakhs, 58.8 lakhs and 95.8 lakhs respectively in 1966.

Newspapers in the English language had the largest circulation 55.5 lakhs in 1967. Hindi came next with 41.9 lakhs, followed by Tamil (24.9 lakhs), Malayalam (16.7 lakhs), Gujarati (15.3 lakhs), Marathi (13.6 lakhs), Bengali (12.3 lakhs), Urdu (11.5 lakhs) and Telugu (7.4 lakhs). Among the 15 principal languages, the circulation of Sanskrit and Assamese newspapers was below one lakh, that is, 5,000 and 85,000 respectively.

In 1967, among the dailies* English (17.66 lakhs) had the highest circulation, followed by Hindi (9.60 lakhs), Tamil (7.54 lakhs), Malayalam (6.88 lakhs) and Marathi (6.11 lakhs).

Hindi (12.21 lakhs) claimed the highest circulation among weeklies in 1967, followed by Tamil (10.49 lakhs), English (9.95 lakhs) and Malayalam (5.28 lakhs).

The total circulation of 4,035 common newspapers and periodicals for which circulation data were available for 1966 as well as 1967 was 202 lakhs in 1967 as compared to 196 lakhs in 1966, recording a rise of 3.1 per cent in 1967 in the circulation of newspapers, common to both the years.

The highest increase in circulation was reported in Assamese papers (15.3 per cent), followed by Punjabi (13.1 per cent), Gujarati (6.0 per cent) and English (5.5 per cent). There was decrease in the circulation of Telugu papers (6.0 per cent), followed by multilinguals (5.4 per cent) and Oriya (1.6 per cent).

Readership: The number of newspapers per lakh inhabitants† in India rose to 1.8 in 1967 from 1.7 in 1966.

* Includes tri- and bi-weeklies.

† Based on estimated increase.

The circulation of newspapers per thousand inhabitants computed on the basis of revised circulation for 1965, 1966 and preliminary circulation for 1967 worked out to 50.7, 50.6 and 42.8 respectively. The preliminary figures for 1966 were 43.5.

Sindhi had the largest number (4.0) of newspapers per lakh of population in 1967, followed by Urdu (3.2), Gujarati (2.3) and Marathi and Hindi 1.4 each. Assamese had the smallest number of papers per lakh inhabitants, namely, 0.3 and 0.5 respectively.

The highest newspaper circulation per thousand inhabitants was shown by Malayalam (84.8), followed by Tamil (70.5), Gujarati (62.2) and Sindhi (65.0). The lowest was in Oriya (7.6) followed by Assamese (10.8).

OWNERSHIP

At the end of 1967, there were 62 common ownership establishments as against 57 in 1966. The share of newspapers belonging to the 'common ownership' units in the total circulation of all papers increased to 26.6 per cent in 1967 from 24.6 per cent in 1966, the total number of newspapers belonging to these units increasing to 209 from 194.

The number of the daily* constituents of the common ownership units increased from 154 (1966) to 159 (1967) and their corresponding share in the total circulation of all dailies went up from 73.6 per cent to 74.3 per cent.

Out of 9,315 newspapers for which ownership data were available, the number of papers run under individual ownership was 5,551 (59.6 per cent) in 1967, as compared to 5,030 in 1966, showing an improvement of 10.4 per cent. Societies and associations (including religious societies) came next with 1,870 papers (20.0 per cent). Firms and partnerships owned 6.2 per cent and joint stock companies held 4.7 per cent.

The newspapers owned by joint stock companies, although only 4.7 per cent of the total number of papers in India, claimed the largest share of the total circulation commanded by all papers in 1967.

The next largest share in circulation was enjoyed by newspapers owned by individual proprietors. Papers published by societies and associations, firms and partnerships and trusts had 10.5 per cent, 10.3 per cent and 4.9 per cent of the total circulation respectively.

Circulation under Common Ownership

The circulation of news interest weeklies owned by common ownership units registered a sharp increase of 23.9 per cent in 1967 as compared to the preceding year. The circulation of dailies owned by common ownership units rose by 6.8 per cent during the year. The circulation of dailies followed the ascending trend during the past quinquennium, an improvement of 40 per cent having been recorded during the year.

Bigger Units and News-Interest Papers

The largest number of news-interest papers owned by a single common ownership unit in 1967 was 19 by the Express Group of Newspapers which also included 13 dailies commanding an overall circulation of 7.86 lakhs per publishing day, which is the highest among dailies of the common ownership units in India. The Bennett, Coleman & Co. Ltd. (10 papers) commanded the second largest circulation of 7.12 lakhs which includes 7 dailies claiming a circulation of 4.63 lakhs per publishing day. The third place according to size of circulation was enjoyed by the Thanthi Group with 12 papers—all dailies having a total circulation of 4.26 lakhs.

The seven dailies belonging to Bennett, Coleman & Co., even though less in number, commanded a higher circulation than the 12 dailies of the Thanthi Group. The Hindustan Times Group of eight papers had a combined circulation of 2.85 lakhs.

In 1967 the combined circulation of 142 dailies owned by 62 common ownership units (for which data were available) represented 74.3 per cent of the total circulation of the daily Press in India as compared to 137 dailies, owned by 57 common ownership units of 1966.

Papers owned by Political Parties : The total number of papers owned by the various political parties was 76 at the end of the year 1967. The combined circulation of the papers (for which data were available) was 1.21 lakhs. Newspapers owned by the Communist Parties of India had the highest circulation (65,651) amongst the newspapers published by political parties, followed by the Congress Party (which commanded 33,875 circulation).

The Indian National Congress owned 35 papers, the Communist Parties of India 21, the P.S.P. 4 with a circulation of 2,380 copies. The remaining 16 belonged to other political parties.

The total number of dailies published by various political parties was 11 at the end of 1967. Of these four belonged to the Indian National Congress, three to the Communist Parties of India and four to other political parties.

Government Publications : There were 378 papers in 1967 published by the various Government Departments (including autonomous bodies functioning under the Government). Out of these, 207 were published by the Central Government and 171 by State Governments/ Union Territory Administrations. The total circulation commanded by these papers was 6.79 lakhs.

NEWSPAPERS

At the end of 1967, there were 9,315 newspapers and periodicals in India including 646 dailies, 2,697 weeklies, 961 fortnightlies, 3,772 monthlies, 799 quarterlies, 316 bi-monthlies, half-yearlies etc. and 124 annuals against 8,640 newspapers and periodicals comprising 601 dailies, 2,403 weeklies, 870 fortnightlies, 3,603 monthlies, 748 quarterlies, 295 bi-monthlies, half-yearlies, etc. and 120 annuals in 1966.

Apart from the 15 principal languages, the Indian Press had newspapers in 39 other languages including seven languages which found place in bilingual or multilingual newspapers. Dailies appeared in five such languages. The Indian languages include Konkani, Manipuri, Khasi, Lushai (Mizo), Maithili, Santhali, Bhojpuri, Garo, Rajasthani, Thado/Kuki, Hmar, Kashmiri, Angami Naga, Hindustani, Paite, Tangkhul Naga, Dogri, Kabui, Zou, Haroti, Bundelkhandi, Halabi, Magahi, Pnar and Pali.

The foreign languages in which newspapers were published are Arabic, Burmese, Chinese, French, Indonesian, Italian, Nepali, Portuguese, Pushto, Persian, Spanish, Swahili, Syriac and Tibetan.

Language-wise the number of newspapers in 1967 was English 1,958 (68 dailies), Hindi 2,207 (193 dailies), Assamese 23 (3 dailies), Bengali 595 (17 dailies), Gujarati 546 (42 dailies), Kannada 229 (34 dailies), Malayalam 310 (44 dailies), Marathi 550 (52 dailies), Oriya 86 (6 dailies), Punjabi 188 (15 dailies), Sanskrit 31, Sindhi 63 (5 dailies), Tamil 403 (28 dailies), Telugu 314 (15 dailies), Urdu 864 (90 dailies), bilinguals 691 (23 dailies), multilinguals 168 (2 dailies) and other languages 99 (9 dailies).

* Including tri- and bi-weeklies.

The circulation of dailies* languagewise in lakhs in 1967 is as follows: English 17·66, Hindi 9·60, Tamil 7·54, Malayalam 6·88, and Marathi 6·11.

Hindi (12·21 lakhs) claimed the highest circulation among weeklies in 1967 followed by Tamil (10·49 lakhs), English (9·95 lakhs) and Malayalam (5·28 lakhs).

Metropolitan Press: More than one-third (34·2 per cent) of the Press was located in the metropolitan cities, Bombay, Calcutta, Delhi and Madras; 29·1 per cent in over one lakh population cities, 23·8 per cent in smaller cities and 12·9 per cent in State capitals. In regard to circulation, however, the metropolitan press claimed more than half (51·8 per cent) of the total circulation (252·36 lakhs) of all newspapers in 1966 which represents the latest available final circulation statistics.

In 1967, the largest number of dailies, 287 out of 646 (44·4 per cent), was published from bigger cities, 123 from smaller towns, 121 from state capitals, and 115 from metropolitan cities.

As many as 68·1 per cent of English newspapers were located in metropolitan cities and only 5·4 per cent of such papers appeared from small towns in 1967. Next to English, Bengali had the highest degree of concentration in the metropolitan cities.

DAILIES

The number of dailies enjoying a circulation of above one lakh was 16 in 1967 compared to 14 in 1966 and 13 in 1965. The names of such dailies with the centre of publication in 1967 according to the languages are given below:

Multi-edition Dailies: According to the data received for 1967, 24 multi-edition dailies with 67 units enjoyed a total circulation of 24·65 lakhs, accounting for 36·9 per cent of the total circulation of all dailies in India as in the previous year. *The Indian Express* continued to have the largest number of editions as also circulation. A list of multi-edition dailies commanding an overall circulation of over one lakh in 1967 along with comparative data for 1966 within brackets is given below. The names of the centres of publication are given within brackets after the names of the papers: *Indian Express* (Delhi, Bombay

Madras, Madurai, Vijayawada and Bangalore) 3,94,486 (3,62,336); *Thanthi* (Madras, Madurai, Coimbatore, Tirunelveli and Tiruchirapalli) 2,68,501 (2,65,940); *Matrubhumi* (Calicut and Ernakulam) 2,12,642 (1,97,184); *The Times of India* (Delhi and Bombay) 1,97,341 (2,11,096); *Malayala Manorama* (Kottayam and Calicut) 1,95,943 (1,68,818); *Statesman* (Calcutta and Delhi) 1,86,105 (1,54,430); *Nav Bharat Times* (Delhi and Bombay) 1,61,179 (1,60,412); *Dinamani* (Madras and Madurai) 1,34,735 (1,35,954).

PERIODICALS

The total circulation enjoyed by 4,717 periodicals@ in 1967 was 152 lakhs. From 8,039 in 1966 the number of periodicals in the country rose to 8,669 in 1967 recording an increase of 7·8 per cent. The total number of periodicals had increased by 25·9 per cent during the period of five years ending 1967. The circulation of these papers had recorded an increase of 6·9 per cent in 1966 in comparison to 1962.

In 1967, periodicals in English commanded the largest circulation (37·85 lakhs) followed by Hindi (37·27 lakhs) and Tamil (17·35 lakhs). Sanskrit had the smallest periodical publication (5,000). In number, periodicals in Hindi were the largest (2,017) with English (1,890) coming next. Next to English came Urdu (774) and Bengali (568).

The various State Governments and the Central Government published a total number of 377 periodicals at the end of 1967. Of these monthlies accounted for 48·5 per cent, quarterlies 26·8 per cent and all other periodicals 24·7 per cent. The various departments of the Central Government published 54·9 per cent of these periodicals and the State Governments 45·1 per cent. Publications in English language commanded the largest share 47·7 per cent followed by Hindi 21·7 per cent.

On the basis of data available, Government periodicals claimed a circulation of 6·78 lakh copies or 4·5 per cent of the total circulation of all periodicals in 1967 as compared to 9 lakhs in 1966.

Names of periodicals having a circulation of over one lakh in the English and Tamil languages and over 50,000 in other languages:

NEWSPRINT

For newsprint, the staple raw material for the production of a newspaper, India has to depend largely on foreign countries.

The quantity of newsprint imported for the year 1967-68 was 1,20,100 tonnes. An additional quantity of 31,563 tonnes produced by the Nepa Mills was also available for distribution. In addition to import and indigenous production, 20,000 tonnes of excise duty free printing and writing paper was also available for allocation to dailies (since 1964-65) which is given in lieu of newsprint to make up their entitlement. Newsprint is imported from Canada, Scandinavian countries, USSR, Czechoslovakia, Poland, the German Democratic Republic and U.S.A. under commercial purchase, trade plans and 'Aid' allocations.

During the year ending January 31, 1968, a total quantity of 1,70,972.45 tonnes of newsprint, including duty free printing and writing paper was allocated to 1,364 newspapers and periodicals. The largest share 87.8 per cent was allocated to dailies, followed by 9 per cent in the case of weeklies, 2.5 per cent for monthlies and 0.7 per cent for other periodicals.

Hindi with 329 newspapers had the largest number of newsprint users in 1967-68, followed by English (166), Gujarati (157), Urdu (156) and Marathi (141).

Among the daily newspapers, Hindi again topped the number (70) of newspapers receiving newsprint followed by English and Urdu (45 each).

CIRCULATION CLAIMS

Circulation checks conducted during 1967 resulted in a national saving of about Rs. 10.70 lakhs in foreign exchange, bringing the total foreign exchange saving since 1962 to Rs. 486.84 lakhs. Circulation claims of 411 newspapers and periodicals located in 32 different centres of publication were investigated and the quantum of exaggeration detected was 4,21,283 copies per publishing day.

PRESS LAWS

In general the laws which affect the Press in India today are Press and Registration of Books Act, 1867; the Indian Official Secrets Act No. XIX of 1923; Sections 124-A, 153-A, 171-G, 255, 292, 293, 294-A, 295-A, 489-A, 499-502 and 505 of the Indian Penal Code; Sections 99-A-99-G and 108 of the Criminal Procedure Code; Sections 81, 84 and 87 of the Indian Evidence Act No. I of 1872; Sections 11, 12, 44, 52 of the Customs Act No. LII, 1962; Sections 19, 20, 26, 27-A-27-D of the Indian Post Office Act No. VI of 1898; Section 5 of the Indian Telegraph Act No. XIII of 1885; Sections 40, 52 and 53(1)(b) of the Patents and Designs Act No. II of 1911; the Police (Incitement to Disaffection) Act, 1922; Section 69 of the Trade Marks Act No. V of 1940; the Contempt of Courts Act, 1952 (Act XXXII of 1952); The Indian Post Office (Amendment) Act LII of 1960; Article 19(1)(a) and (g) and Clause (2) and (6) of the same Article of the Constitution of India. The amendment to Article 19 (1) (a) reads: "Nothing in Sub-clause (A) of Clause 1 (the Citizen's Right to Freedom of Speech and Expression) shall affect the operation of any existing law or prevent the State from making any law in so far as such law imposes reasonable restrictions on the exercise of the right conferred by the said sub-clause in the interest of the sovereignty and integrity of India, the security of the State, friendly relations with foreign States, public order, decency, morality, or in relation to contempt of court, defamation or incitement to an offence (Arts. 105 and 194 of the Constitution of India); the Tax on Newspapers (Sales and Advertisement)

ments) Repeal Act No. XXVIII of 1951; S. 7 of the Collection of Statistics Act (XXXII of 1953); the Press and Registration of Books (Amendment) Act No. 55 of 1955.

The Delivery of Books (Public Libraries) Act 27 of 1954.

The Drugs and Magic Remedies (Objectionable Advertisements) Act 21 of 1954. This Act controls the advertisement of drugs in certain cases and prohibits the advertisement for certain purposes of remedies alleged to possess magic qualities.

The Criminal Procedure Amendment Act contains a section (198B) which empowers the Government to prosecute a newspaper for defamation of public servants.

The Working Journalists (Industrial Disputes) Act (No. 1 of 1955). The Act extends the provisions of the Industrial Disputes Act, 1947 to working journalists.

The Parliamentary Proceedings (Protection of Publication) Act (No. 24 of 1956). It protects the publication of a substantially true report of any proceedings of either House of Parliament.

Section 11 of the Prize Competitions Act (Act 2 of 1955) contains rules regarding printing and publishing tickets, coupons, etc. in connection with prize competitions.

The Working Journalists Conditions of Service and Miscellaneous Provisions Act (Act 45 of 1955) regulates conditions of service of working journalists.

The Punjab Special Powers (Press) Act was passed on 5th September 1955. It empowers the authorities to control the irresponsible activities of the press indulging in and fostering communal disharmony, dissemination of 'violent' news and pernicious propaganda of a communal nature.

The Newspaper (Price and Page) Act 45 of 1956.

The Young Persons (Harmful Publications) Act No. 93 of 1956.

The Copyright Act 14 of 1957.

The Indian Post Office (Amendment) Act No. 7 of 1958.

The Working Journalists (Fixation of Rates of Wages) Act 29 of 1958.

The Press and Registration of Books (Amendment) Act No. 26 of 1960.

The Newspaper (Price and Page) Continuance Act No. 36 of 1961.

The Indian Penal Code (Amendment) Act No. 41 of 1961.

The Drugs and Magic Remedies (objectionable advertisements) Amendment Act No. 42 of 1961.

Defence of India Act No. 51 of 1962.

The Working Journalists Amendment Act No. 65 of 1962.

The Press and Registration of Books (Amendment) Act No. 16 of 1965.

The Press Council Act No. 34 of 1965.

INFORMATION SERVICES

Indian Information Service

Indian Government publicity work is carried out chiefly through the following units of the Ministry of Information and Broadcasting :

1. All-India Radio, 2. Press Information Bureau, 3. Publications Division, 4. Films Division, 5. Directorate of Advertising and Visual Publicity, 6. Research and Reference Division, 7. Directorate of Field Publicity, 8. Song and Drama Division.

PRESS INFORMATION BUREAU

The Press Information Bureau functions as a link between the Government of India and the public through the medium of the Press. It provides to the Press factual information about the activities of the Government and keeps the Government informed about public reactions, as expressed in the Press, to Government's policies and performance.

The Bureau has its offices in Srinagar, Jammu, Jullundur, Jaipur, Bhopal, Lucknow, Varanasi, Patna, Calcutta, Gauhati, Cuttack, Hyderabad, Bangalore, Madras, Cochin, Trivandrum, Poona, Bombay, Nagpur and Ahmedabad.

The Bureau's news, feature and reference services are provided in the following languages :

English, Hindi, Urdu, Gujarati, Marathi, Tamil, Bengali, Telugu, Malayalam, Assamese, Oriya, Punjabi, Kannada and Kashmiri.

Besides issuing hand-outs, Press Notes and Press Communiques, the Bureau releases news photographs, articles and illustrated features. It also conducts tours of Press representatives to development projects and other centres of interest.

Principal Information Officer : M. L. Bhardwaj.

DIRECTORATE OF ADVERTISING AND VISUAL PUBLICITY

The Directorate of Advertising & Visual Publicity functions as the central organisation for the press advertising and visual publicity campaigns of the various Ministries of the Government of India (excepting Railways), their attached and subordinate offices and a number of autonomous undertakings of the Government of India.

The Directorate has an Exhibition Division which, through its central and regional units, organises exhibitions depicting progress of the Five-Year Plans and other themes of national importance.

Director : Brig. R. Sreenivasan.

Press Photo Bureau: 374, Pycrofts Road, Royapetta P.O., Madras 14.

Wage Boards for Working Journalists and Non-Journalists

Details of the Constitution and the recommendations of the Wage Boards, for Journalists and Non-Journalists were given in the 1968 Directory.

After the 57-day old strike by the newspaper employees for the implementation of the Non-Journalists' Wage Board Award, the Government of India referred on September 17, 1968, the dispute to a National Tribunal presided over by Mr. Justice B. N. Banerjee, a retired judge of the Calcutta High Court for adjudication.

Pending adjudication the employers had agreed to pay to employees in addition to their existing emoluments 75 per cent of the difference between the existing emoluments and the emoluments payable under the Wage Board recommendations. They had also agreed to protect the total emoluments so payable in fixing the pay of workers in the pay scales determined by the tribunal. At the time of writing this, the adjudication was continuing.

The recommendations of the Wage Board for Journalists have been practically implemented.

PRESS COUNCIL

The Press Council Bill was passed in Nov. 1965. The President has given his assent. The object of the Council shall be to preserve the liberty of the press and maintain and improve the standards of newspapers in India.

The Press Council was set up in Nov. 1966 with Justice J. R. Mudholkar as Chairman and 25 members.

The Press Council started functioning from the middle of November 1966, when the full complement of its membership was notified. The new Chairman Mr. N. Rajagopala Ayyangar took over on May 4, 1968. The Press Councils' first annual report was presented to the Parliament on Aug. 30, 1968 by the Minister for Information and Broadcasting.

The report said the present undefined state of the law of privileges had placed the press in an unenviable position in the matter of comments on the proceedings of Parliament.

In the opinion of the council, there might be no great difficulty in separating the issue of privileges concerning the press from the entire question of Parliamentary privileges.

The report also suggests legislative measures to facilitate honest and fair comment as well as faithful and accurate reporting of the proceedings of legislatures.

FOOD

FROM the point of view of food generally the position is roughly as follows: Surplus areas: Madhya Pradesh, Punjab, Haryana, Orissa, Andhra. Self-sufficient areas: U.P., Rajasthan, Tamil Nadu, Mysore, Assam. Deficit areas: Maharashtra, Gujarat, Himachal Pradesh, Bihar, West Bengal, Kerala, Kashmir, Tripura. Manipur is marginal.

The areas covered by the Punjab, Haryana and Madhya Pradesh (former Vindhya Pradesh) are generally surplus in wheat.

The areas covered by the following States are generally surplus in rice: Orissa, Madhya Pradesh, Andhra, Punjab.*

PRODUCTION

(See under main article "Agriculture")

* Composite State.

† The office bearers are as at the time of going to press (Feb. '69).

Total Internal Procurement and Issue of Foodgrains.

1967.. .. .	3,434	1,037	4,471	9,423	3,741	13,164

SUPPLY

The demand and supply of cereals from 1965-1967 :

('000 met. tons)

		1965	1966	1967(e)
Procurement		4,081	4,009	4,471
Opening Stocks in Godowns	States	2,353	3,279	3,434
	Centre	1,678	730	1,037
	Total	4,031	4,009	4,471
Offtake from Godowns	States	5,533	9,580	9,423
	Centre	4,546	4,497	3,741
	Total	10,071	14,077	13,164

(e) Figures for 1967 are provisional and subject to revision.

The balance sheet of foodgrains distributed by Governments during 1965, 1966 and 1967 was as follows :

('000 met. tons.)

		1965	1966	1967(a)
Opening Stock with States	486	973	1,332
Centre	530	1,106	884
Procurement	1,430	4,031	4,089
Imports	7,462	10,358	8,672
Stocks with States at the end of the year	473	1,332	1,421
Central Reserves at the end of the year	1,106	884	551

(a) Provisional.

At the end of Oct. 1967, the number of fair-price shops and ration shops in the country stood at 145,000 as against 139,000 in December 1966. The total population covered under statutory rationing at the end of 1967 was about 31 mill. and under informal rationing 245 mill. making a total of 276 million.

During 1966-67 procurement of rice (both on Central and State Govt. accounts) amounted to 24.69 lakh tons as against 31.37 lakh tons in 1965-66 which was higher than 1964-65 by about 2 lakh tons. This lower quantity in 1966-67 was due to overall shortfall in food production, larger retention by producers and traders at the village level. The purchase of wheat by Central and State Govts. during 1967-68 amounted to 8.30 lakh tons as against 1.98 lakh tons in 1966-67. In addition over 8.76 lakhs of coarse cereals were purchased against 6.6 lakh tons in the previous year.

IMPORTS (1965-67)

The imports over the years were as follows :

Figures in million tons and value in Rs. Crores respectively are: 1965: 7.462, 290.32; 1966: 10.358, 523.13. In 1967 the imports amounted to 8.67 mill. tons consisting of 0.453 mill. tons of rice, 6.348 mill. tons of wheat and 1.871 mill. tons of coarse grains valued at approximately Rs. 460.00 crores.

The imports of individual grains were as follows :

(in million metric tons)

		1965	1966	1967
Rice	0.783	0.7866	0.453
Wheat (including flour)	6.583	7.833	6.348
Others	0.096	1.738	1.871

Countries from which imports were obtained from 1965 to 1967 with quantity (in million metric tons) were as follows :

Country	Quantity		
	1965	1966	1967
U.S.A.	6.403	8.326	6.275
Australia	0.324	0.295	0.830
Canada	0.238	0.909	0.862
U.A.R.	0.040	0.051	0.094
Burma	0.204	0.393	0.147
Others	0.253	0.384	0.464
TOTAL	7.462	10.358	8.672

Countries from which wheat and rice were imported during the year 1967 : (quantity in million metric tons)

SEED

The Govt. of India has set up in 1963 a Central Seed Corporation to promote the production of improved seeds in the country by financial aid, technical guidance, organising marketing agencies and sponsoring training programmes in collaboration with Central and State Governments and other interests. (See under All-India Corporations for more details).

FERTILIZERS & MANURES

India's requirement of nitrogen fertilizer is placed at between 2 and 2.5 million tons. Minimum requirement would probably be estimated at 1.5 million tons on the basis of 30 lbs. per acre.

It is estimated that the use of one ton of fertilizer on an area of 75 acres results in an extra 10-ton production of foodgrain.

An Expert Committee under the chairmanship of Mr. B. Shivraman was appointed to examine the problems relating to production, pricing and distribution of fertilizers and the report was submitted in May 1965.

Consumption of Fertilizers

Plant Food	(met. tons)	
	1968	1969
	Consumption	Target
Nitrogen	11,50,000	17,00,000
Phosphoric Acid	4,00,000	6,50,000
Potash	2,00,000	4,50,000

The night soil compost scheme, which has now been introduced in Tamil Nadu, Rajasthan, Punjab, Orissa and Mysore, will cover 500 bigger panchayats, for which Central assistance has been given at the rate of Rs. 2,000 per panchayat.

A total number of 2,250 urban centres was also engaged in night soil compost production in the States.

Urban and Rural Compost

Year	Quantity (mill. tons)	
	Urban	Rural
1966-67	3.70	122.00
1967-68 (Expected)	3.9	139.00
1968-69 (Target)	4.6	148.00

Distribution of green manure seeds in parcels is encouraged in most States. A subsidy of Rs. 2 per maund is given to the State for multiplying green manuring seed. The coverage under green manuring during 1966-67 was estimated at 8.5 million hectares, while the anticipated coverage in 1967-68 is 8.9 million hectares and about 10.3 million hectares in 1968-69.

Mechanisation and Mechanised Farms

With a view to increasing mechanisation in agriculture the production of wheel type tractors has been stepped up. Wheeled tractors between 20 and 50 H.P. range are being manufactured by 5 manufacturing units with an installed capacity of 30,000 units per year.

There are already two Central Mechanised farms at Surat and Jelsar. Fifteen more such farms are going to be

set up with the help of U.S.S.R., one in each State. One has already started in Hirakud (Orissa).

THE FOOD PROBLEM

The *per capita* consumption in India of all food items in terms of calories compares as follows:—Canada: 3,140; U.S.A.: 3,150; U.K.: 3,270; Japan: 2,110; and India: 1,880.

The problem can be summed up in some such way as the following:—

The consumption of food grains and pulses in India has been increasing over the last three years faster than production.

The increase in population of eight million persons per year in itself will require one million tons of additional food grains each year. With an increase of the *per capita* intake of 100 calories per day, India would require an additional five million tons foodgrains per year.

Agreements (1967):

With U.S.A. under PL480 five agreements from (20-2-'67 to 30-12-'67) for 6.225 million tonnes of wheat/wheat flour and 1.775 million tonnes of milo/sorghum and on commercial account by five agreements (Jan. '67 to Nov. '67) for about 0.548 million tonnes of wheat/wheat flour were signed.

Under special food aid (gift) programme agreements were signed on 20-3-'67 and 25-7-'67 for 0.612 and 0.155 million tonnes of wheat/wheat flour with Canada and Australia respectively. Further commercial agreements (1967) with Canada and four agreements dated June 1967 to Nov. 1967 with Australia for 0.054 million tonnes and 0.426 million tonnes wheat/wheat flour were signed. Commercial agreements were signed in the first three months of 1967 with Thailand, U.A.R. and Canada and Nepal for the import of 0.01, 0.04, 0.01 and 0.004 million tonnes respectively of rice and through private parties 0.179 million (total 0.333 million tonnes).

Buffer Stocks

In view of the bright prospect of food grains production during 1967-68, it proposed to build a buffer stock of three million tonnes of food grains by the end of Oct. 1968.

Distribution of foodgrains from Government stocks channelled through 153,000 fair price/ration shops.

The total population covered under statutory rationing at the end of 1967 was about 31 million and under informal rationing 245 million making a total of 276 million.

Rationing: The principle of statutory rationing has been accepted by all States. It was decided in Aug. 1965 that in cities of one million population, later modified into one lakh and above, rationing should be introduced. In Kerala informal rationing was introduced from Nov. 1, 1964; Greater Calcutta throughout 1965 (extended to Asansol, Durgapur, Siliguri industrial complex from Feb. 1966), Madras and Coimbatore (Oct. 1965), Delhi (Dec. 8, 1965), Hyderabad, Secunderabad & Vishakapatnam (Feb. 1966) and Kanpur Feb. 16, 1966.

With the improvement of supplies statutory rationing was discontinued in Siliguri (from 1st Jan. 1968) and Kanpur (mid Jan. 1968). In Delhi also movement of rice and wheat from the rural areas and their sale in the open market in the rationed areas has been permitted with effect from Feb. 21, 1968.

Distribution (1965-67)

mill. Tonnes.

Year	Rice	Wheat	Other grains	Total
1965 ..	3·586	5·939	0·554	10·079
1966 ..	4·132	8·134	1·811	14·077
1967 ..	3·010	7·366	2·788	13·164

WAREHOUSES

The Central Warehousing Corporation has set up 77 Central Warehouses (upto the end of 1967) with a capacity of 2,71,397 tonnes in 16 States. The State Warehouses during the time were 615 with a total capacity of 8,72,070. In addition special warehouses (on guarantee basis) were set up in Maharashtra with a total capacity of over 50,000 tonnes and by Food Corporation (in Andhra and Tamil Nadu for over 4,80,000 tonnes capacity).

As many as 80 types of commodities are now stored in the warehouses including foodgrains, oilseeds, cattle fodder, raw cotton, cotton seed, raw jute, turmeric, gur, ginger, pepper, cardamom, coffee seeds, chicory, fertilizers and food products.

Food Corporation

The Food Corporation was set up as a statutory body in Jan. 1965 to function in the long term comprehensive strategy for solving the food problem. (See under "All India Corporations" for more details.

Subsidiary Foods

The Food and Nutrition Board has initiated investigations for the development of cotton-seed protein for human consumption, fortification of common salt with calcium and development of food from green vegetation and further work on parboiled rice and vegetable milk powder.

Demonstration-cum-community canning and food preservation centres have been established one each at Delhi, Bombay, Madras and Calcutta. Four mobile food and nutrition extension units for the systematic campaign for promotion and popularisation of food preservation technique, suitable dietary habits, cost balanced diet and scientific technique of cookery, proper utilisation of food etc. with Headquarters at Delhi, Bombay, Calcutta and Madras, have also started functioning. The three Institutes of Catering Technology and Applied Nutrition at Calcutta, Bombay & Madras and the Institute of Hotel Management, Catering and Nutrition (Delhi) imparted training for diploma and Craftsman course. Food Craft Centres, one each in Kalamassery (Kerala), Ahmedabad (Gujarat), Bangalore (Mysore), and Panaji (Goa) in addition to one at Lucknow (U.P.) were established to help in dissemination of food grains to various industries.

Pilot plants for the production of edible groundnut flour for the manufacture of multi-purpose food, enriched atta, maida etc. have been set up in Coimbatore and Bombay. One unit each of one ton multipurpose food per day production capacity was set up in Calcutta and in Sitapur and Kotdwara (U.P.).

Balahar: This protein rich food for infants containing 25 per cent ground-nut flour, 10 per cent gram and 5 per cent whole meal atta fortified with minerals and vitamins has been developed and produced on a large scale in cooperation with a Bombay mill, and 3,400 tons have already been dispatched to Bihar.

A project for setting up edible tapioca flour of 10 tons daily capacity for Kerala has been taken up by the Food Corporation. **Weaning Food**—A precooked processed food

prepared from blend of pulses, groundnut flour, cereals and skimmed milk powder is being manufactured through Kaira Co-opr. Union with the assistance of UNICEF.

Roller mills wheat products price control order was amended to permit enrichment of atta with 5-10 per cent edible groundnut flour.

PACKAGE PROGRAMME

The above programme which was initially introduced in 7 districts and subsequently extended to cover 9 other selected districts has completed its five-year operation. It is now in operation in 17th district (Karnal in Haryana).

EXPORT PROMOTIONS

Efforts made by the Department of Agriculture in the promotion of exports of agricultural commodities consist mainly of taking measures for giving a boost to the production of important export commodities so as to make available larger quantities for export. With this objective, special centrally sponsored programmes have been undertaken and increased outlays provided in State Plans to achieve higher production targets for commercial crops.

The export policies of various agricultural commodities are constantly being reviewed with a view to locating items which could be liberalised for export.

Efforts are being made for increasing production of export oriented agricultural products through centrally sponsored package programmes (taken up during 1967-68) in cotton, jute, groundnut and tapioca. As a result the export availability being larger the Government has relaxed export restrictions in ground-nut kernel, cake and cotton seed cake.

EXPORT AND VALUE (1967-68)

Quantities of export in 1,000 tons and value (Rs. Millions) respectively were:

I. *Oilseeds, nuts and kernels* 11; 18·0; (a) Ground-nuts 10; 16·0; (b) Others 1; 2·0.

II. *Vegetable Oil (non-essential)* 17; 39·6; (a) castor oil 7; 22·0; (b) ground nut oil (mg.); 0·1; (c) Others 10; 17·5.

III. *Oil cakes* 746; 454·7; (a) Ground nut meal 587; 372·1; (b) Copra 6; 2·6; (c) Cottonseed 136; 72·3; Others 17; 7·7.

IV. *Tobacco* (unmanufactured): 55; 348·5.

V. *Spices*: 52; 272·4; (a) Pepper 25; 131·0; (b) Cardamom 2; 71·2; (c) Ginger 4; 13·1; (d) Chillies 7; 21·0; (e) Others 14; 36·1.

VI. *Raw Cotton** 248; 147·5

VII. *Raw Jute** 69; 26·2.

VIII. *Sugar* (Ex-molasses) 228; 159·5.

IX. *Fruits & Vegetable* —; 522·8; (a) Cashew kernels 51; 430·3; (b) Bananas 4; 2·00; (c) Pulses 4; 6·8; (d) Onions 103; 41·7; (e) Walnut 3; 15·0; Potatoes 1; 0·5; (g) Pickles and Chutneys 1; 4·2; (h) Others —; 22·3.

X. *Gms and Resins* 5; 17·8.

XI. *Lac* 15; 15·1; (a) Shellac 10; 37·6; (b) Others 5; 13·9.

XII. *Essential Oils* 1; 37·0.

XIII. *Meat and other products* 1; 7·7.

XIV. *Animal casein* 473; 24·5.

XV. *Wool* 9; 56·5.

XVI. *Fish & Fish products* 20; 199·5.

Total value Rs. 23,683 Millions.

* 1,000 bales of 180 kgs.

AGRICULTURAL PRICES COMMISSION

The Government of India considered recommendations of the Commission and announced for 1967-68 season minimum support prices for paddy, wheat, jowar, bajra, maize and gram among food grains and for cotton, jute and sugarcane which were generally higher than those of the previous season. The statutory ceiling on the prices of raw cotton was also removed from 1967-68 season. Procurement prices which are higher than minimum prices were fixed for kharif and rabi foodgrains for 1967-68; these were fixed at higher levels than those of previous season to give incentive to producers. The actual levels of procurement prices for 1967-68 (marketing season) are given below along with those of 1966-67.

Procurement Prices			(Rs. lakhs)	
Crop			1966-67	1967-68
Paddy	42 — 56.25	45 — 56.25
Rice	68.50 — 93.75*	72.8 — 95.25
Wheat	54 — 65	65 — 95
Maize	48 — 52*	48 — 58
Jowar	47 — 54	47 — 56(a)
Bajra	47 — 53	47 — 56

* Because of security conditions in Bihar higher procurement prices of Rs. 125 for rice and Rs. 60-80 for maize were paid. (a) The price of inferior quality of jowar has been fixed at Rs. 43 in Maharashtra.

FOODGRAIN POLICY

A Conference of Chief Ministers was held on 26th & 27th September 1967, to discuss the food policy for the year 1967-68. The following important conclusions were reached in the Conference:—

(i) In view of the paramount importance of maximisation of procurement for meeting public distribution needs within the States, export to deficit States and to build a buffer stock of 2 to 3 million tonnes, the consensus at the conference was in favour of continuing the zonal restriction for the movement of foodgrains for the year 1967-68.

(ii) A vigorous procurement drive should be undertaken during the year 1967-68. The procurement target of 7 million tonnes of kharif cereals as recommended by the Agricultural Prices Commission with a State-wise breakup was also discussed. Despite the general awareness of the need to maximise internal procurement, some States felt that the procurement targets recommended by the Agricultural Prices Commission may not be reached. The surplus States of Andhra Pradesh, Orissa, Madhya Pradesh, Punjab, Tamil Nadu and Haryana assured that 4.1, 2.0, 4.0, 1.5, 1.25, and 0.5 lakh tonnes respectively of rice will be available for export. It was emphasised on surplus and deficit States that, in view of the necessity to maximise internal procurement, it is necessary to increase procurement targets. The deficit States should also make a more realistic assessment of their requirements exercising greatest economy and vigilance in public distribution.

(iii) Methods of procurement should be left to each State Government to decide keeping in view the local condition and the procurement target suggested by the Agricultural Prices Commission.

(iv) It was recognised that, on the one hand, the procurement prices offered to the producers should take into account the higher cost of production and the element of price incentive necessary for inducing more production, on the other hand the impact of procurement price on market prices of foodgrains, cost of living and the general price level cannot be lost sight of. There was a consensus on the need of balancing the interests of the producers and consumers and narrowing inter-state price disparities. It was decided that the procurement prices of respective States will be discussed at the official level immediately after the conference.

(v) The Food Corporation of India should play an increasing role as the largest single wholesale public agency in the country, especially for inter-state trade. It was pointed out that the Food Corporation of India can work effectively only with the fullest cooperation of the State Governments. Wherever necessary, State Board of Management would be appointed to establish effective liaison between the State Government and the Food Corporation of India.

(vi) The incentive bonus given for the supply of rice and wheat to the Centre may be continued with some modifications. Incentive bonus should be given only if supplies exceed a certain minimum level.

(vii) There was some divergence of opinion on the question of subsidy on imported foodgrains. One view, especially in the deficit States, was that the subsidy should be continued to give relief to the vulnerable sections of the society. The other view was that subsidy on imported foodgrains may be withdrawn and that the savings may be utilised for increasing agricultural productions. It was decided that these views would be taken into account while examining the question of withdrawal of subsidy.

FOOD SITUATION, 1967-68*

Food situation during the major part of 1967 was difficult due to widespread drought resulting in crop failure for the second year in succession. Not only the same States were affected again but drought (in Bihar, eastern U.P. and some areas in M.P.) was of an unprecedented intensity resulting in acute scarcity. Even though the production of foodgrains showed marginal increase in 1966-67, it was still 14 mill. tons lower than 1964-65 (level of 89 million tons). The Government continued controlled distribution of foodgrains and by the end of 1967 about 31 million people had been brought under statutory rationing and 245 million under informal rationing. Distribution of foodgrains was maintained by imports and by intensive internal procurement. Imports during 1967 amounted to 8.7 mill. tons (as against 10.4 million tons in 1966). Internal procurement during 1966-67 exceeded 4 million tons, though the procurement of rice was lower. The difficult rice position was made up by increased wheat supplies.

Weather conditions and production of kharif crops during 1967-68, have been on the whole good. In the case of rabi winter crops also the season was favourable, since the shortfall of rains during Oct.-Nov. has been compensated by the widespread rains of December, though excess of rains have caused some damage to standing crops in Maharashtra and Madhya Pradesh. Output of foodgrains during 1967-68 was 95.6 mill. tonnes.

* Food production in 1968-69 is expected to stay at 1967-68 peak level of 95.6 mill. tonnes.

FISHERIES

INDIA produces about 0.89 million tons of marine fish out of a total fish production of 1.3 million tons, which is only a quarter of the country's requirements estimated at about 4 million tons annually. About 1.9 lakh fishing craft including 1.16 lakh powered craft are estimated to be employed. The average catch is about 2,500 lbs. per man per year. The annual per capita availability of fish in India is estimated to be 3.4 lbs. as against 16 lbs. in Ceylon, 70 lbs. in Burma and 90 lbs. in Japan. The fishing industry in India offers employment to about a million persons and contributes annually over Rs. 60 crores towards the national income. About 27,000 tons of fish products, consisting mostly of dry, dry-salted and wet-salted fish, are annually exported to neighbouring countries.

Some of the steps taken by Government to improve fish production are mechanisation of fishing craft, training centres for fishermen, cold storage facilities, formation of deep-sea fishing stations and research at the four main central stations, viz., Central Inland Fisheries Station, Calcutta, Central Marine Fisheries Research Station, Mandapam, Deep-sea Fishing Station, Bombay and the Central Fisheries Technological Research Station, Cochin.

Today more than 1.1 lakh mechanised boats are operating on Indian coastline. In Bombay the local types of boats are being mechanised. New designs have been evolved for boats in Tamil Nadu, Kerala and Andhra States. Experiment in improved types of fishing with small power craft are also in progress.

Cold storage facilities exist in Bombay, Mangalore, Calicut, Cochin, Quilon, Trivandrum, Madras and Calcutta. Additional plants are being installed in many other places. Some of these plants have been provided under T.C.M. and Norwegian aid programmes.

PRODUCTION

Production is shown in the table below. About two-thirds of the catch are marine-fishes.

'000 tonnes.						
Year			Marine	Inland	Total	
1965	824	507	1,331	
1966	889.9	477.5	1,367.4	
1967	863.4	536.8	1,400.2	

The following is a list of the names of fishes showing within brackets their production in metric tons in 1966 and 1967 respectively:

Elasmobranchs (37,428 ; 29,564) ; Eels (2,425 ; 2,534) ; Cat fish (22,564 ; 24,299) ; Chirocentrus (7,877 ; 9,015) ; Oil Sardine (2,52,700 ; 2,59,102) ; Other Sardine (59,075 ; 32,202) ; Hilsa Itisha (1,542 ; 1,106) ; Other Hilsa (8,432 ; 6,835) ; Anchoveilla (26,677 ; 29,237) ; Thriissocles (8,831 ; 9,222) ; Other Clupeids (23,260 ; 22,332) ; Harpodon Nehereus (77,362 ; 74,882) ; Saurus (2,205 ; 1,768) ; Hemihampus and Belone (1,831 ; 1,485) ; Flying Fish (3,699 ; 3,094) ; Perches (12,136 ; 8,422) ; Red mullets (4,692 ; 1,358) ; Polynemids (4,589 ; 2,654) ; Sciaenids (25,999 ; 24,458) ; Ribbon Fish (45,110 ; 29,433) ; Caranx (19,680 ; 24,337) ; Chorinemus (3,473 ; 2,836) ; Coryphaenas & Elacate (314 ; 649) ; Trachinotus (22 ; 10) ; Leonathus (39,834 ; 43,769) ; Gazza (48 ; 54) ; Lactarius (5,872 ; 8,669) ; Pomfrets (17,832 ; 27,460) ; Mackerel (31,960 ; 29,194) ; Seer Fish (10,111 ; 9,917) ; Tunnies (3,063 ;

3,683) ; Sphyraena (1,069 ; 4,403) ; Mugil (1,488 ; 3,155) ; Bregmaceros (2,659 ; 2,107) ; Soles (7,431 ; 6,072) ; Penaeid Prawns (55,487 ; 62,170) ; Non-penaeid Prawns (35,432 ; 29,639) ; Other Crustaceans (3,716 ; 6,299) ; Cephalopods (997 ; 526) ; Miscellaneous (22,968 ; 24,732) ; Total marine (8,89,942 ; 8,63,443) ; Total Inland (4,77,458 ; 5,36,800) ; Grand Total (13,67,400 ; 14,00,243).

The total landing of marine fish by States for 1966 & 1967 is shown below :

		(In tonnes)	
		1966	1967
Bengal & Orissa	9,796	18,953
Andhra	80,071	76,054
Tamil Nadu (including Pondicherry)	1,47,530	1,32,505
Kerala	3,46,729	3,64,129
Mysore	65,639	49,185
Maharashtra	1,34,257	1,33,302
Gujarat	89,339	75,633
Goa	24,600	12,460
Andaman (South)	330	410
Minicoy & Laccadive Islands	660	812
Total	8,89,942	8,63,443

RESEARCH

Research in Fisheries is carried out primarily under the aegis of the following main central stations.

Central Inland Fisheries Research Institute, Barrackpore ; Central Marine Fisheries Research Institute, Mandapam, Tamil Nadu ; Central Institution of Fisheries Technology, Ernakulam, Kerala State.

The fishery research institutions have been brought under the jurisdiction of the reorganised ICAR.

MARKETING

For the improvement of fish marketing, six refrigerated railway vans are running—two at Palasa (Orissa)-Calcutta route, two in Calicut-Madras and two in Vijayawada-Howrah. Three more such vans are under construction. These vans have highlighted the need for more such vans not only on these routes but on others as well. Arrangements are, therefore, being made for the construction of six more refrigerated vans.

To meet the urgent requirements of refrigerated road transport, arrangements were made for importing 26 road vans. A few such trucks were also fabricated locally. Six ice and cold storages were established one each in Gujarat and M.P., two each in Kerala and Orissa. Work on four freezing plants with provision for frozen storage one each in Andhra, Goa, Kerala and Orissa is being completed. During the year 1966, 25 ice plants, 19 cold storages, 6 walk in coolers and 4 freezing plants were established and 26 out of 50 ice plants, 50 cold storages, eight freezing plants and 11 storages were under construction. Four ice plants and 11 cold storages were completed during the year.

Exports : During 1965-66, '66-67 and '67-68 India exported 15,000, 20,000 & 20,000 tonnes of fish and fish products valued at Rs. 97.2, Rs. 111.0, and Rs. 147.5 million respectively.

TRAINING

The first two-year course for training District Fishery Officers in all aspects of fisheries, both marine and inland was imparted at the Central Institute of Fisheries Education at Versova.

For training fishermen there are centres at Satpati near Bombay, Veraval in Saurashtra, Cochin in Kerala and Tuticorin in Tamil Nadu. New training centres are being opened at Mangalore in Mysore State and at Kakinada in Andhra Pradesh. At these centres batches of 20 candidates are admitted for 6 months training.

The Central Deep sea Fishing Station at Bombay gives training in modern fishing methods. At the Central Institute of Fisheries Operatives, Ernakulam, the first batch of trainees for the Master Fisherman's Certificate Course and 34 for the Engine Drivers Course completed their training. In order to meet the additional requirements of fishery operations in the Fourth Plan, three more training units are proposed in suitable centres. A training course for boat building foremen and gear technicians has commenced from July 1966. The Marine Products Training Centre, Mangalore (started with Japanese collaboration) provides training in canning, freezing, microbiology etc.

FOREIGN AID

The FAO, TCM and Indo-Norwegian Foundation continued to give valuable technical assistance. During the year (1963) the country had the services of four fishery experts, one under Colombo Plan on continuing resources survey and three under FAO/ETP one each on fishery administration, Tuna fishing and trawling.

FISHING HARBOUR

The construction of the fishing harbours at Veraval (Gujarat), Nagapattinam and Cuddalore (Tamil Nadu), Baypore (Kerala), Bhatkal (Mysore) and Vishakapatnam is completed. Construction of such harbours at Porbunder, Umbergaon, Karwar (Mysore), Balapatnam and Vizhinjam (Kerala) and Kakinada (A.P.) is in progress. Eight fishing harbours have been constructed at Jaffrabad and Navabundar (Gujarat), Kagalhimmi (Mysore), Kakinada (Andhra) and Azhikode and Ponnani (Kerala). Another eleven at Porbunder, Jaffrabad (2nd stage) and Umbergaon (Gujarat), Karwar, and Mangalore (Mysore), and Cannanore, Baliapatnam and Vizhinjam (Kerala) is in the process of completion.

ANDHRA PRADESH

Andhra Pradesh has a coast-line of about 600 miles. The continental shelf extends to 20 miles on an average with a fishable area of 12,000 sq. miles. There are 350 fishing villages in seven marine districts of A.P. with 1,80,000 fishermen having 20,000 boats and 61,000 fishing gear.

The fish production of the State is estimated at 1,58,000 metric tons of marine fish and 84,500 metric tons of inland fish annually.

Marketing : Fish is being exported to Orissa and West Bengal. By the export of fish to West Bengal, there is substantial saving in foreign exchange expenditure due to import of fish from Pakistan.

Cooperatives : There are 472 fishermen cooperative societies with a membership of 49,643 and a share capital of Rs. 5,43,237 including six Marketing and 2 Apex Central Societies.

GUJARAT

Gujarat has a coast line of over 1,000 miles extending from Lakhpat in the north to Umbergaon in the south.

It has a total fishable area of 26,000 sq. miles including the Gulf of Kutch and Gulf of Cambay.

There are 51 important fishing ports and 125 other small roadsteads and fishing hamlets. No. of fishermen 2.5 lakhs; no. of active fishermen 30,000; no. of fishing vessels used in estuarine, coastal and offshore fishing: about 4,400 ranging from 1 to 15 tons. Total capital invested in fishing boats, engines, fishing gear and other accessories by fishermen and their co-operatives amounts to Rs. 2.5 crores.

Total landings in 1967-68: 1.13 lakh metric tonnes worth Rs. 5.23 crores. Local consumption in the State: 28,000 tons. Balance is exported to Bombay, Delhi, Calcutta, Ceylon, Burma, Mauritius and Singapore. Value of fish exported to foreign countries: Rs. 4.50 lakhs.

Inland fisheries are restricted to the districts of Baroda, Kaira, Panchmahals, Mehsana, Banaskantha, Kutch, Broach, Surat and Dangs. There are 2,300 fishermen engaged in inland fisheries. 30 lakhs of fish seed of major carps were supplied to the pisciculturists during 1967-68. Two fish farms and eight fish seed centres have been established.

Per capita earning of fishermen: Rs. 875 a year.

No. of ice factories 84; ice production 1,032 tonnes a day; no. of cold storages available 13; no. of mechanised boats: 1,259 (June, 1968). Quantity of fishing twine supplied: 40,000 kgs. Service stations 3; fishery schools: one each at Baroda, Bhadbhut, Umarsadi and Kolak; Cultural centres 27; Shark liver oil extraction centres 3; fish meal plant: one at Jaffrabad; Govt. of India institutions in the State: Marine Fisheries Research Station at Veraval; Survey Centre at Veraval; Offshore Fishing sub-station at Veraval; Central Institute of Fisheries Technology at Veraval.

The State has 85 co-operatives with about 14,500 members.

A research wing has been opened in the Directorate to conduct research on the offshore fisheries.

KERALA STATE

Kerala State, with 590 Kms. of sea-coast has contributed 84.9 per cent of the export earnings during 1967-68. Oil sardine, Prawns, Horse Mackerel, Soles, Lactarius, Shark are the most important marine fishery and Prawns Barbus, L Calbasu, Clarius, Mullet, Etroplus, Murels etc. are major inland fishery during the year 1967-68. Nearly 13,800 big and small non-mechanised canoes, about 8,500 catamarans and nearly 1,500 mechanised boats using over 45,000 fishing gears of different types and size, thousands of hooks and lines are in operation.

The estimated landing of fish in the State in 1967 is 2,53,269.8 M. Tons of which 9,192 M. Tons are contributed by Inland water fishes, the rest 2,44,077.8 M. Tons being sea fishes. This quantity is valued at Rs. 9,27,43,067 of which Rs. 90,09,849 are from inland fisheries. About 70 per cent of the people are estimated to be fish eaters. At the most only 55 per cent of the total production is consumed as fresh fish, 13 per cent as sun-dried and salted, 20 per cent as frozen and canned, the rest being converted as fish manure or fish meal. The important items of fishery exports are frozen, canned and dried fish.

There are five Fishermen Training Centres at Vizhinjam, Neendakara, Ernakulam, Baypore and Cannanore to train able bodied fishermen in the use of mechanised fishing crafts and modern fishing equipment. On an average 200 trainees are getting training in these 5 centres. 1,762 persons have undergone training till date. Mechanised

boats, Nylon etc. are distributed at subsidised rates through the Malsya Ulpadaka Co-operative Societies.

There are at present 536 primary Societies and 194 credit societies. 17 Marketing Societies (including 2 Federations) are working. Their distribution is: Two in Trivandrum District, two in Quilon, two in Alleppey, three in Ernakulam, two in Trichur, one in Palghat, two in Kozhikode and three in Cannanore.

There are 6 Research Stations in the State engaged in the research of marine, estuarine and fresh water fisheries.

There are 4 brackish waters fish farms one fresh water fish farm and nine major reservoir fishery centres.

TAMIL NADU

Tamil Nadu has a coastline of 997.47 kilometres with 9,000 square miles of inshore waters and a continental shelf of about 30,000 square miles and about 19,52,279 acres of inland waters. There are about 3.75 lakhs of fishermen spread over 415 inland and 308 marine fishing villages of the State. There are at present about 28,000 catamarans, 609 mechanised fishing boats, and about 82,000 fishing nets of different types and 2,18,000 hooks and lines.

The estimated landings of marine fish in 1967-68 were about 2,04,910 tonnes valued at Rs. 2,305.31 lakhs. The estimated landings of inland fish from various inland waters were about 1,15,935.66 M. Tons valued at Rs. 731.17 lakhs.

The four marine biological stations, Ennore, Krusadai Island, Tuticorin and Kanya Kumari, the three technological stations at Tuticorin, Nagapattinam and Kanya Kumari and the Fresh Water Biological Station at Bhavanisagar and Hydrological Station at Madras do research on fisheries problems.

The Pearl and Chank fisheries of Tamil Nadu are state monopolies and yield substantial revenue besides supporting a large population of skilled divers. About five lakhs of chanks are fished every year in the departmentally operated Tirunelveli Chank Fishery, yielding a revenue of about Rs. 10 lakhs.

A quantity of 476.75 lakhs of fingerlings was collected during the year 1967-68.

For providing suitable landing and berthing facilities, fishing harbours have been constructed at Cuddalore and Nagapattinam.

As on 1-8-1968 five fish curing yards are maintained by the Government wherein good quality salt is supplied to fishermen at subsidised rates for curing fish hygienically under the technical supervision. A quantity of 1,954.234 tonnes cured fish was released from the yards during the year 1967-68.

18 Cold Storages and four walk-in-coolers are provided at important fish landing centres and at fish markets.

A fish canning factory and a fish meal plant are working at Tuticorin.

This Department owns a fleet of 35 vehicles for the fishermen cooperative societies.

The Fisheries of major reservoirs formed by hydel and irrigation projects have been taken over by the Fisheries Department for development and exploitation.

There were 178 inland and 267 Marine Fishermen Co-operative Societies, 8 Fishermen Cooperative Federations and 9 Fishermen Cooperative Marketing Unions during 1967-68.

There are six Fisheries Training Centres at Tuticorin, Nagapattinam, Cuddalore, Mandapam, Colachel and Madras training 50 fishermen per batch.

The Craft Research Unit at Madras is conducting experiments on the fishing crafts and studies on the development and possibility of mechanising all country crafts.

An aquarium is located at Madras.

MAHARASHTRA

Maharashtra State has a coast line of 700 km. extending from Reddi in the south and ending at Zai in the north and aligning the maritime districts of Thana, Kolaba, Ratnagiri and Greater Bombay.

Catch of fish from marine and inland resources during 1967-68 was estimated at 2,40,900 tonnes and at 13,200 tonnes respectively. Value of marine catch to producers was estimated at Rs. 12.18 crores during the year 1967-68.

Out of 2.6 lakhs of fisher community, 52,100 fishermen are actively engaged in the industry, 32,100 in marine fisheries and 20,000 in inland areas.

Fishing crafts: Total number of vessels: 10,617.

Fishery survey: Four medium sized trawlers of the department have completed survey of 12,431 sq. km. of sea, between Ratnagiri, Kolaba & Thana which resulted in the gainful exploitation of fishing with Trawl nets.

Trawler Fishing: 150 mechanised vessels have successfully taken to trawling in the private sector, and four 36 trawlers for exploitation of deeper and farther seas.

Fish farms: The three fish farms one each in Bhandara, Kolaba, and Poona districts and 30 nursery units serve as a composite unit for demonstration of scientific methods of fish culture, biological studies of culturable varieties of fishes under controlled conditions and fish seed production centres. One more fish farm at Parbhani is constructed.

Fisheries Technology: Technological work on fisheries is carried out at the Fisheries Technological Laboratory at Sassoon Docks.

In the year 1967-68, sale proceeds of Shark Liver Oil products and fish meal amounted to Rs. 20,11,972. The production of neat shark liver oil with Vitamin 'A' potency 8000 I.U. was 38,362-litres.

The departmental fish canning plant, produced 62,814 fish cans in the year 1967-68.

The fish meal plant of the Government of India, recorded a sale of 807 metric tonnes of fish meal during 1967-68.

There are at present 66 ice factories and cold storages in the State with cold storage capacity of 1,834 tonnes.

Government continues to grant financial assistance to fishermen's Co-operative Societies for establishment of ice factories, cold storages and quick freezing plants.

Fishery education: The department has under its control eight fisheries vocational schools, one each at Satpati and Navapur, District Thana, Karanja and Bagmandla in the Kolaba District, Ratnagiri Sakrinat, Mithbao and Tarkarli in the Ratnagiri District. Total number of pupils in these schools is about 4,085. No fees are charged to pupils and text-books are provided to deserving pupils free of charge.

The Fisheries Department has also established a fisheries high school at Satpati, District Thana.

The departmental training centres are established at Versova, Ratnagiri, Alibag, Kolaba, and Bassein.

Mechanisation of fishing craft: Under this scheme financial assistance in the shape of loan and subsidy was

so far being granted to groups of fishermen for purchase of engines and winches and construction of boats, decked boats and decking.

Government assistance to the fishing trade: Financial assistance: loan of Rs. 26.77 lakhs, subsidy of Rs. 22.20 lakhs and Non-redeemable share capital of Rs. 9.66 lakhs were disbursed during the year 1967-68.

Taraporevala Aquarium: During the year 1967-1968, 7,20,909 persons including foreign dignitaries visited the aquarium.

Research & Investigation: The fisheries department has well equipped research stations at Bombay and Ratnagiri, where research is carried out on fisheries of regional importance and such aspects of marine biology as have a direct bearing on fisheries.

During 1967-68 as against the budget provision of Rs. 85,33,000 an expenditure of Rs. 69,00,000 was incurred on plan schemes.

Budget: Initial budget of the department for the year 1967-68: Rs. 1,92,76,000.

MYSORE

Inland Fisheries: There are about 30,000 minor tanks, 2,700 major tanks, 17 reservoirs and about 3,800 miles of rivers in the State.

Inland Fisheries development is extended to all over the State.

Artificial Fish Breeding Centres: Tungabhadra fish farm, Hessarghatta fish farm, Neerasagar fish farm, Vanivilas Sagar fish farm.

An Inland Fisheries Research Station has been started at Bangalore with field laboratories at important inland centres.

The estimated fish production at present from the inland resources is nearly 35,000 metric tons and the revenue in the form of direct realisation from exploitation of fisheries, through the sale of fishery rights, issue of licences, etc., is about Rs. 1,50,000.

Acreage of inland waters in the state is 10,20,000 (approximate). Inland fishermen population is estimated at 6,00,000.

Marine Fisheries: Mysore State has 200 miles of coastline on the Arabian Sea. Along this sea coast, there are many fishing villages, the most important of them being Karwar, Ankola, Kumta, Honnawar, Bhatkal, Majali, Bingi Chendia, Gangolli, Malpe, Udiyavar, Bokapatnam and Mangalore.

More than 40 varieties of sea fishes are landed out of which the most important are Sardine, Mackerel, Seer and Sharks and Prawns. The total fish production on Mysore coast is over 20 per cent of India's marine fish production.

The total landings on the Mysore coast is 1.28 lakh metric tons. Nearly 400 tons of frozen and canned prawns valued at about Rs. 40 lakhs are exported.

Value of fish exploited:—

Quantity of fish in metric tons and the approximate value:—North Kanara: 73,358; Rs. 2.81 crores; South Kanara: 42,225; Rs. 2.21 crores.

There are about 20,000 fishermen actively engaged in fishing, about 6,500 boats and about 37,000 nets. The number dependent on the fishing industry is estimated at over 1,00,000.

Average catch per fisherman per annum on Mysore coast 5.75 tons.

Capital value of the industry together for North and South Kanara districts is estimated at Rs. 2.5 crores.

No. of fish curing yards:—North Kanara: 15; South Kanara: 15.

Under Indo-Norwegian project, work on providing harbour facilities, training of fishermen, boat construction and setting up of processing facilities have been taken up. At the Marine Products Processing Training Centre, Mangalore, training of technicians in fish (food) processing technology has been taken up in collaboration with Japan. It is expected that the collaboration projects with Norway and Japan will continue in the Fourth Plan. An applied nutrition programme sponsored by the UNICEF has been introduced.

ORISSA*

Kinds of sea fish caught: White Baits, Silver bellies, Jew fish, Seer fish, Ribbon fish, Perches, Sardines, Mackerel, Flat fish, Silverbar, Glass fish, Pomfret, Bombay duck, Catfish, Threadfins, Sharks, Rays, Skates and Eels, many types of clupeids like Pelone, Megalops, Indian shed etc. besides crustaceans such as Prawns and Lobsters.

Kinds of estuarine fish caught: Hilsa, Megalops, Elopes, Perches, Mulletts, Milk fish, Catfish, Threadfins, Pomfrets, Shrimp, Croackers, Sawfish, Sharks, Rays etc. besides crustaceans like Prawns and Crabs.

Kinds of Inland Fish caught: Major Indian Carps, such as Rohu, Mrigal, Catla and Calbasu, the minor carps, Mahaseer, Catfishes like Wallago (Boalfish), Silondia, Pangus, Mystus, Bagarius, Perches, Murrels, many types of mud fishes, minnows, feather backs etc.

Important Marine fishing centres: Pattisonapur, Markandi, Gopalpur, Prayagi, Aryapalli in Ganjam district, Arkhakuda, Puri and Konark in Puri district, Paradeep in Cuttack district, Chandnipal, Aruhabad, Eram, Chandipur and Kirtania in Balasore district.

Important Estuarine Fishing centres: Sonapur and Surala (Bahuda estuary in Ganjam Dist.). Damodarpur and Gajapatinagar (Rusikulya estuary in Ganjam). Rambha, Keshpur, Chilka, Balugaon, Gangadharapur, Kuhuri, Kaluparaghat, Bhusandapur and Satpara in Chilka area. Astaranga and Machagaon in Devi river estuary, Kujanga, Jatadhara and Hookitola in Mahanadi estuary, Satbhaya, Chandinipal, Karanjmal in Dhamra estuary and Kirtonia in Subarnarekha estuary in Balasore district.

Important inland lake and reservoirs: Hirakud reservoir in Sambalpur district, Ansupa lake in Cuttack district, Bhanjanagar and Surada reservoir in Ganjam district.

Processing Plants: Fish canning factory — Majhidiha; Fish freezing plant-cum-frozen storage — Majhidiha, Paradeep.

Preservation: In Orissa there are 8 ice plants-cum-cold storage in marine and inland fishing centres, 12 walk-in-coolers for preservation in smaller quantities and 2 mobile-flake ice plants.

Transportation: There is a refrigerated van, besides a few insulated vans for special fish transport.

Marine fishermen cooperative societies (Districtwise): Balasore — Paschimbad, Adhuan, Aruhabad and Balasore; Ganjam — Sonapur, Pattisonapur, Gopalpur, Markandy; Puri — Puri.

* Production during 1967-68: Riverine spawn 3,001 cups; induced breeding carp spawn 388 cups; Fry 239 lakhs; marine fish (edible) 415.5 M tons; disposal of canned products 738 kgs; production of ice 1,400.5 tons.

Important Inland Fish farms : Kausalyaganga, Brickfield (Puri), Pipli, Laxmisagar, Kiakani and Kanjia (Baranga) in Puri District ; Chaudwar, Killa (Cuttack), Barimul and Jajpur in Cuttack District ; Dighi (Balasore), Amarda, Kathapal (Mayurbhanj), Digdan (Keonjhar Dist.), Angul (Dhenkanal Dist.), Sambalpur, Barapalli and Bomlei (Sambalpur Dist.), Bolangir, Loisinga and Sonepur (Bolangir Dist.), Humari, Berhampur, Balguntha, Parlakhemedi in Ganjam Dist., Jeypore in Koraput Dist., Bhawanipatna and Kokasara in Kalahandi Dist., Phulabani in Phulabani Dist. and Sundergarh in Sundergarh District.

Aquarium : There is a small experimental aquarium attached to the Fisheries Department at Cuttack.

Research has been completed on the manufacture of agar-agar and hydrolised protein. Production of biscuits and tablets from concentrated fish protein is in progress.

WEST BENGAL

Kinds of sea fish caught : Pomfret, Bhetki, Mackerel, Prawn, Tropsi, Hilsa, Chanda, Bhola, Bombay Duck, Ribbon, Shark, Rays, Rock Cod, Skate, Eel, Cat fish, Phasa, etc.

FORESTS

TOTAL forests : 302,688 sq. miles. Percentage of Forests to Land : 21.8. Per capita forest area will be about half an acre.

Financial return per acre of forest : Rs. 2.60.

The forests are unevenly distributed and the production is also proportionately low, being only 2.5 c.ft per acre per year as compared to 56.8 c.ft. in France, 37.3 c.ft. in Japan and 18.1 c.ft. in U.S.A.

Private forests : In Assam 400 sq. miles (in Khasi and Jaintia Hills), Orissa 600 sq. miles mostly in zamindari agencies, Punjab 340 sq. miles in scattered units, and Himachal Pradesh 29 sq. miles in Jabbal Division.

About 16 per cent of the total forest area is inaccessible and 45 per cent of these could yield timber and other forest produce.

'Forests' are a State subject.

The Government of India, however, are responsible for forest research and forest education. The Ministry of Food and Agriculture in the Government of India co-ordinates forest activities in the country, but no forests are directly worked by it except the Andaman forests. The Inspector-General of Forests is their technical adviser in forest matters.

EDUCATION AND RESEARCH

Forest research and education are centralised in the Forest Research Institute and Colleges located at Dehra Dun. The Institute is recognised by the F.A.O. as a Centre for training in Forestry for South-East Asia.

The Forest Research Institute and Colleges are under the administrative control of the Ministry of Food and Agriculture of the Government of India. Its administrative Head is designated the President. It has under its control two Regional Forest Research Centres, one at Bangalore and the other at Coimbatore to deal with the special problems pertaining to the area.

The institute was reorganised into four directorates working under the President, viz., 1) The Directorate of

Total quantity of fish caught in 1966-67 : 120,000 tonnes (based on internal production only).

Potential demand for fish in the local market : 5,10,000 metric tonnes (the State as a whole).

Gear used : Grill net, Drift net, Drag net, Fixed net, Herring trawl etc.

Ancillary industries like shark liver oil, gelatin, glue, fish-meal, and their production : One scheme for production of shark liver oil, fish-meal, processed fish and utilisation of other fish by-products is operated at Contai coast.

Extent to which production meets the demand : 20 per cent.

Budget allotment for the Department for 1967-68 : Rs. 7,480,000.

Research : There is one Freshwater Fisheries Research Station at Kalyani. There is one Technological Research Station at Junpat for production and standardisation of various fish bye-products and fish curing yards both at Junpat and at Fragergunge. Brackish Water Experimental Fish Farm at Junput, Hill-Stream Fisheries Research Station at Kalimpong and a number of Fish Seed Farms in a number of districts.

Forest Education, 2) The Directorate of Forestry Research having two branches the Silviculture Branch and the Logging Branch, 3) the Directorate of Forest Products Research having six branches, the Minor Forests Produce Branch, the Botany Branch, the Forest Pathology Branch, the Entomology Branch, the Wood Anatomy Branch and the Wood Preservation Branch and 4) the Directorate of Biological Research having six branches, the Wood Seasoning Branch, the Composite Wood Branch, the Cellulose and Paper Branch, the Timber Mechanics Branch, the Timber Engineering Branch and the Chemistry of Forest Products Branch.

Statistical Branch — This branch deals with the appropriate methods of collecting, analysing and then interpreting the numerical data in various fields of forestry and forest product research.

Service Branch — Engineering Services like the design of pilot plants, erection of heavy plant and equipment, advice in the selection of equipment, etc. are rendered by this Branch.

U. N. AID

The U.N. is expected to help India's Rs. 1,440-lakh project of scientific survey of forest resources from its special fund.

The U.N. is expected to contribute, mainly in the form of technical experts and equipment, including helicopters and aerial survey apparatus, to the tune of Rs. 40 lakhs.

Two of the U.N. aided projects are "Pre-investment Survey of the Forest Resources" and Establishment of Logging and Training centres. The first project costing Rs. 131 lakhs is assisted by Rs. 42.15 lakhs from U.N. special Fund to investigate the availability of forest raw materials for industrial development in three selected zones i.e. Northern, Central and Southern covering 11,500 sq. miles, assess the raw material requirements of wood based industries and to determine suitable areas for industrial plantations. Field work for ground sampling in all the three zones were completed during 1967-68.

Training courses in basic logging have been started in the Northern Zone (Dehra Dun), Central Zone (Chandrapur) and in the Southern Zone (Coimbatore). Training courses in the operation and maintenance of logging equipment, studies in planning and efficiency of logging operations and land milling and operation in cable ways are run at Dehra Dun, Chandrapur and Kula respectively. During 1967, 48 courses were conducted and over 500 persons were trained in the use of modern logging equipment and mechanised means of timber extraction.

FOREST PRODUCE

Forest produce is divided into two main heads—(1) Major produce, i.e., timber and firewood, and (2) Minor produce, comprising all other products, such as bamboos, canes, leaves, fruits, fibres, grasses, gums, resins, essential oils, medicinal and poisonous plants, fatty oils and fats, dyes, tans, animal and mineral products.

The annual output of timber is 274 million c.ft. and of firewood 700 million c.ft. At present annual import of wood and wood products is of the order of 40 million c.ft.

The bulk of the timber supply is used for railway sleepers, constructional requirements, furniture, plywood (especially for tea chests), matches, etc.; but the country imports timber for specialized uses such as jute and textile mill accessories.

Exports from India are limited to selected rosewood logs for high grade furniture to Europe, teak poles for the Middle East and a few other items.

A. N. Islands: From April to Dec. 15, 1966, about 33,000 tonnes of timber were extracted of which about 13,000 tonnes were shipped to mainland. About 1,200 acres (486 hectares) have also been brought under teak plantations under the scheme for raising industrial plantations.

Imports are regulated by protective or revenue duties and are restricted to such specialized items as are not really obtainable from local production.

PLANTATION SCHEMES

In order to meet this deficiency three important schemes, namely:

- (i) Plantation of quick growing species;
- (ii) Plantation of economic species (teak, sissoo, semal, etc.); and
- (iii) Plantations to be raised under the scheme of rehabilitation of degraded forests

will be taken up in the Fourth Plan. In addition, it is proposed to raise extensive wood plantations including the farm forestry and afforestation schemes for the soil conservation programmes.

The forests which would have to be cleared to raise the plantations proposed in the Fourth Plan are expected to make available approximately 4·8 million cubic metres.

TRAINING

The development programmes for forests proposed in the Fourth Plan cannot be implemented without adequate technical staff. The Indian Forest College at Dehra Dun, which is the only college in the country for training forest officers could, with great difficulty cope with the training of officers in the Third Plan. Provision to strengthen both the officers' and the rangers' colleges at Dehra Dun has been made in the Fourth Plan. A new ranger's college is also proposed to be started in central India, in addition to the existing colleges at Dehra Dun and Coimbatore.

AREA UNDER FORESTS

(See under each State)

AGRICULTURE

SOME major facts about Indian agriculture (1965-66): Total geographical area according to village papers (reporting area): 305·6 million hectares; area not available for cultivation (including forests, 60·2 million hectares, land for non-agricultural uses and barren lands, 15·3 and 35·4 million hectares respectively); other uncultivable lands like permanent pastures and grazing lands, land under free crops and cultivable wastes; 36·2 million hectares; fallow land: 22·6 million hectares: net area sown: 135·8 million hectares; area sown more than once: 19·1 million hectares; gross area sown: 154·9 million hectares; net area irrigated: 26·44 million hectares & gross area irrigated: 30·92 million hectares.

Average rainfall 45"; deficiency of 25 per cent is classed dry; deficiency of 40 per cent severe drought; usually one year in five is a dry year, one in ten, a year of severe drought, one in 20 to 25 years widespread severe drought.

AREA AND PRODUCTION

The names of crops, area in '000 hectares and production in '000 tonnes respectively during 1967-68 are given below: Rice: 36,722; 37,858; Wheat: 14,917; 16,568; Barley: 3,326; 3,469; Maize: 5,577; 6,275; Jowar: 18,630; 10,107; Bajra: 12,539; 5,132; Ragi: 2,531; 2,031; Small Millets: 4,756; 1,912; Total cereals: 98,818; 83,352; Gram: 8,236; 6,042; Red grams: 2,681; 1,175; Mashor Urud: 1,641; 494; Mung: 1,949; 589; Moth: 1,879; 358; Beans and Peas: 962; 885; Kulthi: 1,665; 484; Masur: 484; 204; Khesari: 509; 75; Other pulses:

667; 289; Total pulses: 22,666; 12,236; Total foodgrains: 121,484; 95,588; Sesamum: 2,687; 422; Groundnut: 7,553; 5,829; Rape and Mustard: 3,204; 1,482; Linseed: 1,671; 398; Castor seed: 390; 107; Total Oilseeds: 15,505; 8,238; Coconut: 894*; 5,192*; Arecanut: 143*; 126*; Cashewnut: 202*; 160*; Cardamom: 80*; 4·0*; Sugarcane: 2,307; 9,959; Tobacco: 398; 344; Cotton: 8,047; 5,562; Jute: 885; 6,369; Mesta: 314; 1,130; Sanhemp: 182; 74; Pepper: 102; 23; Ginger: 22; 20; Chillies: 760; 487; Turmeric: 56; 118; Tea: 348; 383; Bananas: 210*; 3,732*; Potato: 504; 4,233.

INDEX OF PRODUCTION—ALL COMMODITIES

(Base 1949-50 = 100)

Year	INDEX NUMBERS OF PRODUCTION		
	Foodgrains	Non-foodgrains	All commodities
1966-67	123·8	148·5	132·0
1967-68	159·9	165·7	161·8

FOODGRAINS

Foodgrains production† in 1967-68 reached the record level of 95·6 million tonnes. This is over six million tons more than 1964-65 when the production was about 89·0 million tonnes.

* Figures per 1966-67.

† Production in 1968-69 is expected to maintain the same level of 1967-68.

RICE

Rice crop occupies the largest area in the Indian Union, about 35 million hectares. During 1967-68 the area under rice cultivation was 36.7 million hectares and the production was about 39.86 million tonnes.

Tamil Nadu, Bihar, Bengal, Orissa, Madhya Pradesh, Uttar Pradesh, Assam, Andhra, Maharashtra, Mysore, Kerala and Gujarat are the main rice growing States and they together claim about 95 per cent of the total rice area in India.

WHEAT

The area under wheat is about 12.6 million hectares. During 1967-68, the area under wheat was 14.9 mill. hectares and production 16.57 mill. tonnes. Wheat is grown widely throughout the north as a winter crop, U.P., M.P. and Punjab supplying over 72 per cent of the total outturn in the country. This crop occupies, on an average, about 10 per cent of the total cultivated area.

More than one-third of the crop is irrigated.

MILLETS

Jowar :—About 17 million hectares are grown under this to yield about seven million tons of grain. Maharashtra, Andhra, Mysore, M.P. and Gujarat contribute over $\frac{3}{4}$ of the natural acreage. The jowar area and production respectively during 1967-68 were 18.6 mill. hectares and 10.1 mill. tonnes.

Bajra :—Occupies about 11 million hectares to yield about 3.6 million tons of grains. U.P., Rajasthan, Punjab, Gujarat and Maharashtra are the chief growing tracts. The duration of the crop varies from about 2½ to 5 months. During 1967-68 bajra was cultivated in 12.5 mill. hectares and produced about 5.1 mill. tons.

Ragi :—Ragi occupies about 2.02 million hectares to produce about 1.02 million tons of grain. More than half the area is in Mysore, Tamil Nadu and Andhra. The area and yield during 1967-68 were 2.3 mill. hectares and 2.0 mill. tonnes respectively.

Other Millets :—The others grouped under lesser or minor millets form about $\frac{1}{4}$ of the total area under millets and are grown in about 4.4 mill. hectares and yield about 1.6 million tons of grain. The area and yield during 1967-68 were 4.7 mill. hectares and 1.9 mill. tons respectively. The most important among them are Kora or Kangri, Kodon, Cheena or Varagu, Oodalu, and Sawan.

Maize :—Maize is cultivated in India in about 4.7 mill. hectares to produce about 4.7 mill. tons of grain. The major growing areas, U.P., Bihar, Rajasthan, Punjab and M.P. which between themselves account for about three-fourth of the maize area. The area and production during 1967-68 were 5.6 mill. hectares and 6.3 mill. tonnes respectively. The average yield is only about 10 mds. per acre. Seven hybrids (Ganga 2 and 3, Ganga Saffed, Ganga high Starch, Ranjit, Deccan and Himalaya) giving 56-70 per cent more than local varieties have been produced.

Barley :—During 1967-68 barley was cultivated in an area of 2.8 mill. hectares and the production estimate was 2.44 million met. tons.

Pulses :—Pulses are grown in over two million hectares producing over 12 million tonnes of grains.

COTTON

The area under cotton during 1967-68 was 8.047 mill. hectares against 7.8 hectares in 1966-67.

FRUIT

The total area under all fruits at the end of the Third Five Year Plan was 3.45 million acres as against 3.08 mill. acres at the end of the Second Plan.

Fruit products amounting to over 23,000 tons are now manufactured in the country. The I.C.A.R. has set up in 1967 a Central Horticultural Research Institute at Hessarghatta in Mysore for overall researches on the major tropical fruits viz. mango, banana, papaya, grapes, citrus and also on ornamental plants of commercial importance.

REGULATED MARKETS

One of the visible benefits of regulated markets, which work on democratic principles, has been the reduction in the market charges to extents varying between 29 to 50 per cent. The saving to the producer on this account is estimated to be Rs. 3 for every Rs. 100 worth of goods sold by him. Open auction system which yields better price to the producer has also been introduced in a majority of the markets. New market yards with modern amenities are also being provided.

The number of regulated markets was 1,811 and grading units 504 at the end of October 1967. Number of Statewise regulated markets and grading units in brackets were as follows: Andhra Pradesh 123 (48); Assam — (16); Bihar 141 (30); Gujarat 208 (55); Kerala 5 (5); Madhya Pradesh 155 (25); Tamil Nadu 86 (40); Maharashtra 348 (94); Mysore 155 (42); Orissa 49 (16); Punjab 243 (22); Rajasthan 131 (11); Uttar Pradesh 7 (15); West Bengal — (34); Tripura 1 (—); Delhi 3 (1); Himachal Pradesh 3 (4); Haryana 151 (1).

Marketing, Processing : The main features of the programme are:— (1) Linking credit with marketing in the form of marketing societies; (2) Developing, processing and distribution of farming requisites on co-operative lines, and (3) Promotion of storage and warehousing.

COLD STORAGE

The present capacity of cold storage in the country is about 2.5 million maunds provided by 200 cold storages mostly run by private traders. Permission has also been granted for the expansion of 99 cold storages and for setting up 223 new cold storages.

SOIL CONSERVATION

The co-ordination of soil conservation work between the States and Territories is achieved through the agency of the Central Soil Conservation Board in the Ministry of Food and Agriculture. Similar boards are also set up in most of the States and Territories.

During 1967-68, soil conservation programmes benefited an area of 13.37 lakh hectares of agricultural and forest land.

Altogether 10 research-cum-training centres under the jurisdiction of I.C.A.R. have been established at the following places:—

1. Ootacamund (Tamil Nadu) for erosion control in the Nilgiri and other hills;
2. Bellary (Mysore) for soil conservation studies in black soils;
3. Kotah (Rajasthan) with sub-centre at Agra for erosion control in the Chambal and Jumna ravines;
4. Jodhpur (Rajasthan) for afforestation in the Rajasthan desert;
5. Dehra Dun (U.P.) for studying problems of afforestation in the Sivalik hills with the sub-station at Chandigarh (Punjab)* for training *chos* (hill torrents);
6. Vasad (in the Gujarat tract) for erosion control in the ravines along rivers in Gujarat;
7. Chandigarh (outer Sivaliks);
8. Chatra (water shed management);
9. Agra (Yamuna ravines);
10. Ibrahimpatnam (Andhra) for tackling red soil problems.

Centrally sponsored soil conservation schemes were in operation in the catchments of 13 river valley projects in 14 States to reduce silt in dams and reservoirs.

* Composite State.

An Integrated All-India Soil and Land Use Survey Scheme has been executed by the Central Soil Conservation Board with four Zonal Centres at Delhi, Nagpur, Bangalore, and Haringhata, with effect from 1st March 1959. Under this scheme 5.57 lakh hectares were expected to be surveyed during 1967-68.

AGRICULTURAL EDUCATION

Eight agricultural universities of the pattern of Land Grant Colleges have already been established in Bengal (Kalyani), in Orissa (Bhubaneswar), Punjab (Chandigarh), Rajasthan (Udaipur), U.P. (Pantnagar), Andhra (Rajendranagar), Madhya Pradesh (Jabalpur), and in Mysore (Hebbal). Four more agricultural universities are proposed to be established during the Fourth Plan period including four in Maharashtra. The Indian Agricultural Research Institute, New Delhi, now declared as the only National institute for agricultural research in India also gives coaching and examination and tests for post graduate degree courses in agricultural diplomas. A total grant of Rs. 1.31 crores was released as grant for the development of agricultural universities during 1967-68.

There are 70 agricultural colleges in India.

LAND POLICY

The agrarian reforms undertaken by the various State Governments during the past few years fall generally into four broad classes:—

ABOLITION OF INTERMEDIARIES

The programme for the abolition of intermediary tenures has been almost entirely completed.

TENANCY REFORMS

The principal features of tenancy reforms are (a) security of tenure for tenants, (b) regulation of rent and (c) conversion of tenements into owners.

With the abolition of intermediaries, the tenures come under two broad categories, i.e. (i) owners who hold land directly from the State; (ii) and the tenants who hold land from owners. Their rights and obligations are regulated under tenancy laws enacted in the States. Thus the multiplicity of tenancy has been considerably reduced, and in most parts, tenants who hold land under intermediaries have now become owners of land.

Regulation of rent—Land revenue assessment: Legislation has been adopted in all States for the regulation of rent. The Plan recommendation is that it should not exceed one-fourth or one-fifth of the gross produce. But the rent fixed, however, varies with the State. Legislation has been enacted in all the States for regulating maximum rents which a landlord may receive.

Security of Tenure: Legislation providing security of tenure has been enacted in all the States.

Resumption: Legislation has been put through in most of the States prescribing a basis for the resumption of the land by the landlords.

Ownership Right for Tenants: Tenants were declared owners on payment of compensation to owners in almost all States.

Compensation to Landlords: Compensation payable by tenants for the acquisition or ownership varied from State to State except in the Punjab (where it is fixed at $\frac{3}{4}$ of the average market value). Compensation is generally a multiple of rent or land revenue. In Andhra (Hyderabad 6-15); Madhya Pradesh (Madhya Bharat: 2-8 of the net income of landlord); Ajmer: 12; former Vindhya Pradesh: 15; former Madhya Pradesh (7-10); Rajasthan (for unirrigated lands); 10 and Uttar Pradesh 10.

In the Travancore part of Kerala it is fixed at eight and a half times the net annual income.

The compensation is fixed as a multiple of the assessment in five States:—Gujarat and Maharashtra: 20-200 times of the assessment; Delhi: 20-40; Himachal Pradesh: 48 and Punjab (PEPSU): 90 times of the assessment. This compensation is generally payable in instalments (except in former Madhya Pradesh) spread over a period of 5-15 years.

FIXATION OF CEILING

Ceiling on Holding: Legislation placing ceiling on agricultural holdings has been enacted in all States and Territories except Punjab*. Though there is no outright ceiling on ownership in Punjab*, the Government is empowered to settle ejected tenants on lands under personal authorities of owners in excess of the prescribed limits.

State-wise existing and future agricultural holdings in brackets respectively in acres, allowed by any individual, are as follows:—Andhra Pradesh 27-324 (12-200); Assam 50 (50); Bihar 20-60 (20-60); Gujarat 19-132 (19-132); Jammu & Kashmir 22 $\frac{1}{2}$ (22 $\frac{1}{2}$); Kerala 15-37 $\frac{1}{2}$ (15-37 $\frac{1}{2}$); Madhya Pradesh 25-75 (25-75); Tamil Nadu 24-120 (24-120); Maharashtra 18-126 (12-126); Mysore 27-216 (18-144); Orissa 25-100 (25-100); Punjab* 30 Standard (30 Standard); Rajasthan 30 Standard (30 Standard); Uttar Pradesh 40 (12 $\frac{1}{2}$); West Bengal 30 Standard (30 Standard); Delhi 30 Standard (30 Standard); Manipur 25 (25); Tripura 25-75 (25-75).

SURPLUS LAND

As a result of implementation of legislation for ceilings on holdings considerable acreage has become surplus and allotted to tenants etc.

In Assam, Bihar, Delhi, Gujarat, Madhya Pradesh, Maharashtra and parts of Tripura provisions of the Bill have been enforced and implementation is progressing.

CONSOLIDATION

(a) **Size of Holding:** The average size of a holding for the whole of India is 7.5 acres, but this varies from State to State: Assam 5.3 acres, Bihar 4.1 acres, M.P. 13.9 acres, Tamil Nadu 9.7 acres, Orissa 5.6 acres, Punjab 11.8 acres, U.P. 5.3 acres, W. Bengal 4.7 acres.

Kashmir 3.8 acres, Kerala 2.4 acres, Mysore 7.2 acres, Rajasthan 16.9 acres.

The majority of the holdings will be less than 5 acres, a great majority indeed less than 2.

The proportion of households that held either no land or less than five acres was about three fourths, and the total share was about one-sixth of the whole area of cultivated land.

Legislation has been enacted in most of the States and in the Delhi and Himachal Pradesh Territories for prevention of holdings and consolidation of fragmented holdings. Consolidation was completed over 54.9 million acres by the end of the fourth year of the Third Plan.

In the Fourth Five Year Plan† it is proposed to spend Rs. 100 million for subsidy and loans to new settlers and Rs. 320 million for consolidation of holdings to extend the programme to another 56 million acres.

CO-OPERATIVE FARMING

The main purpose of such type of farming is to secure economy in the use of machinery, and the advantages of large-scale farming.

STATEWISE AREA AND PRODUCTION

For classification, area & production of foodgrains, and area and production of oilseeds, spices, fibre crops and cash crops, statewise see under each State.

* Composite State.

† As originally conceived.

POPULATION*

Note :- Unless otherwise stated the following article is based on the 1961 census which is the latest.

WITH only 2.4 per cent of the world's land area, India had a population of about 518 million in 1968. Population grows roughly at the rate of 2.3 per cent (i.e., about 12 million) a year.

CENSUS 1961

The population of India has registered an unprecedented increase of 21.5 per cent from 359 million in 1951 to 439 million in 1961 according to the 1961 census figures.

The number of cities with a population of more than a million has gone up from five to six or seven, the number and the order of precedence varying with the definition adopted.

URBAN DENSITY

Greater Bombay ranks first with 4.15 million and Calcutta second with 2.93 million, Delhi (including New Delhi, Shahdara and the Cantonment) third with 2.34 million, Madras fourth with 1.73 million, Hyderabad fifth with 1.25 million, and Ahmedabad sixth with 1.15 million.

If, however, the population of Calcutta (including 34 contiguous urban townships in a compact area of 164 sq. miles) is aggregated, "Greater Calcutta" ranks first with 5.55 million inhabitants. Similarly, "Metropolitan Bangalore" has a population of 1.21 million.

The density of population for the country works out to 370 per square mile as against 312 in 1951.

The highest urban density is to be found in Calcutta city (75,038). This compares with 22,293 per square mile in Greater Bombay and 55,208 in Madras.

The City-Sadar-Paharganj area of Delhi, however, has a density of 143,185 persons per sq. mile and the Karol-bagh-Patel Nagar area of Delhi a density of 74,195. According to the final census reports these two areas "can be counted in the forefront of the world's highest density areas."

The highest increase in urban population during the last ten years has been recorded in Assam (116.69 per cent). Orissa comes next with 87.02 per cent, followed by Bihar, 49.08 per cent. Madhya Pradesh showed an increase of 47.76 per cent while Kerala 42.44 per cent.

GROWTH OF POPULATION FROM 1901-1961

Years	Persons	Percentage (Approx.)
1901	236,281,245	..
1911	252,122,410	+ 5.73
1921	251,352,261	— 0.31
1931	279,015,498	+ 11.01
1941	318,701,012	+ 14.22
1951	361,129,622	+ 13.31
1961	439,235,082	+ 21.50

+ denotes increase; — denotes decrease.

Note :—In calculation of excess and defects and their percentages, rainfall figures are taken correct to 0.1 mm.

LIVESTOCK

THE total livestock population in India (excluding poultry) is placed at 343.7 million, according to the 1966 livestock census as against the 1961 census figure of 336.4 million, an increase of 2.2 per cent. About half of this is cattle amounting to 175.99 million, sheep 40.0 million, goats 64.5 million, Buffalos 52.9 million and poultry 115.0 million, horses and ponies 1.1 million, pigs 4.9 million, camels 1.0 million and other livestock 1.1 million. The net contribution of livestock to the national income at present is estimated to be over Rs. 30,000 million excluding Rs. 4,000 million contribution in terms of bullock/draught power. Their foreign exchange earnings were as much as Rs. 880 million in 1966-67 amounting to 8 per cent of the total foreign exchange earnings of the country and about 29 per cent of such earnings from important agricultural commodities and products.

Meat from livestock is a valuable source of protein; about 0.9 per cent of the total cattle population is slaughtered for meat, and 36 and 32.5 per cent of the goat and sheep population respectively. The annual production of meat from goat is about 0.15 million tons and that of

mutton 0.11 million tons. Production of beef, buffalo flesh and pork amounts to 0.12, 0.09 and 0.02 million tons respectively. The total annual production of meat from all species is estimated to be over 0.46 million tons valued at Rs. 1,000 million.

CATTLE

Among the well-defined breeds of cattle (25 and 8 of buffaloes), three broad divisions are: dairy or milch and draught cattle and those that serve a dual purpose.

Dairy Milch :—The Sahiwal, the best milch breed, are responsive to environment, have an yield of 4,000 lbs. a year. The Sindhi are also responsive to environment, the Gir in Saurashtra and Rajasthan have an yield of 3,700 lbs. a year. In the order of the productivity of milk the cattle may be arranged as follows: the Sahiwal, the Kankrej, the Ongole.

Draught :—The Amritmahal Hallikar (Mysore) are good for draught purposes but are poor milkers.

Dual :—The Galo in Madhya Pradesh are draught animals but also good milkers, 3,000 lbs. The Kangayam

in the south and south-east of the country are powerful draught animals of average milk yield. The Kankrej, are essentially draught but have milk potentialities (3,000 lbs.); they belong to Gujarat. The best known in this group are the Haryana (Punjab, 3,000 lbs.), Tharparkar (Gujarat and Rajasthan, 3,000 lbs.), and Ongole (Andhra).

The best known breeds of buffaloes (26 in all) are the Murrah, Nili and Ravi of the Punjab, the Jufferbadi of Kathiawad, Mehsana of Gujarat, Nagpuri of Vidarbha and the Surti and Pandharpuri (a type of Nagpuri buffaloes) of Maharashtra. All except the Nagpuri are noted dairy breeds. Murrah is adapted to all climates. They also yield on an average about 3,000 lbs. of milk for over 300 days in a year.

The average annual milk yield of a buffalo is 1,100 lbs. against 413 lbs. of the Indian cow. Buffalo milk being one and a half times as rich in fat content as cow milk, is more valued for butter and ghee production. Buffaloes are also better utilisers of coarse fodder and are less expensive to keep.

It is estimated that contribution of draught power in terms of rupees is about four hundred crores. The area cultivated by a pair of working animals is about 8.16 acres.

Livestock Development is stepped up through special schemes such as key village blocks with cattle breeding farms and arrangements for bull rearing, artificial insemination, subsidised calf rearing and also Goshalas and Gosadans.

Cattle Development Programmes; Achievement during 1966-67 and 1967-68 respectively: Key Village Blocks (Nos.): (a) Established (15; 17); (b) Expanded (16; 12); (c) Central semen collection stations (—; —); (d) Marketing Cell (—; —); Subsidised rearing of calves (Nos.) (—; 1,150); *Cattle breeding farms* (Nos.): Established (—; 3); Establishment of bull breeding farms (Nos.) (—; —); Goshalas. (Nos.) (—; —); Gosadans (Nos.) (—; 62); *Feed and Fodder* (a) Pasture demonstration plots (No. established) (—; —); (b) Pasturage improvement (—; —); (c) Farms for forage seed (—; —); (d) Forage production (Regional) stations (—; 3).

Intensive Cattle Development Programme

Intensive cattle development projects: Andhra 2, Bengal 1, Bihar 2, Gujarat 3, M.P. 2, Maharashtra 4, Tamil Nadu 3, Mysore 3, Orissa 1 and U.P. 3. This area development has been introduced also for sheep, poultry and piggyery.

Service Training Centres:—For the development of livestock six service training centres were established. The services of F.A.O. experts have been obtained to conduct four practical training courses of two months' duration each in artificial insemination and physiology of reproduction.

Feed and Fodder:—During 1966-67 the programme of feed and fodder resources operated in all the States except Nagaland and four Union Territories.

Salvaging:—Under the scheme for the salvage of superior calves from milk colonies, 1,150 calves of six months age and above were bought from Aarey and Haringhata milk colonies during 1967-68 and distributed freely to *bona fide* breeders.

Gosadans:—The Gosadan Scheme aims at the removal and segregation of old, unproductive and uneconomic cattle.

Gaushala Development: The object is to convert them into efficient milk production centres and to breed better cattle. Total number of gaushalas taken up for development since the initiation in the 2nd Five-Year Plan upto 1967-68 was 397 and they functioned.

SHEEP

India produces over 35 million kg. of wool annually accounting for 1.3 per cent of world's production, Rajasthan accounting for about 40 per cent of the production. Though annually an average 11 million kg. valued over Rs. 68 million are exported about 11 million kg. were imported in 1966-67.

Sheep also supply meat worth about Rs. 120 million every year in addition to pelts and manure. 15.3 million sheep skins are used in leather industry. An individual sheep contributes 0.5 to 0.7 tons of manure annually.

Research in sheep breeding is promoted in three major sheep rearing tracts, viz. Temperate Himalayan, North Indian Plains and in the Deccan Plateaux, to evolve strains of sheep which will yield wool for apparel and also for superior types of carpets.

73 sheep breeding farms were set up during 3rd Five Year Plan for producing quality stud rams and 459 sheep and Wool Extension Centres under rural flocks improvement programme. Under the special development programme (Crash programme) ten new sheep farms have been established, 20 of the existing ones expanded and 67,300 sheep were distributed amongst the farming committees of various States.

GOATS

Goats besides being the principal source of meat supply, also provide manure, skin, hair (Mohair) and milk.

Important breeds of Indian goats:—Himalayan Goats are found in the hills of Kashmir, Punjab* and Uttar Pradesh. These are mostly reared for mohair production and also for meat. The Pashmani goat of Kashmir produces an undercoat of very fine variety of hair which goes into the manufacture of shawls. The plain goats comprise some of the best mutton and milch animals. Some of the better known breeds are Marwari, Konor and Jamnapari. The last yields 600 lbs. in a lactation of 250 days. Deccan plateaux goats yield small quantities of milk and are mostly reared for mutton.

Results from the Punjab* and U.P. have shown that selected goats yield (6 to 8 lbs. milk per day going upto even 12 lbs. in U.P.) on an average about 400 lbs. of milk per lactation of 150 days while a few went up to 700 lbs. and even higher.

POULTRY

There were about 115 million poultries in India in 1966. The annual contribution of Indian poultry to the country's economy is not less than Rs. 100 million. The *per capita* consumption of eggs in India is only four per annum as compared with 400 in U.K., U.S.A. or Denmark.

Poultry Development:—Achievements at the end of the Third Five Year Plan are: State Poultry Farms 100; District Poultry Farms 47; Intensive Poultry Development Blocks 79; Marketing Centres 12; Duck Extension Centres 20; Feed Manufacturing Centres 60; Training persons in poultry keeping 21,724.

Two Poultry Dressing Plants have also been set up at Poona and Chandigarh.

Piggery:—So far seven bacon factories, 27 pig breeding farms and 105 piggery development blocks have been set up in various States. The combined strength of seven main pig breeding stations is about 3,800 pure-bred pigs from which 2,700 pigs were distributed to farms in intensive piggery development areas.

* Composite State.

DAIRYING

Milk and milk products contribute not less than Rs. 6,200 million to the national income.

Of 200 million cattle and buffaloes, 72 million or 36 per cent are milch animals (females over 3 years). Milk yield is, however, low: Cow 413 lb. per year, buffalo 1,100 lb.

Gross production of milk is 20.65 mln. tons, of which 13.2 mln. tons are marketed, the rest being used for home consumption or for feeding the calves. *Per capita* daily consumption of milk and milk products varies from 16.89 oz. in the Punjab* to 26.4 oz. in Orissa; average 5.5 oz. The *per capita* availability of milk during 1965-66 was 5.75 oz.

Total number of dairy plants in operation in 1967-68 increased to 84 comprising 43 liquid milk plants, 34 pilot milk schemes, four milk powder factories and three creameries. The average daily output of milk of all plants was about 16 lakh litres as against 15.50 lakh litres in 1966-67.

In the milk powder factories at Anand, Amritsar, Mehsana and Rajkot, the average daily production of milk powder including infant milk food amounted to about 18 tonnes. The three creameries, at Aligarh, Barauni and Junagadh and the plants at Anand, Amritsar, Calcutta and Delhi manufacture on an average 22 tonnes butter per day. A milk products plant is being established at Miraj, milk powder factory at Vijayawada and an infant milk food plant in the co-operative sector at Moradabad. Two milk powder plants in Punjab and one in Haryana are being established under Yugoslav credit programme.

Training in dairying was imparted at six centres *viz.* Karnal, Bangalore, Aarey, Allahabad, Anand and Har-ringhata.

ANIMAL DISEASES

The chief diseases are glanders and surra in equines, foot and mouth disease, haemorrhagic septicaemia, black quarter and anthrax in ruminants and tuberculosis, John's disease and contagious abortion. Glanders is incurable but surra can now be successfully treated with Naganol or Antrypol. This disease (surra) also affects camels, cattle and dogs.

Rinderpest causes a mortality of about 60 per cent resulting in an annual loss of 0.4 million heads of cattle, valued at about 300 million rupees. Because of the eradication campaign of the past, Kerala, Mysore and Madras are now free from the disease. But, further north, in Andhra Pradesh, Gujarat and Maharashtra State the disease is prevalent and a pilot scheme to vaccinate and brand about 12 million cattle and buffaloes has been in operation since October 1954.

Research and Educational Institutions

The Indian Veterinary Research Institute having centres at Uttar Pradesh, Izatnagar, and at Mukteswar near Bareilly, supplies the veterinary demands of India for sera and vaccines. Problems of sheep and wool are investigated at the Central Sheep and Wool Research Institute, Malpura (in Rajasthan).

Research in dairying is done at the National Dairy Research Institute, Karnal (Haryana) and at its southern regional station at Bangalore (Mysore). Other Institutes are the Agricultural Institute, Allahabad, The Indian Veterinary Research Institute, Izatnagar, National Dairy Research Institute, Karnal and the Central Sheep and Wool Research Institute, Malpura. The eight agricultural universities already established invariably contain animal husbandry wings.

There are 20 Veterinary Colleges in India, one each at Hyderabad, Tirupathi (Andhra Pradesh); Gauhati (Assam); Patna and Ranchi (Bihar); Anand (Gujarat); Trichur (Kerala); Jabalpur and Mhow (Madhya Pradesh); Madras (Tamil Nadu); Bombay, Nagpur (Maharashtra); Hebbal (Mysore); Cuttack (Orissa); Hissar (Haryana); Bikaner (Rajasthan); Mathura, Nainital and Izatnagar (Uttar Pradesh); Kalyani and Calcutta (West Bengal).

Animal Husbandry Research

Coordinated scheme on cross breeding of cattle in hilly and heavy rainfall areas of the country with *Jersey* semen has been in operation at 8 centres in different parts of the country, while the scheme for development of hill cattle by cross breeding with *Jersey* was in operation in 11 States.

Research in Animal Sciences hereafter will be promoted through coordinated projects.

LIVESTOCK STATISTICS

The following table shows the estimates of livestock population for 1966.

(In thousands).

Area	Cattle	Buffaloes	Sheep	Goats	Horses & Ponies	Other Livestock	Total Livestock	Poultry
STATES								
Andhra Pradesh	12,341 (-0.03)	6,791 (-2.3)	8,004 (-4.3)	3,758 (-11.5)	48.9 (-22.0)	650.6	31,594 (-3.2)	14,715 (-9.4)

1966 figures are tentative and subject to revision (and do not contain census data for Goa, Daman & Diu and NEFA). @ Below 500.

Figures given in the bracket (for 1966 items) are percentage increase/decrease over 1961 census figures. Census of Nagaland was carried out for the first time only in 1966.

BANKING

SCHEDULED COMMERCIAL BANKS

DURING 1967, the number of scheduled commercial banks, which account for most of the banking business in India stood at 71. At the end of 1967, the total number of branch offices of scheduled commercial banks reached a new peak of 6,816.

The number of offices actually opened during the year was 223 at banked centres and 182 at unbanked centres. Of these, the State Bank of India and its subsidiaries opened 44 branches at banked centres and 101 at unbanked centres.

During the year four more clearing houses were established, bringing the total number of clearing houses to 91.

The number of foreign offices of the Indian banks declined from 61 to 58 consequent on the closure of four offices in Tanzania and opening of one in U.K. Six scheduled banks went into liquidation, of which two were ordered to be wound up by the high courts. The total number of banks absorbed was nine. Of these, six banks (one each in Mysore, Bihar, West Bengal and Kerala States and two in Tamil Nadu) transferred their liabilities and assets to other banks in the private sector. The State Bank of India acquired the business of the remaining three.

Principal Assets and Liabilities of 73 scheduled Commercial banks as on last Friday of December, 1967.

(Rs. crores)

Aggregate Deposits (A + B)	3,763.1
A. Demand Deposits	1,781.2
B. Time Deposits	1,981.9
Borrowings from RBI	7.6
Cash in hand and balances with RBI	276.6
Total Bank Credit	2,727.3
Investments (A + B)	1,233.4
A. Government Securities	1,005.9
B. Others	227.5
Bank credit expressed as percentage of Deposits	72.5
Investments expressed as percentage of Deposits	26.7

DEPOSITS

The rate of growth of bank deposits decelerated in 1967 compared with 1965 and 1966. Adjusted for the transfers of P.L. 480 funds from the State Bank of India to RBI, the rate of accretion worked out to 11.0 per cent in 1967 against 16.1 per cent in 1966 and 14.2 per cent in 1965. The rate of growth (percentage increase) is given below: 1961 + 1.5; 1962 + 8.0; 1963 + 11.5; 1964 + 11.5; 1965 + 14.2; 1966 + 16.1; 1967 + 11.0.

Aggregate deposits rose from Rs. 3,378 crores in 1966 to Rs. 3,763 crores in 1967. Of this the Demand Deposits (excluding inter-bank deposits) amounted to Rs. 1,781 crores (47.3 per cent), Time Deposits (excluding inter-bank deposits) Rs. 1,982 crores (52.7 per cent). The distribution by type of deposits is given below: (1) current deposits Rs. 899 crores (23.9 per cent) (2) Saving Deposits Rs. 945 crores (25.1 per cent) (3) Fixed Deposits: Rs. 1,881 crores (50.0 per cent), others: Rs. 39 crores (1.0 per cent).

The pattern of interest paid on bank deposits showed that no interest was paid on 24.7 per cent of deposits

while those bearing interest of less than 3½ per cent and between 3½—4 per cent constituted 4.5 per cent and 23.3 per cent respectively. A rate of over 4 per cent but not exceeding 6 per cent was payable on 31.7 per cent of deposits. The share of deposits earning over 6 per cent formed 15.3 per cent.

Aggregate Deposits in Rs. crores of ten leading Banks at the end of 1967: State Bank 958.9; Central Bank 395.4; Bank of India 338.5; Punjab National Bank 313.9; Bank of Baroda 275.0; United Commercial Bank 215.1; United Bank 130.2; Canara Bank 126.6; Dena Bank 102.1; Allahabad Bank 101.2.

CREDIT EXPANSION

At the end of December 1967, the total secured advances of scheduled commercial banks at Rs. 2,356 crores were 14.1 per cent higher than a year ago. Unsecured advances showed a marginal decline from Rs. 365 crores in 1966 to Rs. 363 crores in 1967. The total outstanding advances at the close of 1967 amounted to Rs. 2,720 crores.

Advances of scheduled commercial banks to small-scale industries doubled between March 1966 and March 1967 from Rs. 90.8 crores to Rs. 177.9 crores. The share increased from 3.9 per cent to 6.6 per cent in March 1967. Medium loans amounted to Rs. 226.3 crores as on March 31, 1967 and formed 13.0 per cent of the total advances to industry and 8.3 per cent of the total bank credit.

Table I

ADVANCES OF 72 SCHEDULED COMMERCIAL BANKS ACCORDING TO PURPOSE

		(Amount Rs. Crores)

Deposit Insurance

As on the last Friday of September, 1967, the latest date for which data are available, the total number of deposit accounts with insured banks was 155.26 lakhs, of which 118.67 lakhs (with balances not exceeding Rs. 1,500) or 76.4 per cent of the total number of accounts were fully insured at the Corporation. With effect from January 1, 1968, the Corporation increased the limit of insurance cover in respect of the amounts due to any one depositor from a registered commercial bank, from Rs. 1,500 to Rs. 5,000; however, the existing rate of premium at 5 paise per Rs. 100 per annum would continue. With this increase in the limit of insurance cover, the percentage of fully protected accounts has increased approximately to 91.

With a view to extending the scheme of deposit insurance to cover State and central co-operative banks and larger non-agricultural credit societies, i.e. urban co-operative banks with paid-up capital and reserves of Rs. 1 lakh or more, the Deposit Insurance Corporation (Amendment) Bill, 1967, was introduced in the Lok Sabha on July 17, 1967.

DEPOSITS WITH NON-BANKING COMPANIES

On October 29, 1966 two new directives viz. (1) Non-Banking Financial Companies (Reserve Bank) Directions 1966 and (2) Non-Banking Non-Financial Companies (Reserve Bank) Directions, 1966 were issued extending the Bank's control to all: (i) non-banking financial companies and (ii) non-banking non-financial companies accepting deposits, and that the directions were brought into force with effect from January 1, 1967. The directives provided, *inter alia*, for restricting acceptance of deposits to 25 per cent of paid-up capital and free reserves in the case of both non-banking financial and non-banking non-financial companies (other than housing finance and hire-purchase finance companies).

The Bank made certain modifications in the directives on August 23, 1967 as follows: (1) In the case of all non-banking companies, financial or non-financial, the Bank decided that any amount held in the statutory development rebate reserve, created under Section 34(3) of the Income-tax Act, 1961, may (notwithstanding the fact that the period of eight years specified in that section might not have been completed in respect of all the assets) be counted as a free reserve and (2) in the case of industrial concerns as defined in the directives which (a) have paid dividends on their equity shares at six per cent or more per annum in the five years or in five out of six or seven years immediately preceding January 1, 1967 or (b) have unencumbered fixed assets of book value in excess of twice the amount of the deposits and the unsecured loans, the time limit of two years, for the adjustment of the deposits already received in excess of 25 per cent of the paid-up capital and free reserves including the development rebate reserve, will be increased to five years, i.e. upto the end of December 1971. (A company, which has already received deposits in excess of this limit, will however not be permitted to receive additional deposits.)

DEPOSITS WITH NON-BANKING COMPANIES (INCLUDING BRANCHES OF FOREIGN COMPANIES)

End of March 1966

		(Rs. crores)	
		No. of companies accepting deposits	Total amount of the deposits
Hire-purchase companies	123 (108)	14.4 (8.7)
Other financial companies		270 (155)	40.5 (12.6)
Non-financial companies		1,964 (987)	228.5 (65.7)
Total	2,357 (1,250)	283.4 (87.0)

Note: Figures within brackets indicate the number of private limited companies and the deposits accepted by them (included in the figures outside the brackets).

SOCIAL CONTROL OVER BANKS

The Banking Laws (Amendment) Bill, 1967, was introduced in the Lok Sabha on December 23, 1967, to provide for the extension of social control over banks. The Bill was referred to a Select Committee of the Lok Sabha, whose report was submitted to the Lok Sabha on May 6, 1968. The Bill was passed by the Lok Sabha in the monsoon session in 1968 and by the Rajya Sabha on 5th December 1968. The President gave his assent in January 1969. Commercial banks have already undergone changes in their set-up on the lines indicated in the legislation on banks which now have full-time chairmen who are professional bankers. The main features of social control, as envisaged, are summarised in the following paragraphs.

With a view to providing a forum for discussing and assessing credit priorities on an all-India basis, a high level body called the National Credit Council was set up in terms of Government Resolution No. F. 4(43) BC/67 dated December 22, 1967. The main functions of the Council are periodically to (a) assess the demand for bank credit from the various sectors of the economy; (b) determine priorities for the grant of loans and advances or for investment, having regard to the availability of resources and requirements of the priority sectors, in particular, agriculture, small-scale industries and exports; (c) co-ordinate lending and investment policies as between commercial and co-operative banks and specialised agencies to ensure the optimum and efficient use of the overall resources; and (d) consider other allied issues as may be referred to it by the Chairman or the Vice-Chairman.

The membership of the Council is not to exceed twenty-five. Five of these are permanent members. The Minister of Finance is the Chairman and the Governor of the Reserve Bank the Vice-Chairman. The other three permanent members of the Council are: (i) Deputy Chairman, Planning Commission, (ii) Secretary, Ministry of Finance, Department of Economic Affairs, and (iii) Chairman, Agricultural Refinance Corporation. The remaining twenty members of the Council, whose tenures are for such periods not exceeding three years as the Government may fix, are appointed by the Government of India to secure adequate representation for the various sectors, viz. the commercial banks, the co-operative sector, large and medium-scale industries, small-scale industry, agriculture, trade including export trade and professional groups including economists. The Council is also authorised to invite such persons, as it may consider necessary to be associated with its deliberations. It would meet as often and at such places as may be determined by it but not less frequently than twice a year. The Reserve Bank provides the Council such secretarial and other assistance as may be necessary.

The Government would be empowered to acquire the business of a particular bank, after providing for compensation, if it fails more than once to comply with any directions issued to it under Section 21 of the Banking Regulation Act, relating to the policy in regard to advances or under Section 35A of that Act relating to matters involving broader issues of policy and if in addition, the acquisition of the bank is considered necessary in the interests of the depositors or in the public interest or in the interests of banking policy.

In the initial stages, the powers of social control would be exercised in respect of major banks with deposits of over Rs. 25 crores. Over a period of time, these would be extended to all banks.

BULLION

The following table gives details about the trend of silver production from 1965 to 1967:—

(In millions of ounces)			
Countries	1965	1966	1967
United States of America	39.8	43.7	31.0
Mexico	40.3	43.0	38.3
Canada	31.9	33.4	37.1

1966	129.30	111.80
1967	155.00	142.00

GOLD AND SILVER

During the year, the Bombay bullion market witnessed a spectacular boom in silver prices aided by persistent demand for unauthorised exports which became all the more lucrative in the context of the uptrend in international price of the metal, following the decision of the U.S. Treasury on July 14, 1967 to abandon its policy of selling silver at \$ 1.29 per fine oz., and to make further sales only at 'going market prices.' The gold section presented a steady front and remained by far unaffected by the 'gold rush' in the West European markets and the consequent rise in world prices towards the close of the year. However, the decision of the Western Central Bankers, to follow, effective March 17, 1968, a dual price policy for gold induced a mild rise in prices on apprehensions that smuggled gold would become costlier than before.

The demand for gold which had shown a perceptible increase following the removal of purity restrictions on the manufacture of gold ornaments on November 1, 1966 continued unabated and, as a result, gold prices remained steady around the high levels reached earlier. The quotation for standard gold, which became available since July 7, hovered around the level of Rs. 157.50 per 10 grams till end-December and after reacting to Rs. 152.50 by mid-February touched Rs. 158.00 by mid-March. Following the decision of the Western Central Bankers to follow a dual price policy for gold, the price in Bombay rose from Rs. 158 on March 16 to Rs. 168 by March 18, but retreated to Rs. 162 on the very next day and closed for the year at that level. Over the period July 7, 1967, to March 31, 1968, the price of standard gold rose by Rs. 4.50 per 10 grams.

The easy trend in silver noticed in 1966-67 continued through the first quarter of the year but later a rise ensued in the wake of the U.S. Treasury's decision to sell silver only at 'going market prices', which made unauthorised exports of silver more attractive. The rise which until October 1967 was steady developed into a veritable boom in November when the price touched an all-time peak of Rs. 565.00 per kg. Apart from the ruling high prices abroad, the rumours that the Reserve Bank of India would be empowered to purchase silver, that such silver holdings would be treated on par with gold for statutory requirements of currency backing and that, also, the Government would export silver on its own account assisted the spurt in prices.

CAPITAL MARKET

The gilt-edged prices recorded modest gains over the year 1967-68 reflecting the impact of the Bank's policy to create orderly market conditions and rationalise the yield pattern through its open market operations. The equities market, on the other hand, remained depressed during the major part of the year although towards the close of the year signs of revival inequity prices were in evidence following the announcement in the budget for 1968-69, of tax concessions to the corporate sector and the reduction in the Bank Rate on March 2, 1968. There was an unprecedented rise in the consents for capital issues through shares and debentures (excluding bonus and miscellaneous issues) but the revival in new issue activity was quite modest. The demand for loans from the term-lending institutions by the corporate sector declined during the year owing to recessionary conditions in certain sectors of the industry.

THE GILT-EDGED MARKET

In the gilt-edged market, the recovery evinced during 1966-67, became more pronounced during 1967-68. The Reserve Bank's All-India Index of Government and Semi-Government security prices moved up by 2.6 per cent in 1967-68 as against 1.1 per cent in 1966-67. Apart from the comparatively easier conditions in the money market for the greater part of the year under review, the resumption by the Reserve Bank of the open market operations towards the close of July and the stepping up of its buying rates for certain loans imparted strength to the market. The market sentiment was further favourably influenced by the liberalization of monetary policy, mainly the cut in the Bank rate from 6 to 5 per cent on March 2, 1968. Over the year, Reserve Bank's open market operations resulted in net sales as in the preceding year.

The Reserve Bank's All-India Index for Government and Semi-Government securities (base : 1961-62 = 100)

rose from 94.6 at end-March 1967 to 96.3 on March 2, 1968 i.e., on the eve of the Bank rate cut. Thereafter, it moved up to close at 97.1 by end-March, thus showing a rise of 2.6 per cent over the year as compared with 1.1 per cent in 1966-67. The increase was noted both in Central and State Government securities. The index of Government of India securities increased from 94.5 at end-March 1967 to 97.4 by end-March 1968 and that of State Government securities went up from 95.1 to 96.2. In the Central list, the rise in prices was more marked in the long and medium dated securities.

INDUSTRIAL SECURITIES MARKET

The basic trend in the industrial securities market was one of decline during the major part of 1967-68. The equity prices which had ruled generally firm during the greater part of 1966-67 gradually drifted to lower levels during 1967-68. The downtrend which began in February 1967 continued during the year, except for occasional spells of steadiness, and touched the bottom on February 10, 1968. There was a revival thereafter, owing to the optimism arising from the concessions granted to the corporate sector in the Union Budget for 1968-69 and the reduction in the Bank rate from 6 per cent to 5 per cent. Among the fixed-interest bearing industrial securities, while the debentures were steady, the preference shares eased further during the year.

The bearish tendency in equities noticed since February 1967 continued almost uninterrupted till the end of July 1967. During this period, the Reserve Bank's All-India Index of Variable Dividend Industrial Securities (base : 1961-62 = 100) which had declined from 84.0 at the end of February 1967 to 81.1 for the week ended March 25, 1967, further dropped to 75.4 on July 22, 1967.

The downtrend was arrested towards the end of July and the index recovered partially from 75.4 on July 22, 1967 to 77.2 on August 12, 1967. This optimistic trend, however, proved short-lived. From mid-August, the markets turned bearish on reports of a package of measures by the Government to freeze prices, wages and dividends (discounted in October) and the ordinance of September 14, raising the annuity deposit rates. From November 1967 the share prices again started declining. From mid-February, however, a revival in the market sentiment became discernible on anticipations of a favourable budget; this sentiment was strengthened by the Union Budget for 1968-69 which provided for a reduction in sur-tax on companies from 35 per cent to 25 per cent, abolition of excesses dividend tax and annuity deposit scheme, the grant of exemption from tax for the first Rs. 500 on dividend income, and several incentives designed to promote industrial expansion and exports. The reduction in Bank Rate from 6 to 5 per cent on March 2, 1968 provided a further impetus to this trend. The reports of substantial orders for railway wagons by the U.S.S.R. and other East European countries also aided the market sentiment as was reflected in the Reserve Bank's All-India index of Variable Dividend Industrial Securities which moved up from 73.2 on February 10 to 74.6 on February 24, and thereafter rose further from 75.6 on March 2 to 79.0 on March 9. Subsequently, however, prices receded temporarily owing to reports of growing pressure on the British pound sterling and the U.S.

dollar along with the rush for gold in the world's free markets and the possible repercussions on the world economy. The equity price index declined from 79.0 on March 9 to 77.5 on March 30, 1968. Over the year 1967-68, the index of equity prices registered a decline of 4.4 per cent as against an increase of 6.9 per cent in 1966-67. Region-wise the largest decline was recorded by the Ahmedabad market (6.7 per cent) followed by Calcutta (6.5 per cent), Madras (5.0 per cent) and Bombay (3.2 per cent). Delhi market, however, recorded a nominal rise of 0.6 per cent.

As regards fixed interest-yielding industry securities, the easiness noticed since 1964-65 continued in 1967-68 also. The all-India index of preference shares (base: 1961-62 = 100) declined from 88.6 at the close of March 1967 to 85.7 at the close of March 1968 — a fall of 3.3 per cent as compared with a fall of 2.5 per cent in 1966-67. The index for debentures showed a fractional decline from 91.8 in 1966-67 to 91.7 in 1967-68.

During the year, the average yield (gross) on variable dividend industrial securities rose from 7.71 per cent to 8.22 per cent, while that on preference shares rose from 9.38 per cent to 9.83 per cent and on debentures from 7.97 per cent to 8.40 per cent.

From December 1946, the Reserve Bank of India started constructing indices of security prices. These indices (All-India) reveal the following trend:—

Average of Weeks		Government & Semi-Government Securities	Industrial Securities		Banks	Insurance	Investment Trusts	Electricity Generation and Supply	Shipping and other Transport	Tea Plantations
			Fixed Dividend	Variable Dividend						
		1	2	3	4	5	6	7	8	9
Base : 1961-62 = 100										
1964-65	98.2	101.5	86.1	96.8	107.0	88.3	110.0	108.5	84.7
1965-66	94.6	94.4	76.7	96.4	116.3	80.2	107.6	95.8	79.5
1966-67	94.3	90.0	80.2	96.3	136.2	85.9	104.9	115.3	80.8
1967-68	95.5	87.1	76.7	89.8	131.9	85.3	104.7	136.1	79.8

Average of Weeks				Cotton Textiles	Jute Mills	Coal	Mining	Iron and Steel	Sugar and Breweries	Chemicals	Paper	Cement
				10	11	12	13	14	15	16	17	18
Base : 1961-62 = 100												
1964-65	81.8	90.5	80.2	64.1	99.4	86.9	69.9	87.5	92.6
1965-66	69.8	70.6	71.4	49.6	95.9	80.0	59.2	74.8	85.6
1966-67	66.5	61.8	65.8	46.4	105.3	77.7	67.0	77.9	98.0
1967-68	61.5	48.6	53.2	37.5	106.3	74.1	64.4	76.0	101.4

CAPITAL ISSUES

New issues actively improved during 1967-68. In contrast to the decline in the previous year, capital issues through both prospectuses and rights increased during the year, largely on account of equity issues, though issues of preference shares and debentures also recorded increases. The bonus issues declined sharply this year in contrast to the substantial increase noted last year following the abolition of bonus issue tax on the companies and of the national capital gains tax on bonus shares in the hands of shareholders.

Capital issues through prospectuses were higher during 1967-68 than in the previous year, mainly on account of the substantial rise in equity issues and also due to increases in preference shares and debenture issues. The share of the foreign collaborators in the capital issued through prospectuses was larger during the year while that of the promoters showed a decline. The rate of dividend offered on majority of preference issues was maintained at the previous year's level of 9.5 per cent though in the case of a few issues it was 10 per cent. The rate of interest offered on debentures remained unchanged at 7½ per cent.

Table I: Capital Consents and Capital Raised by Non-Government Companies

(Rs. crores)

Year	CAPITAL CONSENTS/NO OBJECTION CERTIFICATES			CAPITAL RAISED		
	Shares (other than bonus) and debentures	Bonus shares	Total	Shares (other than bonus) and debentures	Bonus shares	Miscellaneous loans, etc.
	1	2	3	4	5	6
1966.. ..	67.0	147.0	176.9	72.4	84.8	19.7
1967.. ..	150.6	47.8	168.0	81.4	83.9	2.7

Public response to capital issues continued to be selective. As in the previous year a majority of the issues were undersubscribed; the promoters, therefore, had to rely heavily on institutional support.

Available data relating to consents/no objection certificates during 1967 indicate that the consents for fresh capital issues through shares and debentures (excluding bonus and miscellaneous issues) at Rs. 150.6 crores were more than twice the amount consented to during the preceding year (Rs. 67 crores). The consents for the initial issues by new companies amounted to Rs. 52.3 crores and 'further' issues by existing companies to Rs. 98.3 crores. Inclusive of bonus shares and miscellaneous issues total consents/no objection certificates granted for the issue of capital by non-Government public limited companies were lower at Rs. 219.3 crores in 1967 than in 1966 (Rs. 253.0 crores), largely because of the decline in consents for bonus issues.

Bonus issues declined sharply from Rs. 147.0 crores in 1966 to Rs. 47.8 crores in 1967.

Total capital (excluding bonus and miscellaneous issues) raised by non-Government companies against consents and under Exemption Order increased from Rs. 72.4 crores in 1966 to Rs. 84.4 crores in 1967, bulk of the rise being in equity and debenture issues which increased from Rs. 49.7 crores and Rs. 15.3 crores, respectively, in 1966 to Rs. 53.0 crores and Rs. 20.9 crores, respectively in 1967. Capital raised through preference issues during 1967 at Rs. 7.5 crores was around the same level as in the preceding year (Rs. 7.3 crores) but the capital raised through bonus issues was at a slightly lower level of Rs. 83.9 crores as against Rs. 84.8 crores in the previous year. The miscellaneous 'loans' registered a sharp decline from Rs. 19.7 crores in 1966 to Rs. 2.7 crores in 1967.

Control of Capital Issue

(Non-Government Companies only)

(Rupees in Crores)

YEAR	APPLICATIONS		CONSENTS										
			Total		Initial		Further Others		Further Debenture		Further Bonus

FINANCE CORPORATIONS

Under the Industrial Finance Corporation Act, a Corporation was established on July 1, 1948 to provide medium and long-term finance to public limited companies and co-operative societies registered in India, including the acceding States, and engaged in the manufacture or processing of goods or in mining or in the generation or distribution of electricity or any other form of power.

Seventeen States have established State Financial

Corporations — Punjab, Haryana, Himachal Pradesh, Maharashtra, West Bengal, Kerala, U.P., Rajasthan, Assam, Bihar, Madhya Pradesh, Andhra, Orissa, Mysore, Jammu and Kashmir, Tamil Nadu and Gujarat. In addition, Delhi also has a financial corporation.

Besides the State Financial Corporations, there are other State Corporations and All India Corporations. For details see under the articles "State Corporations" and "All India Corporations".

IMPORT AND EXPORT TRADE

General Indices of Exports and Imports (1958 = 100)

	1965-66	1966-67*	1967-68
Quantity Index:			
Exports ..	124	119	122
Imports ..	154	149	166
Price Index:			
Exports ..	113	169	169
Imports ..	104	150	136

* These indices are based on the averages of index numbers for the ten months from June 1966 to March 1967. Consequent to devaluation of the Indian rupee on June 6, the figures for April and May have not been taken into account as they are not comparable with the post devaluation figures.

BALANCE OF PAYMENTS

India's balance of payments position has been described in the Report on Currency and Finance (1967-68) of the Reserve Bank of India as follows:

The foreign exchange situation, which had been exceedingly difficult in 1966-67, was relieved to some extent in 1967-68 as the result of debt relief, larger utilisation of foreign aid, better performance of exports and drawings on the I.M.F. Over the year, the foreign exchange reserves went up by (the equivalent of) \$80 million to \$718 million at the end of March 1968, in 1966-67 the reserves had

gone up marginally by \$12 million to \$638 million, wholly due to large drawings on the I.M.F.

Overall Trends: The discussion in the following paragraphs relates to trends during the calendar year 1967, as detailed balance of payments data for the financial year as a whole are not yet available. During the year 1967, the reserves increased by \$55 million whereas in the preceding year they had moved up by only \$10 million. However, if purchases and repurchases from the I.M.F. debt relief provided by the I.B.R.D., the depreciation in sterling assets and the additional gold subscription paid in February 1966 are excluded, the reserves would show a fall of \$52 million during each of the two years.

While the overall payments position in 1967 (calendar year) as indicated by the movement in reserves, remained the same as in 1966, there were noticeable variations in the major components of the balance of payments. Over the year 1967, the current account deficit widened by \$278 million to \$1,121 million, owing mainly to the sharp reduction in the surplus on account of invisible transactions from \$225 million to \$13 million. The adverse trade balance which worsened by \$66 million to \$1,134 million, following a larger increase in imports than in exports, resulted in a larger deficit on current account. The situation was aggravated further by "errors and omissions", comprising unidentified transactions, which resulted in a net outflow of \$124 million as against a net inflow of

\$51 million during the previous year. Taking the current account and 'errors and omissions' together, the total deficit amounted to \$1,245 million which was \$453 million higher than that recorded last year. This was financed by a net inflow of \$1,314 million, on capital account, comprising mostly drawings on external assistance loans and on the I.M.F.; this, in turn, resulted in an accretion of \$69 million to the reserves. In 1966, the net inflow from capital transactions exceeded the total deficit by a much smaller amount, leading to a rise in the reserves of \$10 million.

IMPORTS

Over the year 1967, the aggregate import bill increased by \$175 million or 7 per cent to \$2,774 million. The liberal import policy which was initiated in 1966 immediately after the devaluation of the rupee was continued in 1967. Facilitated by the flow of non-project assistance, imports of current inputs required by the industry went up by \$292 million (or 7 per cent) but the increase was not fully reflected in the aggregate import bill, because imports of food and raw jute fell owing to improved domestic output. Compared with 1966, the entire increase in the aggregate import bill was financed by external assistance.

EXPORTS

Exports in 1967 amounted to \$1,640 million, the increase over the year being \$109 million or 7 per cent. While in part this was only a recovery from the exceptionally low level of 1966, it also reflected the impact of various promotional measures undertaken by the Government during the year, such as adjustments in export duties, enlargement of cash assistance, strengthening of credit arrangements for exports, and provision of indigenous raw materials at international prices for certain selected export products. Additionally, the improved supply situation in respect of some of the items, such as tea, tobacco, coffee and iron and steel also seem to have contributed to the better performance noticed during the year.

A little more than half of the increase that materialised over the year reflected the improvement in the exports of traditional items, mainly tea (\$44 million), tobacco (\$20 million) and raw cotton (\$6 million). But a few other traditional items suffered a setback and these included spices (\$8 million), cashew kernels (\$5 million) and oil-cakes (\$8 million). As regards non-traditional items, a large number of them registered an improvement, the more significant among them being iron and steel (\$43 million), ores other than mica, manganese and iron (\$22 million), electrical apparatus (\$4 million), transport equipment (\$4 million), non-ferrous metal manufactures (\$4 million), fish and fish preparations (\$5 million) and coffee (\$3 million). Among the remaining non-traditional items, there was a decline in the exports of leather manufactures (\$9 million), iron ore (\$10 million), manganese ore (\$9 million) and sugar (\$11 million).

Details of imports and exports for some land-marking years from 1955-56 up to 1967-68 are given at the end.

DEVELOPMENTS IN TRADE POLICY

The trade policy during the year continued to be production oriented with greater emphasis on cost reduction and diversification of products. Besides modifying the various export promotion measures taken in the preceding year after the devaluation of the rupee in 1966, a few fiscal and other measures were announced during the current year mainly with a view to increasing the marketing competence of export products particularly the new ones. The import liberalisation policy followed after the

devaluation in respect of 59 priority industries was continued. The licensing procedure was, however, simplified so as to enable the priority industries to obtain licences as and when required.

The export duties on a number of items were reduced with a view to increasing the competitiveness of Indian goods. The main duty reductions were effected partly to offset the exchange rate adjustments made by India's important competitors in the foreign markets following the devaluation of sterling. The duties on jute manufactures, tea and coir yarn were reduced while those on leather were abolished. The rates of cash assistance on a number of selected non-traditional products with a substantial export potential were also enhanced during the year. A new feature of the cash assistance scheme was the linking of additional assistance to export performance. The registered exporters of specific items would be eligible to claim additional cash assistance varying from 2.5 per cent to 10 per cent for their total exports provided the f.o.b. value of their exports during the twelve months from March 1, 1968 to February 28, 1969 exceeded by at least 10 per cent the level of the preceding twelve months. With a view to encouraging exploration of export markets, the Central Government budget for 1968-69 provided an Export Market Development Allowance to the tax payers (other than foreign companies) at the rate of one and one-third of the revenue expenditure incurred for that purpose. At the same time, the rules for blanket release of foreign exchange to exporters were liberalised.

In conformity with the export promotion policy and consistent with the requirements of the economy there was progressive relaxation during the year in the control over exports of certain items while several other items were brought under control.

The Export-Import Advisory Council whose term expired on December 31, 1967 was replaced by an Advisory Council on Trade with effect from January 1, 1968. The Council would meet twice a year and would mainly consider problems relating to the expansion of exports, the regulation on imports, the operation of import and export (trade controls, the working of commercial services with particular reference to export marketing and export assistance and the organisation and expansion of the export sector of the economy.) The Indian Institute of Foreign Trade continued to pursue its varied activities covering Training, Marketing Research and General Research.

The State Trading Corporation (STC) continued to play an important role in the diversification of India's export trade. So far it has introduced 108 new items of export in 41 countries. The export programme of the Corporation falls into five main groups (1) railway equipment, (2) engineering goods, including machine tools and manufactures of small industries, (3) chemicals, drugs, and pharmaceuticals, (4) consumer goods including leather footwear and components, wigs, wiglets and other human hair, woollen knitwear and textiles and (5) agricultural and marine products. The total volume of direct trade handled by the STC in 1967-68 aggregated Rs. 160 crores (provisional). Although the value of overall exports handled by it during the year under review is not yet available, it is likely to be around Rs. 35 crores as compared with Rs. 31 crores in 1966-67. The Corporation made further progress in the export of railway stock extending its sales to the countries like the U.S.S.R., Thailand, Ceylon, Burma and South Korea.

The Mineral and Metals Trading Corporation (MMTC) continued to expand its trading activities during the year under review. Exports of iron ore by the MMTC during January-September 1967 were 6.20 million tonnes valued

at Rs. 39.0 crores as against 5.77 million tonnes valued at Rs. 26.6 crores during the corresponding period of 1966. Exports of manganese ore by the Corporation during 1967 (January-September) were, however, lower at 0.73 million tonnes valued at Rs. 8.1 crores as compared with 0.91 million tonnes valued at Rs. 8.6 crores during the corresponding period of 1966. The decline in this case was mainly due to the dislocation following the Suez crisis and the general recession in the steel industry in Western Europe and the U.S.A.

The *import policy* for the year 1967-68 announced on May 1, 1967, was made need based and production-oriented and provided for the continuation of priority treatment for 59 specified industries. The licensing procedure was simplified with a view to enabling these industries to meet their import requirements on a continuing basis. The priority industries and small-scale industries producing the same goods would not be subject to any fixed dates or periods for submitting applications for import licences for raw materials, components and spares. The existing units in these industries could apply for licences for raw materials, components and spares, covering approximately six months requirement, after utilising previous set of licences by opening letters of credit to the extent of 90 per cent of the value of licence or by actual licence. For industries, not included in the priority list, the import licensing procedure was similarly simplified but in their case the issue of additional licences was subject to exchange availability.

Among the commodities which were placed under the open general licence introduced after the devaluation of the rupee in June 1966 for the import of raw materials required by certain export industries (see Report on Currency and Finance, 1966-67, page No. 127), jute was taken off after March 31, 1967. Imports of spare parts of certain essential machinery which had been freely licensable under aid in the previous year were placed under special general licence and it was decided to consider applications for licences for imports of these parts from rupee payment countries. However, banned or restricted items were not covered by this facility.

Several items were taken off the list of permissible items for imports in view of their availability from domestic production.

The Union Budget for 1968-69 stepped up the import duties on (i) whisky, brandy and a few other alcoholic drinks, (ii) cloves, cassia and cinnamon, (iii) chemical (excluding those required for manufacture of drugs and medicines), plastics, synthetic resins and miscellaneous items not otherwise specified in the Customs Tariff (excluding carbon black, red phosphorous and other goods already exempted), (iv) steel ingots and alloy steels (as are not used in the manufacture of small tools) and (v) high silicon steel sheets other than grain-oriented).

Tariff Commission

In 1967-68, the Tariff Commission completed three price inquiries, relating to (i) antimony, (ii) raw rubber and (iii) coal/coke, washed coal and washery by-products.

As regards tariff inquiries, the Commission could not complete the inquiry regarding continuation of protection to dyestuff industry which was due to expire on December 31, 1967. Pending the completion of inquiry, the Commission recommended the extension of protection to dyestuff industry, by another year i.e. upto December 31, 1968, which was accepted by the Government.

In connection with the price inquiries, the Government accepted the recommendations of the Commission regarding the fixation of fair selling price for antimony. For raw rubber the recommendation regarding the price to be retained by the growers was also accepted by the Government. However, the Government considered that small growers of rubber needed some immediate support to improve their economic viability and therefore recommended cash subsidy to small growers. The Government also decided to appoint a committee to study the economics of small holdings of rubber and to suggest measures to improve the efficiency and to contribute to the stability of the sector. The recommendation regarding the reduction of cess on rubber was not accepted by the Government, while that relating to bringing the rehabilitation allowance given for replantation in Kanyakumari District, on par with that in the rest of the Tamil Nadu, was referred to the Government of Tamil Nadu.

TRADE ARRANGEMENTS AND TRADE AND PAYMENTS AGREEMENTS

Trade agreements and trade and payments arrangements continued to play a significant role in expanding India's foreign trade and forging closer economic ties. Apart from the tripartite agreement with the U.A.R. and Yugoslavia, fresh trade agreements were entered into during the year with Brazil, Finland, Mongolia and the Philippines. Earlier trade agreements with some of the other countries were extended for further periods. In accordance with the existing trade and payments agreements with the East European and a few other countries annual trade agreements with this group of countries were also made during the year.

With a view to strengthening mutual economic co-operation, increasing trade exchanges among the participating countries and contributing to the development of inter-regional trade among developing countries, a five-year Trade Expansion and Economic Co-operation Agreement between India, the U.A.R. and Yugoslavia was concluded during the year. The Agreement provides that each of the participating countries would accord special tariff concession of 50 per cent to imports from the other two countries in respect of a 'Common List' of items which includes over 500 products. The reduction would be effected in two stages; a 40 per cent cut will be effected in the Most-Favoured Nation clause made in the twelve months beginning April 1, 1968 and a further 10 per cent cut thereafter. In August 1967, India also concluded an agreement with Ceylon to provide Suppliers' credit of Rs. 5 crores to the latter to enable it to import Indian goods such as electrical and telecommunication equipment, industrial machinery and machine tools, commercial vehicles, earth moving machinery and construction equipment. Fresh trade agreements were signed with Brazil, Finland, Mongolia and Philippines in order to develop and strengthen trade and economic relations with these countries. The existing agreements with France, Greece, Iran, Jordan, Morocco, Sudan, and Tunisia were extended for further periods. Annual trade arrangements with Iraq and Iran were finalised within the framework of the agreements with these countries.

Trade agreements with Bulgaria, Czechoslovakia, Hungary, Poland, the U.A.R. and the U.S.S.R. were also finalised within the framework of the existing trade and payments agreements with these countries, while trade agreements with Afghanistan, East Germany (GDR), North Korea, and Yugoslavia were extended for further periods. An important feature of these trade

arrangements is the provision made for augmenting trade turnover between the participant countries by widening the range of items as well as increasing the production requirements of their economies. Accordingly, non-traditional items in the engineering and chemical categories and manufactured and semi-manufactured goods

continued to figure on an increasing scale in India's export list in the trade arrangements during the year.

Further, a supplementary to the technical co-operation agreement was signed with West Germany providing for technical assistance for identifying Indian engineering products for West German markets.

TRENDS IN INDIA'S FOREIGN TRADE

MONEY SUPPLY

THE monetary trends during 1967-68, by and large, reflected the overall underlying trends in the economy as a whole. During the preceding two years, substantial liquidity built up against the background of static real income created severe pressure on prices. However, during 1967-68, the rate of expansion in monetary resources (comprising currency with the public and aggregate deposits with banks) was lower, and with a spurt in real income, the pressure on prices eased.

The rate of expansion in money supply with the public, which had slowed down during 1966-67 to 9.3 per cent

from 11 per cent in 1965-66, decelerated further to 8.1 per cent during 1967-68. The actual expansion in 1967-68 amounted to Rs. 401 crores compared to Rs. 420 crores in 1966-67. The expansion in money supply, as in the previous year, was more marked in deposit money (Rs. 223 crores) than in currency component (Rs. 178 crores). The expansion in total monetary resources at Rs. 644 crores during 1967-68 was smaller than in the previous year (Rs. 681 crores).

The constituents of money supply and the main factors responsible for its variations are indicated in the following table:

VARIATIONS IN MONEY SUPPLY—FINANCIAL YEAR

(Crores of Rupees)

Item	1966-67	1967-68
1. Currency with public	+ 163	+ 178
2. Deposit Money	+ 257	+ 223
3. Money supply	+ 420	+ 401

Factors Affecting Money Supply

A. Net bank credit to Government sector	+ 313*	+ 226
B. Net Bank credit to private sector	+ 205	+ 192
C. Net foreign exchange assets	- 16†	+ 17
D. Government's net currency liabilities	+ 23	+ 5
E. Net non-monetary liabilities of the Banking system (increase—)‡	- 105	- 39

* Excluding the effect of revaluation of certain assets of the Reserve Bank following the devaluation of the rupee.

† Ignoring the effect of revaluation of foreign assets of the Reserve Bank following devaluation.

‡ Comprising mainly capital and reserves and the difference between other liabilities (mainly bill's payable, accrued profits etc.) and other assets (such as premises, furniture, debit balances under branch adjustments and items in course of collection).

SEASONAL TRENDS

While the contraction in money supply during 1967 slack season (May-October) was smaller, the expansion in 1967-68 busy season (November-April) was larger than in the previous season. During 1967 slack season money supply with the public showed a contraction of Rs. 63 crores—about half of that in the 1966 slack season, which was attributed to smaller decline in net bank credit to private sector (Rs. 146 crores as against Rs. 205 crores in the previous slack season). The 1967-68 busy season which commenced against the background of a relatively large increase in agricultural output, has recorded the largest ever expansion in money supply of Rs. 542 crores as against Rs. 456 crores in the previous busy season.

This expansion stemmed mainly from the record expansion of net bank credit to private sector at Rs. 410 crores (Rs. 358 crores in the 1966-67 busy season) and a rise of Rs. 110 crores in net foreign exchange assets of banks as against only Rs. 8 crores in the previous busy season. The sizable increase in net foreign exchange assets this year reflects net drawings from the IMF, debt relief provided by some Consortium members, improvement in exports and continued low level of foreign exchange payments for imports. The rise of Rs. 66 crores in net bank credit to Government, on the other hand, was less than half of that witnessed in the 1966-67 busy season.

NATIONAL INCOME

ACCORDING to tentative estimates, the real national income of India (at 1960-61 prices) advanced by 10.2 per cent to Rs. 173 billion in 1967-68 from Rs. 157 billion in 1966-67.

The per capita real income has increased by 7.3 per cent in 1967-68.

The real national income has risen by 28.2 per cent between 1960-61 and 1967-68.

The national income at current prices was of the order of Rs. 24,157 crores in 1966-67 which is higher by 14.7 per cent over the corresponding estimate of Rs. 21,064 crores for 1965-66. Between 1960-61 and 1966-67 the national income at current prices has risen by 79.6 per cent.

The per capita income at current prices was Rs. 481.5 in 1966-67 as against Rs. 430.1 in 1965-66, showing a gain of 12.0 per cent which is due entirely to the general rise in the price level.

According to rough estimates the real national income is expected to rise by about 6 per cent in 1968-69 over

the previous year. The rise in real per capita income for 1968-69 should be roughly 4.2 per cent.

In 1966-67 (current prices) share of agricultural sector as a whole was nearly half (47.9 per cent) of the income originating in all sectors together. The mining and manufacturing sector with a share of 20.7 per cent made the second biggest contribution. The services sector accounted for as much as 15.9 per cent and the trade, transport and communications for 15.5 per cent.

The pattern of incomes generated in different sectors has not changed significantly over the years.

During the post-independence period as a whole, the annual growth rate of the Indian economy has been of the order of 3.5 per cent. Allowing for the population growth rate of 2 per cent per annum on an average, the long-term rate of increase of real per capita income works out at about 1.5 per cent per annum.

Table below shows the derivation of gross national product at market prices (GNP) for the year 1960-61 to 1965-66.

ESTIMATES OF INDIA'S GROSS NATIONAL PRODUCT (AT CURRENT PRICES) 1960-61 TO 1965-66.

(Rs. Crores)

Year	Net domestic product at factor cost	Net factor income from abroad	Net national product at factor cost	Indirect taxes less subsidies	Net national product at market prices	Allowance for depreciation	Gross national product at market prices
	1	2	3	4	5	6	7
1960-61	13,525	— 72	13,453	948	14,401	736	15,137
1961-62	14,413	— 98	14,315	1,080	15,395	810	16,205

FOREIGN EXCHANGE CONTROLS

THE par value is Indian Rupees 7.50 = US\$1. All transactions in foreign exchange must be conducted through authorised dealers, whose dealings with the general public must be effected as follows: in sterling, at rates fixed by the Foreign Exchange Dealers' Association; in other currencies, at rates based on the fixed rates for sterling and the London market rates for sterling against the other currency concerned. Authorised dealers are permitted to cover their requirements of foreign currencies in the London market, and to cover their permitted transactions in certain currencies against sterling, rupees, or any one of these currencies, either spot or forward for periods not exceeding six months, with authorised banks in any country outside the Bilateral Account group.

ADMINISTRATION OF CONTROL

Exchange control is administered by the Reserve Bank of India, in accordance with the general policy laid down by the Indian Government in consultation with the Reserve Bank. Much of the routine work of exchange control is delegated to certain commercial banks, which act as authorised dealers permitted to buy and sell foreign exchange for specified purposes under regulations laid down by the Reserve Bank.

DEVELOPMENT IN EXCHANGE CONTROL

In April 1967, the amount of exchange to be released to students going to the U.K. and the continent of Europe was raised from £ 600 per annum, inclusive of fees, to £ 600 per annum plus the actual fees. Further, the duration for which exchange was to be released was also raised from four to five years in cases where the student desired to take up a Ph.D course in addition to a degree course.

The exchange facilities granted to holders of B.Sc. degree with 60 per cent marks for taking up degree courses in approved technical subjects other than engineering subjects were extended in May 1967 to cover degree courses in engineering.

Uniformity was brought about in October 1967 when all engineering degree holders with 54.5 per cent marks and above were considered eligible for taking up any of the approved technical/engineering subjects.

Following the change in the par value of the pound sterling on November 18, 1967, the maximum and minimum rates for buying and selling sterling by the Reserve Bank from/to authorised dealers were revised respectively from £ 4.8095238 to £ 5.6111111 per Rs. 100 and from £ 4.7142858 to £ 5.5000001 per Rs. 100. In accordance with these changes, the actual rates at which the Reserve Bank bought and sold sterling were also revised with effect from November 20, 1967. The buying rate for delivery within six months (including spot) was changed from £ 4.7619 to £ 5.5556 per Rs. 100 and the selling rate for ready delivery from £ 4.7467 to £ 5.5380 per Rs. 100 (forward sales were discontinued on June 10, 1966). The rates prescribed by the Reserve Bank for purchase and sale of sterling notes by authorised dealers and money changers for their transactions with the public were also revised respectively from Rs. 20.75 to Rs. 17.72 per £ 1 and from Rs. 21.25 to Rs. 18.25 per £ 1.

In December 1967, it was decided to permit withdrawals from the National Defence Remittance Scheme Special Accounts held by non-residents of Indian origin for investment in public/private limited companies in India on the following conditions, namely, (a) neither the capital nor the profits earned would be allowed to be repatriated and all amounts due to the non-resident investor would be credited to his National Defence Remittance Scheme Special Account; and (b) where the investment was in a resident private limited company Indian participation should be progressively increased to at least 49 per cent within a period of, say, five years.

The emigration facilities hitherto granted to members of the Anglo-Indian community were withdrawn in January 1968. However, it was decided to give exceptional consideration to those who had entered into definite commitments prior to February 1, 1968 in anticipation of the actual emigration from the country. An annual ceiling of Rs. 10 lakhs was instituted for total remittances by emigrant Indian nationals including Anglo-Indians. This ceiling covered the initial transfers, subsequent instalments of capital transfer as also remittances of income. Applications for grant of emigration facilities within this ceiling are considered by the Bank provided the applicant has compelling reasons for leaving the country and settling abroad, and where the denial of the facility is likely to cause undue hardship.

In February, 1968, the emigration facilities hitherto granted to Indian Jews wishing to emigrate to Israel were withdrawn and it was decided to consider requests for emigration facilities from them also, only on grounds of hardship as in the case of other Indians. However, consideration would be given to cases where definite commitments had been entered into prior to March 1, 1968 in anticipation of emigration to Israel.

In order to prevent leakage of foreign exchange the Cabinet Committee on Tourism and Transport recommended that the present list of authorised money-changers should be reviewed and the number of money-changers reduced by one-third. Accordingly, the policy regarding the issue and renewal of money-changers' licences was revised in March 1968. Under the modified arrangements, the existing licences would be allowed to continue only if the foreign exchange purchased/accepted by the licence holder during a year exceeded \$ 10,000 or its equivalent and fresh licences would be issued only against an undertaking from the applicant that he would secure a minimum foreign exchange receipt of \$ 10,000 or its equivalent per annum.

With a view to facilitating expeditious disposal of applications for passage clearance and travel abroad (including travel for higher studies/training) the Bank opened on April 1, 1968, Exchange Control Cells at Bangalore, (State of Mysore), Hyderabad (State of Andhra Pradesh), Jaipur (State of Rajasthan), Nagpur (State of Madhya Pradesh and Vidharbha region of State of Maharashtra) and Patna (State of Bihar) to process the applications from residents in the several areas indicated in the parentheses.

INDIANS OVERSEAS

THE number of Indians abroad (1967) is given below as per the available informations with our missions abroad.

Afghanistan 21,800; Aden 2,000; Algeria 188; Argentina 160; Australia 15,754; Austria 165; Bahrain 5,000; Barbados 500; Belgium 400; Bolivia 7; Botswana 415; Brazil 100; Bulgaria Nil; Burma 2,75,000; Burundi 177; Cambodia 125; Cameroun 30; Canada 39,029; Ceylon 11,45,000; China 19; Chile 63; Colombia 34; Camores Islands 85; Congo 2,012; Cuba 32; Cyprus Nil; Czechoslovakia Nil; Dahomey 2; Denmark 102; Ethiopia 4,068; Fiji 2,42,224; Finland 40; French Guiana 2; France 312; Ghana 1,754; Gibraltar 150; Grenada 9,500; Greece 2; Guinea 5; Guyana 3,42,374; Hong Kong 4,000 to 5,000; Hungary 42; Indonesia 25,000; Iran 1,000; Italy 350; Iraq 2,000; Ireland 330; Jamaica 28,600; Japan 995; Jordan 23; Kenya 1,88,000; Kuwait 12,000; Laos 800; Lebanon 293; Le Reunion 430; Libya 344; Liberia 325; Madagascar 17,704; Malawi 10,880; Malaysia 8,08,101; Malta 106; Mauritius 5,25,073; Mexico 25; Morocco 582; Muscat 1,263; Nepal 30,01,800; Netherlands 1,366; New Zealand 5,000; Nigeria 2,500; Norway 26; Panama 362; Philippines 1,945; Poland 53; Peru 20; Qatar 2,000; Rumania Nil; Rwanda 38; Saudi Arabia 1,583; Senegal, Ivory Coast, Upper Volta, Gambia, Mauritania 582; Sierra-Leone 425; Singapore 1,29,500; Somalia 1,002; Southern Rhodesia 8,100; Spain 1,500; St. Vincent 3,700; Sudan 2,500; Surinam 1,20,100; Sweden 344; Switzerland 900; Syria 75; Tanzania 1,02,000; Thailand 18,000; Trinidad and Tobago 3,63,799; Togo 3; Tonga 26; Trucial States 5,000; Tunisia 46; Turkey 56; U.A.R. 491; Uganda 80,000; U.K. 2,32,210; Uruguay Nil; U.S.A. 21,919; U.S.S.R. 756; Venezuela 12; Vietnam (north) 10; Vietnam (south) 1,550; West Germany 4,251; Yemen Nil; Yugoslavia 120; Zambia 11,850.

EMIGRATION LAWS

"Emigration" means the departure, by sea or by air, out of India, of Citizens of India, under an agreement to work for hire in any country beyond the limits of India, or if assisted to depart otherwise than by a relative with the intention of working for hire or engaging in agriculture.

Such emigration is governed by the Emigration Act, 1922 (7 of 1922) and the Rules made thereunder, as amended from time to time.

Emigration for the purpose of 'unskilled work' is prohibited, while emigration for the purpose of 'skilled work' is permissible on compliance with the prescribed formalities.

The functions under the Act are discharged by the Central Government through the Controller-General of Emigration and Jt. Secretary to the Government of India in the Ministry of External Affairs, New Delhi, with the assistance of the Protector of Emigrants at the Ports and airports from which emigration is lawful.

The emigration figures for 1967-68 (1st April 1967 to 31st March 1968) is given below :

South Africa and Portuguese East Africa (—); East Africa 286; Indonesia 1; Malaysia 56; Saudi Arabia 253; Burma 1; Ceylon 4; Fiji (—); Zambia 100; Malawi (—); S. Rhodesia (—); Surinam (—); Guyana 3; West Indies

(—); U.S.A. 47; Canada 59; Kuwait 869; Nigeria 101; Dubai 209; Bahrain 377; Abu Dhabi 94; Qatar 99; Ghana 52; Muscat 292; Other countries 414.

AUSTRALIA

An Indian already domiciled in Australia has full citizenship rights, including the right to introduce a spouse and minor unmarried children. Indian business men, *bona fide* tourists, sportsmen and entertainers may visit Australia and stay for periods not exceeding 12 months, and Indian students may be admitted with temporary residence status for education and specialised training.

Indian citizens already admitted with temporary resident status (other than in a student or visitor capacity) but with the intention of indefinite stay will qualify to apply for resident status and citizenship after five years residence.

An application by an Indian who wishes to settle in Australia with his wife and children is considered on the basis of the applicants' suitability as settlers, ability to integrate rapidly, and having qualifications which are in fact positively useful to Australia. After five years' stay on temporary permits, they may apply for resident status and citizenship.

BURMA

There are still about two lakh persons of Indian origin in Burma.

CANADA

The Canadian Government have agreed to take an annual quota of 300 immigrants from India.

Applications from prospective immigrants to Canada from India should be addressed to The Canadian Immigration Attache, 7 Link Road, Jungpura Extension, P.O. Box 161, New Delhi-1.

Indian residents of Canada are largely comprised of labourers employed in lumbering and trucking. There are a few lumber mill owners, and some are working as clerks in various establishments. A good number can also be termed professionals, technicians and highly skilled workers. The majority of Indians are in British Columbia. A good many today go on to industrial centres like Montreal and Toronto. The Indian community is called the "East Indian Community".

Any person admitted to Canada as an immigrant might become a citizen of Canada after five years' continuous residence there.

There are no disabilities on Indians in the matter of owning property, engaging in trade or profession, entering Government service or residence in any locality.

Indians can remit to India any amount earned in Canada.

Figures of Indians arriving in Canada: 1957: 324; 1958: 451; 1959: 716; 1960: 673; 1961: 744; 1962: 725; 1963: 846; 1964: 1,295; 1965: 2,241; 1966: 2,233.

CEYLON

There are about 11,87,059 persons of Indian origin in Ceylon. Out of this number, approximately 26,829 are Indian citizens, 1,34,236 are registered citizens of Ceylon and 10,29,994 are stateless persons. The large majority

of these persons are employed in the tea and rubber estates in Ceylon. Merchants, petty shop keepers and employees in business establishments constitute the balance and are mainly concentrated in the urban areas.

About 1,30,778 Indian nationals had left Ceylon either voluntarily or because of non-renewal of their visas upto the end of April, 1967 as a result of Ceylonisation programme of the Government of Ceylon.

A non-national leaving Ceylon can repatriate Rs. 1.5 lakhs in the case of those other than Indians and Rs. 75,000 for Indians.

EAST AFRICA

Indians came to East Africa long before the Europeans. They played an important role in Kenya's history as skilled labourers, lawyers, clerks, railway officials and contractors, thereby filling the middle sections of the civil service and bureaucracy.

The Government of India has taken practical steps to promote industrial and technical collaboration and development of commerce and trade with East Africa. Indian industrialists have been encouraged to help in the development of East Africa by setting up industrial plants.

ETHIOPIA

Emigration to Ethiopia is neither restricted nor entirely free. Each case is judged on its merits, and there is no quota. Foreigners who wish to start new industries or go into farming are given special encouragement.

Remittances from Ethiopia to India by Indians are restricted and regulated by rules according to which anybody who is for more than six years in Ethiopia can remit only family expenses for near relatives on the basis of affidavits from India. There is no restriction for grant of foreign exchange for importing goods.

Most of the Indians are business men from the Gujarat and Saurashtra regions of India. Almost all of them are engaged in trade specially in the import of textiles. Besides, there are over 700 Indian teachers who have been recruited by the Ethiopian Government to further the cause of education. Some Indians are engaged also as Advisers to various Ministries. There are also a few Indians working as International Civil Servants in the Economic Commission for Africa whose headquarters are at Addis Ababa.

FIJI

Generally Indians play an important part in the economic field, in the role of farmers, retail traders, land transport operators etc. They have also entered the professional ranks including Civil Service, law and medicine.

GUYANA

In Guyana 50 per cent of the population are of Indian origin. The bulk of the Indian settlers are sugar workers, cane farmers or rice growers and have become citizens of Guyana since Guyana attained independence.

INDONESIA

The economic condition of Indians here is fairly good. They mostly deal in textiles and sports goods, although a fair number of Indians in parts of Sumatra live off the land and run small dairies etc.

MALAWI

Malawi is a small land-locked country with an area of about 45,000 square miles and a population of about 3 million of which 10,880 are of Indian origin. India has its High Commission in Malawi at Blantyre.

MALAYSIA

The labouring and non-labouring classes of Indians may be roughly estimated at 70 per cent and 30 per cent respectively of the entire Indian population, the former employed in rubber and palm oil estates and tin mines and the latter either employed in the clerical ranks of the various Govt. departments, mercantile firms and banks, rubber estates, palm oil estates and pineapple plantations etc., or employed in business, trade and other professions such as law and medicine.

The Indian trading community is composed of Chettiers, Gujaratis (both Hindus and Muslims), Sindhis, South Indian Muslims (both from Madras and Malabar) and a few Sikhs.

Indians do not suffer from any special disabilities. They are eligible for citizenship if they fulfil the prescribed conditions.

MAURITIUS

People of Indian origin in Mauritius form about 68 per cent of the total population of 7,73,573 as on June 30, 1967. These people have been settled here for generations and are now known as "Indo-Mauritians". Between 35 to 40 per cent of the agricultural land in Mauritius is owned by these Indo-Mauritians. A large number of them are farm labourers in sugar plantation. The rest are engaged in commerce and trade or professions or Government service. Indo-Mauritians are coming into their own and on the whole their economic and social conditions compare favourably with people of Indian origin in other countries.

NEW ZEALAND

The applications from Indians for permanent entry have been approved at the rate of approximately 100 applications per annum over the past few years.

The greater part of the Indian community is concentrated in the main urban centres, where for the most part they are engaged in small businesses such as grocery stores, importing houses or restaurants. Others, however, are employed in industry and in clerical work and other professions.

Indians enjoy the right to vote in Parliamentary and Municipal elections and do not suffer from any economic, political, legal or other disability.

Remittances made by all New Zealand residents (including Indians) from New Zealand are subject to exchange control.

PHILIPPINES

Subject to compliance with prescribed requirements, Indian nationals are now admitted to the Philippines as immigrants under an annual quota not exceeding 50 for each calendar year.

REPUBLIC OF ZAMBIA

India has an office of High Commissioner in Zambia at Lusaka.

SAUDI ARABIA

Entry visa regulations of the Govt. of Saudi Arabia are very strict and generally entry visas are issued only to those sponsored by a Saudi national or a foreign government.

There is no restriction on remittances sent from Saudi Arabia to any part of the world, except Israel.

About 2,000 Indians reside in Saudi Arabia out of which about 500 are employed with the Arabian American Oil Company (ARAMCO) alone on contract basis in different capacities. Others are working in government departments and private firms.

SOUTH AFRICA

Persons of Indian origin in South Africa numbering about a million are serving as traders, farmers, factory workers, and a small number of professionals, such as doctors, lawyers. Most of the present generation are born in South Africa and have been accepted as South African nationals.

Racial discrimination against Indians exists in South Africa in every walk of life and in the worst possible form. Persons of Indian origin are practically excluded from parliamentary and provincial franchise as well as from public services except in menial and subordinate posts.

The South African Government has abandoned its early policy of repatriation on which it had hitherto pinned its faith as a solution to the Indian "problem". They have now created a Ministry of Indian Affairs. All matters pertaining to Indians are being dealt with by this Ministry.

There is no special limit to remittances by Indians to India.

South Africa has persistently refused to accept the numerous resolutions passed by the U.N. urging it to give up its policies of racial discrimination. As a result of pressure exerted by the Commonwealth of Nations, the Government of South Africa withdrew therefrom on May 31, 1961, rather than give up apartheid.

SUDAN

The Indian Community is mostly in trade of textiles, tea, jute goods, essential oils, gum, arabic and dura. Almost all these traders come from Gujarat State and continue maintaining their ties with the motherland.

There are about seventy Indians working under the Government of Sudan on contract basis — a few of them are experts from the United Nations.

Remittances are governed by exchange control regulations.

SURINAM

Surinam is an autonomous part of the kingdom of the Netherlands.

There are 120,100 Indians in a total population of 302,000. They form the second largest group.

Indians are mainly engaged in agriculture, business and trade. The majority of Indians are sugar estate workers or cane farmers. Hindi is widely spoken and understood.

There are no constitutional, legal or any other disabilities on Indian immigrants.

TANZANIA

There are nearly 100,000 persons of Indian origin living in Tanzania including nationality-wise about 5,000 Indian nationals, 50,000 British subjects, 35,000 naturalised Tanzanians, 5,000 stateless persons and another 5,000 whose applications for Tanzanian citizenship are yet to be decided. More than half the total number of persons of Indian origin are Muslims — Ismailis, Bohras and Ittenassarais. They are mostly engaged in wholesale and retail trade, manufacturing industries, Public Services, running of big agricultural farms like Coffee Estates etc.

THAILAND

The annual quota is 200 and the selection is made by the Government's Immigration Division in Bangkok. No discrimination against the Indian population prevails in Thailand. Remittances out of the country are controlled by the Bank of Thailand's rules and regulations.

UGANDA

The persons of Indian origin numbering 80,000 as of 1967 are predominantly Hindu, but there is also a substantial number of Muslims. Gujarati is the language spoken by them.

Apart from the Indian settlers who are mainly in business, there are Indians who are employed as teachers, doctors, nurses, engineers, etc., with the Uganda Government on contract or permanent terms. The Indian community in Uganda on the whole is fairly well-off.

Entry into Uganda is strictly regulated through entry passes and further immigration is not allowed.

U.S.A.

Until June 1968 the U.S.A. had fixed a quota of 100 plus some not used from quotas for other countries. After that date there is no numerical limit, except for an upper limit of 20,000 which applies to all other countries as well. During 1967, there were 21,919 persons of Indian origin in the U.S.A.

There are certain categories of aliens who are excludable under Section 212 of the Immigration and Nationality Act. These exclusions apply to both immigrants and non-immigrants, although there are exceptions and certain discretionary powers vested in the Attorney-General and the Secretary of State.

There are a variety of requirements which must be met before an immigration visa can be issued. No consideration can be given to third, sixth and non-preference applicants until they obtain certification from the U.S. Department of Labour. The application can be made at a diplomatic or consular office of the United States. These offices are located in New Delhi, Bombay, Calcutta and Madras within India. It must be emphasized that under the Indian quota, the demands have been so high for preference visas that no numbers have been allocated to non-preference applicants for many years.

An immigrant, regardless of race, colour or creed, admitted into the United States as a permanent resident alien is eligible for American citizenship, if he fulfils the residence and other requirements laid down in the Immigration and Nationality Act of 1952, as amended.

There are no restrictions on the remittance of American funds abroad.

THE WEST INDIES

Trinidad and Tobago :

The people of Indian origin number over 3,63,799, as of 1967 i.e. approximately $\frac{1}{3}$ of the total population.

The bulk of the people of Indian descent work on agricultural farms, industrial estates and in business houses. A majority of the departmental stores, gas stations and taxi stations are owned by East Indians.

Entry into the country is regulated through work permits which are issued sparingly. No visa is required for Commonwealth citizens.

There are no restrictions for remittances to soft currency areas.

Jamaica :

The people of Indian descent who are engaged primarily in agriculture number 28,600 (1967).

Entry into the country is regulated through work permits which are issued very sparingly.

No visas are required by Commonwealth citizens.

There are no restrictions for remittances to soft currency areas.

Barbados :

A very densely populated island Barbados has a comparatively small population of the people of Indian descent. People of Indian origin number about 500. A majority of them own small size stores in Bridgetown.

Immigration is controlled through a system of work permits. Commonwealth citizens do not require a visa for initial entry.

There are no restrictions for remittance to soft currency areas.

Urinams :

The people of Indian descent comprise nearly $\frac{1}{3}$ of the total population. A majority of them live in rural areas forming the backbone of the country's agricultural economy.

Hindi is widely spoken and understood in Surinam. Indian cultural values have been well preserved.

Immigration is controlled by a rigid system of work permits. Entry permits are issued to technical trained personnel for limited periods.

There are no constitutional, legal or any other disabilities suffered by people of Indian descent.

POSTS AND TELEGRAPHS

THE Indian Posts and Telegraphs Department comes under the administrative control of the Government of India, in the Department of Communications. The Secretary of the Department holds charge of the office of the Director-General, Posts and Telegraphs as also that of the Chairman of the Posts and Telegraphs Board. The Posts and Telegraphs Board and the Director-General, Posts and Telegraphs between them exercise all the powers of the Department of Posts and Telegraphs in administrative matters. The Department discharges also certain agency functions like the work of Post Office Savings Bank, National Savings Certificates and Postal Life Insurance Policies, collection of Broadcasting Receiver Licence and collection of customs duty on postal articles on behalf of other Departments of the Government of India.

BUDGET ESTIMATES (1968-69)

Revised estimates for 1967-68: Revenue receipts, Rs. 172.70 crores; Working expenses (net) Rs. 174.96* crores; Net receipts, Rs.—2.26 crores; Dividend to General Revenues, Rs. 18.35† crores; Deficit, Rs. 20.61 crores; Amount withdrawn from Revenue Reserve Fund, Rs. 20.61 crores.

Budget estimates for 1968-69: Revenue Receipts, Rs. 212.67 crores; Working expenses, Rs. 192.10 crores; Net receipts, Rs. 20.57 crores; Dividend to General Revenues, Rs. 12.82 crores; Surplus, Rs. 7.75 crores; Appropriation to Revenue Reserve Fund, Rs. 7.75‡ crores.

STAFF

The total staff (including Audit and Accounts) employed in the Posts and Telegraphs Department on March 31, 1967 was 513,342 (including 174,374 extra departmental employees and 3,389 Gazetted Officers).

TRAFFIC STATISTICS

Estimated postal traffic for 1967-68: Postal articles (excluding money orders) 6,447 million; Registered articles, 172.0 million; Money orders 95.0 million; Savings Bank Transactions 60.8 million; Telegraphs 43.2 million; Trunk calls 43.2 million; STD Calls 32.2 million; Value of money orders issued Rs. 53 crores; Telephones 1,015,000.

COMPLAINTS

The no. of complaints received during 1967 was 705,668. This works out to .0108 per cent of the total traffic against

.0124 per cent in 1966. The number of complaints disposed of during the year was 718,527.

POSTS

In the last 20 years nearly 80,000 post offices were opened in India, 3,100 of them between Jan. 1 and Nov. 30 of 1968. The number of post-offices in the rural areas at the beginning of July 1968 was 90,600. There are more than one lakh post offices in the country now (Jan. 1, 1969).

During 1968 370 branch offices and extra Departmental Sub-offices were upgraded into departmental sub-offices.

Night Air-mail Service : An inland night air mail service links the principal cities—Bombay, Calcutta, Madras, Delhi and Nagpur. All inland letters, letter cards, post cards and money orders are carried by air without any surcharge.

Night Post Offices : There are 57 night post offices in the country. Night post offices remain open on Sundays and also kept open beyond normal working hours. During 1967 the following post offices were converted into night post offices: Hubli H.O., Bhubaneswar H.O., Akola H.O., and Chandni Chowk, Delhi H.O.

Runners' Lines : During the year ending 31st March 1967, 727 runners' lines covering a distance of 17,698 kilometres have been converted by quicker mode of conveyances as given below in the order of nature of conveyance, number of lines and coverage in kilometres.

Mail motor services 340; 14,260; Horse drawn Vehicles 25; 232; Camels, Mules etc. 14; 222; Bicycles 2; 20; Other means (i.e. boats, steamers etc.) 2; 40.

Now (Jan. 1969) 3.1 lakh villages receive letters every day, 1.6 lakh villages three times a week, 89,000 villages twice a week and 5,449 villages get their letters more than a week.

Letter Boxes : There were 1,00,851 letter boxes planted outside the post offices; 62,226 being in rural areas.

Philatelic Deposit Account Scheme : This scheme introduced in four philatelic bureaux viz., Bombay, Calcutta, Delhi and Madras with effect from Aug. 1, 1965 proved popular. Under this scheme philatelists open account with an initial deposit of Rs. 50.

Mobile Post Offices : Fifteen mobile post offices now function in 11 cities and towns—Delhi, Bombay, Madras, Calcutta, Bangalore, Poona, Hyderabad, Ahmedabad, Nagpur, Kanpur and Bhillai.

* Includes Rs. 2.26 crores withdrawn from Revenue Reserve Fund to meet the year's deficit.

† Includes arrears Dividend for 1965-66 (Rs. 394 crores) and for 1966-67 (Rs. 3.10 crores).

‡ Since there was no balance at credit of P. & T. Revenue Reserve Fund a loan of Rs. 20.61 crores was taken during 1968-69 to that fund from the General Revenue to meet the deficit. This loan has to be paid in three annual instalments with interest. A sum of Rs. 7.75 crores (including Rs. 0.88 crore towards interest) has to be paid to General Revenue in 1968-69 as first instalment of the loan, out of the balance at credit of the Revenue Reserve Fund.

Savings Banks: The post office savings bank is the largest people's bank. It has almost twice as many depositors as all the commercial banks put together. There were 70,721 post offices doing savings bank transactions (Nov. 1968) and the balance at the beginning of the current financial year stood at Rs. 1,650 crores; Rs. 110 crores more than the corresponding figure in the previous year.

Unit Trust: The sale of Unit Trust 'Units' have been authorised with all the post offices and sub-post offices in the country with effect from July 1, 1966.

Postal Life Insurance: Proposals relating to 14,722 policies for Rs. 4,93,06,000 were accepted during the period April, 1967 to December, 1967 as against 15,050 policies for Rs. 4,47,67,700 during the corresponding period in the previous year.

With effect from the 1st of April, 1967 the premium rates have also been reduced.

Commemorative Stamps: Name and date of issue respectively are as follows:

Nandalal Bose, April, 16, 1967; Survey of India Bicentenary, May, 1, 1967; Basaveswara, May, 11, 1967; Narsinha Mehta, May, 30, 1967; Maharara Pratap, June, 11, 1967; Narayana Guru, Aug., 21, 1967; Dr. S. Radhakrishnan, Sept., 5, 1967; Quit India Movement Oct., 1, 1967; Centenary of the Installation of Bidriware, Oct., 16, 1967; Brassware, Oct., 16, 1967; Family Planning, Oct., 16, 1967; Gnat Plane, Oct., 16, 1967; Somnath Temple Oct. 16, 1967; Centenary of the Installation of Indo-European Telegraph Line, Nov. 9, 1967; World Wrestling Championship, Nov. 12, 1967; Nehru and Nagaland, Dec., 1, 1967; Rashbehari Basu, Dec., 26, 1967; Diamond Jubilee of Scout Movement, Dec. 27, 1967; International Year for Human Rights, Jan. 1, 1968; Second International Conference-Seminar of Tamil Studies, Jan., 3, 1968; United Nations Conference on Trade and Development, Feb., 1, 1968; Centenary of Amrit Bazar Patrika, Feb. 20, 1968; Maxim Gorky Birth Centenary, March, 28, 1968.

TELEGRAPH SERVICES

Conversion of large combined posts and telegraph offices into departmental telegraph offices is being undertaken in order to improve the telegraph service. The total member of such departmental telegraph offices on December 31, 1967 stood at 214. Four more offices were expected to be added to this list by March, 1968.

Auto Working: Automatic pre-punching of tapes and transmitting them have been introduced on three more circuits during 1967-68, bringing the total of such circuits in the country to 31.

Teleprinters: The total number of teleprinters in use as on Dec. 31, 1967 was 7,608. This includes 72 teleprinters with the Devnagri keyboard. 545 additional teleprinters were expected to be brought into use before March 1968.

Telex and International Telex:—The most important development in the subscriber to subscriber transmission of printed messages was the commissioning of teleprinter exchanges at important cities on June 24, 1963. This service has now been extended to Coimbatore, Kanpur, Ahmedabad, Bangalore, Hyderabad, Nagpur, Madurai, Patna, Secunderabad, Poona, Gauhati, Tiruchy, Ranchi, Lucknow, Srinagar, Vijayawada and Jaipur. Besides these, Ernakulam and Amritsar were also expected to have this system by March 31, 1968.

International Telex Service from India is available to 65 countries.

TELEPHONES

Telephone facilities are provided at tehsil and equivalent headquarters, block headquarters, Police stations and at places with population of over 5,000.

The total number of telephones in the country as on Dec. 31, 1967 was about a million. It was expected that one lakh more telephones would be added by March 31, 1968.

The registered number of persons in the waiting list as on December 31, 1967 was 425,000.

The total number of connections given under O.Y.T. scheme upto December 15, 1967 was 1,15,234 and the revenue accrued from the subscribers under the scheme was Rs. 27,50,05,286. This scheme has been in force in 11 cities of the country. A further expansion of this scheme for 68 more stations has been given effect from Jan. 1, 1968. It was expected that another 4,200 would be added in the number of subscribers and Rs. 1,15,00,000 towards collections by the end of March 1968.

Subscriber Trunk Dialling: In this system, a subscriber can himself directly dial the number of the distant exchange subscriber thus eliminating the need for booking and putting through of calls by operators. This facility is now available on 16 routes, viz., Lucknow-Kanpur, Delhi-Agra, Delhi-Jaipur, Agra-Kanpur, N. Delhi-Kanpur, N. Delhi-Lucknow, N. Delhi-Patna, N. Delhi-Jullundur, N. Delhi-Meerut, Madras-Bangalore, Kanpur-Varanasi, Delhi-Simla, Delhi-Ahmedabad, Delhi-Jammu; Delhi-Srinagar and Srinagar-Jammu.

Coaxial Cables: In order to provide a large number of high grade circuits between important cities in the country, the laying of control trunk cable was taken up in 1958. Under this system 504 channels have been added on the route and 252 additional channels were expected to be commissioned by March 1968.

National Subscriber Dialling: The National Subscriber Dialling network is being planned to permit subscribers of automatic exchanges of one city to directly dial and obtain subscribers of other cities in the country. These facilities are already available on a point to point basis on 16 routes (serving 32 cities). In the National Dialling Plan these facilities will be extended to cover more important stations and provide transit dialling facilities which are not available in the existing point to point scheme.

Microwave: During 1966-67 microwave relay links were commissioned over two routes, viz.: Ambala-Chandigarh-Simla and Calcutta-Kharagpur. The schemes which were in progress during the year (1966-67) were as follows: Jullundur-Srinagar Scheme (480 kms); Calcutta-North Bengal-Assam Scheme (1610 kms); Delhi-Jaipur Scheme (260 kms); Poona-Secunderabad Scheme (550 kms).

Other projects in progress are: Asansol-Dhanbad-Ranchi, Coimbatore-Ooty-Kozhikode, Panaji-Belgaum, Dehradun-Mussoori-Muzaffarnagar and Asansol-Singarsi.

Projects for 17 more routes have been sanctioned and the preliminary works in this connection are in progress.

Railway Electrification Telecommunication Cables: The P. & T. Department is required to lay specially protected aluminium sheathed cables along railway tracks due for conversion to AC traction. A total of 2,900 Kms. of cables were laid before Dec. 1967.

WIRELESS

New Stations/Links opened (1967-68): Gauhati-Tura wireless telegraph link; Gauhati-Imphal radio teleprinter

link; Gauhati-Silchar radio teleprinter link; Kohima-Shillong VHF radio telephone link; Calcutta-Port Blair radio teleprinter link, Diu-Una VHF radio-telephone link; Rajahmundry-Amalapuram VHF radio telephone link; Kidarnath-Kalpa seasonal wireless telegraph link.

Wireless Networks : Coastal stations 12; Monitoring stations 6; Departmental and leased stations 167; Radio Telegraph circuits 138; Radio Teleprinter circuits 15; Radio Telephone circuits 72. In addition to the above, maritime services are provided from 30 coastal stations.

Workshops : The P. & T. workshops produced line and equipment stores worth Rs. 557 lakhs during 1966-67. The production achieved during the first 8 months of the year 1967-68 was Rs. 329 lakhs and was expected that at the end of 1967-68 the production would exceed the target of Rs. 550 lakhs.

Postal Rates (India) : Letters (ordinary) upto the first 15 grams 0.20 p. and every additional 15 grams or part 0.15 paise; Post cards (single) 10 p. and reply 0.20 paise; Book post (50 grams) 15 p. and every additional 25 grams or part, 0.10 paise; Book Packets containing printed books only (upto 100 grams) 0.10 p. and per 50 grams thereafter or part 0.05 p.; Registered newspapers (for single copies upto 100 grams) 0.05 p. Newspapers exceeding 100 grams & not exceeding 250 grams 0.10 p.; and per 250 grams thereafter or part 0.05 p.; Parcels (per 400 grams) 0.80 p.; Registration fee 0.70 p.; Acknowledgement fee 0.15 p.; Certificate of Posting fee (per 3 articles)

0.10 p.; Insurance fee (upto Rs. 100) 0.50 p.; Per Rs. 100 thereafter upto Rs. 5,000, 0.30 paise (on each Rs. 100) and per Rs. 1,000 upto Rs. 10,000, 100 p.; Money Order Commission, Per Rupees 10 upto Rs. 200, 0.20 p.; Per Rs. 20 beyond Rs. 200, 0.30 p (Cost of M.O. form 0.05 p. adjustable towards Commission); Postal Orders (per postal order of any denomination upto Rs. 10) 0.10 p.; Value payable article — Posting fee (not exceeding Rs. 25) 0.10 p and exceeding Rs. 25, 0.20 p; Express Delivery fee (unregistered article) 0.15 p., per Registered articles 0.20.

Foreign : Letters (upto 20 grams) 0.75 p. and for 20 grams thereafter 0.45 p.; Post cards (single) 0.45 paise, Reply paid 0.90 p.; Printed papers (upto 50 grams) 0.40 paise, and per 50 grams thereafter 0.20 p.; Samples and mixed packets 0.75 p.; Registered newspapers (upto 50 grams) 2.20 p.; and per 50 grams thereafter 0.10 paise; Insured Boxes (upto 250 grams) Rs. 3.00, per 50 grams thereafter 0.50 p., Registration fee (bulk bags) Rs. 3.00; Acknowledgement fee 0.50 p.

Foreign Air Mail Rates : Ceylon, Pakistan—Post cards 0.20 p.; Aerogram 0.25 paise; To Afghanistan and Burma Post cards 0.50 p. and Aerogram 0.65 p.; others: Post Card 0.75 p., Aerogram 0.85 p.

Telegraphs (Inland) : The charges of ordinary and express telegraph respectively (non-press telegraphs) for the first eight words Rs. 1.20 and Rs. 2.40 and each additional word 0.10 p. and 0.20 p.

THE CO-OPERATIVE MOVEMENT (1966-67) *

CREDIT SOCIETIES

ON June 30, 1967, the total number of banks and credit societies of all types stood at 2,00,324 with a membership of 38,431,000 as compared to 2,14,012 banks and societies as on June 30, 1966. The membership represents an increase of 7.9 per cent over that on June 30, 1966. The share capital, statutory reserve and other funds increased by Rs. 58.6 crores to Rs. 472.1 crores while deposits, borrowings from higher financing agencies, debentures etc., increased by Rs. 211.8 crores to Rs. 1,952.3 crores. The aggregate working capital rose from Rs. 2,154.0 crores to Rs. 2,424.4 crores as on June 30, 1967, an increase of 12.5 per cent.

STATE CO-OPERATIVE BANKS

There were at the end of June 1967, 25 state co-operative banks with a membership of 8,290 individuals and 13,167 banks and societies. Working capital of these banks in crores of rupees as on June 30, 1967 (figures in brackets relate to June 30, 1966: Owned funds 55.67 (44.95); deposits 147.38 (146.51); borrowings: Government 22.68 (20.30); Reserve Bank 172.99 (174.48); other sources 4.25 (3.74); working capital 402.95 (389.98). Loans and advances during the year amounted to Rs. 450.8 crores and represented an increase of Rs. 42.9 crores over the 1965-66 figure.

CENTRAL CO-OPERATIVE BANKS

There were 346 central co-operative banks as on June 30, 1967, with a membership of 253,642 co-operative societies and 98,723 individuals and others including the State Governments. Working capital increased from Rs. 583.5 crores on June 30, 1966 to Rs. 638.3 crores as on June 30, 1967 as shown below (figures in crores of rupees. The figures within brackets relate to 30 June 1966): Owned

funds 115.6 (101.9); deposits 259.3 (236.0); borrowings 263.3 (245.0); Working Capital 638.3 (583.5).

The loans and advances of the central banks increased from Rs. 545.0 crores during 1965-66 to Rs. 625.4 crores in 1966-67. As on June 30, 1967, the amount outstanding under loans and advances was Rs. 499.3 crores of which Rs. 412.5 crores were short-term and Rs. 86.8 crores medium-term loans.

AGRICULTURAL CREDIT SOCIETIES

The number of primary agricultural credit societies decreased further by 13,169 societies to 1,78,735 as on June 30, 1967. As against 26,709,000 members at the end of the year, the number of borrowing members was 10,611,000 i.e. 40 per cent of the total membership.

The working capital of the societies increased from Rs. 546.6 crores as on June 30, 1966 to Rs. 625.2 crores on June 30, 1967. Their owned funds increased by Rs. 16.5 crores and deposits by Rs. 4.6 crores. Loans issued during the year aggregated Rs. 365.2 crores showing an increase of Rs. 23.2 crores. Overdues have risen from Rs. 125.3 crores as on June 30, 1966 to Rs. 160.1 crores as on June 30, 1967 forming 34 per cent of loans outstanding as compared to 29 per cent as on June 30, 1966.

NON-AGRICULTURAL CREDIT SOCIETIES

The non-agricultural credit societies consisting of urban banks, employees' credit societies and others numbered 13,616 as at the end of June 1967. Their membership increased from 6,484,000 to 7,485,000. Working capital increased by Rs. 30.7 crores during the year and stood at Rs. 305.4 crores. Deposits amounted to Rs. 194.0 crores as against Rs. 176.9 crores as on June 30, 1966. The loans and advances made during the year amounted to Rs. 276.1 crores as compared to Rs. 246.7 crores during 1965-66.

* Source : Statistical Statements Relating to Co-operative Movement in India, 1966-67 for Credit Societies and 1965-66 for Non-Credit Societies by Reserve Bank of India.

CENTRAL LAND DEVELOPMENT BANKS

The number of such banks rose by 1 to 19 as on June 30, 1967, with a membership of 872 primary land mortgage banks and societies and 771,654 individuals (including nominal members). Paid-up share capital rose by Rs. 3.5 crores to Rs. 18.9 crores of which Government contribution was Rs. 6.1 crores. Their borrowings as at the end of June 1967 amounted to Rs. 238.6 crores of which Rs. 232 crores were by way of debentures.

Loans made by the land development banks during the year amounted to Rs. 58.9 crores as compared to Rs. 56.4 crores in 1965-66. Loans outstanding increased from Rs. 163.2 crores as on June 30, 1966 to Rs. 207.4 crores as on June 30, 1967.

PRIMARY LAND DEVELOPMENT BANKS

The number of such banks increased from 673 to 707 during the year. Of these 448 were in Andhra Pradesh, Tamil Nadu and Mysore. The membership increased by 312,163 to 2,156,816 and working capital from Rs. 136.9 crores to Rs. 173.6 crores. Loans outstanding increased from Rs. 124.3 crores to Rs. 154.7 crores during 1966-67. Overdues at the end of 1966-67 stood at Rs. 5.7 crores as against Rs. 4.4 crores as on June 30, 1966.

STATE PARTNERSHIP

State contribution to the share capital of various types of credit societies increased from Rs. 46.3 crores to Rs. 50.4 crores. This was received by the state co-operative banks (Rs. 10.3 crores), central co-operative banks (Rs. 21.6 crores), industrial co-operative banks (Rs. 1.1 crores), primary credit societies (Rs. 11.2 crores) and central land development banks (Rs. 6.1 crores).

NON-CREDIT SOCIETIES

Details relate to the year 1965-66.

The number of all types of non-credit societies both agricultural and non-agricultural at the close of 1965-66 stood at 1,32,173 representing an increase of 5,954 over the previous year. Number of different types of societies: weavers' societies 13,076, other types of industrial societies 35,089, consumers' societies 13,349, housing societies 11,778, milk supply societies 8,197, sugarcane supply societies 8,144, farming societies 7,295, marketing societies 3,375 and co-operative fisheries 3,338. Membership of these different types of societies stood at 162,93,845 and their working capital Rs. 648 crores.

The following are some of the important types of non-credit societies:

AGRICULTURAL MARKETING SOCIETIES

National and State Marketing Societies: The National Agricultural Co-operative Marketing Federation, New Delhi, had 65 societies as members. It sold agricultural produce worth Rs. 100.90 lakhs as against Rs. 106.85 lakhs in 1964-65.

At the State level, there were 21 institutions consisting of 19 general purpose marketing societies, one society for arecanut in Mysore and one for fruits and vegetables in Delhi. The apex societies had a membership of 5,667 societies and 630 individuals and others as regular members and 605 nominal members. The value of agricultural produce sold by the apex societies was Rs. 73.52 crores as compared with Rs. 30.72 crores in respect of 21 apex societies in 1964-65.

Central Societies: These societies functioning at the district or at the regional level, numbered 155. They sold

agricultural produce worth Rs. 11.62 crores in 1965-66, agricultural requisites and consumers' articles worth Rs. 38.78 crores and Rs. 30.39 crores respectively as against Rs. 36.93 crores and Rs. 33.69 crores in 1964-65.

Primary Marketing Societies: The total number of primary marketing societies declined from 3,235 in 1964-65 to 3,198 in 1965-66, with a membership of 1,39,823 societies, 20,41,346 individuals and others and 99,298 nominal (individual) members. Working capital as on June 30, 1966 was Rs. 63.72 crores. The value of their sales during 1965-66 amounted to Rs. 309.66 crores of which Rs. 179.52 crores were as owners and Rs. 130.14 crores as agents.

Linking of Credit with Marketing: Primary marketing societies numbering 525 assisted in the linking of credit with marketing and recovered loans amounting to Rs. 12.20 crores on behalf of 16,823 primary agricultural credit societies. Co-operative marketing societies in Maharashtra, Madhya Pradesh, Mysore and Uttar Pradesh together accounted for 91 per cent of the total loans recovered through marketing societies in 1965-66.

AGRICULTURAL PROCESSING SOCIETIES

Co-operative Sugar Factories: There were 78 co-operative sugar factories at the end of 1965-66 as against 70 at the end of 1964-65. Fifty-one factories were in production. All the sugar factories had on their membership rolls 11,170 societies, 2,73,297 canegrowers and 11,498 members other than growers of sugarcane. The value of sugar produced by the factories increased from Rs. 78.59 crores in 1964-65 to Rs. 112.08 crores in 1965-66. Their total sales of sugar and byproducts in 1965-66 amounted to Rs. 88.07 crores as compared to Rs. 66.59 crores in 1964-65.

Maharashtra had the largest number of sugar co-operatives viz. 24 out of which 20 were in production, which produced sugar worth Rs. 65.62 crores.

Cotton Ginning and Pressing Societies: There were 155 such societies of which 78 were in Gujarat and 64 in Maharashtra. They sold cotton of the value of Rs. 16.05 crores and agricultural requisites to the extent of Rs. 1.33 crores.

Other Agricultural Processing Societies: There were 1,894 primary societies of which 329 were engaged in paddy husking (other than rice mills), 142 were rice mills, 298 were engaged in oil crushing, 22 processed fruits and vegetables and 1,103 processed other commodities. They had a membership of 8,105 societies and 1.89 lakh individuals. The value of their sales increased from Rs. 2.95 crores in 1964-65 to Rs. 3.59 crores in 1965-66.

INDUSTRIAL SOCIETIES

Weavers' Co-operative Societies: There were 20 apex, 109 central and 12,947 primary weavers' societies as on June 30, 1966. The total membership of primary weavers societies as on June 30, 1966 was 13.14 lakhs with a working capital of Rs. 33.82 crores. The value of cloth produced and sold during the year was Rs. 53.03 crores and Rs. 53.86 crores respectively. These societies were running 1,888 sale depots, 92 pattern-making factories and 685 dye-houses.

Other Industrial Societies: There were 21 State, 121 Central and 34,950 primary industrial societies as on June 30, 1966. The 19,447 active primary societies had a membership of 11.70 lakhs comprising 2,978 societies and 11.67 lakh individuals. The value of production and the value of sales during 1965-66 were Rs. 27.60 crores and Rs. 28.34 crores respectively.

Spinning Mills : There were 65 such mills as on June 30, 1966, with 13,345 societies and 80,339 individuals as members. There were 8.40 lakh spindles. The value of yarn sold during the year amounted to Rs. 7.51 crores as against Rs. 6.51 crores in 1964-65.

OTHER NON-CREDIT SOCIETIES

Farming Societies : There were 5,077 joint farming societies with a membership of 1,09,810 during 1965-66. In field operation 52,730 members worked full-time and 17,382 members worked part-time. The area under operation of these societies was 2.57 lakh hectares of which 1.93 lakh hectares were under cultivation. The value of production was Rs. 3.78 crores. The number of collective farming societies increased by 216 to 2,218 and membership rose from 65,218 to 78,060.

Irrigation Societies : The number of irrigation societies increased from 1,471 as on June 30, 1965 to 1,558 as on June 30, 1966. These societies had executed irrigation works valued at Rs. 223.28 lakhs upto the end of 1965-66.

Fisheries Societies : There were 3,338 societies with a membership of 3.48 lakhs on June 30, 1966 as against 3,205 on June 30, 1965 with 3.26 lakh members. They advanced loans to the extent of Rs. 81.25 lakhs as against

Rs. 87.91 lakhs in 1964-65. The value of their catch was Rs. 2.04 crores and of sales was Rs. 4.01 crores.

Consumers' Stores : There were 272 wholesale stores during 1965-66 their sales amounting to Rs. 159.47 crores as against 222 stores selling goods worth Rs. 80.04 crores in 1964-65. The number of primary stores increased from 12,352 to 13,077. Their membership and paid-up share capital were 29.30 lakhs and Rs. 6.16 crores respectively. The purchases and sales of the primary stores during 1965-66 amounted to Rs. 142.24 crores and Rs. 162.30 crores respectively as against Rs. 91.75 crores and Rs. 118.12 crores in 1964-65.

Housing Societies : There were 13 State societies and 11,765 primary housing societies with a membership of 5,488 and 7.57 lakhs respectively. These societies constructed 6,666 independent houses and 15,218 tenements.

STATE PARTICIPATION

Total amount of Government contribution to the share capital of all types of non-credit societies increased from Rs. 32.42 cores in 1964-65 to Rs. 41.91 crores in 1965-66. Of this, marketing societies received Rs. 15.60 crores, sugar factories Rs. 10.83 crores and spinning mills Rs. 6.28 crores.

IRRIGATION

THE net area under irrigation in India during 1963-64 and 1964-65 were 26.13 and 26.16 million hectares and the gross area 30.57 and 31.19 million hectares respectively. The percentage of net irrigated area to the net sown area in the entire country was 19.16. Net sown area in 1964-65 was 137.92 million hectares. The irrigation potential has gone up from 56 million acres in 1947 to 88 million acres in 1967-68.

About 500 major and medium Irrigation Projects were taken up during the three Plans, which on completion, were expected to irrigate 17.81 million hectares. The benefits from these projects by the end of the Third Plan were expected, however, to be limited to about 7.3 million hectares of additional irrigated area. During 1966-67 a sum of Rs. 114 crores had been spent on irrigation.

Rainfall in the country is unequal and in many areas uncertain necessitating recourse to artificial irrigation. The distribution is as follows :

Range	(in million acres)	Percentage
Area between 0-30 inches ..	237.6	29.6
Area between 30-50 inches ..	339.2	42.0
Area between 50-75 inches ..	143.9	17.8
75 inches and above	85.6	10.6
Total area	806.3	100.0

The total capacity of India's canals is over 220,000 cusecs, and the canals are over 67,500 miles in length. The total amount of annual flow of water in the Indian Union is 1,360 million acre feet, distributed as follows :—

1. Rivers (excluding the Indus system) falling into the Arabian Sea, 251.5; 2. Rivers (excluding Ganga and Brahmaputra systems) falling into the Bay of Bengal, 334.0; 3. Indus basin in India, 64.4; 4. Ganga System, 397.1; 5. Brahmaputra System, 309.0.

Out of the water resources of 1,360 million acre feet owing to physiographical conditions only about a third, about 450 million acre feet are utilisable.

UTILISATION OF IRRIGATION POTENTIAL

During the Third Five Year Plan against a target of additional 19.6 million acres (8.0 million hectares), the actual achievement was 18.1 million acres (7.3 million hectares).

An additional irrigation potential of 0.97 million hectares (2.4 million acres) was created in 1966-67 and the additional utilisation of irrigation potential was 0.81 million hectares (2.0 million acres).

Names of major irrigation projects taken up in the Third Plan, estimated cost in Rs. million and ultimate irrigation in million acre respectively: ANDHRA PRADESH : Pochampad (406.1); (0.57); BIHAR : Chandan Reservoir (59.0); (0.14); MADHYA PRADESH : Gasdeo (90.0); (Water supply scheme); MADRAS* : Chittar Pattanamkal (77.6); (0.05); MYSORE : Malaprabha (200.0); (0.30); Upper Krishna (611.0); (0.60); PUNJAB : Beas Project Unit—I (Sutlej Beas Link) (108.0); (0.80); Beas Project Unit—II (Pong Dam) (297.0); (0.79); RAJASTHAN : Beas Project Unit (Sutlej Beas Link) (18.0); (Under Rajasthan Canal); Beas Project Unit—II (Pong Dam) (631.0); (Under Rajasthan Canal); UTTAR PRADESH : Western Gandak Canal (363.9); (0.60).

Drought

Adverse weather in recent years particularly in 1965-66 and 1966-67 has affected long areas in the country to severe drought. Eastern U.P. and South Bihar are among the worst affected areas. Measures for drought prevention and mitigation viz. irrigation projects are being examined to be taken up in the Fourth Plan. A number of pumped canal schemes have also been prepared and are under examination.

* Now called Tamil Nadu.

MINOR IRRIGATION

Minor irrigation works are works that can be conceived and handled to a large extent by the local people themselves, and individually cost Rs. 10 lakhs or less.

Minor irrigation schemes include construction of open wells, tanks and minor drainage schemes; embankments which are important from the point of view of food production and checking intrusion of salt water in coastal areas; restoration of old tanks, stream diversion schemes; and installation of pumping appliances and improvement of water supply from wells and storage dams. There are also such works as construction of kuhis in hilly areas, filter points in coastal alluvium and installation of improved lift appliances, Persian wheels and pumping sets on wells. Tubewells also form part of minor irrigation works.

TANKS AND WELLS

Tank irrigation is very important in Andhra, Tamil Nadu, Orissa and Uttar Pradesh where over 3.1, 2.0, 1.2 and 1.0 million acres respectively, are irrigated by tanks. Bengal, Mysore, Bihar, Gujarat and Maharashtra have over half a million acres under tank irrigation.

Wells: Wells are mainly of two types, i.e. surface or sub-surface. Unlike tanks, they can be constructed irrespective of topographical and geological limitations, provided sub-soil water is in reach.

Well irrigation commands over 5.9 million acres in Uttar Pradesh and 2.3 million in Punjab,* Rajasthan, Gujarat and Maharashtra. It is also of considerable importance in Tamil Nadu, Andhra, Madhya Pradesh and Bihar where over 1 million acres are irrigated by wells.

Pumping sets of high efficiency have come into common use for water lifting and also for draining.

Tubewells

A tubewell irrigates about 400 acres while a surface well barely 5 acres.

A centrally sponsored scheme for ground water surveys and investigation has been initiated.

During the period 1961-66 the exploratory tubewell organisation drilled 201 bores out of which 67 proved successful. In addition 704 productive tubewells were constructed during the same period. The organisation also drilled 360 productive tubewells in Bengal, Gujarat (Kutch), and U.P. of which 105 were successful.

RESEARCH

There are now nineteen stations in India, dealing with irrigation research problems:—

Andhra Pradesh Engineering Research Laboratories, Hyderabad, Andhra Pradesh (1945); Bhakra Dam Project Laboratory, Nangal, Punjab (1947); Bihar Institute of Hydraulic and Allied Research, Khagaul, Patna, Bihar (1956); Central Soil Mechanics & Concrete Research Station, New Delhi (1954); Concrete & Soil Research Laboratories, Madras (1945); Central Water & Power Research Station, Poona, Maharashtra (1916); Damodar Valley Corporation, Maithon, Dhanabad, Bihar (1949); Gujarat Engineering Research Institute, Baroda, Gujarat (1960); Hirakud Research Station, Hirakud, Orissa (1947); Indian Institute of Science, Bangalore, Mysore (1950); Irrigation Research Station, Poondi, Madras† (1944); Kerala Engineering Research Institute Peechi, Kerala (1960); Koyna Project Research Laboratory, Koyna Nagar, Maharashtra (1956); Land Reclamation, Irrigation & Power Research Inst., Amritsar, Punjab (1947); Maharashtra Research

Institute, Nasik, Maharashtra (1959); Mysore Engineering Research Station, Krishnarajasagar, Mysore (1945); River Research Institute, West Bengal, Calcutta (1943); River Research Station, Chandmari, Gauhati, Assam (1966); UP Irrigation Research Institute, Roorkee, U.P. (1938).

FLOOD CONTROL AND SOIL CONSERVATION

Since 1954 when the flood control programme was inaugurated on a coordinated basis, over 6,880 km. (4,300 miles) of embankments and 7,840 km. (4,900 miles) of drainage channels have been constructed in different States affording protection to about four million hectares (ten million acres) of land. Eighty town protection schemes have been taken up against floods/erosion and 4,300 villages have been raised above flood level. The approximate area benefited by flood control schemes completed every year is about 0.324 to 0.405 million hectares (0.8 to one million acre) on an average.

Against the original Third Five Year Plan provision of Rs. 610 million the outlay on the programme was to go up to Rs. 810 million. About 7 million acres had benefited from flood control schemes undertaken in the first two Plans costing about Rs. 630 million and an additional 4.5 million acres were expected to be benefited in the Third Plan with an outlay of Rs. 850 million. In the Fourth Plan outlay Rs. 1,150 million is envisaged on flood control, drainage and anti-waterlogging measures.

The total damage due to the floods during the 1968 season according to the assessment made so far was about Rs. 170 crores. Nearly half of this was accounted for by West Bengal alone. A total of 73 lakh hectares including a cropped area of 23 lakh hectares was affected. 3,436 human lives and about 1.39 lakh cattle heads were lost.

Steps are being taken to set up flood forecasting units in different parts of the country under a central programme.

Soil Erosion: The sea erosion problem received due attention and a Beach Erosion Board was set up to tackle the problem on a coordinated and scientific basis. Up to the end of the three Five Year Plans Rs. 63 million were spent on anti-erosion schemes in Kerala and a length of 45 miles was covered by the protective works.

RIVER VALLEY PROJECTS

The major river valley projects are as follows:—

(1) Beas Project, (2) Bhakra-Nangal Project, (3) Hirakud Project, (4) Damodar Valley Project, (5) Tungabhadra Project, (6) Kosi Project, (7) Chambal Project, (8) Nagarjuna Project, (9) Koyna Project, (10) Rihand Project, (11) Bhadra Reservoir Project, (12) Kakrapar Project, (13) Machkund Project, and (14) Mayurakshi Project.

Below we give notes on some individual projects.

Beas Project: Is jointly executed by the Punjab, Haryana and Rajasthan Governments with Central assistance. Estimated cost Rs. 240.50 crores. Object: To harness the waters and power potential of the River Beas. On completion the project will facilitate the irrigation of 0.53 million hectares of land in Punjab and Rajasthan and generate 6,60,000 K.W. of power besides augmenting the capacity of the Bhakra Power Generation System by 1,48,000 K.W. The irrigation and power facilities to be provided will utilize an agricultural output worth Rs. 20 crores annually. Rajasthan alone will get 0.04 million hectares of water for irrigating about 0.05 million hectares of desert land.

The project comprises two units Beas Sutlej Link Project and Beas Dam.

* Composite State.

† Now called Tamil Nadu.

Beas Sutlej Link Project : Estimated cost Rs. 110·5 crores. Consists of 62 metres High Rockfill Diversion Dam at Pandoh, about 21 kms. from Mandi in Himachal Pradesh. Expenditure incurred till end of 1966-67: Rs. 28·374 crores. Entire system is designed for diverting 7,500 cusecs of water from River Sutlej.

Beas Dam at Pong : Envisages a 380 ft. high rock fill dam near Pong village and a power house. Estimated cost: Rs. 130 crores. The reservoir created at Pong will impound 8·08 billion cubic metres of water out of which 6·78 billion cubic metres will be live storage capacity for irrigating the areas in Punjab and Rajasthan. The power plant will have six units each capable of generating 60,000 K.W. of electric energy. Approximately Rs. 42 crores have been spent till the end of 1967. The dam is planned for completion in 1973.

Bhadra Project (Mysore) : Bhadra Reservoir is one of the major irrigation projects in the Krishna Basin. The dam is situated in Lakkavalli village in Chickmagalur district. The reservoir has two canals the left bank canal and the right bank canal. The two canals will irrigate a total area of 2,44,663 acres in Chickmagalur, Shimoga, Chitradurga and Bellary districts. The total command area of the project is 3,33,300 acres.

The anticipated expenditure by the end of March 1969 is Rs. 2,890·07 lakhs and the spillover to the Fourth Plan period will be Rs. 609·93 lakhs. Potential created as on June 1968 is 2,34,533 acres. The work is almost complete. A provision of Rs. 150 lakhs has been made for the Fourth Plan period to complete the remaining work.

Bhakra Nangal Project (Punjab) : The Bhakra Nangal Project in Punjab is the biggest multipurpose river valley project in Asia and has the following main components :—(1) 740 feet high straight gravity concrete Dam at Bhakra, eight miles from Nangal, with two Power Houses at its base, one on each bank of the River. (2) A diversion Dam at Nangal, 62 miles North of Chandigarh. (3) Forty miles long Hydrel Channel from Nangal to Rupar with two low head power houses — Ganguwal and Kotla. (4) A widespread network of transmission lines with series of Grid Sub-stations. (5) 108 miles of Bhakra Main Canal and 2,790 miles long canal branches and distributaries spread over in three States — Punjab, Haryana and Rajasthan.

The whole project has been completed except the Right Bank Power House on which work is going on.

An ultimate power potential of 12,04,000 K.W. is expected by 1972 when Beas water will come into Gobind Sagar through Beas Sutlej Link. The States that will benefit are the Punjab, Haryana, Rajasthan, Himachal Pradesh, Jammu and Kashmir and Delhi.

The Project commands 6·5 million acres of new land for irrigation and will improve 3·5 million acres of land already under irrigation.

The total expenditure incurred till the end of December, 1967 was Rs. 175·44 crores against the sanctioned estimate of Rs. 175·14 crores excluding the cost of Right Bank Power House.

The Nangal Dam, the Hydrel Channel and the Bhakra Canal have already been completed.

Work on the construction of Right Bank Power House is nearing completion. There will be in all five generators each of 1,20,000 K.W. capacity, four of which have since been installed. An expenditure of Rs. 30·02 crores had been booked till the end of December 1967 against a revised estimate of Rs. 59·70 crores approximately. The entire Power House was expected to be commissioned by December 1968.

The commitments from this Project are Nangal Fertilizers 1,75,000 K.W. ; Delhi 80,000 K.W. ; Rajasthan 66,880 K.W. ; Kashmir 10,000 K.W. ; Punjab 203,350 K.W. ; Haryana 147,380 K.W. ; Chandigarh 13,060 K.W. and Himachal Pradesh 14,330 K.W.

The increase in foodgrains as a result of the irrigation from the Project is expected to be 8,50,000 tons a year. Other additional yields that will accrue from the Project are : Sugarcane 15,00,000 tons, Cotton 6,00,000 bales and pulses and oilseeds 36,000 tons.

Damodar Valley Project (Bihar and West Bengal) : The Damodar Valley Project which is to benefit the States of Bihar and West Bengal, has as its main features the construction of (a) multi-purpose storage dams with hydro-electricity plants, (b) an irrigation project with a network of irrigation canals and distributaries measuring 1,550 miles including an 85 mile long irrigation-cum-navigation canals, (c) thermal power stations and the associated transmission and distribution facilities.

The ultimate benefits include (a) effective flood control of the Damodar River, (b) irrigation of 9·73 lakh acres including 2·20 lakh acres of old irrigated area in the kharif season and 0·55 lakh acres in the rabi season resulting in an additional yield of rice, rabi crop and jute, (c) the installation of 1,061·5 M.W. of electric power (Projects taken upto Third plan), (d) cheap transport facilities through the navigation canal carrying an annual traffic through the canal of coal, sand, chemicals, food-grains etc. to the extent of nearly 2 million tons, (e) efficient drainage of about 700 square miles of water-logged area in the lower valley in West Bengal, (f) prevention of soil erosion by afforestation, (g) land reclamation and improvement, (h) anti-malarial measures and public health promotion works and (i) development of fishery, tourism etc.

The first phase of the D.V.C. Project comprises (1) a thermal power station of 172·5 M.W. capacity at Bokaro, Bihar ; (2) Tilaiya dam with a power station of 4 M.W. in Hazaribagh district, Bihar ; (3) Konar Dam 24 miles from Hazaribagh ; (4) Maithon Dam with a power station of 60 M.W. in Dhanbad District (Bihar) ; (5) Panchet Hill Dam with a power station of 40 M.W. (Initial) in Dhanbad district (Bihar) ; (6) the Durgapur Barrage and Canals in the district of Burdwan, Bankura, Hooghly and Howrah (West Bengal) and (7) the transmission and distribution system.

The Bokaro Thermal Power Station has now an installed capacity of 247·5 M.W.

The Maithon, the Panchet and the Tilaiya Power Stations have now an aggregate installed generating capacity of 104 M.W.

Irrigation projects comprising Durgapur Barrage, two main canals and distributaries totalling 1,550 miles of canals have been completed.

The Durgapur Thermal Power Station has now an installed capacity of 290 M.W. (2×75 M.W. + 1×140 M.W.) and the Chandrapura Thermal Power Station has now an installed capacity of 420 M.W. (3×140 M.W.) out of 1061 M.W. of electric power generating capacity, the thermal stations contribute 957 M.W. and hydrel stations 104 M.W.

The D.V.C. power system supplied electrical energy through an expanded network of transmission lines right upto Calcutta in the east and upto Mogalsarai in the west, 3,411 million units in 1965-66, 3,717 million units in 1966-67 and 3,725 million units in 1967-68.

The annual gross revenue from power during 1966-67 and 1967-68 was Rs. 21·00 crores and Rs. 22·65 crores respectively.

The four dams in the D.V.C. system would provide irrigation for 9.73 lakh acres of kharif and 0.55 lakh acres of rabi lands and also supply water for industrial and domestic uses. During kharif seasons of 1966-67 and 1967-68 water from Durgapur Barrage was supplied to irrigate an area of 6.90 and 7.01 lakh acres respectively. During 1967-68, an irrigational potential of 7.15 lakh acres was created.

The annual gross revenues from irrigation for the years 1966-67 and 1967-68 are Rs. 0.65 crore and Rs. 0.64 crore respectively.

The Panchet and the Maithon dams have controlled several major floods in the lower valley.

The estimated cost of the project was about Rs. 210.61 crores. The aggregate capital expenditure on the various projects upto the end of March 1968 is about Rs. 219.57 crores.

The total receipts of D.V.C. during 1968-69 have been estimated at Rs. 23.53 crores and the total estimated revenue expenditure, including provisions for the development rebate reserve and the general reserve on the power side only during 1968-69 work out to Rs. 25.39 crores.

Hirakud Dam Project (Orissa):—This project is the biggest multipurpose River Valley Project on river Mahanadi in Orissa State and is situated near Sambalpur. The main functions of the Project are flood control, irrigation and power. The project comprises the Hirakud Dam, Hirakud Canal system, Burla Power House and the Chiplima Power House.

The total culturable commandable area under Hirakud Irrigation in Sambalpur and Bolangir Districts is 3.8 lakhs of acres and the total annual irrigation potential is 6.00 lakh acres. The Hirakud Dam Project also provides regulated supply for perennial irrigation of about 9 lakhs of acres in Mahanadi Delta in the districts of Cuttack and Puri.

The Burla Power House has got 6 power units of total installed capacity of 198 M.W. and Chiplima Power House has 3 power units of total installed capacity of 72 M.W., the total installed capacity being 270 M.W. The project provides power to many industries and the rural areas of Orissa.

Mahi Scheme: The revised estimated cost of the project has been worked out to be Rs. 495 lakhs. The scheme when completed is likely to irrigate 76,000 acres of land.

Tungabhadra Project (Andhra and Mysore): The Project is now being executed by the Tungabhadra Board and the Governments of Andhra Pradesh and Mysore.

The Tungabhadra Dam across the river Tungabhadra at Mallapuram in Bellary District (Mysore State) is 8,006 feet long and 162 feet high at the deepest foundation and 116 feet high on an average above the river bed. The reservoir extends to an area of 146 square miles and has a capacity of nearly 3.1 million acre feet at the full reservoir level of 1,633.

There is only one canal on the left side. This is 127 miles in length and accommodates 7,000 cusecs for both power development and irrigation of about 5,80,000 acres of land in Raichur District of Mysore State.

There are two canals on the right side of the river, the Low Level Canal and the High Level Canal. The former feeds the power house at Hampi and irrigates lands in Mysore State and Andhra Pradesh. The net irrigable area under Low Level Canal is 92,345 acres in Mysore and 1,48,725 acres in Andhra Pradesh.

The Government of India have sanctioned the execution of High Level Canal (1st stage), which, on completion, will accommodate 2,300 cusecs at head and will irrigate 1,19,115 acres of land in Andhra Pradesh and 68,250 acres of land in Mysore. The Second Stage when completed, will bring under irrigation an additional area of 1,32,685 acres in Andhra Pradesh and 68,250 acres in Mysore State.

Hydro Electric Scheme: The Hydro Electric Scheme on the southern side consists of two Power Houses with four generators in each power house, each of 9,000 K.W. capacity making an aggregate of 72,000 K.W. The total installed capacity of the Scheme is at present 72 M.W.

On the northern side, there is one power house near the Dam with 4 units of 9,000 K.W. capacity each. It is proposed to have three more power houses on the canal. All the power houses taken together will generate 1,00,500 K.W. of power.

The cost of the sanctioned scheme is Rs. 90.67 crores (irrigation Rs. 66.75 crores; power Rs. 23.92 crores).

Benefits: About 4.5 lakh acres of land have been brought under irrigation so far. In the same way, 99,000 K.W. of power is at present being produced and supplied to the consumers. The estimated cost of the entire project when completed in all respects, is about Rs. 108 crores. It will bring 12.1 lakh acres of land under irrigation and generate 172.5 M.W. of power.

Kosi Project (Bihar): Total expenditure on the project (old scheme) upto the end of March 1968 was Rs. 68.94 crores. The Kosi canal systems on the eastern and western sides of the river have been designed to provide annual irrigation to an area of about 26 lakh acres in the districts of Saharsa, Purnea, Darbhanga and Monghyr of Bihar and Saptari of Nepal.

Chatral Canal System: As part of India's Aid to Nepal the Chatral Canal Project has been taken up. The canal will take off at 30 miles upstream of Kosi Barrage and will irrigate annually 2.12 lakh acres in the Morang and Saptari districts of Nepal. This scheme will cost about Rs. 8.91 crores (revised estimate). This scheme, when completed, would yield an additional produce of 39 lakh maunds per year valued at Rs. 4.75 crores.

Schemes to extend irrigation facilities to an area of 3.97 lakh acres between the Kosi river and the original command of Eastern Canal system has been taken up at an estimated cost of Rs. 648 lakhs including the cost of village channels. 89 per cent of the work has been completed upto March 1968.

The final solution of Kosi lies in the construction of dams in the hilly region of the river across the Kosi in Nepal.

Rajasthan Canal

(For details see under Rajasthan State.)

Nagarjunasagar Project (Andhra Pradesh):—The project is situated near Nandikonda village in Miryalguda Taluk of Nalgonda district. The project comprises the construction of a gravity type masonry dam—the tallest and largest masonry dam in the world—two irrigation canals on either side of the river and a power house with 8 generating units each with 50,000 kW. installed capacity. The main dam, when completed, will be 409 ft. high (ultimate stage), 360 ft. wide at the base and about a mile long. It will be flanked on either side by compacted earth dams. Each flanking dam will also be about a mile long. A 28-ft. roadway will run on the top of the dam linking

the flanks over the central spillway. Eight penstocks, 16 ft. in diameter will be installed in the dam.

First phase : The first phase (now in execution) of the project is expected to irrigate 21.50 lakh acres, partly for paddy and sugarcane and partly for cotton, groundnut, maize, jowar and other millets. The quantity of foodgrains production anticipated is eight lakh tons per annum under the first phase of the scheme and 12 lakh tons in the ultimate phase.

Nagarjunasagar Dam : The dam, when completed, will impound the waters of the Krishna in a 110 sq. mile man-made lake, the biggest in India and the third largest in the world. The ultimate storage capacity of the reservoir is estimated at about 9.37 million acre feet of water, thus dwarfing the Bhakra reservoir of 7.4 million acre feet of capacity.

Nagarjunasagar right canal : Under the first phase of the project (now in execution) the right canal will run to a length of 135 miles. The right canal will irrigate about

11.20 lakh acres, benefitting large tracts of land in Guntur, Nellore and Kurnool. In the ultimate phase, the canal will extend to a length of 276 miles.

Nagarjunasagar left canal : Under the first phase of the project (now in execution) the Left Main Canal will run to a length of 108 miles. The canal will irrigate about 8.80 lakh acres. In the ultimate stage it will extend to a length of 140 miles in Nalgonda and Khammam districts serving the needs of Miryalguda and Huzurnagar taluk of Khammam district and Nandigama, Tiruvur, Nuzvid and Gannavaram taluks of Krishna district.

GANDAK PROJECT

It is one of the major projects in which India and Nepal are collaborating as neighbours. Within India, it is an inter-State project in which Bihar and Uttar Pradesh are joining hands. It was expected to be ready by June 1968. The project was expected to yield benefits to seven lakh acres during 1966-67, which would go up to three million acres by 1970-71.

NET AREA IRRIGATED BY SOURCES, 1965-66 *

The following table gives the provisional figures in thousand hectares.

STATES AND TERRITORIES	CANALS			Tanks	Tube Wells	Wells	Other Sources	Total

Crop-wise Irrigation

The following are the all-India figures of crop-wise irrigation figures being in thousand hectares : Rice 13,114 ; Jowar 714 ; Bajra 318 ; Maize 767 ; Ragi 350 ; Wheat

5,238 ; Barley 1,316 ; Other cereals and millets 99 ; Grams 1,303 ; Tur or arhar 13 ; Other pulses 832 ; Total food grains 24,064.

ELECTRIC POWER DEVELOPMENT

(By courtesy of the Central Water and Power Commission, Power Wing.)

THE revised figures in respect of the aggregate generating capacity in kW for 1965-66 and the provisional figures for 1966-67 are given below: 1965-66: 90,27,019; 1966-67: 10,189,114.

The total installed plant capacity at the end of March 1967 was 10,189,114 kW, including 136,000 kW of plant in the Chola Power Station of the Central Railway and 306,000 kW of plant in the Neyveli Power Station. The net addition to generating capacity was 1,162,095 kW, which represents an increase of 11.4 per cent of the installed plant capacity in the previous year. The total power generated by all the undertakings was approximately 36,376 million kWh and the quantum of power purchased from non-utilities was 55.52 million kWh. The increase in the sales during the year was approximately 2,893 million kWh equivalent to an increase of 8.9 per cent over the net sales in the previous year.

The production and sale of electric power for the years 1965-66 and 1966-67 were as follows (in million kWh):

	Generated	Sold
1965-66	32,990.125	26,734.944
1966-67 (Provisional) ..	36,375.587	29,127.636

An analysis of electric power consumption in million kWh is given below. The figures in brackets show the percentage of total energy consumption.

	1965-66	1966-67
Domestic or Residential light and small power..	2,355.139 (8.8)	2,626.727 (9.0)
Commercial light and small power	1,650.073 (6.2)	1,819.649 (6.2)
Industrial Power ..	18,875.885 (70.6)	20,390.802 (70.0)
Traction	1,057.282 (4.0)	1,180.213 (4.1)
Public lighting	279.569 (1.0)	308.030 (1.1)
Irrigation	1,891.835 (7.1)	2,106.483 (7.2)
Water Works	625.161 (2.3)	695.732 (2.4)
TOTAL	26,734.944 (100.0)	29,127.636 (100.0)

The following statements show the number of towns and villages electrified as on 31-3-1967.

Population			Towns electrified	
			States	Union Territory
Over 100,000	105	2
50,000-100,000	136	3
10,000-50,000	1,314	13
Below 10,000	1,015	41
TOTAL	2,570	59

Population			Villages electrified	
			States	Union Territory
Over 10,000	202	1
5,000-10,000	2,191	8
1,000-5,000	25,676	326
Below 1,000	23,717	1,971
TOTAL	51,786	2,306

Some individual industries have power stations of their own. The number of installations and the installed capacity in respect of the following industries in kW respectively are as follows (as on 31st March, 1967):

Aluminium (P): 6; 22,734; Aluminium (S): 9; 630; Cement (P): 27; 112,244; Cement (S): 25; 630; Chemicals: 35; 30,297; Collieries: 144; 61,850; Copper (P): 1; 8,975; Copper (S): 1; †; Cotton Textiles: 330; 117,688; Engineering: 27; 7,223; Ferro-Manganese: 5; 32; Fertilizers: 5; 82,405; Gold: 1; 6,700; Iron and Steel (P): 7; 366,544; Iron and Steel (S): 18; 1,175; Jute: 73; 33,210; Oil and Petroleum: 7; 57,809; Paper: 25; 82,299; Silk: 21; 44,804; Soap: 10; †; Sugar: 141; 166,773; Tanneries: 7; 757; Wool: 10; 3,350; Mines: 6; 4,936; Miscellaneous: 8; 6,825; Total: 949; 1,219,890.

The number of undertakings reckoned on ownership basis at the end of 1965-66 and 1966-67 was distributed as follows: State Government/State Electricity Board: 23; 25; Power Corporation: 1; 1; Municipality: 47; 44; Companies: 180; 160; Total: 251; 230.

The total number of consumers at the end of 1966-67 was 9,721,951 in all (Domestic 7,082,237; Commercial 1,601,902; Industrial (including railways, tramways and public water works and sewage pumping) 370,236; Public lighting 48,509; Irrigation 619,067).

ADMINISTRATION OF JUSTICE

THE Indian Union though a dual polity has no dual judiciary at all. The Supreme Court and the High Courts form one single integrated judiciary having jurisdiction and providing remedies in all cases arising under the constitutional law, the civil law or the criminal law. This is done in order to eliminate all diversities in remedial procedure.

The writs are now issued by the Supreme Court of India and the various High Courts in the territory of India. All laws which existed before independence continue to operate in India as before subject to adaptation and modification made therein. Article 372 of the Constitution provides *inter alia* that, subject to the other provisions of the Constitution all laws in force in the territory of India immediately before the commencement of the Constitution shall continue in force therein until altered, repealed or amended by a competent Legislature or other competent authority.

The indigenous law of India is personal and divisible with reference to the two great classes of the population, Hindu and Muslim.

SUPREME COURT

Art. 124 of the Constitution provides for the establishment of a Supreme Court of India consisting of a Chief Justice of India and seven other judges. There is provision in law for the appointment in all of 13 other judges. At present there are 11 judges including the Chief Justice (see Act 17 of 1960). Every judge of the Supreme Court shall be appointed by the President and shall hold office until he attains the age of sixty-five years. In the course of appointment of a Judge the Chief Justice shall always be consulted. Only a citizen of India who has been for at least 5 years a judge of a High Court, or for 10 years an advocate of a High Court, or a person, who in the opinion of the President, is a distinguished jurist, is qualified to be appointed judge of the Supreme Court.

A judge of the Supreme Court is not liable to be removed from his office except by an order of the President passed after an address by each House of Parliament, supported by a majority of the total membership of that House, and by a majority of not less than two-thirds of the members of that House present and voting, has been presented to the President in the same session for such removal, on the ground of proved misbehaviour or incapacity. Parliament passed a law laying down the procedure to be followed in

such cases (see Act No. 51 of 1968). The Act is known as Judges (Inquiry) Act. No person who has held office as a judge of the Supreme Court shall plead or act in any court or before any authority within the territory of India.

The Supreme Court is a court of record with all the powers of such a court including the power to punish for contempt. The seat of the Court is to be in Delhi or such other place as the Chief Justice with the approval of the President may from time to time appoint.

The Supreme Court has exclusive original jurisdiction in any dispute (a) between the Government of India and one or more States; (b) between Government of India and one or more States on the one side and one or more other States, on the other; (c) between two or more States, if and in so far as the dispute involves any question (whether of law or fact) on which the existence or extent of a legal right depends (Art. 131).

The appellate jurisdiction of the Supreme Court extends over all appeals from any judgment, decree or final order of a High Court, in civil, criminal or other proceedings, if the High Court certifies that the case involves a substantial question of law as to the interpretation of the Constitution. If the High Court refuses such a certificate the Supreme Court may grant special leave to appeal in a proper case (Art. 136). An appeal shall also lie to the Supreme Court from a High Court in civil matters, when the amount or value of the subject matter in dispute is not less than Rs. 20,000 or the High Court certifies the case to be a fit one for appeal to the Supreme Court (Art. 133).

In criminal matters under Art. 134 an appeal lies to the Supreme Court from any judgment, final order or sentence of a High Court, if the High Court has (a) on appeal reversed an order of acquittal of an accused person and sentenced him to death; or (b) has withdrawn for trial before itself any case from a subordinate court and has in such trial convicted the accused person and sentenced him to death; or (c) the High Court has certified that the case is a fit one for appeal.

For purposes of appeals to the Supreme Court, the Judicial Commissioners' Courts are to be considered as High Courts.

Under Art. 136 discretion is given to the Supreme Court to grant special leave to appeal from any judgment, decree, sentence or order, in any matter passed by any Court or Tribunal in the territory of India.

The Supreme Court has also power to review its own judgement (Art. 137).

The jurisdiction and powers of the Federal Court are also exercisable by the Supreme Court (Art. 135) including the advisory power to give its opinion on questions of law or fact referred to it by the President (Art. 143).

The law declared by the Supreme Court shall be binding on all courts in the territory of India excepting the Supreme Court itself.

Parliament has the power to legislate on the constitution, organisation, jurisdiction and powers of the Supreme Court.

Article 32 of the Constitution guarantees the right to move the Supreme Court by appropriate proceedings for the enforcement of Fundamental Rights; and for the enforcement of such rights the Supreme Court has power to issue directions or orders or writs, including writs in the nature of Habeas Corpus, mandamus, prohibition, *quo warranto* and *Certiorari* whichever may be appropriate.

Power is given to Parliament to enlarge the jurisdiction of the Supreme Court by appropriate legislation (Art. 138).

The royal prerogative to grant pardons, reprieves, respites or remissions of punishments now resides in the President (Art. 72).

Under Art. 348, all proceedings in the Supreme Court and in every High Court in India and the authoritative text of all Bills and Acts of Parliament and the State Legislatures and of all Ordinances promulgated by the President or Governors and of all orders, rules and regulations issued under the Constitution or any law shall be in the English language. If this language is to be replaced by any other language, Parliament must legislate to that effect. Parliament has passed the Official Languages Act (No. 19 of 1963). Though the Act enables the Governor of a State to authorise the use of Hindi or the official language of the State in the High Court, it does not include any provision, with respect to the language in the Supreme Court.

All authorities, civil and criminal in the territory of India, have to act in aid of the Supreme Court (Art. 144). The independence of the judges of the Supreme Court, is secured by charging their salaries on the Consolidated Fund of India, and by prohibiting any discussion in the legislature on the conduct of the judges in their official capacity.

HIGH COURTS

Every State has a High Court. However there is only one High Court for Assam and Nagaland States and also only one High Court for Punjab and Haryana. There is a separate High Court for Delhi.

Every High Court is a court of record and has all powers of such court including the power to commit for contempt of itself.

Every judge of a High Court is appointed by the President after consultation with the Chief Justice of India, the Governor of the State and the Chief Justice of the particular High Court; and he holds office until he attains the age of sixty-two years.

A person is not qualified to be appointed a judge of a High Court unless he is a citizen of India and has either held judicial office or practised as an advocate for 10 years in any of the States.

A High Court judge is not liable to be removed from his office except in the manner provided in Art. 124 (4) for the removal of a judge of the Supreme Court of India.

There is provision in the Constitution for the appointment of additional or acting judges.

The High Courts have powers of superintendence over all subordinate Courts and tribunals within their respective jurisdiction.

Legislation affecting constitution and organisation of the High Courts can be passed by Parliament alone.

On an average more than 14,000 cases are filed in the High Courts of India every month.

The Central Government has made separate judicial arrangements in the Union Territories, Goa, Daman and Diu, Himachal Pradesh, Manipur, Tripura, Andaman and Nicobar Islands and Laccadive, Minicoy and Amindivi Islands.

Under Article 241 of the Constitution, Parliament can by law constitute a High Court for a Union Territory or declare any court in any such territory to be a High Court for all or any purposes of the Constitution. Judicial Commissioner's Court in Goa, Daman and Diu is declared a High Court for certain purposes.

LOWER COURTS

The Code of Criminal Procedure provides for the constitution of inferior criminal courts styled as courts of session and courts of magistrates.

Every State, outside the towns of Madras, Bombay and Calcutta, is divided into sessions divisions consisting of one or more districts, and every sessions division has a court of session and a sessions judge, with assistants if need be. These stationary sessions courts are competent to try all accused persons duly committed, and to inflict any punishment authorised by law, but sentences of death are subject to confirmation by the highest court of criminal appeal in the State.

Magistrates' courts are of three classes with descending powers. Provision is made and largely utilised in the towns, for the appointment of honorary magistrates. In the towns of Madras, Bombay and Calcutta, Presidency Magistrates deal with magisterial cases and benches of Justices of the Peace or Honorary Magistrates dispose of the less important cases.

Next come the Subordinate Judges and Munsiffs, the extent of whose original jurisdiction varies in different parts of the country.

There are in addition a number of Courts of Small Causes, with jurisdiction to try money suits up to Rs. 500. In the towns of Madras, Bombay and Calcutta where the High Courts have original jurisdiction, Small Causes Courts dispose of money suits up to Rs. 3,000.

In Bombay and Madras there are also City Civil Courts. The City Civil Court in Bombay has a pecuniary jurisdiction of upto Rs. 25,000.

As Insolvency Courts the High Courts of Calcutta, Bombay and Madras have jurisdiction in the Presidency towns. In the mofussil similar powers are conferred on the District Courts by the Provincial Insolvency Act of 1920.

There are Coroners only for the Presidency Towns of Calcutta and Bombay. Elsewhere their duties are discharged by the ordinary staff of magistrates and police officers unaided by jurors.

SPECIAL COURTS

Labour Courts and Industrial Courts now exist in most States.

A Labour Court consists of a single judge.

These Courts decide upon disputes regarding (a) propriety or legality of an order passed by an employer, (b) the application and interpretation of standing orders, (c) they also decide disputes referred to them by Government for arbitration. Legality or otherwise of strikes or lock-outs or closure, etc. is also decided by them.

An appeal against the judgment of the Labour Courts lies to the Industrial Court. This court has also original jurisdiction regarding matters referred to it by the Government or by representative Unions. It decides upon questions of law referred to it by Wage Boards and references regarding interpretation of the Act and the Rules. It has power of superintendence over Labour Courts.

The Industrial Disputes Act was passed by the Central Legislature in 1947 for the investigation and settlement of industrial disputes.

Industrial Tribunals were established under this Act. If the conciliation bodies set up under this Act fail to bring about a settlement, the matter is referred to the Industrial Tribunals.

Neither party to a dispute is entitled to be represented by a legal practitioner except with the consent of the other party and by leave of Tribunal.

Industrial Tribunals are not permanent Courts. Whenever a matter is referred to the Government regarding an industrial dispute the Government appoints one or more persons as Industrial Tribunal to adjudicate upon the dispute.

The Industrial Disputes (Amendment and Miscellaneous Provisions) Act No. 36 of 1956 makes provision for the constitution of the following courts and tribunals:

1. Labour Courts to be constituted by the appropriate Government. A court is to consist of one judge only.
2. Industrial Tribunals. A Tribunal is to consist of one judge only. A person is not qualified to be a member of a Tribunal unless he has been judge of a High Court. The Tribunals will be constituted by the appropriate Government.
3. National Tribunals. These Tribunals will be constituted by the Central Government. Here also a tribunal is to consist of one judge only.

This Act came into force on 1st Sept., 1956.

The Industrial Disputes (Amendment) Act 41 of 1956 and the Dock Workers (Regulation of Employment) Act, 1948, are two other Acts with respect to labour cases.

Administration of labour laws is a divided responsibility. The Central Government has the following organisations for the administration of labour laws. (1) The Office of the Chief Labour Commissioner, New Delhi. (2) The Office of the Coal Mines Welfare Commissioner, Dhanbad. (3) The Office of the Coal Mines Provident Fund Commissioner, Dhanbad. (4) The Office of the Welfare Commissioner, Mica Mines Labour Welfare Fund, Dhanbad and Nellore. (5) The Office of the Chief Inspector of Mines, Dhanbad. (6) The Office of the Chief Adviser of Factories, New Delhi. (7) The Office of the Director-General, Employees' State Insurance Corporation, New Delhi. (8) The Office of the Controller of Emigrant Labour, Shillong. (9) The Office of the Director, Labour Bureau, Simla. (10) The Office of the Central Provident Fund Commissioner, New Delhi.

The State Governments also have their own organisations for the administration and enforcement of labour laws.

Juvenile offenders are tried by the Juvenile Courts.

Panchayat Courts (called Nyaya Panchayat) are in existence in many States. The members of the Panchayat Court are elected by the Village Panchayat. Sections 30-44 of the Act lay down rules about the suits that may be tried and the suits that may not be tried by the Court. A Nyaya Panchayat cannot alter or revise its decision. An appeal against a decision of the Nyaya Panchayat lies to the District Judge.

LAW OFFICIALS

The Government of India have their own law colleague in the Law Minister of the Union Cabinet. All Government measures are drafted in his Ministry after their substance is decided upon by the administrative departments concerned.

Outside the Cabinet the principal law officers of the Government of India are the Attorney-General, Solicitor-General appointed by the President. At Bombay and Calcutta the Government of India have their own law officers.

Each of the State Governments has its own Advocate-General.

In addition to the Advocate-General there is also a Government Pleader in many States. He usually belongs to the Appellate Side of the High Court while the Advocate-General belongs to the Original Side where the High Court has both Original and Appellate Sides. The Government Pleader is assisted by an Assistant Government Pleader and they look after criminal work.

The State Governments have their own law officers, in addition to the Advocate-General and the Government Pleader. The law officer is designated Remembrancer of Legal Affairs.

Sheriffs are attached to the High Courts of Bombay, Calcutta and Madras.

There are Official Assignees in three States — Maharashtra, W. Bengal and Tamil Nadu. The appointment is made by the Chief Justice of the High Court concerned.

In addition to the Official Assignee, a Deputy Official Assignee may also be appointed. Another officer of the court is the Insolvency Registrar who may be vested with the powers mentioned in section 6 of the Presidency Towns Insolvency Act.

The heirs of a deceased Hindu are entitled to get a share even in the undivided interest in the Mitakshara coparcenary property. A Hindu can make a will even of his undivided interest in the coparcenary property.

The Hindu Adoptions and Maintenance Act 79 of 1956 was passed in December 1956. Under the Act the adoption of a son or a daughter is permitted. The consent of the wife is necessary for adoption, which is now purely secular in character.

SOCIAL REFORMS

Besides these laws, Parliament has passed two important Acts relating to social reform. The Suppression of Immoral Traffic in Women and Girls' Act (No. 104 of 1956) was passed in December 1956. This Act provides in pursuance of the International Convention signed at New York on 9th May 1950 for the suppression of immoral traffic in women and girls. The Women's and Children's Institutions Licensing Act (No. 105 of 1956) was passed in December 1956. This Act provides for the licensing of such institutions and of matters relating to them.

Yet another Act, in social reform is the Probation of Offenders Act (20 of 1958).

Dowry Prohibition Act was passed in 1961.

Public Provident Fund Act was passed in 1968.

CONSTITUTION OF INDIA

STATES

INDIA, that is, Bharat is a sovereign democratic republic.

It is variously called the Republic of India, the Union of India, The Indian Union.

The Union is made up of 17 States and 10 Union Territories.

See page 1 under "Physiography" for more details.

FEDERATION

The constitution of India is quasi-federal in nature.

The distribution of power between the Centre and the local administrations follows the accepted principle that subjects which for convenience and efficiency ought to be administered on an all-India basis are vested in the Union Government, while others (of the nation-building sort) which can be conveniently administered on a local basis are vested in the State Governments.

Thus, defence, foreign affairs, transport and communications, currency and coinage, banking, customs and export duties, and the administration of justice at the higher level are all Central subjects, while State powers include those over police, public health, education, agriculture, forests and so on.

There is a third group of subjects that fall betwixt and between such as trade and industry, economic and social planning, social security and insurance, labour welfare, price control, electricity, newspapers and books and vital statistics. On these subjects both the Centre and the State can freely legislate, it being understood that whenever there is conflict between Union and State legislation the Union laws will ordinarily prevail.

Three detailed lists of subjects are drawn up, the Union List, the State List and the Concurrent List, and the residuary power rests with the Union. That is to say, if at any time, a subject which does not figure in any of the three lists, comes up for consideration the power of dealing with it lies with the Union Government.

The three lists are given in the Seventh Schedule.

It may be added that the Union List has 97 entries, the State List 65 and the Concurrent List 47.

All elections are directed and controlled by an Election Commission. Elections to the Lok Sabha and the Legislative Assemblies of the States are on the basis of adult suffrage. Seats are reserved in the Lok Sabha for the Scheduled Castes and the Scheduled Tribes.

There is a Public Service Commission for the Union and every State has a Public Service Commission. The Union Public Service Commission operates for the Union Territories as well.

In the Indian Union the rights of Indian citizenship are given to 1. One who is born in India, 2. Either of whose parents was born in India, and 3. Who has been a resident of India for five years. Provision is also made for persons who are affected by the partition of the sub-continent.

FUNDAMENTAL RIGHTS

Certain fundamental rights are guaranteed to every citizen for the first time. All citizens have equal opportunities.

Freedom of speech and expression is guaranteed, and the right to hold meetings (without arms), to form unions and associations, to move freely in India and to reside in

any part, to acquire property and to practise any profession are also assured to the citizens of India under the Constitution.

Preventive detention is also forbidden except in certain cases.

Children under the age of 14 will not be allowed to be employed in factories and forced labour like *begar* is prohibited.

India is a secular State and as such there is freedom of conscience.

Untouchability is abolished.

These fundamental rights can be enforced by the Supreme Court and by High Courts which have the authority to issue prerogative writs such as *habeas corpus*, *certiorari*, *prohibition*, etc.

It must also be pointed out that some of these fundamental rights can be suspended in case of emergency, and the remedies available for their enforcement may also be suspended by an order of the President.

The Supreme Court of India delivered an important judgement in *Golaknath* case in Feb. 1967 laying down that Parliament has no power to annul the constitution with a view to curtailing or abridging the fundamental rights.

The Scheduled Castes and Tribes have special representation in the legislatures of the country upto 1970 (see separate articles on the Scheduled Castes and Tribes). In certain tribal areas there are autonomous administrative bodies.

As for Anglo-Indians, the President may nominate not more than two members of the Anglo-Indian community to the Lok Sabha if he thinks that the community is not adequately represented. Similar power is given to the Governor of a State. The Governor can nominate one member to the Legislative Assembly. In West Bengal, however, he can nominate not more than two.

The claims of the Scheduled Castes and the Scheduled Tribes are to be considered in making appointments to services.

All reservation including reservation of seats for Scheduled and Tribal classes are to cease at the end of 1970 according to the eighth amendment to the constitution.

A special officer for the Scheduled Castes and the Scheduled Tribes has been appointed.

UNION EXECUTIVE

The executive head of the Indian Union is the President. He is elected by the elected members of the Houses of Parliament and the Legislative Assemblies of all the States. His term of office is five years, and he is eligible for re-election. Only a person who is a citizen of India and has completed the age of thirty-five years is qualified to contest the election.

He is the Supreme Commander of the Armed Forces.

He has the power to grant pardons or remission of punishment.

The President is entitled to the use of an official residence without payment of rent, and a salary of Rs. 10,000 per month and allowances. Provision has also been made by an Act of Parliament for a pension of Rs. 15,000 per annum. He is also entitled to a maximum of Rs. 12,000 per annum for the sake of secretarial staff and other expenses.

The President has the power of summoning, proroguing and dissolving Parliament. At the commencement of each session he addresses both Houses of Parliament assembled together. He has the right of sending messages to Parliament and sending back a Bill presented to him for his assent. This power however can be used by him only once.

The President has legislative powers under certain circumstances. When neither of the Houses of Parliament is in session and the President is satisfied that circumstances exist which make immediate action necessary he may promulgate an ordinance.

Such ordinance must be put before both the Houses of Parliament and will cease to operate at the expiration of six weeks from the reassembly of Parliament.

The President can also declare emergency if he is satisfied that the security of India or any part thereof is threatened either by war or internal disturbances when the legislature is in session. Such a proclamation would give additional powers to the Union executive and the Legislature.

The judges of the Supreme Court and the High Courts, the Attorney-General of India and the Comptroller and Auditor-General of India are all appointed by the President. The heads of States, i.e., Governors are also appointed by the President.

The President has the power of appointing ambassadors abroad and receiving diplomatic representatives of foreign States.

All executive action of the Government of India is taken in the name of the President and it is the duty of the Prime Minister to communicate to the President all decisions of the Council of Ministers.

Provision is made for the impeachment of the President, by Parliament, for violation of the Constitution. If such a resolution is passed by a majority of not less than two-thirds of the total membership, such a resolution has the effect of removing the President from office.

In the exercise of his functions, the President has the aid and advice of a Council of Ministers, with the Prime Minister at the head of it. The President appoints the Prime Minister and other Ministers are appointed on the advice of the Prime Minister.

The Council of Ministers is collectively responsible to the Lok Sabha (the Lower House). Every Minister must be a member of either House of Parliament, and he is required to take an oath of office and secrecy.

The salaries and allowances of Ministers are determined by Parliament.

There is a Vice-President of India, who is ex-officio Chairman of the Rajya Sabha (the Upper House). The Vice-President acts as President during a casual vacancy in the office of the President. He is elected by the members of both Houses of Parliament and his term of office is five years.

UNION PARLIAMENT

The Parliament consists of the President and two Houses known as, as already mentioned, the Lok Sabha and the Rajya Sabha. It must meet at least twice a year. The maximum strength of the two Houses is fixed at 250 (12 nominated) for the Rajya Sabha and 525 for the Lok Sabha (not more than 500 from the States and 25 from the Territories).

The Rajya Sabha is elected by the elected members of the Legislative Assemblies of the States and of the Union Territories of Himachal Pradesh, Manipur, Tripura and

Pondicherry, while the Lok Sabha is elected directly by the voters in the country. Delhi has now a Metropolitan Council.

The elections to the Lok Sabha are based on adult suffrage and joint electorates. There is no reservation of seats for any group except Scheduled Castes and Scheduled Tribes.

The Rajya Sabha is a permanent body with one-third of its members retiring every second year. The Vice-President of the Union is also the Chairman of the Rajya Sabha. The Rajya Sabha has also a Deputy Chairman.

The Lok Sabha has a duration of five years, ordinarily. There is a Speaker and a Deputy Speaker of the House, both of whom are elected by its members.

All these posts carry a salary and allowances.

Under certain circumstances, the members can be disqualified and their seats declared vacant.

All legislation requires the consent of both Houses of Parliament, and every question is decided by a simple majority of those present and voting except on amendments to the constitution.

Money Bills can be introduced only in the Lok Sabha. The Rajya Sabha can only return a bill with its recommendations to the Lok Sabha within a period of fourteen days of its receipt. Bills passed by Parliament are submitted to the President for his assent. Only on such assent being given does the Bill become law.

A Bill normally goes through the following stages. It is first published. After introduction there is a general debate. Third, there is a clause-by-clause discussion. Then it is voted upon. A specially important measure may go before a select committee or a joint select committee. A Money Bill has a slightly different passage. After it has been passed in the Lok Sabha it is sent to the Rajya Sabha which has to return it within fourteen days with its recommendations which may be accepted or rejected.

The quorum is fixed at one-tenth of the membership of the House.

The language used in Parliament is either Hindi or English.

Distribution of Seats

The distribution of seats in the Rajya Sabha is as follows:

Andhra Pradesh 18; Assam 7; Bihar 22; Gujarat 11; Haryana 5; Kerala 9; Madhya Pradesh 16; Maharashtra 19; Mysore 12; Orissa 10; Punjab 7; Rajasthan 10; Tamil Nadu 18; Uttar Pradesh 34; West Bengal 16; Jammu and Kashmir 4; Delhi 3; Himachal Pradesh 3; Manipur 1; Pondicherry 1; Tripura 1; Nagaland 1; Total 228.

The President has nominated 12 members. Thus the total of elected and nominated members is 240.

The allocation of seats in the Lok Sabha is as follows:

Andhra Pradesh 41; Assam 14; Bihar 53; Gujarat 24; Haryana 9; Jammu & Kashmir 6; Kerala 19; Madhya Pradesh 37; Maharashtra 45; Mysore 27; Nagaland 1; Orissa 20; Punjab 13; Rajasthan 23; Tamil Nadu 39; Uttar Pradesh 85; West Bengal 40; Andaman and Nicobar Islands 1, Chandigarh 1, Dadra & Nagar Haveli 1; Delhi 7; Goa, Daman & Diu. 2; Himachal Pradesh 6; Laccadive, Minicoy and Amandivi Islands 1; Manipur 2; Pondicherry 1; Tripura 2; NEFA 1; Total: 521.

Out of these 37 are reserved for the Scheduled Tribes and 75 for the Scheduled Castes.

Parliament's control over the administration is also exercised through a series of committees. The Committees can summon witnesses or require documents to be produced. There is a Committee on Privileges which sees to breaches of Parliamentary privilege, a Business Advisory Committee which helps the Ministry of Parliamentary Affairs in drawing up the programme for a session.

Two very important Committees are the Public Accounts Committee and the Estimates Committee. They are elected by the House of the People and Ministers are barred from membership. The Public Accounts Committee ensures that money is spent for the purpose for which Parliament has voted it, and criticises cases of waste, or extravagance. The Estimates Committee examines possibilities of economy and reform in financial administration and the manner in which estimates may be presented to Parliament.

The programme of work for any session is worked out by the Ministry of Parliamentary Affairs.

SUPREME COURT

(See under 'Administration of Justice').

STATE GOVERNMENT

The 17 States have Governors at their heads, the Union Territories Andaman & Nicobar Islands, Manipur and Tripura have Chief Commissioners, Delhi, Himachal Pradesh, Goa and Pondicherry have Lieutenant-Governors, Laccadive and Dadra have Administrators.

Zonal Councils

There are five zones : Northern zone (Punjab, Rajasthan, Kashmir, Delhi and Himachal Pradesh); Central zone (Uttar Pradesh and Madhya Pradesh); Eastern zone (Bihar, West Bengal, Orissa, Assam, Manipur and Tripura); Western zone (Gujarat, Maharashtra and Mysore); Southern zone (Andhra Pradesh, Tamil Nadu, and Kerala and also Mysore as a permanent invitee).

(More details were given in the previous edition of the Directory).

States

The Governor of a State is appointed by the President. Executive power is vested in the Governor who is appointed for a term of five years, ordinarily. Only a citizen of India and one who has completed 35 years of age, is eligible for such an appointment.

The Governor, like the President, has power to grant pardon, etc. He will have a Council of Ministers to aid and advise him. The Governor also appoints an Advocate-General for the State.

Legislature

Ten States, Andhra Pradesh, Bihar, Kashmir, Madhya Pradesh, Tamil Nadu, Maharashtra, Mysore, Punjab, Uttar Pradesh, West Bengal* have two Houses of Legislature; the others, only one. The two Houses are called the Legislative Assembly (sometimes Vidhan Sabha) and the Legislative Council (sometimes Vidhan Parishad). The former has a duration of five years, while the latter is a permanent body with one-third of the members retiring every second year.

The minimum strength of an Assembly is 60 and the maximum 500.

The minimum strength of a Council is 40, and the maximum one-third of the State Assembly.

An Assembly is elected directly on a basis of adult franchise with reservation of seats for the Scheduled Castes and Tribes. The composition of a Council is more

complicated. About a third are elected by the Assembly, another third by local authorities (municipalities, district boards), about a twelfth by registered teachers in schools not lower than the secondary school standard, and about a twelfth by registered graduates of not less than three years' standing. And the rest are nominated by the Governor from among persons who have distinguished themselves in art, science, literature, co-operation and social service.

The Legislature must meet at least twice a year. While the Assembly consists of members who are directly elected from territorial constituencies, the Council consists of members nominated by the Governor, elected by the Assembly and of representatives of local bodies and special interests.

The legislature can frame its own rules of procedure but it is more or less the same as in Parliament. The quorum for a meeting is one-tenth of the membership or ten whichever is higher.

In case of disagreement, if the Bill is passed a second time after three months of its reference to the Council it automatically becomes law after one month of its passage in the lower house.

The State legislature too has its Committees like Parliament.

For the number of seats (including nominated members) in the Legislative Assembly and the Legislative Council see under each Assembly or Council in the article "Legislative Assemblies and Legislative Councils".

About the Kashmir Assembly it may be mentioned that 25 seats are now vacant waiting to be filled in by members from that part of Kashmir now under occupation by Pakistan troops.

The effective strength of the Assembly is 75.

The right of summoning, proroguing and dissolving the legislature is vested in the Governor, who addresses the legislature at the commencement of each session.

Like the Parliament there is a Speaker, a Deputy Speaker, a Chairman and a Deputy Chairman for the Legislative Assembly and the Legislative Council respectively. These officers of the legislatures are entitled to salary and allowances.

The language in the legislature can be either Hindi or English or any other language allowed by the Speaker.

The State Legislatures cannot discuss the conduct of any judge of the Supreme Court or of a High Court in the discharge of his duties.

As the Governor is a part of the legislature, he has certain legislative powers. He can promulgate ordinances during the recess of the legislature; such ordinances must be placed before the legislature and cease to operate at the expiration of six weeks from the reassembly of the legislature.

The salary of the Governor is Rs. 5,500 per month and he is also entitled to certain allowances.

UNION TERRITORIES

(See page 1 under "Physiography".)

There are special provisions for Hill Areas of Manipur (Section 52).

The Act also provides for appointment of a Judicial Commissioner.

Provision is also made for introduction of President's rule in case of failure of constitutional machinery in the Union Territory.

* The West Bengal Assembly has passed a resolution to dissolve the Legislative Council. The Central Government's approval is awaited.

There is a High Court for each State and a Judicial Commissioners' Court each for the Union Territories of Manipur, Tripura and Goa, Daman and Diu.

The salary of a Chief Justice of a State is Rs. 4,000, and of a High Court Judge Rs. 3,500.

A High Court for Delhi and Himachal Pradesh is constituted under an Act of Parliament.

EMERGENCY PROVISIONS

If the President is satisfied that a grave emergency exists, and the security of India or any part thereof is threatened either by war or internal disturbance, he may make a declaration to that effect. Such proclamation must be approved by both the Houses of Parliament, before the expiration of two months, otherwise it ceases to operate at the end of that period. As a result of this proclamation Parliament will be authorised to legislate on items included in the State list and the President, to issue directions to the Governor. The President of India made a Proclamation of Emergency in October 1962 after the Chinese aggression.

The President may proclaim a failure of constitutional machinery in a State if he learns that the Government of the State cannot be carried on according to the provisions of the constitution. If this is done, President's rule will be introduced in the State. Upto Feb. 1968, there have been 16 cases of failure of constitutional mechanism in the States.

This, however, would not be applicable to the functions of the High Courts. Somewhat similar provision is also made for financial emergency.

AMENDMENT OF THE CONSTITUTION

For purposes of amendment the items are divided into three classes with a different procedure for each class.

For amendment of the provision with respect to the Supreme Court and the High Courts, the distribution of legislative powers between the Centre and the States, the representation of the States in Parliament, etc., the amendment must be passed by both the Houses of Parliament by a majority of the total membership of the House and by a majority of two-thirds of the members present and voting, and must further be ratified by the legislatures of not less than one-half of the States.

In other cases no reference to the State legislatures is necessary. Parliament by itself can amend the Constitution in the manner mentioned above. In some cases amendments can be effected even by a bare majority such as is required for the passing of any ordinary law. The Supreme Court in Golaknath case (Feb. 1967) laid down that Parliament has no power to curtail fundamental rights.

There were 21 amendments to the constitution upto the end of September 1967.

SOME ALL INDIA CORPORATIONS

AGRICULTURAL REFINANCE CORPORATION

Sidhwa Building, 2nd Floor, Post Box No. 6111, Colaba, Bombay-5.

Objects: The Agricultural Refinance Corporation is primarily a refinancing agency and its object is to provide financial accommodation of a medium-term or long-term nature to the various special schemes of agricultural development which cannot be satisfactorily financed by the existing credit agencies either on account of the volume of funds involved or the terms and conditions of repayment or because the projects as such cannot be brought within the normal rules of business under which the land mortgage banks and State Co-operative banks are functioning.

CEMENT CORPORATION OF INDIA LTD.

(A Govt. of India Undertaking under the Ministry of Industrial Development and Company Affairs)

'Herald House', 5-A, Bahadur Shah Zaffar Marg, New Delhi-1.

It is setting up two cement plants in the public sector. Work for erection of two standard 600 tons/day capacity cement plants, one each, at Kurkunta (Mysore) and Mandhar (M.P.) has already started. Mandhar plant is expected to come into production by end of 1969 and Kurkunta Plant by middle of 1970.

CENTRAL ROAD TRANSPORT CORPORATION LIMITED

4, Fairlie Place, Calcutta 1.

Authorised capital: Rs. 2 crores divided into 2 lakh equity shares of Rs. 100 each.

Main Function: To supplement the road transport capacity in the eastern sector of the country. The Corporation has a fleet of about 280 Leyland and TMB trucks.

Besides, 171 gift trucks received by the Corporation through the Govt. of India are being utilised for movement of foodgrains in Gujarat and Maharashtra. The trucks of the Corporation are at present plying in West Bengal, Assam, Orissa and Bihar.

CENTRAL WAREHOUSING CORPORATION

(A Govt. of India Undertaking)

C-90, New Delhi South Extension Part II, New Delhi-16.

The main aims and objects of the warehousing scheme are:—

- (i) To help storage of agricultural produce and other commodities as are declared to be "Notified Commodities" by the Central Government under Entry 33 of the concurrent list of the Seventh Schedule of the Constitution by notification in the Government Gazette, on modern scientific lines so as to avoid loss due to dampness, pests, etc.;
- (ii) To assist the depositors to secure cheap credit, avoid distress selling and sell his produce as and when the market is favourable to him and to undertake disinfection service outside its warehouses and also to act as storage agent on behalf of a Government Company or a body corporate.

By the end of March, 1968 the total built up capacity owned by the Corporation was 6,51,470 tonnes.

State Corporations:—The State Governments have with the approval of the Central Warehousing Corporation established a Warehousing Corporation in each State.

The 15 S. W. C. had, by the end of March 1968, set up 500 warehouses, 129 sub-warehouses and a cold storage with a total storage capacity of 7,38,141 tonnes including owned built up capacity of 2,27,456 tonnes.

DEPOSIT INSURANCE CORPORATION

'Vidyut Bhavan', B.E.S.&T. Bldg., Pathakwadi,
P. Bag No. 2810, Bombay-2.

Main object : To give a measure of protection to depositors, in particular small depositors, from the risk of loss of their deposits in the event of a bank's inability to meet its liability.

The Corporation has a capital of Rs. one crore.

EXPORT CREDIT & GUARANTEE CORPORATION LTD.

(A Government of India Concern)
4, Rampart Row, Bombay 1.

Object : To facilitate the growth of India's export trade by providing credit insurance cover to Indian exporters and furnishing guarantees to banks in order to assist Indian exporters to get credit facilities necessary for expanding their export trade.

THE FILM FINANCE CORPORATION LTD.

"White House", 91, Walkeshwar Road,
Bombay 6.

The Corporation has taken in hand the construction of hotels at Calcutta, Bombay, Srinagar (Kashmir), Kovalam Sea Beach (Kerala), Varanasi, Bangalore, Panaji (Goa). It runs tourist bungalows at various places in the country. It also undertakes several commercial activities, such as production of tourist publicity literature e.g. guide books, diaries etc. For the entertainment of the tourists, it runs the Sonet-Lumiere spectacle at Red Fort, Delhi and is going to mount similar shows in other parts of the country. The Corporation runs duty-free shops at Santa Cruz Airport (Bombay), Dum Dum Airport (Calcutta) and Palam Airport (New Delhi) for sale of imported and selected indigenous handicrafts to the tourists against payments in foreign currency. It also provides special transport facilities to tourists and has a fleet of luxury air-conditioned cars and delux coaches which are hired out to the tourists for sightseeing tours in Delhi and package tours to places of tourist attraction.

THE INDUSTRIAL CREDIT & INVESTMENT CORPORATION OF INDIA LTD.

163, Backbay Reclamation, Bombay 1.

Object : To assist industrial enterprises in the private sector by providing finance in the form of long or medium-term loans or equity participations, sponsoring and underwriting new issues of shares and securities, guaranteeing loans from other private investment sources, furnishing managerial, technical and administrative advice to Indian industry.

INDUSTRIAL DEVELOPMENT BANK OF INDIA

Post Box No. 1241

Reserve Bank Building, Bombay-1.

The Industrial Development Bank of India (IDBI) is both an apex institution, co-ordinating the operations of banks and other financial institutions providing term finance to industry, and an agency providing direct financial assistance by filling in the gaps that remain after taking into account the assistance available from other institutions. It is a wholly-owned subsidiary of the Reserve Bank of India.

The operations of the IDBI fall into two broad groups : (i) assistance to other financial institutions and (ii) direct assistance to industrial concerns, either on its own or in participation with other institutions.

Assistance to other financial institutions covers such activities as refinancing of loans given by other eligible institutions, subscribing to their shares and bonds as well as guaranteeing obligations of their customers against their counter guarantees.

Direct financial assistance to industrial concerns is given by way of (i) granting loans, (ii) subscribing to, purchasing or underwriting shares, bonds or debentures, and (iii) guaranteeing deferred payments due from industrial concerns to third parties and loans raised by them in the open market or from financial institutions. On 1st April 1966, the IDBI introduced a scheme for participating in industrial loans and guarantees, to supplement its refinance operations with a measure of risk-sharing with other institutions on a systematic basis.

THE INDUSTRIAL FINANCE CORPORATION OF INDIA

Head Office: Burmah-Shell House (Annexe II), Connaught Circus, New Delhi. *Branches:* Bombay, Calcutta and Madras.

IFC specialises in supplying Indian Industries with medium and long-term capital. Its activities include:—

(a) Granting of loans or subscribing to debentures in rupee currency; (b) Guaranteeing deferred payments in respect of machinery imported from abroad or purchased in India; (c) Granting of loans in foreign currency; (d) Guaranteeing loans raised from foreign banks or Financial Institutions in foreign currency; (e) Underwriting of equity, preference or debenture issues; and (f) Subscribing to equity or preference capital.

industries to provide employment to the migrants from West Pakistan (who have entered Indian territory as a result of the recent conflict with Pakistan), repatriates from Burma & Ceylon and persons of Indian origin migrated from other countries with the intention of permanently settling in India.

THE STATE TRADING CORPORATION OF INDIA LTD.

Express Bldg., 9 & 10, Bahadur Shah Zafar Marg,
P. B. No. 79, New Delhi 1.

The central aim of the Corporation is to broaden and enlarge the scope of Indian exports and to arrange for essential imports on an economical basis.

UNIT TRUST OF INDIA

Head Office: Bombay Life Building, 45, Veer Nariman Road, Bombay-1.

Basic objective: To afford the small investor a means of acquiring a share in the widening prosperity based on steady industrial growth of the country which combines the advantages of a minimum risk and a reasonable return.

A Unit Trust pools the savings of the community and invests them in securities of various types. To pool the savings, the Trust sells 'units'. All units rank equal for the distribution of income, regardless of when they are acquired. The Trust offers one other important and unique advantage: it is always ready both to sell and buy its units at prices published by it. A Unit holder is thus assured complete liquidity for his investment.

Some Salient Features: Besides the Trust's offices at Bombay, Calcutta, Delhi and Madras, units are on sale at all the branches of the numerous leading banks which have contributed to the initial capital of the Trust and at over 14,000 post offices throughout the country. Units can also be obtained through 266 'approved' brokers on the recognised stock exchanges and 1,181 individual agents appointed so far, by the Trust.

During the four years i.e. from July 1, 1964 upto June 30, 1968, sales of units aggregated Rs. 45.87 crores. In the fifth year, during the first quarter July-September 1968 sales of units amounted to Rs. 11.04 crores. Allowing for repurchases, units sold and outstanding, as at the end of September 1968, amounted to over Rs. 51 crores, the number of unit holders being 2,49,145.

The Trust is exempt from payment of income-tax and other taxes on income.

Income upto Rs. 1,000 from the Unit Trust received by an individual unit holder is free from income tax irrespective of the amount of his other income. That is, income upto Rs. 1,000 from units is not included in the computation of the total income for purposes of income tax.

Units can be sold back to the Unit Trust of India any time. The sale and repurchase prices of units are determined in accordance with the provisions laid down in the Unit Scheme and are announced daily.

Transfer of units to third parties is possible. A unit holder can also transfer units in favour of a bank for purposes of borrowing.

URANIUM CORPORATION OF INDIA LIMITED

P.O. Jaduguda Mines, Dist. Singhbhum, Bihar.

It is a wholly-owned Government of India enterprise under the Department of Atomic Energy. Its objectives are to provide the Uranium requirements for the Atomic Energy Programme of the country. The Corporation is to mine and process Uranium Ore and other ores and minerals containing Uranium in any form.

Activities: Procurement and distribution of raw materials and marketing the finished products mostly consumer goods of the Cottage and Small-scale Industrial Units of the State through the Corporation's Sales Emporia within and outside the State of West Bengal and financing the supply of raw materials and their import.

PUBLIC FINANCE

SOURCES OF REVENUE AND EXPENDITURE

THE principal sources of Central revenue are: customs duties, excise duties levied by the Central Government, corporation tax, income tax (excluding taxes on agricultural income), wealth tax, estate and succession duty, the earnings from the mints, terminal taxes on goods or passengers carried by railway, sea or air, taxes on railway fares and freights, taxes (other than stamp duty) on transactions in stock exchange and future markets, stamp duty on bills of exchange, cheques, bills of lading, letters of credit, insurance policies, transfer of shares, etc., taxes on sale and purchase of newspapers and on advertisements in newspapers.

The railways and the posts and telegraphs contribute to the Central revenues. There are also the profits on the Government industrial undertakings.

About as much as 80 per cent of the revenue is derived from the customs, excise duties, corporation and income-taxes.

The two biggest items of expenditure of the Central Government are outlay on development programmes (capital account) and defence.

Then there is public debt which consists of rupee loans, sterling loans and loans received from other countries. The rupee debt may be divided into three classes, long term loans and money market liabilities, the unfunded debt which includes provident funds, postal deposits, saving certificates, and last the deposits.

1969-70 BUDGET †

The Deputy Prime Minister Mr. Morarji Desai presented to the Parliament on February 28, 1969 the budget for 1969-70. Casting his net wide Mr. Desai made tax proposals bringing in an additional revenue of Rs. 127.27 crores. In his budget, he depended overwhelmingly (Rs. 104.57 crores) on excise duties and to a lesser extent on direct taxation (Rs. 13.5 crores) and revision of telephone and telegraph tariff (Rs. 6.46 crores) to bridge the gap.

A deficit of Rs. 250 crores was left uncovered, about the same as in 1968-69.

On the other hand, in a bid to make exports competitive, Mr. Desai gave away Rs. 23 crores through cut or exemption of export duties on a number of items, such as jute, hessian and sacking, wool sacks and cotton bagging, mica and package tea.

This loss was made up only to the extent of Rs. 6.2 crores through a mark-up in the import duty on cars, dry fruits and lubricants.

BUDGET AT A GLANCE

(In Rupees Crores)

			Revised 1968-69	1969-70 estimates
Revenue receipts	2,749	2,899.97
Capital receipts	1,361	1,729.88
Total receipts	4,110	4,629.85
Revenue expenditure	2,745	2,959.93
Capital expenditure	1,625	2,019.92
Total expenditure	4,370	4,979.85
Overall deficit	—	350
Effect of budget proposals	—	(—) 1,00.15
Total uncovered deficit	260	249.85

TAX PROPOSALS IN BRIEF

Indirect Taxes

Customs Duties: A. Import duties stepped up—(A) Lubricating oil by 12½ per cent *ad valorem*—gain Rs. 260 lakhs. (B) Motor cars by 40 per cent *ad valorem*—gain Rs. 60 lakhs. (C) Dry fruits and seedless dates by revising the basis of valuation—gain Rs. 300 lakhs.

Total gain Rs. 620 lakhs, from Rs. 325 crores to Rs. 331 crores.

B. Export duties reduced:

(A) Jute manufacturers: (i) Hessian by Rs. 300 per tonne, (ii) Wool sacks by Rs. 250 per tonne (completely exempted), (iii) cotton bagging by Rs. 200 per tonne (completely exempted), (iv) other sacking by Rs. 100 per tonne—loss Rs. 1,175 lakhs.

(B) Tea: (i) Package tea by 10 per cent *ad valorem*, (ii) other tea by 5 per cent *ad valorem* plus 20 paise per kg.—loss Rs. 1,055 lakhs.

(C) Degreased raw wool by 10 per cent *ad valorem* (completely exempted)—loss Rs. 30 lakhs.

(D) Mica loose splittings nos. 5½ and 6 by 20 per cent *ad valorem*—loss Rs. 30 lakhs.

Total loss Rs. 2,300 lakhs, from Rs. 97 crores to Rs. 74 crores.

† At the time of going to press the Budget was just presented to the Parliament. As such, only details as on that day are given in this article.

Union Excise Duties : A. Excise duties on new commodities :

(1) Fertilisers at the rate of 10 per cent *ad valorem*—yield Rs. 2,200 lakhs. (2) Power driven pumps at the rate of 20 per cent *ad valorem*—yield Rs. 200 lakhs. (3) Prepared or preserved foods at the rate of 10 per cent *ad valorem*—yield Rs. 150 lakhs. (4) Domestic electrical appliances at the rate of 10 per cent *ad valorem*—yield Rs. 200 lakhs. (5) Cinematograph films (unexposed raw film) at the rate of two paise per metre—yield Rs. 10 lakhs. (6) Pilfer-proof caps for packaging at the rate of one paise each—yield Rs. 50 lakhs. (7) Wool tops at the rate of 10 paise per kg.—yield Rs. 6 lakhs.

Total yield Rs. 2,816 lakhs.

B. Excise duties changed :

(1) Vacuum pan sugar, existing specific rate of Rs. 28.65 per quintal into *ad valorem* rate of 23 per cent—yield Rs. 2,746 lakhs. (2) Cigarettes, increases from 6 per cent to 18 per cent *ad valorem*—yield Rs. 1,584 lakhs. (3) Motor spirit, from Rs. 550 to Rs. 620 per kilolitre—yield Rs. 1,400 lakhs. (4) Superior kerosene, from Rs. 165.25 to Rs. 205.25 per kilolitre, yield—Rs. 1,440 lakhs. (5) Rayon and synthetic fibres and yarn—cellulosic staple fibre, from Rs. 0.80 to Rs. 1.00 per kg. non-cellulosic staple (polyester) fibre, from Rs. 16 to Rs. 28 per kg.—yield Rs. 720 lakhs. (6) Jute manufactures on hessians, from Rs. 495.00 to Rs. 605.00 per tonne; on others, from Rs. 275.00 to Rs. 385.00 per tonne—yield Rs. 495 lakhs.

Total gain of Rs. 8,384 lakhs.

C. Duty on khandsari sugar, rubber products, vegetable product, soda ash, caustic soda, sodium silicate, soap, cement, electric bulbs and fluorescent tubes and electric fans modified; modifications incidental to other proposals or in the nature of rationalisation on account of conversion of specific rates into *ad valorem* rates—gain Rs. 350 lakhs. (Rs. 30 lakhs from khandsari sugar, Rs. 60 lakhs from rubber products, Rs. 260 lakhs from the others.)

As a result of the changes and duties on new commodities, total gain Rs. 11,550 lakhs.

Reliefs in Excise Proposed : Nylon yarn of lower deniers by Rs. 5 to Rs. 8 per kg. with suitable increases on some of the higher deniers—loss Rs. 173 lakhs. Rayon yarn, excluding industrial denier yarn in respect of big producers, stepped up by about 10 per cent, and margin for small producers reduced. Cotton 'hank' yarn used by handlooms—differential between "sized" and "unsized" yarns for assessment removed, with increase in duty on "unsized" yarn of higher count. Existing fabric compounded levy on powerlooms doubled—loss Rs. 580 lakhs.

Substantial relief on "grey" and "processed" medium-A, medium-B and coarse fabrics. Surcharge levied on printed fabrics. Adjustment in duty on fents. *Ad valorem* rate on nine selected costly varieties of fabrics.

Steel ingots or iron-steel products produced by electric furnace owners from scrap exempted from duty to the extent of steel ingot duty of Rs. 75 per tonne—loss Rs. 100 lakhs. Confectionery other than chocolates reduced by 50 paise per kg.—loss Rs. 80 lakhs. Embroidery effective rates reduced by 35 per cent—loss Rs. 65 lakhs.

Electronic valves, tubes, transistors and semiconductor diodes used by radio manufacturers reduced by one half—loss Rs. 60 lakhs. Substantial relief to cinematographic films exposed, including total exemption on first 12 prints of "black and white" at the same time higher rates on "colour" films.

Total reliefs amount to Rs. 1,093 lakhs. Corresponding countervailing duties on imports, notably of fertilisers, will yield Rs. 2,600 lakhs.

Net gain under excise duties Rs. 10,457 lakhs, of which Rs. 2,462 lakhs will accrue to the States.

DIRECT TAXES

A. Personal incomes : Rates of basic income-tax on incomes over Rs. 10,000 stepped up—Slab : Rs. 10,001 to Rs. 15,000 to 17 per cent against 15 per cent at present; Rs. 15,001 to Rs. 20,000 to 23 per cent against 20 per cent at present. At Rs. 15,000 additional income-tax (including surcharge) will be Rs. 110 and at Rs. 20,000 and above, Rs. 275.

B. Co-operative societies : Business income exempt from tax raised from Rs. 15,000 to Rs. 20,000. Rates revised as Rs. 1 to Rs. 10,000 15 per cent, Rs. 10,001 to Rs. 20,000 25 per cent, above Rs. 20,000 40 per cent.

C. Registered firms : Initial slab of income exempt from tax reduced from Rs. 25,000 to Rs. 10,000, and on the slab Rs. 10,001 to Rs. 25,000, rate 4 per cent.

Changes made in scheme of payment of advance tax to make it more effective and to reduce burden on taxpayers with small incomes.

Total gain Rs. 21.50 crores.

From the assessment 1970-71, agricultural property included in the net wealth and subjected to wealth tax. Standing crops and tools, implements and equipment exempted. Gain (Rs. 5 crores approximately) to be passed on to States.

Incentives & Reliefs

1. Cotton and jute textile industries treated as priority industries for development rebate. 2. Tax holiday concession extended by another five years, up to 31st March 1976. 3. Public companies, whose equity shares are listed in a recognised stock exchange, will be treated as widely held companies. 4. Indian company dividends exempt from tax raised from Rs. 500 to Rs. 1,000. 5. 40 per cent of royalties and fees received by Indian companies for providing technical know-how etc. to other concerns in India exempted. 6. Area of tax relief on savings through life insurance policies to be widened. 7. 25 per cent of professional income of authors, artists, etc. from foreign sources in foreign exchange exempted. 8. Standard reduction for maintenance of cars raised from Rs. 150 to Rs. 200 per month for salaries up to Rs. 15,000.

Loss Rs. 8 crores.

Miscellaneous : As a deterrent measure, penalties under wealth tax for certain defaults are being related to net wealth instead of wealth tax.

Telephone rentals in Bombay, Calcutta, Madras and Delhi proposed to be revised from Rs. 300 per annum to Rs. 360. For other exchanges, the rates will be raised from Rs. 240 per annum to Rs. 300 under the measured rate system, and from Rs. 300 per annum to Rs. 340 for the flat rate system. Directory enquiry service is to be charged. Uniform additional charge of 50 per cent of the basic charge proposed on trunk calls for particular person, fixed time and subscriber fixed time calls, instead of existing additional charge on a slab rate. Charges for greetings telegrams, multiple telegrams, telex services and a few other services raised.

Total yield Rs. 6.46 crores in a full year which covers deficit in the posts and telegraphs budget.

Income-Tax Table

The following table shows the comparative incidence of income-tax at selected levels of income for a resident married individual with more than one dependent child :

Income	Tax during 1968-69	Tax under budget	Increase
5,000	11	11	—
7,500	286	286	—
10,000	561	561	—
12,500	974	1,029	55
14,000	1,221	1,309	88
15,000	1,386	1,496	110
16,000	1,606	1,749	143
18,000	2,046	2,255	209
20,000	2,486	2,761	275
25,000	4,136	4,411	275
40,000	11,836	12,111	275
1,00,000	51,986	52,261	275

CAPITAL RECEIPTS AND DISBURSEMENTS

Capital account shows the capital requirements of Government and how these are financed. Among the principal sources for meeting these requirements first there is the revenue surplus. Secondly, regular loans are floated in the market. Thirdly, funds accrue to Government through small savings, annuity deposits and State Provident Funds, and through miscellaneous deposits and advances. Lastly, there are external borrowings. To the extent receipts from these sources fall short of the capital requirements the deficit is made good by the issue of treasury bills and drawal from cash balance.

The statement below gives a summary of the capital transactions :

Capital Receipts

(In crores of rupees)

	1968-69 Revised	1969-70 Budget
Debt raised in India (net) ..	74.96	100.00
Foreign Loans (net) ..	698.92	642.40
Repayment of Loans and Advances	735.00	745.00
Small Savings (net)	125.00	135.00
Other Debts and Deposits (net) ..	163.68	107.48
<i>Total Capital Receipts</i>	1,797.56	1,729.88

DEBT POSITION

The outstanding Public debt of the Government of India is expected to amount to Rs. 12,729.99 crores at the end of the current year and Rs. 13,823.62 crores at the end of 1969-70 comprising:—

(In Crores of Rupees)

	As on 31st March, 1969	As on 31st March, 1970
Debt raised in India	6,802.89	7,254.12
Debt raised outside India	5,927.10	6,569.50
	12,729.99	13,823.62

BROADCASTING

EXPANSION OF MEDIUM WAVE

POWERFUL Transmitters—Two medium wave transmitters of 1,000 kW each have been ordered for augmenting the reception of AIR's external services in the first instance. One of them will be installed in the Saurashtra region and the other in the Eastern region, to cover the border areas. High power (100 kW) short wave transmitters are being installed near Aligarh and Delhi, while similar medium wave transmitters are being erected at Dibrugarh and Jullundur.

The Monitoring station at present in Simla is proposed to be shifted to Delhi. Additional buildings at Headquarters, Delhi, for News Services and External Services are proposed to be constructed. Studio facilities at many stations will be augmented and preparation for introducing TV in Bombay, Tamil Nadu and Calcutta will be made during the Plan.

COMMERCIAL BROADCASTING

Commercial Broadcasting on the Vividh Bharati channel for Bombay, Poona and Nagpur is now being extended to other regions. The Advisory Board has suggested that the service be extended to Ahmedabad, Tamil Nadu, Calcutta and Delhi regions.

Bombay experiment has brought in Rs. 45 lakhs during the year.

The extension of advertisements on a national hookup, from the 100 kW transmitters of the Vividh Bharati at Bombay and Madras, is being actively considered.

AIR CODE

In consultation with all parties and State Governments, Government of India have finalised a 9-point code for broadcasts by individuals. Under it, AIR will not allow any broadcasts containing:

- (i) criticism of friendly countries,
- (ii) attack on religion and communities,
- (iii) any thing obscene or defamatory,
- (iv) incitement to violence or any thing against maintaining law and order,
- (v) any thing amounting to a contempt of court,
- (vi) aspersions against the integrity of the President, Governors and Judiciary,
- (vii) attack on a political party by name,
- (viii) hostile criticism of any state of the Union or the Union Government, and
- (ix) any disrespect for the Constitution.

BUDGET

The actual expenditure of All India Radio for 1966-67 was Rs. 806 lakhs. Revenue reached a slightly higher figure than Rs. 10 crores.

TELEVISION

Confined to the Capital Delhi and its neighbourhood, TV programmes of AIR extend to about 21 hours a week, including educational programmes. On week days, the TV programme is for 1½ hrs and on Sundays it is extended by half an hour to two hours.

Over 80 villages round about Delhi are supplied with TV receiving sets, enabling nearly 16,000 farmers to learn from viewing.

Over 36,000 students derive benefit of TV available in 323 schools (548 TV sets), from lessons in physics and chemistry; while for lessons in English language and general sciences there are nearly one lakh of viewers on TV.

There are over 5,000 domestic TV sets in Delhi and round about.

Programme Publicity: All India Radio has only 8 journals (in 8 languages) for its regular internal publicity programmes.

Akashvani (English), *Awaz* (Urdu), *Sarang* (Hindi), *Betar Jagat* (Bengali), *Vani* (Telugu), *Vanoli* (Tamil), *Nabhovani* (Gujarati) and *Radio Goa* (English) are for home services.

PROGRAMMES

Women's Programmes:—Weekly Programmes for women in English (from important regional centres) and in Indian languages from all stations are broadcast. Talks, dialogues, stories and songs are included in the programme and the topics generally are of feminine interest: child care, family planning, health hints. Group listenings are encouraged. By the end of 1966, there were about 4,275 Women's Listening Groups.

Rural Broadcasts:—While the provision of programmes is the Central responsibility, the supply of listening sets to the rural population is the responsibility of State Governments.

Weather bulletins during the monsoon are a regular feature of the composite programme.

BROADCAST RECEIVER LICENCES AS ON 31-12-1967

National Programmes.—The Saturday National Programmes of music lasting 90 minutes have been quite popular. It is generally so planned that Northern and Southern (Karnatic) music alternate every Saturday. Arrangements are being made to have this item originate at other places. At present most of the Saturday concerts originate from Delhi and all stations relay them.

Talks.—Important topics of a national character are dealt with by an accepted authority in a nation-wide broadcast on Sundays and Wednesdays at 8.30 p.m. Since its inception in 1953, this programme has featured 527 talks and discussions.

Development Projects, Factories.—In order to make the country plan-minded, a feature on some of the bigger national projects is arranged once a month, and it is put out on the air simultaneously from all the stations.

Vividh Bharati.—This light musical programme is now eleven years old (b. Oct. 1957), originally it was running for about 5 hours on week days and for a little over 7 on Sundays and holidays. At present it is broadcasting for more than 12 hours every day and the broadcasting is distributed over four transmissions. In one of them Karnatic music is broadcast for nearly two hours daily. There are over 28 Vividh Bharati transmitters at as many stations.

The duration of this recorded variety programme, mostly of music extends to 11½ hours on week days and 12½ hours on Sundays and principal festival days.

Some of the news bulletins and commentaries (in Hindi) are being included in the Vividh Bharati; but that is perhaps a temporary arrangement to meet the emergency. At the close of 1965, there were 26 medium-wave centres carrying the Vividh Bharati service.

NEWS SERVICES DIVISION

All India Radio has 133 bulletins in the Home service and 44 in the External Services. Nine Bulletins in English and Hindi and 41 in Indian languages, are broadcast daily from Delhi and they are relayed by the respective stations. For the Home Service, 18 languages are used and for the External Services 19. By the end of 1967, news broadcasts occupied 21.15 hrs., a day for the Home Service and 6.16 hrs. in the External Service, making a grand total of 27.31 hrs. every day.

Sindhi bulletins are relayed by Bombay, Bhuj, Ahmedabad and Jaipur stations.

Tribal dialects and local languages are used for broadcasting news bulletins from regional stations. In all, 78 news bulletins—18 in major languages and 24 tribal dialects—requiring in all 10.22 hrs. daily are broadcast by the regional stations.

Radio News Reels.—Twice a week, radio news reels of 10 mts. duration, prepared by the News Service Division are broadcast from Delhi for an all-India consumption, and once a week in Hindi. On special occasions such as receptions to visiting dignitaries, or of our leaders visiting other countries, extra "editions" of the radio news reels are broadcast. English, Hindi and other languages are used for these "newspapers of the air."

Regional News.—All capitals of States, now devote ten minutes a day for covering regional news in languages other than English. The timings however are late in the afternoon.

A few minutes are set apart at each station for local announcements. This period accommodates news of purely local interest.

External Services :—For projecting Indian image abroad and for maintaining contact with Indian residents outside India, All India Radio runs the External Services with news bulletins, features, music and talks.

Programmes in Bengali run for 7 hours and in Urdu for 8 hours daily. Programmes in six Indian and 15 non-Indian languages total over 43 hours a day and they are directed to Asian, African, Australian and European regions.

When dignitaries from abroad visit India, special programmes are broadcast to regions from which they hail and suitable arrangements are made for correspondents accompanying the dignitaries, to send despatches for broadcasting.

Programme publicity of the overseas broadcasts is achieved through *India Calling*, printed monthly in English and 10 quarterly folders in Arabic, Burmese, Chinese, French, Indonesian, Nepali, Persian, Pushto, Swahili and Tibetan and distributed among 17,000 regular listeners abroad.

AIR STATIONS

Medium-Wave Stations. The first figure within brackets indicates the wavelength in metres and the second figure the frequency in kilocycles per second : Agartala (236.2 ; 1,270) ; Ahmedabad (352.9 ; 850) ; Ahmedabad-B (214.3 ; 1,400) ; Aijal (326.1 ; 920) ; Ajmer (500.0 ; 600) ; Allahabad-A (315.8 ; 950) ; Allahabad-B (211.3 ; 1,420) ; Bangalore-A (491.8 ; 610) ; Bangalore-B (365.9 ; 820) ; Baroda (352.9 ; 850) ; Bhadravati (375.0 ; 800) ; Bhagalpur (204.1 ; 1,470) ; Bhopal-A (197.4 ; 1,520) ; Bhopal-B (250.0 ; 1,200) ; Bhuj (232.6 ; 1,200) ; Bikaner (225.6 ; 1,330) ; Bombay-A (288.5 ; 1,040) ; Bombay-B (545.5 ; 550) ; Bombay-C (243.9 ; 1,230) ; Calcutta-A (447.8 ;

(93.09 ; 3,223) ; Srinagar-A (267.9 ; 1,120) ; Srinagar-B (201.3 ; 1,490) ; Teju (225.6 ; 1,330) ; Tiruchirappalli-A (319.1 ; 940) ; Tiruchirappalli-B (202.7 ; 1,480) ; Tirunelveli (250.0 ; 1,200) ; Trichur (517.2 ; 580) ; Trivandrum-A (454.5 ; 660) ; Trivandrum-B (263.2 ; 1,140) ; Udaipur (256.4 ; 1,170) ; Varanasi (241.9 ; 1,240) ; Vijayawada-A (357.1 ; 840) ; Vijayawada-B (200.0 ; 1,500) ; Vishakhapatnam (322.6 ; 930).

Medium wave length remains unchanged throughout the year; its coverage after sunset gets considerably extended.

HAMS — AMATEUR BROADCASTERS

For a wider penetration of broadcasting technique, HAMS or amateur broadcasters, with a small transmitter, are useful to pave the road for and help build an unofficial second line of technical experts. By 1962 there were just 300 HAMS in India. About 100 were added to the number during 1963 and there are only 400 HAMS. Even with this small number, the HAMS are well organised.

BROADCAST LICENCES & PRODUCTION OF RECEIVING SETS

Broadcast receiver licences are issued at all head and sub-post offices at a fee of fifteen rupees per year, and cover the use of receiving sets throughout India.

Broadcast Receiver Licences are issued to Municipalities or other public bodies for the reproduction of broadcast programmes in public places by the Postmaster-General of the State.

A licence issued for this purpose covers the use of one wireless receiver only.

A separate Broadcast Receiver Licence is, however, necessary in the case of clubs, institutions, messes, etc., for reproducing broadcast programmes at dances, concerts, bazaars, etc., to which the public are admitted.

* For Vividh Bharati only. Note: When there are only A & B transmitters, B is for Vividh Bharati and when there are A, B & C transmitters, C is earmarked for Vividh Bharati.

Licence Books of the size of Post Office Savings Bank Account pass-books are now issued at concessional rates for three years or more. Separate books are given for each receiving set. Specially issued stamps of the value of the fee, are affixed on the book and cancelled by the licence issuing authority.

INDIAN INSTITUTE OF MASS COMMUNICATION

Indian Institute of Mass Communication, (Ministry of Information and Broadcasting), offers practical training

to information personnel in the use of different media of mass communication.

The training programme is limited to members of the Central Information Service and information personnel of States. Some places, in each training course, will be offered to candidates under the Colombo Plan and the Special Commonwealth Assistance Programme.

Director : L. R. Nair.

COMMUNITY DEVELOPMENT PROJECTS AND PANCHAYATS

At the Centre the Ministry that is responsible for community development projects is the Ministry of Food, Agriculture, Community Development and Cooperation. The Ministry is responsible also for village panchayats.

The entire country has now been covered by the C. D. programme. Out of 5,265½ blocks into which the entire rural India stood delimited 1,717½ were in stage I, 2,207½ in stage II, 1,336½ in the post stage II phase and four were in the pre-extension phase.

The number of Tribal Blocks started upto the end of 1966-67 was 489 viz. 43 special Multipurpose Tribal Blocks (started during IInd Plan), 415 Tribal Development Blocks of the Third Plan and 31 other blocks set up in different States. No new blocks were allotted during 1967-68.

COMMUNITY DEVELOPMENT

An outlay of Rs. 20.51 crores had been approved by the planning Commission for different States for 1968-69.

The review of the progress of the C. D. programme during 1966-67 shows that there was an upward trend in the activities relating to distribution of improved seeds and chemical fertilisers, compost making, land improvement, minor irrigation, land reclamation, supply of improved birds, artificial insemination of animals, adult literacy, organisation of Gram Sahayak Camps, construction of pucca drains, renovation of drinking water wells, improvement of existing and construction of new *kucha* roads. However some decline was noted in respect of the distribution of improved implements, holding of agricultural demonstrations, supply of improved animals and construction of drinking water wells as compared with the preceding year.

PANCHAYATI RAJ

Village Panchayats exist in all the States and almost all the Union Territories. The higher two bodies, viz., Panchayat Samitis at the Block level and Zila Parishads at the District level have also been established in most of the States.

Certain recommendations, relating to different aspects of the Panchayati Raj system, such as mode of elections, finances, audit, incentives and safeguards, by the centrally organised study teams, are in various stages of implementation in the States. The resources of the Panchayat Samitis have risen from Rs. 137.94 crores in 1963-64 to 181.84 crores in 1966-67.

The greater involvement of Panchayati Raj institutions in the implementation of land reform measures has been

suggested by a study team appointed by Union Department of C. D. The team has suggested that Panchayati Raj institutions be associated with the maintenance of land records, particularly in matters like the regulation of tenancies, the landlord's right of resumption, the regulation of rent, the disposal of surplus land arising out of the imposition of ceilings on land holdings, the prevention of unlawful transfer of land to evade ceiling legislation and the consolidation of holdings. The team recommended the formation of a watch dog functional sub-Committee on land reforms in each panchayat, to look after items of land reforms which infringe on the interests of the weaker sections of the Community. It stressed the urgent necessity of setting up a village level revenue administration on the pattern of *ryotwari* system, in the States of West Bengal, Bihar and Orissa which did not have adequate revenue administration.

Coverage of the Panchayati Raj Institutions is given at the end of the article in a table.

Nyaya Panchayats : Nyaya Panchayats are functioning in Bihar, Gujarat, Haryana, Jammu & Kashmir, Parts of Kerala, Madhya Pradesh, Maharashtra, Orissa, Punjab, Rajasthan, Uttar Pradesh, Mysore and West Bengal. In Assam Nyaya Panchayats were proposed to be constituted after the expiry of the term of Panchayats in 1968. In Manipur the entire rural area in the valley portion has been covered ; the hilly areas are proposed to be covered by the Fourth Plan.

EDUCATION

Reorganisation of Training : The process of reorganisation of the existing middle level training institutions has been completed and Composite Training centres, roughly one in each State, run by State Governments concerned have been established with effect from April 1967. Training programmes are now being carried out at the Composite Training Centres, with flexible enough training schedules to meet local requirements. The Central Government continues to provide necessary financial assistance. According to reports as on December 31, 1967, 2,044 persons of different categories had received training at these centres.

Gram Sahayaks : During the year ending June 1967, 4,27,654 Gram Sahayaks were trained in camps organised locally in the blocks.

Youths & Women : The number of youth workers trained in 12-day camps was 1,726 and associate women in one month training courses was 1,606.

So far, 53,000 persons (officials and non-officials) received training in various categories in the Applied Nutrition Programme.

Fisheries : The number of fishery block and village units set up and the quantity of fish (kg.) supplied respectively during the year were: 197; 3,251 and 422,289. During the year 1,153 persons received training in pisciculture.

Poultry : The programme of poultry has been taken up both at the Block level by the Block organisation and the Panchayat Samitis at the village level by individual poultry keepers, Panchayats and other organisations. During the year 4,500 persons received training in poultry. The number of poultry village units set up was 5,555 and poultry Block units 914. The number of eggs supplied during the year was 35,452,000.

Village and Small Scale Industries : Efforts are being made to set up eight village industries per block in all the States.

Rural artisans : During the year ending June 1967, improved tools and appliances worth Rs. 15.52 lakhs were distributed to rural artisans under the C. D. programme. Loans amounting to Rs. 230.67 lakhs were given to 1,62,200 artisans, in addition to Rs. 20.81 lakhs given as grants to 23,727.

Health : By the end of the year 1966-67, the establishment of primary health centres had covered 4,920 of the 5,200 odd blocks in the country. Shortages of medical and para-medical staff however continued.

The Panchayati Raj institutions and the Block agency played a vital role, in coordination with the functionaries of the Health Department, in the motivational aspects of the Family Planning effort. There were 29,075 rural family planning centres, of which 4,683 were main centres, 16,198 subcentres and 8,194 other medical centres which distribute contraceptives, 5.7 lakh sterilisation operations were also performed.

Adult Literacy : During the year ending June 1967 about 45,556 adult literacy centres were started.

Applied Nutrition : Objects and activities : To improve local diets, through production, preservation and use of protective food like fruits, vegetable, fish and poultry. It was proposed to establish 1,000 additional blocks for applied nutrition programme during 1966-71, out of which 327 were already allotted to different States.

Mahila Mandals and Youth Clubs have been closely associated with the implementation of Applied Nutrition programme.

Rural Manpower Programme : At present this programme covers 998 blocks. It seeks to provide additional employment opportunities to rural workers in slack agricultural seasons, especially in areas exposed to seasonal unemployment and under-employment. An outlay of Rs. 90 crores had been indicated in the draft outline of the Fourth Plan, designed to provide additional slack season employment opportunities to some 1.5 million agricultural workers by the end of 1970-71.

The expenditure incurred and employment generated under the programme in 1966-67 were Rs. 678.21 lakhs and 245.35 lakh man-days respectively. The physical assets created under this programme show that 31,561 hectares were provided with minor irrigation facilities, 40,620 hectares brought under soil conservation and afforestation, 18,192 benefited under land reclamation, flood protection and anti-water logging measures, 16,644 hectares under miscellaneous agricultural schemes and 6,330 kilometers of inter-village roads were constructed and repaired.

Tribal Development : Emphasis continues to be laid on pooling of resources available with the development departments for taking up comprehensive programme for economic betterment of the tribals.

Yuvak and Mahila Mandals : The programmes for rural youth and women were maintained through Yuvak and Mahila Mandals. The membership of these associate organisations were 25 lakhs and 15 lakhs respectively.

Under the integrated programme of Family and Child Welfare, sponsored by the Department of Social Welfare at the Block level through the Panchayat Samitis, 17 projects have already been launched by the conversion of the existing Coordinated Welfare Extension projects; 33 more projects were expected to be set up by the end of 1967-68.

ACHIEVEMENTS OF C.D. PROGRAMME DURING 1966-67

Agriculture : Improved seeds distributed (quintals) 97,12,000; Chemical fertilizers distributed (quintals) 2,75,78,600; Chemical pesticides distributed (quintals) 2,82,981; Improved implements distributed (Nos.) 7,44,507; Agricultural demonstrations held (Nos.) 8,42,200; Compost Pits dug (Nos.) 74,14,100.

Land Improvement : Net additional area irrigated (hectares) 13,38,731; Land reclaimed (hectares) 5,53,164; Area bunded & terraced (hectares) 18,93,429.

Animal Husbandry : Improved animals supplied (Nos.) 30,972; Improved birds supplied (Nos.) 16,12,390; Animals castrated (Nos.) 34,36,600; Animals artificially inseminated (Nos.) 12,36,253.

Health & Rural Sanitation : Rural latrines constructed (Nos.) 68,759; Pucca drains constructed (meters) 19,80,827; Village lanes paved (sq. metres) 14,72,623; Soakage pits constructed (Nos.) 1,74,591; Drinking water wells constructed (Nos.) 34,731; Drinking water wells renovated (Nos.) 52,438.

Social Education : Adult literacy centres started (Nos.) 45,556, Adults made literate (Nos.) 10,36,774; Functional Gram Sahayak camps organised (Nos.) 21,254; Leaders trained (Nos.) 4,27,654.

Communications : New Kacha roads constructed (kms.) 35,449; Existing Kacha roads improved (kms) 52,614; Culverts constructed (Nos.) 20,660.

Village and Small Industries : Value of improved tools and appliances distributed (Blacksmiths) Rs. 6,45,471; (Carpentry) Rs. 6,59,099.

Applied Nutrition Programme (as on Sept. 30, 1967) : No. of blocks set-up 530; No. of villages taken up 16,347; No. of Mahila Samitis associated 5,886; Membership of Mahila Samitis (Nos.) 89,420; Youth Clubs associated (Nos.) 4,114; Membership of Youth clubs (Nos.) 87,045; No. of poultry block units set-up 914; Poultry Village units set-up 5,555; Fishery block units set-up 197; Fishery village units set-up 3,251; Horticulture Block units set up 432; Horticulture village units set-up 13,354; Water area stocked 25,203; Fingerlings supplied 16,966,000; School gardens laid 7,306; Kitchen gardens laid 494,167; Community gardens laid 5,016; Pre-school children fed (child-days) 15,775,000; Expectant and nursing mothers fed (woman-days) 6,872; Fish supplied 422,289 kgs.; Vegetable supplied 931,519 kgs; Eggs supplied 35,452,000; Milk supplied 681,580 litres; Non-officials trained 43,584; Officials trained 8,695; Persons trained in poultry 4,500; Persons trained in horticulture 3,010; Persons trained in pisciculture 1,153.

* 1961 Census.

† Panchayat Raj bodies have been constituted in 3 districts, viz. Ranchi, Bhagalpur and Dhanbad.

‡ Non Statutory Panchayat Samitis.

§ Coal fields and tea estates remain yet to be covered.

PORTS

THERE are eight major ports in India, 21 intermediate ports and 144 working minor ports. Mangalore and Tuticorin are being developed as major ports.

Technically a major port is one which is capable of taking in ocean-going steamers with a registered tonnage of 4,000 or more and berth them along wharves.

The eight major ports are Bombay, Calcutta, Cochin, Kandla, Madras, Mormugao, Paradeep and Visakhapatnam.

State-wise distribution of intermediate ports and the number of minor ports respectively are :

MYSORE: Karwar & Mangalore & 19 minor ports. **TAMIL NADU:** Cuddalore, Nagapattinam & Tuticorin & seven minor ports. **MAHARASHTRA:** Ratnagiri and Redi, and 47 minor ports. **GUJARAT:** Okha, Porbander, Bhavnagar, Navalakhi, Bedi, Veraval, Broach, Mandvi, Sikka and Surat, and 40 minor ports. **KERALA:** Alleppey and Kozhikode, and nine minor ports. **ORISSA:** There is one minor port. **ANDHRA PRADESH:** Masulipatam and Kakinada, and five minor ports. **PONDICHERY:** There is one minor port of Pondicherry only. **ANDAMAN & NICOBAR ISLANDS:** There are 15 minor ports.

All the major ports with the exception of Paradip are administered by Port Trusts, which are statutory bodies. The Port of Paradip is administered by the Ministry of Transport and Shipping, Government of India.

The intermediate and minor ports are administered by State Governments.

The National Harbour Board: The Board advises the Central Government on matters of general policy relating to port management and development including their effects on industry, commerce, shipping, railways etc. so as to ensure integrated consideration of all important port matters.

LIGHTHOUSES

Lighthouses are divided into general and local according to the utility of a particular lighthouse to navigation. The superintendence and management of general lighthouses are vested in the Union Government while local lighthouses are managed by the local lighthouse authorities such as State Governments, Port Trusts, etc.

A statutory body—the Central Advisory Committee for Lighthouses, appointed under the Indian Lighthouses Act, advises the Union Government on matters connected with the erection, additions, alterations, improvements, etc. of lighthouses.

There are 269 lighthouses, 8 lightvessels, 156 lightbounys, 236 unlighted buoys, 233 beacons, 7 fog signals, 5 M. F. radio beacons, 2 harbour radars, 2 Decca navigator chain, 299 land marks, 716 other marks, making a total of 1,936 aids to navigation strewn over the coastline of approximately 4,340 miles including Andaman, Nicobar, Laccadive and Minicoy Islands.

Programme for the year 1968-69:—The Planning Commission had agreed to an expenditure of Rs. 50.72 lakhs for the provision of navigational aids, during the year 1968-69.

Progress of work during the year 1967-68 :—New lights have been installed at Savai Bet, Veraval (Gujarat), Androth Island, Kiltan (South End) Island, Minicoy Island (Laccadive Islands) and Gopalpur (Orissa), Dariapur (West Bengal). A new lightvessel has been laid in position to mark the Lushington Shoal (off Okha) in the Arabian Sea.

Construction of new lighthouses, towers and ancillary buildings at Diu Head, Piram (Gujarat), Trivandrum (Kerala), Cape Comorin, Nagapatnam (Tamil Nadu), Landfall, Car Nicobar (Andaman & Nicobar Islands), Pudimadakha have been completed. The construction of lighthouses, etc. at Perseverance Point (Port Blair, Andaman & Nicobar Islands), Mangalore (Mysore), False Devi Point (Andhra) has been in progress.

MAJOR PORTS (1966-67)

Ports	Receipts	Expenditure	No. of passengers embarked	No. of passengers disembarked	Imports in tonnes	Exports in tonnes

@ Figures are for 1967-68.

* Million tonnes.

Bombay : The Port of Bombay owns landed estates extending over 1,300 acres from Pilot Bunder to Wadala and the docks cover an area of 700 acres. Sassoon Dock has a water area of 3½ acres and limited facilities for five ships of 1,000 tons.

Besides the docks there are a number of "Bunders" or open wharves along the harbour front with a total quayage of about 12 kilometres. These bunders handle approximately 9.08 million tonnes.

Repair facilities for shipping are provided at two dry-docks — Hughes and Merewether.

The Port maintains its own railway system which serves the docks, ten local stations and a large number of sidings on the Port Trust estates. It also connects the main line railways.

For heavy lifts, besides the 110 and 60 tons wharf cranes, the Port has two floating cranes, one of 60 tons and another of 125 tons capacity. Ten 10-ton mobile cranes and two 35-ton crawler cranes have been purchased in 1967-68.

The revised budget estimates of the Bombay Port for 1968-69 reveal a net surplus of about Rs. 4.83 lakhs as compared with the surplus of Rs. 275.45 lakhs in 1967-68. The traffic in 1968-69 is expected to be about 16.50 million tonnes.

Chairman : L. M. Nadkarni, I.C.S. ; *General Manager* : Govind H. Shah ; *Secretary* : S. D. Chittar.

Calcutta : There are two docks, Kidderpore Docks and King George's Docks. There are five dry docks two in King George's Docks and three in Kidderpore Docks.

There are nine jetties at the Strand Bank with a total length of 4,735 feet of which only five namely Nos. 2, 3, 7, 8 and 9 are available for ocean-going steamers.

Anchorage are available at Saugor Roads, Haldia, Kalpi, Diamond Harbour, Royapur, Ulubaria, Buj Buj and Garden Reach of which Royapur, Ulubaria, Buj Buj and Garden Reach are available only for deep-laden vessels outward bound or in emergency. The other anchorages are used by ships on passage to and from the Port.

There are petroleum wharves at Budge Budge about 14 miles below the entrances to the docks.

There are two tea warehouses, a grain and seeds depot at Kantapur, two sheds at Jhinjerapal, A and B sheds at Kidderpore, the Fairlie, Clive, Canning and Strand Warehouses situated close to the Calcutta jetties.

Kidderpore Dock No. 2 has six coal berths.

The port can handle over 12 million tonnes of traffic a year without congestion or delay.

The chief exports from Calcutta are coal, tea, sugar, gunnies, bone and bone-meal, bunker oil, iron and steel manufactures, lac, scrap, ores and mica. The principal imports are salt, food-grains and flour, sulphur, tinplate, machinery, petroleum, iron and steel, metals other than iron and steel, lubricating oil, cement, soda, timber, fertilisers, bricks, chemicals, oils, railway material.

Communication between the various points in the Docks and jetties is maintained by the Commissioners' Railway. About 75 ships can be given working accommodation in jetties, docks and river moorings in the Port.

The Port which extends from Budge Budge to Konnagar is administered by a Port Commission composed of representatives from the trade, Shipping Corporation, Municipality, Govt. of West Bengal, Railways, Customs and Defence Ministry.

Chairman : B. B. Ghosh ; *Dy. Chairman* : S. K. Ghosh ; *Secretary* : T. R. Raghupathi.

Cochin : The Port of Cochin is open for deep water traffic in the worst monsoons and provides a splendid anchorage at all times of the year. Any ship drawing upto 30 ft. draft can enter the port even in the roughest weather.

The Cochin Harbour Railway is connected with the Broad Gauge and Metre Gauge systems of the Southern Railway. Inside the Harbour there are 12 stream berths, 2 coal berths, 8 wharf berths, 1 Boat Train Pier Jetty with facilities for discharging and loading bunker oil and two tanker berths. One of the twelve stream berths is a swinging berth capable of accommodating vessels upto 565 ft. overall in length and 28 ft. draft. The tanker berths in the Ernakulam Channel provide facilities to discharge oil direct to the shore installations. The length of each of the wharves is 2,000 ft. and vessels of the above length can be accommodated at some of the berths.

The principal imports are foodgrains, mineral oils, coal, cashewnuts, hardware, chemicals and manure. The principal exports are coir and coir products, tea, rubber, cashew kernels, coconuts, spices and ores.

Chairman : K. P. K. Menon, I.A.S.

Kandla : The major port of Kandla has now the following main facilities :—

A Cargo Jetty with (a) 823 m. of quayage and designed depth of 9.8 m. of water alongside at L.W.O.S.T. to accommodate four large size ships or five liberty type ocean-going vessels ; (b) Three single storeyed transit sheds, each 137 m. long and 42 m. wide, with a total storage

capacity of about 15,000 tons of cargo ; (c) Broad Wharves served with three dual gauge (BG & MG) railway lines and roads ; (d) 21 electric quay cranes, the most modern type of 3 tons, 6 tons and 10 tons capacities with 25 m. each ; (e) Spacious open stacking grounds served with railway and road sidings ; (f) Four double storeyed Warehouses, each with storage capacity of 15,000 tons, with overbridge connections to the roofs of the transit sheds, and provided with modern cargo lifts, chutes and loading platforms ; (g) 'Grinnel' automatic sprinkler and fire alarm system has been provided in one warehouse as a measure for protection against fire, for the storage of cotton cargo in the warehouse ; (h) The construction of an additional 342 m. of quay, designed for a depth of 9.8 m. of water at L.W.O.S.T. has been completed except for the work of dredging alongside.

The port is equipped with the latest version of a harbour radar having a range of 32 k.m. with V. H. F. radio telephones and a coastal wireless station with about 805 k.m. range.

The port is connected to its hinterland at present by means of metre gauge, *via* Deesa-Palanpur and broad gauge rail link to Ahmedabad is under construction and will be completed by the beginning of 1970.

The construction of the National Highway connecting Kandla to Ahmedabad was nearing completion and expected to be ready by November, 1968.

A Free Trade Zone has been established at Kandla.

The chief imports are mineral oil, foodgrains, maize, chemicals, fertilizers and machinery whereas the principal items of export are zinc concentrate, iron scrap, salt, ethyl alcohol, cotton, sugarbones and bone meals.

271 ships and tankers had called during 1967-68.

Chairman : Commodore S. K. Chatterjee.

Secretary : Dr. R. P. Bhargava.

Madras : There is accommodation for 21 vessels inside the harbour, 3 at Moorings and 18 at Quays besides the dangerous Petrol mooring outside the North Groyne.

The depth at moorings and quay berths ranges from 7.9 metres to 11.00 metres.

The chief imports are coal, foodgrains, mineral oils, metals, timber, textiles, machinery, hardware, paper including old newspapers, dyeing and tanning substances, chemical manures, asphalt, chemicals, cotton, building materials, iron and steel, sulphur etc.

Ores, piecegoods, hides and skins (raw and tanned), onions, raw tobacco, twist and yarn, mica, vegetables and provisions, textiles, turmeric, groundnut oil, oil cakes, molasses, scrap etc. form the principal exports.

The affairs of the Port are administered by a Board of Trustees.

Chairman : V. Karthikeyan, I.A.S.

Secretary : T. K. Parameswaran Nambiar.

Vishakapatnam : Ships drawing upto 33 ft. and having a length up to 640 ft. can enter the harbour.

The harbour now provides the following facilities :

The inner harbour consists of a turning basin, six quay berths, three jetty berths etc. The first four quay berths were equipped with portal electric cranes, transit sheds, and railway lines, both behind and on the quay-side. The quay berths Nos. 1 and 2 are specially equipped and reserved for the expeditious handling of manganese and iron ore, ferro-manganese and pig iron : on an average, approximately 3,000 tons are loaded in a day. Quay berth No. 3 is used exclusively by ships discharging foodgrains and Nos. 4 is usually allotted to vessels discharging fertilizers and for loading and unloading heavy lifts. Quay berths Nos. 5 and 6 were commissioned with effect from 5-3-68 and 6-11-68. These two berths are allotted for general cargo vessels.

The port has floating cranes capable of dealing with heavy lifts upto 60 tons capacity.

The Port Trust is administered by a Chairman appointed by the Government of India.

Chairman : H. Sambamurti.

Secretary : T. S. Narasimhan.

Chief Ports Officer, Maharashtra State, Head Quarters, Bombay-1 : Capt. V. V. Javadekar.

Total receipt and expenditure of Maharashtra State ports for 1967-68 respectively were Rs. 7,33,714 and Rs. 33,29,680.

GUJARAT PORTS

There are 48 ports in Gujarat State. Out of this Kandla Port is a major port. Two other ports Diu and Daman are centrally administered. The remaining 45 ports contain 10 intermediate ports and 35 minor ports. These Gujarat ports have earned a foreign exchange of nearly Rs. 33 crores during the year 1967-68 as compared to the previous year's earning of Rs. 27 crores.

The cargo handled during the year ending 31st March 1968 was 36,31,387 tonnes in comparison to the previous year's traffic of 35,70,162 tonnes. This shows an increase

of 61,225 tonnes in traffic during the year 1967-68. The imports traffic was 17,07,658 tonnes i.e. 47.02 per cent of total traffic and exports traffic amounted to 19,23,729 tonnes i.e. 52.98 per cent of total traffic.

The overall position of traffic in tonnes at Gujarat State Ports classified into various groups during 1967-68 remained as under:—Mandvi 1,82,429; Bedi 10,68,541; Okha 7,50,331; Porbandar 2,82,308; Veraval 3,39,039; Mahuva 1,50,591; Bhavnagar 7,65,260; Broach 92,888; Total: 36,31,387.

LABOUR

THE general position is as follows:—

Total Labour Force (1961-census): 18,86,75,500.

Estimated increase during the Third Plan: 17 million.

No. employed in factories coming under the Factories Act of 1948 during the first half of 1966: 45,98,568.

No. of trade unions on register during 1964-65: 12,874.

No. of trade unions which submitted returns of membership: 7,155.

No. of members of trade unions submitting returns: 40,82,000.

The Central co-ordinating authority in India for questions connected with labour legislation is the Ministry of Labour and Employment of the Government of India with the Labour Minister in charge. The administration of matters, connected with the English and Indian Merchant Shipping Acts, the Mercantile Marine Department and Indian Seamen is with the Ministry of Transport. In respect of all the Railways, the Labour Minister is responsible for the administration of the Payment of Wages Act, 1936, trade disputes, hours of work for employees not covered by the Factories Act and regulation of employment of children. He is also responsible for regulation of labour and safety in respect of mines and oilfields; trade disputes in industries, businesses or undertakings carried on by the Central Government, and inter-State migration.

The following Acts govern labour conditions and relations in India: 1. Indian Factories Act, 1948; 2. Indian Mines Act; 3. Payment of Wages Act; 4. Minimum Wages Act; 5. Workmen's Compensation Act; 6. Maternity Benefit Acts (States); 7. Indian Trades Union Act; 8. Industrial Disputes Act; 9. Industrial Disputes (Appellate Tribunal) Act; 10. Tea Districts Emigrant Labour Act; 11. Shop Assistants Acts (States); 12. Em-

ployees' State Insurance Act; 13. Collection of Statistics Act; 14. Employees Provident Funds Act; 15. Dock Workers' Act; 16. Working Journalists' Act; 17. Plantation Labour Act; 18. Shops and Commercial Establishments Act; 19. Industrial Employment (Standing orders) Act, 1946; 20. Motor Transport Workers Act, 1961; 21. The Apprentices Act, 1961. Details of the above Acts were given in the 1968 Directory.

FACTORY STATISTICS

Under the provisions of the Factories Act, 1948, registered factories submit annual and half yearly returns on employment to the Chief Inspectors of Factories in the various States. All-India figures are compiled by the Labour Bureau and are published in the *Indian Labour Journal*.

The number of factories on registers in the areas covered by the Act during the first half of 1965 and 1966 were 61,857 and 63,261 respectively.

The number of factories working and average daily number of persons employed respectively during the half-year ending 30th June 1966 in the following industries: Processes Allied to Agriculture (Gins & Presses) (2,734; 1,41,171); Food (except Beverages) (19,484; 5,83,754); Beverages (207; 10,669); Tobacco (1,898; 1,63,689); Textiles (5,861; 12,42,010); Footwear, other Wearing Apparel and Made-up Textile goods (362; 41,240); Wood and Cork (except Furniture) 3,863; 72,165); Furniture and Fixtures (499; 21,670); Paper and Paper Products (419; 57,510); Printing, Publishing and Allied Industries (3,406; 1,22,141); Leather and Leather Products (Except Footwear) (490; 26,945); Rubber and Rubber Products (540; 56,819); Chemical and Chemical Products (1,923; 1,97,819); Products of Petroleum and Coal (220; 18,614); Non-metallic Mineral Products (except Products of Petro-

leum and coal) (2,743 ; 2,31,292); Basic Metal Industries (2,024 ; 2,53,317); Metal Products (except Machinery and Transport Equipment) (3,946 ; 2,01,299); Machinery (except Electrical Machinery) (5,097 ; 3,22,837); Electrical Machinery, Apparatus, Appliances and Supplies (1,139 ; 1,50,698); Transport Equipment (2,826 ; 4,47,284); Miscellaneous Industries (2,251 ; 1,58,779); Electricity, Gas and Steam (822 ; 57,693); Water and Sanitary Services (233 ; 9,327); Recreation Services (Cinema Studios) (46 ; 3,648); Personal Services (Laundries, Dyeing and Cleaning) (228 ; 6,178); TOTAL : (63,261 ; 45,98,568).

Statewise Figures

The following para shows the average daily employment in factories in the first half of 1966 by States :

EMPLOYMENT IN MINES BY STATE 1966 AND 1967

Collieries :—During the month of Jan. 1968 the number of Collieries working was 770 and the workers employed in them were 3,92,681. The average cash earnings of the workers per week for the whole of India was Rs. 46.56 and the number of hours was 48.

STATISTICS OF WORKMEN'S COMPENSATION ACT

An annual note on the working of the Act is published regularly in the *Indian Labour Journal*.

The latest available statistics on the total number of cases and total compensation paid in Rs. respectively during 1963 to 1965 are as follows: 1963 : 1,17,259 ; 1,21,86,870 ; 1964 : 1,18,356 ; 1,62,18,246 ; 1965 : 1,64,401 ; 1,87,29,122.

Andhra Pradesh 2,37,027; Assam 70,569; Bihar 2,38,779; Gujarat 4,01,170; Kerala 1,93,772; Madhya Pradesh 2,10,718; Tamil Nadu 3,91,009; Maharashtra 9,15,124; Mysore 2,28,952; Orissa 68,283; Punjab 1,79,307; Rajasthan 76,016; Uttar Pradesh 4,23,647; West Bengal 8,68,847; Andaman & Nicobar Islands 2,801; Delhi 87,434; Himachal Pradesh 2,998; Manipur 554; Tripura 1,561; Total 45,98,568.

MINING STATISTICS

The average daily number of workers employed in mines in 1964, 1965, 1966 and 1967 was 686,761, 691,174; 699,253 and 671,335 respectively. A break-up of the figures for 1966 and 1967 is given below :—

The following is the accident rate per thousand workers and the average compensation paid in Rs. in the main industry groups respectively during 1965 : Factories 15.85 ; 132 ; Plantations 3.55 ; 195 ; Mines 87.53 ; 164 ; Railways 23.00 ; 169 ; Docks and Ports 45.44 ; 384 ; Tramways 57.02 ; 80 ; Posts & Telegraphs 1.06 ; 632 ; Building & Construction 12.29 ; 986 ; Municipalities 0.56 ; 711 ; Miscellaneous 294.52 ; 17 ; Average 34.31 ; 114.

† As on Dec. 31, 1965.

STATISTICS OF INDUSTRIAL DISPUTES*

Statistics presented in this section relate to industrial disputes which have resulted in work-stoppages involving 10 or more workers and exclude sympathetic and political strikes and closures not connected with industrial disputes, i.e., shortage of raw materials, breakdown of machinery etc.

The time losses in million man-days due to industrial disputes were 4.9 in 1961, 6.1 in 1962, 3.3 in 1963, 7.7 in 1964, 6.5 in 1965 and 13.8 in 1966.

* During 1968, 7,728,797 man-days were lost due to strikes and 6,104,944 man-days due to lockouts.

There were 2,556 industrial disputes during 1966 as compared with 1,835 during 1965.

As compared with 1965, there was an increase of 42.3 per cent in time-loss due to industrial disputes in 1966. The time-loss was over 20 lakh man-days in March and September and over 10 lakh man-days in July, August and October 1966. The lowest time-loss was in January 1966 which was 3.76 lakh man-days.

Out of 2,556 disputes reported during 1966, lockouts were declared in 203 cases involving 1.48 lakh workers which accounted for a time-loss of 3.47 million man-days.

Analysis of the statistics by industries shows that the manufacturing division accounted for 66.1 per cent of the total time-loss during the year 1966. Among other sectors, agriculture, forestry, fishing, etc. accounted for 17.0 per cent, transport and communications for 4.8 per cent, services for 4.4 per cent, mining and quarrying for 3.2 per cent, construction for 1.8 per cent., activities not adequately described for 1.7 per cent., electricity, gas, water and sanitary services for 0.9 per cent, and commerce for 0.1 per cent. In the manufacturing sector, the highest time-loss was recorded by the group 'textiles' (61.1 per cent). As compared to the preceding year, the time-loss increased in all but two major industry groups, viz., mining and quarrying, and electricity, gas, water and sanitary services.

Classifying the disputes by causes, 'wages and allowances' accounted for 612 (35.8%) disputes followed by 'others' and 'personnel' which accounted for 591 (23.3%) and 532 (21.0%) cases respectively. Disputes relating to 'wages and allowances' and 'personnel' contributed together 56.8 per cent of the total number of disputes for which the relevant information was available and accounted for 41.5 per cent of the total number of workers involved and 46.7 per cent of the total time-loss.

From the point of view of employees, 31.6 per cent were successful, 16.5 per cent were partially successful and 31.4 per cent were unsuccessful. In 20.5 per cent of the disputes work was resumed without any final decision having been reached.

According to their duration, 30.8 per cent of the disputes lasted for a day or less; 27.3 per cent for upto 5 days; 14.8 per cent for 6 to 10 days; 12.8 per cent for 11 to 20 days; 5.1 per cent for 21 to 30 days and 9.2 per cent for more than 30 days.

Of the 2,453 terminated disputes during 1966, 1,005 were terminated as a result of Government intervention, 680 by mutual settlement, 662 by voluntary resumption and 55 by other methods of settlements. In case of 51 disputes, the method of settlement was not known.

The following table sets out the number of disputes in some of the years since 1964, the number of workers involved in these disputes and the total time lost in man-days:

Year		Number of disputes	Number of work people involved	Number of man days lost
1964	..	2,151	10,02,955	77,24,694
1965	..	1,835	9,91,158	64,69,992
1966	..	2,556	14,10,056	1,38,46,329

Number of disputes resulting in work-stoppage, workers involved and man-days lost respectively for the year 1966 (Statewise): Andhra Pradesh (127; 55,327; 5,62,258); Assam (55; 30,826; 71,647); Bihar (90; 41,724; 2,57,679); Gujarat (80; 16,751; 1,38,849); Haryana (6; 600; 11,194); Jammu & Kashmir (2; 3,595; N.A.); Kerala (307; 1,18,958; 22,96,321); Madhya Pradesh (132; 38,869; 1,71,530); Madras† (181; 96,175; 6,78,043); Maharashtra (810; 5,41,051; 36,93,294); Mysore (107; 82,880; 5,23,366); Orissa (13; 15,239; 17,704); Punjab* (50; 22,955; 3,15,374); Rajasthan (39; 11,710; 49,953); Uttar Pradesh (169; 1,17,992; 9,94,937); West Bengal (284; 1,87,018; 38,12,861); Andaman & Nicobar Islands (7; 1,779; 1,913); Delhi (77; 21,514; 2,18,873); Goa (6; 1,820; 2,234); Himachal Pradesh (—; —; —); Manipur (—; —; —); Pondicherry (4; 1,640; 10,900); Tripura (10; 1,633; 17,399); Total: (2,556; 14,10,056; 1,38,46,329).

* Relates to composite Punjab upto 31st Oct. 1966 and to re-organised Punjab from 1st Nov. 1966. to only 274 plantations; the full employment in 650 plantations is about 77,000 workers.

WORKING JOURNALISTS' ACT

(See under article on the Press)

CERTAIN STATISTICS ON THE WORKING OF THE EMPLOYEES' PROVIDENT FUNDS ACT

No. of industries covered: 119 (upto 31-8-1968).

No. of covered establishments (both exempted and un-exempted): 42,594 (as on 31-8-1968).

No. of subscribers: 53 lakhs (as on 31-8-1968).

Amount of Provident Fund contributions as on 31-8-1968:

(i) Provident Fund Contributions collected: Rs. 1,208.64 crores.

(ii) Amount paid as loans, advances, in final settlement of claims, etc.: Rs. 407.57 crores.

(iii) Amount invested in Government Securities: Rs. 805.66 crores.

Total contribution during 1967-68: Rs. 174.99 crores against Rs. 148.35 crores in 1966-67.

No. of unexempted establishments covered under the Act up to the end of Aug. 1968: 40,595; No. of subscribers in such establishments: Over 33,76,920; total accumulations of provident fund in such establishments: Rs. 552.91 crores; Amount of provident fund invested in such establishments: Rs. 410.13 crores.

Rate of interest at present on members' contributions: 5½ per cent (for 1968-69).

The provident fund contributions are invested in Central and State Govt. Securities and other Govt. guaranteed securities. The interest received on investments till 31-8-1968 amounted to Rs. 71.82 crores.

The number of establishments covered on a voluntary basis rose from 1032 to 1265 upto 31-3-1968.

PLANTATION STATISTICS

The total No. of estates/plantations covered by the Act and average daily labour employed in various States/Union Territories during 1966.

Assam (673; 4,67,763); Bihar (13; 418); Kerala (402; 1,10,347); Mysore (650; 23,234†); Tamil Nadu (293; 73,180); Uttar Pradesh (12; 1,071); West Bengal (273; 1,65,292); Himachal Pradesh (17; 1,171); Tripura (45; 4,387).

STATISTICS UNDER SHOPS AND COMMERCIAL ESTABLISHMENTS ACT

The number of shops and commercial establishments and the number of persons employed by States for 1965 respectively are given below.

Andhra Pradesh (1,40,446; 1,26,925); Assam (11,692; 15,895); Bihar (37,835; 30,147); Gujarat (1,60,228; 1,66,024); Jammu & Kashmir (6,599; 6,295); Kerala (42,992; 79,824); Madhya Pradesh (87,917; 60,869); Maharashtra (2,95,039; 5,81,323); Mysore (99,908; 1,34,548); Orissa (6,165; 26,278); Punjab (1,96,982; 1,18,499); Rajasthan (1,59,363; 86,024); Tamil Nadu (1,88,623; 2,13,078); Uttar Pradesh (2,04,672; 2,24,511); West Bengal (2,95,816; 5,46,874); Andaman & Nicobar Islands (379; 602); Delhi (99,918; 1,81,186); Himachal Pradesh (2,425; 1,545); Manipur (2,121; 3,158); Pondicherry (2,369; 7,461); Tripura (1,448; 2,234); Total (20,42,937; 26,13,300).

WAGES

Central Wage Boards were set up for eight industries — cotton, cement, jute, coffee plantations, tea plantations, rubber plantations, sugar, iron-ore, limestone and dolomite mining industries. All the eight Boards have made their reports. (See under individual industry.)

The Central Wage Board for Heavy Chemicals and Fertilizers Industry set up by the Government in April 1965 has made recommendations for the grant of interim relief to the workers in the units covered by it. The recommendations which are effective from 1st November 1966 have been accepted by the Government.

The second Central Wage Board for the cotton textile industry in India has submitted its report to the Government of India.

The function of a Wage Board is to fix a wage structure on the principle of fair wages.

A steering group consisting of representatives of Government, employers and workers is engaged in drawing up a wage map of India both industry-wise and region-wise to serve as a guide for authorities who have to fix wages.

Average per capita annual earnings in Rs. in States of factory employees drawing less than Rs. 400 per month for the years 1964 and 1965 respectively are as follows: Andhra Pradesh (1,168; 1,261); Assam (1,631; 1,861); Bihar (1,749; 1,967); Gujarat (1,888; 2,136); Jammu & Kashmir (782; 751); Kerala (1,256; 1,402); Madras* (1,508; 1,897); Madhya Pradesh (2,013; 1,828); Maharashtra (2,031; 2,242); Mysore (1,696; 1,944); Orissa (1,786; 1,881); Punjab (1,418; 1,560); Rajasthan (1,412; 1,581); Uttar Pradesh (1,552; 1,700); West Bengal (1,696; 1,867); Andaman & Nicobar Islands (1,325; 1,439); Delhi (1,961; 2,193); Himachal Pradesh (1,433; 1,109); Tripura (1,622; 1,336); All-India Average (1,745; 1,948). * Now called Tamil Nadu.

DEARNESS ALLOWANCE

The scale of the allowance varies not only from centre to centre and industry to industry, but also, except where these matters are adjudicated upon, from unit to unit in the same industry at the same centre.

Several Adjudicators have granted dearness allowance either at the Bombay Millowners' Association scale which was Rs. 180.00 in December 1968 or at a percentage, varying from 66½ per cent to 85 per cent, of that scale. The rate of dearness allowance payable to Bombay City cotton mill workers itself was increased by a decision of the Labour Appellate Tribunal by 5 per cent when the Bombay Cost of Living Index Number is between 326 and 335; by 7½ per cent when it is between 336 and 350; and by 10 per cent when it is above 350. The enhanced rate was given retrospective effect from May 1953; the average dearness allowance for a month of 26 working days comes to Rs. 167.56 for 1967.

COST OF LIVING

On the basis of the results of the fresh family living surveys conducted during 1958-59, new series of consumer price index numbers for industrial workers are now being compiled for 46 out of 50 centres selected for the purpose by the Labour Bureau. It was decided by the Technical Advisory Committee to adopt the Calendar year 1960 as the base period for all these new series of index numbers.

Labour Bureau, Simla has published new series of Consumer Price Index for industrial workers in all the centres except Tamil Nadu: Factory Centre—Madras, Madurai and Coimbatore and Plantation Centre—Coonoor.

Since August 1968, the Labour Bureau started publishing the All India Average Consumer Price Index Numbers for Industrial Workers with the base 1960 = 100, simultaneously discontinuing the Interim Series with the base 1949 = 100.

The following tables show the Consumer Price Index Numbers for Working Class for some of the important centres worked out (with base 1960 = 100) from the year 1966, although actual introduction of the new series for various centres took place at later periods.

EMPLOYMENT AND TRAINING

National Employment Service

The National Employment Service, which was initially set up with the limited objective of registration and placement of employment seekers now provides necessary base for manpower, planning, and development of human resources.

Employment Exchanges†

The number of Employment Exchanges functioning at the end of August, 1968 was 404 which includes 13 Professional and Executive Employment Offices and 9 Special Employment Exchanges for Physically Handicapped. In addition 40 University Employment Information and Guidance Bureaux were also functioning.

At the end of August, 1968, there were 30,64,342 applicants on the live register of employment exchanges. During the one year period from September, 1967 to August, 1968, 7.05 lakh vacancies were notified to the employment exchanges and 4.14 lakh placements were effected

as against 7.56 lakhs and 4.66 lakhs respectively during September, 1966 to August, 1967.

At the end of August, 1968, 3,73,985 women employment seekers were on the live register of employment exchanges. During the year September, 1967 to August, 1968, 47,447 women applicants were placed in jobs.

Vocational Guidance & Employment Counselling

Employment Exchanges and University Employment Information and Guidance Bureaux are the main agencies of the National Emp. Service through which vocational guidance and employment counselling service are rendered. At present there are 177 employment exchanges and 41 University Employment Information and Guidance Bureaux where special vocational guidance and employment counselling facilities are made available to employment seekers, students and alumni.

Occupational Research & Analysis Programme

The Occupational Research and Information Programme of the National Emp. Service consists of various tasks of

† The number of unemployed people registered with various employment exchanges during 1968 was 4,039,516.

identifying, cataloguing and coding of occupations. In addition, different types of occupational information literature is published such as, Hand books on Training facilities, Guides to career on individual and group of occupations etc. This literature is useful for students, employment seekers, parents, career masters etc.

Employment of Handicapped

Special Employment Offices for the Physically handicapped are at present functioning at Bombay, Delhi, Madras, Hyderabad, Calcutta, Kanpur, Bangalore, Ahmedabad and Jullunder.

TRAINING OF CRAFTSMEN

At the end of the Third Five Year Plan the number of Institutes/Centres functioning under the Craftsmen Training Scheme was 357 and the total training places were 1,13,622. During the year 1966-67, 31,322 additional seats were sanctioned and during 1967-68 the number of additional seats sanctioned was 7,338. Thus during the Annual Plans 1966-69 the total number of additional seats sanctioned was 38,660. At present the total number of training places available is 1,40,584 in 356 Institutes.

Training of Craft Instructors

The scheme for the training of Craft Instructors has been designed to improve the efficiency of the Instructors both in the public and private institutions with a view to meeting the increasing demands of the country. The Government of India in the Ministry of Labour and Employment have set up 7 Central Training Institutes for Instructors, one of which meant exclusively for women is functioning in New Delhi while the other 6 are located at Calcutta, Bombay, Kanpur, Madras, Hyderabad and Ludhiana. The total training places at these Institutes is 2,628. Training is imparted in 18 engineering and 4 non-engineering trades and the duration of training is one year. These Institutes provide instruction in the theoretical aspects of the various trades and also impart practical instruction in the latest techniques of workshop practice.

Apprenticeship Act, 1961

Statistics: 195 industries and 50 trades have been covered under this Act upto the end of the year 1968. More industries and trades will be brought under the purview of this Act, as and when necessary.

About 32,000 registered apprentices were undergoing apprenticeship training in various establishments, both in the public and private sectors, in September, 1968. This number will be increased to one lakh by the end of the 4th Plan period to meet the need of skilled workers for all types of industries and trades specific to each type of industry.

The Government of India have entered into an agreement with the UNDP (Special Fund) Project, in accordance with which, for 5 years from now, assistance will be rendered by the Special Fund in the implementation

of the Apprentices Act, 1961, by way of preparation of teaching aids/materials, technical units/equipment, and fellowships for national counterparts of ILO Experts.

The Special Fund allocation is U.S. \$ 1,102,100 and the Govts' counterpart contribution in kind, is estimated at U.S. \$6,063,270. The executing agency for the Project is the ILO.

Four Regional Directorates of Apprenticeship have been set up earlier in 1968, at Kanpur, Calcutta, Bombay and Madras, for the implementation in the Central sphere, of the Act. Each State Govt. has its own organisation and State Apprenticeship Adviser for implementation of the Act in the State Sector.

Training-Cum-Orientation Course

Under the scheme, special instructions in business management are given to the selected trainees during the second half of the institutional training under the Craftsmen Training Scheme. Till now these revised courses had been sanctioned in Assam, Gujarat, Kerala, Madhya Pradesh, Tamil Nadu, Maharashtra, Mysore, Punjab, Haryana and Uttar Pradesh.

New Institutes:—(1) Advanced Training Institute, Madras: Set up with assistance from the United Nations Development Programme (Special Fund).

(2) Staff Training and Research Institute, Calcutta: Set up with collaboration of the Federal Republic of Germany.

(3) Foremen Training Institute, Bangalore: Set up with collaboration of the Federal Republic of Germany.

EMPLOYMENT IN FOREIGN COMPANIES

The position in regard to employment of Indians and non-Indians on salaries of Rs. 1,000 and above in foreign-owned/controlled concerns on the 1st of January each year was as follows:—

Year	Indians	Foreigners*	Total
1964	13,824	3,135	16,959
1965	16,302	3,014	19,316
1966	18,213	2,659	20,872
1967	21,067	2,218	23,285
1968	24,157	1,876	26,033

Between Jan. 1, 1966 and Jan. 1, 1967, the number of Indians drawing total monthly salaries from Rs. 1,000 to Rs. 2,000 increased from 13,015 to 14,916 while the number of non-Indians decreased from 304 to 138.

Salary-group Rs. 2,001 to Rs. 3,000; The number of Indians increased from 3,363 on Jan. 1, 1966 to 3,907 on Jan. 1, 1967 and that of non-Indians fell from 426 to 299.

Salary-group Rs. 3,001 to Rs. 5,000: The number of Indians increased from 1,873 on Jan. 1, 1967 to 2,161 on Jan. 1, 1968 and that of non-Indians declined from 709 to 528.

EMPLOYEES' STATE INSURANCE CORPORATION

Headquarters Office :—ESIC Building, Kotla Road, New Delhi.

Regional Offices : See under ' Govt. of India Personnel '.

The Corporation applies to all non-seasonal factories using power wherein 20 or more persons work. All employees employed on a remuneration not exceeding Rs. 500 per month, are covered by this Act.

The scheme at present provides for medical care for the insured persons and in some areas for their families also and sickness, maternity, disablement and dependents' benefit in cash.

A new provision has been made for payment of funeral benefit not exceeding one hundred rupees towards the expenditure on the funeral of the deceased insured person.

The scheme covered an additional number of about 1,78,700 employees and about 2,10,550 family (insured person) units during 1967-68. A sum of Rs. 12,36,41,883 was disbursed by way of cash benefit during 1967-68.

The Employees' State Insurance Scheme covers about 36,84,500 insured persons working in 300 centres (as on March 31, 1968).

The total number of beneficiaries entitled to medical benefit is estimated about 1,37,62,550 including the members of families of workers (as on March 31, 1968). Upto October, 1968, 3.69 million insured persons were covered under the scheme. The total number of beneficiaries including insured persons was over 13.9 million.

The scheme is in force in all the States except Jammu & Kashmir.

Hospitals/Annexes/Dispensaries :—The Corporation has so far constructed and put into use 24 full-fledged Employees' State Insurance Hospitals with 4,435 beds, 18 Employees' State Insurance Annexes with 438 beds and 115 State Insurance Dispensaries.

So far the Corporation has sanctioned Rs. 36.45 crores for capital project all over the country.

Employers' Special Contribution to the Corporation : Rs. 13,64,06,909; Employees' Contribution Rs. 12,44,28,148.

Budget Estimates for 1967-68 : Receipts : Rs. 26,65,86,500; Payments : Rs. 26,63,32,500; Surplus : Rs. 2,54,000.

Amounts (Rs.) distributed under some heads for 1967-68 are as follows :—

State	Sickness Benefits (including Extended Sickness Benefits)	Maternity Benefits	Disablement		Dependent Benefits (Capitalised value)

ACCIDENTS

The Indian Factories Act requires the manager to report all accidents which cause death or bodily injury whereby the person injured is prevented from returning to his work in the factory during the 48 hours next after the occurrence of the accident.

It is the duty of the Inspector of Factories to make an investigation as soon as possible into the causes of and the responsibility for a fatal or serious accident, and to take steps for the prosecution of the person concerned if it is

Figures for the years 1965 and 1966 are given in the table below.

Year	FACTORIES			MINES		
	Fatal	Non-Fatal	Total	Fatal	Non-Fatal	Total
1965.. .. .	587	2,02,236	2,02,823	547*	3,298	3,845
1966.. .. .	461	1,87,716	1,88,177	315	3,210	3,525

WORKERS' EDUCATION SCHEME

A semi-autonomous body called the Central Board for Workers' Education consisting of the representatives of Government, employers, workers and educational institutions has been set up for carrying on workers' education. The Board is invested with full authority for the framing and execution of the programmes in cooperation with trade unions, educational institutions, etc. The Board gives grants-in-aid to unions and other institutions for undertaking programmes of workers' education.

The Board has so far opened 30 Regional and 49 Sub-Regional Workers' Education Centres in different parts of the country. Of the 49 Sub-Regional Centres, six have since been converted into full-fledged Centres.

The object of the Scheme is to create over a period of time, despite lack of general education, a well-informed, constructive and responsible minded industrial labour force capable of organizing and running trade unions on sound lines without leaning heavily on outsiders and without lending themselves to exploitation by extraneous interests.

During August 1968, 68 unit level classes were started under different regional centres all over India, in addition to 2,857 classes which were in existence by the end of previous month. By the end of August 1968, 6,54,549 workers were trained at the unit level and 39,724 were under training. The over-all number of workers trained under the Scheme by the end of August, 1968, was 7,50,053 including worker-teachers and 8,260 workers trained by grantees.

COAL MINES LABOUR WELFARE FUND

Object : To finance the measures for promoting the welfare of labour employed in the coal mining industry. The Fund is administered by the Central Govt. on the advice of an Advisory Committee consisting of Government Officers and equal number of members representing colliery owners and workers employed in the Coal Mining Industry with at least one woman.

The main source of income to the Fund is a cess levied on all coal and coke despatched from collieries by rail and road. The cess is being levied at the rate of 49.21 paise per metric tonne. The income of the Fund which was Rs. 354 lakhs during 1965-66 was expected to be Rs. 400 lakhs during 1966-67.

* Includes 268 killed in Dhorl disaster.

found that the death or serious injury resulted from any infringement of the provisions of the Act or of the rules framed under the Act.

The Department of Mines has been strengthened to facilitate more frequent inspection of mines. As an emergency measure, the Coal Mines (Temporary) Regulations, 1955 have been promulgated for the prevention of apprehended danger and for the speedy remedy of the conditions likely to cause danger. The entire codes of coal and non-coal mines regulations are being revised to provide for more comprehensive measures for safety in mines.

MICA MINES LABOUR WELFARE FUND

The Mica Mines Labour Welfare Fund Act, 1946, which was designed to constitute a similar fund for the benefit of mica mine workers, provides for the levy of an *ad valorem* duty not exceeding 6½ per cent on all mica exported from India. The present rate is however 2½ per cent *ad valorem*. The collections are allocated for expenditure of welfare measures among the various mica mining areas (*viz.* Bihar, Andhra Pradesh and Rajasthan) in proportion to their average production. The present rate of allocation for Bihar is 47.3 per cent. The annual recurring expenditure on welfare measures already introduced in Bihar is to the tune of Rs. 28 lakhs and the annual income of the Fund is about Rs. 30 lakhs. The accumulated balance to the credit of Bihar is about Rs. 175 lakhs.

MINIMUM WAGES

Minimum wages for agricultural workers have been fixed in most of States and by the Central Govt. in certain agricultural farms/research institutes, military farms and depots and archaeological gardens at Delhi, Agra, Lucknow, Deeg and Khajuraho.

Consumer Price Index numbers for agricultural Labour on base 1960-61 (July-June) = 100 from Sept. 1964 onwards are being published by the Labour Bureau, Govt. of India for 15 States, or group of States together with all India figures, regularly every month in the *Indian Labour Journal*.

National Commission on Labour

The Government of India appointed in December 1966 the National Commission on Labour under the chairmanship of Shri P. B. Gajendragadkar, former Chief Justice of India, to review, among other matters, the existing legislative and other provisions intended to protect the interests of labour, to assess their working and to advise, *inter-alia*, how far these provisions serve to implement, in the field of labour, the Directive Principles of State Policy embodied in the Constitution. The Commission's report was expected by May 1969.

Code of Discipline

The Code of Discipline lays down certain do's and don'ts both for managements and unions with a view to ensuring better discipline in industry. The Code applies to both the public and the private sectors.

More details are given in the 1968 Directory.

During 1968, the Central Implementation and Evaluation Division received 691 complaints of alleged breaches of the Code of Discipline and of the Industrial Truce Resolution in the Central sphere. Of these, 254 did not require any specific action as they had already been reported to other organisations and were referred to the Division only for information or pertained to cases which were subjudice or did not involve any union. Of the remaining 437 cases, 69 were not substantiated on enquiry; in 45 the parties were brought together and mutual settlements reached; in 92 the infringements were either got rectified or the parties were advised to avoid them in future; the remaining 231 cases have been taken up with the parties concerned for rectification or were under investigation.

Voluntary Arbitration

Settlements of disputes by voluntary arbitration is advocated both by the Code of Discipline and the Industrial Truce Resolution. During 1968 employers and workers agreed to settle their disputes through voluntary arbitration in 113 out of 1,137 cases in the Central sphere in which conciliation had failed. In order to ensure that employers and workers take greater recourse to this voluntary approach, a National Arbitration Promotion Board was set up in July 1967 under the chairmanship of the Additional Secretary in the Department of Labour and Employment. The Board has, besides the Chairman, representatives of Govt., the central organisations of employers and workers and the public sector undertakings.

Evaluation Studies

Besides looking after the implementation of the Code of Discipline and the Industrial Truce Resolution, the Central Implementation and Evaluation Division in the Union Ministry of Labour, Employment and Rehabilitation has been regularly conducting evaluation studies into the industrial relations and implementation of labour laws, etc., in both public and private sector undertakings.

The following undertakings were covered during 1968 :—

- (i) Hindustan Antibiotics Limited, Pimpri, Poona;
- (ii) Delhi Transport Undertaking, Delhi;
- (iii) Indian Oil Corporation Limited, Gujarat Refinery;
- (iv) Hindustan Machine Tools, Hyderabad;
- (v) Shipping Corporation of India;
- (vi) Steel Plant Private Limited, Bombay;
- (vii) Indian Rayons Corporation Limited, Veraval;
- (viii) Hindustan Motors Limited, Hyderabad;
- (ix) New Jamehary Khas Colliery, Asansol.

JOINT MANAGEMENT COUNCILS

As of June 1, 1968, Joint Management Councils were functioning in 132 establishments 48 in the Public Sector and 87 in the Private Sector. These include manufacturing, mining, plantations and banking industries.

The role of Joint Management Councils in labour policy is under Study by the National Commission on Labour.

TRIPARTITE LABOUR MACHINERY

The Tripartite Labour Machinery at the Centre consists of (a) Indian Labour Conference, (b) Standing Labour Committee and (c) Industrial and other Committees. There is also the Labour Ministers' Conference, which though not tripartite in character, is closely associated with the tripartite labour machinery.

The Indian Labour Conference and the Standing Labour Committee advise the Government of India on all labour matters referred to it.

The Standing Labour Committee functions as an independent body.

The Industrial Committees have been set up to consider the problems peculiar to individual industries and make suitable recommendations. The Tripartite Committee on Conventions considers questions relating to the implementation of I.L.O. Conventions and Recommendations.

LABOUR ADMINISTRATION

Apart from the main Secretariat of the Ministry of Labour it has several attached and subordinate offices. The activities of some of these have been described in the relevant sections, such as Miners' Welfare Fund, and notes on some others are briefly given below.

Chief Labour Commissioner

In the Ministry of Labour, Employment and Rehabilitation.—The Chief Labour Commissioner is responsible for prevention and settlement of industrial disputes, enforcement of labour laws, promotion of labour welfare and maintenance of healthy relations in the undertakings falling in the Central sphere and verification of membership of trade unions. The Indian Institute of Labour Studies has also been set up under him for imparting specialised training to the officers of the industrial relations machinery at the Centre and in the States. There are four Deputy Chief Labour Commissioners and twelve Regional Labour Commissioners working under him.

DIRECTORATE GENERAL OF FACTORY ADVICE SERVICE AND LABOUR INSTITUTES

The Directorate advises the Government, industry and other interests concerned on matters relating to safety, health and welfare of workers.

The Central Labour Institute, Bombay and the three Regional Labour Institutes in Calcutta, Madras and Kanpur have been set up to function as socio-economic laboratories and carry out education, training and research on all aspects of Industrial development as relating to the human factor.

The Regional Labour Institutes conduct programmes with the assistance of the specialist staff attached to these branches and also carry out follow-up work on the problems tackled.

EMPLOYMENT FOR HANDICAPPED

Special Employment offices for the physically handicapped are at present functioning at Bombay, Delhi, Madras, Hyderabad, Calcutta, Kanpur, Bangalore, Ahmedabad and Jullundur.

VOCATIONAL REHABILITATION CENTRES FOR PHYSICALLY HANDICAPPED

Two Vocational Rehabilitation Centres for the Physically Handicapped one each at Bombay and Hyderabad have been set up with the assistance of Vocational Rehabilitation Administration of U.S.A., for the vocational evaluation and adjustment of Physically Handicapped persons.

INDIA AND THE I.L.O.

India joined this organisation at the very start and since 1922 has been one of the ten countries of chief industrial importance and as such has been allotted a permanent seat on the Governing Body of the Organization. India also contributes liberally towards the finances of the Organisation. For 1968 India's contribution amounts to U.S. \$7,12,795 which is 2.87 per cent of the total contribution of all member States, as against U.S. \$6,53,047 for 1968 which is 25 per cent of the total contribution of all member States. India's share in the appointments of the office is, however, somewhat inadequate.

India has been the venue of two Asian Regional Conferences, the first in 1947 and the fourth in 1957.

India has been receiving technical assistance from the I.L.O. in the spheres of manpower, vocational training, Rural Employment Promotion, Productivity, and so on and experts from India have been recruited by the I.L.O. for assignments in other underdeveloped countries in such subjects as Cooperation, Cottage Industries and Employment Information.

Out of 128 Conventions adopted by the International Labour Conference, India has so far ratified 30 Conventions. She has in addition incorporated into her national

legislation the essential features of many other Conventions.

BONUS

The Rajya Sabha passed on February 26, 1969 the Payment of Bonus (Amendment) Bill, 1969, which seeks to replace an ordinance issued on January 10, 1969 in regard to the parent Act of 1965. The Bill has been passed to carry out the Governments' intention that the available surplus under section V of the Act should be so computed that the amount of tax rebate accruing to the employers on account of bonus paid or payable under the Act, becomes a part of the available surplus of the succeeding year instead of the same going entirely to the employer.

PROHIBITION

THE AICC under the chairmanship of Dr. Sushila Nayyar adopted the following resolution on prohibition on Nov. 5, 1968 :

(A) All Governments, and particularly Congress Governments, should continue to endeavour to bring about prohibition of the consumption of intoxicating drinks and the Working Committee should, in consultation with Congress Chief Ministers, draw up a programme so that the policy be implemented in a period of seven years beginning from October 2, 1969. (B) No Congressman shall speak against the policy of prohibition and (C) All Congressmen shall actively help in the effective implementation of the policy and programme of prohibition."

PROHIBITION IN STATES

Some facts and figures about prohibition in some of the States for which details are available are given below. Figures within brackets indicate the date of introduction of prohibition.

Andhra : Prohibition has been introduced in the Andhra region comprising eleven districts namely Chittoor (1938), Cuddapah (1938), Kurnool (1946), Guntur (1947), Nellore (1947), Srikakulam (1948), Visakhapatnam (1948), East Godavari (1948), West Godavari (1948), Krishna (1948) and Banganapalli of Kurnool District (1948).

Prohibition is not being enforced in the Telangana area of the State.

Assam : The entire Kamrup District was declared dry from January 26, 1956.

The entire Nowgong District was declared dry from April 1, 1960 and the entire Goalpara District from April 1, 1962.

Four more districts in the Plains region and all the four autonomous hill districts are yet to be covered by prohibition.

The budget allotment for enforcing prohibition was Rs. 3,01,930 for the year 1966-67 and Rs. 2,97,870 for the year 1967-68.

Total prohibition of opium, *ganja* and *bang* is in force throughout the State now.

Delhi : Is wedded to the policy of introducing prohibition gradually. The following steps have been taken towards prohibition from time to time.

(1) There are now only three country liquor shops as against seven before; (2) Alcoholic strength of country liquor is being maintained at 50 degrees under proof;

(3) Increase in the number of dry days to 137, which is the highest number as compared to other States. The licensed vends remain closed on these days and sale of intoxicants is prohibited; (4) Increase in the rates of duty, licence fee and assessment fee; (5) Prohibition of import of country liquor in any quantity within the radius of five miles inside Delhi; (6) Prohibition of import (without permit) of I.M.F.L. in a quantity exceeding one bottle, in Delhi; (7) Enhancement of the punishment under the penal provisions of the Excise Act and also prescribing a minimum sentence of imprisonment for offence of illicit distillation; (8) Regulating the import/export/transport/possession and sale of spirituous preparations under a licence/permit and pass; (9) A special 'Police Squad' has been provided to the department for prevention of excise crime and enforcement of prohibition measures.

The budget allotment for enforcing these measures and other expenses for the year 1968-69 was Rs. 3,23,000.

Gujarat : There is total prohibition throughout the State. Neera and palmgur centres with their allied industries have been started in several parts of the State so as to popularise neera as a nutritious drink and utilize the trees and the former tappers for productive and constructive purposes.

Tourist permits for consumption of foreign liquor are issued on presentation of tourist card. Liquor shops operate for such permit holders in selected cities like Ahmedabad, Surat, Rajkot and Baroda.

Kerala : There is no prohibition in Kerala.

Madhya Pradesh : With effect from July, 1967, prohibition has been scrapped from all the districts of Madhya Pradesh except the district of Vidisha.

Tamil Nadu : was the first State to introduce prohibition in the whole country.

Prohibition is in force throughout the State.

Maharashtra : Prohibition is in force in the whole state with some modifications.

The enforcement of prohibition is entrusted to the Police Force. There is no separate budget allotment for the enforcement of prohibition.

Procedure for the grant of liquor permit has been liberalised. Any person above 30 years of age is eligible to get a permit on obtaining a certificate to this effect from the applicant's medical adviser. The maximum quota of liquor admissible against a permit is four units for those above 40 years of age and three units for those between 30-40 years.

The sale of liquor in Greater Bombay has increased from 9,10,240½ units in 1964-65 to 11,22,989 units in 1966-67. To eliminate the widespread evil of illicit distillation and bootlegging, free sale of toddy and beer with an alcoholic content of 5 per cent has been introduced to those who are above 21 years of age.

Mysore : Prohibition was lifted in most parts of Mysore in 1967-68. The only dry areas are Jhamkhandi, Ankola, Chamarajnagar and Yelandur.

Excise revenue expected in 1968-69 : Rs. 11 crores.

Orissa : There is no prohibition in the State.

Rajasthan : From 1956, drinks in hotels, restaurants, clubs, cinemas, bars, messes have been stopped. A few specified hotels serving foreign visitors and tourists have been allowed to serve foreign liquor to such persons in special rooms.

Following days are observed as dry days in the year : Republic Day ; Harijan Day ; Independence Day ; Mahavir Jayanti ; Budh Purnima ; Guru Nanak birthday ; Birthday of Prophet Mohammad ; Krishna Janmashtami ; Mahatma Gandhi's birthday. The State Government has also decided to close liquor shops in labour areas on pay days.

The printing and publication of advertisements soliciting the use of intoxicating liquors has been prohibited.

The Abu area is dry.

The State Government declared a twenty-five kilometer belt on Gujarat border as dry area from October 2, 1967. From 1st April, 1968 the border Districts of Durgapur, Banswara and Sirohi and Zadol, Kherwara and Kotra Tehsils of Udaipur district have been declared dry.

The State Government has decided to introduce complete prohibition in the State in 1972.

ROADS

IT is estimated that India in 1914 had 273,000 Km. of roads. Against this, the length in April 1967 was 928,200 Km. made up of 289,500 Km. of metalled roads and 638,700 Km. of unmetalled roads. Included in this, however, are roads constructed in Community Development and N.E.S. Blocks, amounting to about 370,000 Km. which are generally mere tracks and are often not properly maintained.

On the administrative side roads may be divided into two main classes. State Roads under the Public Works Department and Local Roads in charge of local bodies.

1st, 2nd & 3rd FIVE YEAR PLANS

The progress of road development during the past three Plan periods and during 1967 has been as follows. (Figures are in kilometres, the first indicating surfaced, second unsurfaced and third total): First Plan (183,023 ; 315,321 ; 498,344) ; Second Plan (235,790 ; 473,330 ; 709,120) ; Third Plan (280,586 ; 611,136 ; 891,722) ; 1967 (Estimated) (289,000 ; 638,700 ; 928,200).

The financial allocations for road development from the beginning of the First Five Year Plan have totalled a sum of Rs. 1,134.86 crores, distributed as under (in Rs. crores) : First Plan 134.47 ; Second Plan 245.80 ; Third Plan 451.12 ; 1966-67 111.53 ; 1967-68 100.88 ; 1968-69 91.06 ; Total 1,134.86.

For 1968-69 a total outlay of Rs. 90.81 crores has been agreed to as under (Rs. crores) : Central Sector : 34.50 ; States : 45.68 ; Union Territories : 10.63.

NATIONAL HIGHWAYS *

National Highways include the following roads:—
1. The Grand Trunk Road from Calcutta to Amritsar *via* Banaras, Kanpur, Agra and Delhi ; 2. The Agra-Bombay Road ; 3. The Bombay-Bangalore-Madras Road ; 4. The Madras-Calcutta Road ; 5. The Calcutta-Nagpur-Bombay Road ; 6. The Banaras-Nagpur-Hyderabad-Bangalore-Cape Comorin Road ; 7. The Delhi-Ahmedabad-Bombay Road ; 8. The Road from Ahmedabad to Kandla with a branch Road to Porbandar ; 9. The Hindustan-Tibet Road from Ambala to Tibet border *via* Simla ; 10. The Delhi-

Lucknow-Gorakhpur-Muzzafarpur Road with a branch Road to Nepal border ; 11. The Assam Access Road ; 12. The Assam Trunk Road on the South Bank of the Brahmaputra ; 13. The Road branching off from the Assam Trunk Road towards the Burma border through the State of Manipur.

In 1961 three additional roads were classed as National Highways. They are Jabalpur-Bhopal-Biaro Road, Agra-Jaipur-Bikaner Road and Sholapur-Chitradurg Road. Consequently the length of the National Highway system has now increased to 14,880 miles.

In April 1968 there were still 402 Km. of missing links on this road system. Seventeen major bridges are still to be built and 513 Km. of low grade surfaces need to be upgraded.

Some of the important works completed on national highways so far are the Barakar and Poon bridges and the rail-road bridge over the Ganga near Mokameh in Bihar, the Kathjuri and Kuakhai bridges in Orissa, Mahi bridge in Bombay, Pennar and Champavati bridges in Andhra Pradesh, Pugalur and Palar bridges in Tamil Nadu, Beyne and Ghagger bridges in the Punjab,* Gheesh and Leesh bridges in West Bengal, Bygool, Bhakra and Betwa bridges in U.P., the Chambal bridge near Dholpur in Madhya Pradesh and the bridge over the Ganga at Gurhmukteshwar in U.P.

Among the important projects in progress are the construction of the "Pipra-Kasia link road and the bridge over the Gandak at Dumariaghat on National Highway No. 28, the strengthening of the existing crust and the widening of the Govindpur-Chas section of National Highway No. 32 in Bihar, the construction of the Yamuna bridge behind the Humayun's tomb in Delhi, Neendkara bridge on N. H. No. 47 in Kerala, Thana Creek bridge on N. H. No. 8 in Maharashtra, Tungabhadra bridge at Hospet on N. H. No. 13 in the State of Mysore, bridges over the Beas and Sutlej on National Highway No. 1 and the Beas near Mirthal on National Highway No. 1A in Punjab and bridges over the Yamuna at Agra, the Ganga at Allahabad (N.H. No. 2) and the Ghagra at Dobrighat (N. H. No. 29) in Uttar Pradesh.

* A sum of Rs. 2.7 crores was made available by the Ministry of Transport & Shipping for repair and restoration work on the National Highways which had suffered heavy damages, estimated over Rs. 4 crores, during flood, 1968-69. † Composite State.

The west coast road, though under construction mainly at the cost of the Central Government, has not yet been declared a National Highway. Passing through the States of Maharashtra, Mysore, Goa and Kerala this 763 mile road from Panvel in Maharashtra to Chalissery in Kerala is expected to be completed by March 1971 at a cost of Rs. 23.15 crores. The Sections now remaining to be completed are a 9 mile stretch from Karwar to Goa border including a bridge over Kalinadi and other small stretches aggregating 17 miles, besides a few by-passes.

The actual National Highway lengths (in Km.) in the various States in 1966 were as follows :—

Andhra 2,169, Assam 1,400, Bihar 1,792, Gujarat 1,034, Kerala 406, M.P. 2,585, Maharashtra 2,393, Mysore 1,205, Nagaland 102, Orissa 1,371, Punjab 1,342, Rajasthan 1,255, Tamil Nadu 1,656, U.P. 2,461, W. Bengal 1,311, Delhi 79, H.P. 34, Manipur 211 and border areas including Jammu & Kashmir 902. Total length excluding missing links 23,708 Km.

EXPRESS HIGHWAYS

Five express highways designed for fast motor traffic form part of the current road schemes. Two of these are at the northern outskirts of Bombay City known as the Western and Eastern Express Highways. The third one joins Calcutta to the Dum Dum Airport. Work on the remaining two express highways, roughly 100 miles each, and connecting Calcutta to Durgapur in West Bengal and Sukinda mines to Paradip port in Orissa, is in progress.

NEW ROAD PLAN

This plan has been prepared for execution during the 20-year period from 1961 to 1981.

The broad outline of the plan is to raise the mileage of roads from 4.10 lakhs in 1961 to 6.57 lakhs by 1981 with provision for two lane carriage-ways on National Highways. The Plan aims at increasing the intensity of roads from 0.32 to 0.52 per square mile of territory. When the plan is completed the average distance from a village in an agricultural area to a metalled road will be reduced from five to three miles and the distance to an unmetalled road will be reduced from two to 1½ miles.

There is also a provision to have 1,000 miles of Expressways with limited access and also grade separation at most of the crossings.

The cost of this scheme is estimated at Rs. 5,200 crores which, it is recommended, should be split up between four 5-year periods as under :—

1961-62 to 1965-66 : Rs. 590 crores ; 1966-67 to 1970-71 : Rs. 1,075 crores ; 1971-72 to 1975-76 : Rs. 1,545 crores ; 1976-77 to 1980-81 : Rs. 2,000 crores.

Statement showing how the allotments in the scheme are made—for Highways, District Roads and Village Roads. The first figure indicates the targets proposed in the Plan in miles and the second the cost in Rs. crores (improvement and new construction) : National Highways 32,000 ; 980 ; State Highways 70,000 ; 1,580 ; Major District Roads 1,50,000 ; 1,360 ; Other District Roads 1,80,000 ; 650 ; Village Roads (Classified) 2,25,000 ; 630 ; Total 6,57,000 ; 5,200.

INTERNATIONAL HIGHWAYS

A major development which took shape during the Third Plan period is the linking up of our national highways with the international highways as proposed by the ECAC.

These highways are divided into two categories, the first consisting of main arterial routes joining the capitals of the countries and the second consisting of other routes joining main cities, ports etc. with the arterial network. Constituting a part of the main international system by linking India with Lahore in Pakistan and Mandalay in Burma the main arterial highway through India is the Amritsar-Delhi-Agra-Calcutta-Golaghat-Imphal road. Next in importance are two routes, Agra via Gwalior, Hyderabad and Bangalore to Danushkodi and Barhi to Kathmandu. Highways of the second category in India will include roads such as Agra-Bombay, Delhi-Multan, Bangalore-Madras, Golaghat-Ledo etc.

BORDER ROADS

A "Border Roads Development Board" was formed in March 1960 to accelerate the economic development of the North and North Eastern border areas. Its programme includes improvement of certain existing roads and tracks and construction of new ones. While all road agencies like the State P.W.D. and the Central P.W.D. cooperate with the Board, work is being carried out directly by the Board in the most forward areas and especially at high altitudes and in difficult terrain. The Board has taken over overall responsibility for the maintenance and improvement of the Pathankot-Jammu-Srinagar-Uri National Highway.

World's Highest Road : The world's highest road from Manali to Leh has been completed by the Border Roads Organisation 15 months ahead of schedule. The average altitude of the terrain is 14,000 feet. The road negotiates four very high passes varying from 16,000 to 18,000 feet. It has reduced substantially the distance between Chandigarh and Ladakh.

LENGTH* OF ROADS IN INDIA (as on 31-3-1966) (In Kilometres)

State/Union Territory	Surfaced roads	Unsurfaced roads	Total
(1)	(2)	(3)	(4)
Andhra Pradesh	27,892	44,731	72,623
Assam	5,135	34,880	40,015
Bihar	13,237	38,723	51,960
Gujarat	14,099	18,064	32,163
Jammu & Kashmir	2,663	10,214	12,877
Kerala	10,357	37,540	47,897
Madhya Pradesh	25,396	38,267	63,663

Uttar Pradesh ..	23,462	97,959	1,21,421
West Bengal ..	15,306	32,239	47,545
Union Territories**	4,728	21,283	26,011
Total { Kilometres ..	2,80,586	6,11,136	8,91,722
{ Miles	1,74,348	3,79,741	5,54,089

REVENUE FROM MOTOR TRANSPORT

In 1966-67 the expenditure on roads is estimated at Rs. 156.35 crores, made up of Rs. 101 crores on road construction or improvements and Rs. 55.35 crores on road maintenance. The Governments at the Centre and

* Extra—Municipal Roads only.

** Includes 328 kilometers of road length in Sikkim.

in the States realised in the year an amount of Rs. 431.45 crores from motor transport, as under :—

	Revenue, 1966-67 (Rs. in Crores)
Central Revenues.	
Motor Spirit and Diesel Oil Duties	286.34
Tyre Excise and Import Duties	
Vehicle Parts Imports Duties	
State Revenue.	
Vehicle Taxes and Petrol Sales Taxes,	145.11
Passenger and Goods Taxes, etc.	
	431.45

MOTOR VEHICLES

The number of motor vehicles in use in India in March 1967 was 11.23 lakhs. In terms of the population of the country, this represents about 204 vehicles per lakh of inhabitants.

The distribution of vehicles among the various States are shown in a table under "Motor Vehicles in India" in *Automobile Industry*. The growth of motor vehicles in India in the past ten years is about 151 per cent the total number having increased from 4.47 lakhs in March 1957 to 11.23 lakhs in March 1967.

NATIONALISED TRANSPORT

Nationalised bus services covered in 1969 almost the major parts of Gujarat, Maharashtra, Orissa, Delhi, Manipur and Himachal Pradesh.

No nationalisation has taken place in Tripura, Goa and Pondicherry; but in the remaining parts of the country the extent to which services have been nationalised varies from one State to another, some having started only experimental nationalisation as in Rajasthan while in some others such as Punjab and U.P., roughly half of the passenger buses are owned by the nationalised sector. Mysore has 30 per cent of buses under State ownership and Andhra Pradesh 36 per cent. In the rest of the country comprising Assam, West Bengal, Tamil Nadu, M.P. and

Kerala, State-owned buses vary from 15 to 27 per cent. In the country as a whole nationalised buses accounted for 36 per cent of passenger services in 1967.

Freight transport is operated by certain State Transport organisations such as those in Assam, Maharashtra, Uttar Pradesh, Jammu & Kashmir and Himachal Pradesh. While these freight lorries as a rule operate on charter basis or on scheduled parcel services without monopoly, the State Transport in Assam has a monopoly of the truck traffic on 68 miles of roads and the goods traffic in Himachal Pradesh is a virtual State monopoly. The number of goods lorries operated by nationalised concerns is however not more than one per cent of the total goods vehicles in India.

TRANSPORT BODIES

The Roads Wing under the Ministry of Transport gives technical advice and arranges for the allocation of Central Road Fund reserves among the States.

There is an inter-State Transport Commission to develop, co-ordinate and regulate operation of motor vehicles in areas or routes common to two or more States.

There is a *Transport Development Council*, consisting principally of Ministers and officials.

Enquiry Committees

In 1965 the Government of India appointed three enquiry committees. One known as the Study Group on viable units recommended in 1968 that various forms of encouragement should be afforded by Government to induce transport operators to combine into bigger units so as to be able to provide more efficient services and effect economies in costs. The second Road Transport Taxation Enquiry Committee has found that the incidence of present taxation constitutes disincentive to the growth of road transport. In its report submitted at the end of November 1967, it has recommended that the prevailing taxes which are high should be reduced. The third Committee dealing with the financing of the road transport industry, also made several recommendations in 1968 such as the inclusion of road transport industry in the list of priority industries, restoration of the development rebate originally granted to it and the grant of a further rebate of 8 per cent from income tax to ensure that the development of road transport matches the future needs of the economy.

INSTITUTIONS FOR THE BLIND IN INDIA

Andhra Pradesh : Government School for the Blind, Cuddapah; Lutheran School for the Blind, Guntur District; Government School for the Blind, Malakpet, Hyderabad; Disabled Children's School for the Blind, Amravati Road, Guntur; School for the Blind, Kottagudan; National Association for the Blind, Andhra Pradesh Branch; Andhra's Blind Model School, Rest House Road, Bhimavaram, West Guntur District; Indian Conference of Social Work Building, Red Hills, Hyderabad; National Association for the Blind (Andhra Pradesh Branch), Red Hills, Hyderabad.

Akolkar and "Shailidar Phalandaji" (children's literature, general knowledge, hobbies and scientific literature), by Madhusudan Ramchandra Rege (Rs. 500).

UNESCO Prize Competition for Books

The Government of India, in cooperation with UNESCO, held the first biennial Competition for Books for New Reading Public in 1959. Six books (4 in Hindi and 2 in Bengali) won the prize. In the Second Competition held in 1961, 7 books (4 in Hindi and 3 in Tamil) were awarded the prizes. In the third competition seven prizes of the value of Rs. 1,900 approximately (US \$400 each) in three Indian languages, that is, four in Hindi, two in Bengali and one in Urdu, were awarded to the best books. In the fourth competition seventeen books were awarded the prizes.

The fifth competition, held in 1967, carried 17 prizes of Rs. 946 each but actually 16 were awarded.

The sixth competition, designated as "UNESCO Sponsored national Contest for Best Manuscripts for New Reading Public and or Children and Juveniles" carried 16 prizes of Rs. 1,650 each but only nine prizes were actually utilised.

List of Prize Winning Manuscripts under the Sixth UNESCO Prize Competition with title of the book, language and name of the author respectively are: *Hamari Duniya* (Hindi) Yug Datt Sharma; *Himalaya Ki Pukar* (Hindi) Jai Prakash Bharti; *Tila Ughad* (Marathi) Dr. Sitaram Ganesh Desai; *Bahu Betian De Nau* (Punjabi) Dr. Jaswant Gill; *Mere Pind Da Jivan* (Punjabi) Giani Gurdit Singh; *Vazi Kattiya Uthamar* (Tamil) Sh. Kalvi Gopalkrishna; *Mahakavi Gurajada* (Telugu) Devulapalli; *Quadrat Ke Bhed* (Urdu) Md. Ishaq Siddiqi; *Aaj Ki Science* (Urdu) Inderjit Lal.

In all 62 books have been awarded in the six competitions.

SHANKAR'S INTERNATIONAL CHILDREN'S COMPETITION 1967

The highest international awards for the best painting submitted for the Shankar's International Children's Competition 1967 — the President's Gold Medal — has been awarded to Katerina Frosslova (11 years) of Czechoslovakia and that for the best literary entry — the Vice-President's Gold Medal — to Kwonping Ho (15 years) of Singapore.

In all, 412 prizes were awarded of which 375 were for paintings and 37 for literary entries.

The highest number of awards were won by India — 83 and Japan — 45.

SPORTS

The Government of India have made selections for the "Arjuna Awards" to the Sportsmen of the year 1967, on the basis of outstanding contribution made to enhance the glory of the game during the year. These awards were instituted in 1961.

The Sportsmen who were awarded Arjuna Awards for 1967 were: Praveen Kumar, Bhim Singh (Athletics); Suresh Goel (Badminton); Khushi Ram ((Basket ball); Ajit Wadekar (Cricket); Peter Thangaraj (Football); R. K. Pitambar (Golf); Harbinder Singh, Jagjit Singh, Mohinder Lal (Hockey); Premjit Lall (Lawn Tennis); Arun Shaw (Swimming); Farouk R. Khodaiji (Table Tennis); Savarimuthu John Gabriel (Weight Lifting); Mukhtiar Singh (Wrestling).

AWARDS FOR INVENTIONS

The Inventions Promotion Board has on Jan. 25, 1969 declared 12 awards totalling Rs. 15,000. Since its inception in 1960, the Board has recognised 482 inventions. So far (November 1968) the Board has given award totalling Rs. 1,90,950 and financial assistance of Rs. 4,63,000.

The prize winning persons together with their inventions are as follows :

An award of Rs. 5,000 has been made to four engineers of the Beas Project (the Punjab), Jagman Singh (2,000) and S. L. Bhatia, Banta Singh and Narendra Nath (Rs. 1,000 each) for making an improved type of vibratory roller for compacting soils, with indigenous materials and know-how.

Dr. S. K. Barat (West Bengal) has been awarded Rs. 2,000 for developing a simple and economic process for manufacture of dry and ready to wet sausage casings

and allied products from animal intestine which is treated as waste in slaughter-houses. This process has a great export potential.

An award of Rs. 1,000 has been made to S. I. Sanklecha of Ahmednagar for developing a portable machine "fer-flux" PM-1 yoke magnetic detector kit for crack detection. The portability has added to the versatility of this machine in that the different components of heavy machines need not be dismantled and carried to fixed stationary crack detectors, instead these can be tested in position with the new machine.

K. R. Wagh of Bombay has been awarded a prize of Rs. 1,000 for developing an improved grout pump for use on dams. The pump is compressed air-operated and is comparable with imported pumps.

C. Narayan Rao of Masaulipatam has been awarded Rs. 1,000 for making an attachment for centre lathe for producing helical or super gears and pinion. This attachment eliminates the need for a separate gear hobbing machine.

Chandama Prasad Srivastava, Bikash Ranjan Guha and Birendra Bhusan Prasad of Durgapur have shared an award of Rs. 1,000 for formulating of flux composition by selecting proper constituents and establishing optimum conditions for furnace brazing of aluminium and its alloys.

For developing silver oxide zinc cells, Dr. Prem Behari Mathur and Nallagoundar Karuppannan of Karaikudi have been jointly awarded Rs. 1,000. The inventors have developed complete know-how for these cells, which have been found comparable to imported ones.

G. D. Joglekar and Chiranji Lal Verma of Delhi have been awarded jointly Rs. 1,000 for improving the technique and developing the equipment for manufacture of arc lamp carbon rods with the core and shell material. The development makes the manufacture of these rods, economical besides saving considerable foreign exchange.

An award of Rs. 500 has been awarded to S. B. Nayar of Jaipur for making a roller conveying device for use on centre-less grinding machines. With this device the operation becomes automation and there is considerable saving in labour.

G. M. Pathak of Poona has been awarded Rs. 500 for improving the reciprocating type of pump for decating liquids. The improvement relates to the leather valve. Joginder Singh of Allahabad has been awarded Rs. 500 for developing an improved diameter gauge. The new tool is compact and gives quick measurements.

J. R. Nanda of Bangalore has been awarded Rs. 500 for making a portable kit for quick testing of acid content in insulating oil. This portable kit obviates the necessity of taking samples of transformer and switchgear oils to laboratory for testing.

Awards to Inventors in Maharashtra : The award winners were : T. R. Kirad, G. V. Sathe, M. R. Sathe, Mrs. S. N. Damle, Dr. (Mrs.) S. D. Chitaley, D. V. Chitaley, Dr. Gopal Rao Savur, Rajju Devidas, Dr. Sham Lal Kapur, G. A. Deshpande, R. V. Joglekar, Krishna Gopal, J. G. Gajjar, K. S. Khainar, Prabhatcharan Mukherjee and V. P. Gohal.

NEHRU AWARDS

Jawaharlal Nehru Award for International Understanding : This is administered by the Indian Council for Cultural Relations, New Delhi.

The Award is given for outstanding contribution to the promotion of international understanding, goodwill and

† Designers.

‡ Binders.

friendship among peoples of the world and is open to all persons, regardless of nationality, race, creed or sex. There shall be one Award each year and it shall carry an amount of Rs. 1 lakh in cash and a citation. The Award may be divided between two persons who are considered by the Jury to be equally deserving of recognition in a given year.

The second award for 1966 has been conferred posthumously on late Martin Luther King, the Negro Freedom Fighter, which was offered to his wife, Mrs. Cotter King in Jan. 1969.

Nehru Literacy Award : The first Nehru Literacy Award for outstanding contribution in the field of adult literacy was offered to Dr. (Mrs.) W. H. Fisher, founder of the Literacy House in Lucknow.

The award has been instituted by the Indian Adult Education Association, the only all-India voluntary organisation for the promotion of adult education.

Nehru Prize for Russians : The prize was started by the Indian Government in 1967. It is annually awarded to Soviet literary and art workers who contribute to the strengthening of friendship and understanding between the people of the USSR and India.

Prizes for 1968 were awarded to Vatsis Reimeris and Alexander Shifman (writers), Mrs. Natalia Guseva, Dmitri Nalbandyan (artist) and Yevkeni Vuchetich (sculptor).

Soviet Land Nehru Awards (1968) :— Winners: Baby Abha Vinayak Purohit (10), Lady Vissanji Girls' Academy, Bombay; boys (all 12 years), Yogesh Shah of the Vividhlaxi Vidya Mandir, Palanpur; Pankaj Shyam-bhai Kansara of the Shree Vidyanagar High School, Ahmedabad; and Kandarp Krishanlal Shah of the University Experimental School, Baroda.

Other recipients were: Mrs. Jaya Thakore, a Gujarati writer, Miss Quratulain Hyder, a Urdu writer, Dr. Arjan Sikayal, a Sindhi author, Narayan Surve, a Marathi poet, Mrs. Sarla Karkhanis, a Marathi writer, and Chandrabhai Bhatt, a Gujarati author.

MISCELLANEOUS AWARDS

Bhabha Memorial Trust Scholarship for promising students at the under-graduate level was awarded to Miss S. R. Jhaveri, St. Xavier's College, Bombay.

Birbal Sahni Award : Dr. M. S. Swami Nathan was awarded Birbal Sahni Medal for 1965 on Jan. 5, 1966.

Horniman Journalist Award (1966-67) : Winner: P. V. Gadgil, Editor 'Navashakti'.

Gokhale Best Teachers' Award (1966-67) : Winner: Dara R. Contractor, B. N. Gamadia Technical School, Bombay.

Kalinga Prize (1967) : Winner: Prof. Fred Hoyle, Director, Institute of Theoretical Astronomy, Cambridge University, U.K. The Kalinga Prize was established for the population of science and carries a cash award of £1,000 besides a month's stay as a guest of the Kalinga Foundation Trust.

Magsaysay Award : Mr. Satyajit Ray, the Indian movie director was awarded the 1967 Ramon Magsaysay Award of 10,000 U.S. dollars (Rs. 75,000) in cash, a gold medal and a Certificate.

Sandoz Award (1967) : This award for the best original paper published in 1967 on the prevention of mental diseases in India has been won by Dr. Dinshaw R. Doongaji of Bombay.

Shanti Swarup Bhatnagar Memorial Award : winners: Prof. B. Ramachandra Rao for physical sciences and A. S. Rao for engineering; Prof. R. C. Mehrotra, Rajasthan University and Prof. S. Basu, Calcutta University—jointly for chemical sciences; Dr. N. K. Dutta, Haffkine Institute, Bombay and Dr. Ramalinga Swami, All-India Institute of Medical Sciences, New Delhi—jointly for medical sciences.

The award in each discipline carries a cash prize of Rs. 10,000.

NATIONAL AWARDS FOR FILMS

The following are the recipients of National Awards for Films for 1967 with names of films, producers, directors and the nature of awards respectively:

'Hatey Bazarey', a Bengali film has been adjudged as the best national feature film for 1967 by the Central Committee for National Awards for films. The film received the President's gold medal and its producer, Ashim Dutta and director, Tapan Sinha, got a cash prize of Rs. 20,000 and Rs. 5,000 respectively.

A special award for the second best feature film instituted for the first time during 1968, to a Hindi film 'Upkar'. Its producer, R. N. Goswami, received a cash prize of Rs. 5,000 while its director, Manoj Kumar a silver medal.

The national awards for 1968 included a number of new items. Uttam Kumar in 'Antony Firingee' and 'Chiriakhana' and Nargisin 'Raat Aur Din' were declared as the best actor and the best actress of the year respectively, while Mahendra Kapoor in 'Upkar' was adjudged as the best playback singer. Each of them received a plaque.

The awards for excellence in direction were given to Satyajit Ray in film 'Chiriakhana' while K. V. Mahadevan in 'Kandan Karunai' was declared as the best music director for 1968. Each of them received a cash prize of Rs. 5,000.

Regional Awards

Cash prizes of Rs. 5,000 and President's silver medals were awarded respectively to the producers and directors of the best regional films.

B. R. Chopra and P. P. Maheshwary, both producer-director, received awards for "Hamraaz" (Hindi) and "Sutlej de kande" (Punjabi) respectively. The others were P. Bhaskaran, director, and Ravi, producer of the Malayalam film, "Anveshichu Kandethiyilla", Bijoy Basu, director of the Bengali film, "Arogya Niketan", P. K. Sen Gupta and Dhiran Patnaik for the Oriya film "Arundhati", B. A. Arasa Kumar for the Kannada film, "Bangarada hoovu", G. S. Pathak and Anna Saheb for the Marathi film, "Santh Wahate Krishnamai", A. Nageshwar Rao for the Telugu film, "Sudigundal."

Urvashi Award (1968)

The national award for the best film actress, instituted from this year onwards, has been named "Urvashi Award," after the legendary "Abhinetri," Urvashi.

Nargis received the Urvashi Award for 1968 from the President, Dr. Zakir Husain on Nov. 25, 1968.

Another new award instituted for the best actor, has been named "Bharat Award" after the great dramatic sage "Bharat Muni." It was presented to Uttam Kumar.

International Film Festival Award: 'Haatey Bazare', a Bengali feature film and 'Moving Perspectives' a documentary produced by the Films Division, have been awarded a cup of honour (silver trophy) each with a diploma at the First International Film Festival held at Phnom Penh (Cambodia) in November 1968.

Filmfare Awards

See under "Late Particulars."

Sur-Snigar Awards (1968)

The Sur-Singar Awards for classical music in films for 1968 were:

The Dr. Brahaspati award has been given to music directors Shankar and Jaikishen for the song, *Jhanak jhanak tori baje*, in the film, "Mere Huzoor." The playback singer, Manna Dey, has been given the Mian Tansen award for the same song. Poet Hasrat Jaipuri got the Dr. V. D. Arora award for the best lyric.

Music director Ram Kadam got the Dr. Brahaspati award for the song, *Murtimant bhagwant bhetala mala*, in the Marathi film, "Chhand Preeticha," and playback singer Asha Bhosle the Mian Tansen award for singing that song.

Certificates of merit have been awarded to music directors, Ravi (Do Kaliyan) and Satish Bhatia (Boond Jo Bangayi Moti) and playback singers, Asha Bhosle and Suman Kalyanpur.

The titles have also been conferred on 10 musicians and five dancers. The title winning artists are:—Laxman K. Pandit, Shrikant Bakre, Rajkunwar Lokhande, Sulochana Yajurvedi, Raghunath Panigrahi, Amarnath-Pashupatinath—all vocalists: Ashok Roy (Sarod), V. B. Neela Roy (Veena), Sultan Khan (Sarangi) Anantlal (Shahnai) Sanjukta Panigrahi, Menaka Thakker, Padma, Kumkum Das, Sunayana. The first ten artistes were awarded Sur-Mani titles and the other five Singar-Mani titles.

Sultan Padamsee Award (1968): The award for playwriting—the first-ever prize for an English play written by an Indian—was presented to Gurcharan Das for his play 'Larins Sahib'.

JNANPITH AWARD (1967)

The third Bharatiya Jnanpith Award (1967)—the highest literary award in the country—was shared by two poets, Dr. K. V. Puttappa for his *Ramayana Darshanam* (a Kannada epic) and Umashankar Joshi for his collection of Gujarati poems *Nisheeth* respectively.

SCHEDULED CASTES, TRIBES AND BACKWARD CLASSES

THE regional organisation of the Commissioner for Scheduled Castes and Scheduled Tribes, comprising 17 offices of the Deputy Commissioners for Scheduled Castes and Scheduled Tribes located in various States was wound up in June 1967, and the offices were transferred to the Charge of the Directorate General, Backward Classes Welfare, a newly set up organisation in the Union Department of Social Welfare.

The total population of the Scheduled Castes and Scheduled Tribes according to the 1961 census, respectively were 64,417,366 and 29,837,266 as against 55,327,021 and 22,525,477 respectively in 1951 census, while the percentage to the total population being 14.67 and 6.80 respectively in 1961 against 15.32 and 6.23 respectively in 1951.

See article on 'Population' for State-wise figures.

SAFEGUARDS

The Constitution of India has laid down certain safeguards for Scheduled Castes, Scheduled Tribes and Backward Classes, the weaker sections of the people. These include reservation of seats in the legislatures, recruitment of tribal candidates to services and posts in the Union and State Governments, appointment of a Commission to report on the administration of the Scheduled areas and the welfare of the tribes.

A high power official committee set up by the Union Government has suggested that the special safeguards to Scheduled Castes and Scheduled Tribes be terminated by 1975. The committee is also understood to have made several proposals in detail for the revision of the lists of Scheduled Castes and Scheduled Tribes for purposes of entitlement to political, educational and economic benefits provided by the constitution.

WELFARE SCHEMES

Expenditure 1966-67

During 1966-67 a sum of Rs. 13.96 crores was spent by the Union Govt. on Welfare Schemes of the Scheduled Castes and Scheduled Tribes, Rs. 8.76 crores for the Scheduled Tribes and the balance for Scheduled Castes. The expenditure under State Sector was Rs. 8.95 crores for both Scheduled Castes and Tribes together.

State-wise expenditure on welfare schemes for Scheduled Castes and Scheduled Tribes respectively (Rs. lakhs) was as follows:—Andhra Pradesh 44.51, 83.06; Assam 47.83, 264.25; Bihar 52.58, 54.54; Gujarat 40.67, 133.12; Haryana 8.79 (a), (b); Jammu & Kashmir 6.27, (b); Kerala 20.46, 5.62; Madhya Pradesh 41.66, 335.66; Madras* 139.42, 18.27; Maharashtra 126.51, 98.38; Mysore 58.69, 15.75; Nagaland (c); Orissa 16.52, 169.36; Punjab 66.89, 3.30 (a); Rajasthan 20.42, 48.76; Uttar Pradesh 179.50, (b); West Bengal 96.89, 49.18; Andaman & Nicobar Islands (d), 0.74; Chandigarh (c); Dadra & Nagar Haveli (d), N.A.; Delhi 3.03 (a), (b); Goa, Daman & Diu (c); Himachal Pradesh 4.80 (a), 14.00 (a); Laccadive (d), 0.22 (a); Manipur 0.90 (a), 20.77 (a); Pondicherry 2.84 (a), (b); Tripura 0.72 (a), 29.93 (a).

Forty-five per cent of those who benefited as a result of distribution of about one crore acres of land during the last 16 years, belonged to the Scheduled Castes.

Allocation and expenditure on Scheduled Castes and Scheduled Tribes for 1966-67 under Central and State Sectors respectively (Rs. lakhs) were as follows:

Schedule Castes (Central Sector) 241.07; 522.02; State Sector 419.65; 425.22.

Scheduled Tribes (Central Sector): 1,011.97; 874.44; State Sector 506.48; 470.46.

* Now called Tamil Nadu.
(c) No Scheme was made under backward class sector.

(a) Central Sector expenditure is not available.
(d) No allocation has been made for the welfare of Scheduled Castes.

(b) No allocation has been made for Scheduled Tribes.

TRIBAL DEVELOPMENT

As of January 1968, only less than 50 per cent of the tribal population was covered by the 415 tribal development blocks and 43 special multi-purpose tribal blocks.

Each tribal block covers about 513 sq. km. and 25,000 people of whom, at least 66.6 per cent are tribals. It is proposed to cover areas of 50 per cent tribal population.

State-wise allocation and expenditure under State & Central Sectors on welfare programmes of Scheduled Castes during 1966-67

In the States of Haryana, Jammu & Kashmir, Uttar Pradesh, and the Territories of Chandigarh, Delhi, Goa, Daman & Diu and Pondicherry no allocations have been made for the welfare programmes of the Scheduled Tribes.

NON-OFFICIAL ORGANISATION

There are many voluntary agencies in the country working for the amelioration of the conditions of the Scheduled Castes, Scheduled Tribes, assisted by the Government of India directly. Some of them are of an all-India character. During 1966-67 a sum of Rs. 8,37,307 (for Scheduled Castes) and Rs. 7,18,756 (for Scheduled Tribes) was given as grant-in-aid by the Government to several such organisations. Some organisations are working for the improvement of the Backward classes, Nomadic and Semi-nomadic Tribes.

REPRESENTATION IN LEGISLATURES

(Please see under lists of legislatures)

REPRESENTATION IN GOVERNMENT

Services

The quota reserved for Scheduled Castes and Scheduled Tribes in the Government of India services is as follows :—

Direct Recruitment on all-India Basis :

12½ per cent of vacancies filled by open competition and 16½ per cent of the vacancies filled otherwise have been reserved for Scheduled Castes, and five per cent of the vacancies in all cases for the Scheduled Tribes filled through open competition or otherwise.

In cases of promotion, the following orders have been issued :

For Non-Selection Posts :

(a) if promotion is made subject to the passing of a qualifying departmental examination, the standard of qualification for Scheduled Castes and Scheduled Tribes need not be so high as prescribed for other candidates ;

(b) if promotion is made otherwise than by a qualifying examination, Scheduled Caste and Scheduled Tribe Candidates should be adjudged sympathetically without applying too rigid a standard and the candidates belonging to these castes and tribes should not be superseded without their cases being reviewed at high levels.

For Selection Posts :

(a) if promotions are to be made on the basis of a competitive examination, the communal orders will apply and any Scheduled Caste and Scheduled Tribe candidates, who are above the minimum standard for necessary efficiency, may be selected for appointment against their reserved quota ;

(b) if the promotion is made otherwise than through a competitive examination, no relaxed standards of merit are to be applied for Scheduled Caste or Scheduled Tribe candidates.

Employment Exchange Statistics

Scheduled Castes : Total registration 431,704 ; Placement under Central Government 14,900 ; Placement under State Government 23,329 ; Placement under other employers 18,262 ; Total placement 56,491 ; Number on live register at the end of the year 295,814 ; Number of vacancies notified (as reserved) 9,605 ; Number of reserved vacancies filled 4,179.

Scheduled Tribes : Total registration 80,133 ; Placement under Central Government 8,352 ; Placement under State Government 4,979 ; Placement by other employers

2,481 ; Number on live register 55,941 ; Number of vacancies notified (as reserved) 4,688 ; Number of reserved vacancies filled 1,299.

Occupational Categories

The following are the occupational classifications according to the live register of the persons registered with the Employment Exchanges. The figures in brackets shows the educational qualifications, viz. non-matric, matric and graduates* respectively.

Scheduled Castes : Doctors 2(— ; — ; 2) ; Engineers 32(— ; — ; 32) ; Typists 2,418 (65 ; 2,290 ; 62) ; Stenographers 67(— ; 66 ; 1) ; Assistants/Clerks 28,679(1,136 ; 25,828 ; 1,715) ; Teachers 4,329(1,215 ; 2,943 ; 171) ; Craftsmen & Production process workers 12,439(10,077 ; 2,353 ; 9) ; Unskilled Office workers 62,965(61,079 ; 1,811 ; 75) ; Unskilled labourers other than office workers 80,817 (80,379 ; 424 ; 14) ; Others 1,04,067 (78,123 ; 24,545 ; 1,399) ; Total 2,95,814(2,32,074 ; 60,260 ; 3,480).

Scheduled Tribes : Doctors Nil ; Engineers 2(— ; — ; 2) ; Typists 192(3 ; 182 ; 7) ; Stenographers 10(— ; 10 ; —) ; Assistants/Clerks 4,382(125 ; 4,051 ; 206) ; Teachers 879 (244 ; 510 ; 125) ; Craftsmen & Production process workers 1,956(1,633 ; 323 ; —) ; Unskilled office workers 10,820 (10,688 ; 187 ; 5) ; Unskilled labourers other than office workers 23,056(23,003 ; 52 ; 1) ; Others 14,644(11,777 ; 2,723 ; 144) ; Total 55,941 (47,473 ; 7,978 ; 490).

LEGAL AID, EDUCATION

Legal aid is provided by some State Governments from their own funds or from grants made by the Central Government. Allocations for legal aid in the Third Plan under the State Sector for Scheduled Castes and Scheduled Tribes respectively were Rs. 4.00 lakhs and Rs. 3.55 lakhs.

Education

Provision is made for grants of pre-matric scholarships to the Scheduled Caste and the Scheduled Tribe students. Most of the State Govts. are incurring a large expenditure out of their own budget also for grant of scholarships and stipends to the deserving students. In almost all the States, hostels are being run to make it possible for Scheduled Caste and Scheduled Tribe students to continue their studies. A limited number of students belonging to other communities are also admitted to these hostels to avoid segregation. In many States mid-day meals to Scheduled Caste and Scheduled Tribe students have been started.

Girls' Hostels

The programme of setting up hostels for Scheduled Caste and Scheduled Tribe girls in the middle and secondary stages of education was continued during 1966-67. The hostels are put up in rural and semi-urban areas, where concentration of Schedule Castes/Scheduled Tribes population and facilities for girls are inadequate. An amount of Rs. 13.78 lakhs and Rs. 11.17 lakhs was allocated, out of which Rs. 11.76 lakhs and Rs. 9.28 lakhs have been spent for Scheduled Castes and Scheduled Tribes respectively.

Ashrams & Sevashrams

Ashram schools are residential institutions where training in different trades or crafts like carpentry, weaving, smithy, tailoring and agriculture is given along with general education. All expenses are borne by the Government. Sevashrams are day schools where training in

* Graduates under post-graduates also.

spinning and gardening is given along with general education. The students are supplied with clothing, books, spinning material, etc., free of charge.

Many of the States have established ashram schools for spreading education at the primary and middle stages amongst the Scheduled Tribes.

Post-matric Scholarships : The number of post-matric scholarships awarded during 1966-67 to Scheduled Castes and Scheduled Tribes was 89,907 and 17,690 and the expenditure was Rs. 437.66 lakhs and Rs. 83.83 lakhs respectively.

COMPLAINTS

During 1966-67, 2,981 complaints were received at the headquarters and regional offices of the Commissioner's organisation. The nature of complaints and their number in each case are as follows :—Practice of untouchability 88 ; Harassment 339 ; Land and housing problem 608 ; Service matters 926 ; Miscellaneous matters including those relating to education, drinking water, allotment of shops, etc. 1,020.

BACKWARD CLASSES

The principal criterion for determining Backward classes is their low social position in the traditional caste hierarchy of the Hindu Society. As many as 930 com-

munities have been included in the above category and their estimated population is 115 millions. The Government of India have no recognised list of backward classes ; but the State Governments have been advised to have their own lists of such classes based on economic criteria.

The Government of India has decided not to draw up any all India lists of Backward Classes and has advised the State Governments to apply preferably economic tests than caste.

Following a judgement of the Supreme Court, the Central Govt. have accepted economic factors and not caste as the basis for determining the backwardness of people. Some of the State Governments have accepted this as the criterion for judging backwardness and other State Governments are being persuaded to fall in line.

Denotified, Nomadic and Semi-Nomadic Tribes

In the past, denotified communities, originally known as criminal tribes, were subjected to severe police controls and kept outside the fold of the society. Schemes have been undertaken for them like establishment of ashram schools, provision of houses and house-sites, settlement on land and grant of subsidy for the development of house-hold industries, etc.

During the year 1966-67 an amount of Rs. 70.92 lakhs has been spent for the welfare programmes of these tribes.

U. S. AID TO INDIA

U.S. economic assistance to India consists of both grants and loans. The total commitments of the U.S. under various agreements with the Government of India now stand at \$ 8,994.1 million (Rs. 6,745.58 crores).

U.S. Aid from the inception of the Economic Assistance Programme to India in June 1951 through January 1969. The first figure is in million dollars and the figure in brackets the rupee equivalent at current rate of exchange in crores : (a) Development Grants (not repayable) 414.1 (310.58) ; (b) Loans (repayable in rupees or dollars) 154.1 (115.58) ; 2. USAID Development Loans : (a) Repayable in dollars 2,361.2 (1,770.90) ; (b) Repayable in rupees 528.7 (396.53) ; 3. Public Law 480, Title I (grants, and loans repayable in rupees) 4,388.3 (—*) ; 4. Public Law 480, Title II (donations ; not repayable) 494.2 (370.65) ; 5. Emergency Flood & Famine Relief grants (not repayable) 5.5 (4.13) ; 6. U.S. Export-Import Bank loans (repayable in dollars) 458.3 (343.70) ; 7. Wheat Loan of 1951 (repayable in dollars) 189.7 (142.28) ; Total 8,994.1 (6,745.58).

Categories of Aid : The first figure is in million dollars and the figure in brackets the percentage of total : 1. Grants (not repayable) 1,752.7 (19.5) ; 2. Loans (repayable in dollars) 3,009.2 (33.4) ; 3. Loans repayable in rupees convertible to dollars at the option of the U.S. Government 161.7 (1.8) ; 4. Local currency repayments (these include loans repayable in rupees or dollars at the option of the Government of India ; the Cooley Fund for loans to private enterprise ; and amounts under PL-480, Title I, agreements reserved for U.S. Government uses) 4,070.5 (45.3) ; Total 8,994.1 (100.0).

DOLLAR-RUPEE CONVERSIONS

For the sake of uniformity and simplicity all dollar figures included in this Fact Sheet are shown with con-

versions in Indian currency at the current rate of Rs. 7.50 to the dollar. Prior to June 5, 1966 the rate of exchange was : \$ 1 = Rs. 4.76.

In regard to loans repayable in dollars, this Fact Sheet lists the equivalent of the entire loan amount in Indian currency at the current rate of exchange. However, in many cases a part of the loan has already been repaid at the old rate.

Loans repayable in rupees fall in two categories. In the first category are loans extended by the former U.S. Development Loan Fund (U.S.D.L.F.), and under the U.S.A.I.D. Mission's Technical Cooperation Programme. The loans provided foreign exchange in dollars, and the loan agreements included clauses providing that repayment would be based on the official rate of exchange at the time repayment was made. Thus devaluation had the effect of changing the outstanding balance in terms of rupees, though not in dollars.

In the second category are loans to the Government of India and to private enterprises from P.L. 480 funds. These loans are intended for purchasing supplies and services available in India. Devaluation does not affect the repayment terms. The borrower's liability is limited to the amount of rupees specified in the loan agreement.

American assistance to India is at present extended through the following three agencies.

U.S. AGENCY FOR INTERNATIONAL DEVELOPMENT (U.S.A.I.D.)

This new Agency created on November 3, 1961 is in charge of activities previously administered by the International Cooperation Administration, which was represented in India by the Technical Cooperation Mission (TCM), the Development Loan Fund, the Public Law 480 Programme in its relation with other countries, and other

* It is estimated that PL-480 deposits under existing agreements will total approximately Rs. 2,365 crores, which is considerably less than the rupee equivalent of \$4,388.3 million at the current rate of exchange.

staff and related functions. A USAID Mission functions in New Delhi. Both grants and loans are extended by the Agency.

Dollar Grants : Technical cooperation : For the Technical Cooperation Programme, USAID extends grants and, at the request of the Government of India, makes available the services of American specialists. Support has been extended to malaria and smallpox eradication, agricultural and technological universities, the development of high-yielding cereals, dairy development, the training of craftsmen, community development and many other nation-building activities.

Amount : Dollar grants since the beginning of the programme total \$414.1 million [Rs. 310.58 crores].

U.S. specialists : Since 1951, 2,715 American specialists have served in India, sharing their skills and experience with their Indian colleagues. The figure includes 267 who are presently in the country. The specialists, whose services are made available at the request of the Government of India, belong to many different disciplines such as agricultural education, agronomy, engineering, entomology, family planning, labour relations, malaria eradication, mineral exploration, mining, nutrition, plant breeding, public administration, science education, soil and water management, technological education, and transportation. They work with government departments, educational institutions, and other organizations.

Indian participants : Another important aid activity concerns the provision of advanced training in the United States to Indian officials, teachers, engineers, health specialists and other personnel and facilitating visits by Indian specialists to the United States and other countries to enable them to observe developments in their fields of work. The total number of these Indian participants now stands at 5,000. This includes 200 who are still undergoing training in the United States.

Dollar Loans : Loans extended to India by USAID and its predecessor organizations are of two kinds : (1) those repayable in rupees and (2) those repayable in dollars.

Loans repayable in rupees : Loans extended to India by the Development Loan Fund (now absorbed into USAID) are repayable in rupees. These loans total \$528.7 million [Rs. 396.53 crores].

Prior to November 1961, TCM had extended to the Indian Government loans totalling \$154.1 million [Rs. 115.58 crores]. These were repayable in either rupees or dollars at the option of the Government of India. (For the sake of simplicity, a sum of \$5.8 million [Rs. 4.35 crores], which was made available to the Government of India in the form of Italian, French, and Japanese currencies in exchange for Indian rupees, is included in this item.)

Loans repayable in dollars : USAID has extended 48 loans repayable in dollars. They total \$2,361.2 million [Rs. 1,770.90 crores].

Terms : Repayment is scheduled over 40 years, with no payments of principal during a grace period of the first 10 years.

Interest : Recent loans bear an interest rate of 2 per cent per annum during the grace period and 3 per cent thereafter.

U.S. PUBLIC LAW 480 (Food for Peace Programme)

India has been the largest recipient of U.S. agricultural commodities under Title I, P.L. 480. The law has been extended to December 1970.

P. L. 480 Title I

Under this title the United States sells agricultural commodities to developing nations on concessional terms. India concluded the first PL-480 agreement on August 29, 1956. Since then nine additional agreements and 32 supplemental agreements have been signed—the latest on December 23, 1968.

The value of commodities covered by all PL-480 agreements is \$4,388.3 million (including some ocean transportation costs).

India pays for PL-480 supplies in rupees.

For \$4,226.6 million, the bulk of PL-480 proceeds, the agreements specify that 80.4 per cent should be returned by the United States to the Government of India in grants and loans for economic development (19.9 per cent as grants ; 60.5 per cent as loans). A sum equivalent to 6.5 per cent of the total is reserved for loans to private enterprise ; and 13.1 per cent is reserved for U.S. Government uses, but a substantial part of this amount, too, is utilized to promote a number of activities beneficial to India. PL-480 grants and loans have helped finance a great deal of development work undertaken by the Government of India.

The remaining \$161.7 million provided in the PL-480 agreements is repayable in rupees convertible to dollars at the option of the U.S. Government. This portion of the agreements is covered by a 40-year loan with the same provisions relating to interest rates and grace period as USAID loans repayable in dollars.

Title II

This title provides for donations of agricultural commodities to help meet famine or other urgent or extraordinary relief requirements, and for distribution through voluntary agencies such as CARE (Cooperative for American Relief Everywhere), Catholic Relief Services, Church World Service, Lutheran World Relief, and UNICEF (United Nations Children's Fund).

THE EXPORT-IMPORT BANK

The Bank authorizes loans, guarantees and insurance to facilitate the foreign trade of the United States. The Bank has authorized 28 loans to India totalling \$458.3 million (Rs. 343.70 crores). Its loans are in dollars and repayable in dollars. In determining interest rates, the Bank considers its own cost of borrowing money. The current standard interest rate is 5.5 per cent per annum.

GRANTS FROM U.S. PUBLIC LAW 480 SALE PROCEEDS

Figures in crores of rupees : Agriculture 35.83 ; Industry and Mining 6.61 ; Transportation 19.60 ; Labour 39.46 ; Health 123.34 ; Education 100.18 ; Total grants 325.00.

Loans to the Indian Government from U.S. P.L. 480 Sale Proceeds

Figures in crores of rupees : Agriculture 282.50 ; Industry 513.46 ; Labour 38.70 ; Health 76.42 ; Education 52.33 ; Community Development 5.08 ; Transportation 11.36 ; Total 1,128.85.

COOLEY FUND

The Cooley Amendment to U.S. Public Law 480 provides that a portion of the local currency proceeds from the sale of American agricultural commodities shall be made available for lending in the private sector to two categories of borrowers :

1. American firms or their subsidiaries operating in the host countries (India) or indigenous (Indian) firms having an affiliation with an American firm;
2. Indigenous firms of the host countries with no American affiliation but which facilitate the disposal of American agricultural products, e.g. local private warehouses storing grain or flour mills processing grain.

Loans amounting to Rs. 798,254,000 have been extended from the Cooley Fund.

U.S. ASSISTANCE FOR POWER DEVELOPMENT IN INDIA

India has received substantial assistance from the United States for power development. The U.S. has extended foreign exchange assistance totalling \$465.7

million (Rs. 349.28 crores). In addition Rs. 346 crores in Indian currency from the sales proceeds of farm products supplied under the Food for Peace (Public Law 480) programme have been extended in loans and grants for power development. Together, the American-aided power projects in India will, when completed, have an installed generating capacity of some 6.5 million kilowatts.

U.S.—Uses Rupees

PL-480 agreements between India and the United States provide for a sum of approximately Rs. 300 crores to be reserved for U.S. uses. U.S. owned Rupees are used to meet the expenses of the U.S. Government in India. A considerable share of U.S. owned rupees is being spent on programmes which are of direct benefit to India. These include Educational Exchange, Low-cost Textbooks, Procurement of Indian books and periodicals, American Studies in India and Research.

U. S. Technicians

U.S. Technicians assigned to India by field of activity as of June 30, 1968 are given in the table below :

Field of Activity	U.S. Fiscal Year ending June 30.									
	1952/59	1960	1961	1962	1963	1964	1965	1966	1967	1968

* Number of participants under contract arrangements have already been included in the above table.

Of the total (5,065), 4,628 participants have returned to India and are now working in their particular fields, 162 are in training in the United States and 275 are preparing to depart.

FOREIGN AID TO INDIA*

THERE has been a substantial decline in fresh authorisations of foreign assistance during the last eighteen months. These amounted to only \$982½ million in 1968-69 as compared to \$2,136 million in 1966-67. If PL480 assistance is excluded new authorisations amounted to only \$658 million in 1967-68 as compared to \$1,612 million in the previous year. This sharp drop in authorisations of fresh aid was due to several reasons. The U.S.S.R. and other East European countries had authorised aid in 1966-67 for a five year period, and only Bulgaria among these countries made any fresh commitment subsequently. Similarly, the International Development Association was not able to announce any authorisation in 1967-68 because its resources had not been replenished by its members. Finally, U.S. assistance was lower due to a reduction in the overall U.S. aid appropriations.

In the first half of 1968-69 only \$323 million of non-project assistance and \$81 million of project assistance had been committed. Subsequently, U.S.A. authorised a non-project loan of \$194 million and a loan of \$37 million for the expansion of the Trombay Fertilizer Project. The IDA authorised in the month of January 1969 a non-project loan of \$125 million, the first loan from that agency after December 1966. The authorisation this year was made possible by the welcome action of Canada, Sweden, Denmark, Norway, Netherlands, Finland, the Federal Republic of Germany and the U.K. in making advanced contributions to IDA funds in spite of the U.S.

contribution not being available. Total aid committed so far in the current year by the Consortium members amounts to \$760 million comprising non-project assistance of \$642 million and project assistance of \$118 million. To this the project assistance of \$16.5 million committed by the two non-Consortium countries, Sweden and Norway and PL 480 assistance of \$167 million should be added to arrive at the total aid available for the current year.

Aid utilisation, on the other hand, improved substantially during 1967-68. Total disbursements were higher by \$80 million as compared to \$1,506 million in 1966-67. Exclusive of food assistance, aid disbursements showed a sharp growth between the two years from \$933 million in 1966-67 to \$1,111 million in 1967-68. The result was a sharp decline of aid in the pipeline from \$3,280 at the end of March 1967 to \$2,676 million at the end of March 1968. Disbursements in the first half of 1968-69 are running about 17 per cent lower than in the corresponding period of last year largely because of a drop in food imports; the utilisation of assistance other than in the form of food-grains is also lower than in the first half of last year reflecting the general sluggishness in imports in spite of the improvement in industrial production. In view of the lower level of aid utilisation and disbursement during the year of a U.S. loan of \$225 million authorised in 1967-68, it is likely that the aid pipeline at the end of 1968-69 will be somewhat higher than at the end of March 1968.

GRANTS

I. Assistance under the Colombo Plan

Assistance is received from Commonwealth countries under the Colombo Plan in the form of equipment, materials, etc. This includes grants in kind in the shape of raw materials for industry, equipment for dairy development, equipment for College of Engg., Delhi, non-project non-commodity imports for private sector, etc.

II. Assistance from the Govt. of U.S.A.

(a) *Assistance under P.L.480* — Grants under P.L.480 are expected to amount to Rs. 16.47 crores this year and Rs. 27.60 crores next year. Rs. 8 crores this year and Rs. 7.6 crores next year will be paid back to A.I.D. to meet the local cost of experts.

(b) *Assistance under Technical Cooperation Programme* — The Indo-U.S. Technical Cooperation Programme Agreement of 1952 provides for funds to be made available by the U.S. Government for mutually agreed projects and includes development loans and grants. Grants have been made in such fields as Agriculture and Natural Resources, Industry and Training, Transport and Communications, Health and Sanitation, Education and Public Administration. The grants are in the form of materials and equipment.

III. Assistance from the Govt. of Norway for Fisheries Development

Since 1952, Norway has been assisting this country in the development of fisheries. The project *inter alia* aims at raising the standard of living of the fishermen through an increase in the return for their activity by improvement of fishing methods, efficient distribution of fresh

* Refund of Principal amounts in respect of IBRD Loans paid during 1967-68 due to rescheduling of debts.

fish and improvement of fish products. The activities of the project, which were formerly confined to the State of Kerala, have now been extended to the States of Tamil Nadu and Mysore also.

IV. Other Assistance

Foreign assistance is also received from international philanthropic organisations like the Rockefeller Foundation and the Ford Foundation for schemes in the field of education, public health, agriculture, social uplift, community development, etc. Assistance is also received from

certain specialised agencies of the United Nations Organisation such as United Nations Technical Assistance Admn., United Nations Special Fund, United Nations Children's Emergency Fund, Food and Agricultural Organisation, W.H.O., etc.

Food Aid from countries, notably Australia, Canada and U.K. is estimated at Rs. 45 crores this year and Rs. 9 crores next year.

In addition, fertiliser is expected as aid from certain countries like Austria, Federal Republic of Germany, Sweden, etc.

OVERSEAS COMMUNICATIONS SERVICE

INDIA'S Overseas Telecommunications networks of telegraph, telephone, radio-photo and telex services are managed by the Overseas Communications Service. The administrative Head of the department is the Director-General with headquarters at Bombay.

The Service has 4 gate-way Centres for handling international communications at Bombay, Calcutta, New Delhi and Madras. The network consists of submarine telegraph cable systems from Bombay and Madras and wireless telegraph, phototelegraphs and radio-telephone systems from all the 4 Centres. The submarine telegraph cables as such are owned and maintained by Cable & Wireless Limited, London.

As on 1st November 1968, the Overseas Tele-communications network of India consisted of :—

*Direct Wireless Telegraph Services :—*With Afghanistan, Australia, United Kingdom (4 independent circuits), Burma, China (2 links: Peking & Shanghai), U.A.R., France, Federal Republic of Germany, Indonesia, Iran, Iraq, Italy, Japan, Kuwait, Nigeria, Poland, Philippines, Roumania, Singapore, Switzerland, Thailand, U.S.A. (2 independent circuits), U.S.S.R., Viet Nam (North), Viet Nam (South), Yugoslavia and Czechoslovakia.

*Direct Radio-Telephone Services :—*With Aden, Afghanistan, Australia (2 independent circuits), Bahrain, United Kingdom (4 independent circuits), Burma (2 independent circuits), China, Kenya, U.A.R., Ethiopia, France, Federal Republic of Germany, Hong Kong, Indonesia, Iran, Iraq, Italy, Japan (2 independent circuits), Nigeria, Singapore, Poland, Saudi Arabia, Switzerland, Thailand, Kuwait, Uganda, U.S.S.R. and Viet Nam (South).

*Direct Radio-photo Services :—*With United Kingdom, France, Federal Republic of Germany, Italy, Japan, Poland and U.S.S.R. All these services, with the exception of those with Poland, are operated directly from Bombay, Calcutta as well as New Delhi. The above services, with the exception of those with Japan and Poland are also operated directly from Madras. The services with Poland are operated from New Delhi only. Through these direct connections with international trunk routes, telegraph services are available with practically all the countries of the world. Similarly telephone service is available with a large number of countries in the world as given below.

*Switched Radio-Telephone Services :—*Abu-Dhabi, Alaska, Algeria, Argentina, Austria, Balearic Islands, Barbados, Belgium, Bermuda, Brazil, British Guinea, Bulgaria, Burundi, Canada, Canary Islands, Central Africa Republic, Ceuta, Chad Republic, Chile, Congo, Cuba, Costa Rica, Cyprus, Czechoslovakia, Denmark, Doha, Dubai, Faroe Islands, Federal Republic of Germany,

Fiji, Finland, France, French Sahara, Forbisher Bay (Canada), Gabon Republic, German Democratic Republic, Ghana, Gibraltar, Goosbay Labrador (Canada), Greece, Guatemala, Hawaii, Honduras, Hungary, Iceland, Irish Republic (Eire), Israel, Italy, Jamaica, Jebel Dhana, Jordan, Kenya, Kuwait, Lebanon, Leeward Islands, Libya, Luxembourg, Malawi, Malaysia, Malta, Mauritius, Mongolian Peoples' Republic, Manila, Mexico, Morocco, Muscat, Netherland Antilles, Netherlands, Newfoundland, New Hebrides, New Zealand, Nicaragua, Nigeria, Norway, Panama, Philippines, Poland, Puerto Rico, Qatar, Ras-Al-Khaimah, Rhodesia, Roumania, Ruanda, Ryukyu Islands, Sarawak, Senegal, Sierra Leone, Solomon Islands, Spain, Spanish North Africa, South Africa, South West Africa, Sudan, Sweden, Switzerland, Tanzania, Tangier, Tariff, Tortola (British Virgin Island) Trinidad, Tunisia, Uganda, U.A.R., United States of America, Vatican City, Virgin Islands, West Irian, Windward Islands, and Yugoslavia, Zambia Liberia, Saychelles, Rwanda, Turkey, Bahamas, Aden, S. Korea, New Zealand, Cambodia, Laos and Brunei and Ocean Liners which are equipped with the necessary equipment.

Radio-photo service is available with 24 other countries as shown below :

*Switched Radio-photo Services :—*Australia, Belgium, Canada, Czechoslovakia, Cyprus, Denmark, U.A.R., Finland, France, Germany, Nigeria, Norway, Portugal, Roumania, Sweden, South Africa, Switzerland, Yugoslavia and U.S.A.

*Multi-Address Press Broadcast (Telegraph) Services :—*The Overseas Communications Service provides news transmissions by radio-telegraph on behalf of the Ministry of External Affairs simultaneously to about 41 Indian Consular posts around the world.

*Reception of Foreign Press Broadcast (Telegraph) Services :—*The Overseas Communications Service provides Indian News Agencies with facilities for reception of Telegraph Press Broadcasts by Foreign News Agencies.

*Programme Transmissions Service :—*Facilities are offered for "programme transmissions" i.e. spoken despatches by representatives and correspondents of foreign Broadcast Organisations, for broadcast by their respective principals.

*Leased Telegraph Channels Service :—*Leased teleprinter channels for private customers on rental basis were introduced as a new facility by O.C.S. in the year 1957. This Service has since then expanded rapidly and 34 such channels are in use, as on 1st November 1968, by business concerns, etc. This facility provides means of communication by teleprinters directly between the parties.

*International Telex Services :—*The international telex service is the most modern form of facility available to

the public and, as with other countries in the world, there is a very large and phenomenally growing demand for the provision of such service.

International telex service was introduced for the first time in India in June, 1960 linking the Bombay/Ahmedabad group of subscribers with London, and *via* London with a number of countries in the world.

Direct Telex Services :—United Kingdom (3 independent circuits—one each from Bombay, Calcutta and New Delhi), Japan, Federal Republic of Germany, Philippines, Australia, Ceylon and Hong Kong. Through these direct connections with International network, telex service is available with 81 other countries as shown below.

Switched Telex Services :—Aden, Algeria, Argentina, Austria, Bahrain, Belgium, Bermuda, Brazil, Bulgaria, Canada, Chile, Czechoslovakia, Denmark, Doha, Dubai, Ethiopia, Faroe Islands, Fiji, Finland, France, German Democratic Republic, Ghana, Greece, Hungary, Iceland,

Irish Republic, Israel, Italy, Jamaica, Kenya-Uganda-Tanzania, Lebanon, Luxembourg, Malaysia, Malta, Mexico, Muscat, Netherlands, New Zealand, Nigeria, Norway, Peru, Poland, Republic of Sudan, Roumania, Singapore, Spain, Sweden, Switzerland, Turkey, Uruguay, U.S.A., USSR, Thailand, Yugoslavia, Kuwait, Panama, South Korea, Zambia, Barbados, Trinidad, Antigua, Dominica, Grenada, Montserrat, St. Kitts, St. Lucia, St. Vincent, Tortola, Boliria, St. Croix, Puerto Rico, St. Thomas, Guyana, Papua, New Guinea, Taiwan, Venezuela, Colombia and Saudi Arabia.

All International Telex services are integrated with the internal telex system, which the Indian P. & T. has made available to the Indian public in 25 cities viz. Calcutta, Bombay, New Delhi, Madras, Ahmedabad, Secunderabad-Hyderabad, Bangalore, Kanpur, Coimbatore, Nagpur, Patna, Madurai, Poona, Gauhati, Tiruchirapalli, Jaipur, Vijayawada, Cochin, Amritsar, Baroda, Jamshedpur, Lucknow, Ranchi, Srinagar and Surat.

GOVERNMENT INDUSTRIAL UNDERTAKINGS

IN the following pages we give short notes on Government industrial undertakings.

The present investment in Central Government industrial and commercial enterprises—over 80 in number—is of the order of about Rs. 3,500 crores. Out of this, investment in the 55 running concerns (including Hindustan Steel Ltd.) accounts for nearly Rs. 3,200 crores. During 1967-68, 31 of these enterprises, however, showed a net profit of over Rs. 48 crores. The other enterprises, however, showed a net loss of Rs. 83 crores, resulting therefore in an overall net loss of Rs. 35 crores, after providing for depreciation, interest on loans from Government of India, the State Bank and other agencies and taxes.

The losses incurred were mainly those of Hindustan Steel Ltd., and four engineering enterprises—Heavy Engineering Corporation, Bharat Heavy Electricals Ltd., Heavy Electricals (India) Ltd. and Mining and Allied Machinery Corporation Ltd. On the other hand, substantial profits have been earned by Indian Oil Corporation Ltd., Hindustan Aeronautics Ltd., Fertilizer Corporation of India Ltd., Oil and Natural Gas Commission, Bharat Electronics Ltd. as well as about 25 other public undertakings.

ASHOKA HOTELS LIMITED

50-B, Chanakyapuri, New Delhi.

India's only 5-star de luxe hotel. It is fully airconditioned and has private swimming pool, refrigerator, telephone and bath for every room.

No. of rooms 491; No. of beds 798. The highest and lowest charge per day : Rs. 325 to Rs. 70.

ATOMIC REACTORS

(Trombay, Bombay 71)

(See under "Research")

BHARAT EARTH MOVERS LTD.

Hindustan Aircraft Post, Bangalore-17.

The Bharat Earth Movers Ltd. manufactures wheeled heavy earth moving equipment and broad gauge rail coaches of various types. The factory produces and

supplies to the Railway Board the modern integral type of rail coaches of various models in addition to parcel vans and postal vans. The company has so far added 200 machines to the earthmoving equipment fleet of the country. The factory also manufactures crawler tractor equipment and "Bharat" D80-8 tractors of 165 HP with about 35 per cent indigenous content.

BHARAT ELECTRONICS LTD.

Jalahalli P.O., Bangalore-13

(Under the Ministry of Defence)

BEL now produces over 70 different items of equipment which include transmitters of different powers with facilities for different modes of operation receivers, transreceivers, for static and mobile roles, multichannel equipment, single side band and independent side band equipment, etc. and measuring instruments and test instruments like Vacuum Tube Voltmeters, AF Oscillators, Audio & RF Output Power Meters, Cathode Ray Oscilloscope, Harmonic Generator, Electro-Cardiographs, and components like Radio Receiving Valves, Silicon and Germanium transistors and diodes transistors, Piezo Electric Crystals, Germanium Diodes, Mica & Ceramic Capacitors and Transmitting Tubes. Among the new items planned for manufacture in the Components Division are X-Ray Tubes and Magnetrons.

BEL also manufactures Radars primarily for military use. BEL's annual production for the year ending March 1968 was Rs. 15.84 crores. The factory employs 9,000 persons.

BHARAT HEAVY ELECTRICALS LTD.

Regd. Office : 5, Parliament Street, New Delhi-1.

The company has under it the following five units :—

(1) Ranipur Unit, Hardwar (U.P.); (2) Ramachandrapuram Unit, Hyderabad (A.P.); (3) Tiruverumbur Unit, Tiruchirapalli (Tamil Nadu); (4) Switchgear Unit, Hyderabad and (5) Central Foundry Forge Unit, Ranipur (U.P.).

The Ranipur Unit is designed to produce 1.5 million kW of steam turbines and turbo-alternators, 1.2 million kW of hydro turbines and generators of sizes upto 6,600 mm runner diameter and 0.5 million kW of medium and large sized AC and DC motors.

The Ramachandrapuram Unit is designed to manufacture steam turbines, turbo-alternators and certain power station auxiliaries like condensate pumps, feed water pumps and circulating water pumps. The output capacity planned is about 800 MW, comprising mainly unit sizes of 60 MW and 110 MW. This factory also manufactures turbo-blowers, turbo-compressors and back-pressure turbines for industrial use.

Tiruverumbur Unit will manufacture high pressure boilers complete with mills, high pressure fittings valves and other boiler house auxiliaries. The output in the first stage of development will be sufficient to match a power generating capacity of 750 MW. This factory also manufactures package boilers for industrial use.

The Switchgear Unit is designed to manufacture air blast circuit breakers of 132 kV, 220 kV and 400 kV sizes and also Oil minimum type contraction breakers in 25 kV, 33 kV, 66 kV and 132 kV ranges in collaboration with Messrs. ASEA of Sweden and has gone into production.

The Central Foundry Forge Plant is designed to meet the requirement of steel castings and steel forgings for the heavy electrical equipment plants at Hardwar, Bhopal, Hyderabad and Tiruchirappalli.

BHARAT HEAVY PLATE AND VESSELS LTD.

47-10-16A, Dwarakanagar, Visakhapatnam-4.

(Under the Ministry of Industrial Development and Company Affairs, Department of Industrial Development.)

The factory is expected to go into production by 1969.

The equipment proposed to be manufactured will include light, medium and heavy columns for absorption, distillation etc., tanks and pressure storage vessels, heat exchangers, pipe fabrication, vessels with agitators and mixer, technological structures etc.

BOKARO STEEL LTD.

Bokaro Steel City, Dt. Dhanbad (Bihar).

The Union Government is setting up its fourth steel plant in the public sector at Bokaro Steel City.

An agreement was signed on 25th January, 1965 between the Government of India and the Government of USSR for co-operation in the construction of an integrated iron and steel works at Bokaro.

The Bokaro Stage I will have a capacity for 1.7 million tonnes of steel ingots and 880,000 tonnes of foundry iron to be expanded to 4 million tonnes capacity in its second stage and with a few additional units to 5.5 million ton stage later. There is provision in the layout for further expansion of the plant to about 10-12 million tonnes if required in future. The first blast furnace is to be commissioned by September 1970 and the entire plant is due to be completed in December 1971. Bokaro Stage I is estimated to cost Rs. 671 crores.

The work on levelling of the plant site is almost complete. The civil engineering and structural steel work for the plant awarded at a cost of about Rs. 143 crores to another public sector undertaking, Messrs. Hindustan Steel works Construction Limited, commenced from October 1967, is in progress.

CHITTARANJAN LOCOMOTIVE WORKS

Head Office & Works: Chittaranjan, Dt. Burdwan, West Bengal.

Branch Office: 4, Chittaranjan Avenue, Calcutta-13.

Ownership & Control: Govt. of India, Ministry of Railways, Railway Board, New Delhi.

Products: Broad-Gauge steam and elec. locomotives and Diesel Shunters.

As part of the project for the manufacture of A.C. electric locomotives, the manufacture of major components such as Traction motors, smoothing reactors, silicon rectifiers, shunting contractors etc. has also been undertaken.

COCHIN REFINERIES LTD.

P. Bag 1751, Cochin-16.

Object: Construction of a complete modern petroleum refinery near Cochin in South India, with a design capacity to refine initially 50,000 barrels of crude oil each stream day and with an excess built in capacity upto 70,000 barrels a day.

DIESEL LOCOMOTIVE WORKS, VARANASI

The Diesel Locomotive Manufacturing Unit, styled as Diesel Locomotive Works manufactures the diesel engines, chassis or locomotive portion.

The indigenous content on the last main line diesel electric locomotive turned out by end of March 1968 is estimated to be 78.6%.

The main divisions of the Diesel Electric Locomotives are:—Chassis, Traction and Engine.

The other important departments of the Diesel Locomotive Works are: the Tool room, Heat treatment and Crome Plating, Quality Control, Laboratory, Maintenance and Training.

ELECTRONIC CORPORATION OF INDIA LTD.

3-5-822, Hyderguda, Hyderabad-1 (AP).

The Company is under the Department of Atomic Energy.

Main activities: To manufacture and sell electronic components and instruments and to fabricate and supply instrumentation and control equipment to various atomic power reactors and other nuclear plants. The important products of the Company are the various nuclear and allied instruments required for industrial, medical, agricultural and research purposes; carbon film and metal film resistors and tantalum capacitors, multi-turn potentiometers; semiconductor products like poly crystals, glass-to-metal seals, zener diodes, germanium power transistors, rectifiers, instrument fans and thermoelectric modules; servo control equipments and devices like synchros, motor drive assemblies, resistor temperature detectors, servo motors and manufacture of digital and analog computers for a wide variety of scientific application.

ENGINEERS INDIA LTD.

Allahabad Bank Bldg., 17-Parliament Street, New Delhi-1.

The company provides complete consultancy services in process design, engineering, procurement, construction supervision etc. for the public and private sectors, especially in petroleum, petro-chemical and industrial fields.

THE FERTILIZERS AND CHEMICALS, TRAVANCORE LTD.

Udyogamandal, Kerala.

The Fertilisers and Chemicals Travancore Limited, popularly known as FACT, produces ammonium sulphate

and, a variety of other products like ammonium phosphate, superphosphate, ammonium chloride, sulphuric acid, anhydrous ammonia, liquid sulphur dioxide, ultrafos, sodium fluoride, calcium silicate and synthetic cryolite.

The Company's factory at the Udyogamandal now has an annual production capacity of 70,000 tonnes of Nitrogen and 33,000 tonnes of P_2O_5 .

The new expansion activity of the company is in the form of setting up another Rs. 450 million fertilizer factory at Cochin with an annual production capacity of 330,000 tonnes of urea. This unit is expected to go into production in 1969.

At the end of the fourth stage programme which is expected to be completed by 1969, the factory will be producing 180,000 tonnes of ammonium phosphate 20:20 grade as against the present capacity of 35,000 tonnes of 16:20 grade.

The company has built a compact distribution organisation in Kerala with more than 2,000 selling points.

FERTILIZER CORPORATION OF INDIA LTD.

F-43, South Extension, Part I, Ring Road,
New Delhi-3.

(Under the Ministry of Petroleum and Chemicals)

The constituent units of the Corporation are the five operating fertilizer factories, namely, Sindri in Bihar, Nangal in Punjab, Trombay in Maharashtra, Gorakhpur in Uttar Pradesh and Namrup in Assam. They produce nitrogenous and phosphatic fertilizers.

Besides the five operating units there are two projects under implementation—Durgapur in West Bengal and Barauni in Bihar. After all the above projects are completed by 1971-72 FCI's production capacity for nitrogen will be over one million tonnes and P_2O_5 1.60 lakh tonnes.

Nangal: During 1967-68 this unit produced 77,665 tonnes of nitrogen.

Sindri: The production of fertilizers during the year 1967-68 was 79,435 tonnes in terms of nitrogen.

Trombay: The production of fertilizers in terms of Nitrogen and P_2O_5 went up at Trombay from 35,927 and 9,312 tonnes respectively in 1966-67 to 44,042 tonnes and 16,942 tonnes in 1967-68.

Namrup: The Namrup factory is designed to produce 45,000 tonnes of Nitrogen per year in the form of 1,00,000 tonnes of Ammonium Sulphate and 55,000 tonnes of Urea.

Gorakhpur: The Gorakhpur factory is designed to produce 80,000 tonnes of Nitrogen in the form of 1,73,920 tonnes of Urea per year.

Durgapur: The Durgapur fertilizer Project (1st Phase) is designed to produce 140,000 tonnes of nitrogen in the form of 305,000 tonnes of Urea per year. The factory is expected to go into production in 1969.

Barauni: The Barauni fertilizer factory has been designed to produce 151,800 tonnes of nitrogen in the form of 330,000 tonnes of Urea. It is expected to go into production in 1970-71.

GARDEN REACH WORKSHOPS LTD.

43/46, Garden Reach Road, Calcutta 24.

The Company has its main workshops at Garden Reach, and a branch unit at Baranagore, both in Calcutta.

The Company has 5 slipways and 2 dry docks. It is one of the major ship-building and ship-repairing yards

in India and is fully equipped to undertake all types of marine repairs to sea-going vessels as well as inland and harbour crafts. It builds all types of inland and harbour crafts and the smaller coastal vessels, and is specialising in the building of dredgers.

Garden Reach Workshops Ltd. also manufactures electrical overhead travelling cranes, deepwell turbine pumps, marine haulages and conveyors, air compressors and diesel road rollers.

The company now employs over 6,000 men. It has a well organised training scheme for apprentices.

HEAVY ELECTRICALS (INDIA) LTD.

(Piplani, Bhopal)

(Under the Ministry of Industrial Development and Company Affairs)

The factory manufactures the whole range of steam turbines, generators, condensers and feed heating equipment for thermal power stations, water turbines and generators for hydro power stations, butterfly valves for general hydraulic systems, power transformers and switchgear for sub-stations, electric traction equipment for freight and passenger trains, large A.C. and D.C. motors for cement factories, rolling mills, mines and other applications. The factory also manufactures industrial rectifiers, power capacitors and motor controlgear.

Services: The factory offers general engineering services in respect of thermal power stations, expertise in the sub-stations for 132 kV and 220 kV systems and also handles composite contracts in industrial and electrical drives for rolling mills.

Production: The factory procured equipment worth Rs. 23 crores in 1967-68.

HEAVY ENGINEERING CORPORATION LTD.

Administrative Building, Plant Plaza Road,
P.O. Dhurwa, Ranchi.

The Corporation is now engaged in establishing the following projects:—

1. Heavy Machine Building Plant at Ranchi in collaboration with U.S.S.R.; 2. Foundry Forge Plant and 3. Heavy Machine Tools Plant at Ranchi in collaboration with Czechoslovakia.

Heavy Machine Building Plant, Ranchi: The plant has a production capacity of 80,000 tonnes of machinery items and 25,000 tonnes of structural steel items per year.

The plant has produced over 14,600 tonnes of plant and equipment during 1967-68. HMBP has a programme of producing 30,000 tonnes during 1968-69.

Foundry Forge Plant: This plant will have the following production per year from its main production shops: Grey Iron Foundry (shaped castings) 33,345 tonnes; Steel Foundry (shaped castings) 40,182 tonnes; Non-Ferrous Foundry (castings) 700 tonnes; Forgings 50,000 tonnes; Grey Iron Steel and Forged Rolls 31,310 tonnes.

Heavy Machine Tools Plant, Ranchi: This plant will have an annual production capacity of 10,000 tons of certain diverse items of heavy machine tools.

The plant has gone into production of items like Radial Drilling Machines, Central Lathes, Double Column Planing Machines etc.

Training Programme: A comprehensive programme of training has been worked out. At Ranchi, the Corporation has set up a Central Training Institute, complete with workshop facilities, including foundry and smithy shop to provide training to workmen, supervisory staff and engineers.

HEAVY VEHICLES FACTORY

Avadi, Madras 54.

The Heavy Vehicles Factory is designed as an integrated unit for the manufacture of all major assemblies of the Tank including the engines, gear box and the suspension units.

The first Vijayanta medium Tank produced in this factory rolled out on 29-12-65 as scheduled.

HINDUSTAN AERONAUTICS LTD.

(Bangalore Division)

(Hindustan Aircraft P.O., Bangalore 17, Mysore)

Tel. & Cable address: "Aircraft", Bangalore.

Hindustan Aeronautics Ltd., is a combination of Hindustan Aircraft Ltd., and Aeronautics India Ltd. — a Company formed to undertake the MIG manufacturing projects at Koraput, Nasik and Hyderabad and also manages the Aircraft Manufacturing Depot, Kanpur.

This factory manufactures the following aircraft, HT-2 the All-Metal Basic Trainer Aircraft, Vampire Jet Aircraft, Gnat, HF-24 a supersonic fighter aircraft, Pushpak an ultra-light two-seater aircraft, Krishak a light four seater aircraft, Basic Jet Trainer HJT-16 a single engined aircraft for basic pilot training, HS-748 aircraft and HJE-2500 a turbo-jet engine for the Basic Jet Trainer aircraft. The first phase of producing helicopters has commenced.

Other Development Work: Other development work includes the design of a Pneumatic Starter for the starting of turbo-jet engines of 5,000/10,000 lbs. thrust range and installation of the Orpheus 701 engines as an auxiliary jet pack for the Fairchild Packet aircraft for high altitude flying.

HINDUSTAN ANTIBIOTICS LIMITED

(Pimpri, Poona-18)

(Under the Ministry of Petroleum and Chemicals).

Produces penicillin. The present capacity of production of penicillin is about 81 m.u.

The Streptomycin plant of 40 tons per annum produces Streptomycin salts.

A pilot plant for production of 1.5 tons of broad spectrum antibiotics of the Tetracycline group at a cost of Rs. 10 lakhs is now fully engaged on production of Chlortetracycline.

Another important development is the discovery of antifungal antibiotic Hamycin and other new antibiotics useful in plant disease control and veterinary practice by the Research Division of the company.

HINDUSTAN CABLES LTD.

(P.O. Hindustan Cables, Rupnarainpur Rly. Station), Burdwan Dt., West Bengal.

The company produces dry core distribution cables, coaxial cables and plastic group of cables and wires.

During 1967-68, the factory produced 0.64 million conductor Kms. of dry core distribution cables, 2,317 tube Kms. of 2 core and 4 core of large tube and small tube coaxial cables and 27,888 core Kms. of plastic group of cables.

HINDUSTAN HOUSING FACTORY LIMITED

(Jangpura, New Delhi 14)

(Under the Ministry of Works, Housing and Supply).

Main products of the Hindustan Housing Factory are as under:—

Prefabricated components for multistoreyed buildings; Prestressed concrete transmission line poles; Prestressed concrete street light poles; P.C.C. Beams for industrial sheds with sheeted roofs; P.C. assembled trusses for industrial sheds; P.C. Beams for composite constructions; Roofing and flooring components with prestressed concrete beams; Precast R.C.C. cladding panels; Precast prestressed units for fencing posts; R.C.C. door and window frames; Hollow blocks for roofing; Hollow blocks for walling; Overhead concrete tanks for residential uses; Large panels for large panel house construction; Precast concrete flooring slabs; Prestressed concrete railway sleepers; R.C.C. railway sleepers; Precast vibrated pipes for drains; Precast vibrated Porous Pipes; Reinforced foam concrete panels; Foam concrete blocks for cold storage and air-conditioned buildings; Foam concrete blocks for multistoreyed buildings; Machine-made doors and window frames and shutters; Flush doors; Seasoning and chemical treatment of timber.

Production during 1967-68 was Rs. 180 lakhs.

HINDUSTAN INSECTICIDES LIMITED

Regd. Office: C-255, Defence Colony, New Delhi-3.

The Company operates two DDT manufacturing plants in the country — one situated at New Delhi and the other at Alwaye in Kerala State. Present annual rated capacity of each of the two factories at Delhi and Alwaye is approximately 1,400 tonnes.

Both these factories are provided with formulating units capable of converting DDT into water-dispersible powder.

A number of by-products — Hydrochloric Acid, Sulphuric Acid, Ortho D.C.B., Para D.C.B., Ethyl Chloride are being manufactured.

Production of technical D.D.T. during 1967-68 was 3,102 tonnes.

HINDUSTAN LATEX LIMITED

Nirodh Project, Peroorkada, Trivandrum 5.

Registered Office: Room No. 243, Nirmal Bhavan, Maulana Azad Road, New Delhi.

(Under the Ministry of Health and Family Planning).

The company has been established for the manufacture of "Nirodh" in India. A Contraceptives (Nirodh) Plant for the manufacture of 3,000 gross nirodhs per day is under erection and is expected to commence regular production from early 1969.

HINDUSTAN MACHINE TOOLS LIMITED

(H.M.T. P.O., Bangalore 31).

(Under the Ministry of Industrial Development and Company Affairs, Govt. of India).

This is located in Jalahalli, Bangalore, with five machine tool factories at: (I & II) Bangalore in Mysore; (III) Pinjore in Haryana; (IV) Kalamassery in Kerala and (V) Hyderabad in Andhra Pradesh and one watch factory in Bangalore.

The factory produces a wide range of machine tools like Milling Machines, Radial Drilling Machines, General Purpose Lathes, Turret Lathes, Grinding Machines, Special Purpose Machines, all Electric Heavy Duty

Programme Controlled Milling Machines, Gear Shapers, Gear Hobbing Machines, Single Spindle Automatics, Surface Grinders, Pilote Copying Lathes, "Fay" Automatics, Multi-Spindle Bar and Chucking Automatics, Drum Turret Lathes and Horizontal Boring Machines.

The Company employs 12,037 skilled and semi-skilled workers (in all its factories).

Till the end of March 1968, the factory turned out 16,498 machines valued at Rs. 76.31 crores.

Production during 1967-68 by the various factories at : Pinjore in Haryana : 402 machines valued at Rs. 2.06 crores ; Kalamassery in Kerala : 416 machines valued at Rs. 2.15 crores ; Hyderabad in Andhra Pradesh : 66 machines valued at Rs. 2.22 crores.

Export

During 1967-68 HMT exported 82 machines valued at Rs. 29.28 lakhs as against 76 machines valued at Rs. 30.12 lakhs in 1966-67. HMT has opened sales-cum-service centres in New York, Frankfurt, Melbourne and Los Angeles and few more are likely to be opened in the near future.

New Designs

HMT has designed and developed six new machines namely (G9) Cylindrical Grinding Machine, (GT) Tool Grinding and Lapping Machine, (G. 13) Cylindrical Grinding Machine, (L. 45) Heavy Duty Lathe, (FB) Fine Boring Machine, and (Chucker) Short Piece Turning Machine. HMT has been continuously striving to develop the existing machine tools and to design new one.

Training

HMT has its own training centres where training is offered in the following trades : (1) Highly skilled operators, fitters, turners, millers, grinders, and (2) Reconditioning of machine tools and preventive maintenance.

Watch Factory

The HMT Watch Factory in Bangalore, turned out 3,00,000 watches during 1968-69 against 2.50 lakh watches in 1967-68. It currently produces seven types of watches — six varieties of Gents' watches, viz., Citizen, Janata, Janata Luminous, Pilot, Sonar and Tarun; and one variety of Ladies' watch viz., Sujata. The Sonar is meant for export and the Pilot is meant for flying personnel. The factory now produces the date watch — HMT Tareekh.

Upto end of March 1968, over 2,000 watches have been exported. The factory sold 3.02 lakh watches in 1968-69 against 2.46 lakh watches in 1967-68.

HINDUSTAN ORGANIC CHEMICALS LTD.

P.O. Rasayani, Dist. Kolaba, Maharashtra.

(Under the Ministry of Petroleum and Chemicals.)

The company's production programme includes a number of organic intermediates like Benzene Hexachloride, Chlorobenzene, Formaldehyde, Aniline, Meta-Amino-Phenol, Acetanilide and a range of Nitro Compounds based on Benzene and Toluene. The manufacture of Sulphuric Acid/Oleum and Hydrogen is also envisaged.

HINDUSTAN PHOTO FILMS MFG. CO. LTD.

Indu Nagar, Ootacamund.

The factory manufactures various types of sensitized photographic materials.

When the factory goes into full production, it is expected to turn out annually 6.15 million sq. m. of photographic film and photographic paper. As an adjunct to the main plant, a Silver Nitrate Plant for producing Silver

Nitrate, a Silver Sludge Recovery plant for recovery of silver from factory wastes, and a unit for synthesizing organic chemicals, which constitute some of the important raw materials for the plant, have also been set up.

The value of sales during the year 1967-68 was Rs. 88.63 lakhs. It has already established production in Cine film positive, medical X-ray film, Bromide Paper and some negative materials.

HINDUSTAN SALTS LTD.

Badnor House, Bhagwan Das Road,
P. Box No. 146, Jaipur.

(Under the Ministry of Industrial Development & Company Affairs)

The salt source at Kharaghoda (Gujarat) and the salt mines at Mandi (Himachal Pradesh) are under the administrative control of the Company.

Production during the fiscal year ending 30th September, 1968, are as follows :—

Common Salt 69,706 M. Tonnes ; Rock and Pan Salt 3,157 M. Tonnes.

The Sambhar Salts Ltd., a subsidiary of Hindustan Salts Ltd., produced 2,12,000 tonnes of salt during the fiscal year ending September 1968.

HINDUSTAN SHIPYARD LIMITED

(Visakhapatnam 5, Andhra Pradesh)

(Under the Ministry of Transport and Shipping)

The shipyard has four building berths with a capacity of 15,000 DWT each, besides a fifth berth for the construction of minor craft. The capacity of the dry dock now under construction will be 57,000 DWT.

Hindustan Shipyards has so far built 47 ships of different sizes and types aggregating more than 3,87,000 DWT.

The second shipyard would be located in Cochin.

The names of ships built by Hindustan Shipyards and of the companies to which they were sold. The figures within brackets show the dead weight tonnage : 1. "Jala Usha" (8,000); 2. "Jala Prabha" (8,000); 3. "Kutubtari" (245); 4. "Jalaparakash" (8,000); 5. "Jalapankhi" (8,000); 6. "Jalapadma" (8,000); 7. "Jalapalaka" (8,000); 8. "Jalapratap" (8,000); 9. "Jalapushpa" (8,000); 10. "Jalaputra" (8,000); 11. "Jalavihar" (7,000); 12. "Jalavijaya" (7,000); 13. "Jalavishnu" (7,000); 14. "Jalavikram" (7,000); 15. "Jalaveera" (7,000); 16. "Jalakala" (12,300); 17. "Jalakendra" (12,300); 18. "Jalakanta" (12,300); Scindia Steam Navigation Co. Ltd. 19. "Bharatmitra" (8,000); 20. "Bharatratna" (8,000); Bharat Line Ltd. 21. "Jagrani" (8,000); Great Eastern Shipping; 22. "Rajkumar" (6,000); Great Eastern Shipping Corporation; 23. "State of Kutch" (8,000); 24. "State of Orissa" (8,000); 25. "State of Uttar Pradesh" (9,500); 26. "State of Rajasthan" (9,500); 27. "Vishwa Nidhi" (9,500); 28. "State of Punjab" (12,300); 29. "Vishvashanti" (12,300); 30. "Vishva Prem" (12,300); 31. "Vishva Maya" (12,300); 32. "Vishva Mangal" (12,300); 33. "State of Madhya Pradesh"; 34. "State of West Bengal"; 35. "State of Mysore"; Shipping Corporation of India; 36. Adyar (Kost Nozzle Tug) (242); Madras Port Trust; 37. "Andamans" (4,000); Government of India Home Ministry; 38. "Vidyut (M.L.)"; Madras Central Excise; 39. "Indian Industry"; India Steamship Co.; 40. "Dhruvak" (500); 41. I.N.S. "Darshak"; Indian Navy; 42. "Jayalakshmi" (5,000); New Dholera Steamship Co. Ltd.; 43. "R.S.V. Haldia"; Calcutta Port Commissioner; 44. "Vishva Tej"; 45. "Vishva Tirth"; 46. "Vishva Seva"; 47. "Vishva Siddhi" (12,300).

HINDUSTAN STEEL LIMITED

P. O. Hinoo, Ranchi.

(Under the Ministry of Steel, Mines and Metals)

Hindustan Steel Ltd. has four steel plants the Rourkela Steel Plant, Bhilai Steel Plant, Durgapur Steel Plant and Alloy Steels Plant the last one not being completed.

Production : During the year 1967-68 production of the important items is given below :—

(In thousand tonnes)

Product	Bhilai	Durgapur	Rourkela	H.S.L.	Alloy Steels
Pig Iron ..	2,080	959	936	3,975	nil
Ingots ..	1,785	738	924	3,447	13.8
Saleable Steel ..	1,252	527	640	2,419	6.6*
C.A.N.	190	190	..

* Out of this 2.7 is forged bars and billets and 3.9 are rolled bars and billets.

Central Engineering & Design Bureau : The Central Engineering & Design Bureau is a full-fledged design and consultancy organisation equipped to undertake planning and designing of ferrous and non-ferrous plants. The CEDB has successfully completed the planning, designing and engineering of 1.8 million tonne expansion of Rourkela and 1.6 million tonne expansion of Durgapur Steel Plants, saving the country Rs. 53.7 million in foreign exchange.

Hindustan Steel has on its rolls 1,19,234 employees.

Rourkela Steel Plant : The plant, situated at Rourkela in Orissa, was set up with financial and technical help from West Germany.

When fully commissioned and has reached its full rated capacity the plant will produce 1.8 million tonnes of ingot steel which will be rolled into 280,000 tonnes of wide and heavy plates, 300,000 tonnes of medium plates and wide strips (hot rolled), 300,000 tonnes of sheets & strips (cold rolled), 50,000 tonnes of tin plates, 100,000 tonnes of electrolytic tin plates, 160,000 tonnes of galvanised sheets and 50,000 tonnes of electrical steel sheets, totalling 1,240,000 tonnes of saleable steel. In addition to the different flat products, ERW (Electric Resistance Welding) pipes of diameter ranging from 8½" to 20" are produced in the Rourkela Pipe Plant. The main by-products from this steel plant coke ovens are benzol, toluene, xylene, solvent naphtha, creosote oil, wash oil, anthracene oil, naphthalene, crude anthracene and crude phenol. Besides, there is a Rourkela Fertilizer plant belonging to Rourkela Steel Plant, which has an annual capacity of 580,000 tonnes of calcium ammonium nitrate.

One of the new products is the cold rolled grain oriented silicon sheets.

Bhilai Steel Plant : Bhilai Steel Plant was set up in Bhilai in Madhya Pradesh with the help of Russian financial and technical help. It has 2.5 million tonnes ingot steel capacity.

The Steel Plant now comprises six batteries of coke ovens of 65 ovens each, one sintering plant with three machines, five blast furnaces, three with 1,135 tonnes each and two with 1,738 tonnes each, of pig iron capacity, six open hearth furnaces of 250 tonnes capacity each, five open hearth furnaces of 500 tonnes capacity each, one blooming mill, one billet mill, one rail and structural mill, one merchant mill and one wire-rod mill.

Saleable production targets of Bhilai Steel Plant under the 2.5 million tonne scheme are : Rails (standard gauge) 500,000 tonnes, Rails (narrow gauge) 20,000 tonnes,

Heavy Structural 386,000 tonnes, Crossing Sleepers 82,000 tonnes, Rounds, Squares and Flats 261,000 tonnes, Billets 315,000 tonnes and Coiled Wire and other products 400,000 tonnes and 317,000 tonnes of pig iron for sale.

Durgapur Steel Plant : Built with financial and technical aid from the United Kingdom, in West Bengal. The plant has now a capacity of 1.6 million tonne ingots and comprises one coal washery with 360 tonnes raw coal per hour, four batteries of coke ovens with 78 ovens each, sinter plant with two sintering machines, four blast furnaces, three of them with 1,270 tonnes of pig iron capacity per day and one with 1,500 tonnes capacity per day, eight open hearth furnaces each with 220 tonnes ingot steel capacity and one open hearth furnace with 110 tonnes ingot steel capacity, one primary blooming mill, one intermediate blooming mill, one billet-cum-sleeper bar mill, one medium section mill, one merchant mill, one sleeper plant, one wheel and axle plant and one skelp mill.

Alloy Steel Plant : The Fourth Steel Plant of the company—Alloy Steel Project in Durgapur—is under construction with Japanese and Canadian technical and financial assistance.

The plant will have an initial capacity of 100,000 tonnes of ingots capable of expansion to 300,000 tonnes of ingots per year. The initial 100,000 tonnes of ingots will be rolled into 60,000 tonnes of steel products. The product-mix of the plant will be High Speed Steel 2,250 tonnes, Carbon tool steel 9,500 tonnes, Alloy tool & die steel 3,600 tonnes, constructional steels 26,650 tonnes and Stainless steel 18,000 tonnes.

All the major units have been commissioned and one is in operation.

Coal Washeries : The company has four coal washeries at Dugda, Bhojudih and Patherdih. Dugda is 30 miles and Patherdih 10 miles from Dhanbad, in Bihar. Bhojudih, in West Bengal, is about 20 miles from Dhanbad. Dugda I Washery had a capacity of 2.4 million tonnes of raw coal input per year, Bhojudih two million tonnes of raw coal input and Patherdih two million tonnes of raw coal. Dugda II has been commissioned with a capacity of 2.4 million tonnes. These coal washeries supply washed coal to Bhilai and Rourkela Steel Plants and to TISCO & IISCO Steel Plants.

Sales : Gross sales, amounted to Rs. 2,517 million in 1967-68.

The value of exports rose from Rs. 93.5 million in 1966-67 to Rs. 309.6 million in 1967-68. Exports during 1967-68 comprised shipments of 520,500 tonnes of pig iron mainly to Japan, 275,300 tonnes of steel, 9,400 tonnes of ingot moulds and 934 tonnes of coke oven by-products, 13,600 tonnes of API pipes to New Zealand, 600,000 angles, beams and channels to the USSR over three years ending December 1970, more than 40,000 tonnes of rails to Malaysia, the Ghana, the Sudan, Iran and Turkey and a long-term contract for export of 80,000 tonnes of billets to Ceylon.

HSL has branch sales offices and stockyards in Calcutta, Delhi, Bombay, Madras, Cochin, Bangalore, Ahmedabad, Secunderabad, Kanpur and Jullunder. HSL has a branch office at Apollo House, 58 New Bond Street, London W1.

THE HINDUSTAN TELEPRINTERS LTD.

Guindy, Madras-32.

The factory manufactures tape and page models of teleprinters, printing reperforator attachment, transmitter attachment, independent automatic tape transmitter and Devnagari teleprinters. It produced 3,504 unit machines in the year 1967-68.

HINDUSTAN ZINC LIMITED

(Under the Ministry of Steel, Mines and Metals)

11/221, Hospital Road, Udaipur (Rajasthan).

The units administered by this Company are: (i) the Zawar Mines. At present the mine production is about 500 tonnes of ore containing both lead and zinc. The ore is processed in a ball mill to produce 5,000 M.T. of lead concentrates and 10,000 tonnes of zinc concentrates annually. (ii) Tundoo Lead Smelter near Katrasgarh, Dhanbad with a capacity to produce 500 M.T. of pig lead per month. The lead concentrates from Zawar Mines are smelted here to produce pig lead of 99.99 per cent purity. A little quantity of silver is recovered as by-product. (iii) An electrolytic Zinc Smelter, has been commissioned at Debari. The Zinc Smelter has been designed to produce 18,000 tonnes of zinc metal, about 29,000 tonnes of sulphuric acid to be converted into 80,000 tonnes of single superphosphate fertilizer and 70 to 75 tonnes of cadmium to be recovered as by-product annually.

INDIA GOVERNMENT SILVER REFINERY

(Ministry of Finance, Dept. of Economic Affairs)

47, Strand Road, Calcutta 7.

This refinery has been installed for the extraction of silver and copper from the Q.A. coins minted during the World War II. Nickel Sulphate and Nickel Silver (an alloy of Cu, Ni, and Zn) are obtained as by-products. The refinery employs 488 persons.

THE INDIAN DRUGS AND PHARMACEUTICALS LTD.N-12 & 13, South Extension (Part I), Ring Road,
New Delhi-3.

(Under the Ministry of Petroleum and Chemicals)

The Indian Drugs & Pharmaceuticals Ltd. has been set up for the manufacture of and trading in drugs, antibiotics surgical instruments and appliances. It has three plants under its control, Antibiotics Plant at Rishikesh, Synthetic Drugs Plant at Hyderabad and Surgical Instruments Plant at Madras. The plants have been set-up with the help of the Government of U.S.S.R. The company and plants have 6,500 employees.

Antibiotics Plant at Rishikesh (Uttar Pradesh): Estimated to cost Rs. 26 crores. An annual production of 300 tonnes of antibiotics as sodium penicillin, procaine penicillin, streptomycin dihydrostreptomycin, tetracycline, chlortetracycline, oxy-tetracycline and nistatin is expected from this project. The Plant produced sodium penicillin, procaine penicillin and streptomycin during the year 1967-68.

Synthetic Drugs Plant at Hyderabad (Andhra Pradesh): Estimated to cost Rs. 23 crores. Annual production capacity of 826 tonnes of sulpha drugs, anti-T.B. and antipyretic drugs, vitamins etc. The plant produced four products during 1967-68. It has achieved stability of production in Phenacetin, Sulphonamides, Analgin, Piperazine Salt and Hydrazine Hydrate.

Surgical Instruments Plant, Madras: The plant produced 79,193 instruments during 1967-68 and sold 73,188 instruments. The exports were worth Rs. 1.03 lakhs. Company has appointed agents in eight foreign countries for sale of instruments.

INDIAN OIL CORPORATION LIMITEDRegd. Office : 254-C, Dr. Annie Besant Road, Prabhadevi,
Bombay-25 DD.

The Indian Oil Corporation comprises two divisions viz. Refineries Division and Marketing Division.

Indian Oil Corporation, Refineries Division, Link House, Bahadur Shah Zafar Marg, New Delhi is responsible for the management of the three public sector Refineries at Gauhati in Assam, Barauni in Bihar and Jawaharnagar in Gujarat. Another refinery is under construction at Halidia near Calcutta.

Marketing Division with its headquarters in Bombay is responsible for distribution of petroleum products all over the country.

INDIAN RARE EARTHS LIMITED

Pil Court, 111, Maharsi Karve Road, Bombay 20.

This Company functions under the administrative control of the Department of Atomic Energy.

(1) The Rare Earths Plant of the Company at Alwaye can process 3,600 tonnes of monazite per annum to produce rare earths chloride, thorium hydroxide and trisodium phosphate. Cerium oxides rare earth fluoride and cerium naphthenate are also produced in small quantities.

(2) The Company also separates ilmenite, rutile, zircon, monazite and garnet from beach sands. It has a 300 tonnes/day plant at Manavalakurichi (Tamil Nadu). This plant functions under the Minerals Division of the Company with its office at Quilon.

(3) The Company also operates the Thorium Plant of the Government of India at Bombay where thorium compounds are manufactured from thorium hydroxide obtained at the Alwaye Plant.

INDIAN TELEPHONE INDUSTRIES LIMITED(Under the administration and jurisdiction of Dept. of
Communications, Govt. of India).

(Dooravani Nagar, Bangalore 16, Mysore State)

Railway Station : Krishnarajapuram
(Southern Railway)

Regional Offices, Sales & Service: "Advent", 62/63, 12-A, Foreshore Road, Bombay 1; 22, Chittaranjan Avenue, United India Life Assurance Bldgs., Calcutta 13; 12-B, Netaji Subhash Marg, Daryaganj, Delhi 6; Agurchand Mansions, No. 35, Mount Road, Madras 2.

Shipping and Clearing Office: III Floor, 32/33, Linghi Chetty, Street, Madras-1.

The factory manufactures all kinds of telecommunication equipment, all kinds of telephones, transmission equipment, testing equipment, automatic road signalling equipment, etc.

Production:—During the year, the main items of exchange equipment produced included 232,284 telephones, and 1,72,000 exchange lines of Strowger type and 35,000 lines of Crossbar type. The Transmission Division produced, 1,516 VFT channels, 170 3-channel group terminals (transistorised), 116 8-channel terminals (transistorised), 300 12-channel group terminals, 112 stackable channels, 226 co-axial line equipment, 411 group and super group translating equipment (groups), besides Railway Control equipment and Defence equipment.

ITI has also developed a field telephone, a wall telephone, a new induction coil for telephone instruments and a new telephone instrument (type 681).

Among the new instrument developed are the Impulsograph, Frequency Counter, Level Meter, Wide Band Extra High Tension generator, 600 K c/s transistorised selective level meter and 600 K c/s oscillator.

Exports during the year 1967-68 amounted to Rs. 51.36 lakhs.

INSTRUMENTATION LTD.

(Ministry of Industrial Development & Co. Affairs.)
Kota-Jhalawar Road, Kota (Rajasthan)

The company produces industrial process control instruments comprising a variety of transmitters, indicating and controlling pyrometers, single and multi-point electronic recorders for measurement of temperature, pressure, flow, level and other process variables.

The company also provides complete turn key service for thermal power stations, steel plants, fertilizer plants and other process industries.

INTEGRAL COACH FACTORY

Perambur, Madras 38.
(Under the Ministry of Railways)

The factory consisting of two divisions, Shell & Furnishing, meets the requirements of passenger coaches of the Indian Railways. During 1967-68, 642 shells were manufactured and 700 coaches furnished, consisting of various types.

The design of the coach turned out is of the Integral type.

Up to the end of March 1968, 6,084 shells have been turned out and 4,115 coaches furnished. The factory produces diesel rail cars and air-conditioned stock, in addition to conventional III Class, I Class and Sleeper Coaches, both Broad and Metre Gauges. The annual turnover of the factory has now reached 15 crores mark. The total number of employees on rolls is 10,600.

JANPATH HOTELS LIMITED

New Delhi.

The Company manages three hotels in Delhi viz., Hotel Janpath, Hotel Ranjit and Lodhi Hotel with a room capacity of 222, 216 and 224 respectively.

JAYANTI SHIPPING COMPANY LTD.

Regd. Office: Rehem Mansion No. 1, 42, Colaba Causeway, Bombay-1.

Mg. Agents: The Shipping Corporation of India Ltd., Steelcrete House, 4th floor, Dinshaw Wacha Road, Bombay-10 BR.

Agents: Throughout the world.

Jayanti Fleet

Tankers (in DWT): Adi Jayanti 33,099, Vikram Jayanti 57,588; *Cargo Ships (in DWT):* Ashoka Jayanti 10,030, Gandhi Jayanti 10,920, Krishna Jayanti 11,050, Laxmi Jayanti 10,050, Rama Jayanti 10,960.; *Bulk Carriers (in DWT):* Bharata Jayanti 36,496, Gotama Jayanti 36,416, Akbar Jayanti 36,471, Chandragupta Jayanti 36,504, Shahjehan Jayanti 36,478, Kanishka Jayanti 36,528, Devaraya Jayanti 36,491, Samudragupta Jayanti 36,464. *Combined Oil/Ore Carriers (in DWT):* Bhaskara Jayanti 21,594, Leelavati Jayanti 21,615, Chanakya Jayanti 21,594.

Total (DWT): 5,00,348 LT.

KOLAR GOLD MINING UNDERTAKINGS

Kolar Gold Fields, Oorgaum P.O., Mysore State.

Is now under the administrative control of the Department of Economic Affairs, Ministry of Finance, Government of India. The mines working at present are: Mysore/Champion Reef Amalgamated Mine and Nundydroog Mine.

No. of workmen: About 13,200.

The gold production during 1967-68 was 23,45,416 grammes worth Rs. 198.60 lakhs.

MACHINE-TOOL PROTOTYPE FACTORY, AMBERNATH

(Under the Ministry of Defence)

MAZAGON DOCK LIMITED

Mazagon, Bombay 10.
(Under the Ministry of Defence)

It is fully equipped to carry out all types of repairs to all kinds of ships like passenger ships, tankers and cargo ships and maintains a round the clock, 7 days-a-week repair service.

Mazagon Dock Limited has three dry docks— Ritchie, Mogul and Mazagon.

Besides the three dry docks, Mazagon Dock has converted the tidal Kasara Basin into an impounded wet dock. It can take 3 to 4 medium-size ships for repair/fitting out.

Mazagon Dock has six building berths— four open and two covered. The Company can now undertake the construction of large ocean-going vessels of 15,000 DWT.

The first Leander class anti-submarine frigate being built by Mazagon Dock was launched in October 1968. The Company has already started the construction of the second frigate.

The company also undertakes steel fabrication work, ferrous and non-ferrous foundry work, steel forgings and automobile work, all types of timber construction and general engineering work.

Mazagon Dock manufactures liquified petroleum gas tanks of ten ton capacity and also both horizontal and vertical MAZDOCK Crude Oil Cold Starting engines with horse power ranging between six and twenty.

The total turnover of the Company has increased from Rs. 501.27 lakhs in 1966-67 to Rs. 692.84 lakhs in 1967-68.

MODERN BAKERIES (INDIA) LIMITED

Registered Office: B-33, North Extension Area, Karol Bagh, New Delhi 5.

The company has six modern automatic bakeries at Ahmedabad, Bombay, Calcutta, Cochin, Delhi and Madras. The capacity of each will be 35,000 loaves of 400 gms. per day except those of Bombay and Calcutta where the rated capacity would be 70,000 loaves per day. All except the Calcutta unit have gone into production. The company is setting up similar units at Bangalore, Hyderabad and Kanpur.

THE MOGUL LINE LTD.

16, Bank Street, Bombay 1.

Pilgrim Booking Office: Nos. 4 & 5, Mahomed Haji Saboo Siddick Musafirkhana, Carnac Road, Bombay 1.

Regular Passenger-cum-Cargo service from Bombay to Aden and Red Sea ports & regular Indian coastal service for transport of coal, salt, cement etc. A special Pilgrim Service is arranged between Bombay and Jeddah during Haj season every year.

NAHAN FOUNDRY

(Nahan, Sirmur District, Himachal Pradesh).

Production consists of improved type of cane crushers, bullock as well as power driven, mono-block pumps, electric motors from $\frac{1}{4}$ H.P. to 15 H.P. of ISI certification

mark in large number, improved types of ploughs, corn-sheller machines; harrows; and other miscellaneous items. The Foundry undertakes quality casting work for P. & T., D.G.S. & D., Public Health and Railways.

NATIONAL INSTRUMENTS LTD.

(1/1, Raja Subodh Mullick Road, Jadavpur, Calcutta 32).

(Under the Ministry of Industrial Development & Company Affairs.)

This Company manufactures and repairs at its Instruments Plant at Jadavpur, Calcutta, precision instruments such as Survey Instruments, Drawing Office Equipment, Optical Instruments such as Microscopes & Binoculars, Vision Sighting Equipment of various types, Medical Instruments such as Ophthalmoscope & Sphygmomanometer, Measuring Instruments such as Pressure and Vacuum Gauges and a variety of other precision instruments.

The Company's Ophthalmic Glass Plant at Durgapur produces 300 tonnes of Ophthalmic Glass Blanks.

The Company has provided training facilities under the Apprenticeship Act.

The Instruments Plant at Jadavpur has taken up a modernisation and diversification production programme to produce a sophisticated range of products now being imported like one Second Theodolite, Automatic Level etc.

NEYVELI LIGNITE CORPORATION LTD.

(Ministry of Steel, Mines & Metals, Government of India). Neyveli 1, South Arcot Dist.

This is a Rs. 170-crore Project. The Integrated Project envisages the mining ultimately of 6.3 million tonnes of lignite per annum, the present rate being 4.5 million tonnes per annum.

The lignite is utilised for (a) the generation of power in a Thermal Power Station, (b) the production of Urea with a nitrogen content of 46 per cent in a Fertilizer Factory of capacity 1,52,000 tonnes of Urea per annum, and (c) manufacture of 3,27,000 tonnes of carbonised briquettes from lignite per annum in a Briquetting & Carbonisation Plant.

The following tar products are also produced in the B & C Plant: Tar, Neutral Oil, Carbolic Acid (Phenol), Ortho Cresol, Meta-Para Cresols, Xylenols and Polyvalent Phenols.

Upto 31st March 1968, about 116 lakh tonnes of lignite has been raised and about 6,930 M.Kwhrs. of power generated.

OPTICAL GLASS

Central Glass and Ceramic Research Institute, Calcutta 32.

This factory produces the major types of optical glass required in the country.

PYRITES AND CHEMICALS DEVELOPMENT CO., LTD.

Registered Office: Dr. Joseph House, Canal Road, Dehri-on-Sone, Dist. Shahabad, Bihar.

Branch Offices: (i) Mining Project, P.O. Amjhore, Dist. Shahabad, Bihar. (ii) Office of the Resident Representative, N-5, South Extension, Part-I, New Delhi-3.

(iii) Office of the Assistant Purchase Officer, No. 9, Syed Amir Ali Avenue, Fourth Floor, Calcutta-17.

Objects: Raising, assembling and transporting of pyrites and phosphates ores in such areas in India and elsewhere as the Company may from time to time determine for the purpose of sale or use or for the manufacture of sulphur, sulphuric acid and any other bye products out of pyrites ore and for manufacture of phosphate and allied fertilizer minerals.

Activities: Investigation, Planning, Exploitation and mining programme of pyrites and rock phosphates.

Reserves and Mining Programme: *Pyrites:* The mines at Amjhore have already started production and more than 11,000 tonnes have been despatched to Sindhri. The programme is to produce annually 2.4 lakh tonnes of pyrites ore.

It has been decided by the Government of India to entrust to this Company the exploitation of pyrites deposits in Saladipura, Rajasthan and of the recently found rock-phosphate deposits in Rajasthan and in Maldeota, U.P.

RAJASTHAN ATOMIC POWER PROJECT

(See under "Research")

SHIPPING CORPORATION OF INDIA LIMITED

Registered Office: "Steelcrete House", Dinshaw Wacha Road, Bombay-20 BR.

Branch Offices: CALCUTTA: Nilhat House, 11, R. N. Mukherjee Road, Calcutta-1.

MOMBASA: Renmar House, Kilindini Road, Mombasa. Chairman & Managing Director: C. P. Srivastava, IAS.

Number of vessels: Cargo vessels 46, passenger-cum-cargo 4, bulk carriers 3, timber carrier 1, bulk coal carriers 3, tankers 5, Total 62.

Total G.R.T.: 5.59 lakhs, D.W.T. 8.18 lakhs.

Services: Passenger-cum-cargo services from India (1) East Africa (2) Malaysia & Singapore (3) Ceylon and (4) Calcutta-Madras to Andaman & Nicobar Islands.

Cargo Services: From India to U.S.A. (Atlantic & Pacific Coasts), Canada (Pacific Coast), U.K., Continent; Poland; U.S.S.R.; U.A.R.; Australia; Japan; West Asia (Gulf and Red Sea).

Tanker Services on coastal and overseas trades, Colliers on Indian Coast.

TARAPUR ATOMIC POWER PROJECT

(See under "Research")

WASHERIES

The Durgapur washery which is an integral part of the Durgapur Steel Plant, has an input capacity of 1.5 million tonnes of raw coal per annum. The three Hindustan Steel Ltd. washeries at Dugda, Bhojudih and Patherdih have input capacities of 2.40, 2.00 and 2.00 million tonnes respectively and the Kargali washery of the National Coal Development Corporation has an input capacity of 2.72 million tonnes per annum. Dugda II Washery with raw coal input capacity of 2.40 million tonnes has been completed. Washerries at Kathara, Gidi (Karanpura) and Sawang with input capacities of 3.00, 2.84 and 0.75 million tonnes of raw coal per annum respectively are nearing completion.

STATE-OWNED OR STATE-AIDED

ANDHRA PRADESH

THE ANDHRA PAPER MILLS LTD.

(Rajahmundry).

Head Office : Shreenivas House, Waudby Road, Bombay 1.

The present production capacity is 70 tons per day. The production of the Mills is confined to writing, printing, off-set printing, map litho, pulp board, kraft, poster and other quality papers.

GOVERNMENT CERAMIC FACTORY

(Gudur, Nellore Dist.)

The factory produces sanitaryware and low tension electrical insulators. During the year 1967-68 the production was 4.47 lakh kgs. valued at Rs. 5.72 lakhs.

HYDERABAD TANNERIES LTD.

(Hyderabad)

The factory does the tanning of cow and buff hides, sheep skins and goat skins. Export of tanned hides and skins is also done.

NIZAM SUGAR FACTORY LTD.

The Nizam Sugar Factory is the largest single sugar producing unit in the country.

PRAGA TOOLS LIMITED

6-6-8/32, Kavadiguda Road, Secunderabad 3.

The Company produces machine tools and allied accessories, precision tools, forgings for auto and diesel spares and rail-road components, defence items, etc.

SINGARENI COLLIERIES

Coal is mined in the State by the Singareni Collieries Co. Ltd. from the coal fields at Kothagudem, Yellandu, Rudrampur, Belampalli, Mandamari, Ramakrishnapur and Ramagundam.

Production of coal during 1967-68 was 40.95 lakh tonnes as against 41.78 lakh tonnes in 1966-67.

ASSAM

ASEB METER WORKS

Short Round Road, Shillong.

A Rs. 60 lakhs factory, an Assam State Electricity Board enterprise, manufactures single phase house service KWH metres and polyphase metres. It went into production in Jan. 1962.

ASSAM CEMENTS LIMITED

Cherrapunjee, Assam.

The Company has set up its factory at Cherrapunjee for manufacture of Portland Cement with a capacity of 250 tonnes per day.

ASSAM GAS COMPANY LTD.

Shillong (Assam).

Aims and Objects : Utilisation of natural gas available from the Oil and gas fields in Assam as feed stock for petrochemical industries and as industrial and domestic fuel. Distribution of liquified petroleum gas for domestic and laboratory fuel.

Present Activity : Extension of the existing 14" diameter Namrup-Naharkatiya pipeline to Duliajan and installation of the Gas Compressor Station at Duliajan. Another

8" diameter pipeline parallel to the existing 8" diameter pipeline for supply of gas to the Fertilizer Factory of the Fertilizer Corporation of India Ltd., will be soon taken up for construction.

ASSAM GOVERNMENT FILM STUDIO

Kahilipara, Gauhati.

The basic objective was to encourage private film producers to undertake production of indigenous films at the minimum cost. A substantial part of the project has been completed.

The State Government has constituted an Advisory Board to advise the Government in all matters on the management and proper maintenance of the Film Studio with the Chief Minister, as the Chairman.

BIHAR

BIHAR STATE SUPERPHOSPHATE FACTORY

P.O. Sindri Institute, Dist. Dhanbad.
(Bihar).

Installed capacity of plants : (i) 240 tons superphosphate per day ; (ii) 25 tons of 100 per cent sulphuric acid per day.

At present the factory produces between 35,000 and 40,000 tons of superphosphate a year.

HIGH TENSION INSULATOR FACTORY

P. O. Namkum, Ranchi-10, Bihar.

This factory has been set up by the Government of Bihar with the technical collaboration of Czechoslovakia. The present installed capacity is 2,400 metric tonnes per annum with the varying range of production as transmission line insulators upto 132 KV, bushings and Pin & Post insulators upto 33 KV besides L.T. Pin, Shackles and Guy insulators.

GUJARAT

THE BHAVNAGAR PUBLIC DAIRY LTD.

Bhavnagar (Gujarat).

This dairy draws supplies of milk from producers co-operative societies within 30 miles radius. Apart from bottled milk, the dairy also manufactures practically all major by-products including ice-cream, on a small scale.

It handles about 5,000 litres of milk per day processed through a 220 gallons per hour pasteurising plant.

GUJARAT STATE FERTILIZERS COMPANY LTD.

P. O. Box No. 123, Baroda.

The details of production, expansion plans, etc., are : First phase already completed. Annual production capacity in metric tonnes per year : Ammonia 150,000 ; Urea 103,000 ; Technical Grade Urea 3,300 ; Sulphuric Acid 156,000 ; Phosphoric Acid 54,500 ; Ammonium Sulphate 156,000 ; Diammonium Phosphate 113,000 ; Ammonium Sulphate Phosphate (20 : 20) 264,000 ; No. of persons employed 1,150. Total yearly potential sales Rs. 30 crores.

Second phase started (June 1967) — Ammonia 165,000 tons per year ; Urea 264,000 tons per year ; total Nitrogen and P_2O_5 313,000 tons per year ; (in terms of plant nutrient). Yearly total investment including working capital, interest, letter of credit formalities, etc., for first and second phase together Rs. 63 crores.

Third Phase — Cyclo hexane and Caprolactum 16,500 tons per year. Total number of persons employed 1,600.

JAMMU & KASHMIR

COUNCIL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

DRUG RESEARCH LABORATORIES

Raj Bagh, Srinagar.

The present production and the sales effected are valued at Rs. five lakhs and Rs. six lakhs respectively.

DRUG RESEARCH LABORATORIES

(Factories & Farms)

(CSIR)

Canal Road, Jammu, Tawi.

Belladonna concentrated extracts, Belladonna consumer goods, i.e., Belladonna plaster etc. Dissogenin, Menthol and Dementholised oil, Pyrethrum Oleoresin and cedarwood oil.

GOVERNMENT SILK WEAVING FACTORY

(Raj Bagh, Srinagar).

It is the largest powerloom factory for the production of pure silk fabrics in India. At present there are 126 looms and 9,000 spindles. The factory is equipped for dyeing and block printing.

The total production is 3.50 lakh metres per year.

GOVERNMENT WOOLLEN MILLS

(Srinagar, Kashmir).

The average monthly production on the basis of 1962-63 working is—cloth 2,31,000 yards and yarn 4,54,000 lbs.

[K E R A L A]

GOVERNMENT OIL FACTORY

(Kozhikode).

The factory now produces various vitamin products such as Seagold blended shark liver oil, Adamin liquid high potency Vitamin Oil, Adamin capsules, Stayfit liquid, Stayfit capsules, and Veterinary Vitamin Oil such as Univax and Trivax, etc. using up-to-date equipment and testing apparatus.

KERALA GOVERNMENT CERAMICS

Kundara, P.O. Kerala.

The Kerala Ceramics Ltd., Kundara consists of three working units.

Unit I, the New Porcelain Factory producing porcelain crockery, and low tension electrical insulators. *Unit II*, the old Factory is now being reorganised for the production of stoneware pipes and refractories and *Unit III*, China Clay Mines producing refined China Clay.

THE KERALA PREMO PIPE FACTORY LIMITED

Puthenthura (P.O.), Quillon District.

Registered Office : Puthenchantai, Trivandrum 1.

In this factory prestressed high and low pressure concrete pipes and R.C.C. pipes are manufactured for water supply, drainage and irrigation.

It also produces power transmission poles and mosaic tiles. The factory can design and manufacture special purposes reinforced concrete or prestressed concrete articles.

It can manufacture upto 25,000 metres of prestressed concrete pipes annually. Pipes can be designed and manufactured for all normal water supply and drainage requirements.

KERALA SOAPS AND OILS LTD.

(Soap Institute Division)

Calicut-11.

The institute manufactures several varieties of toilet soaps including the Kerala Sandalwood, Willingdon, Vep, Rose soaps etc. as also Wash-well and other varieties of bar soaps.

The capacity of the factory is about 450 tons per annum. But it is now being increased to 700 tons.

Turnover in 1967-68 was Rs. 16 lakhs.

PALLATHRA BRICKS & TILES LTD.

P.O. Kochuramapuram, Shertallay.

The object of the Company is to produce and distribute sand lime bricks, a new architectural brick of high strength and finish. The designed capacity of the factory is 44,000 bricks per working day of 16 hours.

TRACO CABLE COMPANY LTD.

Irimpanam, Ernakulam.

One of the main objects of the company was to carry on business as manufacturers and dealers in all kinds of wires and cables.

The present licensed capacity is 36 million core yards of VIR/PVC/Polythelene Wires & Cables and 1,500 M.T. of A.A.C./A.C.S.R. Cables.

The Company's present production lines include PVC Wires with both copper and aluminium conductors, PVC insulated armoured and unarmoured power cables for working voltages upto 1.1 kV and A.A.C. & A.C.S.R. Conductors.

The Company proposes to manufacture PVC insulated jumper wires, switch board wires and multicore telephone cables.

TRAVANCORE PLYWOOD INDUSTRIES LTD.

Punalur.

The installed capacity of the factory at present is 4.5 lakh sq. metres plywood panels including decorative sizes per annum.

Annual turnover is Rs. 20,00,000.

A modern commercial plywood unit with an installed capacity of 20 lakh sq. metres of plywood is expected to go into production in 1969-70.

TRAVANCORE TITANIUM PRODUCTS LTD.

Kochu Veli, Trivandrum-7 (Kerala)

The factory is the only unit in India producing Titanium Dioxide pigments, an important intermediate for paint and many other consumer products. It has now a production capacity of 18 M. tons per day.

TRIVANDRUM RUBBER WORKS LTD.

(Chackal, Trivandrum 7).

The main products of the company are Rubber goods such as Cycle Tyres and Cycle Tubes, Hoses of all kinds, Latex goods, foams cushions and mattresses, Tubings, sheetings, moulded goods etc., Cycle Rims and 'Kerala' Cycles. The Company is now exporting Cycle Rims to East African and other African countries. The company employs 415 persons.

TRIVANDRUM SPINNING MILLS LTD.

Balaramapuram.

Equipped with modern superhigh draft machinery for 25,200 spindles, this mill manufactures quality yarn of counts varying from 20's to 100's in hanks and cones.

MADHYA PRADESH**MADHYA PRADESH LAGHU UDYOG NIGAM LTD.**

Shahnaz Manzil, Sultania Road, Bhopal.

Main objects are to promote the growth and development of Small Scale Industries in the State.

The Nigam has undertaken the following activities:—

- (1) Procurement and distribution of scarce and controlled materials to the Small Scale Industries in the State at fair price through its raw material depots at Indore, Gwalior, Khandwa, Bhopal, Bhind, Jabalpur, Bhilai, Satna & Bilaspur.
- (2) Running of seven production units manufacturing umbrella ribs & sticks, brushes, cycles and cycle parts, centrifugal electric pumps and motors, finger jointed wooden products and iron and steel products.
- (3) Two New Production Units for the manufacture of Agricultural implements being started at Khandwa and Bhilai.
- (4) Supply of machines on hire purchase.
- (5) Sale of handloom and handicraft products, through 14 emporia and participation in exhibitions and export promotion.
- (6) Sales and publicity for the increased sales of products manufactured by the Production Units run by the Nigam and also to meet the demands of the State Government Departments Institutions.
- (7) Construction of industrial estates and development of industrial areas.

THE NATIONAL NEWSPRINT AND PAPER MILLS LIMITED

(Nepanagar, Nimar Dist., Madhya Pradesh).

The factory produces newsprint. The rated capacity of the plant is 30,000 tons yearly. The production during 1967-68 was 31,308 tonnes.

There were 1,440 workers as on March 31, 1968.

MAHARASHTRA**MANGANESE ORE (INDIA) LTD.**

3, Mount Road, Extension Nagpur.

The Manganese Ore India Ltd. operates the manganese mines in Nagpur, Bhandara and Balaghat districts. All mines except Dongri Buzurg, which were previously being worked by the C. P. Manganese Ore Co. Ltd. were transferred to this Company.

The output and sales of the usual grades of manganese ore during 1967-68 were 3,33,027 and 2,35,520 tonnes respectively, besides 1,06,605 and 53,200 tonnes respectively of lower grade ore. The total number of workers employed by the company at different mines is 16,000.

MYSORE**THE GOVERNMENT CENTRAL INDUSTRIAL WORKSHOP**

(Mysore Road, Bangalore 26).

Annual outturn: Rs. 35.57 lakhs. No. of persons employed: 322.

The workshop is engaged in general engineering works such as manufacture of inter cooler unit, cold blender, bobbins, road rollers, copper alloy and sliding bearing plates, hand mixers. The manufacture of low bed trailer and dumper bodies is also undertaken.

GOVERNMENT ELECTRIC FACTORY

(Mysore Road, Bangalore).

Main products: Transformers in sizes upto 3,000 kVA and voltages upto 33 kv to an aggregate of 3,00,000 kVA per annum. Annual outturn Rs. 150 lakhs. No. of persons employed: 1,000.

GOVERNMENT SANDALWOOD OIL FACTORIES IN MYSORE

Factories at (1) Mysore, (2) Shimoga (Mysore State).

Production: 1967-68: Quantity 108,952 Kgs. of Sandalwood oil valued at Rs. 89,63,000. No. of persons employed 330.

GOVERNMENT SOAP FACTORY

Post Box No. 1031, Bangalore-12.

Annual outturn: Rs. 2.13 crores. No. of persons employed: 298.

The factory produces 3,000 tons of soaps per year. It has now installed a latest Automatic Vacuum Toilet Soap Processing Plant (COMIS 150) imported from Italy. The factory produces world famous "MYSORE SANDAL SOAP" and other varieties of soaps.

THE HUTTI GOLD MINES CO. LTD.

Hutti P.O. (Via Raichur-Deccan).

The current production is at the rate of 1,15,000 tons of ore treated per annum with a recovery of 925 kg. of gold.

Production at the expanded rate was scheduled to commence early in 1969, when 3,10,000 tons of ore would be treated per annum for a recovery of about 1,930 kg. of gold.

THE MAHABOOB SHAHI KULBURGA MILLS CO. LTD.

Gulbarga (Mysore State).

The Mill has now a capacity of 17,000 spindles and 528 looms with Processing Section.

THE MYSORE CHROME TANNING CO. LTD.

Mysore Road, Bangalore-26.

The company manufactures all kinds of chrome upper leathers, B.T. sole leathers, besides manufacturing leather goods such as ammunition boots for police and defence departments, air travel bags, document cases, suit cases, ladies hand bags, industrial leathers, washers for hydro-electric turbines, safety belts and straps for hot line workers etc.

THE MYSORE IRON AND STEEL LIMITED

(Bhadravati, Shimoga Dist., Mysore State).

The Mysore Iron & Steel Ltd., an integrated steel plant, produces a number of engineering goods other than iron and steel. The company has the following products—mix with their annual capacities in tonnes. Alloy and special steels 77,000; Pig iron 80,000; steel ingots 1,80,500; steel sections, strips and rods 68,000; cement 90,000; Ferro-silicon, ferro-manganese, ferro-chrome, silico-manganese, low carbon ferro-manganese 20,000; cast iron vertically cast pipes 10,000; cast iron spun pipes 10,000; cast iron railway sleepers 15,000; cast iron castings 10,000 and cast steel castings 2,500.

The expansion scheme for stepping up the production of pig iron from 80,000 tonnes to 2,00,000 tonnes is under way. The Company exports its products like ferro-silicon pig iron and steel to various countries like U.K., U.S.A., West Germany, Saudi Arabia, Japan, Malaysia, Singapore, Ceylon, etc. The company employs 9,421 persons.

MYSORE GOVERNMENT SILK WEAVING FACTORY Mananthody Road, Mysore-4.

Annual outturn : Rs. 24 lakhs. Number of persons employed : 268.

The factory is engaged in the manufacture of high grade 100 per cent re-reeled pure silk fabrics such as Crepe-de-chine, Georgette, Satins, Sarees, Kerchieves, ties and other ladies wear. Annual outturn is Rs. 24 lakhs.

New varieties such as Tom-tom, Fireplay, Navrang, Champion, Rainbow, Taffetta fabrics; Scarves, Raw Silk fabrics, Batic printed sarees, Reversible sarees etc., are also manufactured.

MYSORE IMPLEMENTS FACTORY (Hassan).

Annual outturn : Rs. 40 lakhs. No. of persons employed : 309.

The factory has been mechanised for mass production of agricultural, estate and horticultural implements and tools like munties, pick axes, sledge hammers, shovels, crowbars, sheet metalware, etc. to meet the increasing demand from several Govt. departments for their several irrigation projects and drought relief works and private consumers. A network of agencies are functioning throughout the country.

MYSORE PORCELAINS LIMITED

P.B. No. 1, Science Institute Post, Bangalore 12.

The company manufactures a variety of electrical porcelains, the number of styles at the last count being 430. The present production capacity is 7,500 tonnes.

Annual outturn Rs. 170 lakhs.

Number of persons employed : 1,600.

NGEF LTD.

Byappanahalli, Bangalore-33.

Main products : (i) Transformers upto 40,000 kVA and voltages upto 132 kV to an aggregate of 600,000 kVA per annum, per single shift. (ii) *Motors :* Upto 1840 HP both in LT and HT upto 6.6 kV to an aggregate of 4,00,000 HP per annum, per single shift. (iii) *Switchgear :* Low oil content circuit breaker upto 11 kV, Air circuit breakers, HT and LT Switchboards, Distribution boards, Load Break Switches, Isolators, HRC Fuses etc., of the value of about Rs. 1.2 crores per annum, per single shift.

RADIO & ELECTRICALS MFG. CO. LTD.

Mysore Road, Bangalore-26.

The company manufactures radio receivers & allied components, plastic insulated wires & cables, electricity meters, water meters, wave-change switches, paper & electrolytic capacitors, loudspeakers, transistorised radio receivers, and community radio receivers. There is a Research & Development Wing to design a large variety of electronic test equipment mostly for company's own use. The company also produces single phase electricity meters, polyphase electricity meters—both 3 phase 4 wire and 3 phase 3 wire, multijet inferential type watermeters, a new type of watermeter viz. 'TNR' and lightning arresters.

TUNGABHADRA STEEL PRODUCTS LTD.

Tungabhadra Dam P.O. (Bellary Dist., Mysore).

Production : Steel structures including gates, hoists and transmission towers 4,000 tons per annum; penstocks 3,000 tons; grey iron castings 500 tons; cranes worth Rs. 18 to 24 lakhs per annum.

A galvanising plant with a capacity of 3,000 tons per annum in a single shift has been commissioned. The company has its own design branch, grey iron foundry, rubber seal section, X-ray and photographic section.

It has entered into a collaboration agreement with Messrs. Est. Neyrpic, Grenoble, France for the designing and fabrication of hydraulic gates.

ORISSA

CUTTACK IRON & STEEL PRODUCTS LTD

Industrial Estate, Cuttack-3 (Orissa).

The company manufactures fabricated steel goods. It undertakes all types of fabrication work. Its products can be divided into three categories : (1) Heavy Goods (trusses, transmission towers, hand cranes etc.), (2) Semi-Heavy Goods (window grill, steel window, W.I. gate, collapsible gate, garage gate, electric cross-arms, wheel barrow, scraper, drums etc.) (3) Light Goods (novelty goods like table tray, flower stand, garden chair and other types of furniture and office equipment like file tray, file rack, etc.).

ORISSA BOARD MILLS LTD.

P.O. Jagatpur (Dist. Cuttack, Orissa).

(Regd. Office : Meria Bazar, Cuttack-1).

This is a pilot project company of the Government of Orissa. The mills produce monolithic quality straw boards and mill boards from 16 oz. to 48 oz.

ROURKELA FABRICATIONS LTD.

Industrial Area, Rourkela-4.

The factory manufactures quality steel window, angle roof trusses, purlins, all steel screw gear shutters, falling shutters and for any type of structural heavy, medium and light.

Turn-over for 1967-68 : Rs. 5.20 lakhs.

TAMIL NADU

WOOL PROCESSING CENTRE

Vinnamangalam, North Arcot District, Madras.

The Wool Processing Centre, a joint venture of the Governments of Tamil Nadu and Mysore is processing tannery wool/hairs, bristles to meet the requirements of drugget, carpet and felt manufacturers of India and abroad. The production capacity is 750 tonnes per year.

The unit is controlled by the Director of Industries & Commerce, Tamil Nadu.

UTTAR PRADESH

GOVERNMENT CEMENT FACTORY

Churk, Mirzapur, U.P.

The plant's present rated capacity is 1,400 tonnes of cement per day. Production of cement during 1967-68 was 3,74,367 tonnes.

In the factory, 1,859 persons are working and 1,500 persons are working in the quarries of the factory.

GOVERNMENT PRECISION INSTRUMENTS FACTORY

Lucknow, P. Box 153, U.P.

The factory produces watermeters of 15 mm, 20 mm and 25 mm sizes, microscopes research, scholar and bullet

comparison and pressure gauges of 2½", 4" and 6" dial sizes in various ranges and depth gauges.

THE INDIAN TURPENTINE & ROSIN CO. LTD.

P.O. Clutterbuckganj, Bareilly (U.P.)

From crude resin, the company manufactures turpentine and rosin of international repute conforming to I.S.I. Certification marks. The gum of pine trees, the main raw material, is being obtained from the Kumaon and Tehri forests of U.P.

WEST BENGAL

THE KALYANI SPINNING MILLS LTD.

67, Bentinck Street, Calcutta-1.

Works: Kalyani, Dt. Nadia; and Habra, Dt. 24-Parganas.

Range of Manufacture: Cotton yarn from 20s to 100s, carded and combed, singles and doubles, in hanks and cones—for handlooms, powerlooms and hosiery.

Installed capacity: 75,160 spindles. Production during 1967-68: 12,51,420 kgs. Persons employed: 2,000 (approximately).

THE DURGAPUR PROJECTS LTD.

Registered Office: 10, Middleton Row, Calcutta-16.

Factory: Coke Oven Plant, P.O. Durgapur-2, Burdwan.

Products: Coke, Benzene, Industrial Toluol, Motor Benzol, Light Solvent Naptha and Lux Mas.

Tar Products: Carbolie oil, Solvent oil, Naphthalene oil, Crude Naphthalene, Anthracene oil, Timber Pickling oil, Sodium Phenolate, Processed Tar, Road Tar (No. 3 & 4).

ALCOHOL INDUSTRY

INDUSTRIAL alcohol is a very valuable material in the manufacture of acetone acetic acid, ether, chloroform, ethyl acetate polyethylene, styrene, polystyrene, etc. It is also necessary as a solvent in the manufacture of fine chemicals, medical preparations, toilets, etc. Since the last war, its importance has increased. It is now essential in the manufacture of ammunition and of artificial rubber.

(The details about the progress and achievements during the three Plans have been fully discussed in the Directory for the year 1965-66).

It is estimated that during the Third Plan, Rs. 4.0 crores had been invested for attaining a capacity target of 324 million litres of alcohol by 1965-66. The imported component was likely to be about Rs. 40 lakhs.

The installed capacity and actual production of power and industrial alcohol are given below :

(Thousand litres)

MONTHLY AVERAGE					
(a) Power*			(b) Rectified spirit		
Production			Installed capacity**	Production	
1964	120.2	19,590.0	13,391.8
1965	67.9	24,297.0	15,718.7
1966	204.0	—	15,717.3
1967	51.1	24,864.0	10,663.4

* Installed capacity is not available.

** From February 1964 onwards figures include capacity of Power Alcohol.

SOURCE: Monthly Statistics of Production, (C.S.O.), January-February 1968.

In 1965, there were 60 distilleries in the country with a capacity of 2.75 lakh kilo litres. The aggregate installed capacity of these units now in production is 3.12 lakh kilo litres.

The total availability of alcohol, i.e. production plus imports minus exports was about 1,89,888 kilo litres in 1965. It shot up to 1,91,000 kilo litres in 1966 but came down to 1,43,000 kilo litres in 1968. The demand for alcohol is expected to go up to 3,00,000 kilo litres by 1971.

Imports of alcohol are banned, but small quantities are imported along with drugs and perfumed spirits or in the form of liquors. Exports of alcohol are confined to despatches of denatured spirit to Burma and Ceylon and small quantities of rum.

The annual drink bill of India is reported to be about Rs. 146 crores. Of this, one third is spent on illicit liquor. Delhi stands first in the consumption of foreign styled liquor, followed by Mysore. The present annual production of alcoholic drinks in India is 4,182 kilo litres. There are seven registered factories with a productive capital of Rs. 184 lakhs as per ASI data (1964). There was a decline in capacity utilisation by the alcohol industry from 67 per cent in 1966 to 47 per cent in 1968.

The fuel requirements of the industry is estimated at 2,50,000 tons of coal per annum in the final year of the Plan. The additional fixed investment is estimated at Rs. 4 crores, its foreign exchange component being about Rs. 40 lakhs. The additional employment during the Third Plan is estimated at 5,000.

Tentative 1970-71 estimates of demand versus supply of traditional raw materials. (Alcohol from Molasses).

(1) Alcohol Demand	Alcohol requirement (tonnes per year)
Polythylene	24,000
S B R	80,000
Acetic Acid	40,000
Butanol	13,000
Styrene (excluding SBR)	15,000
PVC/Ethylene Dichloride	10,000
Butanol/Acetic Acid/Zethyl	20,000
Hexacol	4,000
DDT	2,06,000
Miscellaneous and Potable.. .. .	1,50,000
	3,56,000

At present there is acute shortage of industrial alcohol. This is due to extreme shortage in supply of molasses and power alcohol. In some States it is found more profitable to convert molasses into country liquor. This has affected considerably alcohol based industries. Besides, export of molasses has not been totally stopped in India. But India will earn more foreign exchange by converting alcohol into manufactured goods like polythene, pharmaceuticals, etc. Creation of a Molasses Board to assess production and demand in various States is already mooted.

In Gujarat an alcohol distillery at a capital cost of Rs. 22 lakhs has been set up by the co-operative sugar factory at Kodinar. A new brewery in the private sector with Czechoslovak collaboration would be established in Kerala shortly. The Government of Maharashtra has issued licence to Mohan Meakin Breweries for setting up a brewery in the State.

ARECANUT INDUSTRY

ARECANUT is one of the most important commercial crops of India. It has an important place in the religious, social and cultural life of our people irrespective of caste, creed or social status. Chewing of arecanut with betel leaves and lime (Thambulam, Pan Supari) has become a habit with some people and a luxury of many in the country.

India ranks first in the world both in the acreage and production of arecanut. It is a source of livelihood for nearly four million people in the country.

The chief arecanut growing States in the country are Kerala, Mysore and Assam. These States account for nearly 93 per cent of the total area and production of the crop according to latest available official estimates. It is also cultivated to a smaller extent in certain areas of West Bengal, Tamil Nadu, Maharashtra, Andhra Pradesh, Orissa and Union Territory of Goa.

The overall average per capita consumption of betelnut in India is estimated at 0.33 kg. The highest per capita consumption is in Assam with 2.8 kg. In Kerala it is

0.67 kg. and in Mysore 0.66 kg. Among the cities, Delhi and Nagpur are two of the most important consuming markets.

Betelnut (processed arecanut) varieties are numerous in India and can be broadly classified into unboiled, boiled and coloured varieties.

During 1966-67 the country had 143,000 hectares under arecanut cultivation with a production of 128,000 tonnes of cured nuts. Statewise figures of area and production during 1966-67 are given below :

State	Area (in thousand hectares)	Production (in thousand m. tonnes)
Kerala	71.20	44.27
Mysore	35.95	48.00
Assam	26.21	26.15
Tamil Nadu	3.01	2.54
Maharashtra	2.31	2.42
Andhra Pradesh	0.28	0.16
West Bengal	2.14	1.98
Orissa	0.03	0.03
Goa	1.80	2.00
Total	142.93	127.55

The production of arecanut is at present inadequate for meeting the demand for internal consumption. In the past, substantial quantities were being imported from other producing countries viz., Ceylon, Malaya and Singapore to wipe out the deficit. In recent years, owing to restrictive import policy adopted by the Government, the imports steadily came down. Small quantities are being exported to Nepal, Kenya, Aden, Saudi Arabia, etc.

Development : During the Fourth Five Year Plan, it is proposed to have an additional production of 24,000 metric tonnes mainly through intensive cultivation in the existing areas. The various measures proposed for the purpose are intensive cultivation practices like proper manuring, irrigation and plant protection, in addition to proper cultural practices, under planting and gap filling etc. Organisation of field demonstration is also programmed to educate the farmers on modern methods of cultivation. The Fourth Plan programme is proposed to be restricted to the major arecanut growing states of Kerala, Mysore and Assam. No increase in area under arecanut is proposed during the Fourth Plan.

Marketing : Financial assistance in the form of managerial subsidy, share capital contribution and loan and subsidy for construction of godowns is being offered by the National Cooperative Development Corporation to meet the cost of management of the cooperative marketing societies in all important regions of production during the initial period in collaboration with the State Governments. There are 39 arecanut cooperative marketing societies located in the States of Kerala, Mysore, Tamil Nadu, Maharashtra, West Bengal, Assam and Goa, of which at present only four societies are receiving financial assistance. The marketing societies in Mysore State handled about 34 per cent of the marketable surplus during the year.

The total quantity of arecanuts sold by the cooperative marketing societies during 1966-67 was 1,34,927 qtls. valued at Rs. 8 crores, which formed about 13 per cent of the total marketable surplus in the country, against 1,04,696 qtls. valued at Rs. 6.43 crores in 1965-66. The total membership and share capital of these societies rose from 39,734 and Rs. 30.72 lakhs during 1965-66 to 60,509 and Rs. 46.30 lakhs respectively during 1966-67.

Regulated Markets : Regulated markets have been established in the important assembling centres in Mysore and Kerala (Malabar region) States under the Agricultural Produce Markets Act. The regulated markets besides checking the malpractices obtaining in the trade, also collect and disseminate market intelligence for the benefit of growers and traders.

Grading : With a view to standardising the grading of arecanut and introducing Agmark grade standards at farmers' level in Mysore and Tamil Nadu states, the Government of India in collaboration with the respective State Governments have implemented schemes on an experimental basis in respect of sun dried whole, boiled whole and boiled split types of arecanuts. It was reported that the graded arecanuts had a favourable demand and fetched a premium price in the markets.

Publicity : Propaganda materials in the form of bulletins, leaflets, pamphlets, charts, posters, etc. on the improved methods of cultivation based on the results of research, selection of seed materials, control of pests and diseases, market prices of the important trade varieties in the country and other matters of general importance to the farmers, are brought out and distributed amongst the growers in all the important producing areas of the country. Besides this, at the various exhibitions/fairs etc. the techniques of improved agricultural practices are explained to the farmers.

AUTOMOBILE INDUSTRY

THE historical background of automobile industry in India was given in the previous editions of the Directory.

MANUFACTURERS

The country had eight approved manufacturers of automobiles and/or engines by the end of 1955 :

1. Hindustan Motors Ltd., Calcutta :—Hindustan Cars and Studebaker trucks now replaced by Bedford trucks.
2. Premier Automobiles Ltd., Bombay :—Fiat Cars and Dodge and/or Fargo trucks.
3. Standard Motor Products of India Ltd., Madras :—Standard Cars.
4. Ashok-Leyland Ltd., Madras :—Leyland Trucks.

5. Mahindra & Mahindra Ltd., Bombay :—Willy's jeeps (now styled as Kaiser jeeps).
6. Tata Locomotive & Eng. Co. Ltd., Bombay :—Tata-Mercedes-Benz Trucks.
7. Simpson & Co., Ltd., Madras :—Perkins Engines.
8. Automobile Products of India Ltd., Bombay :—Meadows Engines.

Though the Government had originally accepted the recommendations of the Tariff Commission (1953) for the manufacture of (a) Baby and Big cars as well by Hindustan Motors Ltd., (b) Big cars as well by Premier Automobiles Ltd., and (c) Medium cars as well by Standard Motor Products of India Ltd., certain policy changes were later made by the Government. The difficult foreign exchange situation that developed by the end of 1956 and in the

beginning of 1957 necessitated these changes with the result that the types and makes of vehicles to be developed were rationalised to only 3 passenger cars, 3 medium type trucks, one heavy truck, one jeep and one light truck.

Cars : Three manufacturers of cars :

1. Standard Ten. 2. Fiat 1100, 3. Hindustan Ambassador/Land Master.

Commercial Vehicles :—

(a) One manufacturer of Light—1 ton : Dodge/Fargo (Petrol or Diesel).

(b) Three manufacturers of Medium—3½ tons : Dodge/Fargo (with petrol or diesel engine), 2. Mercedes Benz (with diesel engine), 3. Bedford (now called Hindustan).

(c) One manufacturer of Heavy : Leyland Comet, Tiger/Titan. Diesel Engines (for medium commercial vehicles) :—

Three manufacturers of : 1. Perkins—P/6, 2. Meadows—both suitable as original fitment for Dodge and Bedford vehicles, and 3. Tata Mercedes Benz.

Jeeps :—

One manufacturer of Kaiser Jeep (formerly called Willy's Jeep).

Thus the country had 3 models and 3 manufacturers for cars and medium trucks and one model and one manufacturer for light trucks, heavy trucks and jeeps in 1957.

The range of products in the field of light commercial vehicles (trucks) was augmented in the year 1958 by the introduction of the Tempo Hanseat $\frac{3}{4}$ ton three-wheeler commercial vehicle of Bajaj Tempo and, in the one-ton range, of the Jeep (truck), the Standard 20, the Tempo Viking and the Bedford in the years 1955, 1965, 1966 and 1967 respectively. Messrs. Ashok Leyland Ltd. introduced extra heavy duty trucks—the Beaver and the Hippo in the year 1966 and the Jumbo in the year 1968. Messrs. Hindustan Motors Ltd. and Messrs. The Premier Automobiles Ltd. introduced the Hindustan J6 and the Dodge/Fargo Rocket 7½ ton trucks, respectively, in the year 1968. Messrs. Tata Engineering & Locomotive Co. Ltd. introduced 3-Axle 10-tonne dumper in the same year.

Messrs. Automobile Products of India Ltd., discontinued the manufacture of Meadows automobile diesel engines early in 1961 and the rights for the same were acquired by Messrs. The Premier Automobiles Ltd. The latter now manufacture Meadows engines and a percentage of their Dodge/Fargo diesel trucks is fitted with this make of engine. Simpson & Co. Ltd., Madras, commenced the manufacture of Perkins P6/354 diesel engine also from the year 1966. Messrs. Hindustan Motors have set up a plant in 1968 for the manufacture of Bedford diesel and petrol engines for fitment on Hindustan Commercial Vehicles.

Messrs. Standard Motor Products of India Ltd., Madras now manufacture Standard Heralds instead of Standard '10.'

MANUFACTURE IN DEFENCE ESTABLISHMENTS

The Ministry of Defence also entered the field of manufacture through an agreement with the M.A.N. of West Germany in Sept. 1958 for the manufacture of multi-fuel medium trucks by the Ordnance factories. The rate of output was then reckoned at 2,000 per annum.

The 'Shaktiman' truck, as the truck has been called, has advantages over other trucks which the Army have been getting like increased payload by 30 per cent, multi-fuel engine and other special features which will make it a sturdy cross-country vehicle more suitable than other kinds for military purpose.

In 1960-61, Government entered into a collaboration agreement with the manufacturers of Nissan trucks in Japan for the progressive manufacture of this make of vehicle in the Ordnance establishments in India.

The manufacture of Shaktiman trucks in India commenced in June 1959. The manufacture of Nissan 1-ton trucks commenced in the year 1961-62 and the manufacture of Nissan petrol jeep type vehicles commenced in 1962-63.

Only 803 Shaktiman trucks were manufactured in 1961-62, the third year of production of these trucks, as against the planned output of 2,000 units. The indigenous content was of the order of 50 per cent against an anticipated indigenous content of 70 per cent in the third year. The total production of tracked vehicles in the Ordnance factories in India in the year 1962-63 was 2,733. Of these, 621 were 3-ton Shaktiman trucks, 1,046 Nissan 1-ton trucks and 1,066 Nissan (Jonga) Jeeps.

The manufacture of Nissan petrol trucks and Nissan jeep type vehicles received a fillip since the declaration of emergency. Early in 1964, a project report was drawn up for increasing the manufacture of Nissan jeep type vehicles and Nissan 1-ton trucks as these vehicles were expected to be useful for high altitude operation.

Chinese aggression in 1962 necessitated a reappraisal of the transport requirements of the Defence departments.

Production of vehicles in the Ordnance establishments was stepped up. Simultaneously, a sizeable percentage of the production of the vehicles in the civilian factories commenced to be taken over by the Government for the Defence needs of the country.

The target of production of Shaktiman trucks in the Ordnance factories was reduced from 2,000 to 1,500 per annum. Against this, the production during 1963-64 was 1,030 and during 1964-65, it was 1,094. The assembly of the truck is done at the gun-carriage factory. 1,350 trucks were produced in the year 1965-66 and the indigenous content at the end of the calendar year 1965 was reported to be 70 per cent.

Components and parts, both finished and semi-finished, for Shaktiman are imported from Germany whereas those for Nissan are imported from Japan. As the capacity of the Ordnance factories is utilised for vital items of high priority, Shaktiman and Nissan vehicles manufactured in the Defence Sector are having increasing quantum of components and parts produced in the civilian sector. 3,600 Nissan vehicles were produced in the year 1965-66 with an indigenous content of 38 per cent. 870 Shaktiman vehicles with an indigenous content of 77 per cent were produced during the year 1967-68. A vehicle factory is being established at Jabalpur for the manufacture of 6,000 Shaktiman 3-tonnes and 7,200 Nissan jeeps and trucks per annum. The factory is expected to commence production during 1970. The indigenous content of Shaktiman/Nissan trucks is expected to reach 90 per cent in about a period of two years from the date of commencement of manufacture in the new factory to be established at Jabalpur.

DEVELOPMENT COUNCIL FOR AUTOMOBILES

In 1959, the Government of India constituted a Development Council for Automobiles, Automobile Ancillary Industries and Transport Vehicle Industries. The Council is reconstituted once in every two years. The reconstituted Council of 1963 was entrusted with the additional responsibility of looking after tractor and earthmoving equipment industries. Subsequently, the road roller

industry was also brought within the purview of this Council. The Council was last reconstituted in April 1968 and the industries entrusted to its care include Automobiles, Automobile Ancillary Industries, Transport Vehicle Industries, Tractors, Earth-moving equipment, Internal Combustion Engines and Road Rollers.

The authorised capital of Automobile and Transport Vehicle Manufacturing Firms was about Rs. 65 crores with a paid-up capital of about Rs. 35 crores, early in 1961, at the end of the Second Five Year Plan period. The investment in Plant, Machinery and Buildings was over Rs. 30 crores. Of this total capital, the investment in the Ancillary Industry was about Rs. 6 crores.

The Development Council for Automobiles, etc., had estimated that the total investment in the industry by the end of the Third Plan period would be Rs. 130 crores, Rs. 100 crores by the Main Manufacturers and Rs. 30 crores by the Ancillary Sector. The Council had estimated the total value of production at the end of the Third Plan period at well over Rs. 260 crores.

The targets laid down in the Third Five Year Plan and the production achieved in the final year of the Third Five Year Plan are given below :

Type of motor vehicle	Capacity target 1965-66	Production 1965-66
Cars	30,000	25,029
Jeeps	10,000	10,385
Commercial Vehicles ..	60,000	35,437
Motor cycles, scooters and three wheelers	60,000	42,823 (excluding mopeds)
Ancillary Industries	Rs. 250 million	Rs. 450 million

In the beginning of the Third Plan period, emphasis was rightly placed on providing foreign exchange for the import of machinery necessary to increase the indigenous content to 90 per cent. Foreign Exchange allocations and Aid arrangements for imported plant and machinery for achieving the indigenous content of 90 per cent and for the planned expansion programme were settled by the middle of 1964. The expansion programme for motor cars was, however, kept in abeyance. Most of the plant and machinery required by the Main Manufacturers and by the Ancillary Industry for achieving 90 per cent indigenous content were received and installed by the end of the Third Plan period. Thus, there has been a considerable increase in the authorised capital, paid-up capital, number of units in the ancillary sector and investment in plant, machinery and buildings in the automobile and ancillary industries during the last five years.

The difficult foreign exchange position and the border situation resulted in a drastic cut in the allocation of foreign exchange for motor cars in the year 1963. Though commercial vehicles were given a high order of priority, a token cut was imposed in the allocation of foreign exchange for these as well. Despite this token cut, the overall allocation of foreign exchange for commercial vehicles stood at a higher figure in 1963-64 consequent to the need for stepping up the production to meet the requirements of Defence.

A World Bank Mission toured India in 1963 and inspected the major establishments in the Automobile & Ancillary Industries with a view to deciding the nature

and extent of assistance which the World Bank could render for the Automobile, Road Transport and Machine Building Industries. Based on the recommendations of this team, Automobile & Ancillary Industries were given assistance by the World Bank to the tune of 47 million dollars, i.e. about Rs. 23.4 crores. This assistance was confined to manufacture and maintenance of commercial vehicles i.e., to enable additional imports of (1) components and parts in c.k.d. and semi-finished form, (2) spare parts and (3) machinery by way of balancing equipment, all for commercial vehicles.

Similar assistance of a slightly higher order was made available by the World Bank in the second half of 1965 which was expected to go a long way to ensure a continuous flow of production till the end of 1965-66.

Such surveys, on the spot studies for assessment of loan utilisation by representatives of the World Bank and assistance have now become a yearly feature.

The allocation of foreign exchange during the three years ending 1967-68 for the automobile and ancillary industry was as under :—

	Rs. (in million)		
	1965-66	1966-67	1967-68
Commercial Vehicles ..	188.14	231.58	182.09
Cars	22.69	40.00	29.75
Jeeps	15.60	11.06	16.50
Motorcycles, Scooter & Mopeds and Three- Wheelers	23.99	38.77	38.05
Automobile Ancillaries	78.32	254.66	N.A.

The production of different makes of commercial vehicles per annum at the end of the Third Five Year Plan was : Tata Mercedes Benz 17,500 Nos. ; Dodge/Fargo 8,011 Nos. ; Hindustan 4,000 Nos. ; Ashok Leyland 4,050 Nos. ; Jeep vehicles 21 Nos. ; Tempo 1,587 Nos. ; Standard Twenty 268 Nos.

Messrs. Premier Automobiles Ltd. and Messrs. Hindustan Motors Ltd. have been granted licences to manufacture their own make of diesel engines while, at the same time, Messrs. Simpson & Co. Ltd. have been granted a licence to manufacture a medium commercial vehicle chassis of their choice. The two projects appear to be still in the negotiation or blue print stage. Messrs. Hindustan Motors Ltd. have commissioned a new plant for manufacture of engines for cars and commercial vehicles.

INVESTMENTS AND CAPACITIES

The total investment by the eight main vehicle manufacturers was about Rs. 100 crores in mid-1968. The total investment in the Two-cum-Three Wheeler Industries was about Rs. 10 crores at the time. The investment in the ancillary industry was about Rs. 55 crores in the middle of the year 1968. There are at present seven units engaged in the production of commercial vehicles having a capacity of 63,000 nos. per annum. The production is still short of the capacity. A number of difficulties are attributed for not achieving the target. These include the acute foreign exchange position due to which the industry was unable to secure adequate quantum of raw materials, particularly alloy, tool and special steels, and components, the shortage of certain categories of tyres, the stringent conditions prevailing in the money market and the crippling burden of taxation on road transport. This recessionary trend, which continued till the end of 1967, showed signs of abating in the year 1968.

PRODUCTION

The production figures of automobiles from 1960 onwards, year by year, are tabulated below :—

Production for the year				Passenger Cars	Jeeps	Commercial Vehicles
1960	19,096	5,501	27,512
1961	21,662	7,052	26,214
1962	23,326	7,597	26,894
1963	15,711	8,104	28,482
1964	23,227	10,391	33,157
1965	24,790	10,483	37,408
1966	27,597	9,777	35,156
1967	33,344	5,561	31,454
1968	37,308	7,293	34,940

Production of Diesel Engines for fitment on Dodge/Fargo and Bedford Chassis is given hereunder :—

	Perkins P6V	Meadows	Total
1960
1961
1962
1963
1964
1965
1966
1967
1968

* Includes Perkins P6/354 diesel engines.

The trend of increase in the indigenous content of the vehicles can be gauged from the statement given below :—

	1961-62 %	1962-63 %	1963-64 %	1964-65 %	1965-66 %	1966-67 %
<i>Passenger Cars</i>						
Ambassador	74.5	76.2	77.5	80.4	90.0	93.70
Fiat	49.01	56.0	64.0	74.0	88.0	95.0
Standard Herald	43.8	45.3	60.13	65.0	79.0	88.5
<i>Commercial Vehicles</i>						
Bedford	60.9	60.9	60.9	73.9	80.0	83.3
Dodge/Fargo	74.0	74.0	79.8	88.25	94.0	96.5
Tata Mercedes Benz	67.0	67.0	77.0	86.0	91.0	91.0
Leyland Comet	43.3	58.8	76.0	81.5	85.4	86.5
Tempo 3-Wheeler	63.0	68.0	75.0	86.4	88.5	92.0
Jeep	59.0	68.0	79.3	82.9	90.0	92.93

The average indigenous content of automobiles at the end of 1967 was over 95 per cent and had reached over that percentage in the case of a few types of vehicles. The indigenous content of diesel engines in 1967 was over 93 per cent.

AD HOC COMMITTEE ON AUTOMOBILES

Satisfactory progress: In 1959, the Government appointed an Ad Hoc Committee to review the progress of the automobile industry, to recommend the measures to be taken to reduce the cost to the consumer of the different vehicles and to examine the feasibility of producing a low cost car within the price range of Rs. 5,000 to Rs. 7,000. The Report of the Committee was received by the Government in the beginning of 1960. Reviewing the progress made by the automobile industry since the Tariff Commission's enquiry in 1956, the Committee has remarked that the decision to grant protection to the industry was a sound one, that the achievement of self-sufficiency regarding transport vehicles was of great importance to the economy and that even in regard to passenger cars the consumer would have been far worse off, if in the present difficulties regarding foreign exchange there had been no domestic industry. The Committee considered the progress of the automobile industry satisfactory on the whole and particularly in the last few years. It also observed that most of the automobile vehicles were expected to reach 80 per cent or more of indigenous content before the end of 1961. In regard to the production of the low cost car, the Committee were of the view that its production was feasible. To examine

further the development of the low cost car, the Government appointed an Expert Committee, who submitted the report in May, 1961. After mature consideration by expert committees, finance bodies and the Planning Commission, the proposal to manufacture a low cost car was kept in abeyance during the Third Five Year Plan period. This proposal envisaged by the Ministry of Industrial Development & Company Affairs to be taken up in the Public Sector during the Fourth Five-Year Plan does not appear to be feasible according to statements made by spokesmen of the Ministry of Finance and the Planning Commission.

The subject of the low cost car or the "people's cheap car" as it is commonly called is raised at frequent intervals during question hours in the Lok Sabha. There are at present as many as 20 proposals for the manufacture of the small car under consideration of the Government of India.

MOTOR CYCLES, SCOOTERS, THREE-WHEELER VEHICLES

Manufacture of motor cycles, scooters and three-wheelers was established in the year 1955. At the beginning of the Third Plan, there were three manufacturers, namely Messrs. Enfield for motor cycles and Automobile Products of India and Bajaj Auto Limited producing scooters and three-wheelers. The number has now increased to seven and the new comers cover motor cycles, scooters, mopeds and three-wheelers. The Third Plan production target was 60,000. Although the licensed

* Scooter Output : The target of production of scooters in 1968-69 is 60,000 to 65,000 vehicles against an expected total production of 43,000 in 1967-68. A production capacity of 1,50,000 scooters and a target of production of 1,20,000 are aimed at in the Fourth Plan.

NCAER, taxes and duties were as high as 42 to 49 per cent of the selling prices of vehicles, early in 1965.

The Indian Automobile Manufacturer is working under another serious handicap inasmuch as he is called upon to pay a high price for the capital plant and machinery installed in his works. In addition, he has to buy imported raw materials at a cost 50 per cent in excess of that paid by his counterpart in foreign countries.

EMPLOYMENT

The total employed directly in the automobile and ancillary manufacturing industries including those in the Small Scale Industry Sector is in the neighbourhood of 1,25,000. This figure, however, does not include the indirect employment this industry affords in various distribution, operation and maintenance centres, connected with it. It would not be an exaggeration to say that the indirect employment figure would be about 20

times the figure of labour directly employed by the industry.

The National Council of Applied Economic Research conducted an enquiry in 1960 on the employment potential in road transport in India and came to the conclusion that the total number of persons who find employment in the road transport industry in its broad sense is about 2.40 millions.

Considering the increase in the vehicle population of the country and the progress of automobile and allied industries in the last seven years, it can be safely reckoned that about 3.5 million persons find employment now in the road transport and allied industries.

THE AUTOMOBILE INDUSTRY AND THE FOURTH PLAN

The Fourth Plan Working Group for Transport Equipment has recommended the following targets for the Fourth Five Year Plan to the Planning Commission :—

	1969-70	1970-71	1971-72	1972-73	1973-74
(a) Commercial Vehicles	47,000	56,000	68,000	84,000	1,00,000
(b) Cars	45,000	50,000	55,000	65,000	75,000
(c) Jeeps	11,000	12,000	13,000	14,000	15,000
(d) (i) Motorcycles, Scooters & Mopeds	1,00,000	1,25,000	1,50,000	1,75,000	2,00,000
(ii) Autorickshaws	6,000	7,000	8,000	9,000	10,000

The above estimates do not cover the automobile industry in the Defence Sector.

The value of automobile and ancillary production is estimated to be Rs. 3,250 million during the year 1968-69 and the corresponding value in the year 1973-74 to be Rs. 8,000 million.

Export of Automobiles and Ancillaries

A start has been made in the export of Indian manufactured vehicles and automobile ancillary products to neighbouring countries. Vehicles of Indian origin now run on the roads of other countries, viz. U.A.R., Aden, Ceylon, Viet Nam, Cambodia, Tibet, Sikkim, Bhutan, Bulgaria, etc.

The value of exports of vehicles stood at Rs. 2 million and Rs. 4 million in 1962-63 and 1963-64 respectively. The Rs. 11 million mark was touched in 1964-65 and the exports were well over Rs. 15 million in 1967-68. Sizeable orders for Tata Mercedes Benz and Ashok Leyland Comet vehicles were placed on the respective manufacturers by the Ceylon Passenger Transport Board in the last two years. Messrs. TELCO alone have booked export orders to Bulgaria, etc. for Rs. 12 million in 1966-67.

The Fourth Plan Working Group for Transport Equipment has estimated that the exports of the automobile and ancillary industries which are Rs. 25 million at present are expected to be in the region of Rs. 450 million by the end of the Fourth Plan.

AUTOMOTIVE RESEARCH ASSOCIATION OF INDIA

A research association for the Automobile Industry was registered in Bombay towards the end of the year 1966. It is understood that the research association is modelled on the lines of the Textile, Art Silk and Cement Manufacturers' Research Associations. The Association has formulated plan and programmes towards the end of the year 1968 for its immediate functioning.

The Tariff Commission was requested by the Government of India to inquire into the prices of automobiles and automobile ancillaries and continuance of protection to the industry beyond 31st December, 1967. The Commission held public enquiries with the concerned automobile interests and went into the cost investigations of the automobile and automobile ancillary manufacturers' organisations. Their report was submitted to the Government in 1968.

Number of Motor Vehicles in India as on December 31, 1967

CASHEW NUT INDUSTRY

THE Cashew is grown extensively in several parts of the country and there are over 170 cashew processing factories, about 150 of which are situated in and around Quilon, which is the nerve centre of this industry. India has not reached self-sufficiency in the production of cashew nuts. The Cashew Development Council, Calicut is introducing a development programme by which an additional area of six lakh acres could be brought under cashew plantation and replanting scheme in old plantation areas, during the Fourth Plan* period.

CASHEW TREE

The cashew tree (*Anacardium Occidentale*) is a drought resistant tree, adaptable to different kinds of soils and thriving under a variety of climatic conditions. But maximum production is obtained from good soil, preferably deep loam with adequate moisture.

Cashew tree ordinarily grows to a height of 20 to 30 ft. but in certain favourable conditions reaches a greater height.

CULTIVATION

The cashew tree is usually raised from seed and after sowing, practically no attention is paid to the crop, either by way of watering, manuring or other kinds of inter-cultivation. Being a hardy plant, it comes up well even under diverse conditions of soil and climate.

FLOWERING

The tree commences flowering from the 4th or 5th year. Normal yields can be obtained from the 8th to 10th year onwards and the tree continues to be productive for over 30 years.

The actual yield depends upon a variety of conditions and may vary from about 5 lbs. of dry raw cashew nuts to 50 lbs. per tree.

CASHEW APPLE

What distinguishes the cashew from all other fruits, is the formation of the nut which grows at the bottom end of the 'apple'. The 'apple' varies in size from 2 to 3

inches in length and 1½ to 2 inches in width. It has a thin waxy skin and is conical or pearlike in shape. It is a juicy fruit which, when fully ripe, is quite sweet and has a pleasant aroma. This fruit is particularly rich in Vitamin C. Botanically speaking the 'apple' is only the swollen end of the peduncle to which the cashewnut is attached.

A small percentage of the production of the apples is directly consumed and some quantity is used for the manufacture of vinegar, pickles, jam, beverages etc.

RAW CASHEW NUT

The whole cashew nut, which is attached to the end of the cashew apple, is about 1½ inches long and is grey, brown or ash coloured. It is shaped like the kidney.

CASHEW KERNEL

The cashew kernel inside the nut, has a delicious taste, pleasing flavour and high nutritive value. It compares favourably with almonds and other nut foods in nutritive value. Cashew kernels contain about 21 per cent carbohydrates and appreciable quantities of calcium, phosphorus, fat, iron and vitamins A and B. Compared to other edible nuts, cashews contain a lower percentage of carbohydrates, fats and alkalinity and this gives it a definite advantage over other nut foods. Cashew kernels are consumed raw or fried, salted or sugared. It is considered as an ideal snack item in many countries. It is also widely used as a flavouring medium in the confectionery and baking industry.

EXPORT

Accounting for 90 per cent of the world demand for cashew kernels, Indian exports were valued at Rs. 42.89 crores in 1966-67 and expected to go up in 1967-68 to Rs. 46.50 crores.

PROCESSING

After collection of the raw cashew nuts, they are processed in cashew factories. Processing consists of roasting, shelling, peeling and grading.

* As originally conceived.

PACKING

Cashews are packed for bulk exports in tins each containing 25 lbs. net weight of cashew kernels. The 'Vitapack' method employed for packing, provides for exhaustion of air from the tins and infusion of Carbon-di-oxide, before the tins are hermetically sealed. The tins are packed in wooden cases, two in each case, and the cases are box-strapped, before shipment.

Cashews, both plain and salted are also packed in small consumer size containers, of various capacities. While the greater part of exports are made in bulk packings, cashews packed in consumer size packings are also being increasingly exported to foreign markets.

QUALITY CONTROL

Qualified entomologists make regular inspection of cashew processing factories, affording all guidance and help to maintain these in hygienic and ideal conditions. To ensure that only cashews of approved standards are exported, a system of compulsory pre-shipment inspection is in force in India.

DIFFERENT APPROVED GRADES OF CASHEW KERNELS

1. 210 Count Wholes (W 210); 2. 240 Count Wholes (W 240); 3. 280 Count Wholes (W 280); 4. 320 Count Wholes (W 320); 5. 400 Count Wholes (W 400); 6. 450 Count Wholes (W 450); 7. 500 Count Wholes (W 500); 8. Scorched Wholes (S W); 9. Scorched Wholes Seconds or Scorched Wholes I.A. (SSW or SW I.A); 10. Dessert Wholes (DW or SSW); 11. Butts (B); 12. Splits (S); 13. Large White Pieces (LWP); 14. Small White Pieces (SWP); 15. Baby Bits (BB); 16. Scorched Butts (SB); 17. Scorched Splits (SS); 18. Scorched Pieces (SP); 19. Scorched Small Pieces (SSP); 20. Scorched Pieces Seconds or Scorched Pieces IA (SPS); 21. Dessert Pieces (DP); 22. Dessert Small Pieces (DSP); 23. Dessert Butts (DB); 24. Dessert Splits (DS).

(Grade designation is given within brackets).

CASHEW NUT SHELL LIQUID

Cashew nut Shell liquid (CNSL) is a by-product of cashew industry. The nut has a shell of about $\frac{1}{8}$ inch thickness inside which is a soft honeycomb structure containing a dark reddish brown viscous liquid. It is called the cashew nut shell liquid, which is the pericarp fluid of the cashew nut.

Chemistry of CNSL: The cashew nut shell liquid consists chiefly of the two naturally produced phenolic compounds — Anacardic acid (about 90 per cent) and Cardol (about 10 per cent).

Analysis and Specification: The specification of the Indian Standards Institution, New Delhi for untreated cashewnut shell liquid (IS : 840-1956) is as follows :

Specific Gravity, 30°C/30°C	0.940 to 0.960
Viscosity at 30° in centipoises (max.)	550
Moisture, per cent by weight (max.)	1.0
Matter insoluble in toluene, per cent by weight (max.)	1.0
Volatile matter other than moisture, per cent by weight (max.)	1.0
Iodine value (Wijs) min.	220
		unless otherwise agreed.
Ash, per cent by weight (max.)	1.0
Polymerisation		
(a) Time in minutes (max.)	19
(b) Centipoises at 25° (min.)	30

Uses and Applications: The innumerable industrial applications of the cashewnut shell liquid are based on the fact that it lends itself to polymerisation by various methods.

PATENT BOOKS

The Cashew Export Promotion Council, Ernakulam has published a collection (in two volumes) of 243 patents on Cashewnut Shell Liquid taken in the U.S.A., U.K., Japan and India. The publication describes the various uses and applications of the shell liquid in the manufacture of paints, chemicals, plastics, brake linings, etc.

EXPORTS

The export of cashew kernel and cashew shell liquid fetched Rs. 44.42 crores during 1967-68. But owing to low production of raw nuts, the country had to import 1.68 lakh tonnes of raw nuts from East African countries, costing Rs. 25.08 crores during the year. The net earning of foreign exchange was Rs. 19.34 crores.

Export of Cashew Kernels

CEMENT INDUSTRY

THE cement industry in India occupies a position of basic and strategic importance in the economy.

The following figures show that *per capita* consumption of cement in India is far lower than that in some countries.

Per capita consumption (kg.): West Germany 450; U.S.A. 345; Japan 345; U.K. 206; India 22.

During the First Plan period, production of cement increased from 2.69 million tonnes to 4.60 million tonnes. During the Second Plan period, it rose from 4.60 million tonnes to about 7.8 million tonnes.

By the end of the Third Plan the production of cement rose sharply to about 12 million tonnes. Recently the Planning Commission suggested to the Cement Corporation of India (CCI) to undertake, if necessary, an expanded programme of cement production of the order of one million tonnes in the Fourth Plan. This is in addition to its allotted quota of one million tonnes during this period.

The trend of capacity and actual production in the past five years is indicated below.

	(in lakh metric tons)				
	1963	1964	1965	1966	1967
Capacity	103	108	113	126	128
Production	94	97	106	111	117

Installed Capacity and Production of 10 Leading Cement Companies

Source : Cement, Quarterly Journal of CMA, August 1968.

DIFFERENT TYPES OF CEMENT

(1) *Ordinary Portland Cement*: Conforms to IS-269-1958 for ordinary portland cement.

(2) *Low Heat Portland Cement*: Conforms to IS 269-1958 for low heat cement.

(3) *Rapid Hardening Portland Cement*: This is specially useful for meeting the demands for speed in modern construction. It has the property of rapidly developing a high strength at any early stage, resulting in considerable reduction of construction period. Manufacturers of this type are A.C.C., Dalmia Cement (Bharat) and Orissa Cement Ltd.

(4) *White Cement*: Widely used for tiles, terrazzo, artistic decorations and for extension and interior finishes in all types of buildings, this cement is as good as any portland cement and has the same toughness to withstand weathering and wearing. Being pure white this cement can be coloured to any desirable shade by mixing it with pigments. Manufacturers are A.C.C. (at Porbander and Kymore) and Travancore Cements at Kottayam.

The comparative position with regard to the increase in production of cement in India since 1951 in relation to those in some of the more advanced countries of the world is given in the following table:

PRODUCTION

(Millions of metric tonnes)

Country	1951	1956	1961	1966	Percentage increase between 1951 and 1966
France ..	8.4	11.4	15.5	23.4	179
India ..	3.2	5.0	8.2	11.1	249
Italy ..	5.6	11.3	18.0	22.4	300
Japan ..	6.5	13.0	24.6	38.0	485
U.K. ..	10.4	12.9	14.4	16.8	62
U.S. ...	42.1	56.6	57.8	63.4	51
U.S.S.R. ..	14.0	24.8	51.0	80.5	475
West Germany	12.2	18.8	27.1	34.7	185

Source : Quarterly Journal of The Cement Manufacturers' Association.

(5) *Oilwell Cement*: Oilwells are drilled to a depth of 1,000 to 5,000 metres or more. The ambient temperatures at such great depths are very high and ordinary cement grout (when used to cement the sides of the wells) will harden before it is pumped to those depths. Oilwell cement grout remains fluid for enough time under such conditions to allow placement. Once it is placed it develops full strength in a very short time and remains stable. The Shahabad factory of the ACC manufactures this type of cement.

(6) *Hydrophobic Cement*: This type has an aversion for water and it can, therefore, be stored for comparatively long periods under humid conditions. It can also be transported, even when it is raining, without being spoiled. The protective water repellent coating is destroyed by the abrasion of the sand and aggregates when the cement is mixed with these in the presence of water. This type is now manufactured by A.C.C. and Shree Digvijay Cement Co.

(7) *Asbestos Cement* : The controls on the distribution of asbestos cement sheet had been lifted with effect from June 1, 1966.

DECONTROL & PRICE

The control on cement industry was lifted from January 1, 1966. In the place of STC, a new organisation called "Cement Allocation and Co-ordinating Organisation" (CACO) was set up by the cement manufacturers with regional offices at Bombay, Calcutta, Delhi and Madras for the entire distribution of cement throughout the country as well as to meet the requirements of the Government and the public.

However, the Government by the Cement Control Order, 1967 have entrusted cement distribution to Cement Corporation of India Ltd. from January 1, 1968. The functions hitherto entrusted to the industry controlled CACO will now be performed by CCI. During the tenure serious differences rose among the members of CACO in regard to retention price and equitable allocation of

demand. Another serious charge was the diversion of funds meant for expansion of the industry to political parties.

EXPANSION

To meet the requirements of higher production from the existing level of 12 million tonnes (annual capacity) to 19.2 million tonnes by 1969; the following schemes have been taken in hand.

- (1) U.P. Government at Dalla — 4 lakh tonnes
- (2) Tamil Nadu Government at Srivilliputtur — 2 lakh tonnes
- (3) CCI at Mandhar (M.P.) — 2 lakh tonnes
- (4) CCI at Kurkunta (Tamil Nadu) — 2 lakh tonnes
- (5) ACC at Kymore (M.P.) — 2 lakh tonnes
- at Madukkara (Tamil Nadu) — 1 lakh tonnes
- at Ghugus (Maharashtra new) — 4 lakh tonnes
- (6) Digvijay at Sikka (Gujarat) — 2 lakh tonnes
- (7) Kalyanpur at Banjari (Bihar) — 2 lakh tonnes
- (8) Chettinad at Karur (Tamil Nadu) — 4 lakh tonnes

Expansion Programme						(Lakh Tonnes)
Increase in installed capacity	1966	1967	1968	1969	1970	Expansion between 1966-70
Substantial Expansion of existing factories	3.60	4.15	16.34	27.48	4.93	56.50
New Factories	2.00	4.00	9.80	8.00	25.00	48.80
Total	5.60	8.15	26.14	35.48	29.93	105.30

Note :—Total installed capacity of member companies on 31st December 1965 was 116.96 lakh tonnes.

Source :—Quarterly Journal of The Cement Manufacturers' Association.

WAGE BOARD

The Centre has accepted all the major recommendations of the Second Wage Board for the Cement Industry. The Wage Board had estimated the additional burden involved in the implementation at Rs. one crore.

An agreement has been reached by the managements and workers at the instance of the Union Labour Minister, by which over 11,000 workers were to get their increments irrespective of the ceiling recommended by the Wage Board.

CHEMICAL & PHARMACEUTICAL INDUSTRY

FOR purposes of industrial production, chemicals fall easily into one of two major groups: (a) Heavy Chemicals; and (b) Fine Chemicals.

According to the latest data, there are over 650 factories with a productive capital of nearly Rs. 423 crores and providing employment for about 1.6 lakh workers.

SULPHURIC ACID

The installed capacity and production of sulphuric acid since 1964 are shown below :

(’000 tonnes)

Year	Capacity	Production
1964	1,012	679
1965	1,082	685
1966	1,328	674
1967	1,583	804

The table below shows the achievement in the last two years and the target for 1968-69.

(in ’000 tonnes) (target)

1966-67		1967-68		1968-69	
C	P	C	P	C	P
1,353	702	1,826	775	1,900	1,100

Note : C means Capacity and P means Production.

The scheme for the mining of 2,40,000 tonnes of pyrites and the establishment of a 400 tonnes per day sulphuric acid plant at Sindri are under implementation. The total outlay on this project during 1966-67 and 1967-68 was Rs. 4.9 crores and an additional outlay of Rs. 4.2 crores was envisaged during 1968-69.

India imported sulphuric acid of the value of Rs. 1,21,690 in 1964-65, Rs. 47,867 in 1965-66, Rs. 37,295 in 1966-67 and Rs. 12,887 in 1967-68.

Some exports are also taking place. India exported sulphuric acid worth Rs. 84,054 in 1964-65, Rs. 71,405 in 1965-66, Rs. 16,337 in 1966-67 and Rs. 38,809 in 1967-68.

ALKALI INDUSTRY

The alkali industry comprises the manufacture of soda ash and caustic soda, sodium bicarbonate, bleaching powder, benzene hexachloride, liquid chlorine and zinc chloride.

At the beginning of the Third Plan, production of soda ash was 1,48,000 tonnes. The estimated actual production in 1967-68 was 3,60,000 tonnes. The target for 1968-69 was 4,00,000 tonnes.

The trend of production of soda ash in metric tonnes is as under :—

1964 : 2,82,408 ; 1965 : 3,21,972 ; 1966 : 3,49,608 ; 1967 : 3,55,836.

The figures of imports of soda ash during the last few years are given below :

Year	Q	V
1964-65	33.47	60.01
1965-66	35.60	78.65
1966-67	1.03	4.59
1967-68	4.05	13.55

Q : Quantity in million kilograms. V : Value in Rs. lakhs.

In 1967, the production in tonnes of hydrogen peroxide was 2,676 as against 2,784 in the previous year. During 1967-68, India imported 33,494 kilograms of hydrogen peroxide valued at Rs. 1,20,785. U.S.A. and Netherlands were the principal suppliers.

Caustic Soda.—There were at the end of 1967, 27 units manufacturing caustic soda.

Actual indigenous production of caustic soda and the associated chemicals has been as under :—

Year	Caustic Soda	Liquid chlorine	Bleaching powder
1964	1,84,020	50,580	7,932
1965	2,14,956	51,012	7,356
1966	2,30,688	63,048	10,812
1967	2,51,376	78,132	9,252

Imports of caustic soda were : 1964-65 : 67.12 million kgs.; 1965-66 : 74.21 million kgs.; 1966-67 : 14.16 million kgs. and 1967-68 : 8.07 million kgs.

During the Third Five Year Plan, the installed capacity of the industry rose from 1,26,000 tonnes in 1960-61 to 2,77,000 tonnes in 1965-66, and actual production from 99,000 tonnes to 2,18,000 tonnes. The estimated installed capacity and production in 1967-68 were 3,78,000 and 2,60,000 tonnes respectively.

The capacity and output were likely to reach 4,00,000 tonnes and 3,00,000 tonnes respectively in 1968-69.

MISCELLANEOUS CHEMICALS

The progress of production of important miscellaneous chemicals during the period 1964 to 1967 is given below.

Name of product	1964	1965	1966	1967
Bichromates	6,984	6,852	6,876	6,936
Copper Sulphate	4,764	3,252	3,600	2,664
Sodium Sulphide	2,132	3,432	3,720	3,660
Hydrogen Peroxide	2,700	2,472	2,784	2,676
Potassium Chlorate	3,672	3,804	4,104	4,104
Sodium Bicarbonate	10,752	12,804	13,704	19,680
Hydrochloric Acid	23,136	32,268	29,016	33,084
Nitric Acid	11,688	15,348	16,836	14,376
Sodium Sulphate	32,976	36,708	42,780	46,428
Sodium Aluminate	965	702	728	872
Nickel Sulphate	497	464	463	559

In 1967, installed capacity and production in tonnes of hydro-sulphate of soda stood at 7,812 and 4,282 respectively.

FERTILISERS

Nitrogenous Fertilisers

The following table shows the details of installed capacity of nitrogenous fertilisers as on 30-9-1968.

(metric tons)

Ammonium sulphate	203,720
Ammonium sulphate nitrate	31,700
Calcium ammonium nitrate	200,000
Urea	283,210
Ammonium chloride	16,410
Grand Total	735,040

Source : Fertiliser Statistics, 1967-68.

The year-wise production of nitrogenous fertilisers and the capacity at the beginning of each year are as under : (Tonnes)

Year	Capacity	Production
1964	193,968	125,796
1965	399,828	243,000
1966	503,880	255,756
1967	676,176	328,812

Imports of nitrogenous fertilisers amounted to 14,11,470 tonnes in 1966-67 and 15,54,601 in 1967-68.

For details about public sector projects for the development of fertilizers see "Fertilizer Corporation of India Ltd." and "Fertilizers and Chemicals Travancore Ltd."

The following table shows the year-wise consumption of nitrogenous fertilisers :

Year	Consumption
1964-65	434
1965-66	547
1966-67	839
1967-68	1,052
1968-69 (likely)	1,500

PHOSPHATIC FERTILISERS

The progress in the manufacture of phosphatic fertilisers is given below :

(Figures in tonnes of single superphosphate)

	Capacity	Production
1964	1,41,672	1,17,948
1965	1,47,480	1,14,924
1966	2,30,352	1,36,968
1967	2,80,812	1,81,812

The capacity of phosphatic fertiliser in India in 1967-68 was 3,93,000 tonnes. It was proposed to raise it to 4,14,000 tonnes in 1968-69.

Imported raw materials, rock phosphate and sulphur are used for the manufacture of single superphosphate. The following are the quantities and value of imported rock phosphate during the last few years :

	Quantity ('000 tons)	Value (Rs. crores)
1964-65	426.3	3.74
1965-66	565.7	5.56
1966-67	857.1	13.17
1967-68	604.0	9.33

Potassic Fertilisers : Potassic fertilisers are produced indigenously in the small scale sector and the annual production is estimated to be around 2,000 tons as muriate of potash.

Imports of Potassic Fertilisers
1965-66 to 1967-68

(metric tonnes)

Year/country from which imported	Muriate of potash ¹		Sulphate of potash ² (50% K ₂ O)

The production of ammonium sulphate: 1965: 82,944 tonnes; 1966: 86,388 tonnes and 1967: 8,12,816 tonnes.

Though the production of nitrogenous fertilisers has been stepped up in recent years it has been necessary to import large quantities of nitrogenous fertilisers because of increasing demand. India imported Rs. 20.5 crores in 1964-65; Rs. 31.80 crores in 1965-66; Rs. 68.97 crores in 1966-67 and Rs. 75.93 crores in 1967-68.

Imports of ammonium sulphate were: 1964-65: 453,140 tonnes; 1965-66: 839,860 tonnes; 1966-67: 998,899 tonnes and 1967-68: 879,648 tonnes.

Sources: ¹ Indian Potash Supply Agency Ltd., Madras. ² Established Importers.

Chemical	Production			
	1965	1966	1967	Main uses
Acetic acid (thou- sand kgs.) ..	7,932	9,000	9,600	Rayon, white lead, lead, acetates, dyeing rub- ber.
Acetone (tonnes)	816	1,524	912	Solvent ex- plosives
Benzene (thou- sand litres) ..	24,109	21,038	21,999	Solvent.

FINE CHEMICALS

The term "fine chemicals" is applied usually to substances such as photographic materials, drugs and pharmaceutical products, paints, pigments and varnishes, and dyestuffs. All the figures given below are in tons per annum except where otherwise stated.

Production of bromide and bromine respectively in '000 kgs. for the latest three years is as under: 1965: 12; 192; 1966: 96; 156; 1967: 36; 156.

Photographic Materials—The basic chemical required for the photographic industry are: (i) gelatin, silver halides and sensitizers in the coating of film, plate and paper base, and (ii) hypo-sodium sulphate metal, hydroquinone and chrome alum in the processing stages.

Hindustan Photo Films Manufacturing Co., Ltd., was incorporated in Nov. 1960, with an authorized capital of Rupees 5.5 crores to implement the project for the manufacture of raw films, photographic films, X-ray films and other sensitized materials in collaboration with Messrs. Banchet & Co., France. The total cost of the project is estimated at Rs. 11.6 crores. The factory has now commenced production.

PAINTS AND VARNISHES

There are at least 200 factories manufacturing paints and varnishes, but nearly 150 of them are very small in size. The bigger ones are concentrated in Bombay and Calcutta. Nineteen units with a capacity of 39,500 tons are in West Bengal, and 23 with an annual capacity of 34,000 tons are in Maharashtra. Manufacture of ship bottom paints has been commenced by a unit in Calcutta. Another unit in Bombay has been allowed technical collaboration for marine paints.

The annual national loss due to corrosion of iron and steel is estimated at Rs. 60 crores.

A wide variety of products including different kinds of paints, varnishes, enamels, lacquers, and other types of surface coating materials are manufactured by the industry which uses mainly indigenous and some imported raw materials. The important raw materials used are zinc oxide, white lead, titanium dioxide, red lead, yellow and green chrome pigments, carbon black linseed oil, etc. The industry contributes substantially to the national exchequer in the form of taxes, excise duty, customs duty, etc.

The capacity of the paints, varnishes and enamels industry has recently been reassessed by the Development Wing of the Ministry of Industry at about 85,000 tons. The State-wise distribution of the reassessed capacity is as follows: the first figure indicates the number of factories and the second the annual capacity in tons: Maharashtra 23; 34,000; West Bengal 19; 39,500; Uttar Pradesh 5; 8,100; Madras 3; 2,000; Delhi 2; 1,000; Andhra Pradesh 1; 300; Total 53; 84,900.

The production of paints, varnishes, zinc oxide, white lead, red lead and nitrocellulose lacquers including ancillaries from 1965 onwards is given below :

Year					Paints & Varnishes	White Lead†	Zinc Oxide	Red Lead	Nitrocel- lulose Lacquers
					(a)	(b)	(a)	(a)	(c)
1965	5,889	643	785	193	179
1966	5,655	481	484	152	173
1967	6,625	414	625	286	162

Note : Figures are monthly averages. (a) Thousand kg. (b) Tonnes. (c) Thousand Litres. † Annual production.

There has been a marked improvement in exports of Indian paints to Middle East and African countries. Exports of pigments, paints, varnishes and related materials amounted to Rs. 165 lakhs in 1967-68 compared with Rs. 80 lakhs in 1966-67.

DRUGS AND PHARMACEUTICALS

Drugs and pharmaceuticals cover a large variety of products from simple extracts of vegetable drugs and glandular preparations to highly complex synthetic drugs and antibiotics.

There are nearly 2,800 production units producing pharmaceuticals and drugs, licensed under the Drugs Act. Out of these, only 125 large-scale units are licensed under the Industrial Development and Regulation Act.

The following are the principal fields in which progress has been remarkable: Penicillin, Streptomycin and Dihydrostreptomycin, Tetracycline, Chloramphenicol, synthetic drugs, vitamins, synthetic hormones, glandular products and vaccines and sera.

Most manufacturers in the organised sector have collaboration arrangements with well-known pharmaceutical firms in England, America, Switzerland, Germany, Italy, the U.S.S.R., etc.

The total capital investment in this sector has sharply risen from Rs. 560 million in 1962 to over Rs. 1,500 million in 1967. These units employ about 40,000 workers, out of whom about 4,000 are technically trained.

Output of drugs in 1968-69 was expected to be around Rs. 235 crores as against Rs. 210 crores in 1967-68. In India the entire research expenditure on health problem is estimated at around Rs. 30 million including the governmental and private expenditure. Of this, a total of about Rs. 12 to 15 million is spent on doing research in the private and the public sectors.

Development in the Public Sector

See "Hindustan Antibiotics Ltd.," "Hindustan Insecticides Ltd.," Indian "Drugs and Pharmaceuticals Ltd.," and "Drug Research Laboratories" for more information on drugs.

Total exports of medical and pharmaceutical products in 1966-67 and 1967-68 were Rs. 3.77 crores and Rs. 3.33 crores respectively.

Notable rise in production has been registered in respect of anti-TB (PAS and its salts and INH), anti-pyretic (Aspirin) and antidiabetic (Tolbutamide) drugs, and other items like nikethamide.

Synthetic production of prednisolone, an important corticosteroid hormone has been established from indigenous dioscorea deltoidea roots. Production has commenced for the first time of items like hydroxocobalamin (vitamin B-12) promethazine, an antihistamin drug, while additional capacity has been established for the production of streptomycin with the commencement of production by one unit in Gujarat State. Additional capacity has also been established for the antidiabetic drug (tolbutamide) Vitamin B12 and thiacetazone. One unit for the production of the antidiabetic drug insulin starting from pancreas glands has been established in Maharashtra State. Another unit which has so far been manufacturing sulpha drugs based on imported intermediates has set up a basic manufacturing plant for the purpose. A new undertaking has been established very recently for the manufacture of PAS and its salts particularly its benzoyl derivative.

With the completion of the antibiotics and synthetic drug factories at Rishikesh, Madras and Sanatnagar in 1966-67 a very substantial increase in the output of essential drugs has been achieved.

Production : The important items of production in the public sector, e.g., penicillin and D.D.T. recorded increased output as shown below :

Year					Penicillin million mega units	D.D.T. (tons)
1965	102.84	N.A.
1966	123.48	N.A.
1967	128.88	N.A.

N.A. Not available.

Monthly average production of drugs during 1966 and 1967 is given below :

		Unit	1966	1967
1.	Liver Extract :			
	(i) Injection	'000 cc.	3,788.1	3,053.1
	(ii) Oral	'000 kg.	16.0	15.7
2.	Anti-dysentery drugs	kg.	7,348.0	6,441.0
3.	Nikethamide	kg.	553.0	379.0
4.	I. N. H. ..	'000 kg.	4.7	3.3

Proprietary and patent medicines		39.91	56.96
Other drugs and pharmaceutical products		1,356.08	1,368.27
GRAND TOTAL		1,979.80	2,100.75

D.D.T. and B.H.C. are the two of the most important insecticides. Hindustan Insecticides Ltd., a public sector undertaking went into production in March 1955. In addition to the expansion of public sector projects under Hindustan Insecticides additional production of DDT and BHC is envisaged at the Hindustan Organic Chemicals and Gujarat Petro-Chemical complex.

The annual capacity and production of D.D.T. and B.H.C. are set out in the following table :

		('000 tonnes)			
Year		D.D.T.		B.H.C.	
		Capacity	Production	Capacity	Production
		(1)	(2)	(3)	(4)
1966-67 ..		2.8	3.1	9.2	8.1
1967-68 ..		2.8	3.1	11.8	8.7
1968-69 (likely) ..		2.8	3.3	26.5	12.5

COFFEE INDUSTRY

COFFEE cultivation is mainly confined to the hilly tracts of south India, from one thousand feet to six thousand feet above the mean sea level, and is centred in the Malnad area of Mysore, Tamil Nadu and Kerala. In the lower elevations, which have a higher rainfall, the more delicate but better quality Arabica coffee has given place to the harder but coarser Robusta coffee.

The average daily number of persons employed during 1964-65 was 2,36,295 (exclusive of Andhra Pradesh).

There are only two types of coffee grown on commercial scale in India, the one most extensively cultivated being Coffee Arabica and the best in quality, with Robusta coming next in importance. About 50 species and sub-species of coffee are being grown in the Coffee Board's research stations. Many of the coffee estates are interplanted with orange, cardamom and pepper.

The area and production from 1962-63 of the two varieties of coffee are as under :

AREA IN THOUSAND HECTARES

Year	Arabica	Robusta	Total
1962-63	73	53	126
1963-64	75	54	129
1964-65	78	52	130

PRODUCTION IN M. TONNES

Year	Arabica	Robusta	Total
1963-64	39,051	30,269	69,320(R)
1964-65	42,290	18,725	61,015
1965-66	38,275	25,600	63,875
1966-67	41,620	36,855	78,275
1967-68	37,500	19,500	57,000
1968-69	45,000	25,000	70,000

R = Revised.

The final receipts of 1964-65, 1965-66, 1966-67 coffee crops and receipts upto 15-2-'68 in respect of 1967-68 crop (inclusive of gains-in-weight) are as under :

(In tonnes)

Season	Plantation	Ar. Cherry	Robusta	Total
1964-65 ..	31,200	10,920	18,490	60,610
1965-66 ..	24,925	13,155	23,365	63,445
1966-67 ..	27,475	14,079	36,460	78,014
1967-68 ..	25,333	11,900	19,480	56,713

The receipts of 1968-69 crop into the pool up to Dec. 15, 1968 amounted to 56,713 tonnes compared with 77,765 tonnes for the corresponding period of last year.

The following table gives the trend of exports :

Year	Exports in Metric Tons*
1963-64	33,005
1964-65	23,003
1965-66	28,843
1966-67	35,074
1967-68	29,755†
	(allocation)

* Out of the season's crop.

† Released for export by the Indian Coffee Board.

There is no export duty on coffee at the moment.

COFFEE PRICES

The price of coffee realised in the export sales during the first five months of 1967 ranged from Rs. 270.50 to Rs. 283 per 50 kg. of Plantation A, Rs. 222 to Rs. 231 per 50 kg. for Arabica Cherry A B and Rs. 200 to Rs. 210.50 per 50 kg. for Robusta Cherry A B.

The annual average prices realised in the pool sales for each type of coffee from the year 1964 (in Rs. per 50 kg. inclusive of Central Excise Duty).

Year	Plantation 'A'	Arabica cherry Flats/ Arabica cherry AB	Robusta cherry Flats/ Robusta cherry AB
		Rs. P.	Rs. P.
1964		268.48	225.32
1965		270.32	235.87
1966		334.20	296.49
1967		313.50	274.50

Under the Development Plan launched by the Board for increased production of coffee, a sum of Rs. 200.43 lakhs has so far been advanced to growers for different purposes as noted below (Rs. lakhs): 1. Long-term loans for intensive cultivation of small holdings 60.80; 2. Short-term loans for working capital 30.42; 3. Loans for acquiring essential equipment and machinery 107.09; 4. Long-term loans for replanting areas of old, uneconomic coffee 2.12; Total 200.43.

AVERAGE INDEX NUMBERS OF WHOLESALE PRICES OF COFFEE (Base 1952-53 : 100).

Year						Index
1964	106.9
1965	114.0
1966	136.4
1967	128.9

COFFEE BOARD

The Coffee Board is a statutory organisation constituted under the Coffee Act (Act No. VII of 1942), and functions under the administrative control of the Government of India in the Ministry of Commerce. The functions of the Board are as under :

- (1) the promotion of the sale and consumption in India and elsewhere of the coffee produced in India;
- (2) the promotion of agricultural and technological research in the interest of the coffee industry;
- (3) assistance to coffee estates for their development;
- (4) the securing of better working conditions and the provision and improvement of amenities and incentives for workers; and
- (5) the working of the measures enumerated in the Act relating to the operations of the surplus pool.

The Coffee Board consists of the Chairman and 32 other members representing the interests of coffee growers, the State Governments of Mysore, Tamil Nadu and Kerala, labour curing establishments, the trade and such other interests as in the opinion of the Central Government ought to be represented on the Board. The Board was re-constituted as from 10th July 1968 for a period of three years.

COIR INDUSTRY

COIR is the natural versatile golden fibre extracted from the husk, the outer covering of the coconut. 'Cocos Fibre' popularly known as Coir is classed among the Industrial Hard Fibres which enter the world market in the form of fibre, spun yarn, floor coverings, curled coir, rubberised coir products and rope.

India and Ceylon are the only two countries producing coir on a commercial scale. India accounts for about 55 to 60 per cent of the total production of the coir in the world. The coir industry is mainly confined to the coastal strip of Kerala. Annual production of coir fibre in the country is estimated at 1,60,000 tonnes.

Kerala accounts for 5.86 lakh hectares out of a total of 9.12 lakh hectares under coconut cultivation in India. The distribution of area under cultivation and production of coconuts for 1965-66 (latest available) is as follows:—

States	Area in '000 hectares			Production of nuts in thousands
Kerala	586	32,93,000
Mysore	124	3,43,506
Tamil Nadu	81	8,54,643
West Bengal	34	1,42,480
Andhra	33	2,87,932
Goa	19	81,985
Maharashtra	9	31,831
Andaman & Nicobar Islands	9	33,273
Orissa	9	33,229
Assam	4	11,158
Laccadive, Minicoy and Amindivi Islands	3	19,278

States	Area in '000 hectares			Production of nuts in thousands
Pondicherry	1	13,104
Gujarat	@	2,413
Tripura	@	200
Total	912	51,48,032

@ Negligible

Source : Regional Office, Coconut Development, Ernakulam.

On an average, India exports 46,000 tonnes of coir yarn out of the total production of 1,40,000 tonnes annually. 42,000 tonnes of coir yarn are used for the production of coir manufactures (including coir rope) annually. Export of coir fibre as such is only to the extent of 1,200 tonnes.

India's production of coir products and coir rope are estimated at 24,500 tonnes and 15,000 tonnes respectively. 75 per cent of the total production of coir products is exported to foreign countries. But only 7 per cent or less of the total quantity of coir rope produced is exported and the rest is consumed internally.

In the spindle spinning sector, there are about 24,000 units engaged in the production of coir yarn.

There are at present 1,468 industrial establishments registered with the Board under the Coir Industry (Registration and Licensing) Rules, 1958, engaged in the production of coir manufactures. But only 155 units are registered under the Factories Act in Kerala and the rest are mere cottage type establishments with one or two looms.

The industry provides employment for about 3 to 4 lakhs of people in the coastal strip where the density of

population is very high. The Kerala Government have fixed minimum wages in respect of both the sectors of the industry where hired labour is required.

The yarn produced in the different villages is being marketed chiefly in Alleppey, Cochin and Kozhikode. The manufacture of coir products is concentrated in and around Alleppey and a considerable share of the yarn brought from the producing centres is used for the production of coir floor coverings.

The Coir Board is responsible for the formulation of suitable measures to promote the growth of the industry on stable and healthy lines.

The Coir Industry Act gives powers to the Union Government to levy a cess on export of coir and coir products. At present the cess levied on coir fibre and yarn is at the rate of 98 paise per quintal. Nearly Rs. 4½ lakhs are collected under this head.

Recently as per the recommendations of the Board, the Central Government have issued orders notifying coconut husks (raw and retted) as an essential commodity under the Essential Commodity Act of 1955. In exercise of the powers conferred under section 3 of the Essential Commodity Act 1955 (10 of 1955) the Central Government have issued orders for the Licensing of Coir Retting places. These rules provide powers to the Government for the control of the price of husks. The State Governments of Kerala and Tamil Nadu were authorised to implement the scheme.

A Central Coir Research Institute was set up in Kalavoor, Alleppey in Kerala to carry on fundamental as well as applied research.

The Board also set up a National Coir Training and Design Centre to impart advanced and systematic training in the techniques of coir production. The Centre also conducts refresher classes to the executives of co-operative societies. This centre is also engaged in evolving novel designs. An extension service covering the various aspects of coir extraction, processing and manufacture especially spinning, dyeing and weaving has also started.

In order to compete with the products manufactured on powerlooms in West European countries, a policy decision has been taken to mechanise one third of the matting sector of the industry. Superior varieties of coir mattings in up-to-date designs and patterns to satisfy the sophisticated taste of the consuming public can be produced on powerlooms. A fully mechanised factory has been set up by the Coir Board. The total financial outlay is about Rs. 12 lakhs with a foreign exchange component of about Rs. 4.6 lakhs. Two other factories in the

private sector have also already commenced commercial production.

Diversified uses for which coir can be put are many. Efforts at diversification of coir products have been going on for some time now. The results are machine extracted fibre and rubberised coir products.

Already 22 defibering units and eight rubberised coir producing units have been commissioned in various parts of the country. Rubberised coir is extensively used in the manufacture of mattress, pillows, moulded cushions, upholstery parts, etc. Rubberised coir mattress is particularly useful for use in hospitals.

A scheme of Quality Control and Pre-shipment Inspection was introduced to prevent the shipment of inferior goods which once did some damage to the reputation of Indian coir products.

To achieve some sort of stability in price index floor prices have been fixed for the popular varieties of coir mats exported.

On an average export of coir and coir products used to earn about Rs. 12 crores (before devaluation) of foreign exchange, every year. The export earnings during 1967-68 amounted to Rs. 13.27 crores. The figures of export of coir and coir products during the year 1967-68 are given in the table at the end.

In order to expand the home market for coir and coir products, the Coir Board has opened show rooms and sales depots in important cities like Bombay, Calcutta, New Delhi, Madras, Bangalore and Ernakulam. The sales effected through these sales depots have increased year by year.

The Board had also appointed eleven accredited dealers in the towns of Trichur, Nagpur, Mangalore (A), Vijayawada, Udipi, Delhi, Mangalore (B), Bangalore, Kanpur, Daltaganj and Hyderabad, who will be given some financial assistance by meeting a part of the rent of the premises in which coir goods are displayed for sale. Few more will be appointed soon.

The outlay in the Fourth Plan for the coir industry as proposed by the Board is Rs. 5.3 crores, comprising Rs. 1.5 crores for centrally sponsored schemes to be executed by the Board direct and Rs. 3.8 crores for States and Union Territories schemes.

The State scheme also envisages the organisation of the industry on a co-operative basis. About 635 co-operative societies are now in position in different coconut growing states in India. Out of these 542 are in Kerala. Six of the societies in Kerala are directly engaged in the export trade.

EXPORT* OF COIR AND COIR GOODS FROM THE INDIAN PORTS

(Year — April–March)

Commodity	1965-66		1966-67		1967-68	
	Qty. (q)	Value (Rs.)	Qty. (q)	Value (Rs.)	Qty. (q)	Value (Rs.)

Source:—Daily/Weekly lists of Exports issued by the Customs authorities.

* Total export of coir and coir products during the period April '68—January '69 amounted to 53,114 tonnes valued at Rs. 12.5 crores as against 47,325 tonnes worth Rs. 10.7 crores of coir and coir products exported during April '67—January '68 period. (q) : Quintals.

COTTAGE INDUSTRIES

VILLAGE AND SMALL INDUSTRIES

ACCORDING to the working definition adopted by the Government, small-scale industries include all industrial units with a capital investment not exceeding Rs. 5 lakhs irrespective of the number of persons employed. Financial assistance to small industries is given by the Government, State Financial Corporations and banking institutions including the State Bank of India. Recently, measures were taken to make this assistance more effective.

The data about employment are extremely meagre. It is, however, very roughly estimated that at least 24 million persons are gainfully employed in these industries classified as under :—

Name of Industry	Persons employed in lakhs.
Textiles	75
Leather	24
Wood	21
Metals	42
Pottery, Ceramics, Tiles, Bricks, etc. ..	20
Vegetable Oils, Chemical Products, etc. ..	10
Food including Hand-pounding	20
Dress and Toilet	11

THE KHADI AND VILLAGE INDUSTRIES COMMISSION

The Khadi and Village Industries Commission's functions are to plan, organise and implement programmes for the development of khadi and village industries.

The Commission is a non-profit making body, depends upon the Government of India for its finance and its programmes form a part of the Five Year Plans and its annual demands form a part of the budget of the Government of India.

The Commission which has five members including the Chairman, Vice-Chairman and Member-Secretary, generally acts in consultation with the advisory Khadi and Village Industries Board. Members of the Commission: U.N. Dhebar (Chairman); K. Arunachalam (Vice-Chairman); Dhawaja Prasad Sahu; Somdutt; Akshay Kumar Karan (Member-Secretary).

The industries coming under the purview of the Commission are : (a) *Textile Industry* : khadi—cotton, woollen and silk ; (b) *Food Processing Industries* : processing of cereals and pulses, ghani oil, manufacture of canegur and khandsari, palmgur making and other palm products ; (c) *Mainly Forest-based Industries* : cottage match, cottage soap, manufacture of shellac, collection of forest plants and fruits for medicinal purposes, bamboo and cane work, manufacture of gum resins, manufacture of katha ; (d) *Other Industries* : handmade paper, beekeeping, cottage pottery, cottage leather, fibre other than coir, manufacture and use of manure and methane gas from cow-dung and other waste products, lime manufacturing, blacksmithy, carpentry, fruit processing and fruit preservation, manufacture of household utensils in aluminium.

The programmes for the promotion and development of all these industries are implemented in all the States through the statutory State Khadi and Village Industries Boards. There are State Boards in almost all the States. In a few States the Commission has departmentally undertaken the development of khadi and village industries. The Commission provides financial assistance in the shape of grants and loans and gives technical guidance and training also.

Institutional Progress

By the end of 1967-68 there were 678 registered institutions and 20,079 cooperative societies for khadi and village industries.

Production

The production of khadi (including silk, woollen and cotton) was of the value of Rs. 27.84 crores in 1966-67 and of Rs. 24.29 crores in 1967-68. The quantity of production was 785.59 lakh sq. metres in 1966-67 and 638.85 lakh sq. metres in 1967-68.

The value of production of village industries articles in 1967-68 was Rs. 74.13 crores as against Rs. 59.30 crores in 1966-67.

The following table shows the comparative details of production of khadi and village industries in 1966-67 and 1967-68.

Industry	(Rs. Crores)	
	1966-67	1967-68
Khadi	27.84	24.29
Processing of Cereals and Pulses ..	6.83	14.38
Village Oil	22.10	19.73
Village Leather	3.18	3.50
Cottage Match	0.19	0.20
Gur and Khandsari	10.66	21.80
Palm Gur	8.06	7.05
Non-edible oils and Soap	2.97	2.13
Handmade Paper	0.46	0.50
Beekeeping	0.64	0.74
Village Pottery	1.65	1.78
Fibre	0.95	1.10
Carpentry and Blacksmithy	1.34	0.94
Lime	0.18	0.17
Methane Gas	0.09	0.11
Total ..	59.30	74.13

Sales

Sales of different khadi and village industries products increased from Rs. 53.92 crores in 1966-67 (khadi Rs. 25.76 crores and village industries Rs. 28.16 crores) to Rs. 62.17 crores in 1967-68 (khadi Rs. 25.01 crores and village industries Rs. 37.16 crores).

The sales of khadi amounted to Rs. 25.01 crores during 1967-68 as against Rs. 25.76 crores in the previous year. The bulk of the sales was effected through bhandars and bhavans.

Employment in Khadi

During 1967-68, the khadi programme provided employment to 12.04 lakh spinners (10.31 lakh traditional, 0.93 lakh ambar, 0.03 lakh new model, 0.64 lakh wool

and 0.13 lakh silk), 0.92 lakh weavers and 0.40 lakh others. Thus the total number of persons employed in khadi was 13.34 lakhs.

Research

Grants have been made to promote research. The Commission's Central Research Institute for Village Industries at Wardha which is known as Jamnalal Bajaj Central Research Institute for Village Industries has been in the field for some time now. As a result of financial assistance by the Commission improved implements such as ambar belni, ambar charkha, dhunai modhia, improved ghanis and chakkis, all-metal neem seed decorticator-cum-pulveriser, hand-operated pocha-making machine and paddy sheller, hydraulic press for crushing edible oil seeds have been introduced opening out possibilities of raising the productivity and income of the persons employed.

Khadi Programme

The Commission disbursed Rs. 15.52 crores (Rs. 9.30 crores as grants and Rs. 6.22 crores as loans) for the development of khadi industry during 1967-68 as against Rs. 21.50 crores (Rs. 9.64 crores as grants and Rs. 11.86 crores as loans) in 1966-67.

AMBAR CHARKHA PROGRAMME

The two schemes, traditional charkha and ambar charkha, have been in operation side by side. A new model all-metal six spindle charkha, designed by the Prayog Samiti of the Sarva Seva Sangh and manufactured by the Textool Company at Coimbatore is now in operation. The charkha which has now two models—Coimbatore and Rajkot—is capable of fetching a wage of Rs. 2 for eight hours' work. At the end of 1967-68, about 2,500 new model charkhas (Coimbatore model) were in operation in 100 centres throughout the country.

During the year 1967-68 production of ambar cloth was 189.48 lakh sq. mtrs., traditional khadi was 353.06 lakh sq. mtrs. and khadi produced from the yarn of new model charkha was 20.78 lakh sq. mtrs. The total production of cotton khadi thus amounted during 1967-68 to 568.68 lakh sq. mtrs. valued at Rs. 17.44 crores.

HANDLOOMS

The handloom industry provides gainful employment to a large number of rural craftsmen and helps to preserve their traditional art.

Production : The aggregate production of cotton textiles increased from 7,299 million metres in 1963 to 7,719 million metres in 1964 and to 7,643 million metres in 1965. The production declined to 7,336 million metres in 1966. The estimated production of handloom and powerloom cloth works out to 3,056 million metres in 1965 and 3,097 million metres in 1966.

Handloom Co-operatives : There were 13.89 lakh looms in the Co-operative fold as on 31st March, 1966. This is nearly 50 per cent of the known size of the industry. Similarly the number of weavers' cooperative societies has increased from 9,870 in 1957-58 to over 12,163 with 12.79 lakh weaver members and 13.89 lakh looms at present. Under the scheme of Handloom Finance of the Reserve Bank of India the credit limits sanctioned have risen from Rs. 180.19 lakhs in 1957-58 to Rs. 589.65 lakhs in 1964-65.

The Reserve Bank of India continued to provide accommodation to State Co-operative Banks on behalf of Apex Weavers' Co-operative Societies under section 17(2)(a) or 4(c) of the R.B.I. Act at the bank rate for purchase and sale of yarn.

Marketing : All India Handloom Board has taken several steps for aiding the marketing of handloom products. This aid has brought into being 1,822 sales depots, 53 inter-state sales depots, 61 central depots, and 46 mobile-vans. Government have also provided a subsidy to mitigate to a certain extent the lag between the competitive capacity of the mill industry and the handloom industry. Publicity and propaganda measures like holding of fashion shows, participation in exhibitions, release of press advertisements, bringing out posters, brochures, pamphlets and folders etc., setting up kiosks at airports, erection of hoardings, issue of souvenirs on cloth etc., screening of cinema slides, documentaries and observance of the annual handloom week have helped to focus the attention on the industry and to create handloom mindedness.

Exports : India's handloom products have always had fame and pride wherever attractive textiles are prized. In recent years, in the face of growing competition from mills within and products of other countries like China, Japan etc., exports of handlooms have declined gradually.

The aggregate value of exports of handloom fabrics in each of the years 1962 to 1966 is : 1962 Rs. 10.14 crores ; 1963 Rs. 14.28 crores ; 1964 Rs. 13.18 crores ; 1965 Rs. 15.26 crores ; 1966 Rs. 11.24 crores.

The highest level of exports was reached in 1965 and this was mainly due to the phenomenal increase in the exports of handwoven fabrics known as "Bleeding Madras", which alone accounted for Rs. 6 crores. It is seen from a study of the destination-wise exports to some of the leading countries in the above years that the maximum exports are now to our traditional markets only viz., countries such as Singapore, Aden, Nigeria, Malaysia etc. While our exports to the U.S.A. have declined sharply, countries like Sweden and West Germany have started importing more of handloom fabrics, particularly silk.

The Handloom Export Promotion Council has been trying to locate the impediments which stand in the way of increasing the exports of handwoven fabrics and how best they could be solved.

Technical Improvement and Research

Technical improvement is the basic requirement for the development of an industry. With a view to increasing the productivity of the handloom weavers, financial assistance is provided to weavers' co-operatives to replace out-moded tools by efficient ones, for the introduction of improved looms, jacquards, dobbies etc., as also for setting up dye-houses, finishing and calendering plants, pattern making factories etc. Under the above assistance, 547 dye-houses, 38 pattern making and 12 finishing plants were working during 1966. Of the 16 co-operative spinning mills proposed 10 mills have started production of yarn of various counts.

The All India Handloom Board has set up Weavers' Service Centres at Bombay, Madras, Calcutta, Varanasi, Mangalagiri (A.P.), Indore, Bangalore and Kancheepuram. These Centres have been concerned with the gearing together of the channels of communication that carry the results of research to the production unit and so enable it to function with precision and vitality. This, it is attempting to accomplish through (a) Setting up of workshops and laboratories undertaking applied research in the field of dyes, designs and technical problems of yarn and structure ; (b) By establishing a two way channel of communication between the Weavers' Service Centres and production units through (i) Short term training courses and (ii) by sending out technical personnel to

weaving centres ; (c) By helping to establish links between production units and the agencies concerned with the internal and external marketing.

These centres have well developed Artists' studios, dyes laboratories and libraries.

The two Indian Institutes of Handloom Technology at Salem and Varanasi continued to train candidates for the diploma courses in Higher Handloom Technology. The candidates who were successful in the diploma course have secured employment. The institutes continued the short term course for training of weavers in improved methods of production. They also rendered technical assistance in many directions to the handloom interests.

VILLAGE OIL

India is the second largest producer of oilseeds in the world and leads all other countries in respect of acreage under oilseeds.

Mills and ghanis are the two sectors in the oil industry in the country.

There are over 8,201 oil mills in the country.

The Village Oil Industry i.e. ghanis brought under its fold provided employment to 0.21 lakh full-timers during the year 1967-68. Besides, 12,510 part-time workers and 1,946 casual workers also found employment in the industry. The total earnings of these workers during the year (1967-68) was Rs. 174.44 lakhs.

During 1967-68, the expenditure incurred by the Commission for the development of the industry amounted to Rs. 164.89 lakhs of which Rs. 13.15 lakhs constituted grants and Rs. 151.74 lakhs loans.

There were 4,840 agencies operating various schemes under the Commission's purview of which 4,330 were co-operative societies and 510 were registered institutions.

During 1967-68, the production of oil through the registered ghanis was 3.91 lakh quintals valued at Rs. 1,600.10 lakhs and 6.04 lakh quintals of oil cake valued at Rs. 364 lakhs. The sales of oil and oil cake amounted to 3.65 lakh quintals and 5.36 lakh quintals respectively. The respective values of oils and oil cake sold were Rs. 1,533 lakhs and Rs. 344 lakhs.

Under the training programme the Commission trained 52 telis in the States of Assam, Gujarat and Madhya Pradesh during 1967-68.

PROCESSING OF CEREALS AND PULSES

The Rice Milling (Regulation) Act was passed in May 1958, which was amended during 1967-68.

The main features of the amended Act are : (i) provision for regulating the operation of hullers surreptitiously attached to oil engines, flour mills, agricultural pump sets, etc. ; (ii) restriction on polish beyond 4 per cent ; and (iii) restrictions on the starting of defunct rice mills and hullers.

In pursuance of the decisions taken at the meeting of Planning Commission and the Khadi and Village Industries Commission, the Union Food and Agriculture Ministry issued suitable instructions to the State Governments for relaxing price control in favour of handpounded rice. The Khadi and Village Industries Commission also took up with the various State Governments the question of ensuring adequate supply of levy paddy to the handpounding units of the Commission for milling as agents of Government. However the problem of ensuring adequate supply of raw material continued to be acute in some of the rice growing states.

The disbursement during the year was Rs. 99.03 lakhs of which Rs. 13.58 lakhs were grants and Rs. 85.45 lakhs were loans.

To enable the artisans obtain higher production of better rice, the Commission distributed during the year 6,093 atta chakkis, 2,979 paddy chakkis, 393 winnowing fans, 83 dhenkis, 227 Qualite paddy dehuskers and 89 gear shellers.

Under the production programme, 7.29 lakh quintals of paddy valued at Rs. 436.75 lakhs were dehusked during 1967-68. The industry provided employment to 43,436 persons in 1967-68 out of whom 9,342 were full-time workers and rest part-time workers. They earned respectively Rs. 15 lakhs and Rs. 13.10 lakhs. During the year the Commission's Central Training Institute at Wanakbori (Gujarat) imparted training to 59 persons and the regional vidyalayas to 77 persons.

BEE-KEEPING INDUSTRY

With a view to organising and developing collection of honey on scientific lines the Commission distributes bee-hives on a subsidised basis, finances, rearing and distribution of bee-colonies, collection and marketing of honey, organises co-operative societies and trains apiarists, fieldmen, farmers and others in the art of bee-keeping.

Rs. 20.63 lakhs were disbursed in 1967-68 of which Rs. 17.61 lakhs formed grants, the remaining being loans.

During 1967-68, as many as 19,889 bee boxes and 532 honey extractors were distributed at subsidised rates. Under the programme 14.68 lakh kgs. of honey was collected in 1967-68 as against 12.78 lakh kgs. collected in 1966-67 and the whole of it was marketed. During the year 22 fieldmen were trained. The total number of villages covered by the end of March 1968 was 23,764.

HAND-MADE PAPER INDUSTRY

The hand-made paper industry, as being developed by the Commission, aims at utilising easily available raw materials like fibre, old gunny bags, rags, straws, grasses, waste paper etc. The programme of development consists of assisting in the setting up of big, medium, small and school units.

During 1967-68 the Commission disbursed Rs. 16.09 lakhs for the development of hand-made paper industry. The financial disbursement to various types of units depends upon the capacity to produce paper. Up to the end of 1967-68 the Commission had allotted 13 big, 113 medium and 132 small units. In addition to this, 24 home units, 11 jail units and 15 units to individual artisans also had been allotted.

The production of paper rose from 2,422 metric tonnes valued at Rs. 45.51 lakhs in 1966-67 to 2,609 metric tonnes valued at Rs. 50.21 lakhs in 1967-68. The industry provided employment to 3,890 full-time workers, 686 part-time workers and 134 casual workers during 1967-68, their total wage bill being Rs. 18.10 lakhs.

NON-EDIBLE OILS AND SOAP

India possesses large quantities of a wide variety of non-edible oilseeds, e.g., neem, karanja, maroti, dupa, castor, undi, etc. The oils extracted from these seeds are highly valued as industrial oils.

During 1967-68 the Commission financed the programme to exploit the vegetable oilseeds to the tune of Rs. 82.92 lakhs of which Rs. 73.14 lakhs were loans and Rs. 9.78 lakhs grants.

To intensify efforts in improving production of non-edible oils, Oil Producing Units have been organised.

During 1967-68 about 170 seed collection units, 125 oil production units and 313 soap production units reported production. As many as 434 institutions were engaged in production activities during the year.

The production of non-edible oil during the year 1967-68 was 12.79 lakh kgs. valued at Rs. 36.54 lakhs. The value of soap produced in 1967-68 was Rs. 136.98 lakhs as against Rs. 159.64 lakhs in 1966-67, the quantities being 66.63 lakhs kgs. and 80.73 lakh kgs. respectively. The industry provided employment to 594 full-time workers and 1,13,169 part-time workers in 1967-68.

PALM-GUR

In India, there are four varieties of sugar-yielding Palms—Date, Palmyra, Coconut and Sago. While the total number of tappable palms in the country, mostly Date and Palmyra, is estimated at over five crores, only about 170 lakh palms are being tapped for the manufacture of palm-gur.

The significance of the Palm-Gur Industry in India lies in the manufacture of gur and sugar from the sweet juice of palms, popularly known as *neera*, in providing seasonal employment on a large scale, and in its effects on subsidiary occupation as in the manufacture of products from palm leaf.

The Commission has established a Central Research-cum-Training Centre at Dahanu (Maharashtra). Research in the preservation of *neera*, better processing methods and improved implements is being carried on.

For the development of the industry the Commission provided Rs. 35.11 lakhs during the year 1967-68. The aggregate number of trees tapped during the year was 170.68 lakhs as against 104.42 lakhs in 1966-67.

There were 3,303 cooperative societies having a membership of 3.67 lakhs operating under the industry in 1967-68 as against 3,507 cooperative societies with a membership of 3.93 lakhs in 1966-67.

During 1967-68 the total number of persons trained were 2,841. The production of palmgur during the year was valued at Rs. 652.29 lakhs. In addition to palm-gur, palm sugar and other edible and non-edible articles from palm trees were also undertaken and the total value of these during 1967-68 was Rs. 52.23 lakhs. The total sale proceeds from the industry during the year was Rs. 799.09 lakhs. The industry provided employment to 3.02 lakh persons who earned Rs. 402.09 lakhs as wages.

GUR AND KHANDSARI

With a view to improving the quality of Gur, production of Khandsari and the efficiency of the farmers, the Commission has schemes to introduce improved equipment like crushers, centrifugals, pans, furnaces etc. The Commission also undertakes to train honorary workers and farmers in better methods of production with the help of improved equipment. The programme aims also at the organisation of co-operative societies to take up production and marketing of Gur and Khandsari and stocking and supplying of improved implements.

At the end of 1967-68, there were 1,056 co-operative societies and registered institutions engaged in the industry. During the year the Commission distributed 1,017 bullock-driven units and 9 power-driven units. The Commission constructed during the year 4,892 new furnaces and repaired 4,507 old ones.

The production of gur and khandsari during the year was 15.40 lakh quintals and 8,000 quintals respectively, the total value of production of both being Rs. 21.79

crores. The entire gur and khandsari produced was sold during the year. The industry provided employment to a total number of 73,045 persons in 1967-68 who earned Rs. 158.22 lakhs as wages.

VILLAGE LEATHER INDUSTRY

The processing of hides and skins and the manufacture of leather goods are traditional village industries.

The object of the development programme of the Commission for the industry is the planned recovery and full utilisation of the various parts of dead animals so as to minimise waste and provide large-scale employment. There is a vast livestock population consisting of over 22.6 crores cattle and 10 crores sheep and goats.

The programme consists of the establishment of flaying centres, flaying platforms, village tanneries, glue manufacturing centres, bone crushing units, chrome tanning units, retanning of bag tanned sole leather units, foot-ware units and leather goods units. The Commission is the first organisation in the country to take up chrome tanning in the villages. Eight such units have already been set up and are working properly.

To assist the Commission there is an Advisory Committee consisting of representatives of this industry and trade.

During 1967-68, Rs. 32.04 lakhs were disbursed for the development of the industry of which Rs. 12.40 lakhs were grants and Rs. 19.64 lakhs loans.

During the year 48 and 85 persons were trained in the Arts of tanning and carcass utilisation respectively. As against the production of goods valued at Rs. 317.60 lakhs in 1966-67, the production in 1967-68 was valued at Rs. 350.18 lakhs. During 1967-68, as many as 13,175 full-timers and 7,066 part-timers were employed in this industry, who earned Rs. 82.21 lakhs as wages.

COTTAGE MATCH INDUSTRY

The match industry in India is classified into A, B, C and D classes according to the size and production capacity of the manufacturing units.

The programme of the Commission consists in the promotion of the 'D' class, licensed to produce a maximum of 25 gross boxes per day and capable of employing about 40 persons each.

The development programme aims at the utilisation of the bamboo resources of the country for the manufacture of matches and the elimination of the use of match wood and timber.

The programme also provides for training, research and marketing schemes.

The Commission expended Rs. 6.86 lakhs during 1967-68 of which Rs. 1.55 lakhs were grants and the rest loans.

The production of cottage match boxes rose from 2.33 lakh gross boxes in 1966-67 to 2.44 lakh gross boxes in 1967-68. During the year 14 persons were trained.

The Industry provided employment to 653 full-time workers and 1,993 part-time workers who earned a total wage of Rs. 2.35 lakhs during the year.

VILLAGE POTTERY INDUSTRY

The development programme for the industry consists of schemes for the promotion of production of pottery goods of various types, marketing, research, central and regional training, organisation and promotion of co-operative societies, supply of improved equipment and improved furnaces.

The Commission's programme for the industry during the year comprised among other things technical research, reorganisation of production programme in some areas and introduction of earthen pipes for water channel for minor irrigation. The disbursements for the year 1967-68 were Rs. 42.64 lakhs of which Rs. 9.23 lakhs were grants and Rs. 33.41 lakhs loans.

The production activity for the pottery industry in 1967-68 registered a considerable rise, the value of goods produced being Rs. 178.31 lakhs as against Rs. 165.08 lakhs in 1966-67. Pottery articles worth Rs. 175.92 lakhs were sold during 1967-68. Under the training programme, 106 supervisors and 132 artisans were trained during the year. The industry provided employment to 35,536 persons during the year and the wage bill amounted to Rs. 84.31 lakhs.

FIBRE INDUSTRY

With a view to utilizing various kinds of fibres like sisal, hemp, san-hemp, etc., which grow in abundance in villages, but remain mostly unprocessed, the Commission implements a development programme under which improved Charkhas are distributed, artisans are trained and model production centres are organised.

In 1967-68 Rs. 10.48 lakhs were disbursed. During the year 36 instructors and 7,324 artisans were trained. The production of fibre articles during 1966-67 and 1967-68 were Rs. 95.40 lakhs and Rs. 109.64 lakhs respectively. The industry provided employment to 16,646 persons. The total wages paid during 1967-68 were Rs. 47.15 lakhs.

CARPENTRY AND BLACKSMITHY

For developing the village carpentry and blacksmithy industry, the Commission disbursed Rs. 10.38 lakhs during 1967-68 of which Rs. 2.15 lakhs were grants and the rest loans. Besides, a working capital loan of about Rs. 6.00 lakhs was also disbursed. The value of production and sale during 1967-68 amounted to Rs. 93.60 lakhs and Rs. 88.76 lakhs respectively. The industry provided employment to 2,104 full-time workers and 1,030 part-time workers during the year and the wage bill was Rs. 21.34 lakhs.

MANUFACTURE AND USE OF MANURE AND METHANE GAS FROM COW-DUNG AND OTHER WASTE PRODUCTS

The total number of gas plants set up by the Commission during 1967-68 was 944, thus bringing the total number of gas plants at the end of 1967-68 to 1,701. There were 246 agencies which received funds for the development of the industry at the end of the year.

During 1967-68 the Commission disbursed Rs. 9.58 lakhs for building plants as against Rs. 4.96 lakhs in 1966-67. The production of methane gas increased from 22.26 lakh cubic metres valued at Rs. 5.35 lakhs in 1966-67 to 27.68 lakh cubic metres valued at Rs. 6.95 lakhs in 1967-68. Besides, about 22,178 tonnes of manure valued at Rs. 4.24 lakhs were also produced during 1967-68.

LIME MANUFACTURING INDUSTRY

The construction of low cost kiln and improved kiln designed by the Commission on modern lines continued to receive attention during 1967-68.

As against a disbursement of Rs. 5.28 lakhs in 1966-67, the Commission disbursed Rs. 4.61 lakhs in 1967-68 in the form of grants and loans. The production of lime

during the year amounted to Rs. 16.50 lakhs and the industry provided employment to 4,168 persons. The total wages during the year amounted to Rs. 8.14 lakhs.

INTEGRATED DEVELOPMENT PROGRAMME

The programme aims at intensive development of khadi and village industries in the gramdan and bhoedan areas where some spade-work had already been done.

During 1967-68, the Commission approved 17 blocks, bringing the total number of blocks to 682. Of these 87 were Prakhanda blocks, 314 gramdan blocks and the remaining were outside the areas covered by the bhoedan movement and were located in tribal and hill and border areas. By 1967-68, the programme covered 31,112 villages with a population of 2.19 crores. During the year Rs. 47.33 lakhs were disbursed to 226 institutions including the State Khadi and Village Industries Boards.

The production of yarn during the year was 111.73 lakh kgs. About 14.39 lakh sq. metres of cloth valued at Rs. 44.07 lakhs was woven for self consumption. The total number of self-sufficiency spinners under the programme was 18,826. The sale of khadi in the area under the scheme amounted to Rs. 312.29 lakhs. The total production and sales of village industries products during the year aggregated Rs. 157.92 lakhs and Rs. 148.22 lakhs respectively. Employment was provided to 3.93 lakh persons under khadi and 0.32 lakh persons under village industries, the total wages distributed to them being Rs. 171 lakhs and Rs. 33.23 lakhs respectively.

PROGRAMME FOR HILL AND BORDER AREAS

The Commission had by the end of 1967-68 spread a network of 95 centres in the border areas of almost all the border States. Distribution and/or sale of implements and tools under khadi and village industries during 1967-68 were to the tune of Rs. 1.79 lakhs and Rs. 1.08 lakhs respectively.

WEAVING SUBSIDY SCHEME

The Khadi and Village Industries Commission introduced weaving subsidy scheme from 6th April 1964 under which the rebate on the sale price of khadi has been replaced by a system of providing facilities for free weaving of all handspun yarn.

The new scheme benefits the spinners who get khadi at the cost of cotton while the urban consumers continue to get khadi at the rate existed under the previous scheme; the only difference is that the amount available as rebate on the old sale price would under the new scheme be deducted from the price at an earlier stage in the form of weaving subsidy.

KHADI AND VILLAGE INDUSTRIES IN FOURTH PLAN

The Khadi and Village Industries Commission has three main objectives in the Fourth Five Year Plan, viz., the social objective of providing employment, the economic objective of producing a saleable article, and the wider objective of creating self-reliance amongst the people and building up a strong rural community spirit. The production of khadi of all varieties during the Fourth Five Year Plan is estimated at 760.22 million sq. metres valued at Rs. 233.46 crores. Employment will be provided under khadi at the end of the Plan in 1973-74 to 24.99 lakh persons (20.94 lakh traditional and ambar charkhas, and 4.05 lakh new model charkhas). The production target for village industries during the Plan is put at Rs. 472.16 crores. The total number of people who will be either fully or partly employed under village industries by 1973-74 is estimated at 16.38 lakhs.

Technical Improvements

New equipment, tools and processes have been developed and many others are in the process of experimentation. It is proposed to take advantage of all the available modern scientific knowledge and experience in improving progressively the productivity and income of artisans.

The new model charkha, the sevagram semi-automatic looms, etc. for example, would still enhance productivity, raise the level of income and make cloth more durable. Average production per new model charkha at present

ranges from 15 to 20 hanks for 8 hours work which ensures a wage Rs. 1.50 to Rs. 2.00 a day.

OTHER INDUSTRIES

Industries such as collection of forest plants for medicinal purposes, manufacture of shellac, manufacture of gums and resins, manufacture of katha, fruit processing and preservation, etc. are new additions to the list of industries under the purview of the Commission. Financial assistance was given to them during the year for initiating the work. Some of them, especially katha manufacturing (with a production worth Rs. 4.26 lakhs) made good start.

HANDICRAFTS

Handicrafts occupy the sixth place in the country's exports.

The All-India Handicrafts Board studies the problems confronting the handicrafts industry and advises the government on the solution of these problems. The Board is also required to advise the government on grants and loans to be given to the state governments, private organisations and institutions for financing activities necessary for the development and improvement of handicrafts. It plans and formulates schemes for the development of handicrafts. The State governments are mainly responsible for the implementation of plans and schemes whereas the Board undertakes such developmental measures as are of national importance and of value to the over-all programme for development of handicrafts and common benefit to the States, e.g., organisation of and participation in exhibitions and fairs of national importance, mobile exhibition covering several States, nation-wide publicity campaign, technological research and improvement, quality control, economic research and studies, design development on regional basis and specialised training. It also promotes the development of cooperatives and arranges credit.

The Planning Commission had allocated Rs. 100 lakhs for 1968-69.

Schemes to be undertaken during the next five years include market research, promotion of inter-state marketing, laying down standards and specifications, extension of training facilities in the management of emporia, salesmanship and display, introduction of improved techniques with particular emphasis on reducing cost of production and opening of organised production centres.

Besides co-ordinated schemes for the expansion of exports in handicrafts, the Fourth Five Year Plan envisages orientation in production to meet the needs of customers in different income groups within the country and the promotion and development of rural crafts.

The exports of handicrafts during the years 1964-65, 1965-66, 1966-67 and 1967-68, have been (in Rs. crores) 25.36, 27.79, 40.41 and 54.76 respectively.

In order to strengthen and coordinate the measures taken for promotion of handicrafts, the Board has set up Regional Exporters Associations at Delhi, Bombay, Madras and Calcutta and craft Associations for Zari and Carpets. The targets of exports for the year 1970-71 has been fixed at Rs. 52.26 crores.

A list of the major handicrafts is given below :—

Textiles : Hand-printing and traditional dyeing of textiles, brocades, himroo, carpets and druggets, rugs, gabbas and namdas, embroidery (cotton, silk, wool and zari),

lace and lace work including nakki and gota making, shawls; **Metalware :** Silver and goldware, bidri filigree, brass and copperware, bronze work; **Ceramics :** Pottery and earthenware; **Ivory :** Ivory carving; **Papier-mache :** Papier mache articles; **Woodwork :** Wood-carving and inlay, lacquer work including nirmal work, decorative furniture; **Stone-work :** Stone-carving including marble work and alabaster; **Toys :** Dolls and toys other than mechanical toys; **Leather :** Leather goods (Artistic work); **Horn :** Artistic articles; **Bone :** Artistic articles; **Cane :** Bamboo, etc. Articles made of cane, bamboo, willow, straw and grass including mats and pith crafts; **Incense and perfumery ; Flax and Fibre articles ; Bangles & Beads ; Musical Instruments ; Conch-shell and semiprecious stones.**

Miscellaneous : Miscellaneous traditional art objects such as Orissa, Mysore and Tanjore paintings, and handicraft products specially made for ceremonies, articles of worship and theatrical requisites such as costumes, masks, puppets, etc.

Steps taken to develop handicrafts include the establishment of design centres to revive traditional designs and create new ones and training centres to better techniques. Some of these training centres are also production centres.

Mobile exhibitions are taken round the country and handicrafts weeks are held. A handicrafts museum has been established in New Delhi.

Design Centres

The Board has four regional Design Development Centres at Delhi, Calcutta, Bangalore and Bombay to look after designing and development of the crafts in their region, survey requirements, provide training and maintain close collaboration with the State centres, marketing organisations, exporters etc. State design centres were established and are situated in Kashmir, U.P., Bihar, W. Bengal, Himachal Pradesh, Bhopal, Tamil Nadu, Hyderabad, Orissa, Manipur, Tripura, Rajasthan, Punjab and Kerala.

During the III Five Year Plan over 5,000 original designs were evolved covering 16 crafts and nearly 500 parties were assisted.

Development of Co-operatives

The Board encourages formation of handicraft co-operatives and provides financial, technical and marketing facilities to them.

The number of handicraft co-operatives increased from 1,000 in 1957-58 to nearly 3,000 in 1967-68. In addition 200 handicrafts emporia have also been set up to expand marketing activities.

The Board has also started a training programme for the co-operative organisers for which trainees from Government Departments and co-operative organisations are selected for training. Up to April 1968 ten such courses had been held and 184 persons trained.

Survey of associations of artisans, dealers and exporters has been completed by the Indian Co-operative Union on behalf of the Board.

Credit Facilities

One of the main functions of the Board is to see that

adequate credit facilities are made available to the handicrafts industries and trade at different stages of its production, storage, distribution and sales.

Awards : To bestow honour and encourage craftsmen, the Board has instituted National awards for Master-craftsmen. These awards are given every year during the "Republic Week" celebrations.

Handicrafts and Handlooms Export Corporation of India Ltd.

(See page 99.)

GLASS INDUSTRY

INDIA manufactures almost all varieties of optical glass. Barring the sphere of decorative table-ware like hand-cut crystal, fine goblets, chandeliers and plate glass, her progress in the industry has been phenomenal. The value of total production has increased in 15 years from Rs. 5 crores to Rs. 40 crores.

The more commonly used raw materials for glass

industry are : sand, borax, soda ash and salt cake, dolomite, lime or limestone, saltpetre and sulphur, manganese dioxide and colouring materials.

The industry comprises the manufacture of sheet glass, blown and pressedware and bangles.

The production of different types of glass and glassware from 1961 onwards is given below :

	Units	1961	1962	1963	1964	1965	1966	1967
Sheet glass	Thousand sq. metres	6,780	8,724	9,840	9,623	8,136	12,336	14,335
Laboratory Glass	Metric tonnes	3,576	3,948	4,440	4,464	5,004	9,072	8,150
Glass shells	Lakh pieces	623	682	744	535	768	894	921
Other Glassware	Thousand tonnes	177	186	190	198	196	211	213
Thermos Flasks	Thousand pieces	1,541	1,542	1,939	1,936	2,034	2,438	3,112

The pilot plant project to experiment with the production of optical glass and foam glass undertaken in the

Central Glass and Ceramic Research Institute, Calcutta, with Soviet assistance has shown good results.

Imports and exports are as follows :

(Rupees in lakhs)

	1962	1962-63	1963-64	1964-65	1965-66	1966-67	1967-68
Imports	136.94	148.58	158.35	122.96	125.16	108.18	163.00
Exports	24.05	24.11	33.33	63.74	35.04	40.41	62.00

Exports are mainly of bangles, the chief markets being Ceylon and countries in Africa, Middle and Far East.

A new Company—Glass Lined Equipment Co. Ltd. has been established at Umreth near Anand for manufacturing glass enamelled equipment such as reactors,

evaporators, storage vessels, valves, pipes and fittings required in the chemical, pharmaceutical and petrochemical industries.

The per capita consumption of glass is very low. The annual consumption is only one lb. which is about one-hundredth of the consumption in U.S.A.

HIDES, SKINS AND LEATHER

LEATHER tanning occupies an important position in the industrial set-up of the country, with an estimated annual output of Rs. 80 crores and providing employment to over four lakh people. Chrome tanning and vegetable tanning form the major areas in the industry.

The tanneries in Madras specialise in the manufacture of light leathers like wet blue goat skins, handgrain morocco, clothing leather, etc. Calcutta units concentrate on chrome tanned hides, chrome uppers and wet blue hides and skins.

Leather is widely used for belting industrial gloves and aprons, diaphragms, oil seals, oil filters, washers etc.

Requirements of raw hides, the principal raw material in the manufacture of pickers and picking hands are met mostly from imports.

During 1968-69, the availability of cow hides was estimated at 19.25 million tonnes and that of buffalo at 6.3 million tonnes. This is expected to increase to 20.51 million tonnes and 6.85 million tonnes respectively by 1973-74. During this period, the estimated production of raw goat skin and sheep skin is expected to increase from 44.60 million tonnes and 16.52 million tonnes respectively to 49.20 million tonnes and 16.81 million tonnes respectively.

The tanning industry comprises four sections, *viz.*, 1. organised tanneries producing finished vegetable tanned buffalo leather and chrome tanned upper leather; 2. tanneries producing vegetable tanned leather known to the trade as E. I. kips and E. I. tanned skins; 3. small-scale chrome tanneries producing chrome tanned upper leather; and 4. village tanneries producing vegetable tanned cow

and buffalo leather and vegetable tanned leather from goat and sheep skins.

Today, there are 33 large-scale units having an installed capacity of 4.8 million numbers of cow hides for vegetable tanning and 12 units with installed capacity of 1.58 million numbers of cow hides for chrome tanning.

The annual installed capacity and production of each of these items is as follows:

Year	Chrome Tanned Hides		Vegetable Tanned Buffalo and Cow Hides		Leather Cloth	
	Capacity (Thousands)	Production	Capacity (Thousands)	Production	Capacity (Thousand metres)	Production
1964	1,580.4	915.8	4,678.8	3,344.4	8,262.0	8,990.4
1965	1,580.4	868.6	4,678.8	3,433.8	9,551.0	9,133.2
1966	1,580.4	909.6	4,816.3	3,310.1	12,255.6	11,898.2
1967	1,580.4	893.9	4,828.8	3,203.1*	12,555.6	10,789.5*

* Provisional.

According to the Annual Survey of Industries 1963, the total productive capital on tanneries and leather finishing plants was about Rs. 4.3 crores and total employment came to 8,290. The gross ex-factory value of output was Rs. 16.9 crores.

The trend of the value of imports and exports since 1964-65 is given below

Import of Raw Hides and Skins etc. :

(Rs. Lakhs)

Year	Buffalo Hides Raw	Cow Hides Raw	Other Cattle Hides	Calf & Kip Skins Raw	Goat & Kid Skins Raw	Sheep & Lamb Skins	Wattle Bark	Wattle Extract	Total
1964-65	105.1	90.9	50.4	3.1	17.9	41.9	30.0	216.4	555.7
1965-66	64.0	26.6	44.7	5.9	44.6	31.1	19.1	124.0	360.0
1966-67	76.2	8.8	37.8	6.7	7.1	14.9	30.6	243.2	425.3
1967-68	59.9	18.0	23.6	4.4	6.1	2.7	17.5	163.3	295.5
Total*	608.1	513.8	281.8	77.3	193.2	212.0	218.8	1,180.8	3,285.8

* Accounted from 1962-63 to 1967-68.

Export of Tanned Hides and Skins :

Year	Tanned Cow Hides	Tanned Buff Hides	Tanned Cow Calfskins	Tanned Buff Calfskins	Tanned Kips	Tanned Goat Skins	Tanned Sheep Skins	Total
1963-64	372.4	8.1	82.5	181.1	12.1	963.7	788.0	2407.9
1964-65	329.8	6.1	68.4	167.6	12.0	1100.6	740.3	2424.8
1965-66	316.6	16.3	77.4	144.7	6.7	1219.7	753.1	2534.5
Total†	2419.0	88.3	480.1	907.0	112.5	5841.9	4247.1	14095.9

† Accounted from 1962-63 to 1965-66.

The export of tanned hides and skins, goat hair and tanning materials aggregated Rs. 42.52 crores during 1966-67, representing an increase of Rs. 16.04 crores over the preceding year.

India imports about 15,000 tons of Wattle extract and bark per year. By the end of the Second Plan the total area under wattle cultivation had reached about 27,000 acres. During the Third Plan period more area had been extended under wattle plantations in the States of Tamil Nadu, Kerala and Assam.

The mechanised sector claims about 25 per cent of our exports. Major part of it goes to Western Countries. 75 per cent of the exports came from the decentralised sector and the largest chunk of it goes to currency trade area.

A beginning has been made by the Co-operative Mutual Insurance Company, Bombay, to insure milch animals and drought cattle in the States of Maharashtra and Gujarat. A Development Council for Leather, Leather Goods and Pickers industries was constituted in January 1960.

FOOTWEAR INDUSTRY

According to the Annual Survey of Industries 1963, there were 10 units manufacturing footwear and the Statewise distribution of these units is indicated below: Uttar Pradesh 5; Tamil Nadu 2; Bihar 1; Gujarat 1; Madhya Pradesh 1; Total 10.

The capacity for the Indian type of footwear which is hand-made fluctuates with demand and data are not available for Statewise figures.

The output of western types of footwear made of leather since 1964 is shown as follows:—

Monthly Averages

Year	Capacity (Thousand Pairs)	Production
1964	—	649.3
1965	—	753.3
1966	—	843.3
1967	—	880.5

Reliable production statistics for small and cottage units which are responsible for manufacturing over 90 per cent of the total output are not available.

Import of leather footwear is insignificant.

Export of Leather Footwear : Quantity in million pairs and value in Rs. lakhs respectively during the following year : 1964-65 : 4.02 ; 348 ; 1965-66 : 4.69 ; 431 ; 1966-67 : 5.29 ; 670 ; 1967-68 : — ; 752.

The Government of India has re-imposed the 10 per cent excise duty on footwear parts costing more than Rs. 8. The 10 per cent duty is, as before, liable only on the produce of the so called organised sector of the industry.

JUTE INDUSTRY

THE jute industry maintains its position as India's largest foreign exchange earner.

There are 79 mill companies in India with a total loomage of 75,265. Of the 79 mill companies, 68 are in West Bengal, 4 in Andhra, 3 in Bihar, 3 in U.P., and 1 in M.P. The mills in West Bengal are concentrated in and around Calcutta on both banks of the Hooghly.

The industry has spent Rs. 50 crores on the modernisation of its productive apparatus. As compared with 1948-49, the output in 1967-68 was about eight per cent higher in tonnage, the share of carpet backing being about 13.5 per cent.

The industry employs more than two lakh workers.

The jute industry is a supplier of wide hessian backing cloth for tufted carpets to the U.S.A. Intensive research on fibre technology and product development, both locally and overseas, goes to employ the world's best talents in textile science and engineering.

RAW JUTE PRODUCTION : An achievement of an average of 76 lakh bales per year was made during the Third Plan.

Additional production is sought to be achieved partly through double cropping 8,30,000 acres of land with jute and paddy in canal and tube-well irrigated areas but mainly through an increase in the unit yield by intensive cultivation methods. In recent years the average consumption of jute by mills has been 80 lakh bales. The target fixed for 1968-69 was 90 lakh bales by the Indian Jute Development council.

The all-India final estimate of jute puts the area and production at 885,300 hectares and 63,69,200 bales of 180 kg. each respectively for 1967-68. This shows an increase of 88,500 hectares or 11.1 per cent in area and 10,11,300 bales or 18.9 per cent in production over the partially revised estimates of 796,800 hectares and 53,57,900 bales for 1966-67.

The table below gives the production and exports of jute goods during the past few years :

PRODUCTION AND EXPORTS OF JUTE GOODS

Year (July-June)	Hessian	Production ('000 tons) Sacking	Others	Total	Exports (all-India) April-March ('000 tons)	April-March Value (Rs. in crores)
1964-65	518	566	216	1,300	935	168.35
1965-66	481	539	187	1,207	882	182.85
1966-67	436	499	199	1,134	724	249.62
1967-68	443	450	229	1,122	740	234.09

Production of raw jute in the Indian Union :

Year Average	Lakh acres	'000 bales (1 bale = 400 lbs)
1964-65.. .. .	20.72	5,973
1965-66.. .. .	18.69	4,436
1966-67.. .. .	19.72	5,306
1967-68.. .. .	21.87	6,319

N. B.—The jute season is from July to June.

The all-India yield per acre in bales was : 1964-65 : 2.56 ; 1965-66 : 2.37 ; 1966-67 : 2.69 ; 1967-68 : 2.89. Production of jute and mesta in lakh bales : 1964-65 : 75.44 ; 1965-66 : 56.70 ; 1966-67 : 64.27 ; 1967-68 : 75.30.

Supply and distribution of jute and mesta during the seasons 1966-67 and 1967-68 are as follows :

				(Lakh bales)	
				1966-67	1967-68
<i>Supply</i>					
Opening stocks	with	mills			
(godown)	8.30	—
J.B.S.A.	0.30	12.50
Other Stockists	3.00	6.00
Total	11.60	18.50
Crop : Total	66.00	76.00
Import :	16.40	—
Total Supply	94.00	94.50

(Lakh bales)

	1966-67	1967-68
<i>Distribution</i>		
Mill consumption	71.44	72.50
Exports	2.00	1.00
Domestic consumption ..	2.00	2.00
Total distribution	75.44	75.50

The following table gives the trend of I.J.M.A. mill consumption of raw jute:—

Year ended June	Lakh bales
1964-65	75.85
1965-66	70.36
1966-67	65.94
1967-68	65.20

INDEX NUMBER OF WHOLESALE PRICES OF RAW JUTE & JUTE MANUFACTURES (Base : 1952-53 = 100)

	Jute (Raw)	Jute Manu- factures
	1967	1968
January	261	142
February	259	150
March	256	148
April	245	142
May	227	139
June	207	132
July	204	127
August	197	125
September	200	129
October	204	131
November	198	128
December	203	125

LAC INDUSTRY

LAC is a resin which finds extensive application in industries. It is a resinous protective secretion of an insect which lives by sucking the sap of certain trees and shrubs called lac hosts.

There are four crops of sticklac, named after the Hindu months in which the collection of each crop commences. These are 'Baisakhi' and 'Katki' from one strain of the insect (Rangeeni) and 'Jethwi' and 'Aghani' from another strain (Kusumi). The first processed product, after the crushing and washing of sticklac is known as 'seedlac'. From this shellac is manufactured either by melting it (seedlac) manually in cloth bags held near a fire place called 'bhattas' or by the mechanised process of extraction with suitable solvents.

Lac is used in the manufacture of french polish, gramophone records, electrical insulating materials, shellac-moulded articles, micanite, hats, grinding wheels, adhesives, cements, wood turning, metal enamelling, printing ink, etc.

PRODUCTION

Lac is grown mainly in Bihar, West Bengal, Madhya Pradesh, Maharashtra and Uttar Pradesh. Till recently India produced approximately 85 per cent of the world production. But in recent years Thailand has also increased its production and now, on an average, India's share is between 50 and 60 per cent of world production. The State-wise break-up of average production in India during the years 1963-68 is as follows:

State	Average Crop (in quintals)
Bihar	1,49,251
Madhya Pradesh	61,464
West Bengal	30,296
Maharashtra	6,904
Uttar Pradesh	19,333
Oriassa	6,270
Gujarat	853
Other States	2,239
Total	2,76,615

The total production in 1967-68 was 3,87,791 quintals and in 1966-67 it was 2,96,724 quintals. The preliminary report issued by the Regional Office, Lac Development, Ranchi, puts the total yield of Aghani (Kusmi) lac crop in 1968 at 39,937 quintals, and of Katki lac at 53,000 quintals.

EXPORTS

Between 85 and 90 per cent of the lac produced in India is exported. The U.S.A., till recently, bought the largest quantity of Indian lac. But of late, the U.S.S.R. has emerged as the largest buyer.

The table below gives exports of lac to important countries during 1966-67 and 1967-68.

(The figures are in quintals)

	1966-67	1967-68
SHELLAC AND BUTTONLAC		
U.K.	19,856	17,046
U.S.A.	21,246	15,273
U.S.S.R.	10,503	13,832
W. Germany	4,249	2,661
Brazil	7,447	12,044
Australia	3,466	4,322
France	4,091	3,883
Other countries	51,119	42,672
Total quantity	1,21,977	1,11,733
Total value in rupees	4,50,12,275	4,07,24,728
SEEDLAC		
U.S.A.	6,026	12,369
West Germany	17,891	17,261
U.K.	3,793	5,262
Other countries	3,190	3,715
Total quantity	30,900	38,607
Total value in rupees	89,26,895	1,04,21,880

	1966-67	1967-68
OTHER KINDS OF LAC		
Total quantity	5,667	3,570
Total value in rupees	6,54,310	3,58,552
Total of all kinds of lac:		
Quantity	1,58,544	1,53,909
Value in rupees	5,45,93,480	5,15,05,160

ORGANISATIONS CONNECTED WITH LAC DEVELOPMENT AND INDUSTRIES

For looking after the development and marketing of lac and also for guiding and coordinating lac development work in the States, a Regional Office, Lac Development, has been created under the Department of Agriculture of Government of India with headquarters at Ranchi with effect from 1st April 1966. The Government of India have also constituted the Indian Lac Development Council on which various interests connected with lac are represented. The primary function of the Council is to advise the Government on all matters relating to development of lac cultivation, trade and industry.

There is also a Shellac Export Promotion Council with headquarters at Calcutta whose function is to promote the export of lac to foreign countries. On account of its dependence on foreign countries, the internal prices of lac very often fell to very low levels which reduced the foreign exchange earnings and acted as a disincentive to the producer. In order to guard against this, a body of exporters of lac called the Indian Lac Exporters Association has been formed with Government support. The major functions of the Association are to assist the Government in the fixation of minimum prices of all grades of lac at the export stage, maintenance of quality at export stage and administration of the Minimum Export price.

The Bihar Cooperative Lac Marketing Federation has been formed in Bihar with the object of giving a price support to the cultivator at the time when the market price falls below certain levels. Similar organisations in other States are in the offing.

To improve upon the technique of Lac Cultivation and to find out new uses of lac are the responsibilities of the Indian Lac Research Institute at Namkum. This Institute is under the control of the Indian Council of Agricultural Research.

MINES AND MINERALS

THE total value* of mineral production in India during 1967 was Rs. 2,733 million as against Rs. 2,494 million in the previous year showing an increase of about 10 per cent. In the first seven months of 1968 the total value of mineral production was Rs. 1,886 million.

Coal and lignite constituting the leading group accounted for Rs. 2,056 million or 75 per cent of total value of mineral production during 1967. The share of metallic minerals in the total value was Rs. 375 million and that of non-metallic minerals Rs. 302 million accounting for 14 and 11 per cent respectively in the total value of mineral production during 1967.

In terms of value of output during 1967 next to coal and lignite were iron ore (Rs. 179 million), limestone (Rs. 148 million), manganese ore (Rs. 98 million), salt (Rs. 70 million), gold (Rs. 47 million), copper ore (Rs. 24 million) and mica (Rs. 17 million).

STATE-WISE ANALYSIS

Bihar accounted for Rs. 996 million or about 37 per cent of the all-India value of mineral production, West Bengal 22 per cent and Madhya Pradesh 16 per cent. These are the principal producers of coal in India respectively accounting for 44%, 29% and 10% of the all-India output during 1967.

Andhra Pradesh and Orissa accounted for 6.2 and 5.4 per cent respectively of the total value of mineral production. During the year, Maharashtra, Kerala and Jammu and Kashmir gained one position each over that of Mysore, Haryana and Union Territory of Delhi. There was no change in regard to the positions of the remaining states during 1967 compared to their respective positions in the previous year. The value of mineral production which increased in several states during 1967 was however, lower in Assam, Orissa, Rajasthan, Union Territory of Delhi and Uttar Pradesh relative to the previous year.

Output of iron ore in Goa during 1967 was 6.75 million tonnes as compared to 6.72 million tonnes in the preceding

year. Production of manganese ore and ferromanganese ore during the year declined to 18,485 and 24,297 tonnes respectively from 22,102 and 66,689 tonnes in 1966 mainly due to accumulation of stocks and high cost of exploration. The output of salt during 1967 was 18,300 tonnes as compared to 13,300 tonnes in 1966.

OVERSEAS TRADE

Exports of most of the principal minerals showed a fall quantitatively during 1967 compared to the preceding year, even though the foreign exchange earned through the exports of ores and minerals by India (including Goa) was higher at Rs. 1,387 million as compared to Rs. 1,127 million during 1966.

The principal minerals exported from India during 1967 in order of value were iron ore (Rs. 726.8 million) diamond of gem variety (Rs. 160.2 million), mica (Rs. 149.0 million) precious and semiprecious stones (Rs. 143.6 million), manganese ore (Rs. 126.9 million), kyanite (Rs. 15.8 million), chromite (Rs. 15.6 million), coal (Rs. 15.1 million), salt (Rs. 8.2 million) and magnesite (Rs. 6.9 million).

India earned foreign exchange worth Rs. 644 million during 1967 by the exports of metals and alloys which was higher by Rs. 360 million as compared to 1966. Of the total value of metal exports in 1967 about 95 per cent was accounted for by ferrous metals and the remaining 5 per cent by non-ferrous metals. The exports of iron and steel materials during 1967 increased to 1,058,000 tonnes valued at Rs. 439 million as compared to 785,000 tonnes valued at Rs. 234 million in 1966. The exports of pig iron (including cast iron) amounted to Rs. 150 million as against Rs. 16 million in 1966. The exports of ferromanganese increased from 15,390 tonnes in 1966 to 24,525 tonnes in 1967.

The value of imports of ores and minerals into India during 1967 totalled Rs. 651 million as compared to Rs. 335 in 1966. The principal minerals imported into India during the year were sulphur (Rs. 324 million),

* Excluding (a) petroleum, (b) minor minerals and (c) minerals declared as prescribed substances under the Atomic Energy Act, 1948 and also the value of mineral production from Goa.

rock phosphate (Rs. 95.8 million), precious and semi-precious stones (Rs. 61.4 million), asbestos (Rs. 53.7 million), emerald (Rs. 24.4 million), diamond of gem variety (Rs. 24.3 million), zinc concentrates (Rs. 12.7 million) and industrial diamond (Rs. 12.3 million). Quantitatively the imports of rock phosphates declined from 850,000 tonnes in 1966 to 598,000 tonnes in 1967, while that of sulphur increased from 286,000 tonnes to 593,000 tonnes. The imports of asbestos remained almost constant at 29,785 tonnes.

The total foreign exchange spent on the imports of metals and alloys into India increased from Rs. 1,404 million in 1966 to Rs. 2,243 million in 1967. The value of imports of ferrous metals during 1967 increased to Rs. 1,158 million from Rs. 800 million during the preceding year. Imports of non-ferrous metals also increased steeply from Rs. 604 million during 1966 to 1,085 million during 1967. Quantitatively the imports of aluminium increased by 25,723 tonnes, copper by 18,966 tonnes, lead by 3,054 tonnes, zinc by 36,431 tonnes and nickel by 1,420 tonnes during 1967 as compared to 1966. The imports of iron and steel materials also rose to 561,000 tonnes from 497,000 tonnes in 1966. There were no imports of pig iron (including cast iron) during 1967 as against 30,671 tonnes in 1966.

BAUXITE

India can be considered to be self-sufficient in respect of bauxite, which is the chief raw material for aluminium metal. A sizeable quantity also finds outlet in export market after meeting the indigenous requirements. According to the latest estimates the all-India reserves of bauxite of all grades are 128.3 million tonnes of which 64.7 million tonnes are of high grade.

Yearly production and export of bauxite from 1963-67 in thousand tonnes: 1963: 567, 135; 1964: 593; 94; 1965: 707; 63; 1966: 750; 78; 1967: 789; 61.

During 1967, five aluminium smelters, all in the private sector with a total installed capacity of 116,170 tonnes per annum located one each at Hirakud (Orissa), Alwaye (Kerala), Jayakanagar (West Bengal), Renukoot (U.P.) and Mettur (Tamil Nadu) produced a total of 96,223 tonnes of aluminium metal. Except Alwaye, all the other units have expansion programmes. Indian Aluminium Co.'s new smelter at Belgaum of 30,000 tonnes installed capacity is coming up shortly. Besides, two units under the public sector one each at Koyna, Maharashtra (50,000 tonnes capacity) and Korba, Madhya Pradesh (1,00,000 tonnes capacity) are proposed to be set up.

COAL & LIGNITE

The most important coal fields are Raniganj in West Bengal and Jharia and Bokaro in Bihar. The best cooking coal comes from Giridih, Jharia and Raniganj. Other States in which coal is found are Madhya Pradesh, Orissa, Andhra Pradesh, Tamil Nadu, Maharashtra, Assam, Rajasthan and Kashmir.

The proved and inferred reserves of all types of coal are estimated at 6,796 and 130,782 million tonnes respectively by the Geological Survey of India.

The output of coal in million tonnes for the years 1963 to 1967: 1963: (85.96); 1964 (62.44); 1965 (67.16); 1966 (67.97); 1967 (68.22).

Value of production of coal during 1967 was Rs. 198 crores.

India exported 11,067 tonnes of coke valued at Rs. 1.54 million in 1966 relative to 4,920 tonnes valued at Rs. 0.49 million in 1965. Coke exports to Burma which is the chief buyer, rose from 4,519 tonnes in 1965 to 10,512 tonnes in 1966.

† Bailadila iron ore mine at Kirandul (Bastar District) in M.P., the Asia's largest mechanised iron ore mine with an annual production capacity of four million tonnes, has been formally inaugurated in January 1969.

The multipurpose 'South Arcot Lignite Project' at Neyveli is planned to increase the mine output to 6 million tonnes per annum. During 1967, 2.93 million tonnes of lignite was mined in Neyveli.

Lignite also occurs at Palana and Khari in Bikaner District, Rajasthan, Nichahom in Jammu & Kashmir, Kutch and Broach Districts in Gujarat. The production of lignite during 1967 was 2,929,407 tonnes as against 2,568,184 tonnes in 1966.

During the year 1966 altogether 9 washeries with a rated capacity of 3,062 tonnes per hour have washed a total of 7.17 million tonnes of coal.

IRON ORE

The production of iron-ore during 1967 totalled 18.95 million tonnes (excl. Goa) as against 20.07 million tonnes in the previous year.

India is one among the few countries endowed with large reserves of good quality iron ores which can meet the growing demands of the indigenous iron and steel industry and also sustain considerable export trade.

The production from Goa during 1967 was 6.75 million tonnes as against 6.72 million tonnes during 1966.

Among the producing States (excluding Goa) Orissa accounted for 29 per cent of the all India output in 1967 followed closely by Bihar with 28 per cent. Madhya Pradesh † with 25 per cent, Mysore with 16 per cent of the all India output in 1967.

The quantity of iron exported in 1967 was 13.57 million tonnes valued at Rs. 726.78 million as compared with 13.66 million tonnes valued at Rs. 586.40 million in 1966.

Japan continued to be the principal buyer of Indian iron ore. Exports to this country rose by 25 per cent to 10.92 million tonnes in 1966 as compared to 7.87 million tonnes in 1965.

Production of iron-ore in thousand tonnes and value in thousand rupees respectively in brackets during 1964 to 1967 are: 1964 (15,336; 122,530); 1965 (17,154; 148,820); 1966 (20,065; 175,965); 1967 (18,948; 178,755). The production of iron ore in Goa during 1964-67 in thousand tonnes are 1964: 6,052; 1965: 6,584; 1966: 6,718; 1967: 6,751.

Export trade of iron-ore in thousand tonnes during 1964-67 and value in thousand rupees respectively are: 1964: 10,482; 3,71,574; 1965: 11,264; 3,95,078; 1966: 13,658; 586,379; 1967: 13,574; 7,26,778.

MANGANESE ORE

Extensive deposits of manganese ore occur in Madhya Pradesh, Orissa, Andhra Pradesh, Maharashtra, Mysore, Bihar, and Rajasthan.

The total reserves of manganese ore in the country according to the latest estimate made by the Geological Survey of India, are now placed at over 182.8 million tonnes, of which 48 million tonnes are of high grade. It is estimated that the deposits in the main belt of Nagpur and Bhandara in Maharashtra and Balaghat and Chhindwara in Madhya Pradesh alone contain reserves of the order of 142 million tonnes. A major part of the output is exported at present.

Yearly output and exports respectively of manganese ore in thousand tonnes from 1964-1967 are: 1964: 1,306; 1,598; 1965: 1,536; 1,147; 1966: 1,618; 1,249; 1967: 1,537; 1,108. The production of manganese ore in 1967 in Goa was 42,782 tonnes of which 24,297 tonnes were of ferruginous grade.

The export of manganese ore is now canalised through the Minerals and Metals Trading Corporation of India Ltd. The Manganese Ore India Ltd. is also allowed to export the ores produced by it or acquired by it in the course of its normal business operation.

There is only one ferro-manganese plant under public sector at Bhadravati in Mysore and six in the private sector, two each in Maharashtra and Orissa and one each in Andhra Pradesh and Mysore.

During 1967 the total production of ferro-manganese was 135,829 tonnes as against 137,482 tonnes in the previous year.

LIMESTONE

Limestone is one of the most important industrial minerals required in the manufacture of cement, iron and steel, ferro-alloys, chemicals (for soda ash, caustic soda, bleaching powder, calcium carbide, etc.), fertilizer (calcium ammonium nitrate) and lime.

The cement grade limestone deposits are estimated at about 18,582 million tonnes.

The production of limestone during 1966 and 1967 was 19.81 and 19.50 million tonnes respectively.

MICA

Mica is treated as a strategic mineral and India accounts for a big slice of the world trade in it.

The principal mica deposits are concentrated in Bihar, Rajasthan and Andhra Pradesh.

During 1967 Andhra Pradesh, Bihar and Rajasthan accounted for 24 per cent, 54 per cent and 22 per cent respectively of the all India output.

There are three mica insulation bricks manufacturing units, one each in Rajasthan, Bihar and Andhra Pradesh utilizing scrap of mica waste. There is also one major unit manufacturing different types of micanite in Bihar.

The production¹ and export² figures of Mica from 1964 to 1967 respectively in tonnes are: 1964: 22,810; 29,891; 1965: 23,840; 37,531; 1966: 22,752; 30,467; 1967: 17,017; 21,172.

CHROMITE

Chromite is an important strategic mineral of which India has moderate supplies.

The chief deposits are in the Singhbhum district of Bihar, Mysore and Hassan districts of Mysore State, Ratnagiri and Bhandara districts of Maharashtra, the Krishna district of Andhra Pradesh, the Salem district of Tamil Nadu, and Cuttack and Keonjhar districts of Orissa.

Production and exports respectively in '000 tonnes of chromite from 1964 to 1967 are: 1964: 35; 31; 1965: 60; 33; 1966: 78; 44; 1967: 110; 77.

MAGNESITE

Large deposits of magnesite used in the manufacture of magnesium salts, metallic magnesium and refractory bricks are known to occur in Salem (Tamil Nadu), Hassan, Coorg and Mysore (Mysore), Almora (U.P.), small deposits are known in Dungarpur (Rajasthan) and Singhbhum (Bihar). The chief producing centres are Salem, and Mysore district.

Major part of the output is used in the manufacture of refractory bricks for steel works and a considerable quantity is exported.

Production and export³ (in tonnes) of magnesite from 1964 to 1967 respectively are: 1964: 207,936; 36,151;

1965: 238,905; 53,099; 1966: 232,053; 34,228; 1967: 245,866; 19,912.

GYPSUM

Gypsum deposits are mainly found in Rajasthan (Jodhpur, Bikaner, Nagaur and Jaisalmer), Tamil Nadu (Tiruchirapalli and Coimbatore districts) and Jammu & Kashmir (Doda and Baramulla).

The total inferred reserves are placed at 1,130 million tonnes. Rajasthan accounts for more than 90 per cent of the Indian reserves.

Smaller deposits also occur in Gujarat (Halar, Bhavnagar, Porbander and Kutch), Andhra Pradesh (Nellore), Tehri-Garhwal (U.P.) and in Himachal Pradesh (Sirmur).

Production of gypsum in thousand tonnes from 1964 to 1967 are: 1964: 882; 1965: 1,160; 1966: 1,294; 1967: 1,028.

LEAD-ZINC ORE

Zawar is the only area producing lead and zinc ores. During 1967, 3,995 tonnes of lead concentrates and 10,029 tonnes of zinc concentrates were produced from Zawar mines in Udaipur district Rajasthan.

The production of refined lead during 1967 was 2,474 tonnes as against 2,479 tonnes in 1966 from the Tundoo smelter, Bihar.

It is proposed to increase its present installed capacity of 6,000 tonnes of pig lead per annum to 8,128 tonnes.

The exports of zinc concentrates have been stopped to meet the requirements of zinc smelter at Debari in Rajasthan. This smelter has gone into production in March 1968, having an annual capacity of 18,000 tonnes of zinc and 29,464 tonnes of sulphuric acid to be recovered per annum and converted in turn into 75,000 tonnes per annum of superphosphate. Besides, 76 tonnes of cadmium metal per annum will also be recovered.

Another firm viz. Cominco Binani Ltd. went into production of their zinc plant based on imported concentrates, at Alwaye, Kerala, in July, 1967. It has a capacity of 20,000 tonnes of zinc per year and will recover 48,000 tonnes of sulphuric acid and 40 tonnes of cadmium metal per annum.

During 1967, the production of Zinc metal, for the first time in the country was 3,039 tonnes.

SULPHUR

The mineral pyrites is one source of sulphur. It is found in Amjor (Bihar), Ingaldhal, Kaiga (Mysore), Taradevi (Simla), Lashtial (Kashmir) and Polur (Tamil Nadu) of which Amjor and Ingaldhal deposits are of economic importance.

The Indian Bureau of Mines have estimated 391 million metric tons of pyrites in area covering 48 sq. miles at Amjor assaying 40 per cent sulphur.

Pyrites to the tune of 2.03 million tons assaying 20 to 30 per cent sulphur have been estimated to be available at Ingaldhal, Mysore State. Recently Geological Survey of India has estimated 6 million tonnes of pyrite—pyrrhotite reserve in Saladipura area of Sikar district in Rajasthan.

Substantial quantities of pyrites are associated with the gold deposits of Wynad in the Nilgiris District of Tamil Nadu.

Copper pyrites deposits are also a source of sulphur. Some of the Indian coal e.g. Assam coal and Rewa coal are high in sulphur.

¹ Crude Mica.

² All varieties.

³ Export consists of mostly calcined magnesite.

The Pyrites and Chemical Development Company Ltd. has been set up under the aegis of NIDC to exploit pyrites for production of sulphuric acid and other related products. The P.C.D.C. has initiated action on setting up a sulphuric acid plant at Sindri with a capacity of 400 tonnes per day based on Amjor pyrites.

The country's main requirements are met from imports.

Yearly import of sulphur from 1964-67 in tonnes are as follows : 1964 : 241,161 ; 1965 : 283,248 ; 1966 : 285,877 ; 1967 : 592,641.

COPPER

In India at present Indian Copper Corporation Ltd. is the sole producer of copper ore and metal at Ghatsila, Bihar.

The production of refined copper was 8,904 tonnes in 1967 and 9,438 tonnes in 1966. This meets hardly 10 per cent of the copper requirements of the country.

Extensive investigations are being carried out throughout the country to locate promising copper bearing areas. The more important of these are Khetri, Madhan-Kudhan, Kolihan, Akwali, Dariba and few other sections of the Khetri Copper belt in Rajasthan ; Rakha, Roam-Sideswar, Ramchandrapahar and few other areas in Bihar ; and in Agnigundala and Bellapalli in Guntur Dist. and Mailaram in Khammam district in Andhra Pradesh. The Geological Survey of India located good deposits of copper in the Hassan District of Mysore.

The Hindustan Copper Ltd., a Govt. of India Undertaking has been set up for installing a flash smelter in Khetri, Rajasthan to a production level of 21,000 tonnes of electrolytic copper per annum and sulphuric acid as a by-product and opening of a mine with foreign collaboration. Shaft sinking and other incidental works connected to mining were in progress.

Copper import in tonnes and value in '000 rupees respectively from 1964-67 are : 1964 : 67,471 ; 241,342 ; 1965 : 60,127 ; 334,313 ; 1966 : 25,816 ; 262,358 ; 1967 : 44,782 ; 414,698.

ASBESTOS

Naturally occurring fibrous minerals are called 'asbestos'. The commercial varieties fall into two groups, viz. the serpentine group found exclusively in the serpentine rocks and is commonly called chrysolite variety and the other amphibole group comprised tremolite, actinolite, anthophyllite, crocidolite and amosite varieties. The chrysolite variety is the most important one from the industrial point of view and is mainly limited to Pulivendla taluk of Cuddapah district, Andhra Pradesh, and the annual production is only 400 tonnes.

The bulk of the asbestos requirements of the country is met by imports on account of inadequate domestic production. The trend in the production and imports of asbestos for the last four years is shown in the table below :

(In tonnes)

Year	Output (amphibole & chrysolite)	Imports
1964	3,375	35,710
1965	4,775	37,816
1966	6,979	29,546
1967	7,148	29,191

KYANITE AND SILLIMANITE

Kyanite and sillimanite are the important refractory minerals having the same chemical composition (Al_2O_3 , SiO_2). India has richest deposits of kyanite and sillimanite

in the world, kyanite located at Lapsa Buru, Kharswan, in Singhbhum district, Bihar and sillimanite deposits of Khasi Hills at Sonapahar, Assam. The Indian sillimanite can be used as a refractory without calcination since it shows very little expansion. India occupies an important position both as a producer and an exporter of kyanite and sillimanite.

The trends of their output and exports for the last four years are shown in the following table :

(In tonnes)

Year	Kyanite		Sillimanite	
	Output	Export	Output	Export
1964 ..	34,173	28,818	12,362	8,772
1965 ..	37,481	31,144	11,276	5,786
1966 ..	63,820	35,726	10,286	6,332
1967 ..	50,374	40,653	5,797	2,046

SALT

India produced 4.49 million tonnes of salt during 1967 of which Gujarat produced 55.4 per cent, Tamil Nadu 16.1 per cent, Maharashtra 11.9 per cent, Rajasthan 8.2 per cent, Andhra Pradesh 5.7 per cent and Orissa, Mysore, West Bengal, Himachal Pradesh, Goa and Kerala together three per cent. The production in 1966 was 4.52 million tonnes.

Besides being self-sufficient India exports a sizable quantity of salt. India exported 4.49 lakh tonnes in 1967 as against 3.87 lakh tonnes in 1966. The country has reached a production capacity of nine million tonnes.

The average number of labourers employed per day in the salt industry in 1967 was 33,700 as against 33,783 in 1966.

The Government of Rajasthan have installed a plant in December, 1965 for the recovery of sodium sulphate from sub-soil brine available at Didwana. Its present capacity is 16.50 tonnes of sodium sulphate per day.

The following quantities of important bye-products were recovered during 1966 and 1967 :

(Figures in tonnes)

Year	Gypsum	Magnesium Sulphate	Magnesium Chloride	Sodium Sulphate
1966 ..	43,619	95	6,797	1,933
1967 ..	31,475	137	5,426	3,958

RARE METALS

Investigations carried out by the Atomic Energy Department showed that the deposit of radioactive minerals in India had over 3.3 million tons of ore containing 300,000 tons of thorium of 10 per cent concentration and 10,000 tons of uranium of 0.03 to 0.04 per cent concentration.

The deposits also contain about 80 million tons of ilmenite. The production of ilmenite during 1967, was 41,609 tonnes.

Ilmenite is recovered from the beach sands of Kerala State contributing nearly 93 per cent of the total production and the Manavalakuruchi area in Tamil Nadu. It is mainly exported to U.S.A. and U.K.

Beach sands of Kerala and Tamil Nadu also contain a very useful radioactive mineral monasite. It contains 8 to 10.5 per cent of thorium, 0.3 per cent of uranium oxide, 20 to 31 per cent of cerium, 1 to 1.5 per cent of ultrium and rare oxides 21 to 30 per cent. Thorium oxide forms an important source of atomic fuel. The total reserve of

combined rare earth oxides in beach sands has been estimated at 400,000 tonnes.

Uranium bearing ores have also been discovered in the Himalayan region of H.P. and U.P. and are being presently assessed.

Uranium mine at Jaduguda in Singhbhum District treats about 1,000 tonnes of mine per day worked by

Uranium Corporation of India, a Govt. of India Undertaking.

India's total reserves of uranium are currently reckoned at 15,000 tons and of thorium at 500,000 tons.

The reserves of uranium in India can support about 5-10 million KWs of generating capacity over the life time of the stations.

PRODUCTION & VALUE OF MINERALS (EXCL. GOA)

MISCELLANEOUS INDUSTRIES

DIESEL ENGINES : Towards the end of 1967 there were 29 units in production of stationary type of diesel engines and 2 units for vehicular types. The position of diesel engine manufacturing industry from 1964 onwards is shown below :

(Numbers)

Year	Diesel Engines (Vehicular Types)		Diesel Engines (Stationary Types)	
	Installed capacity	Production	Installed capacity	Production
1964 ..	9,000	8,232	48,612	70,128
1965 ..	9,000	8,676	72,312	87,876
1966 ..	9,000	7,032	69,084	1,14,900
1967 ..	9,000	3,288		

The exports of diesel engines and parts amounted to Rs. 140.7 lakhs and Rs. 122.3 lakhs respectively in 1966-67 and 1967-68 as against Rs. 114.5 lakhs in 1965-66.

Machine Tools : The number of units licensed for the manufacture of machine tools (metal working) in the country at the beginning of 1968 was 70.

By the end of the Third Plan (1965-66), the actual capacity and production of machine tools (organised sector) including accessories were Rs. 30 crores and Rs. 26 crores respectively. The capacity at the end of 1966-67 was placed at Rs. 45 crores and production at Rs. 24 crores. In 1967-68, the capacity was expected to rise to Rs. 50 crores and production to Rs. 25 crores.

Production and Imports of Machine Tools

Year	Production (Rs. crores)	Imports (Rs. crores)
1965	25.5	32.6
1966	28.5	41.0
1967	25.6	38.4

About 50 per cent of the output of machine tools in India comes from the State-owned Hindustan Machine Tools.

Bicycles : India produced 15,40,000 bicycles by the end of the Third Plan. In 1967-68 the production rose to 17,50,000 and is likely to be of the order of 19,00,000 in 1968-69.

The installed capacity and production during the years 1965 to 1967 are given below :

(Numbers)

Year												Installed capacity	Production
1965	16,78,992	15,48,096
1966	16,78,992	16,70,496
1967	16,39,992	17,04,336

The industry can practically meet all internal requirements. It is one industry where all the components are indigenously produced.

Indian cycles have been successfully introduced, on a commercial scale in some foreign countries. The exports of bicycles and parts amounted to Rs. 1.4 crores in 1966-67 and Rs. 2.2 crores in 1967-68.

Apart from bicycles, an overseas market on a small-scale has also been built up for Indian tricycles.

Textile Machinery : By the end of the Third Plan (1965-66) the actual capacity and production of cotton textile machinery stood at Rs. 40.0 crores and Rs. 24.2 crores respectively. In 1967-68 the estimated production was only Rs. 15 crores.

PRODUCTION DATA

(Numbers)

Year	Looms (Calico, semi-automatic and automatic)		Complete Ring Spinning Frames		Carding Engines (Revolving flat cards)		Shuttle	
	Capacity	Production	Capacity	Production	Capacity	Production	Capacity	Production
1964	14,412	4,272	3,756	2,136	2,556	1,944	1,32,000	1,91,376
1965	8,124	3,108	1,680	2,292	1,080	1,812	1,32,000	1,23,600
1966	8,268	2,724	1,680	1,404	1,080	1,092	1,32,000	1,14,132
1967	8,736	1,884	1,680	1,140	1,080	504	1,32,000	95,040

Sewing Machines : At the beginning of 1968 there were six units manufacturing sewing machines with an annual capacity of 469,992 machines.

Production and Capacity of Sewing Machine Industry, 1964-67

Year	Capacity	Production
1964	4,41,996	2,55,360
1965	4,41,996	4,21,452
1966	4,69,992	4,10,940
1967	4,69,992	3,65,808

The output of the sewing machine industry during the first three Plans and during 1966-67 was as follows: 1955-56 : 1,11,000 ; 1960-61 : 3,03,000 ; 1965-66 : 4,30,000 ; 1966-67 : 4,00,000.

India exported sewing machines and parts worth Rs. 53 lakhs in 1966-67 and Rs. 54 lakhs in 1967-68.

Electric Fans : The electric fan industry has made rapid progress during the past two decades.

PRODUCTION OF ELECTRIC FANS IN INDIA

Year	1962	1963	1964	1965	1966	1967
Nos. ('000s)	1,130	1,138	1,085	1,449	1,293	1,381

According to the Annual Survey of Industries (1964), there are 32 units in this industry which employs over 11,500 workers and produces goods worth about Rs. 16 crores.

EXPORT OF ELECTRIC FANS FROM INDIA

Year	1960	1966-67	1967-68
Value (Rs. in lakhs)	85	163	168

By the end of the Third Plan, the output of electric fans rose to 1.5 million from 1.1 million in 1960-61. The

output in 1967-68 was 1.35 million and is likely to rise to 1.40 million in 1968-69.

Electric Motors : By the end of the Third Plan the capacity and production of electrical motors (below 200 h.p.) were 1.75 million horse-power each. The capacity and production in 1967-68 and 1968-69 (likely) are as under (in million h.p.):

Electric motors (below 200 h.p.): 1967-68 : 2.24 ; 2.08 ; 1968-69 : 2.55 ; 2.40.

Electric motors (above 200 h.p.): 1967-68 : 0.55 ; 0.20 ; 1968-69 : 0.55 ; 0.35.

Both the capacity and production of electric motors have for obvious reasons showed a marked increase.

Year	Capacity h.p.	Production h.p.
1964	11,36,400
1965	13,52,400
1966	13,58,400
1967	14,16,000
		20,74,000

Electric Cables and Wires : The country is more or less self-reliant in most types of electric wires. The following table gives the installed capacity and production of some major items in 1966-67, 1967-68 and 1968-69.

Item	Unit	1966-67		1967-68		1968-69 (likely)	
		Capacity	Production	Capacity	Production	Capacity	Production
(1) A.C.S.R. Conductors..	Tonnes	75,490	52,704	89,200	74,000	1,03,000	80,000
(2) V.I.R. and P.V.C. ..	Million metres	783	391	860	380	900	450
(3) Power Cables..	.. Million metres	16,250	20,031	18,774	15,000	19,000	16,000
(4) Dry Core Cables	.. Million metres	3,500	3,100	8,000	5,000	8,000	5,000

India's exports of electric cables and wires amounted to Rs. 120 lakhs in 1966-67 and Rs. 162 lakhs in 1967-68.

Electric Lamps : According to Annual Survey of Industries (1964), there are 24 units engaged in the manufacture of electric lamps and their total output is placed at Rs. 7.3 crores. By the end of the Third Plan, the estimated production of G.L.S. and other lamps was 70 million and that of fluorescent tubes was 4.4 million.

Production of incandescent filament electric lamps in million nos. was 1963 : 66.5 ; 1964 : 66.6 ; 1965 : 67.1 ; 1966 : 75.2 ; 1967 : 73.8.

India has made a small beginning in the exports of electric lamps, bulbs and fluorescent tubes. The value of exports in 1966-67 and 1967-68 was Rs. 14 lakhs and Rs. 11 lakhs respectively.

Production of Electric Transformers

Year	1963	1964	1965	1966	1967
Production in million K.V.A. ..	2.6	3.3	4.3	4.8	5.3

In 1967-68, India imported transformers worth Rs. 3.2 crores. Exports during that year amounted to Rs. 5.9 lakhs.

Soap : The organised sector contains some 59 units with an installed capacity of 2.3 million tonnes per

annum, though all of these are not in actual production, while the cottage sector contains over 3,000 units, scattered throughout the country. There is a concentration of these small factories in those areas where oil-seeds are available in plenty. For example, the Punjab, U.P. and Gujarat have each an annual production of over 40,000 tons of soap while Andhra State produces just 8,000 to 10,000 tons a year. The following figures give the production in lakh m. tonnes in the organised sector from the year 1962. 1962 : 1.5 ; 1963 : 1.6 ; 1964 : 1.6 ; 1965 : 1.6 ; 1966 : 1.7 ; 1967 : 1.8.

It is estimated that the tonnage of oil required for soap alone will grow by 40 per cent every five years and that after twenty years the total annual requirements of oil and fat for all products will have to be increased from about 1.8 million tons to 6.3 million tons.

The item-wise data on the exports of soap from India are shown in the table below :

Item	(Rs. lakhs)	
	1966-67	1967-68
Household and Laundry Soap	19.02	23.80
Medicated Soap	1.99	2.08
Toilet Soap	24.38	22.66
Others	2.48	5.59
Total	47.87	54.13

Agricultural Tractors: The production of agricultural tractors during 1967 was 10,526 against 7,613 in 1966.

In order to meet the demand for tractors in the lower range (below 20 h.p.), for which adequate capacity has not yet been developed, Government decided to establish a public sector project for the manufacture of tractors in this range. For this purpose, an agreement for the preparation of a Detailed Project Report for the manufacture of 20 h.p. tractor was signed in 1966. During 1966-67 and 1967-68, Rs. 2.25 lakhs were spent on this project. In the Annual Plan for 1968-69, a provision of

Rs. 27 lakhs has been made for the Agricultural Tractors project.

The production of steel discs — an important component of tractor driven implements — commenced for the first time in the country during 1965.

Recently, the sale of agricultural wheeled tractors was brought within the ambit of the Essential Commodities Act, 1955 and selling prices of various agricultural tractors were fixed on a statutory basis. A Tariff Commission enquiry has also been completed and its report is under the consideration of the Government (Feb. 1969).

NON-FERROUS INDUSTRY

(See also under "Mines and Minerals".)

COPPER

THOUGH there are many copper fields in India, extraction of copper ores is at present confined to only one area viz. Mosabani area in the Singhbhum district, Bihar, which is operated by Messrs. Indian Copper Corporation. More and more deposits of copper are being located and important among such areas are: Almora and Garhwal in U.P., Singhbhum and Baragunda in Bihar; Khetri and Daribo in Rajasthan; Sikkim; Manipur; NEFA; and Jammu and Kashmir. Detailed work in the Khetri-Daribo area of Rajasthan and Rangpo area of Sikkim has established substantial workable reserves of copper ore — about 28 million tons with an average copper content of 0.8 per cent metal in Khetri and about 0.35 million tons averaging about 6.24 per cent of combined copper, lead and zinc in Rangpo. The deposits in Daribo are found to be rich in copper content but the extent of the reserves is yet to be fully proved.

The Hindusthan Copper Limited will be responsible for completing the Khetri copper project and for the development of other promising copper deposits in the country.

The Khetri copper project is expected to cost Rs. 86 crores and is likely to be completed by 1970. The integrated plant at Khetri will have the capacity to produce annually 31,000 tonnes of electrolytic copper metal and 600 tonnes of sulphuric acid as a by-product to be used for the production of 2.1 lakh tonnes of triple super phosphate fertilizer and acid plants are also proposed to be set up at Khetri in collaboration with the Fertiliser Corporation of India.

The Annual plan for 1968-69 had made a provision of Rs. nine crores for the copper project of Hindusthan Copper Ltd.

Indian units process only fire-refined copper. Electrolytic copper is produced in India only to a small extent. Domestic production meets only a small part of the country's requirements of this metal. A large tonnage of copper, copper alloys and other manufactures has to be imported.

Per capita consumption figures in lb. for refined copper for India and some of the developed countries are given below :

U.S.A. 18.8 ; U.K. 25.7 ; Japan 10.4 ; India 0.34.

Installed capacity and production of copper and allied products :

(Metric tons)

Year	Virgin Metal		Pipes and Tubes		Sheets and Circles	
	Installed capacity	Production	Installed capacity	Production	Installed capacity	Production
1965	9,960.0	9,360.0	4,920.0	560.4	48,000	1,632
1966	9,960.0	9,362.4	4,920.0	624.0	48,000	600
1967	9,960.0	8,904.0	6,120.0	624.0	48,000	1,020

Imports of Copper and Copper Alloys

Q — Quantity in lakh kgs.

V — Value in Rs. lakhs.

Year	Copper and alloys refined or unwrought		Copper and alloys worked		Total	
	Q	V	Q	V	Q	V
1965-66	433.6	2,376.8	151.1	955.5	584.7	3,332.3
1966-67	201.14	2,212.5	144.65	1,695.1	345.79	3,907.6
1967-68	229.64	1,921.7	159.71	1,624.3	389.35	3,546.0

LEAD

Lead ores are known to occur at a number of places in India. The only large deposits now being worked are those of Zawar which is about 17 miles from Udaipur city, where lead is found in association with zinc. The Hindusthan Zinc Ltd. was formed to secure the full development of the potential of Zawar mines

The present mining capacity is 750 tonnes runoff mine ore per day.

Mineral Production

(Tonnes)

Mineral	1965	1966	1967
1. Ore production ..	—	1,57,487	1,65,650
2. Lead concentrates	5,496	5,151	3,995
3. Zinc concentrates ..	9,641	8,900	10,029

The present production capacity of the lead smelter at Tundoo is 5,400 tonnes of lead metal per annum, the output is about 2,600 tonnes per annum.

Installed capacity and production :

(Metric tons)

Year	Virgin Metal		Lead Pipes and Tubes		Lead Sheets	
	Installed capacity	Production	Installed capacity	Production	Installed capacity	Production
1966	6,096.0	2,542.8	4,800.0	246.0	3,000	672
1967	6,096.0	2,473.2	4,800.0	206.4	3,000	1,020

Imports of Lead

Q — Quantity in lakh kgs.

V — Value in Rs. lakhs.

Year	Lead and alloys unwrought		Lead and alloys worked		Total	
	Q	V	Q	V	Q	V
1966-67	497.60	1,035.7	3.28	7.1	500.88	1,042.8
1967-68	347.51	608.0	2.53	12.9	350.04	620.9

ANTIMONY

Antimony ore deposits are situated at the Shigree Glacier in Lahaul, Kangra district, Himachal Pradesh and in the region of Nagpur in Maharashtra State. For antimony, there is only one smelter at Bombay, working on imported ores with a capacity of 1,000 tons.

Statistics regarding installed capacity and production in tonnes during the period 1964 to 1967 are shown below : 1964 : 912.0 ; 840.0 ; 1965 : 996.0 ; 848.0 ; 1966 : 1,002.0 ; 882.0 ; 1967 : 1,002 ; 901.2.

ZINC

Deposits of zinc, at present, are known to occur at only

Imports of Zinc

Q — Quantity in lakh kgs.

V — Value in Rs. lakhs.

Year	Zinc and alloys unwrought		Zinc and alloys worked		Total	
	Q	V	Q	V	Q	V
1965-66	767.0	1,226.5	35.1	57.2	802.1	1,283.7
1966-67	460.82	1,047.9	19.87	48.9	480.69	1,096.8
1967-68	642.10	1,389.1	16.98	40.4	659.08	1,429.5

TIN

Tin ores are in Hazaribagh, Ranchi and Gaya districts of Bihar. At present there is no indigenous production in

the primary metal. So India has to depend on imports. Statistics of imports of tin during recent years are given below.

Imports of Tin

Q — Quantity in lakh kgs.

V — Value in Rs. lakhs.

Year	Tin and alloys unwrought		Tin and alloys worked		Total	
	Q	V	Q	V	Q	V
1965-66	38.4	711.2	1.2	5.7	39.6	750.9
1966-67	28.89	689.2	0.58	3.6	29.47	692.8
1967-68	38.19	947.8	0.26	4.2	38.45	952.0

Imports of Nickel

NICKEL

Q — Quantity in lakh kgs. V — Value in Rs. lakhs.

Year	Nickel and alloys unwrought		Nickel and alloys worked		Total	
	Q	V	Q	V	Q	V
1966-67	3.85	56.5	5.75	87.9	9.60	144.4
1967-68	7.40	132.2	12.54	217.8	19.94	350.0

India has no proven deposits of nickel ores so far.

ALUMINIUM

Aluminium is the only non-ferrous metal which India can produce in large quantities because of extensive deposits of bauxite and adequate supplies of bulk power. At present, considerable attention has been paid for

augmenting the production of aluminium in order to arrest the rising trend in the import of this non-ferrous metal involving considerable foreign exchange.

It is known that India possesses bauxite, the basic raw material for aluminium to the extent of 250 million tons. Only reserves of 25 million tons are stated to have been proved to be suitable for the manufacture of aluminium.

Aluminium — Installed Capacity and Production

(Metric tons)

Year	Virgin Metal		Aluminium Sheets and Circles		Aluminium Foils		Aluminium Wire Rods (ACSR)		Aluminium Rods and Sections (extruded)	
	Installed Capacity	Production	Installed Capacity	Production	Installed Capacity	Production	Installed Capacity	Production	Installed Capacity	Production
1964 ..	53,340	54,539	22,200	22,501	3,000	2,544	29,400	20,256	3,756	3,240
1965 ..	53,340	59,513	43,896	23,568	6,492	2,868	33,996	24,144	6,756	4,596
1966 ..	73,320	63,432	43,896	31,318	6,492	3,564	36,996	26,256	6,756	6,372
1967 ..	93,660	96,430	43,896	32,089	6,492	4,572	36,756	34,716	6,756	6,912

Production

The output increased from 74,000 tonnes in 1966-67 to about 1,00,000 tonnes in 1967-68. At present there are four primary producers — all in the private sector, viz. : Hindustan Aluminium Corporation; Indian Aluminium Company Ltd.; Madras Aluminium Company Ltd.; and

the Aluminium Corporation of India Ltd.

The Bharat Aluminium Company Ltd.—a public sector undertaking, has been entrusted with the implementation of Koyana and Korba aluminium projects in the public sector.

Imports of Aluminium

Q — Quantity in lakh kgs. V — Value in Rs. lakhs.

Year	Aluminium and alloys unwrought		Aluminium and alloys worked		Total	
	Q	V	Q	V	Q	V
1966-67	98.00	385.3	230.62	1,135.7	328.62	1,521.0
1967-68	254.77	1,062.5	133.34	704.1	388.11	1,766.6

The demand for aluminium by 1970-71 is likely to be about 2,75,000 tonnes per annum. The table below shows the details of schemes (expansion/new) being taken up to increase the capacity :

(Tonnes per annum)

Unit	Capacity
A. Private Sector	
1. Existing Installed Capacity ..	1,15,800
2. Mettur (Tamil Nadu) aluminium smelter — expansion	12,500
3. Asansol (W. Bengal) aluminium smelter — expansion	5,000
4. Belgaum (Mysore) aluminium smelter — new	30,000
5. Renukoot (U.P.) aluminium smelter — expansion	60,000
Total ..	2,23,300

Unit

Capacity

B. Public Sector

1. Koyana (Maharashtra) aluminium project — new 50,000
2. Korba (M.P.) aluminium project — new 1,00,000

Total .. 1,50,000

Grand Total .. 3,73,300

BRASS

The position with regard to the production of brass pipes and tubes, and brass sheets and circles respectively from 1963 is as follows : Figures in tonnes : 1963 : 352.8 ; 22,644 ; 1964 : 642.0 ; 20,328 ; 1965 : 1,036.1 ; 13,308 ; 1966 : 654 ; 5,508 ; 1967 : 562.8 ; 8,856.

India's imports of non-ferrous metals amounted to Rs. 85.73 crores in 1966-67 and Rs. 88.73 crores in 1967-68.

PAPER INDUSTRY

THE bulk of the production comprises printing and writing paper. Manufacture of superior varieties is also undertaken. The following table gives the trend of production :—

(In thousand tonnes)

	1962	1963	1964	1965	1966	1967
Printing & Writing	234.4	300.0	320.5	339.1	381.2	373.3
Wrapping	75.5	75.0	85.0	96.1	103.4	121.1
Special Varieties	8.0	6.6	6.5	5.6	6.0	8.6
Paper Boards	69.7	80.0	80.4	101.2	93.9	99.1
Total	387.6	461.6	492.4	542.0	584.5	602.1

According to the Annual Survey of Industries the total factory sector as a whole employed Rs. 91.5 crores (productive capital) in paper industry in 1962.

At present there are 56 paper mills manufacturing paper and paper boards with a total installed capacity of 6.5 lakh tonnes. The aggregate installed capacity of the paper industry was 433,800 tonnes in 1962, as compared to 409,992 tons in 1961.

The Statewise distribution of the industry is as follows :

State	No. of units	Capacity (lakh tonnes)
West Bengal	9	1.20
U.P.	2	0.34
Bihar	2	0.63
Orissa	3	1.02
Punjab	4	0.46
Gujarat	6	0.18
Maharashtra	14	0.73
Andhra Pradesh	2	0.43
Mysore	5	0.70
Kerala	2	0.13
Tamil Nadu	3	0.26
Madhya Pradesh	3	0.57
Total	55	6.65

Most of the mills are not able to supply the specific requirements of various government indentors.

Also, many of these industries are yet to start utilising the discarded parts of the raw materials (i) Where eucalyptus timber is used as raw materials, the leaves can be used for processing, (ii) Cinder from boilers can be used for making bricks, (iii) Sludge can be burnt into lime, (iv) Paper and fibre wastes can be used to make boards and (v) Carbon dioxide and Carbon monoxide can be used for making Calcium Carbonate.

The paper mill at Amlai (Sahdot), in Madhya Pradesh with an annual capacity of 48,000 tonnes and costing Rs. 17 crores is expected to produce well over 200 tons of fine writing printing grades of paper per day. Two new factories for the manufacture of paper will soon be established at Ahmednagar District, the annual capacity of which being 42,000 and 37,200 tonnes.

DEVELOPMENT PROGRAMME

The Union Government have also approved and granted licence for 15 new (large) units with a total capacity of 397,000 tonnes and 35 small units for production of paper and paper boards. Out of these 15 (large) units, 11 will be *bagasse* based units. The three units, which are reported

to manufacture paper and paper boards from *bagasse* are, Rohtas Industries, Mandya National Paper Mills, and Seshasayee Paper and Boards Ltd.

The Planning Commission had envisaged production and capacity targets of 70,000 tons and 90,000—100,000 tons per year respectively, for 1965-66. As on March 1, 1964 there were 30 units with an annual capacity of 92,404 tonnes. Fourteen new units with an annual capacity of 47,100 tonnes have been licensed. With the implementation of these schemes, the indigenous capacity would increase to 1.4 lakh tonnes.

The establishment of a paper mill in Nagaland has been accepted in principle by the Planning Commission and details about the capacity are being worked out.

The capacity for production of paper and paper boards remained static at 711,220 tonnes. New capacity came into operation during the year either from a new unit or expansion of existing units. The actual production of paper and paper boards during 1967 is estimated at 601,000 tonnes as against 585,000 tonnes in the previous year. There has been some loss of production due to a few mills closing down on account of financial difficulties and labour troubles. The supply position of common grades of printing and writing and wrapping paper continued to remain satisfactory. 25,000 tonnes of white printing paper was diverted for use by the newspapers. As against the exports of paper and paper products of Rs. 80 lakhs in 1966 the value of exports during 1967 is assessed to be about Rs. 200 lakhs.

The production of Hardboard during 1967 is expected to be 11,660 tonnes against 16,600 tonnes during 1966. The production of Insulation board during 1967 is estimated to be of the order of 2,027 tonnes against 1,000 tonnes in 1966. The increase is due to increased demand for insulation board used mainly for accoustic treatment of buildings. The estimated production of particle board during 1967 is 7,700 tonnes against 7,083 tonnes during 1966.

In order to achieve self-sufficiency, a production target of 700,000 tons and a capacity target of 820,000 tons was fixed. It was expected to attain production of 680,000 tons by 1965-66. The utilization of capacity in the paper industry has been over 85 per cent during the last several years.

The Kerala Government hopes to establish a packaging paper plant in Alwaye and a newsprint mill in Moolzhiyar as a result of the contemplated expansion of eucalyptus cultivation in the State. At present there is only one unit in the country producing Rayon Grade pulp. Its production increased from about 51,400 tonnes in 1966 to 55,000 tonnes during 1967. The first large mill

for paper grade pulp with a capacity of about 36,000 tonnes per annum was under installation in Gujarat and it was expected to commence production during 1968.

The National Industrial Corporation of the Government of India has prepared the feasibility report for setting up two paper plants costing Rs. 22 crores in Jammu and Kashmir to be implemented during the IV Plan, for manufacturing rayon grade pulp and newsprint and white printing paper.

Besides, it has been proposed to start one newsprint factory in Punjab with a capacity of 60,000 tonnes. A Rs. 60-crore newsprint project in the private sector is expected to be set up near Gola Gokkaram Nath in U.P. with a capacity of 30,000 tonnes per year.

The *per capita* consumption of paper in India at present stands at 2.6 lbs., as compared with 453 lbs. in the U.S., 126.4 lbs. in Japan and 207 lbs. in the U.K. Hence, it is imperative that the industry should expand even though there is actually a glut in certain varieties of paper such as ordinary writing paper, printing and wrapping paper.

NEWSPRINT

Newsprint is a special kind of paper whose production is governed by rigid process specifications. It is produced

from a mixture of mechanical or ground wood pulp (70 to 80 per cent) and chemical or wood-free pulp (20 to 30 per cent).

The National Newsprint and Paper Mills Ltd. (Nepa), a public sector undertaking is the only Indian newsprint factory (for more details see under Govt. Industrial Undertaking). The project made a record production of about 31,000 tonnes (over 1,000 tonnes more than its rated yearly capacity) in 1967-68.

The Nepa newsprint factory will increase its production from the present 30,000 tonnes to 75,000 tonnes a year under an expansion programme costing Rs. 11 crores. The additional production was expected to start in November 1968 and full production will be reached by the end of 1969. The additional production is based on imported pulp. With the additional production the country will save foreign exchange worth Rs. 8 crores spent on importing newsprint. The country's requirement for newsprint for this year is estimated at about 200,000 tonnes.

The following table summarises the production of paper and paper board industry during 1961 to 1967 :

('000 tonnes)

	1961	1962	1963	1964	1965	1966	1967
Paper board	65.1	69.7	78.6	79.7	101.2	93.9	99.0
Insulation board	1.8	1.7	2.0	1.6	2.2	0.9	1.8
Hard board	2.2	2.6	2.6	3.4	4.1	4.6	3.2
Newsprint	25.7	24.9	30.4	28.8	29.5	29.3	37.4

Value of yearly import of newsprint (in Rs. crores) from 1960-61 onwards is as follows: 1960-61: 9.37; 1961-62: 15.30; 1962-63: 12.02; 1963-64: 10.92; 1964-65: 11.66; 1965-66: 9.74; 1966-67: 12.37 and 1967-68: 9.44.

The main supplying countries of newsprint to India are Canada, Finland, Norway, Poland, Sweden and U.S.S.R.

Among paper producing nations, India ranks 20th. U.S.A. is the largest producer, followed by Canada, Japan, U.K., U.S.S.R., West Germany and France in the order of precedence.

FOURTH PLAN

The reconstituted development council for paper, pulp and allied industries has agreed to targets of 810,000 tonnes for paper and paper board, 75,000 tonnes for newsprint, 90,000 tonnes for rayon and 30,000 tonnes for paper grade pulps for the Fourth Plan.

India was estimated to produce 635,000 tonnes of paper and paper board at the end of 1968-69.

The council also agreed to set up additional capacity of 480,000 tonnes of paper and paper board and 300,000 tonnes of newsprint during the span of the Fourth and Fifth Plans.

PETROLEUM INDUSTRY

TODAY, there is hardly an industry which does not use some kind of petroleum product. Some of the main products have the following uses.

Kerosene is used as an illuminant and a cooking fuel. Motor Spirit and Aviation Spirit are used as fuel by automobiles and aircraft respectively. High Speed Diesel Oil is used by trucks, buses and tractors. Furnace Oil is used in various industrial units including power generation. Mineral Turpentine is used as a base in paints and varnishes. Wax is used for manufacturing candles. Lubricants are used for lubricating machines. Bitumen is used in road-making and for insulation. Chemicals produced from petroleum sources and generally known as petrochemicals are used for industrial and agricultural purposes.

Crude oil is processed in a unit called a refinery for obtaining various products. There are hundreds of products manufactured from crude oil.

The demand for petroleum products in India has been steadily growing with the years. Between the years 1948 and 1968, the total inland demand has increased from 2.24 million tonnes to 15.81 million tonnes, representing an annual average growth rate of about 10.25 per cent.

Individual petroleum products have been showing a rise in consumption over the years. Marked increases have been registered in the consumption of products like high speed diesel oil, furnace oil and naphtha.

The *per capita* consumption of petroleum in India is very low. The *per capita* consumption of some selected countries are given below: U.S.A. 3.38 K.L.; Australia 1.65 K.L.; Ceylon 0.122 K.L.; Burma 0.04 K.L.; India 0.03 K.L.

India's production of crude oil was about 5.67 million tonnes during 1967 and it rose to about 5.9 million tonnes in 1968. In order to bridge the gap between indigenous

availability and the demand, India has to import crude oil from various countries.

During 1967 the crude throughput in refineries in India was 14.43 million tonnes. This rose to 16.1 million tonnes in 1968. A little over a third of this throughput will be based on indigenous crude. By the end of 1973, the refining capacity is expected to be about 27.3 million tonnes per annum.

OIL EXPLORATION AND PRODUCTION

At present oil exploration and production in India are undertaken by three agencies: The Assam Oil Company, The Oil India Ltd., and the Oil and Natural Gas Commission.

The sedimentary areas in India exist to some extent in practically all States of the Indian Union and the area covers about 1.04 million square kilometres. The sedimentary regions also exist in the off-shore regions of India such as off Cambay and Kutch; off parts of Gujarat & Maharashtra States, off the Coromandel coast, Palk Straits and the Gulf of Mannar and areas around the mouths of Ganges and Mahanadi rivers; areas off the Kerala coast and the Andaman and Nicobar Islands. The Assam Oil Company and the Oil India Ltd., operate within the areas allotted to them in Assam State while the Oil and Natural Gas Commission is responsible for exploration over the remaining parts of the country. Technical training institutes have been set up by the Commission to train personnel required by its Directorates and Projects. In addition, the Commission has a Research and Training Institute at Dehra Dun. The activities of the three producing companies are briefly described below:

Assam Oil Company: The Assam Oil Company was formed as a result of the merger of the Assam Railway and Trading Co. and the Assam Oil Syndicate. Details of the above two Companies were given in the 1965-66 Directory. The current throughput of the Digboi Refinery is 0.5 million per year.

Assam Oil Company has drilled nearly 1,000 wells so far out of which nearly 600 are in operation now. The present rate of production of Assam Oil Company is of the order of 0.13 million tonnes.

Oil India Ltd.: The headquarters of the Company is at Duliajan in Upper Assam.

Oil India Ltd. has an authorised capital of Rs. 50 crores, divided into 500,000 shares of Rs. 1,000 each. In terms of an agreement signed in 1961, the Govt. of India and the Burmah Oil Company became equal partners in Oil India Ltd.

Oil India Ltd. has drilled upto Dec. 1968, 273 wells out of which 219 are oil or gas producing.

Oil India Ltd. propose to drill 11 wells during 1969. This Company has already discovered crude oil reserves capable of sustaining an annual production of three million tons. This quantity of oil is committed for supply to Gauhati in Assam and Barauni in Bihar owned by I.O.C. and the Digboi refinery owned by A.O.C. in Assam.

OIL AND NATURAL GAS COMMISSION

The Oil and Natural Gas Commission has its Hqrs. at Dehra Dun. About 20,000 persons are employed on its staff. The Commission has eight Directorates—Geology, Geophysics, Drilling, Production, Inspection of equipment, Administration, Finance, Stores and Purchase and separate Departments of Mech., Civil and Transport, Research and Training Institute, Hind Oil Design Institute and Planning and Control Division.

Geological and geophysical surveys are carried out by the Commission in various parts of the country—Jammu & Kashmir, Punjab and U.P. foot-hills and plains, Bihar, Assam, West Bengal, Gujarat, Kutch, Rajasthan, the Cauvery basin in Tamil Nadu, the Godavari basin in Andhra Pradesh and coastal regions of Kerala and Andaman & Nicobar islands.

On the basis of results of geological and geophysical surveys, drilling has been in progress in a number of States of the Indian Union, particularly in Gujarat and Assam. As a result of this drilling, oil and gas have been found in a number of areas of which the most important are at present the Cambay gas field, the Ankleswar, Kalol and Nawagam oil fields in Gujarat, and the Rudrasagar and Lakwa oil fields in Assam. In Gujarat, commercial reserves of oil and gas have been proved and the same are being produced. In Assam the Rudrasagar and Lakwa fields, also have commercial reserves and after further drilling and testing will be put on commercial production. Up to Jan. 1969, a total of 525 wells have been drilled in Gujarat and it is estimated that these fields are capable of producing about 3.8 million tonnes of crude per annum. Based on these reserves, a refinery at Koyali, in Gujarat has been constructed which is owned by the I.O.C. and is at present operating at a throughput of about 2.75 million tonnes. Oil has been discovered by the ONGC in commercial quantity in two structures in Assam at Lakwa and Rudrasagar. Trial production from Rudrasagar and Lakwa fields has commenced. 107 wells have been drilled in Assam on ONGC's Structure by January 1969.

The Oil and Natural Gas Commission produced 2.78 million tonnes of crude during 1967 and 2.96 million tonnes in 1968. It earned a profit of Rs. 12.78 crores during 1968-69.

The Commission entered into an agreement with the National Iranian Oil Company for exploration and production of oil in certain off-shore areas in the Persian Gulf in collaboration with AGIP of Italy and Phillips of U.S.A. Drilling is still in progress. As a result of the drilling, oil has been struck on Rustam structure and ONGC's share after production is stabilised will be about 0.75 million tonnes per year.

PRIVATE SECTOR REFINERIES

The Digboi Refinery of the Assam Oil Company produced a total of 485,615 tonnes of petroleum products in 1968. Its annual throughput during 1968 was 0.52 million tonnes.

The two private sector refineries owned by Burmah-Shell and Esso are located at Trombay near Bombay while the Caltex refinery is at Vishakapatnam. The throughput of these refineries are: Burmah-Shell 3.77 million tonnes; Esso 2.55 million tonnes; Caltex 1.54 million tonnes during 1968.

PUBLIC SECTOR REFINERIES

The first public sector refinery at Gauhati was commissioned in January 1962. The refinery produced 0.83 million tonnes in 1968. The Rumanian Government have provided the necessary technical and financial assistance for the refinery.

The second public sector refinery at Barauni in Bihar was commissioned in the second half of 1964. The initial capacity of two million tonnes has been expanded to three million tonnes since Jan. 1969.

The foreign exchange cost and technical assistance for the Barauni refinery is being met out of the Soviet credit.

The third public sector refinery has been constructed at Koyali near Baroda in Gujarat and was commissioned

in October 1965. Its initial capacity was two million tonnes and has been increased to three million tonnes since February 1967. The technical assistance and financial assistance has been supplied by the Soviet Union.

Cochin Refinery.—This is a participatory refinery project in the public sector, the principal collaborators with the Government being Messrs. Phillips International, U.S.A. It was commissioned on 23rd Sept. 1966.

The Refinery has been designed to produce annually 2.5 million tonnes of petroleum products.

Indian Oil Corporation Ltd.—This Corporation was formed by the merger of Indian Refineries Ltd. and the Indian Oil Company Ltd. A separate division of the Corporation called the Refineries Division is looking after the two public sector refineries at Gauhati and Barauni. With effect from April 1, 1965, the ownership of the Gujarat Refinery has also been transferred to the Indian Oil Corporation Ltd. (Refineries Division) from the Oil and Natural Gas Commission.

In order to meet the additional demand for petroleum products it has been decided to increase the refining capacity to about 27.3 million tonnes by the end of 1973. The additional Refineries to come up are the Madras Refineries (was to be commissioned during the 1st quarter of 1969 with a capacity of 2.5 million tonnes) which is a participatory project with Messrs. National Iranian Oil Co. and the American International Oil Co. while the Haldia Refinery will be built in collaboration with French and Rumanian agencies for which agreements have been signed in September 1967.

Lubrizol India Ltd.—With the growth and expansion of the petroleum industry, the demand for additives rapidly increased in the country. In order to meet this increasing demand and at the same time to conserve foreign exchange, the Government of India decided that additives should be manufactured indigenously. With this objective in view, negotiations were concluded with the Lubrizol Corporation of Cleveland, U.S.A. and on December 2, 1965 a Formation Agreement was signed. On July 20, 1966 Lubrizol India Ltd. was duly registered as a limited company. In the equity capital of the company, the Government of India holds 51 per cent and rest 49 per cent is held by the other partner.

The plant was commissioned in November 1968.

Lube India Ltd., Bombay.—An agreement was signed on September 15, 1965 between the Government of India and Messrs. Esso Standard Eastern Inc. of U.S.A. in equal partnership for the establishment of a 145,000 tonnes Lubricant base oil plant to be located adjacent to Esso's refinery in Bombay. It will manufacture high and medium viscosity lubricating base oils.

PIPELINES

Gauhati Product Pipeline.—This pipeline which is designed for the transport of petroleum products from Gauhati Refinery, was completed and commissioned in November 1964. The foreign exchange cost has been met out of ENI credit from Italy.

Barauni Kanpur/Haldia Pipeline.—This pipeline has been constructed for the transport of petroleum products from the Barauni Refinery to areas of consumption. The foreign exchange cost will be met out of ENI credit from Italy.

Gujarat Pipeline System: The following pipelines for the transportation of crude oil, gas and products have been constructed: Cambay-Dhuvaran Gas Line; Ankleshwar-Uttaran Gas Line; Ankleshwar-Baroda Gas

Line; Ankleshwar-Koyali Crude Line; and Koyali-Ahmedabad Product Pipeline. The foreign exchange cost was met out of ENI credit from Italy.

DISTRIBUTION

The consumption of petroleum products in 1968 was about 15.8 million tonnes which has been distributed through a wide distribution net-work in all parts of India.

At present the major oil distributing companies are Indian Oil Corpn. (wholly owned by the Government), Burmah-Shell, Esso, Caltex and the Assam Oil Company. These companies obtain their products from the refineries in India and also import certain amount of products for distribution.

With an annual turnover of about Rs. 400 crores, at present, the Corporation has become the largest oil marketing organisation in India. Its market participation in 1968 for major products was 43 per cent. During 1968-69 the sales of I.O.C. are estimated at about 8 million kilo litres.

Prices

As a result of the Government's decision on the Report of the Oil Price Inquiry Committee headed by Mr. K. R. Damle, the private oil companies reduced the price of crude oil twice by 2 cents and 4 cents per barrel during Dec. 1964 and July 1965 respectively. This led to a saving in foreign exchange of about Rs. 2 crores.

The Union Government appointed on May 13, 1964 a working group headed by Mr. J. N. Taluqdar, to re-examine the pricing principles. This Committee submitted its report to the Government in Aug. 1965 and the Government have enforced the prices recommended by them in respect of a number of products w.e.f. 1-2-1966. Import duties were imposed on crude for the first time; but these were later withdrawn to keep up the prices as far as possible after devaluation.

At present a committee under the chairmanship of Shri Shanti Lal H. Shah, is again examining the prices of crude and petroleum products and is likely to submit its report by the end of 1969.

MISCELLANEOUS

A joint committee of the Government and representatives of the private oil industry known as Oil Advisory Committee was set up by the Government of India to study problems of supply, distribution and future demand of POL products in relation to indigenous production and refining capacity. In this way, a machinery has been set up for close and continuous consultation between the private and public sectors on matters of common interest. Representatives from the Government and oil industry are associated with the working of this Committee.

RESEARCH

Research is being conducted in all phases of the petroleum industry. The ONGC has set up a Research and Training Instt. at Dehra Dun with the help of the U.N. for research and training in the exploration and production phases of the industry. The Indian Instt. of Petroleum in Dehra Dun was set up under the control of the Council of Scientific and Industrial Research to conduct research and training in the refining and marketing phases of the industry.

BURMAH-SHELL REFINERIES LTD.

Burmah-Shell Refineries Ltd. commenced operating a petroleum oil refinery at Trombay on January 30, 1955.

The crude oil intake of the Refinery is about four million tons per annum; the crude oil comes from the Persian Gulf area.

The Refinery manufactures motor spirit, kerosene, high speed diesel oil, light diesel oil, fuel oil, bitumen, liquefied petroleum gas and special boiling point solvents.

The total cost of the Refinery was about Rs. 26 crores and the total number of employees engaged in the various categories at present is around 1,380.

Residential quarters for key operating staff have been provided at a short distance from the refinery, and in addition, Burmah-Shell Refineries Ltd. have paid Rs. 40 lakhs to the Maharashtra Government for the provision of houses for Refinery labour employees and their families in the Chembur-Ghatkopar area.

CALTEX OIL REFINING (INDIA) LTD.

The Caltex Oil Refinery is located at Visakhapatnam. Its products include petrol, Aviation Jet Fuel, Liquefied Petroleum Gas, Mineral Turpentine, Kerosene, Diesel Oil

and Fuel Oils from the Refinery's flexible two-stage crude oil distillation unit, the fluid catalytic cracking unit with gas recovery facilities, the propane decarbonisation unit and treating and blending plants. Other products like Light Solvents and Asphalt are also made available.

The Visakhapatnam Refinery occupies an area as large as 515 acres.

ESSO REFINERY

The Refinery is situated on Trombay island, near Bombay, costing about Rs. 17.5 crores. The refinery is capable of running 62,000 barrels of crude oil per stream day nearly 3.1 million tons a year of crude oil.

Initially the Refinery was designed to process 25,000 B/CD of crude from the Middle East. Besides stepping up refining capacity, new products such as bitumen, jute batching oil, solvents and liquefied petroleum gas were introduced to meet the growing needs of the country and save foreign exchange. The Esso Bombay Refinery saved foreign exchange of over Rs. 102 crores during its fourteen years of operation.

PLASTICS INDUSTRY

THE U.S.A. produces the largest quantity of plastics followed by Germany, Japan, U.K. and the U.S.S.R.

The Indian plastics industry is centred mostly in the Bombay, Amritsar, Bangalore, Delhi, Kanpur and Madras areas, and today there are more than 200 well organised units and at least about 10 times as many smaller units in the small-scale and cottage industries sectors.

Almost 80 per cent of the processing section of the plastics industry is in the Small Scale sector. Also this sector shares about 50 per cent of the exports of pure plastics products.

The articles now manufactured cover a wide range of household consumer and utility items, electrical accessories, telephone equipment, gramophone records, insulated wires, combs, toys, tooth brushes, spectacle frames, hand-bags, leather cloth, packaging materials, films, industrial items and accessories for automobile engineering, radio and air-conditioning industries. Production of mechanised toys has been an important achievement in recent years.

In spite of the sizable inroads made by the plastics industry in recent years, the *per capita* consumption of plastics in India is still incomparably small. The *per capita* consumption of 0.1 kg. of plastics in India compares very poorly with that of 29.8 kg. in West Germany, 24.7 kg. in the U.S.A., 15.7 kg. in Britain, 14.4 kg. in France, and 13.9 kg. in Japan.

The industry has made an impressive beginning in the field of exports. The major items of exports are PVC leather cloth, plastic films, bangles, spectacle frames, electrical accessories, cables, and plastic-coated jute for packaging. The Plastic and Linoleum Export Promotion Council now plans to export about Rs. 10 crores of plastics products in the next three to four years. The following statement briefs India's export performance from 1961-62 to 1967-68 in crores of rupees: 1961-62 0.83; 1962-63 1.05; 1963-64 2.64; 1964-65 3.19; 1965-66 2.71; 1966-67 3.77; 1967-68 3.29 (provisional).

The target for 1968-69 is set at Rs. 5.0 crores and that for 1973-74 at Rs. 15.0 crores.

In 1966, production in India reached about 52,000 tonnes. This is much too insignificant compared to world standards. For example, in the U.S.A., the annual turnover of plastics is estimated to be around six million tonnes,

in West Germany and Japan over two million tonnes, and in the U.K. over a million tonnes.

It is estimated that by 1972, 120,000 tons of raw materials for the plastic industry will be available from petrochemical complexes. It is further estimated that the country's requirements of plastics by 1972 would be around 400,000 tonnes. Against this, in 1967, the licensed capacity was only of the order of 165,000 tonnes, the actual production being much lower.

In August 1967, the excise levy on plastic raw materials was increased by as much as 50% from 24 to 36% *ad valorem* (including the surcharge). The following table sets out the data on the progressively increasing yield from the excise duty collected from the plastics industry, although on widening base of output.

Yield on Excise Duty from Plastics Industry

Year						Duty collected (Rs. lakhs)
1961-62	111.0
1962-63	157.7
1963-64	249.5
1964-65	540.1
1965-66	584.2
1966-67	666.7

The First Plan aimed at expansion and consolidation of the processing sector of the plastics industry. During the Second Plan, it was targeted to increase the plastic production from 1,000 tonnes to 11,000 tonnes by 1960-61. The industry was able to reach the target. The Third Plan envisaged plastic production of about 74,000 tonnes by 1965-66. This, however, could not be achieved. The stagnation in the plastic production has of late been disappearing gradually and the production outlook has improved.

The consumption of plastics which was about 36,000 tonnes in 1961, increased to about 50,000 tonnes in 1965, and about 65,000 tonnes in 1967. It was expected to reach about 70,000 tonnes during the year 1968.

The present production of plastic goods is valued at Rs. 45 crores and is expected to reach about Rs. 120 crores by the end (1973-74) of the new Fourth Plan (about 235,000 tonnes).

IMPORTS OF PLASTIC RAW MATERIALS IN INDIA

Year	Quantity (tonnes)	Value (Rs. crores)
1962-63	19,506	6.48
1963-64	12,704	4.71
1964-65	16,305	6.10
1965-66	14,693	5.80
1966-67	11,795	6.27
1967-68 (Apr.-Feb.)..	29,062	11.90

PRODUCTION OF PLASTIC RAW MATERIALS
IN INDIA 1962 to 1967

Year	Production (tonnes)
1962	17,628
1963	20,328
1964	29,307
1965	37,189
1966	36,556
1967	36,385
	(Provisional)

TOTAL EXPORTS OF PLASTIC GOODS FROM INDIA
For 1966-67 and 1967-68

Commodity	1966-67	1967-68	Target for 1967-68
Linoleums	32.92	57.28	40.00
PVC Leather Cloth	64.96	53.51	100.00
PVC Sheeting ..	5.15	26.56	
Electric Accessories	26.38	24.41	
Spectacle Frames ..	11.58	14.14	20.00
Fountain Pens ..	2.27	4.95	5.00
Bangles	13.55	12.97	20.00

RAYON INDUSTRY

Rayon, Synthetic Fibres, and Cellulose Film

THERE are at present about 67,000 powerlooms, 1.8 lakh handlooms and 100 wrap knitting machines working purely on rayon/synthetic yarn. The present capacity for the manufacture of rayon/synthetic fabrics is 996 million metres.

Gwalior Rayon were the first to manufacture rayon grade pulp from indigenous resources—such as Bamboo, Eucalyptus and other woods, as early as 1963 and the production of rayon grade pulp for the last three years has been as under: 1965-66: 49,500 tonnes; 1966-67: 53,000 tonnes and 1967-68: 53,000 tonnes. Other rayon grade pulp manufacturers are Travancore Rayons and S. I. Viscose with capacity of 6,000 and 21,000 tonnes respectively.

For this country the man-made fibre industry may be said to have commenced in 1950, with the setting up of the first viscose plant. Since then several such units were established. Apart from staple fibre, we are now producing polyester fibre.

Also in retrospect India's man-made textiles have always a glorious past. And again little wonder that compared with 1951, there has now been a three-fold increase in the output of rayon and synthetic fibres, the annual production having already reached 100 million metres. Indeed, this industry even after having about 100,000 power looms with an additional planned capacity of 40,000 looms in the coming five years and a production capacity of at least 950 million metres of art silk on 1.75 shift basis continue to expand and diversify its production pattern to cope with the recent world trends.

According to an estimate, out of the requirements of 1,10,000 tonnes (corresponding to the targeted capacity of 61 million kg. for viscose filament yarn and 42 million kg. for staple fibre) our present productive capacity is about 60,000 tonnes. Obviously we would have to rely on imports.

The above difficulty may be partly overcome if expansion of viscose rayon capacity is allowed on the staple side at present to the extent desired by the planning subgroup. Besides, the following considerations further support this expansion: (a) rayon can never be regarded as an outmoded fibre and still the same has plenty of life in it; (b) rayon is most widely used and least expensive of all fibres—its quality and processability in staple form being superior to any other synthetic and natural fibre; and (c) the newer synthetic fibres are not its primary competitions except in certain specific market.

VARIETY-WISE CONSUMPTION

(i) Viscose Rayon Filament Yarn:

The first commercial production of viscose rayon filament yarn in the country commenced in July 1950 with a production capacity of 1.82 million kg. per annum. It shot up from 262 lakh kg. in 1962 to 348 lakh kg. in 1967—an increase of 32 per cent. During this time the imports of viscose yarn dwindled from 88 lakh kg. to nil. This is significant since the man-made textile industry now entirely depends on the indigenous production of viscose rayon filament yarn for its requirements. Another revealing thing is that the popularity of viscose rayon filament yarn has not increased as compared with the non-cellulose fibres.

(ii) Acetate Rayon Filament Yarn:

The production of this type of yarn increased in the country from 14 lakh kg. in 1962 to 17 lakh kg. in 1967—an increase of 22 per cent. The imports of this type of yarn dropped from 13 lakh kg. to nil. The imports were partly replaced by the indigenous production and partly due to fall in demand. The table on the next page shows the production, imports and availability of man-made fibre yarn.

(In thousand kg.)

Type of man-made fibre yarn	1962	1963	1964	1965	1966	1967
Viscose rayon filament yarn						
Production	26,237	31,221	35,294	35,213	33,311	34,760
Imports	8,835	4,992	1,734	144	284	1
Availability	35,072	36,213	37,028	35,357	33,595	34,761
Acetate rayon filament yarn						
Production	1,388	1,953	2,136	2,033	1,337	1,704
Imports	1,330	610	879	199	14	6
Availability	2,718	2,563	3,015	2,232	1,351	1,710
Synthetic filament yarn						
Production	176	743	1,175	1,479	1,921	2,456
Imports	3,628	4,611	6,763	4,070	4,492	3,725
Availability	3,804	5,354	7,938	5,549	6,343	6,181

Requirements of Raw Materials: The chief raw materials for the viscose process of filament and staple fibre, are rayon grade pulp, caustic soda and sulphur. The requirements of these raw materials for the production of 96 million lb. of viscose filament, 64 million lb. of staple fibre and 32 million lb. of acetate filament and acetate staple fibre are estimated as follows:—

Rayon grade pulp	82,000 tons
Caustic Soda	80,000 "
Sulphur (including carbon disulphide)	60,000 "
Alcohol	6.4 million gallons
Cotton linters (for acetate process only)	13,000 tons

In addition, small quantities of copper sulphate, ammonia, sodium hydroxide, cotton linters and sulphuric acid will be required for the manufacture of cuprammonium and phenol and ammonia for the manufacture of caprolactum.

The entire requirements of rayon grade pulp are at present met by imports. A number of schemes for the

manufacture of rayon grade pulp with a total annual capacity of about 270,000 tons have, however, been licensed or recommended for licence under the Industries Act.

If the total availability of cellulosic and non-cellulosic fibres is considered, one can find that there is a substantial increase from 750 lakh kgs. in 1962 to 1,095 lakh kgs. in 1967—an increase of 20 per cent. But if the availability of both fibres is considered separately, one can notice that the cellulosic fibres has increased from 738 lakh kgs. in 1962 to 984 lakh kgs. in 1967, while the non-cellulosic showed an increase from 52 lakh kgs. in 1962 to 111 lakh kgs. in 1967. Thus the percentage increase of availability in the case of non-cellulosic fibres was 113 per cent as against 25 per cent for the cellulosic fibres. This can, however, be explained by citing low basis production of non-cellulosic fibres in 1962 as also by the greater popularity of the synthetic fibres among the consumers.

The table below shows the actual production achieved in 1965-66 and 1967 as compared to the Third Plan targets.

(lakh kgs.)

Type	Third Plan target fixed for production	Actual production in 1965-66	Actual production in 1967	Percentage increase or decrease over Third Plan target
Viscose rayon filament yarn	350	345	348	- 0.6
Acetate rayon filament yarn	110	20	17	-85.0
Viscose rayon staple fibre	290	260	521	+79.0
Acetate rayon staple fibre	40	—	1	-98.0
Viscose tyre cord yarn	90	110	100	+11.1
Synthetic filament yarn	45	15	25	-44.4
Synthetic staple fibre	10	14	30	+200.0

The production of man-made fibres in 1967 was 1,052 lakh kgs. as against the Third Plan target of 980 lakh kgs. It is a matter of satisfaction that considering the overall production of the man-made fibre industry, it has

not remained behind but it has gone ahead of the Third Plan target of 8 per cent. The production of man-made fibres in India and the total world production is given in the following table.

(In million kgs.)

Year	Rayon + Acetate			Non-cellulosic			Total man-made	
	Yarn	Staple	Total	Yarn	Staple	Total		
WORLD								
1962	..	1,201	1,655	2,856	638	441	1,079	3,935
1963	..	1,232	1,819	3,051	778	554	1,332	4,383
1964	..	1,329	1,950	3,279	976	712	1,688	4,967
1965	..	1,369	1,956	3,325	1,122	924	2,046	5,371

1965 ..	14.5	49.4	2.3	3.0	298.0	71.4
1966 ..	3.5	40.0	1.7	1.7	16.5	2.5
1967 ..	0.3	29.5	16.7	3.0	27.1	13.6

ART SILK

The art silk weaving industry is an important one in Punjab which leads all the other States of India in the development of small industries. Amritsar and Ludhiana are the two important centres where this industry is concentrated. Amritsar has about 1,200 weaving units with an installed capacity of about 9,000 power looms while about 5,000 looms are installed in Ludhiana in over 650 factories. The Punjab, therefore, has a total of 14,000

looms installed which account for nearly 18 per cent of the total loomage in India.

The present crisis in the industry is the result of the two-month labour strike in 1965, followed closely by the Indo-Pak war. Crippled already by these blows, the industry received another set-back at the time of devaluation, when all the export promotion schemes were suspended. Another difficult problem for the industry is the ever increasing price of art silk yarn which has registered a rise of no less than 75 to 80 per cent.

RUBBER INDUSTRY

INDIA produced 64,468 metric tonnes of raw rubber during 1967-68 as against 54,818 metric tonnes in 1966-67.

During the five-month period, April to August 1968, 25,058 tonnes of natural rubber, 10,384 tonnes of synthetic rubber and 5,700 (estimate) tonnes of reclaimed rubber were produced in India. Production of natural rubber suffered a set-back during the period due to the unprecedented continuous and heavy rain fall.

The consumption of all kinds of rubber during the period in India was 51,369 tonnes against 46,061 tonnes during the same period last year.

A total of 1,199 tonnes of rubber was imported during the period against 8,830 tonnes during the same period last year.

Of an area of about 4,48,724 acres under rubber cultivation at the end of 1967-68, 4,19,216 acres are located in the State of Kerala. Other rubber growing areas are the districts of Kanya Kumari, Coimbatore, Salem,

Nilgiris and Madurai in Tamil Nadu and Coorg and Chickmagalur in Mysore State, and Andamans, Tripura and Goa.

The total number of rubber estates registered up to the end of 1967-68 was 93,385.

The following are other details :—

Year	Planted area in acres	Tappable Area (worked out on the basis of year of planting) in acres	Production (Metric Tonnes)	Average yield per hectare in kgs.
1964-65	383,813	268,000	45,616	420
1965-66	407,014	278,500	50,530	448
1966-67	423,193	280,500	54,818	483
1967-68	448,724	290,800	64,468	548

STATEWISE DISTRIBUTION OF THE PLANTED AREA AT THE END OF 1967-68

(Area in acres)

STATES	Holdings		Estates	
	No. of units	Area	No. of units	Area
Kerala ..	91,205	280,240	597	138,976
Tamil Nadu	1,446	7,965	41	12,672
Mysore ..	76	720	13	7,089
Andamans	Nil	Nil	3	958
Tripura ..	1	20	Nil	Nil
Maharashtra	1	40	Nil	Nil
Goa	2	44	Nil	Nil

Areas upto and including 50 acres are classified as *Small Holdings* — (small growers).

Areas above 50 acres are classified as *Estates* — (large growers).

With effect from October 20, 1967, the Government of India fixed for all classes of business minimum prices, exclusive of sales tax, for the various grades and qualities of rubber and latex of different concentrations, excluding the cost of container.

The quantities actually consumed during the last few years in metric tonnes were :

1964-65 : 76,342 (natural 61,057; synthetic 15,285);
1965-66 : 85,318 (natural 63,765; synthetic 21,553);
1966-67 : 92,277 (natural 68,685; synthetic 23,592);
1967-68 : 97,842 (natural 74,518; synthetic 23,324).

Imports of rubber in metric tons were : 1964-65 : 18,318 (natural 15,003; synthetic 3,315); 1965-66 : 19,092 (natural 16,357; synthetic 2,735); 1966-67 : 29,150 (natural 23,544; synthetic 5,606); 1967-68 : 12,678 (natural 9,551; synthetic 3,127).

The production of natural rubber at the end of the Third Plan was 50,530 tonnes as against target of 45,000 tonnes. The estimate for the current year is placed at 72,000 tonnes. In 1967-68 the percentage consumption of synthetic rubber to total consumption of natural and synthetic rubber was 24 per cent.

The total value of rubber plantation in the country is estimated at over Rs. 104 crores. The rubber plantation industry offered direct employment to about 127,000 workers in 1966-67 and means of livelihood for over 6 lakh people according to a modest estimate.

SYNTHETIC AND NATURAL RUBBER

Synthetic rubber (polymer) or man-made rubber is the chemical combination of two or more molecules (monomer) resulting in the formation of a new compound (a large molecule polymer) of the same empirical formula but of greater molecular weight. Natural rubber consists mainly of a polymer of isoprene.

Different varieties of synthetic rubber are : Styrene Butadiene Rubber (SBR), Butyl Rubber, Neoprene, Cis-polyisoprene, Cis-polybutadiene, Polysulphide Rubber and Nitrite Rubber.

The production of natural rubber by the end of 1967-68 has reached 64,000 tonnes. In case of synthetic rubber, 1,20,000 tonnes capacity would be established by 1970-71.

The major producers of natural rubber according to their rank in production in 1966 are Malaysia, Indonesia, Thailand, Ceylon, Nigeria, India, Liberia, Cambodia,

Viet Nam, Congo and Brazil. The above countries account for about 98 per cent of the world rubber output.

The following table shows the trend of total area under rubber cultivation, production and average yield during the last three years in our country.

Year	Total area (hectares)	Production (Tonnes)	Average yield (kg. per hectare)
1964-65..	155,324	45,616	420
1965-66..	164,713	50,530	448
1966-67..	171,260	54,818	482*

* In yield per acre (lbs.) it is 430.

Source : Up to 1965-66 data, *Indian Rubber Statistics—1966*. For 1966-67 *Rubber India* of India Rubber Industries Association, December 1967.

However, compared with other producing countries in the world, India's share in the total production is only two per cent as can be seen from the following table :

Country	Production during 1966 ('000 tonnes)	Percentage to total production
Malaysia*	1,003	41.2
Indonesia	711	29.1
Thailand	207	8.5
Ceylon	131	5.4
Nigeria	77	3.2
India	53	2.2
Viet Nam	49	2.0
Cambodia	51	2.1
Liberia	54	2.2
Brazil	24	0.9
Congo	25	1.1
Others	51	2.1
Total	2,436	100.0

* Includes Singapore also.

India is leading other rubber producing countries as far as the rate of increase in production and productivity is concerned, it being as high as 13.37 per cent.

The production, import and consumption of natural and synthetic rubber during the last four years is given below :

(In tonnes)				
Year	Production	Import	Consumption	
1964-65..	57,249	18,318	76,342	
1965-66..	65,271	19,092	85,318	
1966-67..	77,176	29,150	92,277	
1967-68..	66,066	10,956	73,125	
(April-Dec.)				

The production and consumption of reclaimed rubber is depicted below :

(Tonnes)				
Year	Production	Consumption		
1964 ..	4,637	9,006		
1965 ..	7,756	9,650		
1966 ..	10,832	10,578		
1967 (Jan-Aug.)	7,916	7,904		

Source : *Rubber India* of Indian Rubber Industries Association, February 1968 and October 1967.

Consumption : In 1966, more than 25 lbs. of rubber, i.e. both natural and synthetic, were consumed per head in the U.S.A. The per capita figures for the highly industrialised countries of Western Europe for the year ranged from about 8 lb. to 15 lb. In that year too, Canada consumed about 17½ lb. per head, Japan 10 lb., Australia 13½ lb., the U.S.S.R. and other Eastern European countries nearly 5 lb., China just over ½ lb. and India less than ½ lb.

Rubber Goods : India has a modern manufacturing industry engaged in the manufacture of various rubber goods such as tyres, toys, rubber footwears, tubes, hoses, fan belts, water-proof fabrics — Mackintosh, latex foam sponges and other rubber components of railway fittings etc. Of this, the manufacture of tyres and tubes accounts for more than 70 per cent of the total consumption of rubber. The present installed capacity of the various

tyre manufacturing units is as follows : Dunlop 10,24,800; Firestone 6,72,000; Ceat 4,50,000; Goodyear 3,50,000; Mansfield 3,60,000; Premier 2,40,000; Inchek 2,00,000; Total 32,96,800.

However, to have an assured production of 40 lakh tyres by 1970-71, the installed capacity will have to be raised to 48 lakh tyres.

The total capital investment in the automobile tyre industry exceeds Rs. 25 crores. Prices for tyres and tubes are controlled by the Government.

Rubber foot-wear industry is the second largest among rubber goods industries. There are about 19 well-organised units producing about 60 million pairs in addition to many small units throughout the country. A Rubber Development Wing at New Delhi has been set up to give assistance to this potential industry.

The progress of the rubber goods manufacturing industry is given below :—

	1962	1963	1964	1965	1966	1967
Footwear (lakh pairs)	496.8	585.6	470.4	530.4	522.0	545.6
Dipped Rubber goods (lakh dozens) ..	3,076.8	740.4	3,075.7	2,841.3	2,206.8	2,180.6
Tyres :						
Automobile ('000)	1,708.8	1,926.0	2,090.9	2,090.9	2,350.4	2,475.5
Bicycle ('000)	11,838.8	14,186.4	16,156.0	18,122.4	19,639.2	22,348.1

Source : Rubber News, August 1968.

General : The first synthetic rubber plant in Asia was commissioned in 1964 at Bareilly (U.P.).

On January 31, 1968, India's biggest petro-chemical complex of NÖCIL, which have a capacity of about 25,000 tonnes of synthetic rubber went on stream.

Old rubber trees, which are normally burnt as waste, may soon provide the raw material for a range of dresses and other clothing. The Sanyo Pulp Co. Ltd., Tokyo, has developed a process for converting rubber wood into rayon pulp.

The export statistics of rubber goods (of which selected items are given below) between 1963-64 and 1966-67 has shown steady progress as can be seen from the following table :

Value in Rs. thousand (post devaluation)

Items	1963-64	1964-65	1965-66	1966-67
Hoses	1,258.1	938.7	788.3	643.1
Rubber footwear	711.3	782.8	789.4	518.2

IMPORTS

Considerable quantities are being imported to meet the increased domestic demand of the manufacturing industry.

(Rs. lakhs)

Imports	1960-61	1961-62	1962-63	1963-64	1964-65
1. Crude rubber, including synthetic and reclaimed ..	1,078.22	1,010.37	1,023.22	975.04	542.89
2. Rubber fabricated materials	22.59	15.72	21.4	23.19	22.39
3. Rubber manufactured articles	302.85	333.09	154.13	174.93	116.75

Import duty : An initial duty of 5 per cent was introduced in May 1957. But this was increased to 10 per cent in March 1961 and 22 per cent in April 1963. With the regulatory import duty of 10 per cent introduced in Feb.

1965, the present duty comes to 32 per cent. But the excise duties on tyres, tubes, footwear and cycle parts have been totally removed.

SERICULTURE AND SILK

NEXT to handloom and khadi, sericulture is the biggest village industry extending part or whole-time employment to about 3.2 million people. Sericulture provides raw materials for India's traditional handlooms which consume over 90 per cent of raw silk output. Exports of pure silk fabrics, fetched about Rs. 41 million in foreign exchange in 1967. The target of exports of pure silk fabrics for the Fourth Plan period has been fixed at Rs. 309.5 million.

A physical target of 3.0 million kgs. of raw silk has been fixed at the end of the Fourth Plan as against actual production of 2.229 million kgs. in 1967.

Silk is cultivated in 12 out of 17 States and in 3 out of 10 Union Territories. Mulberry silk is produced mainly in three States viz., Mysore, West Bengal and Jammu and Kashmir which together account for 98 per cent of the total mulberry silk production.

Among the non-mulberry varieties, tasar is extensively reared in the forest regions of Bihar, Madhya Pradesh and Orissa. Assam produces about 90 per cent of eri silk and the entire Muga silk is its exclusive production.

There are at present two Govt. Spun Silk Mills—at Channapatna in Mysore State and Assam Spun Silk Mills Ltd., at Jagi Road in Assam. The two mills together have an installed spindleage of 9,000 for spun silk yarn and 840 for noil yarn and the rated production capacity is 45,000 kgs. of spun silk yarn and 57,400 kgs. of noil yarn annually.

SILK INDUSTRY IN STATES

Andhra Pradesh

Andhra State produces small quantities of the three varieties of silk viz., mulberry, eri and tasar. The production of mulberry, eri and tasar during 1967 was 127 kgs., 12 kgs. and 376 kgs. respectively. The State possesses great potential for tasar. Mulberry silk industry is confined to the districts of Anantapur and Chittoor, eri culture to Mahbubnagar and Kurnool while tasar to the forest regions along the banks of the river Godavari in Karimnagar, Warangal and Adilabad Districts. It has a flourishing handloom silk weaving industry dispersed in Peddapuram, Dharmavaram, Siddipet, Raparti, etc.

Assam

Assam is the biggest non-mulberry State having an extensive eri culture, exclusive muga culture and a little

of mulberry silk production. The main silk cultivating districts are Goalpara, Kamrup and Nowgong in the Assam valley. Sibsagar is the main area for mulberry production. Since there are no large-scale industries in this border State, silk cultivation plays a vital role in its economy. It is estimated that about a million people derive their livelihood from silk cultivation.

There are 11 silk farms, two mulberry graft nurseries, four mulberry silk reeling units, four muga farms, 12 eri grainages and 33 cocoon growers' and reelers' co-operatives and one experimental tasar seed station. Three cocoon marketing centres have been set up. There is also a well-equipped seri-cultural training institute and a research institute at Titabar. For utilisation of silk waste, the State Government has set up a 3,000 spindle Assam Spun Silk Mills at Jagi Road.

Bihar

Bihar is predominantly a tasar-producing State, contributing about 40 per cent of India's total tasar silk production. It is also the biggest eri silk-cultivating State after Assam. Bihar has also a small mulberry silk production. About 1,20,000 people, it is estimated, derive their livelihood from silk cultivation.

Bihar produces over 1,07,636 kgs. of tasar raw silk annually. For development of the tasar silk industry, the State Government has set up in recent years 16 tasar seed supply stations, 42 sub-stations, 18 training centres, four marketing centres and 15 co-operatives. There is also a silk institute in Bhagalpur. The Central Silk Board established a central tasar research station at Ranchi in 1964. The State Government have decided to set up a spun silk mill with 3,000 spindles at Bhagalpur during the Fourth Plan.

Jammu & Kashmir

Kashmir is considered as a prolific source for univoltine silk in India. The industry is mainly practised in the districts of Anantnag, Baramulla, Doda, Jammu, Reasi and Udhampur. The annual production of raw silk is about 66,832 kgs. or about four per cent of the total mulberry silk output. The industry provides employment to about 3,50,000 persons. The Kashmir Valley has the most suitable climate for univoltine silkworm rearing.

There are also 45 mulberry nurseries — 29 in Jammu and 16 in Kashmir and four basic graft nurseries — two in Jammu and two in Kashmir. In recent years two basic seed cocoon farms have been set up. Besides, there are two hibernation centres at Srinagar and Batote. The C.S.B. has also established a Central Silkworm Seed Station in Srinagar for production of grand parent stock seed evolving suitable race of silkworms.

The entire cocoon output is reeled by filatures located in Srinagar and Jammu. These two factories have five units having a total installed capacity of 749 basins. There are no *cottage basins* or *charkas* in the State.

Madhya Pradesh

Madhya Pradesh is the leading tasar producing State. The industry provides employment to about 50,000 rural people. The State has also a small mulberry silk production.

There are nine mulberry silk farms, one grainage, one graft nursery and a reeling unit, eight tasar seed farms, two tasar training centres, six tasar cocoon markets, a tasar research unit and one reeling and spinning unit. The Central Silk Board has established a Central Tasar Silkworm Seed Station at Lakha in 1964.

Maharashtra

In Maharashtra, Bhandara and Chanda districts have traditional tasar culture and there is one tasar farm at Armori; the State has also taken up eri cultivation on experimental basis. The Maharashtra State Khadi and Village Industries Board has under its fold two mulberry farms at Gureghar and Wai mainly for the purpose of research and demonstration.

Mysore

Mysore is the biggest polyvoltine mulberry silk producing State in India contributing over three-fourths of the total mulberry silk production. The industry is concentrated in the districts of Bangalore, Kolar, Mandya, Mysore and Tumkur and to a small extent in Belgaum and Coorg. About seven per cent of the total population of the State derives livelihood from silk cultivation. The State Sericultural Department has spotted the presence of tasar silkworm in the forests of Sirsi (North Kanara District) and a scheme for development of tasar industry is under implementation.

There are about 78,000 hectares under mulberry cultivation. The yield of leaf per acre from rainfed plantations is about 1,800 kgs. and from irrigated areas about 3,600 kgs. per year. Nearly five to six crops are taken from irrigated plantations and four to five from rainfed ones. There are four graft nurseries producing over six lakh grafts of improved strains.

At present there is a hill rearing station at B.R. hills for preservation of stock races and their amelioration. There are six nurseries, 35 silk farms, 54 grainages, 489 licensed seed preparers and 107 chawki centres.

Raw silk reeling is done by traditional *charkas* by improved *cottage basins* and also by filatures. Mysore produces about 7.00 lakh kgs. of *charka* silk (including 14,000 kgs. of dupion silk), 4.57 lakh kgs. of cottage basin and 1.27 lakh kgs. of filature silk. The State has at present over 4,250 active *charkas*, 2,850 cottage basins and 1,000 filature basins.

The Silk Marketing Co-operative Society, Bangalore has recently set up branches at Nanjangud and Kancheepuram (Tamil Nadu). There are 61 Government cocoon markets established under Mysore Silkworm Seed Act in

addition to a voluntary cocoon market at Ramnagaram. For utilisation of silk waste, the State has a Spun Silk Mill with 6,000 spindles. Besides, it has a sericultural training school at Channapatna and a silk conditioning house in Bangalore. The Central Sericultural Research and Training Institute, Mysore has a Central Silk Board project functioning at Mysore. The State has a flourishing silk twisting industry with over 60,000 spindles and a silk weaving industry with over 7,500 hand-looms and 2,600 power-looms.

Orissa

Orissa is a non-mulberry State having traditional tasar silk industry. The annual production of tasar silk is about 15,500 kgs. About 1,15,000 people depend for their bread on this pursuit. The State has no mulberry culture.

The State has now three seed supply stations, two eri seed stations, one reeling and spinning centre, one research unit and 19 tasar rearers' co-operative societies. The State has established a Tasar Co-operative Society in 1963. Besides tasar rearers' co-operatives, four weavers' co-operatives have also been organised.

Punjab

Sericulture is practised mainly in the districts of Amritsar, Gurdaspur, Hoshiarpur and to some extent in Ferozepur also. Mulberry is raised as tree and is mainly cultivated for their fruits and timber.

The present requirement of industrial seed in the State is 1,500 ozs. which is prepared at Dalhousie grainage. The State has a Basic Seed Station at Sujampur. A demonstration-cum-training centre for reeling is operating at Dinanagar. Almost the entire cocoon crop is reeled on *charkas*.

Tamil Nadu

The sericulture industry in Tamil Nadu is at present confined to the districts of Coimbatore, Nilgiris, Salem and Tirunelveli. The industry provides employment to about 6,000 people. Mulberry is raised as 'bush'. The area under mulberry was 1,658 hectares in 1967. There are 11 mulberry graft nurseries, one basic seed farm, four Government silk farms, one Government grainage, two chawki units, one reeling unit of 25 basins, four cocoon markets, one gut section at Coonoor and a Sericultural Co-operative Society at Talvadi. Tamil Nadu at present produces about 3,950 kgs. of raw silk. It is one of the major raw silk consuming States with over 20,000 handlooms on silk weaving.

Uttar Pradesh

The State accounts for an annual production of 3,000 kgs. of mulberry silk.

Mulberry silk industry is practised in six districts of Dehra Dun, Etawah, Garhwal, Gorakhpur, Nainital and Saharanpur. Eri culture is carried on in two districts of Rampur and Deoria and tasar culture is found in Mirzapur district.

Both bivoltine and polyvoltine silkworm races are reared. Forty-five chawki rearing centres and four demonstration silk farms have been set up. For production of disease-free seed, there are three grainages, and for production of basic seed cocoons, four farms. Recently 35 rearers' co-operatives and an apex society have been organised in the State. A co-operative silk filature of 30 basins was established in 1964. U.P. is a major raw silk consuming area with over 30,000 silk handlooms concentrated in Varanasi alone.

West Bengal

Mulberry culture is practised in the districts of Bankura, Birbhum, Darjeeling, Malda and Murshidabad. The annual production of mulberry silk in the State is 2.91 lakh kgs. Mulberry is cultivated as 'bush'. There are about 6,500 hectares under mulberry. There are 16 mulberry nurseries and 12 Government grainages and 40 aided grainages. The State has also four mulberry graft nurseries, three in Malda and one in Murshidabad district. Three tasar seed stations with their sub-stations and three eri seed stations are functioning in the State.

There is a foreign race seed station at Kalimpong and a hill nursery for raising F1 seed of foreign races at Matigara. Two chawki rearing centres have also been set up.

Raw silk reeling is done on traditional *charka*. The use of Cottage basins for reeling has shown a progressive increase. A 100-basin filature has been set up at Madhughat (Malda Dist.). The State has established two training institutes — one for sericulture at Berhampore and other for reeling at Peddie (Malda). Besides, the Central Government's Central Sericultural Research Station is also located at Berhampore. The silk conditioning house is stationed at Calcutta. The important weaving centres are Bishnupur, Baswa, Raghunathpur and Chak Islampur. There are over 4,500 hand-loomers in the State.

UNION TERRITORIES

Himachal Pradesh

Himachal Pradesh rears bivoltine mulberry silkworms. Kangra district forms a potential zone for production of reeling cocoons. The other regions where sericulture is practised are Sirmur and Mandi districts. The State has 22 mulberry graft nurseries, 53 block mulberry plantations, one basic seed station at Nagrota, two Government Grainages and 13 mulberry farms, one reeling-cum-demonstration centre and one silk filature at Nurpur. The present requirement of industrial seed in the State is about 1,400 ozs.

Manipur

Manipur has both mulberry and eri silk cultivation and potential for muga and tasar culture. Manipur produces about 300 kgs. of mulberry and about 250 kgs. of non-mulberry silk. The territory has three silk farms, and demonstration centres for eri and muga. There are over 4,000 rearers.

Tripura

Sericulture has been recently introduced. In addition to six mulberry farms, two demonstration centres, one for eri rearing and the other for tasar rearing have been set up. Some 50 families have taken up silk cultivation as source of their livelihood.

CENTRAL SILK BOARD

An apex body consolidating and coordinating the sericulture industry in States, is the Central Silk Board. CSB is a 'body corporate' charged with functions 'to promote development of silk industry by such measures as it thinks fit'. The measures include rendering financial and technical assistance, 'undertaking, assisting or encouraging scientific, technological and economic research', 'devising means for improvement of all sectors', collection of statistics and to advise the Central Government on all matters relating to the raw silk industry, including import and export of raw silk.

Liaison Offices: In order to co-ordinate the developmental activities of silk industry in the States, the Board

has set up liaison offices in New Delhi, Calcutta, Bangalore and Srinagar.

Main Activities

1. *Providing Funds for silk schemes:* CSB recommends financial assistance in the form of either grant-in-aid or loan for execution of silk schemes by the State Governments.

2. *Providing Technical Know-How:* CSB gives assistance for scientific and technical work undertaken by States' sericulture departments and helps them to secure technical personnel and guidance. The Board has so far sponsored visits of four sericultural experts from Japan and deputed 20 Indian Sericulture Officials to Japan and two to China. CSB also appoints experts' committees to help States to overcome major problems. *Service Stations:* Central Silk Board has established a Service Station viz. Central Silkworm Seed Station at Srinagar for production of basic seed. It has taken over from the Government of Tamil Nadu, the Hill Rearing Station at Coonoor (Nilgiri District) now named as Silkworm Seed Station to function as a sub-station for the Central Silkworm Seed Station, Srinagar. It has also established a Central Tasar Silkworm Seed Station at Lakha (M.P.). The Board also contemplates to set up a pilot centre in Himachal Pradesh for demonstrating the modern techniques of rearing/reeling with improved appliances.

Sericultural Research:

Central Silk Board has co-ordinated sericultural research in the country. The Board is guided by a Committee of scientists on all matters relating to sericultural research. The Research Institute/Stations working under the control of the Board are:

The Central Sericultural Research & Training Institute, Mysore;

The Central Tasar Research Station, Ranchi, Bihar.

The Central Sericultural Research Station, Berhampore (W.B.) and

The Sericultural Research Station, Titabar, Assam.

Training:

Central Silk Board is also assigned the task of training technical personnel on all India basis. The All India Sericultural Training Institute, Mysore, has been integrated with the Board's Research Station at Mysore. So far 280 candidates from various States have been trained.

Distribution of Imported Silk: CSB advises the Government of India on import policy.

Domestic demand for raw silk in the country has always been in excess of the country's production. The Tariff Commission had estimated in 1966, the demand for mulberry and non-mulberry silk at 2.2 million kgs. for 1967 against which production in 1966 was 2.046 million kgs. Imports of raw silk are arranged to meet the gap between demand and production and also to meet the requirements of high grade imported silk by specialised sectors of the industry. Imports during 1967 amounted to 0.42 lakh kgs. valued at Rs. 54.67 lakhs as against 0.45 lakh kgs. valued at Rs. 44.64 lakhs in 1966. From June 1966, imports of raw silk are permitted under the liberalised import policy for exporters against their export performance.

With effect from 2nd January, 1965, quality inspection of tasar silk fabrics was introduced to conform to minimum specifications prescribed, with a view to ensuring a sound foundation for export trade in tasar fabrics.

Exports: Exports of mulberry silk fabrics earned Rs. 2.88 crores in 1967 as against Rs. 2.22 crores in 1966 and Rs. 1.73 crores in 1965, while tasar exports fetched Rs. 0.54 crore in 1967 as opposed to Rs. 0.46 crore in 1966 and Rs. 0.72 crore in 1965. Of late Japan, West Germany, Sweden and Hong Kong have evinced keen interest in our tasar fabrics, the former two countries importing goods worth rupees eleven lakhs each.

The U.S. is our biggest market for mulberry silk fabrics importing goods worth Rs. 56 lakhs in 1967 followed by Sweden (Rs. 44 lakhs). Other major importers are Hong Kong, U.S.S.R., Japan, Malaysia, the U.K., and West Germany.

A variety-wise review of exports, indicates that dress materials and furnishing fabrics, valued at Rs. 1.58 crores in 1967, constituted over 50 per cent of our mulberry silk exports, while scarves and sarees accounted for 19 per cent and 14 per cent respectively. Other items in the list of our fabrics exports are ties, garments, brocades, silk embroidery yarn, etc. Of late readymade garments

are gaining ground abroad whose exports were valued at Rs. 32 lakhs in 1967 against export of negligible value in 1964.

Devaluation gave a prop for our silk waste exports. Silk waste exports were of the order of 6.68 lakh kgs. in 1967 earning Rs. 66.49 lakhs in foreign exchange as against 7.51 lakh kgs. valued at Rs. 63.49 lakhs in 1966.

Under the present export policy of silk waste, the silk waste of South Indian origin is allowed to be exported only through Madras Port and is linked with supplies effected to the indigenous spun silk mills situated at Channapatna (Mysore) and Jagi Road (Assam).

Protection to Sericulture Industry: The Government of India have accepted the recommendation of the Tariff Commission that protection to the sericulture industry should be continued for a further period of three years upto the 31st December 1969 at the existing rate of protective duty viz. 30 per cent *ad valorem* only.

Production of Silkwaste Mulberry and Non-mulberry respectively from 1963 to 1967 (in lakh kgs.): 1963: 6.50; 2.21; 1964: 6.94; 2.29; 1965: 7.14; 2.72; 1966: 6.52; 2.62; 1967: 7.20; 2.48.

SHIPPING INDUSTRY

SHIPPING is an integral and essential part of our Economy, helping towards greater self-reliance in regard to the transport of our exports and imports, and saving and earning for the country a large amount of foreign exchange.

Indian ships are in a position to carry the entire dry cargo and about 20 per cent of the wet cargo moving on the coast. In spite of the significant expansion that has

taken place, Indian tonnage is not yet in a position to carry more than 12 per cent to 15 per cent of the country's foreign trade. This is because the volume of the country's international trade has also registered a steep increase with the growing industrial development and the expansion of the country's export trade. Nevertheless, Indian ships earn about Rs. 50 crores in foreign exchange every year.

TONNAGE ACHIEVEMENTS

(Ships of 150 g.r.t. and above)

	COASTAL		OVERSEAS		TOTAL	
	No. of Vessels	g.r.t.	No. of Vessels	g.r.t.	No. of Vessels	g.r.t.
1st April (I Plan beginning)	71	205,609	23	166,679	94	372,378*
31st March 1956 (end of 1st Plan) ..	90	239,927	36	239,953	126	479,880(a)
31st March 1961 (end of IIInd Plan) ..	97	313,694	75	544,139	172	857,833(b)
31st March 1966 (end of IIIrd Plan) ..	99	322,761	122	1,217,715	221	1,540,476(d)

(a) In addition, there were ships totalling about 120,000 g.r.t. under construction or on order for Indian Shipping Companies.

(b) In addition, there were ships totalling over 65,000 g.r.t. under construction or on order for Indian Shipping Companies.

(c) Subsequently raised to 1.25 m. g.r.t. and then to 1.325 m. g.r.t.

(d) In addition, there were ships totalling about 500,000 g.r.t. under construction or on order for Indian Shipping Companies.

* The Planning Commission's figure is 390,707 g.r.t. which actually was the tonnage at the end of 1951.

Note: As the draft of the IVth Plan had not been finalised at the time of going to press there is no reference to IVth Plan.

Expansion of the Mercantile Marine :

On 1-4-1967, the merchant fleet of India consisted of 236 ships of 18,79,350 GRT. The changes that have taken place since then upto 29-2-1968 are indicated below :

	COASTAL		OVERSEAS		TOTAL	
	Ships	GRT	Ships	GRT	Ships	GRT
As on 1st April 1967	97	357,558	139	1,521,792	236	1,879,350
Acquisition	+ 3	+26,165	+ 6	+60,123	+ 9	+86,288
Scrappings	- 8	-38,529	- 3	-19,686	-11	-58,215
Transfer from coastal to overseas	- 2	- 2,875	+ 2	+ 2,875	—	—
As on 29th February 1968	90	342,319	144	1,565,104	234	1,907,423
March 1, 1968	—	—	144	15,65,104	—	—
March 1, 1969	—	—	165	17,88,984	—	—

Although there was a gross acquisition of 86,288 GRT, this was largely offset by the heavy scrappings (particularly in the coastal sector), thus making a net addition of only 28,073 GRT in 11 months. However, during the same period, firm orders for 20 ships of about 4.07 lakh GRT were placed and including the previous orders, there are now 42 ships of over 6.5 lakh GRT under construction or on order, to be delivered during the next 2-3 years.

The quantity of cargo carried by Indian ships in India's overseas trade increased from 5.5 million tonnes in 1965-66 to 6.2 million tonnes in 1966-67, but since the total volume of the trade had also gone up from 42.9 million tonnes to 47.1 million tonnes, the percentage of the cargo carried by Indian ships registered only a small increase viz. from 12.9 per cent to 13.2 per cent.

A significant step taken during the Second Plan period was the establishment of a non-lapsing shipping development fund for grant of loans to shipping companies for the acquisition of tonnage.

A sum of Rs. 46.90 crores for purchase of ships aggregating 3.66 lakh GRT has been given by the Shipping Development Fund Committee since April 1966.

The committee, set up in 1958, administers the non-lapsable Shipping Development Fund. The loans, advanced on liberal terms carry a 3 per cent interest and cover 90 per cent of the cost of new ships and 75 per cent of the price of second hand ships.

The loans advanced by the fund since its inception — Rs. 149.67 crores — have helped Indian shipping to augment its tonnage by 12.91 lakh GRT, half the country's total GRT. During the Second Plan, Rs. 12.16 crores were given from the fund for purchase of ships amounting to 1.10 lakh GRT and Rs. 90.61 crores during the Third Plan for adding 8.15 lakh GRT.

The loans sanctioned recently include loans for the purchase of three oil-ore carriers of 45,000 GRT each and two bulk carriers of 28,000 GRT each. The ships are under construction in Yugoslavia. Six cargo liners of 9,000 GRT are being built in the Hindustan Shipyard.

The 10 year old Shipping Development Fund's contribution to the growth of shipping tonnage works out to over one lakh GRT a year on an average.

Shipping Development Fund Committee : During the year 1967-68, the Shipping Development Fund Committee sanctioned 19 loans amounting to Rs. 50.77 crores for the purchase of 36 ships aggregating about 5.03 lakh GRT. Out of these, seven loans of Rs. 11.98 crores for the purchase of 18 ships totalling about 1.68 lakh GRT are subject to the approval of Government.

Another significant step taken in the field of shipping was the establishment of a Shipping Co-ordination Committee in the Department of Transport. The Committee is intended to bring about better liaison between various Ministries of the Government of India and other Government organisations which have cargoes requiring transport, on the one hand, and the Indian shipping companies, on the other, so as to ensure the maximum utilisation of the available Indian tonnage.

The Government of India has agreed to permit the acquisition of second-hand tonnage on deferred payment terms which involve not more than 20 per cent down payment, with the balance of the price spread over a period of 5 years. The Government has also agreed to consider orders for building new ships provided the payment of price is spread over a period of 7 years after delivery, with a small initial cash payment.

An All-India Shipping Council has been constituted for discussing and negotiating freight and shipping problems with conferences and shipping companies.

The Union Government set up a 17-member standing committee for ship-building, ship repairs, and ship ancillaries in June 1968.

Shipbuilding and repairing in India continued at a normal level during 1967. The pace of acquisition of new tonnage has been reduced but large-scale plans for development have been announced and credit has been negotiated for the supply of new tonnage from Poland, Yugoslavia and the United Kingdom. This, together with ship-owners' own schemes, will increase India's tonnage to 4.5 million, the declared object being to increase India's share in overseas trade at present 13 per cent, to 50 per cent.

Work has begun on a new drydock at Visakhapatnam to accommodate ships of up to 60,000 tons deadweight and an announcement has been made that the proposed Cochin shipyard will be developed and completed by 1971. Plans have also been announced for substantial expansion of Mazagon Dock, Bombay, and Garden Reach Workshops, Calcutta, to allow for the construction of medium sized ships.

During the year Hindustan Shipyard delivered two cargo ships of 9,300 tons gross each. (Sources: Lloyd's Register).

SHIPPING ACT

The Merchant Shipping Act 1958 provides for the establishment of a National Shipping Board and a Shipping Development Fund. It also provides for the safety and the efficiency of the merchant marine and the welfare of seamen and passengers. An important provision is about the definition of an Indian ship.

There is a National Welfare Board for Seafarers to advise Government on welfare problems.

Shipping Board

The National Shipping Board under the chairmanship of Shri Narendra Singh Mahida, M.P. has recommended the setting up of an Indian Institute of Shipping for imparting training to Indians on the commercial aspects of shipping. The recommendation has been accepted by the Government in principle. Details have still to be worked out.

MERCHANT NAVY TRAINING

The Government of India have set up six training establishments for the training of merchant navy officers and ratings. The Training Ship 'Dufferin' provides pre-sea training course of two years for navigating cadets. The Directorate of Marine Engineering Training provides a four years' course for engineering cadets. The present intake is 100 cadets per annum. But efforts are being made to increase it to 150. The Lal Bahadur Shastri Nautical and Engineering College provides post-sea instructional courses for both navigating and engineering cadets and apprentices who are preparing for Ministry of Transport certificate of Competency Examinations. There is no limitation as to the intake of this institution. The Training Ship 'Bhadra', 'Mekhala' and 'Nau Lakshi' are ratings training establishments. These institutions provide a three months' course for deck, engine and saloon ratings. The combined monthly intake of these institutions is 113 at the moment. The annual expenditure on the running of all the six establishments is Rs. 36 lakhs approximately.

Merchant Navy Training Board

The Merchant Navy Training Board advises the Government on all matters pertaining to the training of Merchant Navy Personnel. The Board is reconstituted every two years. The Transport Minister is the President, the D.G. of Shipping is the Chairman and the Deputy D.G. is the Vice-Chairman.

On the recommendation of the Board a High Level Technical Committee has been set up, to review the present system of training and examination of Merchant Navy Officers in the light of recent technological developments in the field of Navigation and Marine Engineering. The Committee is expected to submit its report shortly.

During 1967-68, 80 Navigating Officers, 95 Marine Engineer Cadets and 904 Ratings were trained by the T.S. Dufferin, Bombay, D.M.E.T., Calcutta and the three Ratings Training Establishments at Calcutta, Visakhapatnam and Nav Lakhi respectively. 665 candidates took advantage of the training facilities at the Lal Bahadur Shastri Nautical and Engineering College, Bombay, during the year 1967.

In order to make the training scheme for ratings more comprehensive, the syllabus has been revised and the training period also extended from 3 to 4 months with effect from 1st April 1967. The maximum age limit has been reduced from 25 to 22 while the minimum qualifications have been raised from IV standard to VI standard.

Arrangements have been finalised for the registration of a Trust for the award of 8 Loans Scholarships of Rs. 100 each per month to the poor and deserving cadets of the T.S. 'Dufferin' and the 'Directorate of Marine Engineering Training.' The Trust will be financed by contributions from Shipping Companies.

Sailing Vessels

The Sailing Vessels Committee emphasised that if the industry were to survive, the owners of sailing vessels should be encouraged to mechanise their vessels. Government have, therefore, approved a scheme for the grant

of loans for this purpose. Under the scheme, loans are being granted for mechanisation of sailing vessels of 100 tons and over upto a maximum of 75 per cent of the cost of auxiliary machinery, provided the vessels in question are considered seaworthy and suitable for installation of machinery.

The Government of India signed an agreement with the Mitsubishi Heavy Industries, Japan in June 1964 for the construction of India's Second Shipyard at Cochin. The shipyard will comprise among other things a dock of 30,000 deadweight tons and a shipway of 15,000 deadweight tons.

Maritime Freights Commission

A high level Commission known as the Maritime Freights Commission is in existence since 1962 to advise Government on matters relating to freight rates. During the year 1967-68, the question of general increase in coastal freight rates was referred to the Commission and on their recommendation a 10 per cent general increase was allowed with effect from 1st July 1967. Subsequently, due to increase in bunker prices on account of Suez Canal crisis, the Coastal Shipping companies requested for permission to levy a surcharge of Re. 1 per tonne on all cargoes. This was also referred to the Commission and on their recommendation the companies were allowed to levy the surcharge with effect from 15th November 1967.

Freight Investigation Bureau

The Freight Investigation Bureau continued to render assistance to shippers and shipping lines in sorting out space and freight problems. To meet the spot requirements of the shippers in the Southern region, a Branch Office of the Bureau was opened in Madras in December, 1967.

As a result of a study carried out by the F.I.B. it came to light that the shipping documents of various Conferences at present provide for arbitration of disputes outside India according to foreign laws. The Bureau accordingly took up the matter with the Indian Council of Arbitration and the latter has now set up a Marine Panel of Arbitration. The Bureau is now directing its efforts towards making the shipping lines introduce suitable clause in the shipping documents to permit arbitration of shipping disputes relating to exports from India to be conducted in India according to the Indian Arbitration Law.

The work of the Freight Investigation Bureau, had a restraining effect on the Conferences and a number of non-traditional items was accorded special treatment. The Bureau was also instrumental in obtaining adjustments in rates in about 500 cases during 1967-68, assisting a number of new items of export like railway wagons, concrete mixers, motor vehicles, asbestos pipes to get a footing in traditional and new markets.

The Government of India has protested against the quanta of the surcharges, levied by various Conference lines, which are considered too high, irrational and arbitrary.

The shippers and the Government of India have also opposed the 10 per cent increase in the freight rates decided on by the India-U.S. Atlantic Conference Lines. If, on top of the surcharge, the freight increase should also take effect, it would mean a huge additional burden for cargoes moving on this route.

SHIP-BUILDING

(See 'Hindustan Shipyard', 'Mazagon Docks Ltd.', and 'Garden Reach Workshop Ltd.' under Government Industrial Undertakings.)

SPICES

INDIA has been, from ancient times, regarded as the home of spices. Spices play a very important part in the dietary of the people. The crops that produce the major spices are pepper, ginger, cardamom, turmeric and chillies, the minor spices being coriander, cumin, celery, fennel, fenugreek, clove, nutmeg, cinnamon, vanilla, etc.

Indian spices are of the finest quality and today the demand for them has considerably increased in all countries. After meeting the internal requirements, substantial quantities of these spices are exported to foreign countries, to earn the much needed foreign exchange to our country.

PEPPER

More than 90 per cent of the pepper cultivation in India is concentrated in Kerala, the rest being shared by Mysore, Tamil Nadu and Pondicherry. During 1967-68, India had 102,260 hectares under pepper cultivation with a total production of 22,700 tonnes. The state-wise break-up is given below :—

State	Area (‘000 hectares)	Production (‘000 tonnes)
Kerala	99.70	21.06
Mysore	2.31	1.58
Tamil Nadu	0.22	0.05
Pondicherry	0.03	0.01
Total	102.26	22.70

Export of pepper, which is the most important dollar earning spice, was 24,824 tonnes worth Rs. 12.98 crores during 1967-68.

GINGER

India is the largest producer of ginger in the world. During 1966-67 the country had 21,430 hectares under Ginger and production was 20,950 tonnes with the following state-wise break-up.

State	Area (‘000 hectares)	Production (‘000 tonnes)
Kerala	11.79	11.05
Himachal Pradesh	1.59	0.96
Orissa	1.43	1.75
Andhra Pradesh	0.70	0.40
Mysore	1.42	1.64
West Bengal	1.62	2.85
Madhya Pradesh	1.04	0.82
Others	1.84	1.48
Total	21.43	20.95

By exporting 3,915 tonnes of ginger, India earned foreign exchange worth Rs. 1,30,76,000 during 1967-68.

CHILLIES

The area under chillies in India during 1966-67 was estimated at 673,600 hectares and the total production at 402,900 tonnes. The cultivation of this crop is scattered over almost all the states. The major chilli growing states are Maharashtra, Andhra Pradesh, Mysore, Tamil Nadu and Madhya Pradesh. The state-wise division of area and production are shown in the following table.

State	Area (‘000 hectares)	Production (‘000 tonnes)
Andhra Pradesh	146.7	86.7
Madhya Pradesh	40.1	7.5
Tamil Nadu	70.2	94.0
Maharashtra	170.2	90.9
Mysore	95.3	25.0
Bihar	23.6	19.0
Others	127.5	79.8
Total	673.6	402.9

Through exports of 7,226 tonnes of chillies the country earned foreign exchange worth Rs. 2,09,87,000 during 1967-68.

TURMERIC

The production of turmeric in India during 1967-68 was 118,200 tonnes from an area of about 55,800 hectares. The major turmeric growing States in India are Maharashtra, Andhra Pradesh, Bihar, Tamil Nadu, Orissa and Kerala. The state-wise distribution of turmeric cultivation is given in the table below :

State	Area (‘000 hectares)	Production (‘000 tonnes)
Andhra Pradesh	14.0	37.7
Bihar	6.0	6.9
Kerala	4.4	3.7
Tamil Nadu	6.6	23.8
Maharashtra	9.8	16.6
Orissa	7.0	19.6
Others	8.0	9.9
Total	55.8	118.2

The exports of turmeric fetched Rs. 1,37,95,000 during 1967-68, the quantity exported being 5,976 tonnes.

TREE SPICES

India is in deficit in respect of tree spices viz. clove, nutmeg and cinnamon and to supplement the internal demand, imports are being made. During 1967-68, 942 tonnes of clove valued at Rs. 52,86,000, 53 tonnes of nutmeg valued at Rs. 6,24,000 and 13 tonnes of cinnamon valued at Rs. 95,000 were imported into the country.

DEVELOPMENT

Adoption of intensive cultivation practices such as proper manuring, plant protection, irrigation etc., increase in area wherever considered necessary and adoption of high yielding improved varieties of seed materials wherever available are some of the measures proposed. Large scale multiplication and distribution of the new hybrid pepper ‘Panniyur—I’ which gives about four times the yield of the best local variety is one of the important measures already adopted. It is proposed to achieve an additional production of 19,000 tonnes of pepper, 5,000 tonnes of Ginger and 15,000 tonnes of turmeric by the end of the Fourth Five Year Plan period. A total annual production of 20,000 seedlings of clove and 10,000 seedlings each of nutmeg and cinnamon has been targetted for distribution to growers during the Fourth Plan period.

A programme for production of nutmeg grafts which are early bearers has also been envisaged during the Fourth Plan period.

MARKETING

Since some of the major spices viz. pepper, ginger, turmeric and chillies offer good scope for marketing on co-operative lines, the National Co-operative Development Corporation provides financial assistance in the form of managerial subsidy in collaboration with the concerned State Governments, to such of those selected societies in the important regions of production. As a result of the efforts made by the Regional Office, Areca-nut & Spices Development, proposals have been under implementation with financial assistance from the National Cooperative Development Corporation and the concerned State Governments for intensifying the co-operative marketing of spice crops, particularly in Kerala State which is the predominant producer of some of the major spices.

The following will indicate the quantities of these commodities co-operatively handled during the year 1966-67.

		Quantity	Value
Pepper	9,840 quintals	Rs. 35.33 lakhs
Ginger	1,061 "	Rs. 2.86 "
Chillies	6,310 "	Rs. 18.05 "
Turmeric	6,059 "	Rs. 8.52 "

PUBLICITY

Leaflets on turmeric, chillies, coriander, cumin & fennel, based on the latest results on research are prepared and distributed among the growers of the crop. Besides, a documentary film on Panniyur—I has been produced and released in English, Malayalam, Kannada and Tamil languages. Panels depicting the techniques of improved agricultural practices including pests and disease control are prepared and explained to the farmers at various exhibitions and fairs.

SUGAR INDUSTRY

THE Sugar Industry in India is the second largest Industry in the public sector, next only to textiles. The total capital employed in the industry is over Rs. 300 crores and the value of its production about Rs. 350 crores. It contributes about Rs. 124 crores to the Central and State Exchequers by way of excise duty, cane cess etc. The industry employs over 2.25 lakh workers who receive about Rs. 39 crores annually by way of salaries. Besides, it sustains about 20 million agriculturists who annually receive about Rs. 200 crores.

PRODUCTION IN THE PLAN PERIOD

The Sugar Industry produced in 1955-56 the last year

of the First Five-Year Plan, about 18.9 lakh tonnes of sugar, in 1960-61 the last year of the Second Plan, 30.3 lakh tonnes and in 1965-66 the last year of the Third Plan about 35.3 lakh tonnes.

The production of sugar during the first six months of 1968-69 was 26,20,000 tonnes against 20,75,000 tonnes during the corresponding period last year.

SUGARCANE

The following table gives the figures of sugarcane acreage, production of sugarcane, per acre yields of sugarcane and sugar production actually achieved in the season 1961-62 to 1966-67.

Year				Area under sugarcane (acres)	Sugarcane production (tonnes)	Yield of cane per acre (tonnes)	Sugar production (tonnes)
1961-62	59,88,000	9,98,53,000	16.67	27,30,419
1962-63	56,35,000	9,44,66,000	16.76	21,35,183
1963-64	55,77,000	10,49,07,900	18.81	25,62,345
1964-65	63,28,000	11,95,98,000	18.90	32,31,786
1965-66	68,67,000	11,96,42,000	17.42	35,32,259
1966-67	57,53,000	9,27,26,000	15.94	21,50,699

The following are the regionwise figures of sugar production achieved in the 1966-67 (Nov./Oct.) and 1967-68 (Oct./Sept.) seasons respectively in lakh tonnes :

West Bengal 0.08 ; 0.07 ; Assam 0.06 ; 0.04 ; Whole Bihar 2.11 ; 1.49 ; Eastern U.P. 2.66 ; 2.39 ; Western U.P. : "A" 0.97 ; 2.04 ; "B" 0.61 ; 0.97 ; "C" 1.78 ; 1.64 ; "D" 1.08 ; 1.11 ; Whole U.P. 7.10 ; 8.15 ; Haryana 0.48 ; 0.54 ; Punjab 0.35 ; 0.27 ; Rajasthan 0.08 ; 0.06 ; Madhya Pradesh 0.08 ; 0.04 ; Orissa 0.09 ; 0.05 ; Maharashtra 6.39 ; 6.21 ; Gujarat 0.42 ; 0.47 ; Andhra Pradesh 1.45 ; 1.89 ; Tamil Nadu 1.73 ; 1.84 ; Mysore 0.88 ; 1.22 ; Kerala 0.09 ; 0.05 ; Pondicherry 0.10 ; 0.09 ; All India 21.49 ; 22.48.

SUGAR EXPORTS

Following the sharp decline in sugar production during the 1966-67 season exports in 1967 had to be limited to only about 2.17 lakh tonnes against about 4.41 lakh tonnes exported in 1966. In 1968 only about 98,000

tonnes of sugar was exported to meet the preferential quota of U.S.A. and U.K. The countrywise break-up of sugar exports during the years 1966 to 1968 is given below :—

(metric tonnes)			
Country	1966	1967	1968
U.S.A. ..	65,442.149	66,273.105	73,327.746
Japan ..	—	—	—
U.K. ..	98,627.845	78,364.568	25,400.677
South Viet Nam ..	19,370.514	—	—
Malaysia and Singapore	99,213.949	—	—
Hongkong ..	10,139.689	—	—
Italy ..	—	—	—
Canada ..	51,073.778	71,930.082	—
Korea ..	—	—	—
Persian Gulf	—	—	—

(metric tonnes)

Country	1966	1967	1968
Viet Nam ..	—	—	—
Zambia ..	10,307·727	—	—
Iran ..	40,557·428	—	—
Lebanon ..	10,091·000	—	—
Iraq ..	15,402·161	—	—
France ..	20,898·446	—	—
West Samoa	62·895	—	—
	441,187·581	216,567·755	98,728·423*

* Includes about 3,000 tonnes exported against the quota for 1968-69.

Towards the end of 1968, a new International Sugar Agreement has been negotiated. Under this India has been allotted an export quota of 3·5 lakh tonnes.

PROSPECTS FOR THE 1968-69 SEASON

The Government have continued their policy of partial decontrol for the season 1968-69 as well with some modifications. The percentage of production to be acquired by the Government under levy has been raised to 70 per cent against 60 per cent fixed for the last season 1967-68. This means that the factories can sell only about 30 per cent of their production in the free market while 40 per cent freesale was allowed last year.

The prospects for sugar production in the 1968-69 season are quite bright. The cane acreage in factory areas in the 1968-69 season is higher by about 33 per cent as compared to the last year and expectations are that the total sugar production in the season may be around 30 lakh tonnes. This output if achieved would surely reflect a substantial improvement over the last two seasons 1966-67 and 1967-68.

By March 15, 1969 sugar production during the 1968-69 season had reached a total of 22·78 lakh tonnes, 30,000 tonnes more than the total production of sugar during 1967-68.

As of March 22, 1969, 189 factories were in operation. A majority of these was expected to continue to work till the end of April and a substantial number till the end of May.

COOPERATIVE SECTOR

National Federation of Cooperative Sugar Factories Ltd.

34 (2nd Floor) South Patel Nagar,
New Delhi 8.

The National Federation was set up in December 1960 with the object of coordinating and facilitating the working of cooperative sugar factories, State and Zonal Federations and to assist in the promotion of organisation of new cooperative sugar factories.

There are 79 cooperative sugar factories licensed so far, out of which 58 were in operation up to 1967-68. Others are in various stages of formation and four of these are expected to go into production in 1968-69.

Cooperative sugar factories produced in 1967-68, 6·83 lakh tonnes sugar which is 32 per cent of the total production in the country. During 1967-68 the cooperative sugar factories continued to manufacture raw sugar and 20 factories produced 0·69 lakh tonnes, producing 73 per cent of the total raw sugar produced for export in the country.

The National Federation has undertaken many useful activities during the last eight years of its existence and has made its presence felt. It is recognised by Government as the main spokesman of the cooperative sector in the sugar industry.

President : P. S. Rajagopal Naidu ; *Vice-President* : Dr. D. K. Patel ; *Secretary* : A. L. N. Moorthy.

TEXTILE INDUSTRY

THE cotton textile industry is the largest single industry in the country. India holds the third place among the countries of the world in its capacity for yarn and cloth based on mechanical equipment and stands second on the basis of cotton consumption.

In addition to providing means of livelihood for nearly 10 million handloom weavers, the mill industry provides direct employment to nearly 800,000 workers.

The total number of mills in the country in March 1968 was 636, the number of spindles installed 17·20 million,

The following table gives details about the distribution of mills in India as in March 1968.

State/ Union Territory	No. of mills in existence	Spindles installed	Looms installed	Average No. of workers employed daily in all shifts	Consumption of raw cotton (In bales of 180 Kgs.)
Andhra Pradesh	29	4,59,734	1,269	15,944	14,426
Assam	2	23,040	..	1,035	1,171
Bihar	4	38,624	299	1,472	1,302
Gujarat	113	35,35,852	62,764	1,65,664	96,869
(a) Ahmedabad City	69	24,57,599	46,158	1,25,282	68,042
(b) Rest of Gujarat	44	10,78,253	16,606	40,382	28,827

of looms 2,07,200. The average number of workers employed daily in all shifts was 7,61,837 and the consumption of raw cotton (in bales of 180 kg. each) was 5,15,892.

The paid up capital is estimated at Rs. 190 crores and the annual value of the output amounts to Rs. 800 crores.

FOURTH FIVE-YEAR PLAN

The Planning Commission has decided that the Fourth Five-Year Plan is to start from 1969 and the draft has not been finalised yet.

State/ Union Territory	No. of mills in existence	Spindles installed	Looms installed	Average No. of workers employed daily in all shifts	Consumption of raw cotton (In bales of 180 Kgs.)
Haryana	9	1,91,872	978	9,383	12,522
Jammu & Kashmir	1	12,600
Kerala	23	3,48,751	1,088	9,178	7,632
Madhya Pradesh	22	6,36,222	13,045	45,388	27,804
Maharashtra	95	45,55,089	78,139	2,34,324	1,27,333
(a) Bombay City	59	35,61,512	63,511	1,85,538	99,270
(b) Rest of Maharashtra	36	9,93,577	14,628	48,786	28,063
Mysore	27	6,41,664	5,883	28,821	19,676
Orissa	4	1,00,180	866	5,380	4,435
Punjab	8	1,19,709	1,287	7,498	9,757
Rajasthan	19	3,28,470	2,960	15,159	16,170
Tamil Nadu	199	40,07,058	9,287	97,251	91,727
Uttar Pradesh	31	9,55,402	13,469	51,416	36,304
(a) Kanpur	14	5,31,176	11,311	35,069	18,896
(b) Rest of U.P.	17	4,24,226	2,158	16,347	17,408
West Bengal	41	9,33,754	9,944	46,285	27,519
Delhi	4	1,89,772	3,756	19,707	14,168
Pondicherry	5	1,21,608	2,236	7,932	7,077
TOTAL	636	1,71,99,401	2,07,200	7,61,837	5,15,892

PRODUCTION

The actual production of yarn and cloth by the mills sector is as follows:—

Year	Yarn in '000 kg.	Cloth in '000 metres					
		Coarse	Medium B	Medium A	Fine	Superfine	Total
1964	9,64,819	8,68,474	14,75,272	18,07,974	1,95,035	3,06,754	46,53,509
1965	9,39,236	8,02,623	14,04,025	18,40,351	2,19,540	3,20,927	45,87,466
1966	9,00,980	7,19,592	11,30,587	18,61,860	2,08,867	3,17,977	42,38,883
1967	8,96,417	6,82,844	11,44,077	17,68,139	1,70,198	3,32,278	40,97,536

The total production of mill-made cloth in January-December 1967, touched 4,098 million metres showing a shortfall of 141 million metres over the output of 4,239 million metres in the last year.

The total production of yarn in the year 1967 was 896 million kgs. compared to 901 million kgs. in the year 1966.

The total production of cotton cloth by all the sectors in India during 1967 was about 7,276 million metres. Of this, the mill sector accounted for 4,098 million metres and the decentralised sector for 3,178 million metres.

The exports of cotton textiles produced by the mills in 1967 work out to 410 million metres fetching foreign exchange to the extent of 5,937 lakhs of rupees.

In the production of mill-made cloth, Maharashtra leads other States. Maharashtra accounted for about 1,355 million metres in 1967 out of a total output of 4,098 million metres.

The production figures for different States during the year 1967 are as follows:—

(Figures are in million metres):

Andhra Pradesh 31; Bihar 0.1; Gujarat 1,264; Haryana 41; Kerala 19; Madhya Pradesh 361; Maharashtra 1,355; Mysore 77; Orissa 32; Punjab 32; Rajasthan 62; Tamil Nadu 149; Uttar Pradesh 277; West Bengal 207; Delhi 148; Pondicherry 43; Total 4,098.

During 1967, the cotton consumption by mills was 58.00 lakh bales of 180 kgs. each of which, Indian cotton

accounted for 51.36 lakh bales and foreign cotton for 6.64 lakh bales.

Unsold stock of cloth with the mills at the end of 1967 was 177 million metres equivalent to about 9 days' production. The stock shows a fall from the level of 199 million metres at the end of 1966.

Third-Shift Working: The daily average number of spindles worked in each of the 3 shifts during 1964 to 1967 are as shown in the table given below.

(In million)

	1st Shift	2nd Shift	3rd Shift
1964	13.2	13.2	10.1
1965	13.3	13.4	10.0
1966	13.3	13.2	9.9
1967	13.9	14.0	11.1

So far as looms are concerned the shift-wise working is given in the table below:

Daily average number of looms worked in

	1st Shift	2nd Shift	3rd Shift
1964	1,84,025	1,80,834	61,859
1965	1,84,822	1,80,326	61,599
1966	1,81,474	1,76,478	63,396
1967	1,82,008	1,77,753	66,242

COMMITTEE FOR COTTON TEXTILE INDUSTRY*

The Government of Maharashtra has appointed a Committee under the chairmanship of Mr. S. V. Kogekar, in October 1967 to make a comprehensive enquiry into the present situation of the Cotton Textile Industry in the State.

The terms of reference of the Committee are: (i) To examine fully the present situation of the Cotton Textile Industry in the State in all its aspects; and (ii) To make a report to the Government on: (a) Reasons for its present state; and (b) Measures to be taken to put it on an even keel.

The work of the Committee is over and its report has been submitted to the State Government.

N.I.D.C.'s WORKING GROUP FOR THE COTTON TEXTILE INDUSTRY

Several important proposals of the National Industrial Development Corporation's Working Group for the cotton textile industry, including the one calling for a "minimum level of modernisation of the industry," had been accepted by the Government, according to a resolution presented to Parliament on March 29, 1961.

The other proposals accepted by the Government included the establishment of five new units for the production of quality cloth for export, the setting up of a suitable machinery to help resolve problems of rationalisation and compulsory scrapping of units where "rehabilitation is not worth-while."

The Working Group was headed by the then Textile Commissioner, Mr. D. S. Joshi.

The cost of modernisation and rehabilitation in the textile industry in India is estimated to be about Rs. 180 crores according to the Working Group.

CENTRAL WAGE BOARD

The majority recommendations of the second wage board for the cotton textile industry have been accepted by the Union Government.

It has been decided that the wage board's recommendations should remain operative for five years, with effect from January 1, 1969. During this period, there should be

no claim for a revision of matters covered by the recommendations in those establishments which implement these fully.

COTTON

The statistical position of cotton in India during the season 1966-67 is summed up in the following table:—

(In lakh bales)—(Bales of 180 kg.)

Stocks carried over from the previous year (Indian & Foreign) ..	10.85
Actual production	49.31
Total import	7.82
Total consumption:—	
Indian	51.82
Foreign	5.81
Total export	2.45

HANDLOOM CLOTH

(See under "Cottage Industries").

AMBAR CHARKHA

(See under "Cottage Industries").

EXPORTS

The following table gives the sea-borne export trend of all cloth:—

Year	Twist and Yarn		Cloth	
	Million Kgs.	Rs. in crores	Million mts.	Rs. in crores
1964 (Jan. to Dec.) ..	12.37	5.88	502.9	48.86
1965 (Do.) ..	12.76	6.03	506.8	46.76
1966* ..	16.20	8.69	424.33	49.14
1967 (Do.) ..	11.02	7.49	409.56	59.39

* Value is expressed in terms of devalued Rs. from June 1966.

Cotton Textiles Export Promotion Council: The Cotton Textiles Export Promotion Council is an autonomous body incorporated under the Companies Act. The Council is a non-profit making organisation and was set up in 1954 for the promotion of exports of mill-made cotton yarn and piece-goods, cotton manufactures and all hosiery and ready-made garments.

RATES OF EXCISE DUTY ON COTTON FABRICS WITH EFFECT FROM 2nd MAY 1968.

TOBACCO INDUSTRY*

INDIA is the third most important tobacco producing country next to U.S.A. and China and accounts for 8 per cent of the total world tobacco production. She is also the fifth biggest exporter of tobacco in the world.

It is estimated that about 9 lakhs of tobacco growers and about 6 lakhs of curers are engaged in the tobacco industry, besides several lakhs employed in grading, marketing and manufacturing. About 35 lakh people are connected with the tobacco industry in the country—from the stage of production of tobacco to the marketing of the manufactured products. There are 11 manufacturers in the country producing 83 different brands, 15 of them filter-tipped. The annual value of the tobacco crop in the country at present is estimated to be about 75 to 80 crores of rupees. During 1967-68 it fetched to the national exchequer a revenue of Rs. 153.7 crores by way of Central Excise Duty and earned about Rs. 35.6 crores of foreign exchange.

India produces several types of tobacco which fall under two botanical species namely *N. tabacum* and *N. rustica*, and are used for different purposes such as in the manufacture of cigarettes and bidis, and for chewing, hookah, snuff, etc. The total area under tobacco during 1966-67 was 398.2 thousand hectares and the total production was 350 million kg. The estimated production of tobacco in million kg. under different types during 1966-67 is given below :

Virginia Tobacco 90.7 ; Bidi Tobacco 90 ; Snuff Tobacco 5.0 ; Cigar and Cheroot Tobacco 22.0 ; Hookah Tobacco 33.0 ; Chewing Tobacco 61.0 ; Others including Natu, Burley etc. 48.3.

Andhra Pradesh, Gujarat, Mysore, Tamil Nadu, Maharashtra, Uttar Pradesh, Bihar and West Bengal are the important tobacco growing States in the country.

Statewise figures of tobacco production (in million Kg.) for 1966-67 are as follows: Andhra Pradesh 170.8 ; Gujarat 74.9 ; Tamil Nadu 23.5 ; Mysore 15.3 ; West Bengal 13.9 ; Bihar 11.9 ; Uttar Pradesh 9.9 ; Maharashtra 8.1 ; Others 21.7 ; Total 350.

Source :—Directorate of Economics and Statistics Ministry of Food, Agriculture, Community Development and Cooperation, New Delhi.

Research programmes on tobacco are implemented by the Indian Council of Agricultural Research. The Central Tobacco Research Institute at Rajahmundry (Andhra Pradesh) has been set up mainly to investigate the fundamental problems connected with various aspects of tobacco including agricultural production and commercial utilisation. The institute also coordinates the work of other tobacco experimental farms spread all over the country. The regional research stations attached to the Institute in various States are carrying out research work on the improvement in the yield and quality of different types of tobacco grown in the concerned regions. The research work on bidi tobacco is specially undertaken at the Institute of Agriculture, Anand (Gujarat) and the Tobacco Research Station, Nipani (Mysore). Besides, the Indian Council of Agricultural Research also finances several other schemes in the important tobacco growing States in the country.

The Regional Office, Tobacco Development in the Ministry of Food, Agriculture, Community Development and Cooperation (Department of Agriculture), Government of India with its Headquarters in Madras looks after the development and marketing activities of tobacco. All the

schemes on tobacco development, marketing, economics etc. and the centrally sponsored schemes for development of exportable types of tobacco in the established and new areas are being financed by the Government of India through this Regional Office.

The Government of India, consequent on the dissolution of the Indian Central Tobacco Committee have constituted the Indian Tobacco Development Council. The Council is having official representatives from State and Central Governments, representatives of tobacco growers, traders, industry, Members of Parliament etc. This Council is an advisory body and will (1) consider from time to time the tobacco development programmes formulated by the Central and State Governments (2) consider and review the progress of tobacco development in the content of targets laid down (3) consider and review the problems of tobacco marketing and trade, including price policy and to make suggestion for improvement etc. and (4) attend to any other functions which may from time to time be assigned by the Government of India.

A well organised extension service operates in the tobacco growing areas under the control of Agricultural Departments of the State Governments for educating and training the farmers in the improved methods of harvesting, handling and curing of tobacco.

The bulk of India's exports consists of the V.F.C. Variety, of which she is the world's third biggest exporter. Other tobaccos exported from India include Sun Cured country, Virginia Sun Cured, Bidi, Chewing and Hookah. Variety-wise exports of unmanufactured tobacco (in million kg.) from India during 1967-68 are as follows :—

Virginia Flue cured 46.7 ; Virginia Sun-cured 0.8 ; Sun-Cured country 1.9 ; Chewing 3.6 ; Hookah 0.2 ; Bidi 0.1 ; Others 2.1 ; Total 55.4.

Source :—Monthly Statistics of the Foreign Trade of India.

Indian tobacco, mostly unmanufactured is exported to over 60 countries. Among them United Kingdom continues to be the chief market. United Arab Republic, U.S.S.R., Aden, Japan, East Germany, Hungary, Nepal, Belgium, Netherlands, are the other important countries importing Indian tobacco. Exports of new tobacco (in million Kg.) during 1967-68 to major destinations are as follows: U.K. 24.5 ; U.A.R. 6.6 ; U.S.S.R. 4.8 ; Aden 3.6 ; Japan 2.8 ; East Germany 2.0 ; Hungary 1.9 ; Nepal 1.7 ; Belgium 1.3 ; Netherlands 0.9 ; Others 5.3 ; Total (including others) Rs. 55.5 (Value Rs. 34.8 crores).

Source :—Department of Commercial Intelligence and Statistics, Calcutta.

A little over half a million Kg. of unmanufactured tobacco was imported during 1967-68 for blending in the manufacture of cigarettes and for the use of cigar industry. Imports of tobacco products are negligible.

The Government of India set up the Tobacco Export Promotion Council to sustain and promote exports of Indian Tobacco and tobacco manufactures. The main objective is to support, protect, maintain and promote exports of unmanufactured and manufactured tobacco. The Council undertakes market studies in foreign countries and supplies information to Indian exporters on the market situation and trade opportunities abroad through participation in International Exhibitions and Trade Fairs. The Council also sends delegations, study and sales teams to identify the foreign requirements and promote exports by personal contacts.

* Tobacco consumption : Consumption of tobacco in cigarette and bidi manufacture has fallen by 13,260 tonnes in 1968. The figures for 1966, 1967 and 1968 were 1,43,260 tonnes, 1,38,130 tonnes and 1,24,870 tonnes respectively. In 1968-69, up to November, 1,20,000 kg. of tobacco, worth Rs. 5.53 lakhs, has been imported. The corresponding figures for 1967-68 are 6,30,000 kg. and Rs. 132.82 lakhs.

VEGETABLE OIL INDUSTRY

INDIA is one of the most important producers of oilseeds in the world and is consequently a large producer of vegetable oils as well as an exporter of oils and oilseeds.

The following figures show the average production of different varieties of oilseeds in recent years along with their share in world production :—

			Average Indian Production (lakh tons)	As percent- age of world Production
Groundnut	43.54	34
Castor seed	0.98	15
Linseed	4.10	13
Sesamum	2.88	34
Rape and mustard	13.80	12

The following table gives the yield in thousand tonnes — of oilseeds during the seasons 1961-62, 1962-63, 1963-64, 1964-65, 1965-66 and 1966-67.

			1961-62	1962-63*	1963-64*	1964-65*	1965-66*	1966-67(†)
Groundnut	4,994	4,821	5,215	5,888	4,231	4,485
Castor seed	109	101	102	108	80	81
Linseed	463	433	379	503	335	274
Sesamum	372	464	439	493	425	404
Rapeseed and Mustard	1,346	1,294	903	1,466	1,276	1,245
Total	7,284	7,113	7,038	8,458	6,347	6,489

* Partially revised. (†) Final Estimates.

The All-India Final Estimate of Groundnut for 1966-67 has put the area under the groundnut crop at 7,250.7 thousand hectares.

The all-India first estimate of 1967-68 put the area under groundnut crop at 5,744.5 thousand hectares. This shows an increase of 3.9 per cent over the previous estimate.

The increase in the area under groundnut during the year 1966-67 has been mainly in Maharashtra, Uttar Pradesh, Gujarat and Tamil Nadu and is attributed to favourable climatic conditions at the sowing time. This increase in area has, however, been offset to some extent by a small decline reported from Rajasthan and Madhya Pradesh.

ESTIMATED PRODUCTION OF OIL FROM THE FIVE MAJOR OILSEEDS

('000 Tonnes)

			1960-61	1961-62	1962-63	1963-64	1964-65	1965-66
1. Groundnut	1,091	1,156	1,093	1,190	1,369	910
2. Rape and Mustard	416	416	399	271	456	391
3. Sesamum	99	116	143	126	153	127
4. Linseed	117	138	128	111	150	95
5. Castor	37	38	35	36	38	25

In March 1956, there were 2,097 oil mills registered under the Factories Act. The total crushing capacity of the mills in the country was estimated at 56 lakh tons per annum in terms of oilseeds.

There were, besides, about four lakh village *ghanis* in the country with an annual crushing capacity of about seven lakh tons of oilseeds. Thus the total crushing capacity was estimated at 63 lakh tons in terms of oilseeds. The total output of oilseeds in recent years has been of the order of 65 to 70 lakhs tons.

The capital invested in the organised industry is esti-

mated at Rs. 24.4 crores and the number of workers at 43,580. The most important oilseeds consumed in large quantities for the production of oils are groundnut, linseed, rape and mustard, castor seed and sesamum seed. Small quantities of cottonseed mohwa, and copra are also crushed.

The Third Plan target for oilseeds was put at 9.8 million tons, as against the Second Plan target of 7.5 million tons and the actual output of 6.53 million tons in 1960-61. The targets of production of oil seeds at the end of the Fourth Plan is put at 11.4 million tonnes.

IMPORTS AND EXPORTS

The following table shows the total value of imports and exports of oil of some varieties :

(Value Rs. lakhs).

			1961-62	1962-63	1963-64	1964-65	1965-66	1966-67*	1967-68**
IMPORTS									
Palm Oil	451	290	385	344	69	200	14.7
Coconut Oil	Nil	60	21	3	—	—	—
EXPORTS									
Groundnut Oil	103	787	1,349	130	1	8	15.5
Linseed Oil	8	13	8	10	2	1	0.7
Castor Oil	400	427	481	325	190	8	22.0

* June 1966 to March 1967.

** Post devaluation rates.

On the basis of the minimum *per capita* consumption of fats in this country, the total consumption of fats of the entire population would work out at 7 million tons, as against the present estimated consumption of 1.2 million tons.

The consumption of edible oils and vanaspati was said to have gone up during the Second Plan. Assuming the higher consumption at 8.8 lb. the total requirements of vegetable oils and vanaspati for 400 million people had touched about 1.62 million tons by 1960-61.

PER CAPITA AVAILABILITY OF EDIBLE OILS

(Kgs. per year)

					Groundnut oil	Rape and Mustard oil	Coconut oil	Sesamum oil	Total
1960-61	2.44	0.92	0.49	0.22	4.07
1961-62	2.60	0.90	0.45	0.26	4.21
1962-63	2.34	0.84	0.50	0.31	3.99
1963-64	2.40	0.57	0.45	0.29	3.71
1964-65	2.87	0.91	0.41	0.31	4.50
1965-66	1.94	0.77	0.39	0.25	3.35

The development of soap, paints and varnish industries has stimulated the consumption of non-edible oils. Castor oil consumption as a lubricant has also registered considerable expansion. By 1960-61, the total requirements of vegetable oils for all the industrial and miscellaneous purposes were estimated at 278,000 tons. Thus internal consumption requirements were of the order of only 1.9 million tons.

Pine Oil: The first pine oil factory in the country has been started at Hoshiarpur in the Punjab. It produces pine oil, dipentine and pine tar. This factory is claimed to have resulted in the saving of foreign exchange to the tune of Rs. 30 to 40 lakhs annually.

Palmarosa Oil: India ranks first among nations producing Palmarosa oil, and is the chief supplier of this important raw material for perfumery manufacture, earning foreign exchange worth Rs. 30 lakhs annually by way of its export alone.

To ensure quality control, Government have established a special laboratory at Bombay for AGMARK grading and have banned the export of ungraded Palmarosa oil.

COTTONSEED

Special efforts are being made to develop the cottonseed oil industry on modern lines. From eight units equipped with delinting and dehulling machines in 1955, the number has grown to 20 units in 1965 with an annual installed capacity of 3 lakh metric tons in terms of seeds. The production in 1964 was 25,000 metric tons in terms of extracted oil. Among the steps taken to increase the consumption of cottonseed oil by vanaspati factories is a reduction of excise duty. Export of cottonseed oil as well as decorticated cottonseed oilcake was licensed freely. The policy of not licensing new mills or expansion of existing oil mills has been continued. The services of a T.C.M. expert were made available to the crushing industry to advise the crushers on the production and grading of cottonseed linters.

In regard to solvent extraction of oilcakes, there are at present 32 units, with an annual capacity of 547,500 tons in terms of oilcakes.

The rise in output was due to the commencement of operations by three more units. Considerable foreign exchange is already being earned by this industry by export of deoiled meal to U.K. and other countries. During the year 1960-61, licences for 100 units of a capacity of 20 lakh tons per annum in terms of oilcakes, had been issued.

VANASPATI

The Vanaspati Industry though a minor branch of the Vegetable Oil Industry is one of the most highly organised and efficient industries. Its history is interesting. It started on a small scale in 1930.

In 1959, there were 58 factories with an annual production capacity of about 446,220 tons. Out of these, one is the Government Hydrogenation Factory at Kozhikode having an installed capacity of 3,000 tons per annum. Besides, there are seven factories with an annual rated capacity of 33,000 tons. It is the Government's policy not to permit any further expansion of the industry as the present capacity is adequate to meet all the requirements of 4 lakh tons. However, limited expansion of capacity is being allowed to small and uneconomic units for enabling them to function more economically. Additionally, the setting up of a few units in the cooperative sector is also being considered.

In February 1966 the Government had curbed the production of Vanaspati at 80 per cent of the output in 1965. The control was removed on Sept. 5, 1967, but control on prices of Vanaspati continued. The removal of price control in June 1968 was short-lived and the statutory control was reintroduced on Sept. 6, 1968.

PRODUCTION OF VANASPATI AND RELATED PRODUCTS

('000 tonnes)

	1965	1966	1967

The ban on export of vanaspati and refined vegetable oil, as of all other edible vegetable oils, imposed in June

The table below summarises the programme of development in the Second and Third Plans :

	1955-56	1960-61	1960-61 Estimated	1965-66 Target
Installed Capacity	445,000	445,000	434,000	550,000
Production	276,000	330,000	350,000	500,000
Internal Consumption	255,000	375,000	—	—
		to 380,000		
Exports	15,000	20,000	—	—
		to 25,000		

With a view to augmenting supplies of raw oils for the vanaspati industry, imports of 36,20,869 kgs. of soyabean oil from the U.S.A. under P.L. 480 were arranged during the period April 1967 to March 1968. 6,000 tonnes of sunflowerseed oil were received as a free gift from the U.S.S.R. in 1967 and the proceeds thereof were earmarked for the relief of people in the drought-affected areas.

1964 continues, but limited exports of branded vanaspati have nevertheless been permitted as a special case in small instalments so as to minimise dislocation of our normal markets to the extent possible. Thus, only 391 tonnes of vanaspati were exported during 1967 mainly to the Middle Eastern markets, as against the export of 956 tonnes in 1966.

The net capital invested in the industry is about Rs. 22 crores. Besides 10,000 workers directly employed, the industry provides indirect employment for nearly 60,000 workers.

Edible oils constitute the chief raw material of the industry.

Lemongrass Oil : Lemongrass is chiefly grown in Kerala. India exports about Rs. 2 crores worth of lemongrass annually to countries like the U.K., West Germany, U.S.A., Switzerland, Japan and Italy. Lemongrass oil is mainly used for the manufacture of synthetic vitamin 'A' and as a base for some perfumes for the soap-making industry.

WOOLLEN INDUSTRY

THE capital investment in the industry including combing units has been estimated at Rs. 80 crores.

The Indian woollen industry comprises an organised sector and a wide range of decentralised sectors. The latter one represents the traditional handicraft skills in design and execution as a domestic industry and the former one represents the modern sophisticated production techniques and management.

India's 40 million sheep produce annually about 70 million lbs. of raw wool. In terms of productivity, the average yield of sheep in India works out at about 1.9 lbs. as against over 9 lbs. in Australia. Even with the modest improvement in yield, India's raw wool production can be stepped up to 90 million lbs. by 1974. About 50 per cent of the raw wool produced in India is below 40s count and a substantial part of this low quality is exported and the rest is used for the manufacture of coarser apparel and floor covering, etc.

There are combing units and spinning mills. There are composite units, in which all the three processes are carried on. There are small units in the decentralised sector using hosiery machines, powerlooms and handlooms.

In order to make adequate wool tops available from

indigenous sources and save foreign exchange on imports the Indian Government issued licences for establishing wool combing units in the country. The first of such unit, the Wool Combers of India Ltd. established their combing plant in Calcutta under their original name Issac Holdens (India) Ltd. At present there are 10 commissioned wool combing units in the country with a licensed capacity of 38.8 million lbs. besides a few non-commissioned combers who are combing for self consumption. The following is the year-wise production[@] of wool tops in million lbs. in the country since 1961. 1961 : 5.5 ; 1962 : 9.2 ; 1963 : 13.4 ; 1964 : 9.9 ; 1965 : 11.1 ; 1966 : 10.12 ; 1967 : 18.18.

The major concentration is in the northern region of India. There are 95 organised units in the Indian Woollen industry. Of these, 13 are under public limited organisation, 17 are under private limited organisation, 44 are organised on partnership basis, 15 are under proprietorship basis, 5 units are in the State Government sector and one unit in the co-operative sector. Of the 95 units, 37 units are composite mills and 58 units are spinning mills. Of the total of 95 units, 62 units are located in North India, with Punjab representing 65 per cent of the total. Western India has 25 units constituting 26 per cent of the total. Punjab in North India and Maharashtra in Western India dominate the woollen industry.

^{@ Source :} Wool and Woollens of India.

STATE-WISE DISTRIBUTION OF SPINDLES
AND LOOMS

State	Shoddy	Woollen	Worsted	Power looms
Punjab	2,939	31,934	46,880	679
Delhi	—	1,848	864	—
Uttar Pradesh ..	1,908	10,772	9,672	250
Himachal Pradesh ..	1,600	—	—	—
Maharashtra ..	10,992	4,788	53,232	530
Gujarat	—	5,230	9,140	167
Rajasthan	—	1,895	—	10
Mysore	—	330	11,124	182
West Bengal ..	240	1,380	6,472	89
Jammu & Kashmir ..	—	1,200	—	—
Madhya Pradesh ..	—	876	—	20
TOTAL	17,679	60,253	137,384	1,927

From the small beginning of only 16 units in 1957 the industry has now 95 units, over two lakh spindles and 3,000 looms in the organised sector and it employs over a lakh of workers.

The up-to-date figures of the industry's capacity as on Dec. 1968 were : woollen spindles 66,059 ; shoddy spindles 19,969 ; worsted spindles 140,880 ; and looms 3,000.

The production figures were as follows :

Year	Woollen worsted yarn (million kgs.)	Woollen worsted fabrics (million metres)	Woollen fabrics non- wearables (million kgs.)
1964	20.90	11.72	4.88
1965	18.13	9.87	4.08
1966	16.59	9.39	3.94
1967	16.65	8.92	3.33

The downward trend in output of woollen textiles, noticed since 1964, continued during 1967. Thus the index of production of woollen textile (base : 1956 = 100) which had declined from 136.9 in 1965 to 128.8 in 1966 fell further to 122.1 in 1967.

In spite of the increase in the supply of imported raw materials during 1967, the production of worsted yarns showed only a small rise.

The woollen industry consumed about 38 million kgs. of wool in all during 1967 in different sectors. Of this, 13 million kgs. were imported wool and the remaining was indigenous wool. The overall consumption of wool during 1967 was 3 per cent more than the consumption during 1966. The production of worsted yarn during 1967 was 45.30 lakh kgs. which was more by about 5 lakh kgs. as compared to 1966. The following table gives the production figures of different types of yarns, wool tops and fabrics.

Item	Unit	1965	1966	1967
1. Worsted yarn				
(a) Weaving ..	Lakh kgs.	22.40	19.00	24.40
(b) Hosiery	13.80	10.90	11.70
(c) Knitting	11.60	10.50	9.20
TOTAL	47.80	40.40	45.30

Item	Unit	1965	1966	1967
	Lakh			
2. Woollen yarn ..	kgs.	44.10	52.10	44.00
3. Carpet yarn	37.30	34.40	35.30
4. Shoddy yarn	52.10	39.00	41.90
TOTAL (1 to 4)	181.30	165.90	166.50
5. Wool tops	50.00	46.00	91.00
6. Fabrics				
	Lakh			
(a) Wearables ..	Meters	98.7	93.90	89.20
(b) Non-wearables	40.80	39.40	33.30

The balance of payment position in regard to woollen industry has to be appreciated from a study of the following table.

Year	Imports (Rs. crores)	Exports (Rs. crores)
1964-65	14.4	12.0
1965-66	12.0	6.6
1966-67	15.1	11.5
1967-68	16.1	11.8
Total	95.0	85.9

FIVE-YEAR PLANS

Among the various measures envisaged for the improvement of the industry in terms of both quantity of production and quality are the setting up of : (1) a central sheep and wool research institute at Malpura with a Plan outlay of Rs. 75 lakhs, (2) one wool research institute at Bombay, (3) wool processing plant at Visnagar, and (4) two central sheep breeding farms, one at Kulu (Himachal Pradesh) and the other at Kodaikanal (Tamil Nadu).

The estimated population of 40 million sheep produces about 70 million pounds of wool annually which forms only 1.3 per cent of the world production.

Reviewing the progress in the Third Plan, the Development Council for the Woollen Industry informed the Government that the production targets were most unlikely to be attained because of the shortage of raw materials, although the industry has set up necessary capacity. It also recommended that the per capita availability fixed for the Third Plan should be attained at least in the Fourth Plan.

The main features of the revised policy in regard to wool and woollen textiles are as follows : All imports of wool, either for domestic consumption or for export purposes will be canalised through the State Trading Corporation. The 20 per cent share earmarked for the worsted sector will be distributed among mills in the organised sector on the basis of their installed and recognised spindlage. The balance of the 80 per cent will be distributed among various sectors in the proportions of 55 per cent for weaving, 27 per cent for hosiery and 18 per cent for knitting. Units in the decentralised sector will get a direct allotment of wool. There will be no price distribution or production control. However, a part of the production of the woollen goods has to be distributed through super bazars and cooperatives.

During the year 1967, the woollen industry was permitted to import machinery valued at Rs. 46.6 lakhs for rehabilitation and modernisation. No expansion of the woollen industry is permitted at present, except with the indigenous machinery for spinning indigenous raw wool.

TEA INDUSTRY

WITH a production of 382.5 million kgs. in 1967, India still leads the world in tea production. Both in area and yield, India ranks first in the world (vide Table A below).

In India, tea is the second largest single item of export. Tea export in 1967-68 has been estimated at 210 million kgs. valued at Rs. 170 crores compared to 203.3 million kgs. valued at Rs. 180 crores in 1966-67.

Out of the total production about 41 per cent is being exported. In 1967, India contributed 41.1 per cent of the world export against Ceylon's 41.6 per cent.

Among the countries to which India exports tea, U.K. accounts for more than half of the exports. The country-wise export is given below :—

EXPORTS

(value in Rs. crores)

Countries	1966-67	1967-68
U.K.	82.0	99.8
U.S.S.R.	16.3	19.8
U.A.R.	11.9	9.2
U.S.A.	6.5	6.8
Sudan	4.5	5.9
Afghanistan	4.0	4.3
Canada	3.4	3.3
Iran	2.5	3.0
East European countries	4.3	2.9
Others	20.8	33.2

Prevailing Duties on Tea since 1969 March

Excise Duty per kg.

Zone I	a) Green tea	10	P
	b) Others	24	„
Zone II		40	„
Zone III		48	„
Zone IV		55	„
Zone V		65	„

Cess on Tea :—At present there exists a cess of four paise per kg. on all tea produced in India.

Export duty per Kg. :—15 per cent *ad valorem* reduced by 55 paise per kg. on all tea.

Instant tea is exempted from export duty. Excise duty on instant tea also is exempted when it is intended for export.

No export duty exists on tea packed in metal containers, and export duty on tea packed in other containers now prevails at 5 per cent *ad valorem*.

Tea export is also subjected to sales tax in the States.

In order to promote replantation, the Government has introduced a Replantation Subsidy Scheme in 1968. The rate of subsidy is fixed at Rs. 3,500 in the plains and Rs. 4,500 in the hills for every hectare replanted following the recommended planting techniques. At present, the rate of replantation is very low at 0.6 per cent per annum of the total area. This is expected to increase to 2 per cent under this scheme.

The revised targets of production and export of tea for the Third Plan were 376.5 million kgs. and 240.4 million kgs. respectively. The corresponding targets for the Fourth Plan are 453.6 million and 294.8 to 303.9 million kgs.

At Colombo, the average price for all tea moved down from Rs. 3.62 in 1966 to Rs. 3.48 in 1967. In London, the world price during the week beginning February 24, 1969 averaged at 3s 8.3d compared with 3s 8.7d for the corresponding week in 1968.

The internal prices during 1967 and 1966 are given below :

ANNUAL AVERAGE PRICE PER KG.

(Rupees)

Year	Calcutta		Cochin	
	Leaf	Dust	Leaf	Dust
1966	5.74	5.24	4.80	4.51
1967	5.98	4.91	5.79	5.04

FILM INDUSTRY

UNESCO has sponsored a study of Indian film heroes and the Institute of Social Sciences, Agra, has undertaken in co-operation with a group of International scientists, the study for which \$20,000 have been sanctioned in the first instance.

FILM INSTITUTE OF INDIA

Chiplunkar Road, Poona 4.

The Institute trains all categories of film technicians and artistes. It conducts diploma courses in Film Direction, Screenplay Writing, Motion Picture Photography, Sound Recording and Sound Engineering, Film Editing and Film Acting.

At the commencement of the eighth academic year (1968-69), the Institute had 151 students in various courses. So far 231 students have obtained diplomas. Out of these diploma holders, many are occupying responsible positions in the industry and in government organisations like Films Division and TV Station of All India Radio.

The Institute has extensive ground for out-door shooting; a processing laboratory for its work and well equipped studios. Whenever not required for the use of the Institute, these facilities are made available to outside producers on hire and this helps maintaining close contacts with the film industry. There are 22 foreign students on the Institute's rolls as against 14 of the last year. Countries represented are Afghanistan, Ceylon, Ghana, Jordan, Nepal, Philippines, Singapore and Tanzania.

There are hostels for boys and girls. There are seven girls at present undergoing training.

Film Library: The Institute has a film library in which film classics are being collected from various countries. So far, 117 films have been obtained from USSR, USA, UK, France, Germany, Italy, Czechoslovakia etc. The library also has some selected Indian features and documentaries.

National Film Archive of India: The National Film Archive of India is at present in the premises of the Film Institute, Poona. The present (31-12-1968) collection consists of 410 films (Indian & Foreign), 2,979 stills, 1,024 wall posters, 759 disc-records, 1,952 books and 107 journals. Notable among the acquisitions of the year 1968-69 are two full-length silent films "Gallant Hearts" (1930) and "Fall of Slavery" (1931), both produced by Shyam Sunder Aggarwal of Poona. The task of locating old Indian film material especially of the silent era is being pursued vigorously.

Children's Film Society: Its object is to produce, acquire, distribute and exhibit films of special interest to child and juvenile audience. The Society's Registered Office is at New Delhi and Administrative Headquarters at Bombay. Various State Governments and Union Territories are affiliate-members of the Society.

During the period April to March, 1968, about 3,090 shows were arranged in the cinema halls, schools, etc., which were attended by over 12,30,000 people.

A provision for the grant-in-aid to the Society of Rs. 5.50 lakhs was made in the budget for 1968-69. The Society earned a revenue of about Rs. 3.70 lakhs in 1967-68.

FILMS DIVISION

The Films Division is responsible for production and distribution of newsreels, documentaries and other films for general information and education of the people. Its output is about 150 films a year. Most of these films are made in English and thirteen Indian languages. The Division supplies about 35,000 prints of its films annually for commercial and non-commercial distribution. Nearly 30 million people see its documentaries and newsreels each week.

Documentaries: During the period April to December 1968 the Division produced 54 films (121 reels), purchased four films (8 reels) and accepted as donation 11 films (16 reels). Out of the 54 films, 12 films (21 reels)—one colour film (2 reels) and eleven black and white films—were produced through private producers. Eight colour films and 34 black and white films were produced by the Division's units. Of these 69 films 9 films were on family planning, 6 films on scientific farming, three on emergency and the remaining on a variety of subjects like developmental projects, savings, tourist publicity, external publicity, instructional training and teaching films and compilation films on visits of dignitaries. Between January and March 1969, 29 films were expected to be completed.

Newsreels: The production of newsreels continued according to the schedule of one reel a week in 14 languages viz., English, Hindi, Bengali, Tamil, Telugu, Marathi, Gujarati, Kannada, Malayalam, Assamese, Punjabi, Oriya, Urdu and Kashmiri. Stories were received from 26 foreign newsreel organisations as part of the arrangements for free exchange of newsreel material.

A Hindi print of the weekly newsreel and interesting sports items were supplied for use in the TV programme of All India Radio in New Delhi.

Newsreel coverage within the country is organised through 13 newsreel officers and two Junior Cameramen stationed in Delhi (4), Bombay (2), Calcutta (2), Madras (1), Ahmedabad (1), Hyderabad (1), Lucknow (1), Bangalore (1), Bhopal (1) and Chandigarh (1).

Field Publicity

Nearly 14,800 prints were supplied to the field units of the Directorate of Field Publicity, State Governments, Films Division branches, Railway zone, Department of Community Development, Ministry of Education, the Exhibition Division of the Directorate of Advertising and

Visual Publicity, Development Commissioners, Social Education Organisers and training centres for exhibition through mobile vans.

Non-Commercial Exhibition

From April to December 18, 1968 some 6,000 prints were sold to schools, Government departments and private bodies. These include prints supplied to the Ministry of External Affairs for exhibition through Indian Missions abroad. During April to November 1968, 3,871 shows were given by organisations to which prints were loaned and about 10 lakh persons attended the shows.

Against a Budget Grant of Rs. 1,54,29,500 a total expenditure of Rs. 1,23,77,263 was booked up to the end of December 1968 by the Films Division.

AWARDS

(See article 'Awards and Prizes')

Film Festivals: The Division participated in 32 international film festivals by entering 71 documentary films and received 25 diplomas and certificates of participation. Five documentary films of the Films Division won National Awards for films for 1967.

CENTRAL BOARD OF FILM CENSORS

The Board of Film Censors is a statutory body set up under the Cinematograph Act, 1952, for sanctioning films for public exhibition. Films suitable for unrestricted exhibition are granted 'U' certificates and those suitable for public exhibition restricted to adults only are given 'A' certificates.

The certificates issued by the Board are valid for 10 years from the date of issue. Provision exists for the issue of fresh certificates in respect of such films after the expiry of the 10-year period.

During 1968, the Central Board of Film Censors examined 2,858 films. 41 films were referred to Revising Committees. The Board granted 1,618 'U' certificates and 119 'A' certificates in respect of foreign films, the corresponding number of Indian films being 1,522 'U' and 8 'A' certificates. Certificate was refused to 22 films, of which 20 were foreign and 2 Indian. The total footage excised from the films was 5,536.29 metres. There were 1,468 films classified by the Board as Predominantly Educational.

Fresh certificates were issued for 485 films, for which certificates had been issued more than 10 years ago. Of these 10 were granted 'A' certificates. Recertification was not refused in the case of any feature film.

16 MM. FILMS

The use of the 16 mm. film for propaganda and publicity is realised by Governments, municipalities, and trade and industry.

The National Institute of Audio-Visual Education now renamed as the Department of Audio-Visual Education (National Council of Educational Research and Training), Indraprastha Estate, New Delhi, has been doing excellent work with 16 mm. films on a variety of topics. Its Library is the single largest collection of 16 mm. films, mainly for information and education. The films are loaned to member institutions free of charge. Films are sent to outstation members by registered post at the expense of the department.

There are in addition 16 mm. projectors and small theatres for films suitable for non-theatrical audiences maintained by the British Information Services, the British Council and the U.S. Information Services through their regional offices.

Most of the diplomatic missions and embassies in the Capital and Consulates in Bombay, Madras and Calcutta maintain a film section and arrange shows of special films.

The U.K. and U.S.A. representatives and the British Council maintain a special library of educational and informative films. These are available for exhibition free of charge.

16 mm. films on a variety of subjects are available from many countries in the world.

EXPORT, IMPORT

India is the second largest film producing country in the world. She produces annually between 300 to 320 films in 12 Indian languages. Production of colour pictures is on the increase. Export demand is mainly for Hindi and Tamil films. Indian films are exported to nearly 100 countries in the world. The total export earnings from Indian films during 1967-68 were Rs. 3.89 crores and during 1968-69 were expected to be about Rs. 3.25 crores to 3.50 crores. About 70% of the export earnings are realised from countries known as the traditional markets. They are the U.K., East Africa, Iran, Mauritius, West Indies, Ceylon, Singapore, Malaysia, Burma, Thailand, Fiji, Indonesia, Persian Gulf and West Africa. Bombay, Madras and Calcutta are the principal ports of export.

Some of the importing countries like Kenya, Tanzania, Ghana, Iraq, Syria, Ceylon, Burma and Indonesia have imposed restrictions on the import of Indian films due to their foreign exchange difficulties. The above countries among themselves account for about 38% of our total exports.

Export Earnings

Our export earnings (Rs. crores) on Indian films from 1965 to March 1968 were as follows:—1965: 2.20; 1966: 2.20; 1967: 3.52; 1968 (up to March) 0.89. (These are based on figures released by the Reserve Bank of India.)

Indian films are also exported to other non-traditional markets like the U.S.S.R., the U.S.A. and Canada.

PRODUCTION

Films produced by India during the last seven years in black and white and colour respectively were: 1961: 289, 8; 1962: 307, 5; 1963: 287, 12; 1964: 269, 24; 1965: 290, 32; 1966: 276, 32; 1967: 285, 45.

Language-wise break-up of Indian feature films certified during Jan. 1, 1968 to Sept. 30, 1968: Hindi/Urdu/Bhojpuri/Rajasthani/Avadhi/ Madghi/Dogri 44; Marathi 12; Punjabi 2; Gujarati 3; Konkani —; Sindhi —; Nepali 1; Bengali 19; Assamese 1; Oriya 2; Tamil 46; Telugu 56; Kannada 28; Malayalam 26; English —; Arabic 1; Total 241.

EXHIBITION ABROAD

Copies of documentaries are in demand for regular exhibition in 84 Indian Missions abroad. Many television authorities show considerable interest in Indian films and the documentaries are frequently used by them through the Tourist Officers/Indian Missions in their respective countries

Catalogue of the Films Division's documentaries is available with the Missions abroad.

STEEL INDUSTRY

THE first successful and the most outstanding attempt to manufacture steel in the country on a commercial basis was that of the Tata Iron & Steel Co. which started its Steel Works at Sakchi in the year 1908. Pig iron was made in 1911 and the first steel ingot a year later.

The Indian Iron & Steel Company was started in 1918 at Hirapur about 4 miles from Asansol junction on the Eastern Railway for producing pig iron. Eighteen years later it floated another company, the Steel Corporation of Bengal to manufacture steel. Towards the end of 1962 the two companies were merged.

An iron works was started at Bhadravati in Mysore State in 1921 to which a steel plant was added in 1934. During World War II, a 25-ton basic furnace and two small electric furnaces were installed.

The total productive capital employed as per ASI data (1966) is about Rs. 1,206 crores. The total number of

factories registered is 741 and the number of persons employed 2,93,302.

The three steel plants set up in the public sector during the Second Plan period are Rourkela, Bhilai and Durgapur mills under the management of Hindustan Steel Ltd. which also manages the Rourkela Fertiliser plant, the coal washeries and the construction and operation of the Alloy Steel Plant at Durgapur. The shares are owned wholly by the Central Government. At the end of March 1967, the paid-up capital of HSL was Rs. 528 crores, and borrowings from Government Rs. 500.5 crores. During 1967-68 the HSL produced 3,975,000 tonnes of pig iron, 3,447,000 tonnes of ingot, 2,419,000 tonnes of saleable steel and 190,000 tonnes of C.A.N.

Total Assets of the main producers of iron and steel: 1966-67 (Rs. crores); Hindustan Steel 1,066; TISCO 176; Indian Iron 112; Total 1,354.

Production of Saleable Pig Iron & Finished Steel

('000 Tonnes)

Producer	Pig Iron		Finished Steel	
	1966	1967	1966	1967
TISCO	2.7	1.0	1,072.1	1,015.0
IISCO	203.2	177.5	579.2	489.6
Mysore	—	—	57.6	58.1
Rourkela	64.4	58.9	654.1	582.5
Bhilai	498.8	635.5	736.0	660.0
Durgapur	261.2	210.8	417.4	380.6
Others	21.8	24.2	975.1	949.7
Total	1,052.1	1,107.9	4,491.5	4,135.5

PRODUCTION

The recent trend of production in India is given below:

('000 Tonnes)

	Year						
	1961	1962	1963	1964	1965	1966	1967
Pig Iron	4,988	5,796	6,604	6,593	6,952	7,044	6,868
Steel Ingots	4,084	5,149	5,970	6,032	6,413	6,606	6,380
Semi-finished Steel	1,049	1,103	1,196	1,068	998	1,356	1,445
Finished Steel	2,798	3,564	4,258	4,342	4,519	4,472	4,111

Source: Monthly Statistics of Industrial Production in India.

Proved and probable reserves of iron ore in India are estimated to be about 71.12 lakh tonnes.

Bokaro Unit

The first phase of Bokaro Steel plant is expected to be completed by the end of December, 1971 and the first blast furnace will be commissioned by September, 1970. According to the scheme approved by the Government, the first stage of the Bokaro Steel Plant would have a capacity of 1.7 million tonnes of steel ingots and 8.8 lakh tonnes of foundry iron.

EXPORTS AND IMPORTS OF IRON & STEEL INDUSTRY

(Rs. Crores)

Year			Imports	Exports
1966-67	97.9	24.7
1967-68	106.2	54.8

Among the Indian organisations exporting iron and steel, the largest share was that of Hindustan Steel Ltd. The second place was held by re-rollers. Regionwise break-up shows that the largest share of these exports went to Persian Gulf States, UAR, Iraq, Sudan and other Arab countries. Japan is the largest buyer of pig-iron.

AVAILABILITY

The total availability of finished steel during 1967-68 is estimated at 4.6 million tonnes taking into account the indigenous production of 4.3 million tonnes and import of about 0.3 million tonnes.

The availability of pig iron during 1967-68 is placed at 1.2 million tonnes.

All categories of iron and steel were decontrolled in May 1967 and their distribution was made by the Joint Plant Committee. With effect from May 1, 1967, price control was removed from all categories of iron and steel. The entire responsibility for fixing of prices was entrusted to the Joint Plant Committee.

Re-rolling Industry

In this field, there are different categories of producers like billet re-rollers, registered scrap re-rollers etc. The capacity of re-rolling units and their billet entitlements have been subjects of considerable controversy. In April 1965, the Government appointed a technical committee to make a rational assessment of the capacity of re-rolling mills. The following were the specific terms of reference of the Committee: (a) assess the capacity of re-rolling mills whether working on billets or scrap. (b) recommend what types of merchant products the re-rolling mills can roll economically and (c) indicate what units are out-dated and/or uneconomic.

The broad conclusion of this committee in respect of the overall re-rolling capacity is that for the country as a whole, there is no scope for installation of any more re-rolling mills at present. In view of this, Government has decided not to allow the setting up of such units where industrial licences are necessary under the Industries (Development & Regulation) Act. Units in small-scale sector, however, can come up without such licences. The Government has decided not to encourage creation of further re-rolling capacity except in underdeveloped or backward areas where specific proposals for re-rolling mills will be considered on merits.

Re-rollers use steel semis (Billets) and steel re-rollable scrap for rolling steel sections mostly lighter sizes of bars, rods, flats, hoops and strips, etc. The main sources of

supply are the main producers, Messrs. Tata Iron & Steel Co. Ltd., Indian Iron & Steel Co., Ltd., Hindustan Steel Ltd. (Bhilai and Durgapur). Re-rollable scrap is also available from miscellaneous other sources such as, the Railways, Engineering Concerns, etc. Present availability both of billets and scrap is inadequate and so the full capacity is not being utilised.

The re-rolling industry's potential capacity per annum is estimated at about three million tonnes. A new private sector project is to be launched at Faridabad in Haryana to manufacture cast rolls and heavy and alloy steel castings. The Rs. 4.5-crore project is a joint venture of Globe Motors Ltd. of Delhi and United Engineering and Foundry Company of U.S.

Raw materials required by the industry:—Having regard to the recent developments it was estimated that the recognised sector of the re-rolling industry including the Secondary Producers would require about 1.8 million tons of semis by the end of the Third Plan period. As against this provision was made for supply of only 1 million tons of semis during the Third Plan from the main producers.

The re-rollers at places like Amritsar, Jullundur, etc. situated at considerable distance from the ports had to incur heavy freight charges which inflated their production costs. Relief was given to all outstation re-rollers from 1953 when the maximum statutory prices became applicable to deliveries *f.o.r.* all railhead stations in India.

Steel Pipes

Eight major steel pipe manufacturing companies are (1) Ambika Steel Tubes, (2) Bharat Steel Tubes, (3) Gujarat Steel Tubes, (4) Indian Tubes, (5) Jayant Tubes, (6) Jindal Tubes, (7) Kalinga Tubes and (8) Zenith Steel Pipes. The home demand is estimated to be 175,000 tonnes, while the capacity has shot up from 225,000 tonnes to 350,000 tonnes.

The Century Spg. & Mfg. Co. proposes to manufacture seamless steel pipes. The project is estimated to cost Rs. 15 crores with an annual capacity of 88,000 tonnes. The plant is to be set up in two stages. In the first stage, the plant will have a capacity of 44,000 tonnes.

Alloy Steels Project

The total domestic demand of alloy steels by 1970-71 is estimated to be five lakh tonnes per annum. To achieve this, a capacity of nearly 8 lakh tonnes has been sanctioned. This includes a capacity of 2.57 lakh tonnes in the private sector.

A capacity of about 50,000 tonnes has already been installed in the private sector and another 50,000 tonnes is under installation. About, 30,000 tonnes of it were likely to materialise during the year 1967-68.

The trend of production in seamless tubes, steel pipes and tubes and cast iron spun pipes and tubes is given below:

(Metric tons)

			Seamless tubes	Steel pipes and tubes	Cast iron pipes and tubes
1964	15,204	234,204	207,312
1965	16,728	253,944	244,032
1966	21,396	263,952	233,028
1967	23,448	219,996	166,068

Source: Monthly Statistics of Industrial production in India.

RAILWAYS

THE total route kilometrage of all the Railways in India on March 31, 1968 was 59,338·70. The total electrified route kilometrage was 2,836·38.

The total route kilometrage is made up of the following:
Government Railways (k.m.) 58,877·30.

Non-Government Railways : 461·40.

The total capital at charge of Government Railways on March 31, 1968 was Rs. 2,667·03 crores.

There are three kinds of gauge, broad (1·676 m.), metre (1·000 m.) and narrow (0·762 m.). There is also a light gauge usually laid on the mountains (0·610 m.). An example of the last one is the Howrah-Amta Light Railway lines subsidised by the district board.

The total route kilometrage by gauge was as follows :

Broad gauge : 28,671·35.

Metre gauge : 25,723·46.

Narrow gauge : 4,943·89.

There are in all 7,885 railway stations. This includes 1,742 non-block stations.

The total number of employees, permanent and temporary, on Government Railways (including non-Government Railways) and in the office of the Railway Board and other offices attached and subordinate thereto as well as staff employed on construction works at the end of 1967-68 was 1,367,790. Of this the non-Government Railways accounted for 4,601. The Railways have a fleet service of approximately 11,692 locomotives, 29,290 coaching vehicles and 361,832 wagons or freight cars. The non-Government Railways have 95 locomotives, 302 passenger coaches and 1,434 goods wagons.

ZONAL ADMINISTRATION

The entire Government Railway system is now grouped into nine administrations (Headquarters within brackets) : Southern Railway (Madras) ; Western Railway (Bombay) ; Central Railway (Bombay) ; Northern Railway (Delhi) ; Eastern Railway (Calcutta) ; South-Eastern Railway (Calcutta) ; North-Eastern Railway (Gorakhpur) ; North-East Frontier Railway (Pandu) ; South Central Railway (Secunderabad).

Some of these Railways comprise smaller systems.

There are six non-Government Railways. The route kilometrage is given in brackets after the name :—

Arrah-Sasaram Light (104·86) ; Dehri-Rohtas Light (66·75) ; Futwah-Islampur (43·45) ; Howrah-Amta Light (70·31) ; Howrah-Sheakhala Light (27·16) ; Shahdara (Delhi)-Saharanpur Light (148·87).

They are all narrow gauge (0·762 m.) except the two Howrah-Amta and Howrah-Sheakhala which are light gauge (0·610 m.).

The highest administrative authority for the Railways is the Railway Board.

There are a number of Committees which have been associated with the Railway Administration : Standing Finance Committee, Central Advisory Council, Railway Rates Tribunal, Indian Railway Fuel Committee.

There are also a number of standardization Committees such as for bridges, structure, track, signalling and

inter-locking, building, locomotive, carriage and wagon, electrical, specifications.

There are also Railway Users' Consultative Committees at the zonal, regional and national level. There is a Time Tables Committee, Suburban Railway Users' Consultative Committee, Passenger Amenities Committee, Catering Supervisory Committee, Book-Stall Committee. A Public Co-operative Committee consisting of members from National Railway Users' Consultative Council and Members of Parliament was formed to combat crime. Zonal Parliamentary Committees have been constituted which meet the respective General Managers of the Zonal Railways in company with the Railway Minister and the Railway Board.

There are Railway Service Commissions in Bombay, Calcutta, Allahabad and Madras.

There is a training college for Railway officers and staff at Baroda and 50 Training Schools.

There is a Railway Testing and Research Centre at Lucknow and a sub-centre at Chittaranjan mainly to help in the promotion of self-sufficiency in Railway Stores.

STATISTICS*

The principal statistics for the year 1967-68 are given below. The first column shows the position for all Railways, the second only for Government Railways :

	All Railways	Government Railways
Capital-at-charge (Rs. crores) ⁷	2,984·60	2,667·03
Route kilometrage (March 31)	59,338·70	58,877·30
Gross earnings (Rs. crores) ¹ ..	823·05†	821·26†
Total working expenses (Rs. crores) ²	696·12†	694·38†
Operating ratio (per cent) ³	84·58	84·55
No. of passengers originating (million)	2,275·86	2,257·35
Passenger k.m. (million) ..	107,513·42	107,163·03
Earnings from carriage of passengers (Rs. crores) ..	253·64†	252·64
Average earnings per passenger kilometre (Paise) ..	2·36†	2·36†
Freight tonnes originating (million) ⁴	197·63	196·58
Freight tonne k.m. (million)	118,919·66	118,860·36
Earnings from carriage of goods (Rs. crores) ⁵ ..	489·70	489·04
Average earnings per freight tonne k.m. (Paise) ..	4·85	4·85
Total train k.m. (million) @	456·94	454·06
Gross earnings per train k.m. (Rs.)	19·00†	19·10†
Working expenses ² per train k.m. (Rs.)	16·20†	16·30†
Net earnings ⁶ per train k.m. (Rs.)	2·81†	2·83†
Net earnings ⁶ per mean route k.m. worked (Rs.) ..	21,704·00†	21,864·00

(1) 'Gross earnings' represent the true earnings in an accounting period irrespective of whether the amounts have been realised or not. They include earnings from Mormugao Harbour and also earnings awaiting realisation. (2) 'Working expenses' are the administrative figures of railway accounts representing true expenses of the railway system in an accounting period irrespective of whether the expenses

* Source : Railway Board Report for 1967-68.

@ Excludes rail car kilometres.

have been disbursed. (3) 'Operating ratio' shown here represents the percentage of working expenses to gross earnings as defined in explanations at (1) & (2) above. (4) Freight tonnes originating, includes the tonnage of railway stores and materials carried in material/ballast trains on open lines for railway constructions/project authorities, in stock owned or hired by them for independent railway project works. These statistics were not taken into account in earlier years. (5) 'Earnings from carriage of goods' exclude earnings from demurrage wharfage, etc. (6) 'Net earnings' represents gross earnings minus working expenses, as defined in explanation (1) and (2) above. (7) 'Capital at Charge' includes the capital outlay on worked lines but excludes that on railway manufacturing units and miscellaneous independent projects such as the Chittaranjan Locomotive Works, the Integral Coach Factory, the Diesel Locomotive Works, etc.

† Includes the element of tax on passenger fares.

‡ During 1967-68 the contribution to the Depreciation Reserve Fund was Rs. 95 crores as against Rs. 100 crores in the previous year.

MAJOR ACCIDENTS IN 1967-68

The following were the five major Railway accidents which took place during 1967-68: (1) At 21.50 hours on May 24, 1967 there was a derailment at Kuppam Station of the Southern Railway involving 26 Up Bangalore City-Cochin Harbour Terminus Express killing 63 persons and injuring 80 persons due to the failure of the Railway staff causing damage to the extent of Rs. 4,52,600. (2) At 3-10 hours on Sept. 28, 1967 there was a derailment of 4 Down Assam Mail at Fakiragram-Alipur Junction of the N.E.F. Railway killing 15 and injuring 40 persons causing damage to the tune of Rs. 3,99,600. (3) At 22.14 hours on February 14, 1968 some prospective rail-travellers attempting to cross the railway line in the face of the

approaching train were run over by 12 Down Delhi-Howrah Express at Luckeesarai of Eastern Railway killing 18 and injuring 11 persons. (4) At 22.35 hours on March 19, 1968 as a result of a collision between 208 Down Poona-Bangalore Deccan Express and 215 Up Birur-Hubli passenger at Yalvigi station of Southern Railway 58 people were killed and 37 injured involving a damage of Rs. 6,07,200. The accident was due to the failure of the Railway staff. (5) On March 30, 1968 there was a collision between E. 460 Down goods train and AGA Down passenger at Bharwari Station of Northern Railway killing 19 and injuring 30 persons causing damage to the extent of Rs. 9,01,300. The accident happened as a result of the failure of the Railway Staff.

Casualties 1967-68

REVIEW OF 1967-68**Goods and Passenger Traffic**

Rail transport capacity for carriage of goods continued to be ahead of demands in 1967-68. Against an initial anticipation of 8.6 million tonnes of additional originating revenue earning goods traffic during 1967-68 and a revised estimate of one million tonnes less, the actual materialisation was 1.64 million tonnes or one per cent less than the previous year. The net tonne kilometres increased by 1.85 per cent indicating longer lead.

The upward trend in passenger traffic continued during the year 1967-68. The number of passengers travelling increased by 3 per cent from 2,192 millions in 1966-67 to 2,257 millions in 1967-68. Passenger kilometres registered a rise of 4.91 per cent in 1967-68 over the previous year, indicating a marginal increase of about a kilometre per journey.

The gross traffic receipts amounted to Rs. 818.14 crores in 1967-68 against Rs. 768.78 crores in 1966-67. Ordinary working expenses were Rs. 588.22 crores against Rs. 525.61 crores in 1966-67. The increase in working expenses was mainly due to enhancement in rates of dearness allowance twice during the year, an upward revision of prices of coal and diesel oil, higher expenditure on electrical installations, etc. After meeting all charges including Rs. 95 crores contribution to the Depreciation Reserve Fund and Rs. 141.53 crores paid as Dividend to the General Revenues, there was a shortfall of Rs. 31.53 crores which was met by withdrawing from the Railway Revenue Reserve Fund.

New Lines

New lines aggregating 269 route kilometres were opened for traffic. Doubling of 525 kilometres of existing lines, electrification of 76 route kilometres and conversion of 74 kilometres of electrified sections from 3,000V DC to 25KV AC system were completed during the year.

With effect from July 1, 1967, the management of the Ahmadpur-Katwa (51.92 kilometres) and Bankura-Damodar River (96.48 kilometres) Narrow Gauge lines was taken over by the Eastern and South Eastern Railways respectively from Messrs. McLeod & Co., Calcutta.

Operation

Interchange of freight traffic *via* most of the junction points remained fluid. Outstanding demand at the close of the year was equivalent to a day's loading on the broad gauge and 2½ days' loading on the metre gauge. Special arrangements were made for the expeditious long distance movement of imported foodgrains from various ports to drought-affected areas in Bihar and U.P.

The first trunk route 4.5 tonne container service was introduced between Bombay and New Delhi in November, 1967.

Amenities

The Railways spent Rs. 3.08 crores on various works for increased amenities for passengers both at stations and on trains.

Ticketless Travel

Nearly eight million passengers were detected travelling without tickets or with improper tickets during the year and a sum of Rs. 2.69 crores was realised from them as fare and excess charges. The number of passengers prosecuted for travelling without tickets totalled 270,000.

Signalling & Safety Works

Signalling and safety works completed during the year included route relay interlocking at various stations, installation of automatic signalling on 66 route kilometres, multiple aspect colour light signals at 89 stations, track circuits on the reception lines of yards at 181 stations, etc.

Stores

The total value of equipment and stores purchased by the Railways during 1967-68 amounted to Rs. 324.4 crores as compared to Rs. 296 crores in 1966-67. Indigenous purchases accounted for 86.75 per cent against 85.96 per cent in 1966-67.

Staff and Labour Welfare

The number of staff employed on Indian Government Railways at the end of 1967-68 was 1.36 million. Per capita cost of medical and health services increased from Rs. 99.92 to Rs. 111.96 in 1967-68.

A total of 9,023 quarters and 23 barracks was constructed for the staff in 1967-68.

Relations between the labour and the Railway Administrations generally remained cordial during the year.

RAILWAY BUDGET 1969-70

The Railway Budget presented on February 19, 1969 by Dr. Ram Subhag Singh shows a surplus of Rs. 1.91 crores, the first in four years. The Budget envisages a

Rs. 45-crore increase in traffic receipts next year against an increase of Rs. 25.35 crores in working expenses. The works programme has been kept down and a Rs. 4-crore cut made in inventories. There will be no increase in railway fares or freight.

The Budget foresees an increase of 9 million tonnes in freight traffic next year. It is hoped that if the present trend of revival in passenger traffic, noticed since August last year, is maintained, there would be an increase of 3 per cent in passenger traffic also next year.

AT A GLANCE

(Rupees in crores)

	Actuals 1967-68	Budget Estimates 1968-69	Revised Estimates 1968-69	Budget Estimates 1969-70
Gross Traffic Receipts	818.14	892.50	902.15	946.80
Ordinary Revenue Working Expenses (Net) i.e., after taking credit for recoveries	588.22	614.01	640.00	665.35
Appropriation to Depreciation Reserve Fund from Revenue	95.00	100.00	95.00	95.00
Appropriation to Pension Fund	10.00	10.00	10.00	10.00
Net Miscellaneous Expenditure (including cost of Works charged to Revenue)	14.92	15.49	15.83	15.53
Total	708.14	739.50	760.83	785.88
Net Railway Revenue	110.00	153.00	141.32	160.92
Dividend to General Revenues	141.53	152.00	151.33	159.01
Net Surplus (+)/Deficit (—)	(—) 31.53	(+) 1.00	(—) 10.01	(+) 1.91
Operating ratio	84.7%	81.1%	82.6%	81.4%

Note : 1. The shortfall of Rs. 10.01 crores in the current year is mainly due to post-Budget increases amounting to Rs. 20.66 crores on account of revision of the rates of dearness allowance, travelling allowance and running allowance etc., the additional expenditure due to the merger of dearness allowance with pay, and the increase in coal prices and electricity tariffs. These increases are offset by a reduction of Rs. 5 crores in the contribution to the Depreciation Reserve Fund (reflecting the lower estimate of withdrawal from the fund this year) and the expected increase of Rs. 9.65 crores in gross traffic receipts.

2. The Budget for the year 1969-70 shows a small surplus of Rs. 1.91 crores after meeting all revenue expenses. A temporary loan of Rs. 18.69 crores will, however, have to be obtained from the General Revenues to finance expenditure charged to the Development Fund. The fund will owe Rs. 45.80 crores in all to the General Revenues at the end of 1969-70.

The revival of passenger traffic, noticed since August last year, is expected to be maintained and passenger traffic next year is expected to be 3 per cent higher than this year. Passenger earnings for 1969-70 are estimated at Rs. 217 crores.

Other coaching earnings are estimated at Rs. 47.5 crores and sundry earnings at Rs. 30.5 crores. An allowance of Rs. 4.2 crores has been made for an increase in unrealised sundry earnings.

Works Programme

A provision of Rs. 255 crores has been made for next year for investment in Works, Rolling Stock and Machinery. Rolling Stock and Machinery, including advances to private manufacturers for materials will account for Rs. 118 crores and net expenditure on works will amount to Rs. 134 crores. A reduction of Rs. 4 crores is expected under the head "Inventories".

The Works Programme has been kept at a reasonable minimum level. Among the important new works included are the doubling of some portions on the Grand Trunk route between Agra and Bina on the Central Railway and between Kazipet and Balharshah on the South Central Railway; doubling of some patches between Jalarpet and Cochin on the Southern Railway and between Alnia and Kota on the Western Railway; restoration of the

Thurbhita-Bhaptiahi line on the North Eastern Railway; and the doubling of the Rajabehra-Bokharo Steel City and Muri-Hatia sections of the South Eastern Railway to serve the requirements at the Bokharo Steel plant.

Fourth Plan : Making a reference to the Fourth Five Year Plan, the Minister for Railways said that the best projection of traffic growth made in consultation with the Planning Commission and the Ministries concerned, indicated that at the end of the Plan traffic would increase by 62 million tonnes over the current year. More than half of it would be contributed by movements of raw materials including coal to the steel plants, coal for other consumers and iron ore for export. Finished products from steel plants and cement would increase by 3 million tonnes each. With the hopeful prospects of increase in traffic, the existing capacity of the Railways would be more fully utilised and the Railways' financial position could be expected to improve provided increase in wages and prices did not affect the position as they had done in recent years.

Divisional System

The Railway Minister announced that the divisional system would be introduced in the North-Eastern and North-East Frontier Railways, where both the complexity of railway operation and work load had increased. The North-Eastern Railway would have four divisions with

headquarters at Izatnagar, Lucknow, Varanasi and Samastipur. On the North-East Frontier Railway all the operating districts would be upgraded to divisions except Tinsukhia which will be only a transportation division till the workload justifies its becoming a full division.

Electrification

The Nandgaon-Bhusaval section of the Central Railway would be electrified this year and the Andul-Calcutta chord link of the Eastern Railway during the next year. Electrification was proceeding on the Kanpur-Tundla section of the Northern Railway and field work would begin soon on the Virar-Sabarmati section of the Western Railway.

Fair Deal to Staff

After enumerating the various decisions taken during the year to substantially improve the service conditions of railway staff, Dr. Ram Subhag Singh said necessary relief would be provided to staff who had been at the maximum of their pay scales for some time. This would be in addition to any benefits that may come from the recommendations of the one-man tribunal under the former Chief Justice of Gujarat, Mr. N. M. Miabhoy, appointed to go into the demands of the National Federation of Indian Railwaymen.

Further adjustments in the cadre of railway officers were under consideration.

RESEARCH

RESearch in pure science is carried out mainly in the universities, scientific surveys of the Government, and in some research institutes such as the Tata Institute of Fundamental Research. The Council of Scientific & Industrial Research (C.S.I.R.) and the Department of Atomic Energy provide facilities for fundamental or basic research in their laboratories and institutes, and also sponsor such research in universities and research institutions all over the country.

Research in applied science and for industrial development is done mainly under the auspices of the C.S.I.R., the Co-operative Industrial Research Associations, institutes functioning under various Ministries and the laboratories attached to a few industrial concerns.

The Shri Ram Institute for Industrial Research, Delhi, undertakes, on a 'non-profit' basis, researches on projects sponsored by industrial concerns, groups of companies, individuals and Government agencies.

Research in engineering subjects is undertaken in some of the C.S.I.R. laboratories and institutes, the Indian Institute of Science, Bangalore, Central and State Hydraulic Engineering Research Stations, higher technological institutions, like the Indian Institute of Technology, Kharagpur, and in a few engineering colleges, such as the College of Engineering and Technology, Jadavpur.

The Council of Scientific & Industrial Research, also sponsors engineering research in various institutions through its research committees.

Agricultural research is looked after by the Indian Council of Agricultural Research, New Delhi, The Indian Agricultural Research Institute, New Delhi, and the various Central Committees for agricultural commodities like the Indian Central Cotton Committee, Indian Central Jute Committee, etc. and the research institutes functioning under the Ministry of Food and Agriculture. (See article on Agriculture.)

The Indian Veterinary Research Institute, Izatnagar (U.P.) is concerned with veterinary diseases. The National Dairy Research Institute at Karnal in the Punjab works on dairy research.

Research in forestry and forest products is undertaken by the Forest Research Institute and Colleges at Dehra Dun.

Medical research is carried out under the auspices of the Indian Council of Medical Research, institutes functioning under the Ministry of Health, and the Council of Scientific and Industrial Research.

Research in the humanities—literature, language, the arts, etc.—is done at individual institutions scattered throughout the country.

Research in social problems such as social tensions, social welfare and labour welfare is conducted as part of their work at many universities.

About 275 research journals (English) are published in India. These cover a wide range of subjects, grouped as follows: General science, 31; Engineering, including civil, electrical, telecommunication and aeronautical, 31; Chemistry, including biochemistry, chemical technology, plastics, paint, oils and fats, soap, and food, 21; Agriculture, including forestry, 35; and Medical sciences, 64.

SCIENTIFIC SOCIETIES

Role of Scientific Societies: (i) Bringing together of scientists specialized in the same area of knowledge; (ii) Affording them an opportunity for inter-communication of ideas within a discipline or between various disciplines through conferences, special discussions and publication of journals; (iii) Serving as a platform for discussing general problems of science, such as organization, education, problems of manpower; (iv) Acting as a forum for crystallization of ideas regarding the relation of science to society and as a centre for disseminating and popularizing science; (v) Recognizing contributions to science of its members and conferring distinctions on them.

Kalyanpur, Kanpur; *Indian Ceramic Society*: C/o Banaras Hindu University, Varanasi-5; *The Indian Institute of Architects*: Prospect Chambers Annexe, Dr. Dadabhai Naoroji Road, Bombay; *The Geological Mining & Metallurgical Society of India*: Geology Department, Presidency College, Calcutta-12; *The Oil Technologists' Association of India*: Nawabganj, Kanpur; *Indian Society of Engineers*: 12-B Netaji Subhash Road, Calcutta-1; *The Indian Institute of Metals*: 31, Chowringhee Road, Calcutta-16; *The Textile Association*: "Santosh", 72-A, Shivaji Park, Bombay-28; *Gujarat Institute of Civil Engineers & Architects*: Law College Road, Ahmedabad-6; *The Aeronautical Society of India*: 13/B, Indraprastha Estate, New Delhi-1; *Institution of Surveyors*: Kashmir House, King George's Avenue, New Delhi; *Quality Control Association*: 4, Richmond Road, Bangalore-25; *Indian Institute of Chemical Engineers*: Jadavpur University Campus, Calcutta-32; *The Institution of Telecommunication Engineers*: F/12, South Extension Part II, Ring Road, New Delhi; *Indian Society of Rayon Technologists*: 144, Dharavi Road, Bombay-17; *Indian Leather Technologists' Association*: Mercantile Buildings, Lal Bazar, Calcutta-1; *Essential Oil Association of India*: H. B. Technological Institute, Kanpur; *Institute of Consulting Engineers*: Central Office, 9, Hastings Street, Calcutta-1; *International Commission on Irrigation and Drainage*: Golf Links, New Delhi-3; *The Society of Power Engineers*: 'Clermont', Simla-4; *The Chemical Engineering Association*: Indian Institute of Science, Bangalore-12.

GENERAL SOCIETIES

Asiatic Society: 1, Park Street, Calcutta-16; *Indian Association for the Cultivation of Science*: Jadavpur,

* This has been included in this group for want of a separate grouping for this discipline.

Calcutta-32; *Indian Science Congress Association*: 64, Dilkhusa Street, Calcutta-17; *Vijnana Parishad*: Muir College Compounds, Thornhill Road, Allahabad-2; *The National Academy of Sciences*: 5, Lajpatrai Road, Allahabad-2; *National Institute of Sciences of India*: Mathura Road, New Delhi-1.

Indian Science News Association: 92, Acharya Prafulla Chandra Road, Calcutta-9; *The Current Science Association*: Bangalore; *Science Club*: 1110, S. N. Banerjee Road, Calcutta-13; *Bangiya Bijnan Parishad*: 294/2/1, Acharya Prafulla Chandra Road, Calcutta-9; *Assam Science Society*: Department of Mathematics & Statistics, Gauhati University, Assam; *Kamarupa Anusandhan Samiti*: Assam Research Society, Gauhati; *The Institute of Information Scientists*: C.S.I.R. Building, Rafi Marg, New Delhi-1; *All India Science Teachers' Association*: 33, Probyn Road, Delhi-6; *The Rajasthan Academy of Sciences*: Pilani (Rajasthan).

RESEARCH IN HUMANITIES

Research in the humanities—literature, language, arts, etc.—is engaging the attention of individual institutions scattered throughout the country.

Anjuman-Islam Urdu Research Institute, D. Naoroji Road, Bombay 1; Anthropological Society of Bombay, C/o K. R. Cama Oriental Research Institute, 136, Apollo Street, Bombay; Bangiya Sahitya Prashad, 243-1, Upper Circular Road, Calcutta; Bhandarkar Oriental Research Institute, Poona; Bharatiya Itihasa Samshodhaka Mandal, Sadashiv Peth, Poona; Bharatiya Vidya Bhawan, Chowpatty, Bombay; B. J. Institute of Learning and Research, Bhadra, Ahmedabad; B. M. Institute of Child Development, Pharmacy College, Navrangpura, Ahmedabad; Bureau of Psychology, Allahabad; D. A. Memorial Institute, C/o Bharatiya Itihasa Samshodhaka Mandal, Poona; Deccan College of Post-Graduate and Research Institute, Poona; Department of Anthropology, Indian Museum, 27, Chowringhee Road, Calcutta; Department of Archaeology, Ministry of Education, New Delhi; Department of Historical and Antiquarian Studies, Gauhati; Dharmakosha Mandal (Vedic Research Institute), C/o Prajna Pathshala, Wai, District Satara; Ganganath Jha Research Institute, Allahabad; Gokhale Institute of Politics and Economics, Poona; Gujarat Research Society, Bombay; Hindi Vidya Pith, Deoghar, Bihar; Indian Institute of Education, 11, Horniman Circle, Bombay; Indian Institute of Philosophy, Amalner, Dt. Jalgaon, Maharashtra; Kannada Research Institute, Dharwar; Karnatak Research Society, Dharwar; K. F. Jayaswal Research Institute, Patna; K. R. Cama Oriental Institute, 136, Apollo Street, Bombay; Kuppaswami Sastri Research Institute, Mylapore, Madras; Mandir Vidya Pith, Bhagalpur, Bihar; Marathi Sanshodhan Mandal, Mumbai; Marathi Granth-sangrahalaya, Thakurdwar, Bombay; Mithila Institute of Post-Graduate Studies and Research in Sanskrit Learning, Darbhanga, Bihar; Nalanda Pali Institute, P.O. Nalanda, Patna; National Archives of India, Ministry of Education, New Delhi; Oriental Research Institute, Mysore; Rajasthan Vishva Vidya Peeth, Udaipur; Rajwade Samshodhan Mandal, Dhulia, Maharashtra; Scindia Research Institute, Ujjain; Shri G. K. Institute of Rural Education, Gargoti, Kolhapur District; Sheth Bholabhai Jeshingbhai Institute of Learning and Research, Bhadra, Ahmedabad; Shri Farbes Gujarati Sabha, Bombay; Tata Institute of Social Sciences, Chembur, Bombay; The Asiatic Society, 1, Park Street, Calcutta; Vachan Mantapa (Kannada Research Institute), Belgaum; Venkateswara Research Institute Tirupati; Vaidika Samshodhana Mandal, Tilak Memorial, Poona; Vaishali Prakrit Institute, Muzaffarpur;

Vishveshwaranand Vedic Research Institute, Hoshiarpur, Punjab.

OTHER RESEARCH SOCIETIES

Physical Science: Association of Applied Physicists, 92, Acharya P. C. Ray Road, Calcutta-9; Calcutta Mathematical Society, 92, Acharya P. C. Ray Road, Calcutta-9; Indian Chemical Society, 92, Acharya P. C. Ray Road, Calcutta-9; Bombay Geographical Association, Parle College Mablou, Bombay-57; Association of Indian Geographers, P.B. No. 644, New Delhi.

Medical Science: Association of Pediatricians of India, Back-Bay View, New Queen's Road, Bombay-4; Association of Physicians of India, "Dream Lands", New Queen's Road, Bombay-4; Helminthological Society of India, School of Tropical Medicine, Calcutta-12; Indian Medical Association, Shri Niwas, S. V. Patel Road, Bombay-4; Society of Experimental Medical Science (India), P-27, Prinsep Street, Calcutta-13; Tropical Diet Research Society, 1/6, Fakir Chakravarti Lane, Calcutta-6; Indian Society of Gastroenterology, D/3, Ansari Nagar, New Delhi-16; Association of Otolaryngologists of India, Lampert's Hospital, Marshal's Road, Egmore, Madras-8; The Indian Radiological Association, 148, Big Street Madras; Madras Medical Association, Madras Medical College, Madras; Bombay Veterinary Medical Association, Rani Nagar, H. No. A-7/1, Nagpur.

Biological Science: Horticultural Society of India, Indian Agricultural Research Institute, Pusa Road, New Delhi-12; Indian Dairy Science Association, Hosur Road, Bangalore-1; Indian Ecological Society, I.A.R.I., Pusa Road, New Delhi-12; Indian Society of Agronomy, I.A.R.I., Pusa Road, New Delhi-12; South Indian Horticultural Association, Lawley Road, P.O. Coimbatore; Zoological Society of India, Zoological Survey of India, Calcutta.

Engineering & Technological: Engineering Association of Northern India, G.T. Road, Batala (Gurdaspur), Punjab; Indian Metallurgical Association, 20, Strand Road, Calcutta-1; Indian Pharmaceutical Association, Bharati Bhavan, 3rd Floor, 213-219, Frere Road, Fort, Bombay-1; Institute of Industrial Engineers, Hindustan Lever Ltd., Bombay; Society for Corrosion and Coating Technology, Govt. Test House, Alipore, Calcutta; Society of Electronics Engineers, Electronics Research and Development Establishment, P.O. Box No. 108, Bangalore-1; Institution of Electrical Engineers, 1, Forbes Street, Fort, Bombay-1; Technological Association, Dept. of Chemical Technology, Matunga Road, Bombay-19; Indian Roads Congress, Jamnagar House, Mansingh Road, New Delhi; Minerological Society of India, A.C. College Building, Guindy, Madras-25; Indian National Society of Soil Mechanics and Foundation Engineers, New Delhi.

General: Indian Academy of Sciences, Hebbal P.O., Bangalore.

COUNCIL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

Scientific research under state auspices in India is carried out mainly through the Council of Scientific and Industrial Research and the various National Laboratories/Institutes set up under its control and in the universities and research institutes aided by the Council.

The promotion, guidance and coordination of industrial research in India and the utilization of the results of the researches towards the development of industries in the country are the main aims of this Council. During the past 20 years, the laboratories of the Council have carried

out pioneering work in the development of technological knowledge for utilising the vast resources of the country. The services rendered by them in investigation and research on indigenous raw materials and adaptation of processes to Indian conditions have helped in the establishment of major industries in the country.

The research projects are selected on the priority basis by a Board of Scientific and Industrial Research consisting of scientists, technologists and industrialists. Greater emphasis is now being laid on applied research. The research programmes of the Council are currently being reoriented to the needs of the country and to put to maximum advantage the available resources. The Council's laboratories have released about 270 processes to the industry, out of which about 135 processes are in actual production. Besides there are about 250 processes which are now ready for exploitation.

The Council has a liberal system of grants-in-aid through which scientists in other technical institutions, industrial laboratories and universities are supported to pursue fundamental and applied research and develop their own specialised fields of research. It also grants fellowships to qualified persons who wish to pursue science as career.

National Research Development Corporation

(See under All India Corporations).

NATIONAL LABORATORIES

There are 37 National Laboratories/Institutes/Units and three museums functioning under the Council of Scientific and Industrial Research. There are a number of regional foundry stations, drug farms and factories and other regional centres functioning under the various laboratories and institutes.

The names of the Laboratories/Institutes and Units with their locations (in Italics), at various centres in the country and the functions entrusted to them are as follows :—

National Physical Laboratory, New Delhi :—Research in problems relating to Physics, both fundamental and applied. Maintenance of Standards Testing facilities are also available.

National Chemical Laboratory, Poona :—Fundamental and applied research covering the whole field of chemistry for which other specialised institutes have not been set up. The National Collection of Type Cultures is housed in the Laboratory.

Central Fuel Research Institute, Jealgora (Bihar) :—Fundamental and applied research on fuels—solid, liquid and gaseous. Physical and chemical surveys of Indian coals are conducted through seven coal survey stations under the Institute. It maintains seven coal survey stations.

Central Glass and Ceramic Research Institute, Jadavpur :—Research on different aspects of glass and ceramics, pottery, porcelain, refractories and enamels; development of processes for manufacture of glass and ceramic articles; standardisation of raw materials used in the ceramic industry. It also maintains a glass, ceramic and mineral field research unit at Regional Research Laboratory, Jammu-Tawi.

Central Food Technological Research Institute, Mysore :—Food processing and conservation of food, food engineering and all aspects of fruit technology. Regional Fruit and Vegetable Preservation Stations at Trichur, Nagpur, Bombay, Lucknow, Mangalore, Simla, Jammu-Tawi and Cuddapah have been recently established.

National Metallurgical Laboratory, Jamshedpur :—Fundamental & applied metallurgical research. It maintains four regional foundry research stations; located at Punjab, Howrah, Madras and West Bengal.

Central Drug Research Institute, Lucknow :—All aspects of drug research including evaluation & standardisation of crude drugs, discovery of substitutes for pharmacopoeial drugs and plants, pharmaceutical and synthetic chemicals, biochemistry and biophysics, infection, immunisation, pharmacology, chemotherapy & experimental medicine.

Central Road Research Institute, New Delhi :—Research on road materials, testing of road materials and road surfaces.

Central Electro-Chemical Research Institute, Karaikudi (Madras) : Research on different aspects of electro-chemistry, including electro-metallurgy, electro-deposition and allied problems. The institute has two testing centres at Madras and Ramanathapuram.

Central Leather Research Institute, Madras :—Fundamental and applied aspects of leather technology. The institute has five extension centres at Calcutta, Rajkot, Jullundur, Kanpur and Bombay.

Central Building Research Institute, Roorkee :—Engineering and structural aspects of building and human comforts in relation to buildings.

Central Electronics Engineering Research Institute, Pilani (Rajasthan) :—Design and construction of electronic equipment and components and test equipment.

National Botanic Gardens, Lucknow :—Collection & large-scale cultivation of economic and medicinal plants of industrial importance.

Central Salt & Marine Chemical Research Institute, Bhavnagar :—Investigation of production of pure salts, reduction in cost of production; economic utilisation of by-products of salt manufactures, development of new methods and technique for the recovery, production & utilization of various marine & allied chemicals.

Central Mining Research Station, Dhanbad :—Research in methods of mining, safety in mines and mine machinery.

Regional Research Laboratory, Hyderabad :—Research in problems relating to the industries and raw materials of the region.

Indian Institute of Experimental Medicine, Calcutta :—Research in various aspects of biochemistry as applied to medicine, bacteriology, etc.

Birla Industrial & Technological Museum, Calcutta :—A museum to depict scientific and technological advancement.

Regional Research Laboratory, Jammu-Tawi (Jammu & Kashmir) :—Research in problems relating to the industries and raw materials of the region & research specially directed to medicinal plants of the Himalayas (Kashmir Region).

Central Mechanical Engineering Research Institute, Durgapur (W. Bengal) :—Research in Mechanical Engineering in all its aspects. It maintains mechanical Engineering Research and Development Centres at Ludhiana, Poona and Madras.

Central Public Health Engineering Research Institute, Nagpur :—Research in all aspects of public health engineering and co-ordination of work of all interested agencies in this field in the country. A number of Field Centres and Units at various places have also been established by the Institute. The field centres are located at Sewage Farm Road, Ahmedabad and Dr. Annie Besant Road, Worli, Bombay.

National Aeronautical Laboratory, Bangalore :—Scientific investigations of the problems of flight with a view to their practical application to the design, construction and operation of aircraft in India.

Regional Research Laboratory, Jorhat :—Research problems relating to more efficient utilisation and better conservation of important national resources of Assam and surrounding areas with a view to aiding the industrial development of the region.

Regional Research Laboratory, Bhubaneswar :—Identification and exploration of problems of the region, bringing projects of potential local application to the attention of local industries and providing assistance to associated local industries in the testing of their products and quality control.

Central Indian Medicinal Plants Organisation, 4, Sapru Marg, Lucknow :—Co-ordination of activities in the development of cultivation and utilisation of medicinal plants and to develop the vegetable drug resources of the country. It has two zonal centres located at Bangalore and Haldwani (U.P.), and maintains four drug farms and factories in Jammu and Kashmir.

Central Scientific Instruments Organisation, Chandigarh :—Promotion and development of indigenous manufacture of scientific instruments for teaching, research and industry. Its service centres are located in New Delhi and Madras.

Indian Institute of Petroleum, Dehra Dun :—Research in petroleum refining and processing of natural gas, petro-chemicals, etc., and providing facilities for the training of personnel for oil and petroleum industries.

National Geophysical Research Institute, Hyderabad :—Gravitational, magnetic, electrical and seismic surveys for understanding the crustal structure of India and also study and improvement of methods and techniques of exploration.

National Institute of Oceanography, New Delhi :—Research on various aspects of physical biological, geological and chemical oceanography including prospecting for petroleum and minerals in sea bed. The Institute maintains Indian Biological Centre, Indian Ocean Physical Oceanographic Centre at Ernakulam. The International Biological Programme also functions at I.O.P.O. Centre, Ernakulam.

National Biological Laboratory (in planning), Palampur (Kangra Valley), Himachal Pradesh :—Both fundamental and applied research in modern aspects of biological sciences.

Structural Engineering Research Centre, Roorkee :—Research in specialised design and development work in structural problems connected with buildings, bridges and other structures.

Industrial Toxicological Research Centre, Lucknow :—To study the harmful effects of industrial toxins on skin, blood, gastro-intestinal tract, central nervous system, bones, etc.

Visvesvaraya Industrial & Technological Museum, Bangalore :—A museum to depict scientific & technological advancement.

Scientific and Technical Personnel :—The National Register maintained by the Directorate of Scientific and Technical Personnel, CSIR, is a clearing house of information regarding availability and utilisation of our scientists, engineers, technologists, medical personnel and social scientists in India and abroad. Based on

the data in the Register and on independent surveys, the Directorate carries out manpower research on the general and special characteristics of scientific and technical personnel, and their utilisation or wastage. Research reports are published periodically in the Technical Manpower Bulletin. These studies help formulation of scientific personnel policies, recruitment, and manpower planning.

The Council operates a Scientists' Pool. It provides temporary placement and employment assistance to highly qualified scientific and technical personnel, particularly those returning from abroad. Special studies on the characteristics of Indians with recent foreign training, and their subsequent utilisation are being made.

Publications and Information Directorate : A major publication of the Directorate is the Dictionary of Indian Raw Materials and Industrial Produce published under the "Wealth of India".

The Directorate also brings out periodicals: Journal of Scientific and Industrial Research, Indian Journal of Chemistry, Indian Journal of Pure and Applied Physics, Indian Journal of Technology (Monthly), Indian Journal of Experimental Biology, Indian Journal of Biochemistry, and Research and Industry (Quarterlies). Monographs on botanical and zoological topics and proceedings of symposia are among the other major publications.

A monthly journal entitled "Science Reporter" is brought out from 1964.

Documentation : The Indian National Scientific Documentation Centre (INSDOC), New Delhi established with technical assistance from UNESCO, provides a complete range of documentation services to individuals and institutions all over the country. *Publications* : Indian Science Abstracts (monthly) 1965 and Annals of Library Science and Documentation (Quarterly) 1954.

Sponsored Research : Through a liberal system of grants-in-aid, scientists in other technical institutes, industrial laboratories and universities are enabled to pursue fundamental and applied research and develop their own special fields. There are, at present, more than 720 such schemes in progress at more than 100 centres. Apart from the practical results achieved, the schemes provide opportunities of training of young research workers and develop centres of independent research. Junior and senior fellowships tenable in the universities as well as in national laboratories are also being awarded to talented young persons, besides financial aid to retired scientists. At present more than 1,220 such fellowships are tenable at universities, laboratories, and other research organisations.

Co-operative Research Associations : Co-operative research associations in different industrial fields are being assisted in their capital and recurring expenditure and by way of technical advice, preparation of plans and procurement of experts and materials. Ten such associations now functioning are catering to the textiles, rubber, silk, art silk and paint, plywood, wool, tea and cement industries. Similar associations are in the process of being formed for foundry automobile, radio and electronic industries.

Liaison & Extension Services : Active Industrial Liaison & Information Units have been set up in most of the National Laboratories to make direct contact with the industry, trade associations and users of research to identify the problems of industry and formulate them into research projects for the laboratories.

NUCLEAR RESEARCH AND ATOMIC ENERGY

The Tata Institute of Fundamental Research is the National Centre for advanced study and fundamental research in nuclear physics and mathematics and consists of a school of physics and a school of mathematics.

The Institute is the largest centre for cosmic ray research in India. Its nuclear emulsion group for the study of elementary particles is one of the largest in the world. The Institute also houses, as a national facility, an advanced and modern computer CDC 3600-160A. It also has a IMeV Cascade Generator. A high resolution radiotelescope for solar studies has been installed at Kalyan, near Bombay.

A large cylindrical radiotelescope being constructed at Ootacamund will be used for lunar occultation studies of radio sources.

Two other important institutions conducting research in nuclear physics are the Saha Institute of Nuclear Physics, Calcutta and the Physical Research Laboratory, Ahmedabad.

A high altitude research laboratory is functioning at an altitude of 9,000 ft. at Gulmarg in Kashmir. A similar laboratory is being established at Kodaikanal.

Two other units under the administrative control of the department are the Radiation Medicine Centre and the Tata Memorial Centre in Bombay.

Considerable fundamental research in nuclear science and cosmic rays is also being conducted at various universities and research institutions all over India with financial assistance from the Department of Atomic Energy. During 1968-69 a sum of Rs. 12.50 lakhs was sanctioned as assistance.

The development and control of atomic energy in India is regulated by the Atomic Energy Act (Act No. 33 of 1962) and the Department of Atomic Energy handles all business of the Government of India relating to atomic energy and functions of the Central Government under the Act.

The Atomic Energy Commission is responsible for (a) formulating the policy of the Department of Atomic Energy, (b) preparing the budget of the Department for each financial year and getting it approved by the Government, and (c) implementing Government's policy in all matters concerning atomic energy.

The scientific and technical work of the Department is carried out by the Atomic Minerals Division and the Bhabha Atomic Research Centre at Trombay near Bombay.

Some of the more important functions of the Atomic Minerals Division are: (a) geological survey for and development of atomic minerals, (b) geographical survey, (c) geochemical survey, (d) mineral technology, (e) drilling, (f) mining, (g) stockpiling, (h) conservation of minerals and (i) technical assistance and training.

Bhabha Atomic Research Centre, Trombay

The Bhabha Atomic Research Centre (BARC), is India's principal centre for research and development in the field of atomic energy.

The work of BARC is organised under six major groups, viz. Physics, Engineering, Electronics, Metallurgy, Bio-medical and Administration. Each group is under the charge of a Director and comprises three or more divisions. There is also a directorate of Radiation Protection.

Every year about 150 science graduates and engineers are recruited and given intensive training for one year to be absorbed in the various projects of the Atomic Energy Department.

Research Facilities: Besides the reactors the following principal facilities exist: (1) A 5.5 MeV Van de Graaff accelerator, (2) Mass spectrometers, (3) A 200 kv electron diffraction camera fabricated in the Establishment, (4) A slow chopper built in the Establishment, (5) A mechanical monochromator built in the Establishment, (6) Crystal spectrometers and a double crystal spectrometer, (7) Spectrometers including double beam and vacuum grating ones, (8) Plasma torch built at Trombay, (9) Cloud chambers, (10) Magnetometers, (11) Various types of electronic instruments, (12) a multi-arm spectrometer built at Trombay, (13) Electro-magnetic isotope separator, (14) Experimental Electroliser to produce very pure hydrogen, (15) Various instruments used in chemical analysis such as fluorimeters, polarimeters, spectro-photometers, calorimeters etc., (16) Freeze drying units for units for blood plasma etc., etc.

A 400-channel nuclear data processor has been built. There are a Seismic Station at Gauribadanur near Bangalore to detect underground nuclear explosions and a Gamma Garden at Trombay for carrying out investigations and studies on induction of mutations in plants.

The Radiation Medicine Centre is now adopting most of the recognized methods for the diagnosis and treatment of diseases with the aid of radioisotopes.

Production Facilities: (1) Uranium Metal Plant & Thorium Plant, (2) Fuel Element Fabrication Plant, (3) Radioisotope Production Facilities, (4) Heavy Water Pilot Plant, (5) Heavy Water Reconciliation Plant, (6) Plutonium Plant, (7) Electronic Instruments, (8) Vacuum equipment, mass spectrometers etc., etc. The Electronics Corporation of India has been set up at Hyderabad for the commercial exploitation of electronic equipment developed at Trombay.

INDUSTRIAL OPERATIONS

Electronics Corporations of India Ltd., Hyderabad: It took over the activities of the Electronics Production Unit of the Bhabha Atomic Research Centre with a view to producing on a commercial scale a variety of nuclear instruments, control panels, etc. developed at B.A.R.C.

Rare Earths Plant, Alwaye and Thorium Plant, Trombay: See under "Government Industrial Undertakings".

Minerals Division: The Company conducts the operation of the mineral sand industry which was being run by Travancore Minerals Ltd.

Uranium Ore Mill: A uranium mill with a capacity to treat 1,000 tonnes of uranium ore per day is in operation at Jaduguda in Bihar. The process employed was developed in the B.A.R.C. at Trombay.

Uranium Corporation of India Ltd.: This company's registered office is in Jaduguda, Bihar. It is responsible for developing the uranium mine and for the operation of the Uranium Mill at Jaduguda.

Mineral Sand Industry: Indian Rare Earths Ltd. is currently operating two plants in Manavalakurichi (on the West Coast of Tamil Nadu) for the separation of ilmenite, monazite, rutile and zircon.

Uranium Metal Plant: This plant has an annual capacity of about 30 tonnes of nuclear grade uranium. A process for the production of ceramic grade uranium

dioxide has been successfully developed on the basis of which design of a 250 tonnes uranium oxide plant has been completed.

Heavy Water Reconciliation Plant: The plant is designed for the reconciliation of down-graded heavy water.

A small scale electrolyser assembly for reconciliation of down-graded heavy water has also gone into operation.

A pilot plant for producing enriched Boron-10 used in neutron counters has been designed, fabricated and installed at Trombay.

Heavy Water Plant: The first Heavy Water Plant in Asia designed to produce 15 tonnes of heavy water annually in conjunction with the Fertilizer Corporation of India's Nangal Unit has started producing nuclear grade heavy waters.

ATOMIC MINERALS

The Atomic Minerals Division of the Department of Atomic Energy has been engaged in country-wide exploration, prospecting and development of atomic minerals, particularly those of uranium, thorium, beryllium, columbium-tantalum, lithium, etc.

As a result of the investigations carried out, several uranium occurrences of variable grade, size and importance have been located in different parts of the country, the major deposits being those at Jaduguda, Narwapahar and Bhatin in the Singhbhum Copper Belt of Bihar. Favourable indications of uranium recently located in the Himalayan region in Kulu, Rampur-Bushahr and Garhwal, are currently under investigations.

The coastal tracts of India, together with several island areas, particularly those of Ranchi (Bihar) and Purulia (West Bengal) are sources of large amounts of monazite and provide India with the largest thorium deposits in the world. Indian monazite contains 8 to 10 per cent ThO_2 and upto 0.3 per cent U_3O_8 . Total reserves of monazite are estimated at some 5 million tons with ThO_2 content of 0.45 million tons and U_3O_8 content of 15,000 tons.

Ilmenite, which is associated with monazite, forms reserves of about 100-150 million tons, of which 65.32 million tons are measured reserves, the rest accounting for indicated and inferred reserves. Reserves of zircon, which is also found in association with monazite-bearing sands, are estimated at about 10 million tons, of which 3.34 million tons constitute measured reserves and the rest indicated and inferred reserves.

Intensive prospecting has also led to the location of several new occurrences of beryllium, columbium-tantalum and lithium minerals, in addition to those already known in the mica belts of Bihar, Rajasthan, Madhya Pradesh and Andhra Pradesh, besides smaller ones in Tamil Nadu and Mysore.

The Division also helps private parties including universities and institutions interested in prospecting and mining atomic minerals by providing technical advice, loan of G.M. counters, analysing samples free of charge and by extending such other help as would promote and widen the field of exploration.

NUCLEAR REACTORS

Apsara: The first nuclear research reactor in Asia, outside the USSR, attained criticality on August 4, 1956. It is an enriched uranium light water moderated and cooled pool type reactor. The reactor is designed for a maximum power level of 1 MW.

A number of experimental facilities have been provided in the reactor which has proved to be extremely useful for fundamental and applied research in basic sciences and engineering, radioisotope production and training of personnel.

The first fuel charge was removed from the reactor in December, 1964 since it had attained its maximum burn-up. Maintenance of various reactor components as well as improvements in cooling and control systems, were carried out in the first quarter of 1965. The reactor was started up with the second charge of fuel elements—also hired from United Kingdom—in June 1965.

The standard element of second fuel charge contains 140 gms. of U-235 (80 per cent enriched uranium). For normal operation the reactor core contains about 25 fuel elements.

Cirus: (formerly known as CIR) is India's second research reactor, built as a joint Indo-Canadian project under the Colombo Plan. The reactor attained criticality on July 10, 1960. The total cost of the project is approximately Rs. 10 crores, being shared in roughly equal proportions by the two countries.

Cirus is a natural uranium heavy water moderated and light water cooled high flux research reactor with a terminal power of 40,000 KW. It is operated round the clock. The reactor is used for basic and applied research in physics, chemistry, biology, metallurgy and reactor technology, for the production of large quantities of high activity radioisotopes as well as plutonium-239 and uranium-233 and for the training of personnel for future reactor programmes.

The standard fuel rod contains about 55 kg. of natural uranium. For normal operation the reactor core contains about 185 fuel rods and 20 tonnes of heavy water.

Zerlina: Is India's third research reactor. It is a zero energy reactor for lattices investigations and new assembly studies. The reactor attained criticality on January 14, 1961 with a natural uranium—heavy water loading. The reactor is operated on a two shift basis upto a maximum power of 100 W and is being extensively used for physics and studies of uranium—heavy water lattices.

The standard fuel rod contains about 45 kg. of natural uranium. The standard core contains 80 fuel rods and about 8 tonnes of heavy water.

The natural uranium fuel elements of CIRUS and ZERLINA are fabricated in Trombay.

Directorate of Radiation Protection

Under the Department of Atomic Energy is responsible for country-wide radiation safety.

A country-wide film badge service is being conducted by the Directorate for persons working with radiation sources. The Service now covers nearly 1,100 institutions. It is expected that the film badge service, radiological protection surveys and prior approval of plans for radiation installations will be made compulsory in the near future.

The Directorate conducts (i) a one year postgraduate course in radiological physics; and (ii) four short-term courses every year on the industrial, medical and other applications of radiation and the associated safety aspects. It does research and development in fields such as hospital physics, radiation dosimetry and instrumentation, radiation applications and radiation bio-physics. It is also responsible for the formulation and promulgation, under the Atomic Energy Act, of various rules and regulations relating to radiation safety.

Fuel Element Fabrication Facility

It went into operation in June 1959. The entire charge of fuel elements used for CIRUS and for ZEPLINA was fabricated here. The present capacity of this plant is about 30 to 40 tonnes of fuel elements per year.

It has been decided to set up at Hyderabad an industrial plant for the fabrication of fuel elements for power reactors. A good deal of development work has been carried out in the existing facility at Trombay for the fabrication of power reactor fuel elements, which consists of sintered uranium oxide pellets clad in the zircaloy.

Central Workshops

A manufacturing facility for the production of specialised equipment and apparatus required for the country's nuclear research and development programme has been set up at Trombay at an approximate cost of Rs. 2.3 crores. The value of routine work-load on these shops is expected to be over Rs. 50 lakhs a year excluding work-load on major projects and large scale fabrication of prototype equipment and experimental set ups. The workshops have already started fabrication equipment for the Rajasthan Atomic Power Project. Similar fabrication is being undertaken for other projects, resulting in savings in cost and foreign exchange. The first batch of three Centaur rockets has been fabricated and despatched to Thumba. The workshops when in full operation will also expedite development work.

Graphite Shop

This is a facility set up for the purpose of machining graphite of grades of nuclear purity. This shop has undertaken during the course of the last few years the machining of over 300 tons of graphite required for the three reactors viz., APSARA, CIRUS and ZERLINA besides numerous other works such as graphite moulds, crucibles and other components required by the various Divisions of the Trombay Establishment for their research and development work.

Radiochemistry Laboratory

This laboratory is equipped with the most modern facilities for handling plutonium and other higher radioactive elements. Research on various aspects of the fission of heavy elements is being carried out using radio-chemical techniques. Fission product isotopes are being supplied to various customers. A large number of scientists from the establishment as well as outside institutions including those from outside India have been trained in radiochemical techniques.

Isotope Laboratory

This Laboratory is responsible for the production and processing of radio-isotopes like iodine-131, phosphorus-32, chromium-51, iron-59 etc. The laboratory has also facilities for the production of radiopharmaceuticals required for diagnostic purposes in nuclear medicine, and for the production of organic compounds labelled with carbon-14 and tritium. Facilities have been provided for the fabrication of multicurie sealed radiation sources of cobalt-60 and irridium-192 required for industrial use and also for development work connected with the applications of radioisotopes to industrial problems such as gamma radiography, siltation studies, etc. During 1968 the sale value of isotopes, equipment and services rendered totalled nearly Rs. 22 lakhs including Rs. 2.59 lakhs in export.

Plutonium Plant

The irradiated fuel contains a small amount of plutonium, a valuable nuclear material along with a large

quantity of radioactive fission products. Investigations have been conducted on the separation of plutonium from the irradiated fuel. A plant has been built at Trombay for treating primarily the natural uranium fuel rods irradiated in CIRUS for recovering plutonium from them.

A bigger reprocessing plant being built at Tarapur is expected to be completed by the end of 1973.

Electronic Instruments and Components

The Electronics Division of Trombay Establishment has designed, developed and fabricated a variety of nuclear and industrial instruments which include Geiger Counters, Radiation Survey Meters, Contamination Monitors, High and Low Voltage Units, Scalers, Single Channel Analysers, Pulse Amplifiers, PH Meters, Electronic Multimeters, Oscilloscopes, Strain Gauge Amplifiers, Magnetic Amplifiers, Servo Amplifiers, Moisture Gauges, Density Gauges, Analog computer, Medical Spectrometers and Counting Systems, for use in the Trombay Establishment, Universities and Colleges and Medical Institutions using radiation sources and also for use of the Tarapur Atomic Power Station.

The Division has also produced High Stability Film Resistors. The Division produced electronic instruments worth Rs. 11 lakhs in 1968. A computer facility built around H-400 Honeywell system has been set up.

Tarapur Atomic Power Station

The 380 MWE station at Tarapur is expected to be on full power operation by the end of July 1969. The station will consist of two reactors of the boiling water type, and is being built by the General Electric Company of the U.S.A. under a turn-key contract, on the basis of specifications provided by the Tarapur Atomic Power Project of the Department of Atomic Energy. The power station became critical at 8-37 a.m. on Feb. 1, 1969. Nuclear power began to flow from the station when it became operational at 8-15 p.m. on April 1, 1969.

Rajasthan Atomic Power Project

The first unit of the station is expected to be in commercial operation by early 1971. The second unit, also of 200 MW is expected to be commissioned by 1973.

Madras Atomic Power Project

Preliminary civil works of the station, which will consist of two reactors of 206 MW(e) each, is proceeding at Kalpakkam.

SPACE RESEARCH

The Thumba Equatorial Rocket Launching Station (TERLS) has been established near Trivandrum, Kerala, by the Indian National Committee for Space Research (INCOSPAR) of the Department of Atomic Energy. The rocket launching facility became operational on Nov. 21, 1963 when the first Nike-Apache Rocket carrying a Sodium Vapour Payload was fired.

Since then, 42 experimental rockets have been fired. The scientific programme at TERLS is conducted on the basis of bilateral collaborative agreements between India and France, the USA and the USSR. The objective of the programme is to provide better understanding of problems of Equatorial Aeronomy including meteorology, particularly in the region up to 170 km.

There is a Satellite Telemetry Station in operation, since 1961, at the Physical Research Laboratory, Ahmedabad. Currently, it is monitoring X-ray data from NRL Solar Radiation Satellite. It is also participating in a world-wide programme of ionospheric studies with S-66 ionospheric beacon satellites.

Satellite Communication Station

The Government of India in the Department of Atomic Energy in collaboration with the United Nations has set up an Experimental Satellite Communication Earth Station at Ahmedabad in the area known as Jodhpur Tekra for the purpose of research and training in communications *via* satellites.

The Station went into operation in August 1967. There is a College of Satellite Communication Technology attached to the station.

The Department of Atomic Energy is building a Commercial Satellite Communications Earth Station at Arvi near Poona for the Overseas Communications Service. The station is expected to be completed around October 1969.

OTHER RESEARCH BODIES

Mineral Research : 1. *Geological Survey of India*, Calcutta maps out the mineral resources of the country. 2. *The Indian Bureau of Mines* and *The Mineral Information Bureau* at Delhi help in the prospecting and working of minerals. 3. *The Oil and Natural Gas Commission* is responsible for the prospecting and exploitation of mineral resources.

Animal and Plant Research : 1. *The Botanical and Zoological Surveys* both in Calcutta conduct systematic surveys of the animal and plant resources of the country. 2. *The Bose Research Institute* in Calcutta conducts research in physics, chemistry, zoology and plant breeding. 3. *The Birbal Sahani Institute* at Lucknow carries on research in plant fossils.

Map Research : 1. *The National Atlas Organisation* in Calcutta does cartographic work. 2. *The Survey of India* with its headquarters at Dehra Dun is engaged in large-scale mapping of river basins and in the preparation of topographical maps.

Meteorological Research : *The Meteorological Department* of the Government of India at Delhi and Poona are concerned with meteorological, climatological, hydrometeorological and snow surveys.

Anthropological Research : *The Department of Anthropology* in Calcutta is concerned with ethnographic surveys and a variety of other studies in anthropology.

Physical and Chemical Research : *The Indian Association for the Cultivation of Science* in Calcutta is engaged in physical and chemical research, both in its theoretical and applied aspects.

Research in Radio Physics, Mathematics and Electronics : *The Indian Institute of Radio Physics and Electronics* in Calcutta conducts research in radio physics and electronics while research in cosmic rays and theoretical physics is carried out at the *Physics Research Laboratory* in Ahmedabad. *The Institute of Mathematical Sciences* at Madras carries on research in mathematics, applied mathematics and theoretical physics.

ENGINEERING RESEARCH

The Indian Standards Institution at New Delhi lays down specifications for materials, tools and products.

Among engineering institutions providing facilities for research the following may be mentioned :

All India Institute of Hygiene and Public Health, Calcutta : Sanitary engineering.

Central Building Research Institute, Roorkee (U.P.) : Building engineering, prestressed concrete engineering, etc.

Central Electronics Engineering Research Institute, Pilani (Rajasthan) : Electronics and telecommunication engineering.

Central Mechanical Engineering Research Institute, Durgapur (W. Bengal) : Mechanical engineering.

Central Public Health Engineering Research Institute, Nagpur : Public Health and sanitary engineering.

Central Road Research Institute, New Delhi : Road engineering.

Concrete Research Laboratory, Chepauk, Madras : Structural engineering.

Indian Institute of Science, Bangalore : Aeronautical engineering, internal combustion engines, and power, hydraulic and electrical communication engineering.

National Aeronautical Laboratory, Bangalore : Aeronautical engineering.

Indian School of Mines and Applied Geology, Dhanbad : Mining engineering.

M. S. University, Baroda : Civil, mechanical and telecommunication engineering.

P.S.G. & Sons, Charities College, Coimbatore : Civil, mechanical and electrical engineering.

Government College of Technology, Coimbatore : Heat engineering, hydraulic engineering, soil mechanics.

Indian Institute of Technology, Kharagpur : Mechanical engineering.

Madras Institute of Technology, Madras : Aeronautical and automobile engineering and soil mechanics.

University College of Science and Technology, University of Calcutta : Heat and Illumination engineering.

A number of Ministries and Departments of the Government of India have development and research sections in engineering.

The Indian Agricultural Research Institute, New Delhi has a Division of Agricultural Engineering which is concerned with agricultural equipment.

The Ministry of Communications has a Research and Development Directorate which sees to the specifications, certification and manufacture of aircraft and aircraft material.

The Ministry has a Telecommunications Research Centre in Delhi.

The Technological Development Wing of the Ministry of Industries offers advice on engineering equipment in general and more especially on machine tools and internal combustion engines.

The Central Board of Irrigation and Power conducts eleven research stations the chief of which are in Poona, Amritsar and Poondi (Tamil Nadu State). The one at Khadakvasla near Poona is the most important. It conducts research in hydraulic engineering, soil mechanics, concrete materials and navigation.

The All India Radio has a research unit of its own in New Delhi.

The Railway Board has centres in Lucknow, Lonavla and Chittaranjan to investigate problems connected with railways.

Research projects connected with roads, bridges, ports, harbours are taken up for investigation by the Roads Organization under the Ministry of Transport.

It may be added that two Power Engineering Research Organizations in Bangalore and Bhopal, are being set up with the assistance of the U.N. Special Project Fund with UNESCO acting as the executive agency.

MEDICAL RESEARCH

Medical research is conducted chiefly under the auspices of the Indian Council of Medical Research, New Delhi. The Council also grants research fellowships. There is a Scientific Advisory Board which deals with technical questions and publishes reports of research carried on under the auspices of the Council.

The more prominent research institutions in medicine are :

School of Tropical Medicine, Calcutta : Diseases peculiar to tropical climate.

All India Institute of Hygiene and Public Health, Calcutta : Preventive and social medicine.

Indian Cancer Research Centre, Bombay : Cancer.

Vallabhbhai Patel Chest Institute, Delhi : Tuberculosis and diseases of chest.

Central Leprosy Teaching and Research Institute, Tirumani (Chingleput) : Leprosy.

Haffkine Institute, Bombay : Plague, malaria, virus diseases, nutrition. It also manufactures vaccines and sera.

Central Research Institute, Kasauli : Microbiology, biochemistry, seriology.

Pasteur Institute, Coonoor : Rabies, influenza, tropical eosinophilia, anti-venom serum, serological reactions.

King Institute of Preventive Medicine, Guindy, Madras : Vaccines, specially against smallpox and therapeutic sera.

Bengal Immunity Research Institute, Calcutta (Private) : Prevention, control and cure of disease, and anti-malaria drugs.

Central Drug Research Laboratory, Calcutta : Biological and chemical assays of drugs. It also gives technical advice to drug manufacturing firms.

Drug Research Laboratory, Jammu : Research in medicinal plants. Has two farms. Promotes standardization of indigenous drugs.

Virus Research Centre, Poona : Virus-caused diseases.

Central Drug Research Institute, Lucknow : Work on drugs.

National Institute of Communicable Diseases, Delhi : Malaria.

Cholera Research Centre, Calcutta : To study various aspects of Cholera.

Nutrition Research Laboratories, Hyderabad : Nutrition and allied subjects.

Tuberculosis Chemotherapy Centre, Madras : Research on Tuberculosis.

Indian Registry of Pathology, New Delhi : Reservoir of original case material and supply of teaching material for Medical Colleges in India.

Occupational Health Research Institute, Ahmedabad : Research on problems relating to occupational health.

The Indian Council of Medical Research initiates research in a large number of specific problems at medical colleges and hospitals in the country including the institutions mentioned above.

SOCIAL WELFARE IN INDIA

AT present there are 26 Schools of Social Work in India. There is also an Association of Schools of Social Work. The alumni from the schools of social work have formed a professional association namely the Indian Association of trained social workers. Most of the schools provide post-graduate training programme.

The Indian Council of Social Welfare is an apex voluntary organization which brings together voluntary and professional workers, national and state welfare agencies either in the state or private sector. The Council has 17 branches all over India.

There are the Ministry of Social Welfare at the Central Government level and the State Department of Social Welfare.

Social Welfare generally covers the following fields, viz. Community Welfare Services ; Family, Child and Youth Welfare Service ; Public Welfare Administration ; Social Security Services ; Services for the Maladjusted and Handicapped Groups ; Social Defence and Correctional Administration ; Social Legislation and Social Action ; Social Research ; Training in Social Work ; Tribal Welfare and Rural Reconstruction ; Social Work Research ; Programme for Economic Uplift of Weaker Sections of the Community etc.

A number of all India agencies organise all India, regional or state meetings to discuss specialised topics. The Indian Council of Social Welfare holds a biennial

conference and a biennial seminar with all India participation. In 1969 a seminar on "Role of Social Welfare at Local Authority Level" was held at Delhi in February-March 1969 in collaboration with the Delhi School of Social Work and Indian Council of Social Welfare.

Funds for research in social work are available from the Research Programmes Committee of the Planning Commission, the Dept. of Social Security and the University Grants Commission, as well as other foreign bodies such as the U.S.A.I.D. The Indian Council of Social Welfare completed two research projects (i) Survey of Employment Positions and Functions of Professional Social Workers and (ii) Evaluation of Institutional Programme in relation to After Care of Released Children under the Bombay Children Act (1948). A third project on "Rehabilitation of Children other than Delinquent under the Bombay Children Act (1948) is being carried out, with the help of U.S. Health, Education and Welfare Department.

SOME ALL-INDIA ACTS

The Special Marriage Act, 1954 ; The Hindu Marriage Act, 1955 ; The Hindu Succession Act, 1956 ; The Hindu Adoption and Maintenance Act, 1956 ; The Hindu Minority and Guardianship Act, 1956 ; The Maternity Benefit Act, 1961 ; The Children Pledging of Labour Act, 1933 ; The Employment of Children Act, 1938 ; The Reformatory Schools Act, 1897 ; The Lepers Act, 1898 ; The Indian Lunacy Act, 1912 ; The Untouchability Offences Act,

1955; Suppression of Immoral Traffic in Women and Girls Act, 1956; The Women's and Children's Institutions Licensing Act, 1956; The Orphanages and other Charitable Institutions Supervision and Control Act, 1960; The Probation of Offenders Act, 1958; The Union Territories Children's Act, 1960.

FAMILY AND CHILD WELFARE

At the end of the Third Plan, there were 264 welfare extension projects for women and children functioning in coordination with community development, 306 welfare extension centres run by recognised voluntary organisations and 1,472 welfare extension services run by registered Mahila Mandals. There were also 17 integrated child welfare projects in progress in the States. About 6,000 voluntary organisations have received grants-in-aid through the Central and State Social Welfare Boards for providing specific welfare services to women and children and to handicapped persons. About 625 condensed courses in education and 75 production units were instituted in urban areas for the benefit of women. The Central Social Welfare Board also set up 66 urban welfare extension projects. A number of night-shelters were also organised. Programmes in moral and social hygiene and after-care services were started at 16 institutions. For the rehabilitation of handicapped persons 27 training-cum-home centres were established.

TRAFFIC IN WOMEN

The Suppression of Immoral Traffic in Women and Girls Act 1956 applies to the whole of India.

From the time the Act was enforced on May 1, 1958 to March 1960 the Central Social Welfare Board set up 68 protective homes in the country.

The Central Social Welfare Board appointed an Advisory Committee to study the problem of social and moral hygiene in the country. The recommendations of the committee were accepted and institutions were set up on the pattern described below.

At the State level: (i) One home for rescued women needing a fairly long period of adjustment prior to rehabilitation. (ii) Two homes for the aftercare of persons discharged from correctional institutions. (iii) Two short term rehabilitation homes for those discharged from non-correctional institutions. (iv) Strength of each Home not to exceed 100. At the District level: (i) One shelter temporarily housing persons needing aftercare (maximum period 3 months). (ii) One reception centre for temporary stay of women rescued from moral danger.

The Association for Moral and Social Hygiene in India, 4, Rouse Avenue, New Delhi, has got fourteen State Branches with a number of Dist. Branches.

The Association runs a Student Counselling Centre in the University of Delhi. Centres for Family Counselling and Marriage Guidance are established in the other parts of the country. It also conducts periodical research.

Children

Children's Acts in relation to delinquency are in force in the States of Andhra Pradesh, Gujarat, Maharashtra, Tamil Nadu, Mysore, Punjab, Kerala, U.P., West Bengal and all Union Territories.

The Borstal Schools Acts, which are slightly different in scope, are in operation in the States of Andhra, Gujarat, Madhya Pradesh, Maharashtra, Tamil Nadu, Mysore, U.P., West Bengal and Kerala.

The Reformatory Schools Act of 1897 has also been enforced in all the major States and some Union Territories.

The problem of juvenile delinquency is mainly the concern of State Governments.

The Central Bureau of Correctional Services was established in August 1961 with the aim of developing and co-ordinating a uniform policy to standardise the collection of statistics on a national basis. It exchanges information with foreign governments and the United Nations Agencies. It promotes research, training and studies and surveys in the field of prevention of crime. The Central Government have sponsored a care programme under which assistance is given to the States. Under this programme, 40 remand homes, 17 certified schools, 5 Borstal schools, 15 boys' clubs and probation hostels have been established. In addition to these, there are private institutions, as well as those existing prior to the operation of the above programme.

The Model Children Act provides for establishment of Child Welfare Boards and Juvenile Courts. The child welfare board deals with destitute and neglected children while the juvenile courts are expected to deal with the delinquents. But this procedure is not being followed in all the states. In Maharashtra there is a comprehensive Children Act. In all the States, where the Children Act is applied, Remand Homes, Certified Schools and After-Care Hostels are established. In some States, Remand Homes are also termed as observation homes. Under preventive programme, Juvenile Aid Police Units are established through the Police Departments and Boys' Clubs are also run. Pilot programme for the prevention of Juvenile Vagrancy is recently undertaken.

Under the Children's Act, more children come under its purview as a result of destitution than delinquency.

A new trend in Child Welfare is the development of foster family homes, which provide emotional and social security for children in need of such home on a temporary basis. This is being promoted by the Central Social Welfare Board, through voluntary welfare agencies in Bombay, Madras and Delhi. Families caring for such children are usually given a small sum for maintenance of the children.

Beggars

The Criminal Procedure Code treats vagrants and vagabonds alike and provides penalties under Sections 55 (i)(b) and 109(b).

Beggars may be proceeded against under Section 133 as those committing public nuisance.

Beggary within railway premises was prohibited by law as from February 15, 1941.

Special Acts have been passed by most of the States to prohibit begging in public places. In others, the municipal and police Acts provide measures against begging.

To deal effectively with persons who kidnap children for the purpose of exploiting them for begging, the Indian Penal Code (Amendment) Act, 1959, was enacted. The Act makes kidnapping or obtaining custody of a minor and the maiming of minors for the purpose of begging specific offences and provides deterrent punishment, which may extend to life imprisonment where children are maimed.

There are institutions in the States for the custody, care and assistance of beggars in their rehabilitation.

SOCIAL SERVICE AGENCIES

The groups of voluntary social work in India largely fall under the following heads: Administrators; Professional social workers; Missionaries; The Gandhian social workers; and voluntary social workers belonging to the various private agencies.

Of these the religious believe in the traditional form of charity, the Missionaries in institutionalised social work and Gandhian in the 14-point constructive programme.

The Indian Council of Social Welfare has started a Volunteer Bureau to recruit volunteers willing to do social work and to find suitable agencies which can absorb these volunteers.

Schools of Social Work

The Tata Institute of Social Sciences, Sion-Trombay Road, Chembur, Bombay-71; The Delhi School of Social Work, University of Delhi, 3, University Road, Delhi 7; The Madras School of Social Work, Casa Major Road, Egmore, Madras 8; Faculty of Social Work, M. S. University of Baroda, Fatehgunj, Baroda-2; Department of Social Work, Lucknow University, Lucknow; Institute of Social Sciences, Kashi Vidyapith, Varanasi, The Indian Institute of Social Welfare & Business Management, College Square West, Calcutta 7; The Institute of Social Service, Nirmala Niketan, 38 New Marine Lines, Bombay 1; The Bombay Labcur Institute, Dadabhai Chamarbaughwala Road, Parel, Bombay 12; The P. S. G. School of Social Work, Peelamedu P.O., Coimbatore; The National Institute of Social Sciences, 24 Willington Road, Richmond Town, Bangalore; The Institute of Social Services, School of Social Work, Mangalore; St. Xavier's Institute of Labour Relations, Jamshedpur; Institute of Social Sciences, University of Agra, Agra; The Department of Sociology and Social Work, Andhra University, Waltair; Department of Labour and Social Welfare, Patna University, Patna; University School of Social Sciences, Gujarat University, Ahmedabad; The School of Social Work, Indore Christian College, Palasia, Indore; The Udaipur School of Social Work, Saletia Ground, Udaipur; The Department of Social Work, Sacred Heart College, Thervara, Ernakulam 3, Kerala; The Xavier Institute of Social Services, St. Xavier's College, Ranchi, Bihar.

Schools for teaching Social Work at the undergraduate level, are slowly opening up—such as the Karve Institute of Social Services in Poona. Andhra Pradesh School of Social Work, Red Hills, Hyderabad 4 at the undergraduate level—by the Andhra Pradesh State Branch of Indian Council of Social Welfare.

An association of schools of social work has been formed which is setting up criteria for accredited schools of social work. Over and above the professional schools of Social Work, there are various other training centres run by voluntary bodies for training welfare workers. Training schemes for training workers for particular programmes are also being undertaken by the Govt. in cooperation with voluntary welfare agencies.

Voluntary Agencies on National Level

Child Welfare: Balkan-ji-Bari (Juhu Road, Santa Cruz (West), Bombay 54), Indian Council for Child Welfare, Room No. 14-15, Block 'A', 'B' Barracks, Queensway, New Delhi, Indian Council for Child Education, Sumanas, 39, Edward Elliotts Road, Madras 4.

Youth Welfare: Y.M.C.A. (5, Russel Street, Calcutta 16); Y.W.C.A. (Parliament Road, New Delhi); Bharat Scouts and Guides Association (Regal Building, Parliament Street, New Delhi); Bharat Sevak Samaj (27-A, Theatre Communication Buildings, Connaught Place, New Delhi); Youth Hostels Association (2, East Park Road, New Delhi 5); All India Boys Scouts Association (7, Jungpura—B—Mathura Road, New Delhi 14).

Women's and Family Welfare: All India Women's Conference (C/o Family Planning Association of India, Metropolitan House, Dadabhoy Naoroji Road, Bombay 1);

Family Planning Association of India (Metropolitan House, Dadabhoy Naoroji Road, Bombay 1); National Council of Women in India (Town Hall, Bombay 1); Kasturba Gandhi National Memorial Trust (Kasturba Gram, P.O. Indore, Madhya Pradesh).

Health: Tuberculosis Association of India (20, Red Cross Road, New Delhi 2); Indian Red Cross Society (20, Red Cross Road, New Delhi 2); All India Cancer Prevention Society (Tata Memorial Hospital, Parel, Bombay 12); Hind Kusht Niwaran Sangh (Red Cross Road, New Delhi); Akil Bharat Sharirik Sikshan Maha-Mandal (Tilak Road, Nagpur, Maharashtra); Indian Medical Association (Hanging Bridge, Daryaganj, Delhi 7).

Rehabilitation of the Handicapped: Convention of the Teachers of the Deaf in India (50, Bondel Road, Ballygunj, Calcutta); All India Lighthouse for the Blind (89, Elliot Road, Calcutta); National Association for the Blind (Jehangir Wadia Building, Mahatma Gandhi Road, Bombay 1); All India Blind Relief Society (11-F, Lajpatnagar, New Delhi); The Fellowship of the Physically Handicapped, Hornby Vellard, Haji Ali Park, Bombay-34; The Indian Council for Mental Hygiene (Cumbatta Chambers, Eros Building, 42, Queen's Road, Bombay).

Rural Welfare: Sarva Seva Sangh (K33-4 Golghar, Varanasi, U.P.); India Village Service (I.V.S. House, Marhera, Dist. Etah, U.P.).

General Social Welfare: Servants of India Society (Poona 4); Ramkrishna Mission (Belur, Dist. Howrah); Gandhi Memorial Fund (5, Mansingh Road, New Delhi); Salvation Army (Moreland Road, Bombay 8); Friends' Service Unit (1, Upperwood Street, Calcutta 16); All India Seva Samiti (Seva Samiti Building, Allahabad).

Rural Women's Welfare: Bharatiya Grameen Mahila Sangh (9/104 Jamnabar Hutments, Block II, Mansingh Road, New Delhi 11).

Relief and Rehabilitation: United Council of Relief and Welfare (Rashtropati Bhavan, New Delhi).

Social Education: Indian Adult Education Association (17-B, Indraprastha Marg, New Delhi); Jamial Milia (Okhla, Delhi); Literacy House (Lucknow).

Welfare of Under-Privileged Groups: Harijan Sevak Sangh (Kingsway, Delhi); Bhartiya Adimjati Sevak Sangh (Kingsway, Delhi 9).

Co-ordination: The Indian Conference of Social Work (Central Office: 117, D. N. Road, Bombay 1).

International Welfare Agencies in India: The following are some of the International agencies and organisations working in the country: International Council on Welfare (Regional Office for South East Asia and Western Pacific, 175, D. N. Road, Bombay 1); Asia Foundation (Post Box 149, New Delhi); Ford Foundation (32, Ferozeshah Road, New Delhi); World Health Organisation (S.E.A. Office, Patiala House, Hardinge Avenue, New Delhi); Rockefeller Foundation (20/39, Diplomatic Enclave, Kautilya Marg, New Delhi); International Labour Organisation, Indian Branch (Mandi House, New Delhi); International Union for Child Welfare (Consultant for Far East Asia, Rooms Nos. 14 & 15, Block A, Barracks B, Queensway, New Delhi); United Nations International Children's Emergency Fund (UNICEF House, 11, Jer Bagh, Delhi); United Nations Educational, Scientific and Cultural Organisation (Old Mill Road, New Delhi); Food and Agricultural Organisation, UNO (21, Curzon Road, New Delhi); Cleveland International Programme for Youth Leaders and Social Workers Inc. (12, Hailey Road, New Delhi); The American Peace Corps in Delhi (61, Sundar Nagar, New Delhi-11).

Other Agencies Functioning in India : Youth Welfare Association, 29-24 Shakti Nagar, Delhi-6, Gyan Prakash Yuvak Sangh, 653, Chuna Kankar, Mathura, U.P., Social Service League, Indraprastha College, Alipur Road, Delhi, Society for the Education of the Crippled (Child and Adult), Chunilal Mehta Hut, Mahatma Gandhi Road, Bombay-1. All India Mass Education Society, Gonda.

Bhoodan Movement : Special mention must be made of the Bhoodan Movement initiated by Acharya Vinoba Bhave, one of the ablest disciples of Gandhiji. He is effecting a silent but nevertheless remarkable social revolution within the country by the voluntary gift of land (Bhoodan), wealth (Sampattidan), labour (Shramadan) and life (Jeevandan).

CENTRAL SOCIAL WELFARE BOARD

Functions : Survey the needs and requirements of social welfare organisations; evaluate their programmes and objectives; coordinate the assistance given by various Central Ministries and Departments and State Departments; promote the development of voluntary organisations in the areas where no such organisations exist; render financial assistance to deserving agencies.

There are 26 State Social Welfare Advisory Boards which advise and assist the Central Board in the formulation of its policies and interpretation of its programmes to voluntary organisations.

A sum of Rs. 152.98 lakhs was released in 1967-68 in the form of grants to different organisations by the Central Social Welfare Board, either direct or through the State Social Welfare Advisory Boards.

PROGRAMMES

General Grant-in-aid Programmes : From its inception upto the end of March 1968 the Board had sanctioned nearly 31,305 grants amounting to about Rs. 766.22 lakhs under its general grant-in-aid programme. These grants cover services for children, women and the handicapped groups of persons in voluntary welfare institutions.

Scheme of Welfare Extension Projects and Mahila Mandals, in rural areas : The activities include Balwadi (a combination of creche and pre-primary school), Craft Centres for women, Maternity Services, Social Education for adult women, General Medical Aid, etc.

At the end of March 1968, 252 Welfare Extension Projects with 2,457 centres were functioning. In addition, 582 voluntary welfare organisations or newly formed Mahila Mandals were conducting the activities of 1,548 Centres of erstwhile Welfare Extension Projects for which grants amounting to Rs. 201.16 lakhs had been given by the Board to the end of March 1968.

Family and Child Welfare Programmes : It was expected to set up 100 Family and Child Welfare Projects, throughout the country, by the end of 1968-69. It is expected to have a total of 500 projects by the end of the Fourth Five Year Plan.

Welfare Extension Projects (Urban) : The activities provide community welfare centres, creches, balwadis, ante-natal and post-natal advisory services, welfare health centres, hobby clubs, vocational guidance, and other services. Out of 56 projects functioning by the end of

March, 1967, only 31 were sanctioned continuation grant during 1967-68.

Socio-Economic Programme : Under this scheme, grants are given to voluntary welfare institutions for setting up production units of small industries, units as ancillary to large industries, handloom training-cum-production units, handicrafts training, procurement and production units, etc. The Board has so far sanctioned 112 units, out of which 99 started functioning by the end of March, 1968 and are providing work and wages to about 2,850 needy women and handicapped persons.

Condensed Courses of Education for Adult Women : Adult women of the lower income group are prepared for middle school or matriculation examinations in condensed courses of two years duration. Up to the end of March 1968, the Board had sanctioned 1,085 courses in different parts of the country.

Holiday Camps for Children : This scheme enables children of low income groups to be taken to holiday camps at hill stations or other summer or sea resorts, outside their home towns, during vacation free of cost. Grants not exceeding Rs. 3,000 per Camp are given by the Board to voluntary institutions, through State Boards, which implement the programme.

During the two years ending March, 1968, the Board had sanctioned grants for organising 323 Camps for benefiting about 16,000 more children.

Special Child Welfare Programmes : Demonstration projects of integrated child welfare services for meeting the total needs of children in the age group 0 to 6 were set up by the Government of India, during the Third Five Year Plan. The Board was to organise the Balwadis in these projects. Over 405 balwadis have been set up in 12 projects. The other special child welfare schemes which the Board took up during the Third Plan Period include training courses for Balsevikas (Child Welfare Workers) required for Child Welfare Services. Seven Balsevikas Training Centres offering two year courses have been started in the States of Andhra Pradesh, Assam, Gujarat, Madhya Pradesh, Mysore, Orissa and U.P. Integrated pre-school projects (urban neighbourhood) have been started in the States of Assam, Gujarat, Kerala, Tamil Nadu, Mysore, Punjab, Rajasthan, Uttar Pradesh, West Bengal and Delhi. Two foster care service units were started in Bombay and Madras. Other programmes taken up in hand are production of pictorial literature for children of the pre-school age, standardisation of education and recreational equipment and material for pre-schools, starting of integrated pre-school projects in urban areas; preparation of guidance material to child welfare workers; adoption of Indian children by foreign nationals; and channelising the milk feeding programmes for Balwadi children.

Evaluation of Programmes : The main purpose of the scheme is to maintain an up-to-date information about the changing needs in the field of Social Welfare, evaluate the effectiveness of current programmes and pin-point their deficiency, if any, with a view to initiating remedial action. A survey to find out the potential available among the educated unemployed women in Delhi for voluntary work, and a study to find out the reasons for imbalance in grants sanctioned to various States were recently made, by the Board.

Publicity : The Board brings out two monthly journals "Social Welfare" in English and "Samaj Kalyan" in Hindi.

INDUSTRIAL PRODUCTION 1968*

INDUSTRIAL MACHINERY

Sugar Mill Machinery : No. of units 16 (19) ; Estimated Production in Rs. lakhs 1,130.00 (1,058.00).—*Boilers* : No. of units 13 (14) ; Est. Prod. in Rs. lakhs 1,800.00 (470.00).—*Cement Mill Machinery* : No. of units 10 (9) ; Est. Prod. in Rs. lakhs 930.00 (658.00).—*Conveyers and Wagon Tippler* : No. of units 18 (22) ; Est. Prod. in Rs. lakhs 540.00 (560.00).—*Drilling Equipment* : No. of units 10 ; Est. Prod. in Rs. lakhs 136.00 (284.00).—*Reduction Gears* : No. of units 8 ; Est. Prod. in Rs. Lakhs 245.00 (150.00).—*Printing Machinery* : No. of units 5 (6) ; Est. Prod. in Rs. lakhs 10.00 (10.00).—*Gas Cylinders* : No. of units 4 ; Est. Prod. in Rs. lakhs 280.00 (165.00).—*Chemical and Pharmaceutical Machinery* : No. of units 43 ; Est. Prod. in Rs. lakhs 975.00 (900.00).—*Pulp and Paper Making Machinery* : No. of units 13 ; Est. Prod. in Rs. lakhs 240.00 (235.00).—*Mining Machinery* : No. of units 9 ; Est. Prod. in Rs. lakhs 300.00 (330.00).—*Steel Plant Equipment* : No. of units 2 ; Est. Prod. in Rs. lakhs 525.00 (460.00).—*Building and Road Construction Machinery* : No. of units 28 (24) ; Est. Prod. in Rs. lakhs 120.00 (172.00).—*Biscuit and Bread making Machinery* : No. of units 1 ; Est. Prod. in Rs. lakhs 2.00 (5.10).—*Rayon Machinery* : No. of units 1 (2) ; Est. Prod. in Rs. lakhs 56.00 (102.00).—*Tea Machinery* : No. of units 6 (10) ; Est. Prod. in Rs. lakhs 200.00 (200.00).—*Weighing Machinery* : No. of units 3 (4) ; Est. Prod. in Rs. lakhs 180.00 (162.00).—*Oil Mill, Rice, Flour and Dal Mill Machinery (incl'd. Cotton Seed Processing Plant)* : No. of units 11 (15) ; Est. Prod. in Rs. lakhs 92.00 (121.00).—*Tobacco Machinery* : No. of units 1 ; Est. Prod. in Rs. lakhs 17.00 (12.00).—*Leather Machinery* : No. of units 1 ; Est. Prod. in Rs. lakhs 35.00 (28.00).—*Industrial Type of Rice Mill Machinery* : No. of units 1 ; Est. Prod. in Rs. lakhs 5.00 (Nil).—*Dairy Machinery* : No. of units 3 ; Est. Prod. in Rs. lakhs 96.00 (96.00).—*Pesticide Equipment, Agricultural Sprayers and Dusters* : No. of units 2 (4) ; Est. Prod. in Rs. lakhs 195.00 (185.00).—*Asbestos Cement Products Plant* : No. of units 1 ; Est. Prod. in Rs. lakhs 56.00 (69.00).—*Industrial Filtration Equipments including Centrifuges* : No. of units 4 ; Est. Prod. in Rs. lakhs 72.00 (101.00).—*Industrial Screens* : No. of units 4 ; Est. Prod. in Rs. lakhs 45.00 (28.77).—*Electroplating Equipment* : No. of units 2 (3) ; Est. Prod. in Rs. lakhs 30.00 (46.00).—*Food Processing, including Bottling Machines* : No. of units 5 ; Est. Prod. in Rs. lakhs 15.10 (15.00).—*Rubber Machinery* : No. of units 2 (4) ; Est. Prod. in Rs. lakhs 17.00 (15.00).—*Oil Filling Equipments* : No. of units 5 ; Est. Prod. in Rs. lakhs 10.00 (15.00).—*Paints and Varnish Equipments* : No. of units 4 (5) ; Est. Prod. in Rs. lakhs 10.36 (11.26).—*Ceramic Machinery* : No. of units 1 (2) ; Est. Prod. in Rs. lakhs 8.6 (8.00).—*Industrial Drycleaning and Washing Equipments* : No. of units 1 ; Est. Prod. in Rs. lakhs 40.00 (30.00).—*Impregnating Plants and Coil Winding Machineries* : No. of units 1 ; Est. Prod. in Rs. lakhs 23.00 (5.37).—*Feed Mill Plants* : No. of units 1 ; Est. Prod. in Rs. lakhs 72.74 (33.03).

TOOLS AND ABRASIVES INDUSTRIES

Machine Tools : No. of units 70 (75) ; Estimated Production in Rs. lakhs 1,795.48 (2,185.36).—*Machine Tools Accessories* : No. of units 14 (11) ; Est. Prod. in Rs. lakhs 82.72 (60.97).—*Wood Working Machines* : No. of units 4 ; Est. Prod. in Rs. lakhs 5.80 (6.56).—*Portable Tools* : No. of units 7 ; Est. Prod. in Rs. lakhs 133.56 (156.95).—*Other Metal Forming Machines* : No. of units 4 ; Est. Prod. in Rs. lakhs 46.48 (56.96).—*Plastic Working Machine* : No. of

units 3 (4) ; Est. Prod. in Rs. lakhs 91.36 (107.31).—*Furnaces* : No. of units 14 (19) ; Est. Prod. in Rs. lakhs 348.16 (379.15).—*Gas Welding—Cutting Equipment* : No. of units 2 (3) ; Est. Prod. in Rs. lakhs 82.28 (76.49).—*Electric Welding Machines* : No. of units 2 ; Est. Prod. in Rs. lakhs 52.40 (57.14).—*Others (Retrolling Plants etc.)* : No. of units 4 ; Est. Prod. in Rs. lakhs 44.32 (38.97).—*Grinding Wheels* : No. of units 4 (7) ; Est. Prod. in lakh kgs. 36.08 (43.33).—*Coated Abrasives* : No. of units 3 (4) ; Est. Prod. in Th. Reams 144.06 (175.11).—*Steel files* : No. of units 6 ; Est. Prod. in Lakh Nos. 119.01 (102.49).—*Twist Drills* : No. of units 6 ; Est. Prod. in lakh Nos. 85.20 (74.48).—*Reamers* : No. of units 10 (9) ; Est. Prod. in Th. Nos. 215.14 (200.61).—*Threading Tools* : No. of units 9 (7) ; Est. Prod. in Lakh Nos. 23.50 (17.96).—*Milling Cutters* : No. of units 13 (11) ; Est. Prod. in Th. Nos. 261.17 (271.78).—*Bandsaw Blades(W)* : No. of units 5 ; Est. Prod. in Th. R.M. 831.40 (1,093.87).—*Bandsaw Blades(M)* : No. of units 4 ; Est. Prod. in Th. R.M. 824.52 (1,077.25).—*Hacksaw Blades* : No. of units 5 (6) ; Est. Prod. in Th. Nos. 32,704.40 (25,713.10).—*Lathe Tools (Tool Bits)* : No. of units 8 (9) ; Est. Prod. in Lakh Nos. 8.34 (7.99).—*Tungsten Carbide(s)* : No. of units 5 (4) ; Est. Prod. in Th. Kgs. 53.14 (48.35).—*Diamond Drill Bits* : No. of units 4 ; Est. Prod. in Th. Nos. 16.54 (34.24).—*Hand Saws* : No. of units 2 ; Est. Prod. in Th. Nos. 100.19 (130.66).—*Micrometers* : No. of units 1 ; Est. Prod. in Th. Nos. 9.82 (9.90).—*Industrial Knives* : No. of units 3 (2) ; Est. Prod. in Th. Nos. 108.70 (211.24).—*Forged Hand Tools (like Spanners, Wrenches etc.)* : No. of units 8 (4) ; Est. Prod. in Rs. lakhs 308.44 (267.09).—*Other Diamond Tools etc.* : No. of units 3 (7) ; Est. Prod. in Rs. lakhs 56.00 (89.92).—*Tungsten Carbide Tipped Tools* : No. of units 7 ; Est. Prod. in Lakh Nos. 5.53 (6.59).—*Breaches* : No. of units 1 ; Est. Prod. in Numbers 1,424 (1,407).—*Measuring Tapes (Metallic, Non-Metallic and Steel)* : No. of units 2 ; Est. Prod. in Lakh Nos. 11.24 (5.33).

AUTOMOBILE AND ANCILLARIES

Motor Cycles and Scooters etc.

M/Cycles : No. of units 3 ; Estimated Production in Th. Nos. 28.00 (23.34).—*3-Wheelers* : No. of units 3 ; Est. Prod. in Th. Nos. 4.00 (3.98).—*Scooters* : No. of units 3 ; Est. Prod. in Th. Nos. 40.00 (30.30).—*Mopeds* : No. of units 3 (4) ; Est. Prod. in Th. Nos. 10.00 (9.18).—*Automobiles*—(a) *Commercial Vehicles* : No. of units 6 ; Est. Prod. in Th. Nos. 35.00 (31.46).—(b) *Jeeps* : No. of units 1 ; Est. Prod. in Th. Nos. 8.00 (5.56).—(c) *Cars* : No. of units 3 ; Est. Prod. in Th. Nos. 37.00 (33.34).—*Ancillaries*—(a) *Fuel Injection Equipmt.* : *Nozzles* : No. of units 3 ; Est. Prod. in Th. Nos. 1,200.00 (1,100.17).—*Nozzle Holder* : No. of units 3 ; Est. Prod. in Th. Nos. 600.00 (492.01).—*Elements* : No. of units 4 ; Est. Prod. in Th. Nos. 1,200.00 (1,091.90).—*Delivery Valves* : No. of units 3 ; Est. Prod. in Th. Nos. 900.00 (747.99).—*Single Cylinder Pumps* : No. of units 3 ; Est. Prod. in Th. Nos. 300.00 (240.32).—*Multi Cylinder Pumps* : No. of units 1 ; Est. Prod. in Th. Nos. 50.00 (40.72).—(b) *Filters (Oil, Air, Fuel)* : No. of units 4 ; Est. Prod. in Th. Nos. 300.00 (159.03).—*Filter Inserts* : No. of units 4 ; Est. Prod. in Th. Nos. 800.00 (754.25).—(c) *Thin Walled bearings* : No. of units 3 ; Est. Prod. in Th. Nos. 7,500.00 (6,577.79).—*Radiators* : No. of Units 6 ; Est. Prod. in Th. Nos. 90.00 (89.92).—(d) *Dynamos* : No. of units 4 ; Est. Prod. in Th. Nos. 100.00 (90.44).—(e) *Starter Motors* : No. of units 4 ; Est. Prod. in Th. Nos.

* Note : Against Estimated Production, the figures within brackets indicate the actual production for 1967. Regarding the No. of units, it is generally the same for 1967 and 1968. Any difference is indicated by the figures in brackets which relate to the year 1967.

100.00 (89.75).—(f) *Electric Horns*: No. of units 6; Est. Prod. in Th. Nos. 200.00 (166.83).—(g) *Gaskets*: No. of units 3; Est. Prod. in Lakh Nos. 500.00 (382.93).—(h) *Wheels and Rims*: No. of units 3; Est. Prod. in Th. Nos. 600.00 (504.51).—(i) *Engine Valves*: No. of units 5 (4); Est. Prod. in Th. Nos. 4,000.00 (3,527.00).—(j) *Oil Seals*: No. of units 7; Est. Prod. in Th. Nos. 6,000.00 (5,946.30).—(k) *Piston Rings*: No. of units 3 (2); Est. Prod. in Lakh Nos. 140.00 (112.34).—(l) *Pistons*: No. of units 4 (3); Est. Prod. in Th. No. 1,800.00 (1,322.72).—(m) *Cylinder Liners*: No. of units 3; Est. Prod. in Th. No. 260.00 (254.09).—(n) *Shock Absorbers*: No. of units 5; Est. Prod. in Th. Nos. 800.00 (740.67).—(o) *Clutch Facing*: No. of units 3; Est. Prod. in M. Tons. 150.00 (153.44).—(p) *Brake Lining*: No. of units 4 (3); Est. Prod. in M. Tons. 1,700.00 (1,648.27).—(q) *Clutch Assembly*:—*Driven Plates*: No. of units 1; Est. Prod. in Th. Nos. 150.00 (156.24).—*Cover Assy.*: No. of units 1; Est. Prod. in Th. Nos. 100.00 (90.31).—(r) *Spark Plugs*: No. of units 2; Est. Prod. in Th. Nos. 2,000.00 (2,093.29).—(s) *Dash Board Insts.*: No. of units 2; Est. Prod. in Rs. lakhs 150.00 (129.91).—(t) *Tie Rodends*: No. of units 2; Est. Prod. in Th. Nos. 425.00 (383.10).—(u) *Taxi Meters*: No. of units 1; Est. Prod. in Nos. 750.00 (687).—(v) *Propeller Shafts*: No. of units 1; Est. Prod. in Th. Nos. 60.00 (50.31).—(w) *Fly Wheel Rings Gears*: No. of units 1; Est. Prod. in Th. Nos. 60.00 (58.30).—(x) *Carburettors*: No. of units 3; Est. Prod. in Th. Nos. 35.00 (19.30).—(y) *Wipers Motor*: No. of units 2; Est. Prod. in Th. Nos. 90.00 (80.34).—(z) *Wiper Assm. and Blades*: No. of units 1; Est. Prod. in Th. Nos. 450.00 (429.29).

LIGHT ELECTRICAL ENGINEERING INDUSTRIES

GLS Lamps: No. of units 8 (10); Estimated Production in Million Nos. 77.00 (73.70).—*Miniature Lamps*: No. of units 5 (8); Est. Prod. in Million Nos. 27.00 (28.17).—*Fluorescent Tubes*: No. of units 6 (5); Est. Prod. in Million Nos. 8.00 (5.37).—*Electric Fans*: No. of units 15 (22); Est. Prod. Lakh Nos. 15.00 (13.77).—*Radio Receivers*: No. of units 16 (21); Est. Prod. Thousand Nos. 1,300.00 (851.90).—*Storage Batteries*: No. of units 6 (12); Est. Prod. in Lakh Nos. 8.50 (7.96).—*Dry Batteries*: No. of units 4; Est. Prod. in Million Cells 400.00 (314.45).—*House Service Meters*: No. of units 14 (15); Est. Prod. in Lakh Nos. 8.82 (9.27).—*Domestic Refrigerators*: No. of units 5; Est. Prod. in Thousand Nos. 50.00 (39.48).—*Room Air-Conditioners*: No. of units 7 (8); Est. Prod. in Thousand Nos. 16.00 (18.07).—*Electrical Measuring Instruments*: No. of units 5 (8); Est. Prod. in lakh Nos. 0.39 (1.26).—*Electrical Wiring Accessories*: No. of units 4 (14); Est. Prod. in Lakh Nos. 72.00 (177.34).—*Brass Lamp Holders*: No. of units 4 (7); Est. Prod. in Lakh Nos. 9.0 (24.20).—*Industries Air Cond. and Refri. Equipment*: No. of units 18 (21); Est. Prod. in Rs. lakh 600.00 (660.00).—*Industries Cooling Tower*: No. of units 3; Est. Prod. in Rs. lakhs 135.00 (133.00).

HEAVY ELECTRICAL INDUSTRIES

Electric Motors: No. of units 19 (25); Estimated Production in Million H.P. 2.00 (2.06).—*Transformers*: No. of units 21 (22); Est. Prod. in Million KVA 5.00 (5.24).—*Motor Starters*: No. of units 12 (19); Est. Prod. in Thousand No. 350.00 (450.81).—*Electrical Steel Sheets*: No. of units 1; Est. Prod. in M. Tonnes 26,500 (26,087).

CABLES AND WIRES

VIR and PVC Cables: No. of units 16 (32); Estimated Production in K/M 3,70,000 (3,64,910).—*ACSR & ACC*: No. of units 27; Est. Prod. in M. Tons 70,000 (70,161).—

Winding Wires: (a) *Enamelled Wires*: No. of units 24 (19); Est. Prod. in M. Tons 9,200 (8,902).—(b) *Paper Cotton covered Wires & Strips*: Est. Prod. in M. Tons 3,600 (4,228).—*Paper Insulated Power Cables*: No. of units 7; Est. Prod. in K/M 2,500 (2,788).—*Bare Copper conductors*: No. of units 4 (7); Est. Prod. in M. Tons 1,000 (851).—*P. V. C. Power Cables*: No. of units 10 (9); Est. Prod. in K/M 9,500 (14,016).

HEAVY ENGINEERING INDUSTRIES

Steel Casting: No. of units 42 (39); Estimated Production in M.T. 46,800 (52,740).—*Steel Forging*: No. of units 44 (49); Est. Prod. in Tonnes 44,000 (40,500).—*Cast Iron Spun Pipes*: No. of units 29 (19); Est. Prod. in M.T. 1,39,700 (1,70,604).—*Chilled Iron Shots & Grits*: No. of units 2; Est. Prod. in M.T. 2,100 (1,823).—*Rolls Industries*: No. of units 3 (2); Est. Prod. in Tonnes 3,000 (801).—*Malleable Iron Casting*: No. of units 15 (29); Est. Prod. in M.T. 11,000 (13,855).—*Cast Iron Castings (including S. G. Iron Castings)*: No. of units 52 (128); Est. Prod. in M.T. 2,00,000 (2,82,900).

INSTRUMENTS

Industrial Process & Control instruments: No. of units 9 (15); Estimated Production in Rs. Million 18.00 (20.49).—*Scientific Surveying and Optical Instruments*: No. of units 10 (32); Est. Prod. in Rs. Million 28.8 (31.32).—*Water Meters*: No. of units 7 (8); Est. Prod. in lakh Nos. 1,700; (1.30).—*X-Ray & Electromedical Equipments*: No. of units 8 (4); Est. Prod. in Rs. Mill. 15.00 (14.30).—*Mathematical Instruments*: No. of units 1 (3); Est. Prod. in Gross No. 19.40 (2,989).—*Photographic*: No. of units 2 (4); Est. Prod. in Rs. Mill. 2.40 (3.10).

MEDICAL INSTRUMENTS

Medical Instruments Equipments and Appliances: No. of units 7 (15); Estimated Production in Rs. Mill. 7.86 (13.57).

HEAVY MECHANICAL INDUSTRIES

E. R. W. Tubes for Bicycles, Transformers: No. of units 4; Estimated Production in Tonnes 14,995 (22,547).—*Welding Electrodes*: No. of units 17; Est. Prod. in Million Running Meters 163 (215.22).—*Wire Ropes*: No. of units 9; Est. Prod. in M. Tons 11,322 (13,346).—*Railway Wagons*: No. of units 16; Est. Prod. in Nos. in terms of 4-wheelers 10,115 (13,383).—*Lifts*: No. of units 4; Est. Prod. in Nos. 350 (510).—*Bright Bars*: No. of units 9; Est. Prod. in Tonnes 23,795 (30,776).—*Cranes*: No. of units 23; Est. Prod. in M. Tons 7,000 (7,600).—*Transmission Towers*: No. of units 16 (14); Est. Prod. in M. Tons 60,000 (53,215).—*Slotted Angles and Cold foamed structural etc.*: No. of units 3; Est. Prod. in M. Tons 3,000 (3,081).—*Heavy Structures Fabrication*: No. of units 22 (23); Est. Prod. in M. Tons 40,000 (48,199).—*Light and Medium Fabricated Structures*: No. of units 62 (60); Est. Prod. in M. Tons 45,000 (53,520).—*Black Galvd. Tubes for water structural etc.*: No. of units 13; Est. Prod. in Tonnes 1,87,631 (2,25,108).—*Seamless Steel Tubes*: No. of units 1; Est. Prod. in Tonnes 16,616 (24,156).

LIGHT MECHANICAL INDUSTRIES

Bicycle complete: No. of units 12 (18); Estimated Production in Nos. 18,65,000 (16,94,260).—*Bicycle spare parts and Accessories*: No. of units 28 (55); Est. Prod. in Mill. Rs. 106.00 (112.09).—*Ball & Roller Bearings*: No. of units 6; Est. Prod. in Mill. Nos. 11.10 (10.07).—*Duplicators*: No. of units 3 (4); Est. Prod. in Nos. 5,150 (4,727).—*Sewing Machine*: No. of units 5 (9); Est. Prod. in Nos. 4,16,000 (4,57,819).—*Stoves*: (a) *Pressure types*:

No. of units 1 (5); Est. Prod. in Nos. 11,000 (1,07,196).—*(b) Non-pressure types*: No. of units 2; Est. Prod. in Nos. 4,51,000 (3,89,099).—*Typewriters*: No. of Units 4; Est. Prod. in Nos. 44,600 (46,951).—*Zip fasteners*: No. of units 2 (6); Est. Prod. in Meters 27,40,000 (43,59,220).—*Needles*:—*(a) Gramophone*: No. of units 2; Est. Prod. in Mill. Nos. 345 (213.69).—*(b) Hand Sewing*: No. of units 2; Est. Prod. in Mill. Nos. 219 (174.50);—*(c) Sewing Machines*: No. of units 2; Est. Prod. in Mill. Nos. 6.07 (5.82).—*Addressing Machines*: No. of units 2; Est. Prod. in Nos. 600 (461).—*Data Processing Machines*: No. of units 2; Est. Prod. in Nos. 2,760 (2,230).—*Calculating and Adding Machines*: No. of units 1; Est. Prod. in Nos. 3,720 (6,412).—*Expanded Metal*: No. of units 1 (5); Est. Prod. in Tonnes 185 (665.904).—*Grinding Media*: No. of units 6 (8); Est. Prod. in Tonnes 11,050 (11,487.576).—*Auto Leaf Springs*: No. of units 11 (15); Est. Prod. in Tonnes 15,900 (24,518.51).—*Steel Furniture*: No. of units 13 (26); Est. Prod. in Tonnes 33,000.00 (33,258).—*Agricultural Implements*: No. of units 21 (52); Est. Prod. in Tonnes 21,200.00 (22,400).—*Machine Screws*: No. of units 6 (15); Est. Prod. in Mill. Nos. 460 (633.064).—*Wood Screws*: No. of units 5 (18); Est. Prod. in Mill. Nos. 1,398 (1,759.801).—*Building Hardware*: No. of units 6 (23); Est. Prod. in Tonnes 1,100 (7,000.00).—*Razor Blades*: No. of units 5; Est. Prod. in Mill. Nos. 840 (779.350).—*Crown Corks*: No. of units 2 (7); Est. Prod. in Mill. Nos. 1,398 (1,321.800).—*Hurricane Lanterns*: No. of units 5(10); Est. Prod. in Mill. Nos. 2.86 (4.22).—*Time Pieces*: No. of units 4; Est. Prod. in Mill. Nos. 0.52 (0.47).—*Watches*: No. of units 2; Est. Prod. in Mill. Nos. 0.30 (0.26).—*H.T. Bolts & Nuts*: No. of units 5 (6); Est. Prod. in Tonnes 4,135.00 (3,776.421).—*Collapsible Tubes*: No. of units 5 (6); Est. Prod. in Mill. Nos. 230.00 (189.98).—*Umbrella Ribs*: No. of units 1 (6); Est. Prod. in Mill. Doz. Sets 0.30 (0.52).—*Steel Link Chains*: No. of units 2 (4); Est. Prod. in Tonnes 480.00 (924.37).—*Wire Gauge/Wire Netting and Chain Link Fencing*: No. of units 2 (6); Est. Prod. in Tonnes 503.00 (1,110.00).—*Bolts, Nuts & Rivets, Washers and Dogspikes*: No. of units 18 (34); Est. Prod. in Tonnes 32,040.000 (27,607.053).—*Clocks*: No. of units 3 (5); Est. Prod. in Mill. Nos. 0.082 (0.081).—*Valves & Cocks*: No. of units 8; Est. Prod. in Mill. Nos. 1.000 (0.95).—*Industrial Coil Springs*: No. of units 2 (3); Est. Prod. in Tonnes 445 (659.763).—*Steel Balls*: No. of units 3 (4); Est. Prod. in Lakh Nos. 12,896.00 (12,454.24).—*Agricultural Machinery*: No. of units 8 (21); Est. Prod. in Lakh Nos. 1,500.00 (1,800).—*Industrial Roller Chains*: No. of units 4 (3); Est. Prod. in Rs. lakhs 57.00 (42.47).

CEMENT

Cement: No. of units 44 (42); Estimated Production in Thousand Tonnes 11,943 (11,302).

CARBON PRODUCT

Cinema Arc Carbon: No. of units 2 (3); Estimated Production in Mill. Pairs 5.09 (4.35).—*Calcined Petroleum Coke*: No. of units 1; Est. Prod. in Tonnes 62,868 (51,288).—*Pencils*: No. of units 3 (13); Est. Prod. in Lakh Gross 5.07 (13.75).—*Midget Electrodes*: No. of units 1; Est. Prod. in Mill. Pcs. 328 (205.70).

INDUSTRIAL EXPLOSIVES INDUSTRY

Blasting Explosives: No. of units 1; Estimated Production in Tonnes 24,140 (21,090).—*Detonators*: No. of units 2; Est. Prod. in Mill. Nos. 91.15 (68.70).—*Safety Fuses*: No. of units 2; Est. Prod. in Mill. Coils 6.8 (10.214).—*Loxite Explosives*: No. of units 1; Est. Prod. in Tonnes 1,755 (1,705).—*Detonating Fuse*: No. of units 1; Est. Prod. in Mill. Mtr. 9.21 (3.2).

CERAMICS

Refractories: No. of units 43 (69); Estimated Production in Th. Tonnes 618 (748.2).—*Insulators H.T.*: No. of units 7 (10); Est. Production in Tonnes 11,200 (10,668).—*Insulators L. T.*: No. of units 13 (18); Est. Prod. in Tonnes 1,000 (3,536).—*Sanitaryware*: No. of units 13 (22); Est. Prod. in Tonnes 11,000 (12,640).—*Glazed Tiles*: No. of units 4 (8); Est. Prod. in Tonnes 12,500 (11,530).—*Crockery*: No. of units 19 (43); Est. Prod. in Tonnes 9,500 (17,340).—*Stoneware Pipes*: No. of units 11 (22); Est. Prod. in Tonnes 52,500 (69,870).—*Stoneware Containers*: No. of units 11 (25); Est. Prod. in Tonnes 5,500 (11,730).—*Abrasive Grains*: No. of units 1 (4); Est. Prod. in Tonnes 1,700 (3,380).

PAPER INDUSTRY

Paper & Paper Board: No. of units 56; Estimated Production in Thousand Tonnes 630 (608.88).—*Newsprint*: No. of units 1 (1); Est. Prod. in Thousand Tonnes 30.00 (31.02).

TIMBER INDUSTRY

Plywood:—*(a) Teacheast*: No. of units 71 (65); Estimated Production in Million sq. meters 12.2 (10.8).—*(b) Commercial*: Est. Prod. in Million sq. meters 15.6 (14.4).—*Hard Board*: No. of units 3; Est. Prod. in Million sq. meters 4.43 (3.12).—*Insulation Board*: No. of units 1; Est. Prod. in Metric Tons 1,910 (1,749).—*Particle Board*: No. of units 8; Est. Prod. in Million sq. meters 0.653 (0.726).—*Safety Matches*: No. of units 6; Est. Prod. in Million Boxes 4,443 (4,084).—*Cork Products*:—*(a) Stoppers*: No. of units 2; Est. Prod. in Million Gross 1.238 (1.246).—*(b) Discs*: No. of units 2; Est. Prod. in Million Gross 9.445 (8.45).—*(c) Sheets*: No. of units 2; Est. Prod. in Million sq. meters 1.308 (0.781).

LEATHER INDUSTRY

Vegetable Tanning of Hides: No. of units 33; Estimated Production in Cow Hide in lakhs 25.50 (31.78).—*Chrome Tanning of Hides*: No. of units 12; Est. Prod. in Hides in lakhs 8.20 (8.98).—*Western type of Leather Foot-wear*: No. of units 9 (12); Est. Prod. in lakhs pairs 95.00 (105.32).—*Indigenous type of Leather Foot-wear*: No. of units 9 (12); Est. Prod. in lakh pairs 86.80 (73.18).—*Glue*: No. of units 4 (7); Est. Prod. in lakh Kgs. 19.00 (24.32).—*Pickers*: No. of units 1 (5); Est. Prod. in Lakh Nos. 8.00 (13.55).—*Myrobalan Extracts*: No. of units 2 (3); Est. Prod. in Th. Tonnes 1.00 (1.61).

RUBBER MANUFACTURERS

Automobile Tyres: No. of units 8; Estimated Production in Lakh Nos. 33.00 (27.06).—*Automobile Tubes*: No. of units 8; Est. Prod. in Lakh Nos. 33.00 (30.03).—*Bicycle Tyres*: No. of units 12; Est. Prod. in lakh Nos. 240.00 (223.38).—*Bicycle Tubes*: No. of units 14; Est. Prod. in lakh Nos. 240.00 (194.00).—*Camel Back*: No. of units 11; Est. Prod. in M. Tons 11,000 (10,870).—*Rubber & Canvas Foot-wear*: No. of units 17; Est. Prod. in Million Pairs 57.00 (54.92).—*Vee and Fan Belts*: No. of units 6; Est. Prod. in lakh Nos. 53.00 (47.00).—*Carbon Black*: No. of units 2; Est. Prod. in M. Tons 24,000 (23,747).—*Reclaim Rubber*: No. of units 4 (3); Est. Prod. in M. Tons 10,000 (8,680).

PAINT AND SURFACE COATING MATERIALS

Paints: No. of units 50; Est. Prod. in Tonnes 46,560 (70,649).—*Titanium Dioxide*: No. of units 1; Est. Prod. in Tonnes 3,882 (3,370).—*Aluminium Paste*: No. of units 2; Est. Prod. in Tonnes 207 (790).—*Zinc Oxide*: No. of units 6; Est. Prod. in Tonnes 5,196 (7,526).—*Red Lead*:

No. of units 4; Est. Prod. in Tonnes 2,353 (2,699).—*White Lead*: No. of units 1; Est. Prod. in Tonnes 403 (602).—*Synthetic Resin*: No. of units 22; Est. Prod. in Tonnes 8,998 (12,660).—*Chrome Colour*: No. of units 9; Est. Prod. in Tonnes 1,011 (1,552).—*N. C. Lacquers (Clear, Pigmented and Ancillaries)*: No. of units 8; Est. Prod. in Million Litres 1,502 (2.02).

COSMETICS AND TOILET PREPARATION

Soap: No. of units 43 (61); Estimated Production in Tonnes 2,16,896 (1,91,634).—*Fatty Acids*: No. of units 10 (9); Est. Prod. in tonnes 16,276 (12,065).—*Metallic Stearates*: No. of units 6; Est. Prod. in Tonnes 142 (108).—*Tooth Paste*: No. of units 8 (10); Est. Prod. in kgs. 38,48,000 (31,58,754).—*Tooth Powder*: No. of units 5 (7); Est. Prod. in Kgs. 4,80,000 (3,13,555).—*Toilet and Talcum Powder (Single shift basis)*: No. of units 16; Est. Prod. in kgs. 50,00,000 (50,32,937).—*Face Powder*: No. of units 11 (12); Est. Prod. in kgs. 54,146 (3,61,959).—*Face Cream and Snow*: No. of units 15 (16); Est. Prod. in kgs. 7,80,806 (7,61,091).—*Glycerine*: No. of units 20 (16); Est. Prod. in Tonnes 8,898 (8,745).—*Carboxy Methyl-Cellulose*: No. of units 2; Est. Prod. in Tonnes 2,951 (2,933).—*Textile Auxiliaries*: No. of units 13 (14); Est. Prod. in Tonnes 11,945 (12,345).

FOOD PROCESSING INDUSTRIES

Biscuits: No. of units 31; Estimated Production in Metric tonnes 66,500 (57,360).—*Confectionery*: No. of units 29; Est. Prod. in Metric tonnes 13,000 (23,443).—*Liquid Glucose*: No. of units 5; Est. Prod. in Metric tonnes 24,000 (23,976).—*Dextrose Powder*: No. of units 2; Est. Prod. in Metric tonnes 8,800 (7,815).—*Flour Milling*: No. of units 111 (102); Est. Prod. in Metric tonnes 10,50,000 (14,40,618).—*Cigarettes*: No. of units 13 (12); Est. Prod. in Million pieces 64,083 (53,700).—*Breakfast Foods*:—(a) *Corn and Wheat Flakes*: No. of units 1; Est. Prod. in Tonnes 350 (318).—(b) *Processed and Rolled Oats*: No. of units 1; Est. Prod. in Tonnes 400 (377).—(c) *Processed Pearl Barley*: No. of units 3; Est. Prod. in Tonnes 2,000 (2,239).—*Chocolates and Cocoa Powder*:—(a) *Chocolates*: No. of units 3; Est. Prod. in Tonnes 1,260 (1,044).—(b) *Drinking Chocolates*: No. of units 3; Est. Prod. in Tonnes 1,400 (868).—(c) *Cocoa Powder*: No. of units 3; Est. Prod. in Tonnes 200 (347).—*Sweetened Condensed Milk*: No. of units 4; Est. Prod. in Tonnes 9,700 (6,579).—*Baby Food/Infant Milk Food*: No. of units 5; Est. Prod. in Tonnes 12,000 (9,182).—*Milk Powder*: No. of units 6 (7); Est. Prod. in Metric tonnes 9,000 (3,040).—*Malted Milk Foods*: No. of units 7; Est. Prod. in Metric tonnes 8,700 (6,766).—*Malt Extract*: No. of units 3; Est. Prod. in Metric tonnes 2,200 (2,200).—*Gur Gum*: No. of units 5; Est. Prod. in Metric tonnes 5,500 (20,000).—*Starch*: No. of units 8; Est. Prod. in Metric tonnes 89,000 (74,000).—*Vegetables and Fruit Preservation*: No. of units 37 (36); Est. Prod. in Metric tonnes 50,000 (62,848).—*Canned Fish Products*: No. of units 21; Est. Prod. in Metric tonnes 2,000 (1,885).—*Meat and Meat Products*: No. of units 4; Est. Prod. in Metric tonnes 300 (975).—*Open Top Sanitary Cans*: No. of units 8; Est. Prod. in Metric tonnes 12,575 (20,000).—*Filter Rods for Cigarettes*: No. of units 1; Est. Prod. in Mil. Pieces 470 (399).—*Weaning Foods*: No. of units 2; Est. Prod. in Tonnes 350 (330).—*Protein Foods*: No. of units 3; Est. Prod. in Tonnes 250 (180).—*Modified milk-food for infants*: No. of units 2; Est. Prod. in Tonnes 325 (374).—*Instant Coffee*: No. of units 2; Est. Prod. in tonnes 850 (493).—*Aerated Waters*: No. of units 21 (17);

Est. Prod. in 100 Bottles 38,80,372 (31,43,908).—*Industrial Enzymes*: No. of unit 1; Est. Prod. in M. Tonnes 650(85).

GLASSWARE AND ALLIED INDUSTRIES

Glassware: No. of units 36 (113); Estimated Production in Tonnes 20,000 (2,95,433).—*Enamelwares*: No. of units 6 (18); Est. Prod. in Th. Pcs. 17,284 (19,385).—*Synthetic Stones*: No. of units 1; Est. Prod. in Kgs. 14,381 (12,526).

INDUSTRIAL GASES AND MISCELLANEOUS CHEMICALS

Industrial Gases:—(a) *Oxygen Gas*: No. of units 50; Estimated Production in Thousand cubic meters 33,800 (32,594).—(b) *D. Acetylene Gas*: No. of units 34; Est. Prod. in Thousand cubic meters 5,570 (5,410).—*Hydrogen Gas*: No. of units 6; Est. Prod. in Thousand cubic meters 580 (573).—(d) *Nitrogen Gas*: No. of units 11 (10); Est. Prod. in Thousand cubic meters 750 (668).—(e) *Argon Gas*: No. of units 3; Est. Prod. in Thousand cubic meters 140 (133).—(f) *Nitrous Oxide Gas*: No. of units 3; Est. Prod. in Million litres 190 (172).—(g) *Carbon Dioxide Gas*: No. of units 24 (28); Est. Prod. in Tonnes 10,000 (10,936).—*Basic Electroplating Salts*:—(a) *Nickel Sulphate*: No. of units 6 (7); Est. Prod. in Tonnes 500 (559).—(b) *Nickel Carbonate*: No. of units 3 (5); Est. Prod. in Tonnes 5 (26).—(c) *Chromic Acid*: No. of units 5 (6); Est. Prod. in Tonnes 400 (438).—(d) *Nickel Chloride*: No. of units 5; Est. Prod. in Tonnes 80 (105).—*Heat-Treatment Salts*:—(a) *Cyanide type*: No. of units 3; Est. Prod. in Tonnes 800 (718).—(b) *Nvn-Cyanide type*: No. of units 3; Est. Prod. in Tonnes 600 (639).—(c) *Tempering Salts*: No. of units 1; Est. Prod. in Tonnes 40 (31).—(d) *Economisers Tempering and Cutting oils*: No. of units 2; Est. Prod. in Tonnes 420 (416).—*Water Treatment Salts*:—(a) *Sodium Hexameta-Phosphate*: No. of units 1; Est. Prod. in Tonnes 550 (534).—(b) *Alflock Powder*: No. of units 1; Est. Prod. in Tonnes 450 (445).—(c) *Sodium Tripoly Phosphate*: No. of units 1; Est. Prod. in Tonnes 4,000. —*Fluxes*:—(a) *Gas Welding Fluxes*: No. of units 3; Est. Prod. in Tonnes 15 (20).—(b) *Soldering Fluxes*: No. of units 1; Est. Prod. in Tonnes 4.5 (4.4).—(c) *Submerged Arc Welding Fluxes*: No. of units 2; Est. Prod. in Tonnes 150 (137).—*Foundary Chemicals*:—(a) *Fluxes*: No. of units 1 (2); Est. Prod. in Tonnes 680 (751).—(b) *Binders*: No. of units 3 (4); Est. Prod. in Tonnes 820 (822).—(c) *Dressing*: No. of units 2 (3); Est. Prod. in Tonnes 400 (473).—(d) *Deoxidising tubes*: No. of units 1; Est. Prod. in Tonnes 1.5 (2.4).—(e) *Exothermics*: No. of units 1; Est. Prod. in Tonnes 200 (260).—(f) *Miscellaneous Compounds*: No. of units 1; Est. Prod. in Tonnes 150 (139).—*Miscellaneous Chemicals*:—(a) *Activated Bleaching Earth*: No. of units 1 (2); Est. Prod. in Tonnes 2,000 (3,310).—(b) *Activated Carbons*:—No. of units 2 (3); Est. Prod. in Tonnes 600 (1,163).—(c) *Rare Earth Chloride*: No. of units 1; Est. Prod. in Tonnes 3,900 (3,860).—(d) *Potassium Permanganate*: No. of units 1 (3); Est. Prod. in tonnes 675 (670).—*Barium Salts*:—(a) *Barium Sulphate*: No. of units 1 (2); Est. Prod. in Tonnes 150 (758).—(b) *Barium Nitrate*: No. of units 3 (4); Est. Prod. in Tonnes 900 (1,100).—(c) *Barium Carbonate*: No. of units 2 (6); Est. Prod. in Tonnes 1,100 (2,000).—*Catalysts*:—(a) *Vandium Pentoxide*: No. of units 1; Est. Prod. in Kilolitres 110 (120).—(b) *Platinum Rhodium*: No. of units 2; Est. Prod. in Kgs. 220 (234).—(c) *Nickel Catalysts*: No. of units 1; Est. Prod. in Tonnes 100 (58).

FAMILY PLANNING

THE population of India was about 518 million in 1968. The population in the country is increasing annually at 25 per thousand with the net addition of 13 million people in the country every year. India has taken up family planning on Governmental level.

The Fourth Five-Year Plan has provided a sum of Rs. 229 crores for the programme and the aim is to reduce the birth rate of 41 per thousand to 23 per thousand in about 10 years time by voluntary adoption of any of the available family planning methods by the 90 million couples in the reproductive age group 15-45 years. This is sought to be achieved by a four point programme consisting of effective (1) Mass education and motivation; (2) Training of medical, paramedical, extension education and other personnel; (3) Supplies and services and (4) Research in all fields — communication and motivation, demography, medical and biological.

ORGANIZATIONAL SET-UP

Family Planning has been a state subject. A separate department of Family Planning has been created in the Ministry of Health, F.P. & Urban Development with the Commissioner for Family Planning as the technical head. To establish liaison with the State, six Regional Directors have been appointed. The states have established State Family Planning and District Family Planning Bureaus and the Primary Health Centres for family planning work. In the urban areas one clinic against almost every population of 50,000 has been established. In the rural areas 5,080 Family Planning Centres have been in position by the end of December 1968.

Expert advice and consultation on technical matters are provided to the Department of Family Planning by various committees.

TRAINING

A Central corps of Family Planning doctors has been created to offer the services of doctors to needy states. Five Central Training Institutes namely :—

1. Central Family Planning Institute, New Delhi;
2. Central Health Education Bureau, New Delhi;
3. All India Institute of Hygiene & Public Health, Calcutta;
4. Family Planning Training & Research Centre, Bombay;
5. Institute of Rural Health & F.P., Gandhigram, have been established to train the key personnel. Besides, 42 Regional Training Centres have been set up to train mainly the paramedical and non-medical staff. Training efforts are also being supplemented by the sixteen Central Family Planning Field Units established against one in each State.

RESEARCH

At present there are eight demographic Research Centres one each at Dharwar, Delhi, Lucknow, Calcutta, Patna, Poona, Baroda and Bombay. Similarly 8 Family

Planning Communication Action Research Projects have been functioning at: (1) Planning Research & Action Institute, Lucknow; (2) University of Kerala, Trivandrum; (3) Indian Statistical Institute, Calcutta; (4) Central Family Planning Institute, New Delhi; (5) Institute of Rural Health & Family Planning, Gandhigram; (6) Utkal University, Bhubaneswar; (7) India International Centre, New Delhi; (8) Shri V. T. K. Institute of Rural Development, Baroda.

Medical and Bio-medical studies on various aspects of Family Planning are being carried out at the various institutions and universities in New Delhi, Calcutta, Lucknow, Ahmedabad, Bombay and Chandigarh under the overall control of Indian Council of Medical Research. The main aim of bio-medical research is to bring out new contraceptives like the injectible contraceptives, etc. and study the effects of contraceptives currently in use.

EDUCATIONAL AND MOTIVATION

At 22 Radio Stations special Family Planning Cells have been established to relay Family Planning Programme, Special Family Planning Publicity Units have been established under the Ministry of Information and Broadcasting. Exhibition Units by the Central and State Governments have also been set up. Various feature films, documentaries and slides have been prepared for use in cinema houses all over the country.

Some States have provided schemes for the appointment of Family Planning Sahayakas with suitable honorarium.

SUPPLIES AND SERVICES

With the target of approaching 90 million couples in the reproductive age group for adopting one or the other contraceptive methods a net work of mobile and static services is being provided through 7,057 static and 754 mobile units, 1,806 urban centres and 5,130 rural centres with over 19,000 sub-centres and 9,000 other medical institutions where family planning advice and supplies are available.

By the end of September 1968 about 5 million sterilization operations were performed and 2.6 million loops inserted. It is estimated that in a single year 1967-68 only about 1.2 million births were prevented.

ACHIEVEMENTS

Sterilizations and introduction of loops respectively, in the States: Andhra Pradesh 3,66,485; 1,27,396; Assam 33,203; 93,596; Bihar 2,69,282; 87,732; Gujarat 2,79,078; 1,50,525; Haryana 35,257; 1,23,309; Jammu & Kashmir 23,178; 28,953; Kerala 2,63,774; 1,31,665; Madhya Pradesh 3,94,344; 1,02,277; Maharashtra 7,92,169; 3,04,825; Mysore 2,90,366; 2,15,545; Orissa 2,73,249; 75,997; Punjab 1,53,752; 3,74,387; Rajasthan 1,04,689; 62,855; Tamil Nadu 7,29,941; 26,627; Uttar Pradesh 4,62,336; 3,02,259; West Bengal 3,92,010; 2,74,590; Nagaland, Union Territories & Central Govt. Institutions 64,277; 79,248; Total 50,20,540; 26,08,667.

FOURTH FIVE YEAR PLAN*

(1969-74)

PLAN IN OUTLINE

Size of the Plan and Pattern of Outlay :

A total outlay of Rs. 24,398 crores is envisaged for the Fourth Plan. Of this the public sector outlay will amount to Rs. 14,398 crores while the investment in the private sector is anticipated to be Rs. 10,000 crores. In the public sector Rs. 12,252 crores have been provided for investment and Rs. 2,146 crores for current outlay. The total investment for the creation of productive assets

aggregates to Rs. 22,252 crores. Table I indicates the distribution of the public and private sector outlays by major heads of development.

The estimates of development outlays do not include most of the expenditures by local bodies out of their own resources on development schemes. Expenditure on the maintenance of development services and institutions established during the earlier Plans as well as the Annual Plan years (1966-69) will be provided for in the normal budgets and does not form part of the Plan outlay.

TABLE 1 Fourth Plan — Outlay and Investment : Public and Private Sectors

Head of development	Public sector				Private sector		Public and Private sectors		
	total outlay	current outlay	invest-ment	Percent- age distri- bution of total outlay	invest-ment	percent- age distri- bution	total invest- ment (4 + 6)	total outlay (2 + 6)	percent- age distri- bution

TABLE 2 Distribution of Public Sector Outlays : Centre, Centrally sponsored, States and Union Territories—(Concl'd.)
(Rs. crores)

Head of department	Centre	Centrally sponsored	Union Territories	States	Total
(1)	(2)	(3)	(4)	(5)	(6)
Scientific research	134.0	134.0
Health	53.5	176.5	19.3	188.2	437.5
Family planning	300.0	300.0
Water supply and sanitation ..	0.3	2.0	33.3	303.3	338.9
Housing and urban and regional development ..	34.0	..	20.6	116.1	170.7
Welfare of backward classes ..	0.5	59.5	4.2	70.1	134.3
Social Welfare	23.3	2.0	1.8	10.1	37.2
Labour welfare and craftsmen training	9.2	..	2.8	25.1	37.1
Other programmes	86.0 ¹	..	10.4	86.4 ²	182.8
Total	7,206.6	727.1	397.9	6,066.0	14,397.6

¹ Break-up is as follows : rehabilitation (Rs. 66.0 crores), statistics (Rs. 4.4 crores), information and publicity (Rs. 5.0 crores), expansion of printing capacity (Rs. 10.0 crores), and research programmes committee (Rs. 0.6 crores).

² Inclusive of outlays for special and backward areas, information and publicity, state capital projects, evaluation etc.

TARGETS AND ESTIMATES

The targets aimed at and results anticipated in selected fields are indicated in table 3 :

TABLE 3 Selected Targets and Estimates

Item	Unit	1968-69 estimated	1973-74 targets/estimates
<i>Agriculture and allied sectors</i>			
Foodgrains production	mill. tonnes	98 ¹	129
Sugarcane (in terms of gur)	mill. tonnes	12.0 ¹	15
Oilseeds	mill. tonnes	8.5 ¹	10.5
Cotton	mill. bales	6.0 ¹	8
Jute	mill. bales	6.2 ¹	7.4
Tea	thou. tonnes	418	450
Tobacco	thou. tonnes	380	480
High yielding varieties (area covered)	mill. hectares	8.5	24.1
<i>Consumption of fertilisers</i>			
Nitrogenous (N)	thou. tonnes	1,400	3,700

MACRO-ECONOMIC PROJECTIONS FOR THE FOURTH PLAN

The increase in per capita income over the Plan period will be about 3 per cent per year. In order to realise the rate of growth postulated, it will be necessary to step up the rate of domestic savings from the level of 8 per cent in 1967-68 to 12.6 per cent and that of investment from 11.5 per cent to 13.8 per cent by the end of the Plan. The increase in foodgrains output visualised in the Plan will enable the country to dispense with concessional food imports by 1970-71. Efforts will be made to limit the growth of non-food imports to 5 per cent per year while securing an annual increase of 7 per cent in exports. As a result, the requirements of foreign aid, net of debt repayment and interest payments, in the terminal year of the Plan will be brought down to half its present level. Table 4 gives a few selected macro-economic projections for the Fourth Plan.

TABLE 4 Macro-Economic Projection : 1967-68 and 1973-74

Item	Unit	1967-68	1973-74
National income ..	Rs. crores at 1967-68 prices	27,933	38,100
Population (mid-year October 1) per capita income ..	million Rs.	514	596
Domestic savings as percentage of national income..	per cent	8	12.6
Net investment as percentage of national income..	per cent	11.5	13.8
Per capita private consumption ..	Rs.	494	559

RESOURCES FOR THE FOURTH PLAN

Table 5 presents the scheme of financing the Fourth Plan.

TABLE 5 Estimates of Resources for the Fourth Plan (Rs. crores)

Item	Centre	States	Total
Budgetary resources other than negotiated loans from LIC and state enterprises' market borrowings..	6,868	1,114	7,982

Other than PL 480 ..	2,134 ⁵	..	2,134 ⁴
PL 480 assistance ..	380	..	380
Total budgetary resources @	9,382	1,457	10,839
Additional resource mobilisation	1,600 ⁵	1,109	2,709
Deficit financing ..	850	..	850
Aggregate resources*	11,832	2,566	14,398
Assistance for state plans	(-)3,500	3,500	..
Net resources — plan outlay † ..	8,332	6,066	14,398

¹ This estimate pertains to four States only and assumes that other States will balance their non-Plan revenue budgets.

² Reserve Bank loans to State Governments for participation in share capital of co-operatives.

³ Inclusive of local bodies' contribution of Rs. 50 crores and loan repayments by State Governments' enterprises.

⁴ Net of loan repayments only. Interest payments have been allowed for in calculating the balance from current revenues.

⁵ Net of States' share.

@ Includes budgetary resources, loans from L.I.C. and State enterprises' market borrowing and budgetary receipts corresponding to external assistances.

* Includes total budgetary resources, additional resource mobilisation and deficit financing.

† Aggregate resources and assistance for State Plans.

The scale of resource mobilisation envisaged in the above scheme will materialise only if appropriate policy decisions are taken well in time and the various development programmes effectively implemented to secure the overall and sectoral rates of growth.

PRIVATE INVESTMENT

Firm estimates of private savings are not available. On a rough calculation the private sector is expected to generate savings amounting to Rs. 13,900 crores during the Fourth Plan. The household and co-operative sectors will contribute Rs. 12,040 crores and the balance of Rs. 1,860 crores will be contributed by the corporate sector. The Central and State Governments will draw on this pool of private savings as much as Rs. 3,930 crores for the public sector Plan. Private savings thus available for private investment would amount to Rs. 9,970 crores. Adding to it the net amount of foreign funds directly flowing to the private sector, the total resources available for private investment would aggregate to Rs. 10,000 crores. The break-up of this total is:

TABLE 6 Resources Available for Private Investment

Item	Fourth Plan investment (Rs. crores)
Private savings	13,900
Corporate savings	1,860
Household and co-operative savings ..	12,040
Central and state government draft on private savings	3,930
Private savings available for private investment	9,970
Gross loans and investment from abroad	300
Repayment of foreign loans	270
Net inflow of foreign funds	30 ¹
Total resources available for private investment	10,000

¹ Net of loan repayments only. Interest payments have been taken into account under item 1.

BOMBAY — BANGKOK — HONGKONG — TOKYO.

GENERAL ELECTIONS (1967)

INDIA, the second most populous country in the world went to the polls on February 15, 1967 for the fourth time after she attained independence on August 15, 1947.

POLITICAL PARTIES AND SYMBOLS

For the 1967 Election, the Election Commission had prescribed 23 symbols. Sixteen of them were "Reserved Symbols" and the remaining seven "Free Symbols."

The Commission classified political parties as recognised and others. A political party which contests in more than one State and secures more than 4 per cent of the votes cast in the country as a whole in a general election is classified as a recognised multi-state party for the next general election. Each recognised party is allotted a reserved symbol and the candidates sponsored by it for contesting from different States are allotted the same symbol.

RECOGNISED MULTI-STATE PARTIES

There are now eight recognised multi-state parties. Their names and symbols allotted to them are: 1. *Indian National Congress*: Two bullocks with the yoke on; 2. *Communist Party of India*: Ears of corn and sickle; 3. *Swatantra Party*: Star; 4. *Communist Party of India (Marxist)*: Hammer, sickle and star; 5. *Bharatiya Jana Sangh*: Lamp; 6. *Praja Socialist Party*: Hut; 7. *Samyukta Socialist Party*: Tree; and 8. *Republican Party of India*: Elephant.

RECOGNISED PARTIES IN DIFFERENT STATES

The names of recognised State Parties, their States and symbols† respectively are:

1. Muslim League; Kerala; Ladder.
2. Kerala Congress; Kerala; Horse.
3. (i) Dravida Munnetra Kazhagam; Tamil Nadu; (ii) United Goans (Furtado Group); Rising Sun.
4. Peasants and Workers' Party; Maharashtra; Cart.
5. (i) Shiromani Akali Dal (Master Tara Singh Group); Punjab; United Goans (Sequeira Group), Goa, Daman and Diu: Hand.
6. (i) Forward Bloc; West Bengal; (ii) Maharashtra-wadi Gomantak; Goa, Daman and Diu: Lion.
7. All Party Hill Leaders' Conference; Assam: Flower.
8. Shiromani Akali Dal (Sant Fateh Singh Group); Punjab: Scales.
9. Jammu and Kashmir National Conference; Jammu and Kashmir: Plough.
10. Republican Party (Maharashtra): Elephant.
11. Janata Paksha (Mysore).
12. Naga National Organisation, Nagaland.
13. Jana Congress (Orissa).
14. Bangla Congress (West Bengal).

Shiromani Akali Dal (Master Tara Singh Group) in Punjab, the Democratic National Conference in Jammu & Kashmir, Frente Populare and the United Goans (Furtado Group) in Goa, Daman & Diu have failed to obtain sufficient electoral support and their recognition has been withdrawn.

The following symbols, though reserved for multi-state parties (Tree for S.S.P. and Elephant for the Republican Party) have also been made available to:

1. Democratic National Conference; Jammu and Kashmir: Tree.

2. (i) Frente Populare; Goa, Daman and Diu; (ii) People's Front, Pondicherry: Elephant.

FREE SYMBOLS

The free symbols, as already stated, are available for allotment to candidates of political parties which are not recognised and to independent candidates, such candidates can indicate the free symbol which they wish to be allotted. The Election Commission has laid down the procedure to be followed if two or more candidates indicate their preference for the same symbol. If one of the candidates is a sitting member of the Lok Sabha or the State Assembly and had been allotted that symbol at the previous election, the returning officer will allot the symbol, to that candidate. In all other cases the allotment will be by draw of lots.

ELECTION OF PRESIDENT AND VICE-PRESIDENT

The polling for the Presidentship took place on 6th May and the result was declared on 9th.

Dr. Zakir Hussain was elected President.*

The polling for the Vice-Presidentship also took place on 6th May and the result was declared on the same day. Mr. V. V. Giri was elected Vice-President. Details of the election of President and Vice-President were given in the 1968 Directory.

LOK SABHA—ALL-INDIA ANALYSIS

Electorate: 249,003,334. Votes polled: 152,724,611. Polling percentage: 61.33. Valid votes: 145,866,510. Invalid votes: 6,830,460. Percentage: 4.68.

Votes polled by parties:

Name of party	Valid votes	Percentage
1. Congress	59,402,754	40.73
2. Jan Sangh	13,715,931	9.41

SOME POLITICAL PARTIES*

AKHIL BHARAT HINDU MAHASABHA

(Hindu Mahasabha Bhawan, Mandir Marg, New Delhi 1.)

THE aim of the Hindu Mahasabha is to establish a really democratic Hindu State in Bharat, based on the culture and tradition of Hindu Rashtra and to re-establish Akhand Bharat by all constitutional means.

The 1967 Election Manifesto was given in the 1967 Directory.

Foreign Policy

On foreign policy, the Sabha stands for befriending all neighbouring Hindu nations such as Nepal, Sikkim, Bhutan, Burma and Ceylon and calls for non-involvement and non-interference in the affairs of other countries.

The manifesto also stands for the liberation of Indian territory from the control of foreign Powers by "all possible means."

The Sabha wants India's withdrawal from the Commonwealth so that India becomes a "really independent country, free from British influence in our internal and external policies."

The Sabha wants the Government to manufacture nuclear weapons for defence purposes "without being bullied by our enemies."

Language Policy

On language, the Sabha stands for resisting all attempts made to dislodge Hindi from the place it has been given in the Constitution as a Union language.

The Sabha wants all administrative work to be conducted in the language which the masses speak.

On Kashmir, the Sabha stands for the abrogation of Article 370 of the Constitution which gives special status to that State.

It also wants the imposition of "effective curbs" on the activities of foreign Christian missionaries.

The Sabha has also promised a ban on cow slaughter.

More details were given in the 1968 Directory.

President: Pt. Brijnarayan Brajesh.

Total membership of Party: 785,000.

* The articles in this section are based on the material provided by the parties themselves.

ALL INDIA FORWARD BLOC

(Central Office, 88, North Avenue, New Delhi.)

Gen. Secretary's Office, Chhindwara, M.P.

Chairman : Hemanta Kumar Bose, M.L.A.

General Secretary : R. K. Haldulkar.

The party advocates the nationalisation of all key industries in the country, equitable redistribution of land with special provision to allot land to the landless peasants, fair wage to the workers, right to strike and full trade union rights to the workers, appointment of a Commission to go into the economic condition of kisans and suggest means of greater production of foodgrains to meet the

deficit, action to vacate aggression of China on the northern frontiers of the country, free education to the students upto the degree level and up-to-date training of our defence forces to meet any aggression from outside.

The Party is opposed to any talks with Pakistan over the Kashmir issue and wants military action to vacate the Pak-occupied portion of Jammu and Kashmir.

The Party has a membership of about 40,000.

BHARATIYA JAN SANGH

(Ajmere Gate, Delhi)

President : Atal Bihari Vajpayee.

Total membership of party in country : more than 25,00,000.

Has branches all over India including NEFA, Tripura & Kashmir.

AIMS AND OBJECTS

Integral Humanism is the ideal. Unitary form of Government by democratic peaceful means. Establishment of Dharma-Rajya i.e. the Rule of Law. Ending all disparities in economic and social structure of the Society.

Kashmir an integral part of India.

No plebiscite in Kashmir; and no special position to Kashmir in the Indian Union : same status as other States. Favours giving high priority to defence; stands for building up an independent nuclear deterrent.

Stands for (1) primary education through the mother tongue, (2) secondary and higher education through the regional language and Hindi as compulsory subject, (3)

making learning of one regional language compulsory for Hindi speaking students, (4) compulsory course of Sanskrit studies, (5) recognition of graduates of Hindi and of other recognised Indian languages as on par with English, (6) autonomy of educational institutions and universities, (7) regional language to be allowed as medium of instruction upto the highest class; (8) Provincial language to be made administrative language in their respective areas; (9) examination of U.P.S.C. through the media of regional languages.

Free and compulsory education at the primary and secondary stages. Free education to poor but deserving students at the higher stages.

Contemplate coordinated development of agriculture, industry, trade & services.

1967 ELECTION MANIFESTO

(Is given in the 1967 Directory).

COMMUNIST PARTY OF INDIA (MARXIST)

(Central Committee Office :

49, Lake Place, Calcutta 29.)

The Communist Party of India (Marxist), is the party of the Indian working class wedded to the ideology of Marxism-Leninism with the aim of building Socialism and Communism in India through the establishment of a People's Democratic State as the first stage.

The Communist Party has today grown to become one of the major opposition parties in the country.

The Party's Programme based on Marxism-Leninism envisages the replacement of the present State and Government by a State of People's Democracy and a Government led by the working class on the basis of a firm worker-peasant alliance.

The Programme lays emphasis on the task of carrying out radical agrarian and other reforms in the interests of the peasantry and includes eradication and summary expulsion of the foreign monopoly capital from our national economy and thus free the economic, political and social life of our people from all its disastrous influences.

The Party is represented in the Lok Sabha, Rajya Sabha and is recognized in the five States of Kerala,

West Bengal, Tamil Nadu, Tripura, and Dadra and Nagar Haveli by the Election Commission.

The structure of the Party is the Branch in the factory, other establishments and villages, with the Local or Town committee above it, then the Taluk Committee, the District Committee with its Secretariat, the State Committee with its Secretariat and the Central Committee with its Polit Bureau.

The Party runs a central English weekly "People's Democracy" and a Hindi weekly "Swadhinta", and has dailies in Kerala (Deshabhimani) West Bengal (Ganasakti and Kisan Mazdur (Urdu) and weeklies in Tamil Nadu (Theekkathir), Karnataka (Aikya Ranga), West Bengal (Desh Hitaishi), Punjab (Lok Lehar) and in Andhra Pradesh (Prajashakti).

Polit Bureau : *General Secretary* : P. Sundarayya; *Members* : E. M. S. Namboodripad; A. K. Gopalan; P. Ramamurti; M. Basavapunniah; B. T. Ranadive; Promode Dasgupta; Jyoti Basu and Harkishan Singh Surjeet.

The 1967 Election Manifesto was given in the 1967 Directory.

COMMUNIST PARTY OF INDIA

(7/4, Asaf Ali Road, New Delhi.)

Chairman : S. A. Dange ; *General Secretary* : C. Rajeswara Rao.

The Policy :

Reorganise administration and services in such a way as to make them subordinate and responsible to popularly elected State organs at all levels.

Grant universal and equal suffrage to all male and female citizens of India who have attained the age of 18 years in elections to Parliament, legislative assemblies and local bodies through secret ballot ; introduce proportional representation in all elections and right of recall of elected representatives by majority of electors.

Abolish second chambers and such reactionary, outdated institutions and practices as the post of State Governors, rule by ordinances, detention without trial and privy purses and other privileges of the princes.

Enforce directive principles of the Constitution like right to work, living wage, free education, social security, etc.

Ensure inviolability of person and domicile, unhampered freedom of conscience, religious belief and worship, speech, press, assembly and organisation, strike and combination, freedom of movement and occupation.

Separate judiciary from the executive. Ensure simpler, cheaper and speedier justice within reach of the common man. Provide free legal aid for poorer sections of population.

Reorganise taxation system and base it on principle of capacity to bear burden.

Introduce state-trading in essential commodities like foodgrains, cloth, etc. and supply them to people at reasonable prices.

National minimum wage should be fixed and workers should be assisted in securing fair wages which should be above the minimum. Sliding scale of D.A., bonus, gratuity and holidays with pay.

Guarantee full trade union and democratic rights.

All land reform measures be implemented with the help of popular committees of accredited representatives of peasants and agricultural labourers. Financial and technical aid also be distributed in a similar way.

Introduce graded land tax based on income, exempting all uneconomic holding from tax.

Organise multipurpose cooperatives to provide cheap credit, seed, manure, pesticides, etc. to peasants and ensure remunerative prices for their products. Provide cheap irrigation facilities ; start agro-industries in the countryside.

Ensure adequate wages and living conditions for agricultural labourers.

More details are given in the previous edition of the Directory.

The 1967 Election Manifesto was given in the 1967 Directory.

INDIAN NATIONAL CONGRESS

(7, Jantar Mantar Road, New Delhi.)

President : S. Nijalingappa.

General Secretaries : Sadiq Ali ; P. Venkata Subbaiah, M.P. ; Dr. S. D. Sharma.

Treasurer : S. K. Patil.

Working Committee : S. Nijalingappa, Mrs. Indira Gandhi, K. Kamaraj, Morarji Desai, Jagjivan Ram, Y. B. Chavan, S. K. Patil, Atulya Ghosh, Fakhruddin Ali Ahmed, Dr. Ram Subhag Singh, C. B. Gupta, Sadiq Ali, Hitendra Desai, C. Subrahmaniam, Mohanlal Sukhadia, V. P. Naik, Brahmananda Reddy, Uma Shankar Dikshit, Dr. S. D. Sharma, P. Venkata Subbaiah, K. C. Abraham.

Central Parliamentary Board : S. Nijalingappa, Smt. Indira Gandhi, Jagjivan Ram, K. Kamaraj, Morarji Desai, S. K. Patil, Y. B. Chavan, Fakhruddin Ali Ahmed.

Central Disciplinary Action Committee : Morarji Desai, Jagjivan Ram, Atulya Ghosh, Y. B. Chavan, Dr. Ram Subhag Singh.

Leader, Congress Party, Parliament : Smt. Indira Gandhi.

Deputy Leaders, Congress Party, Parliament : Bibhuti Mishra (Lok Sabha) ; S. N. Mishra (Rajya Sabha).

Secretaries : S. D. Mishra (Rajya Sabha) ; S. S. Deshmukh and B. Shankaranand (Lok Sabha).

Treasurer : S. R. Damani.

Total membership of Party in country : (1967-68) : Primary : 1,10,41,847 ; Active : 2,08,964.

The Indian National Congress includes the following bodies :

The All-India Congress Committee, the Working Committee, Pradesh or Territorial Congress Committees, District or City Congress Committees, Block Congress Committees and Committees subordinate to the Block Congress Committees to be determined by the Pradesh Congress concerned.

There are 20 Pradesh Congress Committees :

Andhra, Assam, Bihar, Bombay, Delhi, Gujarat, Haryana, Himachal, Jammu & Kashmir, Kerala, Madhya Pradesh, Maharashtra, Mysore, Punjab, Rajasthan, Tamilnad, Utkal, Uttar Pradesh, West Bengal and Tripura.

There are five Territorial Congress Committees :

Goa, Manipur, Nagaland, NEFA and Pondicherry.

The A.I.C.C. also has on it representatives of allied institutions and organizations.

AIMS AND OBJECTS

The object of the Indian National Congress is the well-being and advancement of the people of India and the establishment in India by peaceful and constitutional means of a Socialist State based on Parliamentary Democracy in which there is equality of opportunity and of political, economic and social rights, aiming at world peace and fellowship.

The provision of the basic needs of food, clothing and shelter, and of opportunity for cultural growth for all people.

Full employment should be achieved in ten years.

Belief in a secular State; all citizens to have equal rights; removal of barriers which divide people on the basis of religion, caste, class or region.

Land Reform

Abolition of old and out-dated agrarian systems of tenure; security of tenure and fair rents for tenants and tillers of the soil.

Land reform should be effected quickly, agricultural prices stabilized at a reasonable level and facilities for rural credit greatly enlarged.

There should be a ceiling on holdings.

Co-operative farming; the village as the unit of co-operative management.

Education

Basic education will provide the future pattern of primary as well as secondary education. Primary Schools will be converted to the Basic type in a well-planned manner within ten years.

Multi-purpose schools will be established.

Manual work as part of curriculum of higher education; no degree or diploma without manual work.

The medium of instruction at the primary stage must be the mother tongue. Where the mother tongue of a child is not identical with the regional language instruction in the mother tongue should be made available, provided there is a reasonable number of persons demanding such instruction.

At the secondary stage instruction should ordinarily be in the regional language, though other languages could be used if there is a large enough demand.

At the university stage, the regional language should be the medium, though Hindi and even English could be used as this will facilitate inter-provincial cultural intercourse.

In the teaching of scientific and technical subjects the transition from English to Hindi or the regional language should be gradual.

Hindi should be a compulsory second language at the Secondary stage.

The study of English should be taken up at the secondary school stage and continued at the university.

Progressively, examinations for the all-India services should be held in English, Hindi and the regional languages. Candidates who have chosen Hindi or a regional language should pass separately in English.

Successful non-Hindi candidates should take a test in Hindi at an early stage.

Hindi Prachar Sabhas in the headquarters of every Taluka in the south.

It is desirable for people in Hindi-speaking areas to learn at least one regional language.

Proper representation to minorities in legislatures and other public bodies.

The Congress is committed to prohibition.

Foreign Policy

Independent line in foreign policy; friendly relations with all countries.

India's relations with foreign countries will be governed by the Panch Shila. They should also be the basis of the relations between all nations.

Regional military pacts which happen to serve specific interests of the Great Powers will not promote the cause of peace.

India will not be aligned to any power bloc, and will not take part in other people's wars.

People under colonial rule should be free.

Racialism should end.

More details are given in the previous editions of the Directory.

Cunha Nagar Session

The A.I.C.C. Session at Cunha Nagar, Goa failed to achieve any tangible results, apart from adopting the resolution on prohibition and Gandhi Centenary. The session was held from Nov. 5 to 7, 1968.

Faridabad Session

The 72nd plenary session of the Congress was held at Nekiram Sharma Nagar, Faridabad from April 25 to April 28, 1969. The session ended after adopting the only motion placed before it — the report of the panel on the political situation which ruled out coalitions. It expressed against any amendment of the Constitution for the distribution of power between Centre and the States and rejected suggestions about polarisation of party on the basis of right and left.

PEASANTS AND WORKERS PARTY OF INDIA

(Jyotiba Phule Road, Naigaum, Bombay 14.)

General Secretary : Dajiba Desai.

AIMS AND OBJECTS

To oppose imperialism and all kinds of domination by one country over another and to support the movements for national independence and against racial discrimination, all over the world.

To establish People's Democracy as a first step towards the realisation of the final goal of a socialist society in this country.

To nationalise all key and basic industries and control the industries in the private sector to ensure their management in the interests of the country.

To nationalise Banks and the remaining sectors of the insurance business.

To industrialise the country rapidly and ensure labour participation in management.

To abolish unemployment by rapid industrialisation, decentralisation of industries, balanced industrial development of different regions, provision of technical training promotion of the growth of small-scale and village industries and by increasing the capacity of the existing industries.

To abolish all kinds of feudal relationships in agriculture and introduce co-operative farming.

To guarantee minimum wage to agricultural labour and to distribute surplus and Government lands among them.

To guarantee the right of work and a minimum wage to everybody.

To introduce free and compulsory education upto the age of 14 and to subsidise increasingly secondary and higher education. To provide free technical education.

To abolish untouchability by the economic improvement of the Scheduled Castes and Tribes and other backward communities.

Equal rights to women and the enforcement of the principle of equal pay for equal work.

Total Membership : About 12,000.

PRAJA SOCIALIST PARTY

(18, Windsor Place, New Delhi.)

Chairman : N. G. Goray ; *Dy. Chairman* : Mulka Govinda Reddy, MP ; *General Secretary* : Prem Bhasin ; *Treasurer* : Sanat Mehta, MLA.

Central Parliamentary Board : *Chairman* : H. V. Kamath ; *Leader Lok Sabha Group* : S. N. Dwivedy ; *Leader Rajya Sabha Group* : Mulka Govinda Reddy.

Strength : Lok Sabha 18 ; Rajya Sabha 6. *Assemblies* : Assam 5, Gujarat 3, Tamil Nadu 4, Mysore 23, Orissa 21, M.P. 8.

The PSP stands for greater mobilisation of internal resources through the instrumentality of the State, and demands nationalisation of credit institutions. Planning

will have to continue to accord importance to infrastructure, heavy industry, electronics, oils and chemicals.

The PSP advocates land reforms like conferment of ownership of right of lands of absentee landlords on the tenants, protection against evictions, enforcement of ceiling, distribution of surplus land to small cultivators, substitution of land revenue by graded agricultural tax and encouragement of service and farming co-operatives.

It stands for a national food policy, comprising procurement at remunerative prices, nationalisation of wholesale food trade and scrapping of food zones.

The PSP stands for normalisation of relations with Pakistan.

REVOLUTIONARY SOCIALIST PARTY

(780, Ballimaran, Delhi 6.)

General Secretary, Tridib Kumar Chaudhuri, M.P.

The party is a Marxist Leninist Party and is organized on the principle of democratic centralism. But it is opposed to subservience to the foreign policy of Russia or China.

It believes in the redistribution of land with ceilings, joint cooperative farming and mechanization. It believes in the policy of heavy industrialization, nationalization of all basic industries and of all large-scale organized industries, with private sector limited to small and cottage industries only and their organization on co-operative lines. On China, it condemns the Chinese aggression and supports

the Colombo Proposals as a basis for negotiations between the two countries.

The 1967 Election Manifesto is given in the previous edition of the Directory.

It wants 'regional autonomy' to tribal areas, nationalization of basic and key industries, overhauling of the planning organization and annulment of rural indebtedness.

The party has branches in Assam, West Bengal, Bihar, Uttar Pradesh, Delhi, Rajasthan, Maharashtra, Tamil Nadu and Kerala.

SAMYUKTA SOCIALIST PARTY

(Central Office : Kendra Karyalaya,

179, South Avenue, New Delhi 11.)

Office Bearers : *Chairman* : Karpuri Thakur ; *General Secretary* : George Fernandes.

Central Parliamentary Board : Gopal Gowda (*Chairman*) ; Badrivishal Pitti (*Secretary*).

Leader of the S.S.P. Group in Parliament : Ravi Roy.

AIMS AND OBJECTS

To achieve, by democratic and peaceful means, a socialist society, free from social, political and economic exploitation of man by man and of nation by nation.

The Party is active on the trade union front through the Hind Mazdoor Panchayat, a central organisation of trade unions. On the youth front, it works through the Samajwadi Yuvajan Sabha, while a women's front is being organised through the Samajwadi Mahila Sabha. The Hind Kisan Panchayat organises the small farmers and agricultural labourers.

Some of the details on the 1967 Election Manifesto were given in the 1968 Directory.

SWATANTRA PARTY

(143, Mahatma Gandhi Road, Bombay 1).

President : Prof. N. G. Ranga.

Vice-Presidents : Dr. K. M. Munshi ; Prof. M. Ruthnaswamy ; Smt. Gayatri Devi ; R. N. Singh Deo ; Bhailalbhai D. Patel.

General Secretary : N. Dandeker.

Treasurers : Dr. R. C. Cooper ; H. P. Nanda.

Joint Secretaries : Sundermani Patel ; Krishnamma Choudhary ; *Exec. Secretary* : S. V. Raju.

The Swatantra Party was established in Bombay on August 1 and 2, 1959.

The Swatantra Party is pledged to social justice and equality of opportunity for all people without distinction of religion, caste, occupation or political affiliation.

The Party's Programme of Ordered Progress.

THE COMMON MAN

The Swatantra Party stands, first and foremost, for the common man and for provision of his food, drinking water, clothing and shelter under hygienic conditions through opportunities of gainful employment as the primary concern of Government.

SWATANTRA PARTY

The Swatantra Party believes in building a democracy in which an individual, whether he is a farmer, artisan, shop-keeper or professional, has the fullest opportunity to thrive and grow without any arbitrary restrictions.

AGRICULTURE

The Party is for giving very high priority for agriculture. This will involve *inter alia* the repeal of the 17th Amendment, the acceptance of the right of tenants to a fair rent and security of tenure, the abolition of land revenue, the adequate provision of essential requirements such as credit, water, fertiliser, pesticides, seed and electric power, the provision of increasing incentives to the farmer, the acceptance of his right to the best price he can get for his produce in the free market and guaranteed floor price. The Party stands for the creation of harmonious co-operation among owners, tenants, workers and all others concerned in agricultural production.

The Swatantra Party stands for the removal of all compulsory procurement and all zonal and other barriers to the free movement of agricultural products throughout the country.

The Party will undertake to expand irrigation of cultivable land by a scheme of digging wells whose ownership will be passed on to the *kisans* on payment by instalments spread over a period of years.

The Swatantra Party stands for the protection of landless agricultural workers by insisting upon:

Just and adequate protection of those permanently employed in agriculture and all agricultural labourers; a fair deal for the farmers who employ them; growing opportunities for alternative employment in the countryside through land improvement schemes such as village road-building, drainage, soil conservation and reclamation and small scale rural industries; a drastic reduction in the incidence of indirect taxation and arresting the rising cost of living; provision of free house-sites and drinking water facilities; provision of subsidised building material

for their homes; credit facilities for purchasing livestock and poultry; abolition of hereditary debts and maximum relief from agricultural indebtedness in whatever form.

Large size Government farms, which are a source of recurring loss, and other cultivable Government lands being parcelled out in small holdings and let out to landless agricultural workers.

INDUSTRY AND TRADE

The Swatantra stands for a more balanced development in which small and medium labour-intensive industries have priority over capital-intensive industries with low and slow returns which have so far been favoured.

Until such time as they are able to give a reasonable return on the people's hard earned savings, there should be no further wasteful investment of the tax-payers' money in Government Sector industries which have failed to function effectively. Bokaro must be halted in favour of more fertiliser plants.

The Swatantra Party is opposed to all monopoly, whether in the State or free sector, and will seek to re-establish competition, wherever possible, for the benefit of the consumer. Monopolies, where tolerated, will be subject to essential control.

Labour : The Swatantra Party stands for a fair deal to labour, both industrial and agricultural. The Party accepts the workers' right to organise themselves in order to improve their conditions of life and work. Strong and responsible trade unions managed by the workers themselves are an integral part of a democratic industrial order. The Party stands for the workers' right to collective bargaining involving, where necessary, the right to withdraw their labour.

The Swatantra Party stands for closer association of the workers and the management of industries, so that a spirit of partnership may develop among all those engaged in production.

The Party stands for a good wage for a good day's work.

Planning : The Swatantra Party believes in democratic planning by persuasion and feels that the proposed Fourth Plan should be scrapped.

The Swatantra Party will dissolve the Planning Commission which has become in effect a parallel Government. The principal objective of such planning bodies should be to help Government to plan its own business.

FISCAL AND MONETARY POLICY

The primary need is to provide an Honest Rupee and stable prices through : (a) the abandonment of deficit finance and other inflationary policies and practices, including extravagant and wasteful domestic borrowing, (b) a drastic cut in the wasteful bureaucratic expenditure of the Union and State Governments ; and (c) a substantial reduction in the incidence of direct and indirect taxes.

Banks : The Swatantra Party is opposed to the nationalisation of banks.

Foreign Loans : The Swatantra Party is against extravagant and wasteful borrowings from foreign Governments. The flow of foreign private equity capital coming into the country at its own risk should be encouraged.

Gold Control : Gold control should be entirely abolished.

THE CONSTITUTION AND PUBLIC ADMINISTRATION

The Swatantra Party deploras the repeated Amendments to the country's Constitution, which have resulted in a serious erosion of the fundamental rights of the citizen and pledges itself to restore these rights in the Constitution to their original form at the earliest possible opportunity.

All legislation will be such as respects the rights of the citizen to seek redress in the courts on disputed questions of law.

The Party will give the country clean, honest, impartial and efficient administration.

The highest priority will be attached to the restoration of law and order.

Justice should be speedy and inexpensive.

In order to check corruption and the arbitrary infringement of the rights of the citizens, the Party will continue to press for the establishment of an independent authority at the Centre and in the States on the lines of the Ombudsman in Scandinavian countries to investigate into the grievances of citizens and any administrative vagaries or injustices and to give due redress and other suitable authority for justice in regard to nonjusticiable executive decisions.

The Party stands for the satisfactory rehabilitation of ex-servicemen and their families.

The Party stands for a revision of the scales of pensions paid to retired low-grade government servants in line with the sharp rise in the cost of living.

Electoral Reform : The Swatantra Party stands for a reform of the electoral system which would : (a) reduce the influence of money power and the expenses to be incurred by candidates ; and (b) evolve a system such as would result in fairly representing the will of the electorate in Parliament and State Legislatures and reducing, if not ending, the distortion that is to be found in the composition of the present Lok Sabha and many State Assemblies.

INTERNATIONAL RELATIONS AND DEFENCE

The Party stands for a more imaginative policy towards the peoples on our borders so as to help the defence of the country as a whole and strengthen the bonds between us.

The Party stands pledged to a firm and vigilant policy in dealing with Communist China and for active steps to end its aggression and to reoccupy Indian territory in its possession at the earliest possible moment. The Party stands for the liberation of Tibet and for the recognition of the Dalai Lama as the Head of the Government of Tibet in exile.

It is of the view that Pakistan aggression last year has deprived Pakistan of whatever *locus standi* it might have had in regard to the Kashmir problem.

EDUCATION

The Party will ; (a) Introduce in education a spiritual element alongside of the humanities and sciences in order to provide an adequate background of human values and

national unity for the citizen of the future (b) ; provide free scope and encouragement to voluntary agencies to impart moral and religious instruction to the young without forcing any such instruction on sections belonging to other denominations.

The Party stands for : (a) raising the quality of education in primary schools which should be the direct responsibility of State Governments ; (b) raising the status and remuneration of the teaching profession ; (c) the rejection of measures like the nationalisation of textbooks calculated to indoctrinate the younger generation ; (d) the vindication of the Fundamental Right of the citizen to educate his children according to his choice in an atmosphere untrammelled by official directives ; and (e) the autonomy of Universities and other educational institutions.

Swatantra Party would equip schools and educational institutions with adequate laboratory and workshop facilities.

RELIGION

The Swatantra Party will do everything possible to restore religion to its legitimate place in life and in particular : (a) ensure respect for all communities in regard to their religious institutions and practices ; (b) secure for each religion the autonomous management and the full benefit of its endowed and other properties without interference from Government, and (c) make incomes and properties of and donations to religious institutions and charities, tax free.

Minorities and Backward Classes : (a) The Party will more faithfully and effectively carry out the provisions of the Constitution for the protection of the rights and interests of Muslims, Christians, Sikhs and other minorities including linguistic minorities, and of those who work under economic and social handicaps such as Harijans, Adivasis and other Backward Classes, who shall be listed, irrespective of their religion. The total eradication of untouchability will be actively pursued.

(b) The Party will not look upon an association for the protection of the rights of any class or community as a communal organisation to be discouraged or banned.

Linguism is now becoming a separatist force and a protective cover for those in power in the States to reduce all minorities to the position of second class citizens. The Swatantra Party will take steps to halt this deterioration.

PRESS

The Party will do everything possible to sustain the independence of the Press against all attempts to bring it under the influence of the Party in office.

OTHER IMPORTANT PARTIES

The other important political parties in the country are :—

(1) The Dravida Munnetra Kazhagam of Tamil Nadu, with headquarters at Arivagam, Madras 13, the Republican Party of India with headquarters at Gandhi Road, Chanda and the Akali Dal of Punjab. The D. M. K. has majority in Tamil Nadu and has formed the Ministry there. The Akali Dal with the Jana Sangh has formed the Ministry in Punjab.

SPORTS

The sports come within the purview of the Ministry of Education.

An advisory body, called the All India Council of Sports, composed of 20 persons eminent in the field of sports and games advises the Ministry in all matters relating to development of Sports in the country.

The All India Council of Sports has as its President Ram Niwas Mirdha, M.P. and as Secretary A. B. Chandiramani.

The Government of India have set up a National Institute of Sports at Patiala to provide adequate facilities for the training of coaches of the highest calibre in various games and sports.

TOURNAMENTS

Below we give the results of the national tournaments and principal sporting events of the year 1968-69 :

Athletics

Men's Events

100 metres : A. R. Ramaswamy (Mysore) ; 200 metres : B. Thomas (Punjab) ; 400 metres : Harbail Singh (Punjab) ; 1,500 metres : Edward Sequeira (Maharashtra) ; 3,000 metres steeple chase : Mukhtiar Singh (Punjab) ; 5,000 metres : Edward Sequeira (Maharashtra) ; 10,000 metres : Nafe Singh (Haryana) ; 110 metres hurdles : Durgapal Singh (Rajasthan) ; 400 metres hurdles : Durgapal Singh (Rajasthan) ; Long Jump : K. S. Alva (Mysore) ; High Jump : Bhim Singh (Haryana) ; Hop, step and jump : Labh Singh (U.P.) ; Pole Vault : W. A. Naquir (Bihar) ; Javelin Throw : Pritam Singh (Punjab) ; Discus Throw : Praveen Kumar (Punjab) ; Shot Put : Joginder Singh (Andhra) ; Hammer Throw : Praveen Kumar (Punjab) ; 4 × 100 metres relay : Bengal ; 4 × 400 metres relay : Bengal ; 50 kilometres walk : Kishen Singh (Punjab) ; Marathon : Harnek Singh (Punjab) ; Decathlon : S. Puttur (Maharashtra).

Women's Events

100 metres : Alka Dighe (Maharashtra) ; 200 metres : Nirmala Uthaiiah (Mysore) ; 400 metres : Pushpa (M.P.) ; 800 metres : Neena Chopra (Punjab) ; 4 × 100 metres relay : Maharashtra ; Pentathlon : K. M. Rosama (Tamil Nadu) ; High Jump : L. Gomez (Tamil Nadu) ; Javelin Throw : V. R. Many (Tamil Nadu).

Aquatics

Men

100 metres freestyle : K. N. Roy (Services) ; 100 metres backstroke : Chand Ram (Services) ; 100 metres breaststroke : Ramdeo Singh (Services) ; 100 metres butterfly : A. L. Sarang (Railways) ; 200 metres freestyle : Joseph D'Cruz (Services) ; 200 metres backstroke : Chand Ram (Services) ; 200 metres breaststroke : Ramdeo Singh (Services) ; 200 metres butterfly : Wassan Singh (Services) ; 400 metres freestyle : Joseph D'Cruz (Services) ; 1,500 metres freestyle : Jagat Aich (Bengal) ; 4 × 100 metres freestyle relay : Services ; 4 × 200 metres freestyle relay : Services ; 4 × 100 metres medley relay : Services ; 400 metres individual medley : K. K. Kutty Nair (Services) ; High Board Diving : Bhanvar Singh (Services) ; Spring Board Diving : Hardayal Singh (Services) ; Water Polo : Railways.

Women

100 metres freestyle : Rima Dutta (Rajasthan) ; 100 metres backstroke : Rima Dutta (Rajasthan) ; 100 metres breaststroke : D. Solanki (Maharashtra) ; 100 metres butterfly : K. Malone (Delhi) ; 200 metres freestyle : Rima Dutta (Rajasthan) ; 400 metres freestyle : Rima Dutta (Rajasthan) ; 4 × 100 metres freestyle relay : Delhi ;

4 × 50 metres individual medley : A. Milos (Maharashtra) ; Spring Board Diving : M. Bhargava (Rajasthan).

Badminton

Men's Singles : Satish Bhatia ; Men's Doubles : Romen Ghosh and C. D. Deoras ; Mixed Doubles : Romesh Ghosh and Mrs. Malati Vaidya ; Women's Singles : Damayanti Subedar ; Women's Doubles : Damayanti Subedar and J. Phillips ; Juniors' Singles : Asif Parpia ; Inter-State Championship — *Men* : Punjab ; *Women* : Maharashtra ; *Juniors* : Maharashtra.

Basketball

Men's : Railways ; *Women's* : Maharashtra ; *Juniors* : Maharashtra.

Billiards

Billiards : Satish Mohan.

Snooker : Satish Mohan.

Boxing

Light-fly : Hav. Mohan Singh (Services) ; Fly : Hav. M. B. Thappa (Services) ; Bantam : Hav. P. Jadhav (Services) ; Feather : Hav. D. Swamy (Services) ; Light : L/Hav. K. Raman (Services) ; Light-welter : Rec. M. K. Rai (Services) ; Welter : Hav. S. Bose (Services) ; Light-middle : Bhawan Singh (Services) ; Heavy : Nb. Sub. Hawa Singh (Services).

Bridge

Team-of-four duplicate : Dr. Narang's team (Delhi) ; Dr. Narang, J. Kohli, H. Verma, P. L. Soni, B. Kumar and H. S. Verk. Master Pairs : Shanti Patel and S. Ghosh (Calcutta).

Cricket

Ranji Trophy : Bombay ; Duleep Trophy : West Zone ; Irani Trophy : Bombay ; Rohinton Baria Trophy (Inter-University) : Delhi ; Cooch-Bihar Trophy (Schools) : West Zone ; C. K. Nayudu Memorial Trophy (Inter-State Schools) : West Bengal.

Cycling

Men

1,000 Metres Sprint : Sucha Singh (Services) ; 4,000 metres individual pursuit : Karamvir Singh (Punjab) ; 1,600 metres massed start : Amar Singh (Services) ; 4,000 metres team pursuit : Punjab ; 1,000 metres time trial : D. S. Randhawa (Services) ; 1,600 metres team time trial : Services ; 160 Km. : race : Ram Kumar Joshi (Rajasthan).

Women

500 metres time trial : Lina Lobo ; 1,000 metres massed start : Suman.

Football

Santosh Trophy : Mysore ; Rover's Cup : Mohun Bagan ; Durand Cup : Border Security Force ; I.F.A. Shield : Mohun Bagan and Mohammedan Sporting Club shared trophy.

Golf

Vikramjit Singh.

Hockey

National : Punjab ; Gold Cup : Border Security Force ; Aga Khan : Punjab Police.

Kabbadi

Men : Railways ; *Women* : Maharashtra.

Kho Kho

Men : Baroda ; *Women* : Baroda.

National Chess

Nazir Ali (U.P.).

Weight-lifting

Flyweight : S. J. Gabriel (Railways); Bantam : S. Vellaiswami (Tamil Nadu); Feather : L. K. Das (Railways); Light : M. L. Ghosh (Services); Middle : S. L. Salwan (Services); Light-heavy : A. N. Ghosh (Railways); Middle-heavy : Adi Irani (Railways); Heavy : Balbir Singh (Delhi); Team Championship : Services.

Table Tennis

Men's Singles : Khasim Ali; Men's Doubles : K. Jayant and B. Saikumar; Mixed Doubles : F. R. Khodaiji and Miss Kaity Chargeman; Women's Singles : Usha Sunderaraj; Women's Doubles : Kaity Chargeman and Prisca Rosario; Juniors' Singles : Dilip Raj Saxena; Junior Girls' : N. Mowla; Men's team Championship : Railways. Women's : Maharashtra "A"; Juniors : Maharashtra.

Asian Tennis

Men's Singles : Jaideep Mukherjea; Men's Doubles : Jaideep Mukherjea and Premjit Lal; Women's Singles : Nirupama Vasant; Mixed Doubles : Drone and Miss Dibar (Rumania).

National Tennis

Men's Singles : Nastase (Rumania); Women's Singles :

Miss Dibar (Rumania); Men's Doubles : Nastase and Marmoreau; Mixed Doubles : Nastase and Miss Vasant.

Volleyball

Men : Punjab; Women : Andhra.

Bombay Races

1,000 Guineas : Messrs. Sigtia, Ruia and Jhaveri's "Venus de Milo"; 2,000 Guineas : Mr. Mehmood Ali's "Hard Held"; Indian St. Leger : Mr. G. Venkateswara Rao's "Fair Haven"; Indian Derby : Mr. G. Venkateswara Rao's "Fair Haven"; Oaks : Mr. G. Venkateswara Rao's "Fair Haven".

Poona Races

Turf Club Cup : Maharaja and Maharani of Gwalior's "Florina".

Calcutta Races

Derby : Mr. G. Venkateswara Rao's "Fair Haven"; Invitation Race : Mr. T. G. Gaokar and late Mrs. Gaokar's estate's "Mother Son".

Madras Races

South India Derby : Mr. J. O. Thomas's "Streak of Dawn".

Delhi Races

Indian Gold Cup : Capt. R. G. Saulez's "PAM".

HOUSING*

IT has been estimated that at the beginning of the Fourth Five Year Plan, the shortage of housing is roughly 837 lakh units—119 lakhs in the urban areas and 718 lakhs in the rural areas. The overall housing shortage is estimated to increase by more than 20 lakh units annually. Against this, the annual rate of new construction, including that in the private sector, is estimated to be about three lakh units only.

Up to the end of March 1968, the Central Government allocated plan funds amounting to Rs. 268.80 crores to the State Governments and Union Territories as financial assistance towards implementation of the Social Housing Schemes of this Department. The States, etc., however, utilised only a sum of Rs. 204.05 crores up to the end of March 1968, resulting in a shortfall of Rs. 68.75 crores. For the year 1968-69, the allocations of Plan funds amounted to Rs. 7.71 crores.

To supplement Government funds, arrangements were made with the Life Insurance Corporation to advance loans amounting to Rs. 113.14 crores (including Rs. 12 crores for 1968-69) to State Governments for housing schemes during the period from 1959 to 1968-69. These loans have been utilised by the States mainly for financing the Middle Income Group Housing Scheme, the Rental Housing Scheme for State Government Employees and the Land Acquisition and Development Scheme.

Under the various housing schemes, up to the end of 1967-68, 4,67,341 houses were sanctioned for construction, out of which 3,58,890 were completed. 18,252 acres of land were acquired and 11,030 acres developed for housing purposes.

The details of progress, under individual Housing Schemes administered by the Ministry of Works, Housing and Urban Development are indicated below.

PROGRESS UNDER THE SOCIAL HOUSING SCHEMES**Integrated Subsidised Housing Schemes for Industrial Workers and Economically Weaker Sections of Community :**

Housing for Industrial Workers : It is intended for low-paid workers whose wages do not exceed Rs. 350 p.m.

The rents recoverable from the workers are based on 50 per cent of the approved cost of construction. A worker-allottee of the house under the scheme can retain it even after crossing the wage limit of Rs. 350 p.m. till he reaches the wage limit of Rs. 500 p.m. on payment of some additional charges. Upto the end of September 1968, Rs. 70.85 crores were sanctioned by the States and Union Territories for the construction of 1,90,199 houses, out of which 1,63,715 have been completed. Rs. 62.19 crores were spent till the end of March 1968.

Housing for Economically Weaker Section of Community:

Under this Scheme, the allottees were given 25 per cent rent subsidy. The programme was integrated with the housing scheme for industrial workers with effect from 1st April 1966. As a result of integration, subsidised rent based on 50 per cent of the cost of construction is charged from the allottees as in the case of houses meant for industrial workers. Upto the end of September 1968, the construction of 7,130 houses was sanctioned, out of which 3,148 have been completed.

Low Income Group Housing Scheme

Loans under the scheme can be granted for (i) purchase of new ready-built houses from reliable building agencies and (ii) for construction of new houses including residential portions of the premises which are intended to be used for shop-cum-residential purposes. Upto 30th September 1968, 1,61,538 houses were sanctioned, out of which 1,23,234 were completed. Central assistance amounting to Rs. 90.07 crores was drawn by the State Governments and Union Territories upto 31st March 1968.

Subsidised Housing Scheme for Plantation Workers

The scheme provides for the grant of financial assistance to planters to the extent of 75 per cent of the approved cost of houses (25 per cent subsidy and 50 per cent loan) for the construction of rent-free houses for their workers. The balance of 25 per cent is to be contributed by the planters. In the case of co-operatives of the plantation workers, financial assistance is given up to 90 per cent of the approved cost of a house—65 per

* Source : 1968-69 Report of the Ministry of Family Planning, Works, Housing and Urban Development (Department of Works, Housing and Urban Development).

cent loan and 25 per cent subsidy. The balance of 10 per cent is to be arranged by the co-operatives themselves. The scheme is at present being implemented in Assam, Kerala, Mysore, Tamil Nadu, West Bengal and in the Union Territory of Tripura. The approved cost of a house in Kerala, Mysore and Tamil Nadu was raised from Rs. 3,000 to Rs. 3,200 per house and in West Bengal, Assam and Tripura from Rs. 3,800 to Rs. 4,000 per house from 1st April 1967.

Upto the end of December 1968, 2,003 houses were sanctioned for construction since the inception of the scheme and 1,484 houses have been completed. A sum of Rs. 35.95 lakhs has been disbursed by the State Govts. upto the end of December 1968 under the scheme.

Village Housing Projects Scheme

This scheme provides for the grant of loan assistance to villagers (construction of new houses or for improvement of existing houses) upto 80 per cent of the cost of construction/improvement subject to a maximum of Rs. 3,000 per house. The scheme provides for 100 per cent grants to State Govts. etc., for provision of house-sites to landless agricultural workers and for laying of streets and drains for improving the sanitation of the villages. Technical guidance is provided to villagers and local authorities through the State Rural Housing Cells. 50 per cent of the cost of pay and allowances of the staff of the cell is met from Central grants. As far as possible, assistance under the scheme is to be utilised in selected villages in conjunction with the rural programmes of other Ministries/Departments. Upto the end of December 1968, 69,524 houses were sanctioned out of which 40,680 have been completed. Loans sanctioned to villagers amount to Rs. 11.20 crores of which Rs. 8.51 crores have been disbursed.

Middle Income Group Housing Scheme

Under this scheme, persons whose income is between Rs. 7,201 and Rs. 15,000 per annum are eligible to get loan assistance upto 80 per cent of the cost of house including the cost of land, subject to a maximum loan of Rs. 25,000 per house. In the case of houses constructed by the State Governments and their designated agencies, loan assistance equivalent to 100 per cent of the cost of construction, subject to a maximum of Rs. 30,000 per house, is admissible. Loans can also be granted to eligible persons for purchase of ready-built houses from reliable house building agencies.

In the States, the scheme is financed by the loans advanced by the Life Insurance Corporation of India. The funds required for the Union Territories are provided by the Central Government.

Upto the end of December 1968, loan amounting to Rs. 43.47 crores was sanctioned for the construction of 24,520 houses. Rs. 35.95 crores have been disbursed and 18,602 houses completed.

Rental Housing Scheme for State Govt. Employees

This scheme gives loans to the State Governments for constructing residential accommodation for their employees. The funds are provided by the Life Insurance Corporation. The houses constructed are exclusively meant for the State Govt. employees. Upto the end of December 1968, the State Governments sanctioned construction of 23,212 houses at a cost of Rs. 24.00 crores. Of these, 17,134 houses have been completed. The expenditure so far incurred is Rs. 21.11 crores.

Land Acquisition & Development Scheme

This scheme assists the State Governments and Union Territory Governments/Administrations to acquire and

develop land on a large scale in urban areas to enable them to provide house sites at reasonable rates to prospective builders in the Low Income brackets. Its object is to stabilise land prices and promote urban development by setting up composite housing colonies in a planned way. The scheme is being implemented in the States from the funds made available by the Life Insurance Corporation of India. In the case of Union Territories, requisite funds are being provided by the Government of India.

Upto the end of September 1968, 432 projects for acquiring and developing 58,225 acres of land at a cost of Rs. 68.10 crores were sanctioned. 18,700 acres of land have been acquired and 11,127 acres developed. The expenditure incurred by the State Governments amounts to Rs. 24.91 crores.

House Building Advances to Central Government Employees

Central Government employees including those governed by the Payment of Wages Act, 1936, are eligible for loan assistance. Advances for building houses, or for the purchase of ready-built houses/flats by a Government or semi-Government agency or an autonomous institution like the improvement trusts, etc. are granted to the Central Government Employees, subject to certain conditions. The quantum of advance admissible is 48 times the pay of an employee or Rs. 35,000 or the cost of construction/building, whichever is less provided that the total cost of the building (excluding the cost of land) does not exceed 60 times the pay of the employee or Rs. 80,000 whichever is less. In the case of low-paid employees, however, the ceiling limit applicable is 60 times the pay or Rs. 20,000, whichever is more. Advances are also admissible under this scheme for enlargement of existing houses subject to a maximum of Rs. 12,500.

From 1st April 1968 to 31st December 1968, 911 applications for advances aggregating to Rs. 140.60 lakhs were approved as against 499, aggregating to Rs. 61.57 lakhs during the corresponding period of the last year. Since the inception of this scheme, till the end of December 1968, 7,060 applications for advances aggregating to over Rs. 9.17 crores of loans have been approved. Out of this amount, approximately Rs. 6.09 crores have been disbursed.

Slum Clearance/Improvement Scheme

Since the inception of the Scheme in May 1956, upto December 1966, Central assistance totalling Rs. 25.97 crores was given to all the State Governments and in the Union Territories of Delhi and Tripura. In physical terms, upto December 1966, construction of 1,09,235 dwelling units costing Rs. 47.49 crores has been sanctioned out of which 65,174 units have been completed. A sum of Rs. 4.15 crores has been proposed under this scheme in the budget for 1967-68.

Jhuggi & Jhopri Removal Scheme

The Scheme aims at providing alternative accommodation on rental basis to unauthorised squatters on Government and public lands in Delhi, numbering about 50,000 families, whose occupation dates from before July 31, 1960. Till the end of 1966, projects have been formulated for the laying of 45,639 plots (30,801 of 25 sq. yds. and 14,838 of 80 sq. yds.) and construction of 5,000 tenements. Out of these, 26,902 plots (23,241 of 25 sq. yds. and 3,661 of 80 sq. yds.) have already been laid. The work of construction of 3,875 tenements are at various stages of construction. Approximately 22,000 families have so far been allotted plots of land.

ANDAMAN AND NICOBAR ISLANDS

CAPITAL: Port Blair. Pop. 63,548 (1961). Area: 43,215 sq. miles. Literacy: 40.1% (See under Population for more details).

The Andamans are a string of islands of various sizes, large and small, lying between 10° to 13° 45' N latitude and from 92° 15' to 93° 15' E longitude in the Bay of Bengal. They have an average width of 15 miles and an axis of about 200 miles. The northernmost 'Land-fall Island' is 560 miles from the mouth of Hooghly River. The headquarters Port Blair is about 780 and 740 miles from Calcutta and Madras respectively. The main part of the Andaman group is composed of five large islands, viz., North Andaman, Middle Andaman, South Andaman, Baratang and Rutland Islands generally known as the Great Andamans. To the south of the Great Andaman is the island of Little Andaman. These islands consist mostly of a mass of hills covered with dense tropical forests and separated by three straits and several creeks. These islands have several very good harbours—Port Blair, Port Cornwallis, Mayabunder and Port Elphinstone.

The Nicobar Islands from Car Nicobar in the north to Great Nicobar in the south intervene between Little Andaman and Sumatra. The southern island of Great Nicobar is about 100 miles from Pilo Brasse off Achin Head of Sumatra and the northern island of Car Nicobar 75 miles from Little Andamans. These islands are partly hilly and partly flat. The most important harbour in the area is Nancowrie reputed to be the finest harbour in the east.

FORESTS

Forests cover an area of 6,055 sq. kms. of which 78 per cent is under evergreen and deciduous forests.

The forests are rich in commercial timber and are suppliers of timber to the plywood and matchwood industries.

The species of timber found in the forest region are mainly padauk, Andaman Redwood, Gurjan—a plywood species and Papita—a matchwood species. Annually the Forest department exports approximately 25,000 tons of timber to the mainland.

Teak plantations have been successfully raised in Andaman Islands. Large areas have been brought under matchwood and cane plantations under the Five Year Plan schemes.

AGRICULTURE

Total reporting area is about 43,000 hectares. The principal crops are rice, coconut and arecanut. The estimated area under paddy cultivation is about 7,441 hectares. The average yield of rice in 1967-68 was 1.20 metric ton per hectare. Commercial prospects of cultivation of rubber, coffee, and lac in these islands are considered to be bright by the experts.

Animal Husbandry: There are at present one veterinary hospital and four veterinary dispensaries functioning in the various parts of these islands.

COLONISATION

Ancillary services like schools, hospitals and dispensaries have been provided in the colonisation area.

Under the development programme submitted by the interministerial team sponsored by the Ministry of Rehabilitation, Government of India, Sakharis and their

families totalling 2,911 persons, in addition to some of the staff of the Rashtriya Vikas Dal, have been brought to these islands till 1968.

INDUSTRY

Saw milling is the main important industrial activity in the Territory and provides employment to 1,200 workers corresponding to 8 per cent of total industrial employment. The other industries include Government Dockyard, transport workshop, a printing press at Port Blair, tractor repair shop, plywood factory, match splint factory and boat building yards at Long Island. Besides, a number of training-cum-production centres have been started by the Government.

POWER

A.C. Electric Supply in Port Blair was started in 1950 with a 400 kW. capacity (Aerated) Steam turbo Alternator set. During 1954 a similar set was also installed. During 1963 a 330 kW Diesel Generator set was added in the Power House and during the year 1968 another 440 kW Diesel Generator set was under installation.

During 1965 2 Nos. Diesel Generator sets each of 24 kW were installed at Rangat. During 1966 2 Nos. each of 24 kW Diesel Generator sets were installed at Mayabunder and Car Nicobar.

During 1967 3 Nos. each of 24 kW capacity Diesel Generator at Diglipur, 2 Nos. each of 9 kW capacity at Nancowry and one No. 9 kW Diesel generator set at Big Lapathi in Car Nicobar were installed. In addition to the 2 Nos. 24 kW Diesel generators installed at Rangat and Mayabunder, one more No. of 24 kW Diesel generator was added at Rangat and Mayabunder during the year 1968.

ROADS

At present the Territory has a total length of 338 km. of black top road as against 172 km. in 1960-61.

Transport: Port Blair has a city and rural transport service comprising 20 passenger buses.

Minor Ports: Under a Central plan scheme jetties for inter island communications are being constructed. Installation of navigational aids in Andaman and Nicobar waters had been entrusted to the Director-General of Lighthouses and Lightships.

Shipping: Three ships m.v. 'Andamans', m.v. 'Nicobar' and t.s.s. 'State of Bombay' (passenger-cum-cargo ships) ply between the mainland and the Islands. For inter-island communications, the vessels s.s. 'Cholunga', t.s.s. 'Yerewa' and m.v. 'Little Andaman' maintain the communications.

There is a bi-weekly air service between Calcutta and Port Blair via Rangoon.

EDUCATION

The Territory is educationally backward and education upto higher secondary stage is free. There are 115 primary schools, 11 Senior Basic Schools, 5, Higher Secondary Schools, one for boys and the other for girls at Port Blair, one for boys and girls at Car Nicobar, one at Diglipur and one at Rangat; one J. B. Teachers Training School, one Pre-primary School and one Central School. One Govt. Degree College has been functioning since October 1967. Students belonging to these islands are also granted scholarships for prosecution of higher studies on the mainland.

"Based upon Survey of India map with the permission of the Surveyor-General of India."

"© Govt. of India Copyright 1961"

TOURISM

As a first step towards development of tourism in these islands, one tourists' home at Corbyns Cove and another at Port Blair have been constructed.

MEDICAL SERVICES

All treatment, medical or surgical is completely free. For specialised treatment patients are sent to the mainland at Government cost.

A new general hospital (Gobind Ballabh Pant Hospital) has been constructed at Port Blair. There is also a 50-bed T.B. hospital at Port Blair. Besides, there are hospitals at Car Nicobar, Nancowrie, Bamboo Flat, Mayabunder, Long Island, Rangat and Diglipur. Besides one Primary Health Centre is also functioning. The total strength of the beds is 461 including the bed strength of the T.B. hospital. There are 42 dispensaries all over the islands.

A Malaria and Filaria Survey Control Unit under the National Health Scheme operates in the central group of Nicobar Islands. A V.D. unit is functioning in Car Nicobar. The incidence of diseases in these islands is remarkably low compared to that of the mainland.

COMMUNITY DEVELOPMENT

Four C.D. blocks are functioning at present. Out of these three are in Stage I and one in Stage II.

Panchayats: Thirty-six Gram Panchayats and 31 Nyaya Panchayats have been established in the Andaman

group of islands. In the Nicobar group, the traditional Panchayats continue.

CO-OPERATION

The number of co-operative societies in the islands has increased from 161 in 1965-66 to 182 in 1967-68.

Two co-operative farming societies and 22 co-operative plantation societies continued to function.

BANKS

A branch of the State Bank of India at Port Blair conducts Government Treasury business. A State Co-operative Bank has also come into existence with effect from 31st March 1966.

ADMINISTRATION

The Islands are administered by the Central Government through a Chief Commissioner. The budget estimates for 1968-69 are as follows:—

Total Revenue expenditure Rs. 7,16,25,000; Total Capital Expenditure Rs. 3,28,97,000; Total Revenue Receipts Rs. 2,47,25,000.

Chief Commissioner: H. S. Butalia, I.F.A.S.

Chief Secretary: S. L. Bhargav, I.A.S.; *Development Commissioner-cum-Development Secretary:* A. H. Scott, I.F.A.S.; *Chief Development-cum-Rehabilitation Commissioner:* B. K. Halve, I.A.S.; *Chief Conservator of Forests:* J. C. Varmah.

Secretary (Finance): B. B. L. Bhardwaj; *Secretary (Judicial):* V. K. Choudhary.

ANDHRA PRADESH

CAPITAL: Hyderabad. Area: 1,06,286 sq. miles; Population: 3,59,83,447 (Males 1,81,61,671; females 1,78,21,776 (1961 census)).

Sex ratio: 98.1 females for every 100 males. Highest sex ratio in Srikakulam—104 females for 100 males. Lowest in Anantapur—94.6 females for 100 males.

No. of Districts: 20. No. of Towns: 212. No. of Talukas: 189.

Density 339 per sq. mile. Literacy 21 per cent.

The number of Municipal Corporations: 1. The number of Town Municipalities in Telangana: 79; Number of Municipalities in Andhra: 47; Number of Panchayats in the State: 15,266; Number of Panchayat Samities: 321; Zilla Parishads: 20; Number of inhabited villages in the State: 28,997.

Strength of Legislative Assembly: 288.

The strength of the Legislative Council: 90.

No. of members from Andhra Pradesh to the Rajya Sabha: 18. No. of members from Andhra Pradesh to the Lok Sabha: 43.

DISTRICTS

Districts with District headquarters in brackets:

Anantapur (Anantapur), Chittoor (Chittoor), Cuddappah (Cuddappah), East Godavari (Kakinada), Guntur (Guntur), Krishna (Machilipatnam), Kurnool (Kurnool), Nellore (Nellore), Srikakulam (Srikakulam), Vishakapatnam (Vishakapatnam), West Godavari (Eluru), Hyderabad (Hyderabad), Mahboobnagar (Mahboobnagar), Warangal (Warangal), Khammam (Khammam), Karimnagar (Karimnagar), Adilabad (Adilabad), Nizamabad (Nizamabad), Medak (Sangareddy), Nalgonda (Nalgonda).

POPULATION

(For area and population of districts according to 1961 Census see under "Population".)

AGRICULTURE

Geographical area of A.P. 1,06,052 sq. miles. The following figures are in hectares: Forests 2,74,75,240; barren land 61,17,166; uncultivable land 20,83,392; land put to non-agri. uses 20,56,185; cultivable waste 13,73,801; permanent pasturing and other grazing lands 11,57,200; land under misc. crops not included in the net area sown 3,05,166; current fallows 21,73,540; other fallow lands 8,65,947; net area sown 1,13,42,843; area sown more than once 13,33,079; total cropped area 1,26,75,922; net area irrigated 30,24,657; total gross area of crops irrigated 38,24,865.

Area Under Important Crops

(Figures in hectares)

Cereals: rice 33,22,937; wheat 13,885; jowar 25,36,435; total millets 46,83,551; total pulses 13,07,312; total food-grains 93,27,685; total crops 1,00,11,413; total fibres 4,13,825; total non-food crops 26,64,508.

Land Reforms

The State Government in consultation with the Government of India enacted the Andhra Pradesh Ceiling on Agricultural Holdings Act, 1960 which prescribed the minimum extent of land that a person may hold. The Bill was passed by the Assembly on July 9, 1960.

(See article "Agriculture" for ceiling on holdings of land)

LIVESTOCK (1966)

(See page 63 under article on "livestock")

INDUSTRY

The revised total 3rd Plan provision for the entire industrial sector was Rs. 1,672 lakhs. Against this outlay an expenditure of about Rs. 1,513 lakhs was incurred.

The Andhra Pradesh Industrial Development Corporation, the Small Scale Industries Development Corporation and the Andhra Pradesh State Financial Corporation were constituted to attract entrepreneurs. The Industrial Development Corporation offers financial aid to industries and also takes up worthwhile ones for direct promotion with financial collaboration from the private sector wherever necessary.

Industrial Estates

During the Third Five-Year Plan period, an amount of Rs. 220 lakhs had been provided for the establishment of Industrial Estates and 14 Assisted Private Industrial Estates, 10 conventional type estates, 5 Rural Industrial Estates and one Cooperative Industrial Estate in addition to the expansion of the existing four Industrial Estates at Sanatnagar, Visakhapatnam, Vijayawada and Warangal.

A large variety of products such as cycles and cycle accessories, steel furniture, scientific instruments, wire nails, radios, tape recorders, electric measuring instruments, cycle dynamo lights, automobile springs, air-conditioners, safety razor blades, PVC cables, transformers, switch-gear, electric accessories, plastic goods, builders' hardware, storage batteries, stainless steel vessels, agricultural implements etc., are being manufactured in these estates.

Industrial Co-operatives

The Industrial Cooperatives are organised for the benefit of artisans engaged in various village and small scale industries. These industries cover Village Leather Industry, Carpentry, Hand Pounding of rice, Hand Made Paper, Pottery and Brick, Village Oil, Handicrafts like Ivory and Horn, Pile Carpet, Silver Filigree, Kalamkari Dying etc.

The number of societies has risen from 319 in 1956 to 2,257 in 1966-67. The position at the end of the Third Plan of the Industrial Cooperatives were: No. of societies, 2,188; No. of members 79,958; Paid-up share capital Rs. 37.99 lakhs; Production valued at Rs. 143.05 lakhs; Sales Rs. 149.14 lakhs.

Provision in Rs. lakhs for the development of industrial cooperatives during the 2nd, 3rd and 4th Five Year Plans: 7.25; 8.45; 10. Expenditure during the 2nd and 3rd Plan in Rs. lakhs: 7.02; 5.64.

The Government have been giving managerial and technical assistance to the deserving societies in addition to providing working capital and share capital loans and grants.

MINERALS

The chief minerals in the State are apatite, asbestos, barytes, clays, coal, copper, gold, graphite, iron ores, limestones, manganese, mica, quartz and steatite. The coal industry is concentrated around Kothagudem and Yellandu in Khammam district and Bellampalli in Adilabad district. Clongotile asbestos found in Pulivendla taluk of Cuddapah district and produced only in this State, is mostly exported. Good quality barytes is found mainly in Cuddapah, Anantapur and Khammam districts. Mica, concentrated around Gudur in Nellore district, is mainly

exported. Good clay deposits are widely distributed in the State. The manganese deposits in Srikakulam and Visakhapatnam districts sustain the Ferro-manganese industry in the State. The State has good reserves of iron ores scattered over several districts. Large deposits of magnetite ores have now been brought to light in Guntur and Nellore districts. Recently the Geological Survey of India has proved very good deposits of copper at Mailaram, in Khammam district and at Agnigundala in Guntur district and gold at Ramgiri in Anantapur district. The State is also an important producer of steatite of lavagrade and the deposits are mainly concentrated in Anantapur and Kurnool districts. Large reserves of Cement grade limestones are found in the State. Chemical grade and flux grade limestones are also available. Graphite is found in East Godavari, Visakhapatnam and West Godavari and Khammam districts. The Graphite-crucible industry is situated at Rajahmundry. Good deposits of quartz and silica sands are available in the neighbourhood of Hyderabad. The State has also precious and semi-precious minerals.

COTTAGE INDUSTRIES

The most important industry is that of handloom. There are about six lakh handlooms in the State and provides employment for about three million persons.

The handloom goods exported from the State of Andhra Pradesh will be about 20 to 25 per cent of the export from the country.

The important varieties of handloom goods produced in the State which are exported are as follows: Bleeding Madras — Indian Madras; Madras Handkerchiefs; Lungies, Sarongs; Silks-printed, Tussar.

The production value of cotton handloom cloth, woollen handloom goods and silk handloom cloth in the State during the year 1966-67 in Rs. lakhs was of the order of 3,209, 279 and 15 respectively.

TRANSPORT

The total road mileage including National Highways and State Highways 13,053.

Hyderabad City is connected by air with Bombay, Nagpur, Madras, Visakhapatnam and Bangalore. Hyderabad City is served by Begumpet aerodrome. Hyderabad is also linked by air to Delhi and Calcutta.

The following is the vehicular position as on 31st March 1967. The first figure shows the number of registered vehicles and the second number of those in actual use:

Stage Carriages 7,053; 4,342; Goods Vehicles 16,950; 12,509; Taxi Cabs and contract Carriages 1,832; 1,460; Motor Cycles and Scooters 20,290; 14,213; Motor Cars and Jeeps 31,141; 19,203; Others 8,039; 3,872.

POWER PROJECTS

The aggregate power demand in Andhra Pradesh which was 190 MW at the beginning of the Third Plan has risen to 258 M.W. at the end of the Third Plan. The installed capacity of 213 MW at the beginning of the Third Plan, has gone up only to 291.8 MW at the end of the Plan and further to 645 MW by the end of 1967-68.

Machkund Hydro-Electric Scheme (Stage I and Stage II)

The Machkund Hydro-Electric Scheme is a joint venture of the States of Andhra Pradesh and Orissa. The two States share the capital outlay and power benefits in the ratio of 70:30 respectively. An ultimate installed capacity of 1,14,750 kW of which 70 per cent is Andhra Pradesh's share is available under this scheme.

Tungabhadra Hydro-Electric Scheme*(Details are given under "Irrigation").***Tungabhadra Nellore Hydro-Thermal Scheme**

The scheme envisages the installation of one 30-MW thermal set at Nellore. The plant has been commissioned already.

Upper Sileru Hydro-Electric Scheme

The scheme envisages the installation of two sets of 60 MW each by utilising the tail race waters of Machkund power house. The first 60 MW unit was commissioned in Oct. 1967 and the second unit was commissioned in March 1968.

Telangana Hydro-Thermal Scheme

The scheme envisages the integrated development of power generated at Hussainsagar, Ramagundam Thermal station and at Nizamsagar Hydel stations in Telangana region. In addition certain trunk transmission work, sub-transmission and distribution works were also included in the scheme to form a grid net work in Telangana area. General diesel stations were also installed under this scheme at various places. The scheme is almost complete. The additional boilers erected at Ramagundam and Hussainsagar power houses contributed to the firming up of about 14 MW of existing thermal capacity at these two stations.

Srisailem Hydro-Electric Scheme

The scheme envisages installation of 4×110 MW sets in the first stage. Work on the project is proceeding briskly.

The project is estimated to cost Rs. 74.7 crores. The expenditure incurred on the project to the end of 1967-68 was Rs. 21.77 crores.

Balimela Dam

This is a joint scheme of Andhra Pradesh and Orissa Governments under execution by the Balimela Control Board. The total storage capacity of the Dam is 135 T.M. Cft., and 100.25 T.M. Cft. will be the live or effective capacity. There will be a power house erected at the toe of the Balimela Dam. The power generated here, i.e., 40 MW will be exclusively for the use of Andhra Pradesh. Andhra's share of the cost of the project is about Rs. 12 crores and the state will get a continuous discharge of about 2,000 cusecs for utilisation in the projects downstream.

Kothagudem Thermal Scheme (Stages I & II)

This new scheme envisages the installation of 2×60 M.W. sets each under Stages I & II. The sets under Stage I were commissioned in 1966 and the sets under Stage II in 1967. The scheme was executed with the aid of World Bank Loan.

Stage II scheme also contemplates an extension of the existing Kothagudem Thermal Station by an addition of two generating units of 110 MW each being procured from Bharat Heavy Electricals and is expected to be commissioned in 1972-73.

Ramagundam Thermal Extension Scheme (Stage I)

This new Scheme envisages the installation of one 62.5 MW set at Ramagundam. It is expected to be commissioned in 1970. This is being executed with loan given under U.S. Aid.

Gas Turbo Sets at Hyderabad

This scheme envisages the installation of 2×10 M.W. Gas Turbo sets at Erragadda to relieve to some extent the

power shortage in the twin cities of Hyderabad and Secunderabad, particularly during the peak load hours. The sets have been installed and commissioned into service.

Lower Sileru Hydro-Electric Scheme (Stage I)

This scheme envisages the installation of 4×100 M.W. Sets at Donkarai village on the river Sileru as the first stage of the project at an estimated cost of Rs. 42.36 crores. The power generated under this scheme will be exclusively for the benefit of Andhra Pradesh. Actual work has started and 2×100 MW sets will be supplied from USSR under Russian aid and two sets by BHEL. Two more units of similar capacity will be added in the Second Stage at a later date. The first stage is expected to be commissioned in 1973-74.

IRRIGATION

In the Third Plan expenditure on irrigation projects including flood control schemes amounted to Rs. 93.01 crores forming 26.4 per cent of the total revised outlay of Rs. 352.42 crores.

An irrigation potential of 9.65 lakh acres was created in the first Three Plans under all major and medium irrigation projects. The area expected to be brought under irrigation at the end of the Third Plan was 7.06 lakh acres.

Major Irrigation Schemes

Prakasam Barrage: The total ayacut benefited under this scheme is 11.06 lakh acres and it is estimated to cost Rs. 291.57 lakhs; *Bhairavunitippa Project*: It commands an ayacut of 12,000 acres and is estimated to cost Rs. 145.77 lakhs; *Upper Pennar Project*: Proposed to feed an ayacut of 9,700 acres and is estimated to cost Rs. 158.62 lakhs; *Rallapadu Project*: Intended to irrigate 11,000 acres and is estimated to cost Rs. 105.81 lakhs; *Romperu Drainage Scheme*: 19,300 acres are benefited and is estimated to cost Rs. 126.60 lakhs; *Tungabhadra Project Low Level Canal*: The Canal is designed to irrigate about 1,48,800 acres in Andhra Pradesh costing Rs. 1,281.28 lakhs; *Tungabhadra Project High Level Canal*: Expected to irrigate 1.191 lakh acres and 598 lakh bund area in Andhra Pradesh and 70,300 acres in Mysore State. Estimated to cost Rs. 1,180 lakhs; *Rajolibanda Diversion Scheme*: The canal irrigates an ayacut of about 5,900 acres in Mysore State and about 87,000 acres in Andhra. Estimated cost is Rs. 383 lakhs; *Kadam Project*: Total utilization of the ayacut will be 65,000 acres. Estimated cost is Rs. 784.12 lakhs; *Keddam Project*: Irrigates 65,000 acres in the first and 20,000 acres in the second crops, estimated to cost Rs. 798 lakhs; *Pochampad Reservoir Project*: Designed to irrigate 5.7 lakh acres and is estimated to cost Rs. 40.10 crores.

Nagarjunasagar Project, Tungabhadra Project High level canal, Pochampad Project, Vamsadhara Project, Rajolibanda Diversion Scheme and Kadam Project are the major projects in Andhra Pradesh that are, at the moment, at various stages of progress. For details about Nagarjunasagar Project and Tungabhadra Project (see page 88 under article on irrigation).

LABOUR*(See article on Labour).***PUBLIC HEALTH**

During the three years 1966-67, 1967-68 and 1968-69, Rs. 1,329.24 lakhs were provided for Medical and Public

Health Schemes including water supply, drainage and sanitation, and out of this Rs. 582.55 lakhs pertain to the services operated under the Medical and Health Directorates.

It is proposed to increase the medical facilities and also to improve the quality of services during the ensuing Fourth Five Year Plan.

Hospitals, Beds, Staff etc., as on 31st March 1968 :

No. of Teaching Hospitals 24 ; No. of beds in the Teaching Hospitals 9,572 ; District Headquarter Hospitals 17 ; No. of beds in Dt. Hospitals 2,984 ; General and Taluq Hospitals 210 ; No. of beds in the Hospitals 3,722 ; Dispensaries 142 ; No. of beds in Dispensaries 165 ; Other Hospitals and Sanitoria 10 ; No. of beds in Sanitoria and others 1,187 ; Primary Health Centres 409 ; Sub-centres 1,122 ; Beds in PHCS 2,454 ; No. of Doctors 2,248 ; Overall bed strength of Govt. Institutions 20,084 ; Ayurvedic Hospitals 3 ; Ayurvedic Dispensaries 78 ; Ayurvedic Vaidyas 127 ; Unani Hospitals 1 ; Unani Dispensaries 82 ; Unani Hakim 145.

Leprosy Control : It is estimated that there are six lakh cases of leprosy in the State. National Leprosy Control Programme was chalked out and the State established 16 Leprosy subsidiary Centres, 2 Leprosy Control Units, 2 Training Centres and 148 Survey Education and Treatment centres in addition to the existing Leprosy clinic at Karwar, Hyderabad, 35 S.E.T. Centres were sanctioned under L.C.P. (Leprosy Control Programme).

Family Planning : 170 Urban Family Planning Centres and 262 Rural Family Welfare Centres with reorganized pattern have been established in the State. The voluntary organisations and local bodies are also running family welfare centres and rendering services on Family Planning Programmes. In the year 1967-68 the State family planning organisations performed 170,796 sterilisations and 54,072 IUCD insertions respectively. During April to August 1968, 543,968 sterilisations and 83,621 I.U.C.D. insertions were done.

National Smallpox Eradication Programme : By end of the IIIrd Five Year Plan 300 lakhs of population i.e. nearly 75% of the State population have been vaccinated.

Maternity and Child Health : During the year 1967-68 the average number of mothers who attended the M.C.H. Centres opened during the IIIrd Plan was 7,000 at anti-natal clinics and two thousand at post-natal clinics. Further 22,000 anti-natal mothers were given advise by Centre staff.

EDUCATION

Total no. of educational institutions in the State in 1965-66 concerned with D.P.I. was 42,900. No. of students : 47,98,533. No. of Universities : Four. Total no. of medical colleges : 14 ; No. of students : 7,210.

(For more statistical information see "Education Tables").

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

ANDHRA PRADESH AGRICULTURAL UNIVERSITY

Dilkusha, Hyderabad 4.

The University is patterned on the Land grant colleges system of the United States. It has seven Colleges, three in the faculty of Agriculture, two in the faculty of Veterinary Science, one in the faculty of Home Science and one College of Basic Sciences.

The total No. of seats available in each faculty is as follows : (1) Agriculture B.Sc. (Ag.) 400 ; M.Sc. (Ag.) 100 ; (2) Veterinary Science B.V.Sc. 120 ; M.Sc. (V. Science)-50 ; (3) Home Science B.Sc. 65 ; M.Sc. (Home Science) 10.

The medium of instruction and examination in the University is English.

Chancellor : The Governor of Andhra Pradesh ; *Vice-Chancellor :* O. Pulla Reddi, I.C.S. (Retd.) ; *Registrar :* Dr. G. Venkataratnam.

BUDGET (1968-69)

Total Income : Rs. 293.40 lakhs ; Total Expenditure : Rs. 292.83 lakhs ; Grant from the State Govt. — (Non-Plan) : Rs. 76.05 lakhs ; Plan : Rs. 48.86 lakhs ; Grants from I.C.A.R. Rs. 97.68 lakhs ; Grants from the Centre : Rs. 3.15 lakhs ; Total grants : Rs. 225.74 lakhs.

ANDHRA UNIVERSITY

(Waltair)

Chancellor : Governor of Andhra Pradesh ; *Vice-Chancellor :* L. Bullayya, B.A. (Hons.), B.Ed. ; *Registrar :* M. Gopalakrishna Reddi, M.A. (Hons.), B.L.

Number of University Colleges : 5 ; No. of professional colleges : 10 ; No. of affiliated colleges : 52 ; No. of oriental colleges : 21.

1966-67 Budget

Income : Rs. 1,20,20,316 ; Expenditure : Rs. 1,19,33,942 ; Grants (Recurring : (a) From State Govt. : Rs. 15,15,600 ; (b) From University Grants Commission (Recurring) Rs. 12,546 ; (Non-recurring), Rs. 13,64,574 ; (c) From Govt. of India (Recurring) : Rs. 88,000.

Total No. of students at the University Colleges in 1966-67 was 2,746.

This university is teaching as well as affiliating. English is the medium of instruction.

OSMANIA UNIVERSITY

Hyderabad 7.

The Osmania University is a residential, teaching and affiliating university. It comprises nine Faculties, namely, Arts, Social Science, Science, Commerce, Medicine, Engineering, Education, Law and Technology. There are five University Colleges, nine constituent Degree Colleges

(including one exclusively Women's College and three Evening Colleges for Degree Courses for those in employment) and a Post-Graduate Centre.

55 Affiliated Colleges including 3 Medical, 1 Physical Education, 2 Engineering, 3 Training Colleges, 1 Nursing, 42 Degree Colleges of Arts, Science & Commerce (including 8 meant exclusively for women) and 3 P.U.C. Colleges.

Enrolment (1967-68): 43,254 (Arts and Science: Boys 21,556; Girls 6,170; Professional: Boys 14,222; Girls 1,306).

During 1967-68, 4 Colleges were affiliated to the University, with P.U.C. (Humanities and Science).

Chancellor: Khandubhai K. Desai, Governor of Andhra Pradesh; *Vice-Chancellor*: Ravada Satyanarayana; *Registrar*: L. B. Deshpande, B.Sc.

Total number of Arts and Science Colleges: Arts Colleges 19; Science Colleges 8; Arts and Science 28 and Professional 14. Total number of Women's Colleges: 11.

Total enrolment in Arts and Science Colleges: Boys 21,556; Girls 6,170.

Total number of Professors: 140; Other teachers 2,315.

Total number of Professional Colleges: 14 (Education, four; Engineering, three; Law, two; Medical, three; Physical Education, one; Nursing, one). Total enrolment in Professional Colleges: Boys 14,222; Girls 1,306.

Budget 1968-69

Receipts: Rs. 2,35,59,212. Expenditure: Rs. 2,40,14,402.

Contribution by State Government: Rs. 82,38,000; Central Govt.: 61,07,772.

SRI VENKATESWARA UNIVERSITY

Tirupati

A residential, teaching and affiliating University having jurisdiction extending over the districts of Anantapur, Chittoor, Cuddapah, Kurnool and Nellore in Andhra Pradesh.

There are 2 University Colleges and 30 Affiliated Colleges (20 Arts, 5 Professional and 5 Oriental). The authorities of the University are the Senate, Syndicate, Academic Council, Faculties, Boards of Studies and the Standing Committee of the Academic Council.

Instruction is being provided for Pass and Post-Graduate Degree courses of study in the teaching departments of

English, Telugu, Sanskrit, Hindi, Arabic, Persian, Urdu, Philosophy, Psychology, Economics, History, Mathematics, Statistics, Physics, Chemistry, Botany, Zoology, Geology, M.Sc. Home Science in the University College (Arts & Sciences). Research work leading to the Ph.D. Degree is also permissible in all these departments except in the Statistics Department. M.A. Degree course in Home Science has been started in the academic year 1964-65.

The University College of Engineering provides instruction for the Five Year Integrated Course in Engineering, Civil, Electrical and Mechanical branches.

There is now a Pre-University course of study followed by a three year degree course. There is also a two year Masterate course instead of the former Three Year Honours course. Provision has also been made for doing research leading to D.Sc. and D.Litt. degrees.

The medium of instruction and examination in the University is English excepting Modern Indian Languages and the languages for the Oriental Titles.

Chancellor: The Governor of Andhra Pradesh; *Vice-Chancellor*: Dr. V. C. Vaman Rao, M.A., Ph.D. (Dublin); *Registrar*: K. V. V. Subbaraju.

Total number of students in the University Colleges at the beginning of the academic year 1966-67: Boys 1,455; Girls 156. Total 1,611.

The total strength of the University (including University College) in 1966-67 was 18,266.

Budget 1966-67

Opening Balance: Rs. 14,94,925; Receipts: Rs. 1,91,93,255; Expenditure: Rs. 1,85,77,774; Closing Balance: Rs. 21,10,406.

MUNICIPAL CORPORATION OF HYDERABAD

Mayor: Smt. Kumud B. Naik.

Deputy Mayor: Kashi Ram.

PRINCIPAL OFFICIALS

Commissioner: N. Raghava, I.A.S.; *Addl. Commissioner*, R. R. Mahendra.

BUDGET FOR 1968-69

Income: Rs. 4,72,07,738; Expenditure: Rs. 4,72,07,738.

ASSAM STATE

CAPITAL: Shillong. Area: 47,089 sq. miles (1,22,192.9 sq. km.) according to Assam Survey. Geographical area 30.1 million acres.

Population (1961 census): 11,872,772. Density 252 per sq. mile (97 per sq. km.). Literacy 27.4 per cent.

DISTRICTS

(See under general article "Population" for names of districts, their population etc.).

There are now 16 Mahkuma Parishads, 120 Anchalik Panchayats and 2,570 Gaon Panchayats in the Plains Districts of the State. These Panchayats have covered 11,085 villages.

Number of Circles: In Assam Tahsils are termed as Circles: 67. Number of Municipalities: 17. Number of Town Committees: 29.

REORGANISATION OF ASSAM

In a statement issued on January 13, 1967, the Government of India had indicated their decision to reorganise the State of Assam. They held a series of discussions and consultations with the Assam Government and the parties directly concerned, as also with the leaders of various parties in Parliament. On 11th September 1968, the Government made an announcement on the reorganisation of Assam.

The Government have decided to undertake legislation to constitute an autonomous State within the State of Assam, comprising the districts of Garo Hills, Khasi Hills and Jowai. The legislation will also provide for the setting up of a high level advisory council for the north-eastern region as a whole to be designated as the North-Eastern Council, with a view to encouraging an integrated approach to the security and development of the region.

Each of the autonomous districts of Mikir Hills and North Cachar Hills will be given the option, to be exercised by a specified date, to join the autonomous State on the basis of a resolution adopted by a majority of not less than two-thirds of the members of its district council.

The Autonomous State will have a Legislative Assembly and a Council of Ministers. The subjects which will be transferred exclusively to the autonomous State include agriculture, forest and fisheries, education (including university education), communications (other than highways important to the State as a whole), medical and public health, local bodies and co-operatives, lands, mines and mineral development, medium and small-scale industries, administration of justice and prisons. Matters affecting tribal such as inheritance, marriages, social customs, appointment and succession of Chiefs would also be within the purview of the autonomous State.

The autonomous State will also have taxation powers in respect of the subjects assigned to it, including land revenue and agricultural tax, excise duty, taxes on mineral rights, taxes on goods and passengers and entertainment tax. The State will also be assigned its relatable share out of the sales-tax.

The executive power of the autonomous State will vest in the Governor of Assam who will act on the advice of the Council of Ministers of the autonomous State.

Bills passed by the legislature will be submitted to the governor for his assent and he will act on the advice of the Ministers of the autonomous State except where it relates to subjects concurrent to both the legislatures and where its provisions are repugnant to a law passed by the Assam legislature. The Government and legislature of Assam will have jurisdiction in respect of subjects of common interest such as State highways, major irrigation projects, flood control, navigation and major industries.

The legislatures of Assam and the autonomous State shall have concurrent powers of legislation in respect of a few subjects out of the Concurrent List, such as acquisition and requisition of property, transfer of non-agricultural property, registration of documents and recovery of public dues. Other subjects in the Concurrent List will remain with the State of Assam.

The hill areas of Assam including those constituting the autonomous State, will have representation in the Assam legislature as at present. In choosing the Ministers of the Assam Cabinet, adequate representation will be given to the areas forming part of the autonomous State and other hill areas.

The Lok Sabha adopted on Dec. 20, 1968 the motion seeking to refer the Constitution (22nd Amendment) Bill to create the autonomous State within Assam State to a joint select committee with instructions to report to the House by the first day of the next session.

The report on the Joint Committee was presented to the Lok Sabha in March 1969. The Committee amended clause 4 to clarify the powers of the President under a new article proposed to be inserted in the Constitution.

The Bill was introduced in the Lok Sabha on April 10 and was adopted on April 15. The Rajya Sabha passed the Bill on April 30.

The Bill will now be sent to the State Legislatures for ratification. Under the Constitution such a legislation can become an Act only if more than half the state legislatures ratify it. Once this formality has been completed the Home Minister will bring another Bill before Parliament giving details of the reorganisation scheme and the subjects to be transferred to the autonomous State. The whole

process is expected to take a few months and the autonomous State is expected to come into existence before the end of 1969.

COTTAGE INDUSTRIES

Main cottage industries: Sericulture and Weaving. Principal areas for Sericulture: Sibsagar, Nowgong, Goalpara, United Khasi-Jaintia Hills and United Mikir-North Cachar Hills, Lakhimpur and Kamrup districts.

Handloom weaving is done in most of the families in Assam.

AGRICULTURE

Agriculture provides livelihood to about 72 per cent of the total population of the State and contributes about half of the State income. The total area under food grains during 1967-68 was 2.14 million hectares.

Rice is the most important crop grown in the State. The area under rice is about 70 per cent of the total cultivated area. Maize is another food crop which grows well in Assam, particularly in the hills districts, but because of the prevailing food habit this crop is not extensively grown. Assam does not grow enough pulses to meet her requirement. Cultivation of other cereals like wheat is not undertaken extensively due to the unsuitability of the climate and soil.

Next to rice, tea occupying about 7 per cent of the total cropped area, is the most important crop of the State. Jute, sugar-cane, mustard and potato are other important cash crops of the State.

Production of important crops (thousand tonnes) for 1968-69 (provisional) is as follows: Rice 2,130; Wheat 5; Maize 13; Other cereals 3; Pulses 38 (Total food grains 2,189); Oilseeds 67; Sugar cane (Gur) 121; Potato 250; Sweet potato 30; Tobacco 8; Jute 779,000 bales; Mesta 27,000 bales and Cotton 6,000 bales.

LIVESTOCK AND POULTRY

Estimated output of livestock and poultry products for 1968-69: Milk (lakh mds.) 74.00; Meat (thousand tonnes) 7.4; Eggs (lakh nos.) 1,990.8.

Agricultural implements (1966): Wooden ploughs 14,11,210; Carts 1,07,260; Tractors 589; Irrigation pumps 384; Iron ploughs 18,168.

The livestock position is as follows: Cattle 6,519; Buffaloes 579; Sheep 108; Goats 1,561; Horses and Ponies 43; Other livestock 375. Total livestock 9,185. Poultry 9,878.

According to the 1966 livestock census, the cattle and buffalo population in the state are 6,519 thousands and 579 thousands respectively showing an increase of 1.1 per cent and a decrease of 0.7 per cent to the corresponding population in 1961. Another important livestock is goats which decreased from 1,886 thousands in 1961 to 1,561 thousands in 1966. The poultry population also showed a decrease from 9,907 thousand in 1961 to 9,878 thousands in 1966.

Source: (Economic Survey, 1968).

PLANTATIONS

Latest available data:

Plantation in the State: Tea.

Area under Plantation (Registered hectareage): 3,06,497.12.

Hectareage under cultivation: 1,72,141.12.

Number of Tea Plantations : 674 (covered under the Plantation Labour Act).

Total number of workers as on 30-9-1968 : 4,29,404.

Fisheries : *Variety of fish produced :* Raba, Katla, Mrigal, Mali, etc.

Assam State has met the fish seed demands from their own resources. Culture of mirror carps, scale carps etc. has become popular in the Hill Districts of the State.

FORESTS

The forest area occupies about 47.9 thousand sq. kilometres and covers about 39 per cent of the States' total area. Of the total forest area 37 per cent is under reserved forests. Area under different categories of forests (thousand hectares) during 1967-68 is : Reserved 1,653 ; Protected 28 ; unclassified 2,908 ; Total 4,589.

Main types of forest with some species of trees of economic importance occurring in them :

Evergreen forests, mixed deciduous forests, deciduous and dry deciduous forests, riverain forests, Savannah forests, swamp forests, bamboos and temperate forests containing sal, teak, hollock, holong, bansam, amari, gamari, ajhar, sissoo, simul, cane, bamboos, reeds and various species of medicinal importance.

Assam possesses one of the richest fauna in Asia and it is claimed that outside Africa, there is no part in the world with so many varieties of animals, birds, reptiles and insects. Rhinoceroses, elephants, wild buffaloes, bison and mithuns, swamp deer, sambhar, spotted deer, barking deer, tiger, leopards, black panther, king cobra, pink-headed duck and giant hornbill are some of the well-known specimens of wild life.

Five sanctuaries and two game reserves with a total area of about 523.79 sq. miles, are maintained by the Government Forest Department for the protection of the interesting and in some cases the numerically dwindling species. Kaziranga and Manas are the two most famous sanctuaries.

Main forest produce : Timber, firewood, bamboo, cane, lac, elephant tusks, thatch, stone, sand, drugs, incense and perfumes, fibres and flosses. Assam has probably the biggest bamboo and reed reserves, contributing 42 per cent of India's total output. The out-turn of timber and fuel respectively for 1967-68 (thousand cubic metres) is 402 and 430.

LAND REFORMS

Four schemes are under implementation and these will continue in the IVth Plan also.

1. *Consolidation of Holdings :* The aim is to consolidate and prevent fragmentation of agricultural holdings in the plains districts in order to have the way for increase in agricultural production. The consolidation of Holdings Act, 1960 was amended in 1966 to provide for compulsory consolidation of holdings. Consolidation of 4,000 bighas was expected to be completed in 1968-69 and the remaining 46,000 bighas are expected to be consolidated during the Fourth Plan period.

2. *Strengthening of Primary and Supervisory Land-Record Agencies for Collection of Agricultural Statistics :* This aims to ensure proper collection of agricultural statistics for formulation and implementation of agricultural plans by increasing the existing strength of Mandals and Supervisor Kanungos by 100 per cent and 50 per cent respectively. A scheme for recruitment of 1,461 Mandals and 70 Supervisor Kanungos has been continuing from the IIIrd Plan and will continue during the IVth Plan.

3. *Preparation of Tenants' and Adhiars' Record of Rights :* The scheme is for the preparation of correct and up to date records of rights essential for effective implementation of various land reforms measures. The scheme in the districts of Goalpara, Kamrup and Sibsagar has been undertaken with resettlement operations and has been completed. The scheme has been taken up in 1965 in Nowgong and Lakhimpur and in Darrang in 1968-69 along with resettlement operations but independently in Cachar.

4. *Resettlement of Landless Agricultural Workers :* During the 1st two Plans 2,081 families were settled in 49,500 bighas of Government waste land in Nowgong, Kamrup and Sibsagar districts. Nothing could be done during the Third Plan as no waste land was available. During the old Fourth Plan the programme was to resettle 2,700 families. In this 350 landless families have already been selected during 1968-69 for allotment of lands in Nakhuti area of Nowgong District. The scheme will continue in the Fourth Plan with a resettlement target of 2,475 families.

MINES, INDUSTRIES

The only minerals in Assam worked on a commercial scale are coal, limestone, petroleum oil and sillimanite. Coal output 487,000 tonnes (1967) ; limestone output 22,000 tonnes (1968), sillimanite output 2,554 tonnes (1968). The estimated value of mineral production in Assam (excluding petroleum, minor mineral and minerals declared as prescribed substances under the Atomic Energy Act 1948), was Rs. 16.9 million in 1967 which was less than Rs. 19.1 million in 1966. An oil refinery has already been set up at Gauhati.

Silk is manufactured in the Assam valley ; also cotton weaving prevails as a cottage industry, women playing a predominant part.

Tea is the main industry, but there is a large petroleum mining concern with Digboi in Upper Assam as the centre and also some coal-mines. There is a big match manufacturing concern at Dhubri. Boat-building, brass and metal and earthenware, limestone burning, cane and bamboo work, furniture making, sola hat, smithy, brick making, mustard oil pressing, rice and saw mills are other industries.

Statistical data as in 1965 (latest available) are as follows : Registered factories 1,397 ; Persons employed 83,700 ; Productive capital employed Rs. 972.9 millions ; Salaries, wages and benefits Rs. 134.1 millions ; Value added by manufacture Rs. 243.9 millions ; Capital employed per person engaged Rs. 11,614 ; wages and salaries per person engaged Rs. 1,600.

The following are the provisional figures of out-put in some of the selected industries for 1968 : Tea 207 million kilograms ; Sugar 6.7 million kilograms ; Match 3.91 million grosses ; Electricity 161.4 million kwh. ; Commercial plywood 3.6 million sq. meters.

Assam holds the premier position in the country in the field of oil production. An estimated reserve of 100 million tonnes accounts for 58 per cent of the country's known reserves. In recent years rich deposits of oil have been struck in Lakowa and Galeki in Upper Assam. Estimates of coal reserves in the State have been variously placed between 2,000 and 3,800 million tonnes which constitute about 3 per cent of the country's total reserves.

POWER

The hydro-power potential of Assam is estimated at 12 million Kw. During the Third Plan a sum of Rs. 417 million was spent for power. The amounts allocated for

power during 1967-68 and 1968-69 were Rs. 69 millions and Rs. 70 millions respectively. The Umtru Hydel Project has an installed capacity of 8,400 kw. The First stage of Umiyam Project and the Naharkatia Thermal Project completed in 1965 has installed capacities of 36,000 kw. and 69,000 kw. respectively. The Noonmati Thermal Plant has a capacity of 12,500 kw. During 1968 certain residual works in connection with Umiyam Hydel Project, Stage II and Kamrup Thermal Station were taken up. The other projects now awaiting completion are Gauhati and Garo Hills Thermal Projects.

The total installed capacity of the projects now in commission is about 145 m.w. In 1967-68 the per capita consumption of electricity in Assam was estimated to be 34 kwh against 45 kwh for India. Total generation of electricity in Assam in 1967 was 142.6 million kwh and in 1968 up to September was 161.4 million kwh. The number of electrified villages in Assam at the end of 1968 was 425.

INDUSTRIES

Gas-Based Industries : The two projects which have been decided to be taken up as part of the first phase natural gas utilisation programme are (1) a power project, with an installed capacity of about 50,000 k.w. near Nahorkatiya and (2) a fertiliser plant at Namrup near Nahorkatiya with production pattern 55,000 tons of user P.A. (Per Annum), 1,00,000 tons of Ammonium Sulphate P.A., 66,000 tons of Ammonia P.A., 82,500 tons of Sulphuric Acid P.A. Both these projects are in the public sector.

The Spun Silk Mill at : Jagiroad (Public Sector) has gone into production. The cement factory at Cherrapunji with a capacity of 250 tons daily, (State Govt. Undertaking) has already gone into production. Steps have been taken to expand its capacity to about 850 tons. Licences have been issued for the establishment and expansion of a number of other industries such as large paper and pulp industries, hard board, chip board, commercial plywood, timber seasoning units, steel fabrication and light engineering manufacture.

For manufacture of hard board a large unit has been licensed.

Handloom Industry

Handloom industry is an age-old cottage industry of Assam.

It is the largest and the most important cottage industry next to Agriculture, both in hills and plain districts. Most of the weavers of the State are women and they generally weave cloth for their domestic use in leisure time.

The handloom industry in the co-operative sector has been making steady progress during the Second and Third Plan period. From 664 societies at the beginning of the Second Plan period, the number of societies has gone up to 1,623 at the end of 1966-67. Similarly, the membership has gone up from 18,983 to 50,690 during the same period. The issue of Share Capital loan and Working Capital loan has also gone up from Rs. 1.18 lakhs and Rs. 5.67 lakhs in 1955-56 to Rs. 8.70 lakhs and Rs. 64.32 lakhs respectively at the end of 1965-66.

TRANSPORT

Much of the trade of Assam is carried by river. Steamer companies maintain fleets of vessels which ply to and from Neamat, Tezpur, Gauhati, Goalpara, Dhubri, Karimganj, Silchar and many other smaller stations.

From January 1958, the entire railway system in Assam has been made part of a new Zone of the Indian Railways—

the North East Frontier Railway. Pandu (Maligaon) near Gauhati has been made the headquarters of N.E.F. Railway.

Because of the slender surface link between Assam and the rest of India, air services are of great value to the State. Almost all the big towns—Tezpur, Jorhat, Dibrugarh, North Lakhimpur, Silchar, Dhubri and Gauhati are now served by daily scheduled flights. Pasighat and Along in NEFA have also been placed on the airmap.

The total length of motorable roads as on March 31, 1966, stood at 20,200 kilometres.

The length of roads under the management of Public Works Department was 20,678 km. in March 1968 out of which approximately 17,500 km. were motorable. Adding to this about 2,400 kms. of motorable roads under the management of the local bodies the length of motorable roads in the State in 1968 was around 19,900 kms. leaving a gap of 15,300 kms. to be constructed over the next 13 years or so.

At the end of 1967-68, the length of the nationalised road transport has increased to 2,989 kms. The gross capital investment in the nationalised transport as of March 1967 was Rs. 40.26 million, having a fleet of 724 vehicles. The State Transport carries on an average 30,000 passengers and 3,500 quintals of goods daily.

Number of vehicles both public and private in the State in 1967 (including Government and foreign) : Motor vehicles 2,275 ; motor cars 12,083 ; taxi cabs 432 ; buses 1,998 ; private carriers 7,490 ; public carriers 4,510 ; trailer 2,781 ; tractor 2,449 ; vehicles owned by local bodies 12 ; Government vehicles 11 ; auto-rickshaws 30.

CIVIL SUPPLIES

Latest figures :

The approximate monthly import requirements in tons of food-stuffs and other essential commodities are as follows:—Wheat 5,000 ; Salt 7,600 ; Sugar 5,500 ; Gur 2,000 ; Mustard Oil 3,000 ; Pulses 6,000 ; Paper 150 ; Cloth 10,000 bales ; Yarn 2,500 bales ; Iron & Steel 4,500 ; Cement 10,000 ; Misc. goods 15,000 ; Rice 42,000.

CO-OPERATION

The number, membership and working capital (in Rs. thousand) respectively by types of societies at the end of 1966-67 :

I. Credit Societies : 4,134 ; 3,60,555 ; 224,917.

A. Short and Medium term (a) State Co-operative Bank : 1 ; 2,995 ; 1,10,064 ; (b) Central Co-operative Banks : 9 ; 4,235 ; 48,811 ; (c) Primary Credit Societies : (i) Agricultural 3,773 ; 3,19,643 ; 33,760 ; (ii) Non-Agricultural 334 ; 27,986 ; 27,917.

B. Long-term—(a) Central Land Mortgage Bank 1 ; 1,031 ; 2,199 ; (b) Primary Land Mortgage Banks 16 ; 4,666 ; 2,166.

II. Non-Credit Societies 3,176 ; 2,27,547 ; 69,037.

III. All Societies : 7,310 ; 5,88,103 ; 2,93,954.

The outlays in the State Plan for 1968-69 and 1969-70 respectively in Rs. lakhs are : General 15 ; 45 ; Hills 10 ; 15.

EDUCATION

(For particulars about general education see under Educational Statistics.)

In the first two years of *ad hoc* Annual Plans (1966-68) the expenditure on education programmes under the Plan amounted to Rs. 401 lakhs. The allocation for 1968-69 was Rs. 160 lakhs under the General Plan and Rs. 78

lakhs in the Hill Plan. For 1969-70 the provision in the General Plan is Rs. 200 lakhs and in the Hill Plan Rs. 55 lakhs. In 1968-69 girls' education was made free up to class VI. In 1967-68 the total allocation on technical education for the plan scheme for general areas was Rs. 45 lakhs, subsequently reduced to Rs. 37.50 lakhs. In the annual plan for 1968-69 the plan allocation for the general areas was Rs. 25 lakhs only and the provision for 1969-70 is Rs. 40 lakhs.

LABOUR

Number of registered trade unions in December 1965 : 189. On the basis of returns received from 69 unions the total membership was estimated to be 1,21,195. No. of industrial disputes during 1967 and 1968 : 87 ; 25. No. of workers involved during 1967 and 1968 : 73,775 ; 16,149. No. of man-days lost during 1967 and 1968 : 1,82,026 ; 43,392. Average daily wages per day per worker in the following categories during 1968 : Carpenters : Rs. 6.29 ; blacksmiths Rs. 5.72 ; field labourers (men) Rs. 3.37 ; other agricultural labourers (men) Rs. 3.17 ; head men Rs. 2.13.

Employment in registered factories in 1967 : 81,893. Total employment in tea-industry on 31-3-1968 : 4,38,630. On 30th September 1968 the employment stood at 4,29,404.

COMMUNITY DEVELOPMENT

The C. D. programme aims at providing extension service for various development schemes taken up for implementation in the rural areas. There are now in all 163 development blocks of which 42 are in the hill areas. The expenditure on development programme amounted to Rs. 22.8 millions, Rs. 73.3 millions and Rs. 117.0 millions during the First, Second and Third Plan respectively. The expenditure during 1967-68 was Rs. 33.8 millions.

Achievements (1967-68) : Improved seeds distributed 1,350 tonnes; fertilizer distributed 3,696 tonnes; agricultural demonstrations held 6,992; improved implements distributed 6,856; Composite pits dug 20,444; improved birds distributed 12,587; drinking water wells constructed and renovated 1,802; adult literacy centres started 1,768; adult persons made literate 32,330; land reclaimed 7,723 hectares; area bunded and terraced 585; Roads constructed 910 k.m.

Panchayats : With the enforcement of the Assam Panchayat Act, 1959 the three tier Panchayat organisation came into existence. 2,581 Gaon Panchayats, 121 Anchalik Panchayats and 17 Mahakuma Parishads have been constituted covering all the plains districts of the State. The provision for 1968-69 in the annual plan was Rs. 5.00 lakhs.

HOUSING

During 1966-67 and 1967-68 the expenditure on housing was Rs. 18.31 lakhs, 47 houses and 486 tenements were completed. For 1968-69 a provision of Rs. 5 lakhs had been made. The outlay for 1969-70 is Rs. 6 lakhs. The schemes relating to low income groups, industrial labour, plantation labour, village housing and land acquisition and development will continue.

For the Hill Plan there was a provision of Rs. 4 lakhs for 1968-69. The provision for 1969-70 is Rs. 9 lakhs. 25 houses and 40 units of Harijans' quarters were expected to be undertaken during 1968-69. The programme for 1969-70 includes the completion of Harijan quarters and construction of additional 50 houses and 40 tenements under other schemes.

IRRIGATION

The Annual Plan allocation for 1968-69 for medium irrigation was Rs. 73 lakhs for the general areas and Rs. 10 lakhs for the hilly areas. For 1969-70 the provision is Rs. 100 lakhs and Rs. 19 lakhs respectively. Three schemes have been taken up for implementation, namely the Jamuna, the Sukhla and the Patra-Disa. Another scheme the Harguti Irrigation project at a cost of Rs. 40 lakhs in the Mikir Hills has already been taken up for execution. This and the Sukhla project will continue in the Fourth Plan. The Patra-Disa has been completed during 1968-69.

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

DIBRUGARH UNIVERSITY

It is a teaching & affiliating University.

Chancellor : B. K. Nehru, Governor of Assam & Nagaland.

Vice-Chancellor : Dr. B. R. Seth.

Registrar : Dr. A. K. Borkakoty.

Number of affiliated Colleges : 37.

Number of University Departments of Post Graduate Studies & Research : 12.

GAUHATI UNIVERSITY

Gauhati-14, Assam.

Vice-Chancellor : Dr. M. N. Goswami, M.A., B.L., Ph.D. (Cal).

Registrar : C. Das, M.A., B.L.

Teaching, Affiliating and Residential.

Subjects where provision exists for post-graduate and research :

Assamese, Philosophy, Economics, History, Education, Mathematics, Statistics, Botany, Commerce, English, Physics, Chemistry, Geology, Anthropology, Agricultural Botany, Sanskrit, Political Science, Bengali, Geography, Zoology.

Number of colleges affiliated : 90 (Permanently affiliated 18; Temporarily or provisionally 72 including one constituent college).

Number of students: Affiliated Colleges : 45,411, University Departments : 2,194; Constituent College (Law College) : 988.

Budget 1967-68.

Grant from State Government :

Annual recurring grant of Rs. 23,50,000.

Receipts : Rs. 1,28,48,698.

Expenditure : Rs. 1,17,55,546.16.

Budget Estimates (1968-69) : Income Rs. 117.91 lakhs. Expenditure Rs. 126.97 Lakhs.

NORTH-EAST FRONTIER AGENCY

HEADQUARTERS: Shillong, Assam. Area: 31,438 sq. miles (81,425.9 sq. kilometres); Population: 3,36,558.

The Agency is now under the administrative control of the Home Ministry.

Districts in the Agency with headquarters in brackets: Kameng District (Bomdila); Subansiri District (Ziro); Siang District (Along); Lohit District (Tezu); Tirap District (Khonsa).

FORESTS

About 60% of the land area is under forests. The reserve forests constitute, 1,779.32 sq. miles and proposed reserve forests 1,586.44 sq. miles. There are about 15,000 sq. miles of Unclassed State forests. Most of the forest area remains unsurveyed. In 1967-68, 1,19,375 C.U.M. of timber was extracted (the bulk of which is from reserved forests) and a total revenue of Rs. 92,46,819 was earned, as against Rs. 74,26,366 and Rs. 68,80,569.00 during 1966-67 and 1965-66 respectively.

NEFA has a rich fauna and flora. There are wild elephants, bison, buffaloes, tigers, leopards, various kinds of deer, bears, pigs and wild goats. Peculiar to NEFA are the following — takins, musk-deer, lesser pandas, clouded leopards and mountain goats. To the people of the Agency the 'Mithun' or 'Gayal' is the most important animal as it serves, apart from its religious and sacrificial significance, as a medium of barter.

The monsoon sets in from the May/June and continues till the end of September. The average annual rainfall at Bomdila is 40.12"; Pasighat — 229.05"; Tezu — 160.30" and Changlang 78.22". The snow line starts from about 13,000 feet altitude and the whole of the northern region along the international boundary is under snow during the winter months.

TRIBES

The Agency is inhabited exclusively by Hill Tribes. A broad list of the main tribes district-wise is given below:

Kameng District:—Monpa, Sherdukpens Bangnis (Yanoo and Khrodeng), Aka or Hrusso, Khowa or Bugun, Miji or Dammai, Khamba, Sulung, Bangro.

Subansiri District:—Tagin or Moya, Dafia or Nisi/Nishang, Apatani, Bangro, Mikir, Hill Miri, Sulung.

Siang District:—Adi (it has some 20 sub-tribes, some of them are almost treated as main Tribes), Khamba, Memba, Hill Miri, Idu Mishmi.

Lohit District:—Padam Hill Miri, Mishmi (Digaru or Taraon), Idu or Chulikata, Miji or Kaman, Singhpho, Khampti.

Tirap District:—Nocte, Singhpho, Tangsa, Wancho, Yobin.

About 50 distinct languages and dialects are spoken. Each tribe is divided into a number of exogenous clans. As a general rule, the tribes do not intermarry.

EDUCATION

Education in the Agency is of the basic type with due emphasis on crafts and agriculture. 167 schools have already been converted to basic pattern.

Upto the end of the primary stage, the mother tongue of the students is the medium of instruction in schools, and text books in various tribal languages have already been prepared upto Class I. Assamese will be the medium of instruction from Class IV onwards and it will also be introduced as a subject of study early in the primary stage. Hindi and English are also taught as compulsory languages from Classes III and IV respectively.

During 1964-65 there were 268 institutions distributed as follows: Higher Secondary 4; Higher English 4; Middle English 35; Lower Primary 212; Nursery 4; Training Institute 1; College 1.

During 1963-64 there were 611 teachers in 215 schools with a total enrolment of 11,750 students.

The most important aspect of the educational programme in NEFA has been the establishment and reorganisation of schools in the border areas.

COTTAGE INDUSTRIES

Regular Cottage Industries Training Centres have been opened at 22 places to impart training in weaving, spinning, tailoring, carpet-making, carpentry, wood-carving, cane and bamboo work, smithy, painting, sawing, soap-making and pottery. Rearing of silk and *endi* is demonstrated at sericultural farms at Pasighat, Changlang and Namsai. There are also 12 irregular centres.

As of March 1965, the total number of persons trained was 2,600. Expenditure during 1964-65 was Rs. 12.80 lakhs.

PUBLIC HEALTH

Figures for 1965-66: The number of patients treated throughout the Agency 236,000; Number of hospitals, dispensaries, health units 91; Number of doctors 134; Number of compounders 133; Number of nurses 140. There was one doctor for every 2,800 persons, a nurse for every 2,520 persons; one hospital dispensary for every 3,698 persons.

45 teams have been raised under the national small-pox eradication programme.

B.C.G. teams are touring the Agency area specially in Siang Frontier Division where the incidence of tuberculosis has given rise to concern. A 50-bedded T.B. hospital, the first of its kind, was opened at Margherita.

AGRICULTURE

Agriculture is the mainstay of the people of the Agency.

So far 43,610 acres of land have been reclaimed and developed for permanent cultivation, mostly for paddy and 18,000 acres of land have been brought under irrigation. The anticipated increase in food production is estimated at 13,000 tons. Tools and implements worth Rs. 4,72,000 have been distributed to the cultivators at subsidised rates. Nine agricultural and livestock farms have been established in various parts of NEFA for providing improved seeds, training farmers, and giving demonstration of improved methods of production.

Animal husbandry has been put on a scientific basis. There were in June 1965, 21 veterinary dispensaries and 51 veterinary aid centres. As on March 31, 1964, there were 12 cattle farms and 42 cattle upgrading centres in various parts of the Agency to help the farmer look after the cattle.

CO-OPERATIVE MOVEMENT

Most of NEFA tribes have a very strong social sense, and every village is in its own way a Co-operative Society. There were on June 30, 1968, 92 Co-operative Societies which included 47 Consumers' Co-operatives, 6 Multi-purpose Co-operatives, nine Marketing and Processing Societies, five Farming Cooperative Societies, two Thrift and Credit Cooperative Societies, two Industrial Co-operative Societies, one Dairy Co-operative Farm, 11 School Co-operatives, two Labour Co-operatives and 7 Transport Co-operatives. In addition to these there is a wholesale Co-operative store (Nefstore) at Pasighat with its sub-depots at Dibrugarh and Bhalukpong.

COMMUNITY PROJECTS

Forty-one Community Development and National Extension Blocks in the Agency cover 22,839 sq. miles with a total population of 2.86 lakhs.

COMMUNICATIONS

Physical achievements from 1951 to 1965 consist of roads (jeepable) 1,186.11 kilometres, mule paths 399.50 miles, porter track 2,235.50 miles, bridle paths 131 miles, improvement to roads 237.87 miles, improvement to porter tracks 416.50 miles.

BIHAR STATE

CAPITAL: Patna. Area: 67,196 sq. miles. Geographical area: 42.8 million acres (5.8 per cent of the area of India).

Total Population: 46,455,610 (1961 census). Density 694; Literacy 18.4 per cent. Population (1966) 52.1 million.

Administrative Divisions:—Patna, Bhagalpur, Tirhut and Chota Nagpur.

Districts with names of District Headquarters in brackets in each Division:

Patna Division: Patna (Patna); Gaya (Gaya); Shahabad (Arrah). *Tirhut Division:* Muzaffarpur (Muzaffarpur); Saran (Chapra); Champaran (Motihari); Darbhanga (Laheriasarai). *Bhagalpur Division:* Bhagalpur (Bhagalpur); Monghyr (Monghyr); Purnea (Purnea); Santal Parganas (Dumka); Saharsa (Saharsa). *Chota Nagpur Division:* Ranchi (Ranchi); Hazaribagh (Hazaribagh); Palamau (Daltonganj); Singhbhum (Chaibassa); Dhanbad (Dhanbad).

Number of Districts: 17; Number of District Boards: 17; Number of Municipalities (including Patna Municipal Corporation): 54; Improvement Trust: 4; Notified Area Committees: 45.

Names of towns with a population of over 50,000: Patna, Monghyr, Jamshedpur, Muzaffarpur, Gaya, Chapra, Bhagalpur, Arrah, Ranchi, Darbhanga, Dhanbad, Biharsharif, Katihar and Jamalpur.

(For names, area and population of districts see article on 'Population')

LARGE AND MEDIUM INDUSTRIES

For the development of industries in the State some of the major steps taken by the State Government include the establishment of The Bihar Industrial Development Corporation, Bihar State Agro-Industrial Development Corporation, Spun Silk Mill and Industrial areas.

Bihar State Industrial Development Corporation.
(Please see "State Corporations").

Bihar State Superphosphate Factory, Sindri.
(Please see under "Govt. Industrial Undertakings").

High Tension Insulator Factory, Ranchi.
(See under "Govt. Industrial Undertakings").

Electric Equipment Factory, Tatisilwai: An Electric Equipment Factory is being established at Tatisilwai near Ranchi, for manufacture of electrical

equipment such as power distributors, transformers, industrial motors and switchgears in collaboration with the G.E.C. of India.

The total estimated cost of the project is about Rs. 2.24 crores. The erection of the factory is likely to be completed soon.

Bihar State Agro Industrial Development Corporation.
(Please see under "State Corporations").

Spun Silk Mill: A Spun Silk Mill is being established at Bhagalpur at an estimated cost of Rs. 141.25 lakhs. The mill will have 3,000 spindles for manufacture of pure silk yarn and 420 spindles for manufacture of ordinary yarn.

The mill is expected to go into production sometime in 1970.

Industrial Areas: Industrial areas have been established at Adityapur, Ranchi and Patna.

Three more Industrial areas at Barauni, Bokaro and Patratu are also being established.

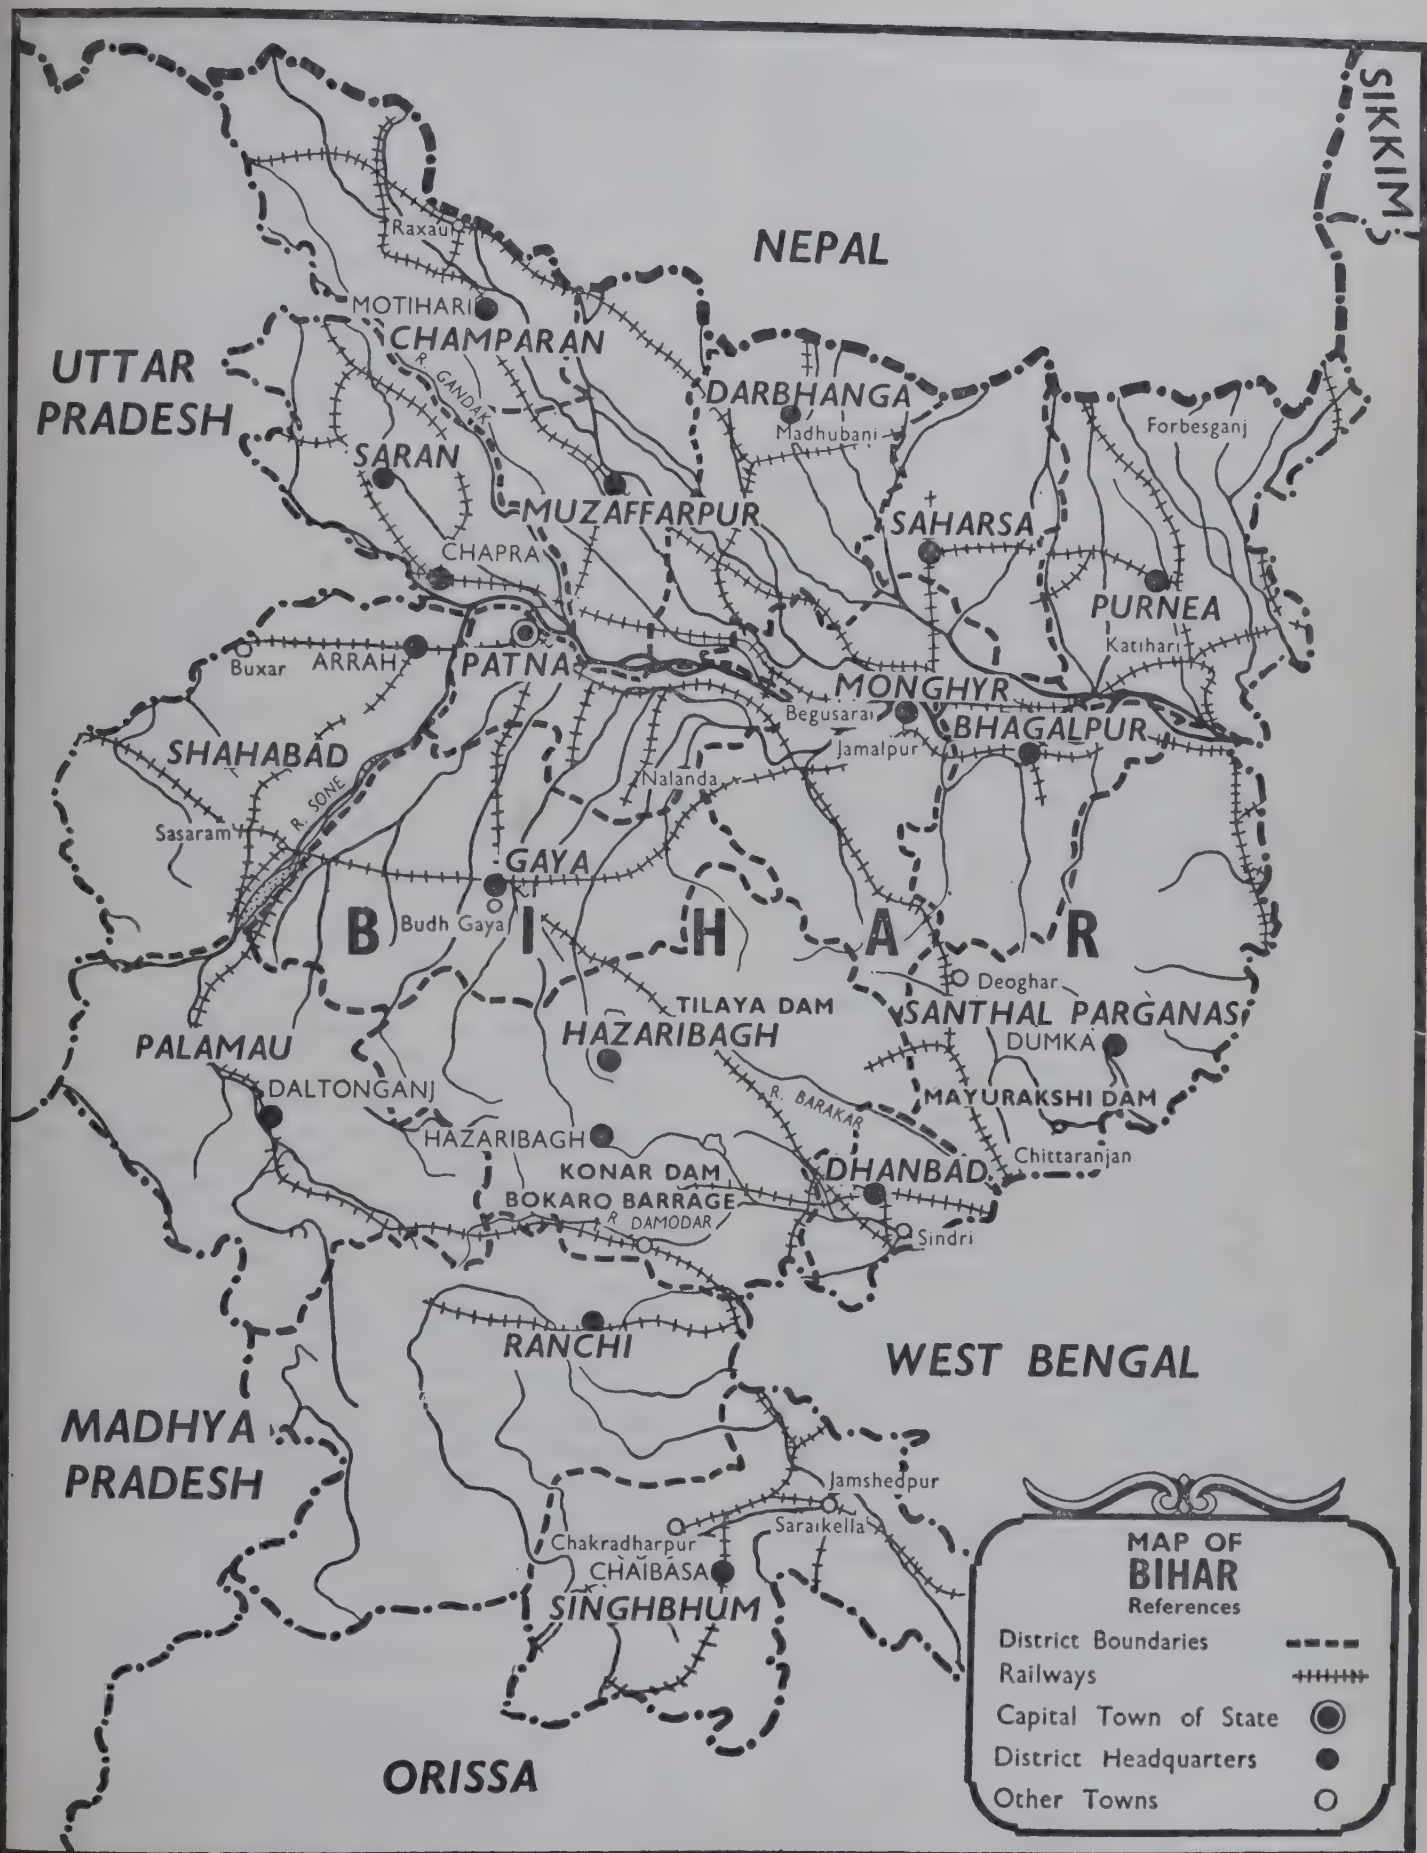

Industrial Estates and Workshop Sheds: Industrial Estates have been set up at Muzaffarpur, Bhagalpur, Purnea, Daltonganj, Tillaiya (Hazaribagh), Ramnagar (Champaran), Baroon (Gaya), Lakhisarai (Monghyr), Jasidih and Murliganj (Saharsa) during the Third Five Year Plan. In all these estates altogether, construction of 200 factory sheds of different sizes have been completed out of which 95 sheds have been allotted.

KHADI AND VILLAGE INDUSTRIES

The area of Bihar has been divided into 588 anchal-cum-development Blocks, out of these 440 have been covered by some kind of development activity under the Khadi and Village Industries. In 1967-68 Khadi and Village Industries in Bihar produced articles worth Rs. 9,65,25,000. The sales effected were Rs. 8,65,00,000. The total number of persons finding part time or whole time employment was 32,21,000 and the sum of Rs. 3,26,15,000 was distributed among them as wages. The number of Khadi Bhawans in the State is 497.

Industries other than the Khadi, which are being organised in Bihar are as follows:—

Ghani oil, hand processing of cereals and pulses, leather, gur khandsari, palmgur, non-edible oil and soap, handmade paper, bee-keeping, pottery, fibre, cottage match, carpentry and blacksmithy, gobar gas, limestone and gram-ekai.

The Industries which have made considerable progress are ghani oil, hand processing of cereals and pulses and bee-keeping. The ghani oil industry has 882 co-operatives which have produced oil worth Rs. 4,18,07,266 and given employment to 8,204 persons. The hand processing of cereals and pulses has 577 co-operatives which have produced rice worth Rs. 55,46,533 and given employment to 4,791 persons. The bee-keeping industry made a remarkable progress in the year 1967-68. 4,733 bee-keepers produced 1,36,515 kilograms of honey.

SMALL-SCALE INDUSTRIES

Common facility service centres, rural workshop production centres, model workshops and raw materials depots are some of the important schemes which are being implemented for the development of small-scale industries. Fifteen model workshops namely Blacksmithy and Mechanised carpentry units were set up during the Second and Third Plans.

Bihar State Small Industries Corporation.

(Please see under "State Corporations").

Handloom: Handloom is the most organised cottage industry in the State employing nearly 10 lakhs of persons annually on two lakh looms which are capable of producing goods worth Rs. 30 crores per year. A State Handloom Board has been set up for initiating a comprehensive scheme of organisation and technical improvement like setting up of dyeing and finishing units.

Handicrafts: During the Third Five Year Plan two production centres, in cane and bamboo, one each in paper machine and one centre for bell and brass metal have been set up. A craft museum has been located in Patna for display of handicrafts products. For supply of raw materials to handicrafts workers at reasonable prices, a raw materials depot has been located in Patna. An institute of industrial designs is functioning at Dighas which besides making research in designs, also conducts training courses for artisans and instructional staff of training centres.

Sericulture: Bihar is the largest producer of tassar in India and about one lakh persons in this State are engaged in different branches of this industry, from the rearing of silk worm to the finishing of silk fabrics. In 1967-68, 7.94 lakh disease-free layings were produced and distributed to 29,000 rearers free of cost; 1,31,928 kahans of tassars cocoons were produced, 31 Training programmes were organised, 2,430 persons were trained in tassar silk worm rearing, reeling and spinning of tassar and 473 reeling-cum-twisting machines and 473 improved spinning machines were distributed. The State Government has started three tassar marketing organisations in the district of Singhbhum, Santhal Parganas and Hazaribagh. Two silk Institutes at Bhagalpur and Chaibassa are run by the State Government to impart training in scientific method of sericulture.

Technical Education: Three industrial pilot projects, three women's industrial schools and three rural Industries projects for intensive development of rural industries have been set up.

Cluster Type Industrial Training Centres: There are 20 Cluster Type Institutional Training Centres in the State. 3,262 rural artisans have been trained so far and out of them 2,116 have settled in their own trade. Besides imparting training, these centres have also produced and sold goods worth Rs. 10,15,000 and Rs. 9,24,000 respectively.

Rural Industries Project: There are five such projects located at Nawadah, Pusa, Dumka, Buxar and Ranchi.

709 Co-operative Societies have been organised and these societies have produced and sold goods worth about Rs. 70,24,000. These societies have provided full employment to about 17,000 persons.

Assistance under the State Aid to Industries Act: A sum of Rs. 2,64,60,722 was sanctioned as loan under the State Aid to Industries Act during the three Plan periods and subsequently during the two annual plan periods.

MINERALS (Latest available)

Mineral	Unit of quantity	Quantity	Value Rs. '000
Apatite	Tonnes	5,111	228
Asbestos	"	356	49
Bauxite	"	3,95,865	3,624
Chinaclay (Saleable)	"	1,35,994	19
Chinaclay crude (Saleable)	"	1,810	19

Manganese Ore	"	10,277	328
Mica (crude waste)	"	9,250	10,420
Mica (scrap etc.)	"	1,099	N.A.
Quartz and Silica	"	35,765	479
Steatite	"	4,358	23

The districtwise distribution of the minerals (names of districts in brackets) is as follows:—

Apatite (Singhbhum); Asbestos (Singhbhum); Bauxite (Ranchi, Palamau & Monghyr); Chinaclay (Singhbhum, Bhagalpur, Santhalparganas, Ranchi); Chromite (Singhbhum); Coal (Dhanbad, Hazaribagh, Palamau & Santhalparganas); Copper Ore (Singhbhum); Crude Mica (Hazaribagh, Gaya, Monghyr); Dolomite (Singhbhum, Palamau, Shahabad, Hazaribagh); Felspar (Hazaribagh, Gaya, Monghyr); Fire-Clay (Dhanbad, Hazaribagh, Palamau & Santhal Parganas); Iron-Ore (Singhbhum, Palamau); Kyanite (Singhbhum); Limestone (Shahabad, Palamau, Hazaribagh, Singhbhum, Ranchi); Manganese Ore (Singhbhum); Pyrite (Shahabad); Quartz & Silica (Singhbhum, Dhanbad); Steatite (Singhbhum).

The State Government has formed a body known as the Mica Syndicate to improve the mica industry in Bihar. The State Government is also taking steps to set up cement factories, and investigations are in progress for the search of fresh lime stone deposits to feed these proposed factories. The site of the proposed sulphuric acid plant has been shifted to Sindhri from Shahabad.

AGRICULTURE

Bihar, with 5.71 per cent of the Union's land area, has 10.59 per cent of her population. The proportion of total population depending on agriculture is estimated to be 77 per cent.

The total geographical area of the State is estimated to be 42.82 million acres out of which nearly 21.12 million acres are cultivated. Including multiple cropping, the total gross cropped area of the State is estimated at 26.77 million acres. The areas under culturable waste and fallow

lands are 1.38 and 5.12 million acres respectively. The gross area irrigated through different sources during 1964-65 was estimated at 5.19 million acres.

The acreages (in million acres) under principal crops during 1965-66 are estimated to be :—

Rice 12.74; Wheat 1.67; Barley 0.84; Maize 1.83; Arhar 0.43; Sugarcane 0.42; Tobacco 0.04; Potato 0.24; Jute 0.40; Chillies 0.06; Cotton 0.01; Total oilseeds 0.55.

The production of important crops during 1965-66 are as shown below (in million tons) :—

Rice 4.08; Wheat 0.40; Barley 0.18; Maize 0.66; Arhar 0.14; Sugarcane 5.92; Tobacco 0.01; Potato 0.77; Jute 0.89 (in million bales); Chillies 0.02; Total oilseeds 0.82.

Foodgrains production during 1967-68 is estimated at 8.1 million tonnes against 3.3 million tonnes during 1966-67.

Sugarcane is mostly grown in the districts of Champaran, Saran, Darbhanga and Muzaffarpur. Jute is cultivated in the districts of Purnea and Saharsa. Tobacco is grown in Muzaffarpur, Monghyr, Purnea and Darbhanga.

There are about 503 seed multiplication farms in the State for growing nucleus improved seeds for distribution to the growers. Fertilizers are distributed to the cultivators through Bihar State Co-operative Marketing Union which maintain a net work of sub-centres throughout the State. The consumption of fertilizers has now reached a level of about 1.50 lakh tonnes of nitrogenous fertilizers and 0.50 lakh tonnes of phosphatic fertilizers. Intensive Package Programme has been initiated in the districts of Shahabad, Purnea, Saharsa, Monghyr, Patna, Gaya, Saran, Champaran, Ranchi and Santhal Parganas.

FORESTS

Main forest produce					Quantity
Timber	1,18,68,000 cft.
Fuel	1,07,73,000 "
Bamboo	1,18,000 tons
Sabaigrass	1,15,000 mds.

The total area of reserved, protected and unclassed forests in Bihar is 11,883 sq. miles. There are two national parks, 16 games sanctuaries and 234 shooting blocks in the State.

1,58,000 acres of land has been planted up to the end of 1966-67 with bamboo over 49,000 acres, Eucalyptus 17,000 acres, Teak 15,000 acres, Sissoo 42,000 acres and other species 35,000 acres.

(See also under "Forests" for other particulars).

ROAD TRANSPORT CORPORATION

"Sultan Palace", Patna

The total fleet strength at the end of the Third Plan was 1,148 and the number of schedules was 845. The scheduled mileage was 1.02 lakhs. The corporation was to spend Rs. 87.26 lakhs in 1967-68 over strengthening the fleet and increasing schedules.

The Corporation serves 14 districts, 3 in North Bihar and 11 in South Bihar.

IRRIGATION

The water resources available and the present possibilities of utilising the same through various assured irrigation schemes in the three natural divisions of this State,

(i) South Bihar Plains; (ii) Chotanagpur and Santhal Parganas; and (iii) North Bihar, have been assessed on the basis of the rain-fall pattern and failure of crops and a master-plan of irrigation in Bihar has been prepared. The irrigation schemes aim at bringing 104 lakh acres of culturable land under assured irrigation.

Major and medium irrigation schemes are under the control of the Irrigation Department and the River Valley Projects Department.

By the end of Third Plan, total irrigation potential of 27.97 lakh acres was created from medium and State-owned major irrigation schemes against which the utilization was of the order of 26 lakh acres.

Due to the execution of the various irrigation schemes during the First and the Second Five Year Plan, 11 per cent of the total culturable land had been brought under assured irrigation.

By the end of the Third Five Year Plan period, about 5,00,000 acres of land had been reclaimed by drainage of chauras.

The Third Five Year Plan envisaged a total outlay of Rs. 12.82 crores over medium irrigation schemes besides major projects like the Kosi, the Gandak and the Sone Barrage. Four spill over schemes out of six and two new schemes out of nine taken up during the Third Plan for execution were completed during the Plan period. Third Plan expenditure was Rs. 12.71 crores.

In the flood control sector the Third Plan ceiling was to spend Rs. 2.20 crores over Flood Control Schemes excluding the Kosi Project and to protect an additional area of 3.50 lakh acres from ravages of floods. A sum of Rs. 3.17 crores had been spent during the Third Plan and an additional benefit of 3.62 lakh acres has been achieved.

Badua Dam : The Rs. 6.28 crore Badua Dam Project in Bhagalpur and Monghyr districts was completed by the end of the Third Plan.

The catchment area of the dam is a little over 185 sq. miles. Its reservoir would have a gross storage capacity of 1,04,000-acre feet of flood and rain water.

POWER

An initial provision of Rs. 79.55 crores including the sum of Rs. 20.04 crores earmarked for the power schemes of the D.V.C., was made in the Third Five Year Plan, against which the Bihar State Electricity Board spent Rs. 80.92 crores on its various schemes during the Third Plan period.

The major power generating schemes under execution of the Bihar State Electricity Board consist of (a) Patraru Thermal Power Station at Patraru in South Bihar (b) Barauni Thermal Power Station at Barauni in North Bihar, and (c) Subarnrekha Hydel Power station at Getalsud in south Bihar. The first two are already generating electricity. The progress of electrification up to the Third Plan is given below :—

Item	Achievement at the end of the First Plan	Achievement at the end of the Second Plan	Achievement at the end of the Third Plan
Diesel Stations (MW) ..	6,049	13,377	13,925
Thermal Stations (MW) ..	—	—	45.0
132 KV lines (in km) ..	—	—	964

Item	Achievement at the end of the First Plan	Achievement at the end of the Second Plan	Achievement at the end of the Third Plan
H. T. Lines (in km)	4,685	11,742	18,855
L. T. Lines (in km)	1,365	5,930	11,545
Substations:			
(i) grid substations (Capacity in MVA)	—	20	175.5
(ii) power substations (capacity in MVA) ..	12.5	105.95	218.70
Tubewells and surface wells energised ..	1,253	3,135	10,556
Towns and villages electrified	364	2,475	3,990

Patratu Thermal Power Station : In the first stage the Power Station will have an installed capacity of 400 MW consisting of four sets of 50 MW each and two sets of 100 MW each. In the second stage the capacity is to be augmented to 620 MW by addition of two sets of 110 MW each during the Fourth Plan period. Three sets of 50 MW each have already been commissioned. The total estimated cost of the 400 MW stage is Rs. 5,271.10 lakhs and for the extension Project is Rs. 3,700.00 lakhs.

Subarnrekha Hydel Power Station : The total installation will consist of two sets of 65 MW each. No sub-stational progress has been made except for investigation and design work. Work on intake structure has started. The scheme is expected to be completed in 1973-74. The estimated cost of this project is Rs. 1,290.00 lakhs.

Barauni Thermal Power Station : The total capacity envisaged under the scheme is 145 MW consisting of three sets of 15 MW each and two sets of 50 MW each. Three 15 MW sets have already been commissioned and the first 50 MW set is getting ready for being commissioned. The total estimated cost of the scheme is Rs. 1,914.00 lakhs.

Gandak Hydel Power Station : It is proposed to construct a power house with three sets of 5 MW each on the western canal of the Gandak Project. Civil work has commenced and detailed design is in progress. It is expected that the three units will be commissioned by 1970-71. The revised cost of the scheme is estimated at Rs. 517.90 lakhs.

Kosi Hydel Power Station : It will have four sets of 4.8 MW each. Civil works are complete and the erection of the power plant is in progress. The estimated cost of the schemes is Rs. 700.00 lakhs (revised). One set was likely to be commissioned by the middle of 1969.

Railway Electrification Scheme : With a view to augmenting the transportation capacity of the railways the programme of electrification of large sections of the S.E. Railway and the Eastern Railway was taken up. For supplying power to the various substations along the Rly. tracks, 160 miles of single circuit 132 KV line and 118 miles of double circuit 132 KV transmission lines and six stations were constructed. The work was completed during 1961-63. The cost of the scheme was Rs. 419.98 lakhs.

Maithon-Sultanganj Transmission Scheme : A 110 mile long 132 KV transmission line extending from Maithon to Sultanganj was constructed in 1961-62 in order to meet the demand for power in East Bihar region. Substations were also erected at Deoghar and Sultanganj during 1963-64. The revised cost of the scheme is put at Rs. 267.69 lakhs.

Transmission : For transmitting the electrical energy generated at Barauni, Patratu, Subarnrekha, Gandak and Kosi power stations, it is proposed to have a wide network of 220 KV and 132 KV transmission lines together with 220/132 KV and 132/33 KV grid substations at various load centres in the State. By the end of the Third Plan, 50 miles of 132 KV double circuit transmission line from Ramgarh to Hatia via Patratu and 70 miles of 132 KV double circuit transmission line connecting Barauni with Muzaffarpur were completed.

After the Third Plan, the Board has completed 132 KV single circuit line from Barauni to Purnea (120 miles), 132 KV single circuit line from Changil to Adityapur (10 miles) and commissioned 132/33 KV Grid Substations at Muzaffarpur, Hatia Karmnasa and Kendposi. A scheme to link up North and South Bihar at 132 KV by laying a cable over the Mokamah Bridge is in hand.

Rural Electrification : 3,990 villages and towns were electrified and 10,556 tubewells/surfacewells energised by the end of the Third Plan. A record number of 14,012 tubewells/surfacewells were energised during 1966-67 when there was widespread drought in the State. During 1967-68 also the Board energised 15,807 pumping sets in about 1,250 villages/towns. Thus the total number of pumping connections given upto March 1968 was 40,375.

Per Capita Consumption : The per capita consumption of electricity in Bihar increased from 41 units as at the end of the Second Plan to 60 units as at the end of the Third Plan.

LAND TENURE

At present all intermediary interests have been acquired by the Government. The Zamindari system in Bihar now stands completely abolished.

The Government has laid down a sliding scale for the assessment of compensation. Where the net income does not exceed Rs. 500, the compensation payable is twenty times the net income, and where the net income computed exceeds Rs. 1,00,000 it is payable at three times the amount subject to a minimum of Rs. 4 lakhs.

The total compensation is estimated at about Rs. 100 crores besides Rs. 51.25 crores payable as interest on the bonds. Of this, a sum of Rs. 15.79 crores in bonds, Rs. 7.53 crores by adjustment against Govt. dues and Rs. 7.76 lakhs in cash totalling Rs. 23.40 crores have been paid up to 1967-68.

Provision has also been made for ad-interim payment. A total sum of Rs. 19.64 crores has also been paid upto the period ending November 1968 on this account.

The assessment of compensation for mines and minerals has either to be fixed by agreement or by a tribunal appointed for the purpose.

As for funds to finance compensation, the proposal for Zamindari abolition in Bihar has been drawn up as a self-liquidating scheme.

The gross rental from the agricultural lands including cess, road cess and other miscellaneous demands in the State is about Rs. 9.53 crores, which is likely to increase further as a result of reclamation of waste lands and fixation of rent on unassessed lands.

During 1968-69 a provision of Rs. 2.47 crores had been made for relief purposes in case of natural calamity and distress and Rs. 60 lakhs towards distribution of loans. Out of this Rs. 50 lakhs have been spent to meet the committed liabilities in respect of Water Supply schemes undertaken during the drought of 1967. A team of officials of India Government have assessed the damages caused by October 1968 flood and have recommended to the Government to extend assistance to the State to the tune of Rs. 3,67,69,000 as grant and assistance of Rs. 1,36,98,000 as loan assistance to be spent on various relief measures.

A sum of Rs. 50 lakhs has been received as loan assistance from the Government of India.

COMMUNITY DEVELOPMENT AND PANCHAYATS

The Community Development Programme now extends over the entire State of Bihar. There are 587 blocks of which 131 are in Stage I while 175 and 281 are under Stages II and Post Stages II respectively. Besides the normal programme of all round development, special programmes like the Applied Nutrition and Rural Manpower schemes have also been implemented in 54 and 81 blocks respectively this year.

As in other States, the Panchayati Raj scheme in the State has also three tiers of local administration—Village Panchayats at the village level, Panchayat Samities at the Block level and Zilla Parishads at the district level. This Panchayati Raj Scheme is in force in three districts only of the State : Viz. Bhagalpur, Ranchi and Dhanbad.

CO-OPERATION

Figures as of June 1968.

Number of Co-operative Societies of all types—35,351 ; Membership—31.24 lakhs.

Types of Co-operative Societies and number of each type as on 30th June 1968.

Provincial and Central Co-operative Banks 29 ; other central societies 81 ; Co-operative Farming Societies (including Sarvodaya Samities) 339 ; Agricultural Credit Societies 16,500 ; Weavers' Co-operative Societies 1,166 ; Oilmen's Co-operative Societies 1,096 ; Fishermen Co-operative Societies 346 ; Co-operative Stores 600 ; Primary Marketing Societies 273 ; Salary Farmers' Co-operative Societies 263 ; Canegrowers Co-operative Societies 4,231 ; Milk Societies 218 ; Industrial Societies and other types of societies 10,209.

Weavers' Societies : No. of societies as on 30th June, 1968—1,166 ; value of goods produced Rs. 360.00 lakhs.

LIVESTOCK

According to the Livestock Census 1966, Bihar possesses the following livestock : Cattle 1,51,56,456 ; Buffaloes 36,54,364 ; Sheep 12,46,890 ; Goats 78,01,141 ; Pigs 6,46,248 ; Poultry 1,08,49,858 ; Horses and Ponies 1,15,828 ; Camels 122 ; Mules 1,519 ; Donkeys 32,810. Total livestock : 2,86,55,428.

Cattle Development : At present seven Govt. Cattle breeding farms and one Bull Rearing Farm are functioning in the State to produce improved bulls. In addition, 47 key village blocks, 10 large town A.I centres, 107 artificial insemination centres, 6 key village extension centres, three semen banks and two intensive cattle development blocks are functioning in the State for upgrading the local cattle, more milk yield and better draught performances. 208 improved bulls have been distributed in the Community Development Blocks for natural mating during 1966-67.

Piggery Development : For the development of pigs, a Piggery Development Unit and 15 Piggery Development Blocks are functioning. Besides, a Pig Breeding Farm-cum-Bacon Factory is being established at Kanke (Ranchi).

Sheep & Goat Development : Two sheep breeding farms are functioning in the State, one at Chatra and another at Gaya. Besides, 20 Sheep and Wool Extension Centres have been established for the production of quality wool and mutton. 49 rams and 308 bucks have been distributed in C. D. Blocks during 1966-67 for grading up the local sheep and goat respectively.

Poultry Development : For the development of poultry, birds of improved breeds are being introduced in the State through four range poultry farms, 21 poultry extension centres, 12 poultry development centres, 11 poultry farms at C. D. Block headquarters in the industrial belt, 92 poultry hatching and rearing centres, two intensive poultry development blocks and two intensive egg and poultry production cum marketing centres. A small poultry dressing plant has started functioning at Patna to meet the demand of dressed poultry meat and another is being established at Ranchi. 42,570 improved birds, 86,742 eggs, 60,777 day old chicks have been distributed in the State during the year 1966-67.

Disease control : 632 veterinary hospitals and dispensaries including 18 mobile veterinary dispensaries are functioning in the State.

Other Institutions : Bihar Veterinary College, Patna ; Veterinary College, Ranchi ; Livestock Research Station, Patna ; Animal Production Research Institute, Pusa ; Stockman Training Centre, Dumraon ; Extension Training Centre, Bhagalpur.

HEALTH SERVICES

The following particulars are for 1968-69 :

Allopathic hospitals 135 ; Allopathic dispensaries 895 ; Primary health centres 587 ; Beds in allopathic hospitals including primary health centres 13,466 ; Ayurvedic and Unani dispensaries 336 ; T. B. hospitals 1 ; Mental hospitals 2 ; Beds in T.B. hospitals 1,362 and in Mental hospitals 1,794.

Allopathic doctors 9,541 ; Nurses 752 ; Student Nurses 2,184 ; Lady Health Visitors 290 ; Dais/Nurse-Dais 2,650 (trained) ; Compounders 4,575 ; Ayurvedic and Unani doctors 336 ; Compounders in Government employment 691.

Number of Medical Colleges (Allopathic) 4 ; Dental Colleges 1. Annual intake of the medical colleges 630.

There is one Govt. T.B. sanatorium at Itki, two T.B. Demonstration Centres one at Patna and the other at Darbhanga, one Govt. Hospital at Koilwar, three private sanatoria, two at Ranchi and one at Dehri-on-Sone (Shahabad) and 28 T.B. clinics.

There is a leprosarium at Brambey near Ranchi with a provision of 150 beds. Two leper asylums one at Gaya and the other at Deoghar with bed capacity of 150 and 100 respectively are also functioning. The leprosy subsidiary centre at Monghyr with 30 beds is also functioning.

Under health schemes the programmes for the eradication of malaria and small-pox, and family planning have been intensified during the year 1968-69. During 1968-69, 587 primary health centres were functioning in the State.

LABOUR

Number of registered factories as on Dec. 31, 1967 : 14,136 ; number of workers employed : 2,51,727.

Number of employees covered by the Employees State Insurance Scheme as on March 31, 1968 : 63,500.

Number of Employment Exchanges during 1968 : 25 ; Employment Information and Assistance Bureaux 6 ; University Employment Information and Guidance Bureaux 4 ; Vacancies notified 36,816*.

25 welfare centres were opened till March, 1968 by the State Government to provide opportunities for cultural activities and sports and training in crafts for supplementing the industrial income.

HOUSING SCHEME

The progress of the various Housing Schemes since the inception of the Housing Department is given below :

Name of the scheme, provision, expenditure and physical achievement respectively are as follows. The provision and expenditure are given in rupees lakhs.

Subsidised Industrial Housing Scheme 145·27 ; 144·52 ; 3,307 ; Low-Income Group Housing Scheme 247·48 ; 245·59 ; 3,204 ; Slum Clearance Scheme 31·01 ; 25·56 ; 64 ; Middle-Income Group Housing Scheme 72·15 ; 54·80 ; 270* ; Land Acquisition and Development Scheme 38·65 ; 38·65 ; 250 acres of land acquired ; Housing Scheme for Scheduled Castes 24·51 ; 21·34 ; 32,319 ; Rental Housing Scheme † 12·20 ; 0·50 ; Housing Scheme for Scheduled Castes engaged in sweeping and scavenging etc. 0·57 ; 0·45 ; 48.

EDUCATION

The State Government provides free and compulsory primary education for all children of the age-group 6-11. At the end of 1965-66, there were 44,200 primary schools with 40·59 lakh pupils and 85,411 teachers. The number of pupils in the middle school, in the age-group of 11-14, was 7·22 lakhs. The number of high school attending pupils was 5·09 lakhs.

At the end of the Third Plan the percentage of the pupils in 6-11 age-group was 55·7.

POPULATION

(See article on "Population".)

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

BHAGALPUR UNIVERSITY

Bhagalpur.

Chancellor, Nityanand Kanungo ; *Vice-Chancellor*, Dr. Bisheshwar Prasad ; *Treasurer*, Satyendra Narayan Agrawal ; *Registrar*, Amarendra Narayan.

Bhagalpur University is a teaching and affiliating University.

The medium of instruction in all the non-language subjects for the Pre-University, 3-year Degree Course, B.A., B.Sc., B.Com., Examinations in Arts, Science and Commerce is Hindi provided that technical terms in English may be used for the present. The medium of instruction in non-language subjects for all other examinations is English.

Provision for teaching upto the Post-Graduate Standard exists in the following subjects:—(a) Hindi (b) Commerce (c) Rural Economics & Cooperation (d) Sociology (e) Labour and Social Welfare (f) Statistics (g) English (h) Political Science (i) Philosophy (j) Mathematics (k) Economics (l) History (m) Psychology (n) Physics (o) Chemistry (p) Botany (q) Zoology. There is also provision for research by scholars for doctorate degrees.

Number of Post-Graduate Departments : Arts 10, Science 6, Commerce 1.

Number of Colleges : *Constituent colleges* 3. *Affiliated* 44. Technical & Professional 5.

Number of students :—27,231 (Men 25,673, Women 1,558).

Budget Estimates (1967-68)

						Rs.
Income	1,01,96,192
Expenditure	1,15,04,155

Grant From The State Government (1966-67)

Recurring	Rs.	1,35,44,091
Non-Recurring	Rs.	18,74,546

UNIVERSITY OF BIHAR

Muzaffarpur.

Chancellor, Nityanand Kanungo ; *Vice-Chancellor*, Dr. P. S. Muhar ; *Treasurer*, Vacant ; *Registrar*, Dr. K. S. Varma.

The Bihar University is a teaching-cum-affiliating University.

Medium of instruction : Hindi upto Bachelor's degree in the Faculties of Arts, Science and Commerce.

Number of colleges affiliated : *Constituent Colleges* : 4 ; *Technical and Professional Colleges* : 6 ; *Affiliated Colleges* : 35.

Number of students : 41,640 (1966-67).

Income (1967-68 budget estimates) : Rs. 85,02,261 ; Expenditure Rs. 86,29,651.

MAGADH UNIVERSITY

Bodh Gaya

(Camp-Gaya, Bihar)

Nature : Teaching-cum-affiliating University.

Courses provided at present and Degree :—Pre-University Course in English, Hindi, Urdu and Bengali Composition. Principal Hindi, Urdu and Bengali, Sanskrit, Economics, Civics, Logic, Psychology, Pali, Persian, Geography, Domestic Science, Mathematics, Chemistry, Physics, and Zoology.

3 Year Degree Course in English, Hindi, Urdu, Bengali Composition. Principal Hindi, Urdu and Bengali, Sanskrit, Economics, Political Science, Philosophy, Psychology, Pali, Persian, Geography, Domestic Science, Mathematics, Chemistry, Physics, Geology, Biology, Botany and Zoology.

Honours Courses in English, Hindi, Urdu, Sanskrit, Economics, Political Science, Philosophy, Pali, Geography, Mathematics, History, Botany, Zoology, Chemistry, Physics & Psychology.

Technical Degree Course : B.V.Sc. and M.V.Sc. Courses in Veterinary Science.

Post-Graduate Course in English, Hindi, Economics, Mathematics, History, Philosophy, Physics, Chemistry, Botany, Zoology, Geography, Sanskrit and Prakrit, Political Science, Ancient Indian & Asian Studies, Applied Economics and Veterinary Science.

Courses in Law up to B. L. Degree : *University Departments and Constituent College* : Post-graduate departments in English, Hindi, Economics, Mathematics, History, Philosophy, Sanskrit and Prakrit, Political Science, Ancient Indian & Asian Studies, Applied Economics and Commerce, Geography, Physics, Chemistry, Botany and Zoology.

* As on 30th November, 1968.

† Started from 1961-62

Medium of Instruction :—English in Post-Graduate Classes and Hindi up to Degree Standard.

Number of Students : 21,195.

Chancellor, Governor of Bihar ; Vice-Chancellor, B. M. K. Sinha ; Registrar, K. P. Sinha.

KAMESHWARA SINGH DARBHANGA SANSKRIT UNIVERSITY

Darbhangha (Bihar).

Chancellor, Governor of Bihar ; Vice-Chancellor, Kumar Ganganand Sinha ; Registrar, Dr. S. Choudhary.

The University provides teaching in all branches of Sanskrit learning in both the Systems of Prachin and Navin from Madhyama upto Acharya Examinations (including Shiksha Shastri (B.Ed.) Acharya is the highest standard of teaching. Sanskrit is the official language of the University.

The subjects taught are :—Veda, Darshan, Vyakaran, Jyotish, Dharmashastra, Puran, Arthashastra, Sahitya and Ayurveda etc., etc. along with a comparative study of these with the advancement of modern allied subjects.

It provides higher researches in all the above mentioned branches of Sanskrit learning.

Number of Colleges : Government Colleges 4, Affiliated Colleges 32, Govt. Sanskrit High School 17, Affiliated High School 84 and Vidyalayas 300.

It awards degrees of Madhyama, Shastri, Acharya and Shiksha Shastri which are equivalent to B.A., M.A. and B.Ed. in the modern University and research degrees of Vidyavaridhi and Vidyavachaspati which are equivalent to the degrees of Ph.D. and D.Litt. respectively.

PATNA UNIVERSITY

Patna 5.

Chancellor, Governor of Bihar ; Vice-Chancellor, Dr. K. K. Datta ; Treasurer, Dr. R. K. Sinha ; Registrar, Sita Ram Prasad.

No. of Constituent Colleges : 10.

University Departments : Arts, Science, Medicine, Commerce, Education and Law.

Number of teachers in the University during 1966-67 : 700.

Number of students in the University (1967-68) : 12,346 (Men and Women).

The language of instruction and examination is Hindi in all undergraduate classes in the Faculties of Arts, Science and Commerce and Bachelor of Education examinations. Hindi or English is the medium of instruction in every subject other than languages for the Master's examinations in Arts, Commerce and Education. English is also the medium of instruction for the Master's degree in the Faculty of Science and all the examinations in the Faculties of Law, Engineering and Medicine.

Budget (Actual) : 1966-67

Income : Rs. 1,43,92,994. (This includes Recurring Rs. 1,03,24,861.41 and non-recurring Rs. 40,68,132.16.)

RANCHI UNIVERSITY

Ranchi

Chancellor, Governor of Bihar ; Vice-Chancellor, Col. A. F. Markham ; Treasurer : S. G. Minz ; Registrar, D. P. Varma.

The Ranchi University is a teaching-cum-affiliating University.

Medium of Instruction : Hindi upto Bachelor's degree in Arts, Science and Commerce. In the Honours and Post-graduate classes and rest of the Faculty the medium of instruction is English.

Number of Colleges affiliated : Constituent Colleges : Four ; Technical and Professional Colleges : Nine ; Other Affiliated Colleges : 26.

Number of students : 33,477 (1967-68).

Income : Rs. 1,41,94,557 (1967-68).

Expenditure : Rs. 1,49,20,006 (1967-68).

Grant from the State Government and U.G.C. Recurring Rs. 26,68,997 (1967-68). Non-recurring Rs. 26,75,403 (1967-68).

DELHI

AREA : 1,483.05 Sq. Kms. ; Pop. 35 Lakhs.

Delhi is a Union Territory. Has an elected Metropolitan Council consisting of 61 members including 5 nominated by the President of India.

The Lt. Governor is the Administrator who is assisted by 4 Executive Councillors (one Chief Executive Councillor and three Executive Councillors) appointed by the President of India on the recommendation of the Union Home Ministry.

The presiding officer of the Metropolitan Council is called Chairman of the Metropolitan Council.

The Union Territory has a High Court.

(Figures given below are the latest available.)

IMPORT OF ESSENTIAL ARTICLES

The following are the estimated quantities of certain selected commodities imported into Delhi Territory (monthly average in tonnes) for the calendar year 1966 :

Wheat 50,938 ; Gram 1,959 ; Rice 788, Pulses 1,027 ; Refined Sugar 8,325 ; Tea 360 ; Ghee, Cream and Butter 2,286 ; Dried Fruits and Nuts 4,357 ; Provisions 2,062 ; Spices 619 ; Steam Coal, Soft Coke and Hard Coke 1,00,233 ; Kerosene Oil ('000 litres) 9,505 ; Hides and Skins 372 ; Agra Stone 9,161 ; Cement 32,138 ; Chemicals 1,483 ; Face Cream etc. 22 ; Hair Oil 53 ; English Medicines 2,452 ; Soap 349 ; Shoe and Chappal, 212 ; Hardware and Cutlery 8,852 ; Photo Goods 123 ; Betel Leaves 56.

INDUSTRY

The main industries are : room coolers ; power presses ; electric motors ; amplifiers ; radio parts ; automobile accessories ; bicycle parts ; lathe machines ; drilling machines ; bicycle parts ; safety razor blades ; cotton mills ; hand and powerloom weaving ; hosiery ; pottery ; flour mills ; vegetable oil mills and expellers ; paints and varnishes ; rubber goods ; imitation jewellery ; copper and brass utensils ; wire netting ; sola hats ; leather goods, sports goods, tanning and fibre industry.

The total number of registered factories at the end of March 1967 was 5,542.

The total number of handlooms in Delhi is 1,000. The industry provides livelihood for about 5,000 persons, and the total production is estimated at Rs. 35 lakhs.

The prototype production-cum-training centre at Okhla Industrial Estate is an Indo-German venture. This will manufacture prototypes of machines and machine tools and train about 500 workers every year.

Industrial Estates

The Okhla Industrial Estate, seven miles south of Delhi is one of the biggest of its kind in Delhi. There are 35 factory sheds in Okhla Industrial Estate, Phase I and 45 factory sheds in the Okhla Industrial Estate, Phase II, 41 Sports Goods factories have also been set up at Okhla Industrial Estate. These factories are exclusively meant for sports goods factories. The items manufactured by the units in the Estate include amplifiers, radio parts, electric motors, room coolers, power presses, automobile accessories, bicycle parts, lathes, drilling machines, machine tools, safety razor blades, insulated wires and household and utility articles, sports goods and dolls etc.

In the Badli Industrial Estate set-up in the rural area, 7 sheds were constructed and occupied by the industrialists and are engaged in the manufacture of agricultural implements, stainless steel utensils, hospital equipment, time pieces, autoelectric cables, insulated cloth, processed nylon yarn and electrical iron clad switches.

Employment

According to 1965 figures there were 11,657 registrations (monthly averages) at the Regional Employment Exchange and 2,210 placings against 3,759 vacancies notified. The number of registrations on the live register at the close of 1965 was 76,993. The number of registrations for April 1966 was 9,296 and placings 1,997 against 3,767 vacancies notified. The total number of registrations at the end of the month was 73,018.

AGRICULTURE

Figures given below are for 1965-66 :

Total land : 365,598 acres ; area under forests : 3,497 acres ; area not available for cultivation : 1,45,892 acres ; other uncultivated land excluding fallow land : 6,794 acres ; fallow land : 11,183 acres ; net area sown : 1,98,232 acres ; total irrigated area : 95,258 acres.

Area in acres and production in tonnes respectively of each crop for the year 1966-67 are given below. Figures in brackets show production.

Rice 3,543 (987) ; Jowar 25,224 (3,244) ; Bajra 41,901 (1,100) ; Maize 3,761 (821) ; Wheat 80,920 (47,000) ; Barley 12,151 (1,173) ; Gram 27,885 (5,000) ; Sugarcane 7,815 (1,599) ; Chillies 876 (369) ; Oilseeds 2,033 (94) ; Cotton 699 (107) ; Tobacco 17 (15) ; Pulses 8,800 (1,240) ; Arhar 319 (48).

Land Reforms

The Delhi Land Reforms Act, 1954 provides for the abolition of proprietary rights and conferment of ownership on all tenants and subtenants from whom compensation would be recovered and paid to owners. Over 8,000 tenants of various categories have acquired Bhumidari rights in an area of about 38,000 acres.

The Delhi Land Reforms Act was amended in October 1956 to exclude areas controlled, notified, held, occupied or owned by the Delhi Improvement Trust from the purview of the Act.

The Delhi Land Reforms (Amendment) Act, 1959 removes some difficulties in the working of the Act and includes Improvement Trust areas excluded by the 1956 Act.

The Delhi Landholders (Ceiling) Bill passed in Aug. 1960, fixes the ceiling on land holdings at 30 standard acres for a family of five. Leases in future have been prohibited except by small owners holding less than eight standard acres and persons suffering from a disability. Future tenants will have a minimum term of five years. The maximum rent has been fixed at one-fifth of the gross produce.

Dairy, Poultry

It is estimated that there is one milch animal for every 52 or 53 persons. The annual average yield of a cow and buffalo comes to 14.41 quintals and 24.49 quintals respectively.

The annual average daily production of milk is estimated at 3,602 quintals.

According to the livestock census 1966, the total number of poultry stands at 1,37,398, out of which 8,241 are cocks ; 79,662 hen ; 47,597 chickens and 1,898 Ducks and other poultry. The number of improved amongst the fowls is 1,07,972 out of the total of 1,35,500 which reveals that improved varieties of fowls are becoming popular in the Union Territory of Delhi.

TRANSPORT

Delhi occupies a pivotal point in the network of national railways, highways and airways. It is one of the biggest railway junctions in the country. All the principal inter-State roads of significance converge on Delhi. It is also linked with important cities and foreign countries by air through its two airports, Willingdon and Palam.

The Delhi Transport Undertaking of the Delhi Municipal Corpn. has 880 buses operating on 56 routes. Total distance covered per day : 1,38,000 kilometres.

(See main article 'Roads' for more details.)

HEALTH

(Monthly Average 1964)

Birth rate 30.1 ; death rate 8.5 ; infant mortality per thousand live births : 73.0. Live births 7,442, still births 81.

Deaths : Caused by Small-pox 3 ; Dysentery and Diarrhoea 88 ; Respiratory diseases 395 and Injuries and suicides 59.

There are 35 hospitals and 87 dispensaries of the modern system of medicine, two Ayurvedic and Unani hospitals and 15 dispensaries and six Homœopathic dispensaries. The total bed strength is about 5,000.

EDUCATION

The number of recognised Higher Secondary Institutions during the year 1966-67 was 407 besides the 25 Special Schools (which prepare students for the Senior Cambridge Examination). Eleven New Govt. Higher Secondary Schools have been opened during 1967-68 in various parts of the Union Territory of Delhi including the rural areas.

The total expenditure incurred on education during the year ending 31st March, 1967 amounted to Rs. 8,81,74,610.

The number of all types of Institutions on General Education at Primary, Middle and Higher Secondary Stage was 1,860 during 1966-67 and the total enrolment in these schools was 731,091 in that year.

Out of 407 Higher Secondary Schools in Delhi during 1966-67, 246 were providing instructions in science subjects at the higher secondary stage. Since 1962, 18 text books have been nationalised in one or more than one edition.

COMMUNITY DEVELOPMENT

The village development scheme covers 277 villages. The entire rural area of Delhi is covered by the Panchayat Raj system. The Community Development Blocks presently comprise 277 villages. 194 Panchayats were functioning on 31st March 1967.

The total number of co-operative societies in the CD. Block areas on March 31, 1967 stood at 652 with a membership of 44,305 as against 679 societies with a membership of 44,260 during the previous year.

DELHI MUNICIPAL CORPORATION

The Delhi Municipal Corporation has 106 members including six aldermen.

An estimate of the party position including the six aldermen is as follows : Jan Sangh 56, Congress 41, Communists 2, Independents 4, S.S.P. 1, Republican 1, Vacant 1.

Mayor, Hansraj Gupta.

Deputy Mayor, Balraj Khanna.

Officials

Commissioner, R. N. Chopra, I.A.S.

Deputy Commissioners, J. N. Singh ; C. D. Bahri ; B. N. Seth.

Gen. Manager, Electricity Undertaking, J. M. Raina, I.A.S.; *General Manager, Delhi Transport Undertaking*, K. Kishore, I.A.S.; *Addl. Gen. Manager*, L. S. Titus, I.A.S., *Chief Engineer, Delhi Water Supply & Sewage Disposal Undertaking*, Balwant Singh.

Secretary, R. P. Parti.

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

DELHI UNIVERSITY

Delhi.

The University of Delhi is a teaching and affiliating University.

The University confers the following Degrees and Diplomas on students on passing the appropriate examinations :

Degrees : Ph.D. (Arts, Science, Law, Education, Medical Sciences and Social Sciences), M.A., M.Lib.Sc., M.Com., B.A. (Pass), B.Sc. (Hons.), B.Sc. (Pass), B.Com., M.Sc. (Home Science) in Rural Community Extension and Foods & Nutrition, M.Nursing, B.Sc. (Nursing) Hons., B.Sc. (Electrical, Mechanical & Civil) Engg., B.E. Tech., in Civil, Electrical & Mechanical Engg., B.Arch., M.Sc. in Civil Engg., M.B., B.S., M.Sc. in Medical Biochemistry (for non-medical students), M.D. (Physiology, Pharmacology, Bacteriology, Medical Biochemistry, Pathology, Anaesthesia, Paediatrics, Medicine, Obstetrics and Gynaecology), M.S. (Anatomy, Surgery, Ophthalmology, E.N.T.R., Orthopaedics), DSc., D.C.L., D.Litt. M.Litt. (Buddhist Studies, Linguistics, Hindi, Urdu and Sociology), B. Library Science.

Diplomas : D.T.C.D., Anaesthesia, Child Health, Radiation Med., Otolaryngology, Dermatology, Venereology, Med. Radio Diagnosis, Med. Radio Therapy, Obstetrics & Gynaecology, Dip. Lib. Sc., Dip. in Russian Language, Dip. in Hindi, Urdu, Punjabi, Modern Persian, Modern Arabic, Business Management & Industrial Administration, Post M.A. Dip. in Linguistics, Dip. in Hindustani and Karnatak Music, Dip. in French, German and Italian, Dip. in Pali Language, Occupational Psychology and Swahili, advanced Dip. in French & German.

Certificates : Cert. of Proficiency in Russian language, Cert. in German, Italian, Spanish, Swahili, Hansa, Tamil, Telugu, Kannada, Malayalam, Marathi, Gujarati, Hindi, Urdu, Bengali, Cert. in Translation (English-Hindi). Post-Diploma Translation Cert. in Russian, Cert. in Office Supervision, Cert. in Paleography (Urdu).

Medium of instruction : English.

No. of students (Aug. 1968) : 48,968 (including 20,619 women) ; Income (1967-68) : Rs. 1,32,35,796.80 ; Expenditure (1967-68) : Rs. 1,25,64,661.05.

Chancellor, Vacant ; *Pro-Chancellor*, M. Hidayatullah. *Vice-Chancellor*, Vacant ; *Pro-Vice-Chancellor*, Dr. R. C. Majumdar, *Registrar*, L. N. Welingkaar.

GOA, DAMAN AND DIU

CAPITAL : Panaji ; Area : 1,431 sq. miles (Goa 1,394 sq. miles ; Daman 22 sq. miles ; Diu 15 sq. miles). Pop. : 6,34,584 (1960 Census).

The Hindu population is estimated at 3,88,654 ; Catholics 2,30,997 ; Muslims 14,716.

All the three territories are situated practically within the areas covered by Maharashtra and Gujarat States. Goa is on the Konkan Coast ; Daman lies on the Gujarat coast at the entrance to the Gulf of Cambay ; and Diu is a tiny islet and along with the isolated spots, Gogola and Simbor, lies on the southern fringe of the Kathiawad peninsula.

The Goa region constitutes one district under the charge of a Collector, with headquarters in Panaji. The district is divided into two sub-divisions, namely, the north sub-division comprising Goa, Pernem, Bardez, Bicholim and Satari and the south sub-division comprising Ponda, Sanguem, Quepem, Salcete, Vasco and Canacona. The Daman region is also under the charge of a Collector while Diu is in charge of an Administrator.

Important towns : Panaji (Capital : Pop. 34,634) ; Margao (Principal business centre : Pop. 15,257) ; Mapuca (Pop. 8,260) ; Vasco da Gama (Pop. 6,254).

Other towns : Ponda, Pernem, Canacona, Quepem.

Rivers : Mandovi, Zuari, Terekhol, Chapora, Baga, Talpona, Sal and Galgibaga.

Ferries : Panaji—Betim (over Mandovi) ; Agacaim—Cortalim (over Zuari) ; Panaji—Aldona (over Mandovi) ; Dona Paula—Marmagoa (over Zuari).

HISTORIC AND RELIGIOUS PLACES

In Old Goa, about eight miles from Panaji, there are several convents, the most important among them being the Basilica of Bom Jesus, popularly known as the Church of St. Francis Xavier. The body of Goa's patron saint, Francis Xavier is kept there. Not far from this Church are the Cathedral Sé Convent built between 1562 and 1619, the Convent of St. Francis Assisi, completed in 1667. At Pilar, five miles from Panaji, is located the noted Pilar Seminary. The exposition of the Body of St. Francis Xavier was held at Bom Jesus Basilica in December 1964.

Ponda taluka is well-known for famous Hindu temples which house family deities of multitudes of Goans. Noted among these are the Mangesh Temple, a small but elegant

structure situated on the side of a hill at Priol with a majestic tower at its entrance, and the Shantadurga Temple at Quela, with a triple image of Vishnu, Shantadurga and Siva. At Bandora are located temples of Mahalakshmi and Nagesh.

HISTORIC DATES

These are given in the previous edition of the Directory.

INDUSTRIAL DEVELOPMENT

Since liberation about 362 Small-Scale Units manufacturing consumer and capital goods have been registered with the Department of Industries. In order to encourage establishment of Small-Scale Units many incentives like managerial subsidy, matching share capital to Industrial Co-operatives, loans on easy terms have been announced.

In order to overcome the difficulties of land and factory sheds the Industrial Development Corporation, set up in 1966, built up 30 sheds and developed plots in the Government Industrial Estate at Corlim presently given to prospective industrialists on lease basis. One more Industrial Estate at Margao is being developed and 15 constructed sheds will be allotted to industrialists soon.

In the large scale sector, 12 major projects have been licensed. These include textile mills, pig iron plants, pelletization plants, fertilizer project, brewery project etc. Total investment contemplated in these projects will be around Rs. 87.52 crores and will provide employment to about 6,000 people.

BANKS

State Bank of India has, since liberation, opened eight branches in Goa in the prominent cities like Panaji, Vasco, Margao and Mapusa. Some of them are located in the interior towns.

Other national Scheduled Banks have opened their branches all over Goa. Goa State Co-operative Bank also has opened four branches and five sub-branches in the Union Territory of Goa, Daman and Diu with its head office functioning at Panaji. Besides, several local Urban Banks are also operating in places like Mapusa and Panaji.

The Life Insurance Corporation of India operates in the Territory.

AGRICULTURE

Net area sown in Goa, Daman and Diu is 68,628, 3,636 and 362 hectares respectively. The food crops that are commonly grown include rice, nachini, and pulses. Vegetables of all types are grown as rainfed crop in Khariff and as irrigated crop in Rabi season. The main commercial fruit crops grown in Goa are coconut, cashewnut, betelnut (areca-nut) and mango. The other common fruits available in this Territory are pineapple, jackfruit, breadfruit, various types of citrus, papaya and bananas.

Mangoes and pineapples are canned in Goa and exported to the other parts of the country and also abroad. Pineapples are mostly utilised for canning industry.

In Goa rice is the predominant crop and occupies about 13 per cent of the cultivable area. The annual normal production of rice is about 50,000 to 60,000 M. tons and the consumption is estimated to be about 73,000 M. tons. In order to meet the deficit of 20,000 M. tons of rice, the Department of Agriculture introduced in 1966 for the first time high yielding varieties of paddy.

The area covered and the yield obtained are as under :—

Season/Year	Taichung	Additional yield obtained
Khariff 1966	3,100 acres	2,000 M. tons
Waingan 1966-67	2,929 acres	3,000 M. tons
Khariff 1967	9,500 acres	10,000 M. tons
Waingan 1967-68	11,775 acres	11,000 M. tons
Khariff 1968	14,200 acres	14,000 M. tons (expected)

Another high yielding variety of paddy introduced recently is I-R-8. This variety has been found more suitable for this tract, and is specially recommended during Khariff season. Taichung N-I is found more suitable during Waingan season.

In Daman also rice crop is grown mainly during Khariff season. Taichung was introduced there in Khariff 1966 in an area of 60 acres. During Khariff 1967 about 500 acres have been brought under cultivation. In Diu no rice crop is grown while bajra occupied about 1,000 acres out of 1,300 acres of cultivable area. In Rabi season, wheat crop is grown in Daman (500 acres) and Diu (100 acres).

Ragi (Nachini) is grown in Goa, in hilly areas, in an area of about 5,000 acres. Maize (hybrid) occupies about 250 acres, while groundnut, legumes and pulses cover together about 1,000 acres.

There is wide scope for sugarcane development in Goa. This crop covers about 800 to 900 acres of land and it is proposed to bring an additional area of 1,000 during the planting season of 1968-69 under new variety Co. 740. Due to this, jaggery production will go up from 70,000 lumps of jaggery to 1,40,000.

Tapioca is a subsidiary crop which is being popularised, especially in the coconut gardens.

Green manure crops such as Dhaincha, Gliricidia and Sunhemp, are widely used for manuring coconut trees.

Comunidades : A large part of the cultivable lands belongs to village communities, popularly known as comunidades which are a type of agricultural co-operatives. There are a number of such communities in each of the 11 administrative divisions—31 in Ilhas, 40 in Salcete, 39 in Bardez, 14 in Mormugao, 28 in Ponda, 21 in Bicholim, 24 in Quepem, 12 in Pernem, 7 in Sanguem, 2 in Satari and 7 in Canacona. The Land Reforms Commission has suggested in its report that their administration be turned over to Block Development officers.

MINERAL ORES

Goa has vast mineral wealth and abounds in scenic beauty. Export of manganese and iron ores is the backbone of Goa's economy and has been a valuable foreign exchange earner.

The main operational centres are Bicholim, Kudnem, Pali, Pailgao and Sirigao. There are as many as 431 mines producing manganese and ferromanganese ore and 326 producing iron ore. The mining method adopted in almost all the mines in Goa is open-cast and benching system. The usual percentage of iron content in these ores varies between 55 and 65. The high grade hematite ore containing about 68 per cent of iron and magnetite also occur in some places.

The manganese ore deposits found in Goa are Pyrolusite and Psilomelane. Most of these deposits occur in pocket formation and are mainly located in southern parts of Sanguem and Quepem talukas. Mines under exploration during 1967 : Iron ore 78 ; ferro-manganese 113 ; manganese : nil ; total 191.

Production during 1967 (metric tons): Iron ore 67,50,511; ferro-manganese 24,297; manganese 18,485.

Exports in metric tons during 1967: Iron Ore and black iron 69,53,253; Ferro-manganese 1,17,304; Manganese 1,17,292.

Mormugao harbour, one of the finest natural harbours in the country, is the main outlet for the ore and has a vast hinterland in Mysore and Maharashtra States, and plans are under way for extensive dredging of the harbour to develop it into a first rate port.

COTTAGE AND SMALL SCALE INDUSTRIES

Goa has very few cottage and small scale or even large industries. Some of these are: ornamented wood works (Cuncolim), cashew-nut peeling-packing factory (Bicholim), umbrella factories (Piedade and Margao), soap factories (Bicholim and Mapuca), handloom factory (Aldona), candle factory (Margao) and pottery works (Bicholim). A Small Industries Service Institute has been set up in Margao and Department of Industries has been attached to the Secretariat in Panaji for promoting projects for rapid industrialisation of the Territory.

A Handicraft Emporium has also been opened in Tourist Hostel, Panaji, where various handicraft articles are displayed for sale.

A capital outlay of Rs. 20 lakhs has been sanctioned for the rural development projects.

EDUCATION

Four Arts and Science Colleges, one Commerce College and one Secondary Teachers' Training College in Goa have been started by private societies since liberation. Govt. has also set up 1 Arts and Science College at Daman, since June 1966. A Polytechnic leading to diploma courses in civil, mechanical and electrical engineering has been started since June 1963. Also an engineering college providing facilities for degree courses in civil, mechanical and electrical engineering has started functioning since June 1967. The old Goa Medical School was upgraded into a Medical College providing facilities for M.B.B.S. course since June 1963. The School of Pharmacy was also upgraded into a Pharmacy College leading to the degree of B.Pharm. since July 1963.

Two Primary Teachers' Training Colleges are functioning in the Territory. One Foodcraft Centre has also started functioning at Alto de Porvorim, Bardez taluka.

Free and compulsory education has been introduced upto Standard IV in primary schools. Education is also made free in this Territory upto Standard VIII.

There were 842 Govt. and 65 non-Govt. Primary Schools, with a total enrolment of 86,201 students (Std. I to IV) during the year 1967-68.

The number of middle schools during 1967-68 was 240 which includes 39 non-Govt. middle schools. The total enrolment in all these middle schools was 33,979 students in Standards V to VII.

In the field of secondary education the Grant-in-aid Code has been introduced as per the pattern followed in Maharashtra State. There were 155 schools catering to the need of high school education during the year 1967-68 with a total enrolment of 20,713 students from Standards VIII to XI.

TRANSPORT AND COMMUNICATIONS

There is a direct train service between Vasco da Gama and Poona.

Mormugao, the chief port described as the "Gateway of Goa," is one of the major harbours on the west coast of India. It permits ocean-going vessels of various sizes from all parts of the world, but ships mainly from Japan, America and Europe call at the port to take cargo of iron and manganese ore. Coastal steamer services operate between Bombay and Panaji and Bombay and Mormugao. Road transport services between Panaji and Belgaum via Anmod, to and from Savantwadi via Doddamarg and between Betim and Poona and between Hubli and Panaji have also been introduced. Goa is criss-crossed by as many as half a dozen rivers and rivulets, and internal waterways are being developed fully for transport of men and goods. Bridges across Mandovi and Zuari rivers at Panaji and Cortalim have also been planned. A bridge across the Diu creek at Tad, about three miles from Diu, which links Diu with the mainland of India has been constructed.

The treacherous stretch of nearly 50 miles of road from Ponda to Anmod, including the treacherous ghat section, was repaired, widened and asphalted during the early part of 1963 in a record time of six months enabling speedier traffic on one of Goa's important road outlets connecting it with Belgaum.

There are at present 2,440.189 kilometres of roads in this Territory of which 1,203.650 kilometres are village roads. Nearly 50 per cent of Government roads have black-topped surface.

The West Coast Highway, linking Bombay with Cape Comorin, is expected to be completed shortly, as far as the Goa portion is concerned, to the extent of 140 kilometres.

Construction of a major bridge over Mandovi linking Panaji to Betim has been started and it is expected to be completed by the end of 1969.

Postal and telegraphic facilities: At present there are 123 post offices in Goa out of which, 53 are provided with telegraph facilities. All towns with more than 2,000 population are proposed to be covered with one post office each.

PRESS

Newspapers: *Dailies:* English 1, Marathi 2, Konkani 1, Portuguese 1; *Weeklies:* Konkani 2, Portuguese 2, English 1; *Fortnightly:* Konkani 1; *Monthlies:* English 2, Marathi 2; Portuguese 2, Konkani 1.

DAMAN

Total area 22.05 sq. miles; Population: 22,390 (1961 census), mostly of Gujarati extraction.

There are some very interesting historical relics here such as the old forts and a few surviving churches reminiscent of the old times.

DIU

About 150 miles to the north-west of Daman lies the tiny islet of Diu off the southern coast of Kathiawar. It is a small town separated from the mainland by a narrow arm of the sea. Dependent on it and surrounded by the territory of Junagadh is the enclave of Gogola and also the island and fort of Pani Cota in the bay of Simbor.

Diu is reached from Bombay by the Western Railway via Viramgam and Delwada. Access by sea is easier and more rapid but there is no harbour.

Area: 15 sq. miles. The population is 17,480 (1961 census).

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

DADRA AND NAGAR HAVELI

Headquarters :—Silvassa.

Administrator : Nakul Sen, I.C.S.; *Collector* : M. S. Dayal, I.A.S.; *Secretary* : N. M. Kamdar.

Area : 489 sq. kms. ; Population : 57,963 (29,524 Males, 28,439 Females as per 1961 census); Sex Ratio : 963 females per 1000 males; Density : 119 per sq. km; Literacy : 9.5 per cent.

The Union Territory of Dadra and Nagar Haveli is situated at 500 feet above mean sea level.

The major occupation of the population of this Territory is Agriculture. The rainfall for this Territory is 1,941.9 mms. spread over 69 days in 5 months. The judiciary of the Union Territory is under the jurisdiction of the Bombay High Court. The Varistha Panchayat which is the apex advisory body of the panchayat administration has 21 elected members.

FINANCE

During the year 1968-69, the Territory had a budget provision of Rs. 1,09.88 lakhs (Plan 34.95 lakhs; Non-Plan 37.05 lakhs, Centrally sponsored Schemes 37.88 lakhs).

AGRICULTURE

An area of 16,266 hectares is under food and non-food crops while the remaining area is under forest and grass. The major food crop is paddy. The area of paddy under intensive cultivation was 1,209 acres. The total quantity of improved seeds distributed is 36 tonnes of paddy and nine tonnes of wheat. The area under Rabi campaign is 308 acres (wheat). Importance is given to the development of fruit cultivation. There is one seed-cum-demonstration farm at Silvassa, whose area is 52.50 Acres.

FOREST

Forest occupies 43 per cent of the total area. During the year Teak and Khair species were planted in 20 hectares. Bamboo plantation was done in four hectares.

Six kms. of roadside were planted with Eucalyptus. There are two wet nurseries in this Territory.

CO-OPERATION

Two societies were registered during the year bringing the total number of co-operatives to 18 with 3,308 members. The administration has allotted plots to the Government Co-operative Housing Society. Financial assistance to the extent of Rs. 10,500 has been granted to the co-operative institutions during the year 1968-69 (up to November 1968).

EDUCATION

Twenty-one primary schools and one pre-primary school were opened during the year 1968-69. The total number of the schools at the end of 1968-69 was 129 and 4. The total enrolment has increased to 6,447 from 5,757. One Government High School was opened thereby increasing the No. to 4. The enrolment increased to 564 from 379. Post-Matric scholarships as well as lower income group scholarships to the extent of Rs. 8,210 were given to deserving candidates. There are two Adivasi Hostels, one at Silvassa for boys with 108 inmates and another at Khanvel for Girls with 17 inmates.

POWER

The total no. of villages electrified is 3. The number of consumers during the year 1967-68 was 623 (569 Domestic, 35 commercial, and 19 Agriculture).

INDUSTRIES

An industrial estate is rapidly coming up near Piparia, about 2 kms. from Silvassa. By now 94 units have been registered as small-scale units in the field of pesticides, chemicals, plastics, opticals, wood industry, automobile parts, manure mixtures, mineral products, aromatic chemicals and perfumes, engineering products, etc. There are also textile and processing units.

GUJARAT

CAPITAL : Ahmedabad.*

The State of Gujarat came into being on May 1, 1960.

Area : 187,091 sq. kilometres. Population : 20.63 million (1961 census). See "*Population*" for detailed 1961 census figures.

There are 19 Districts and 186 Talukas. The number of municipalities is 59 (including Ahmedabad Municipal Corporation).

Districts with headquarters in brackets are as follows :—

Ahmedabad (Ahmedabad), Baroda (Baroda), Banaskantha (Palanpur), Broach (Broach), Mehsana (Mehsana), Kaira (Kaira), Panch Mahals (Godhra), the Dangs (Ahwa), Surat (Surat), Sabarkantha (Himatnagar), Jamnagar (Jamnagar), Bhavnagar (Bhavnagar), Amreli (Amreli), Junagadh (Junagadh), Kutch (Bhuj), Rajkot (Rajkot), Surendranagar (Surendranagar), Bulsar (Bulsar), Gandhinagar (Ahmedabad).

Gujarat State has a unicameral legislature. The strength of the Legislative Assembly is 168. The State sends 11 members to the Rajya Sabha and 24 to the Lok Sabha.

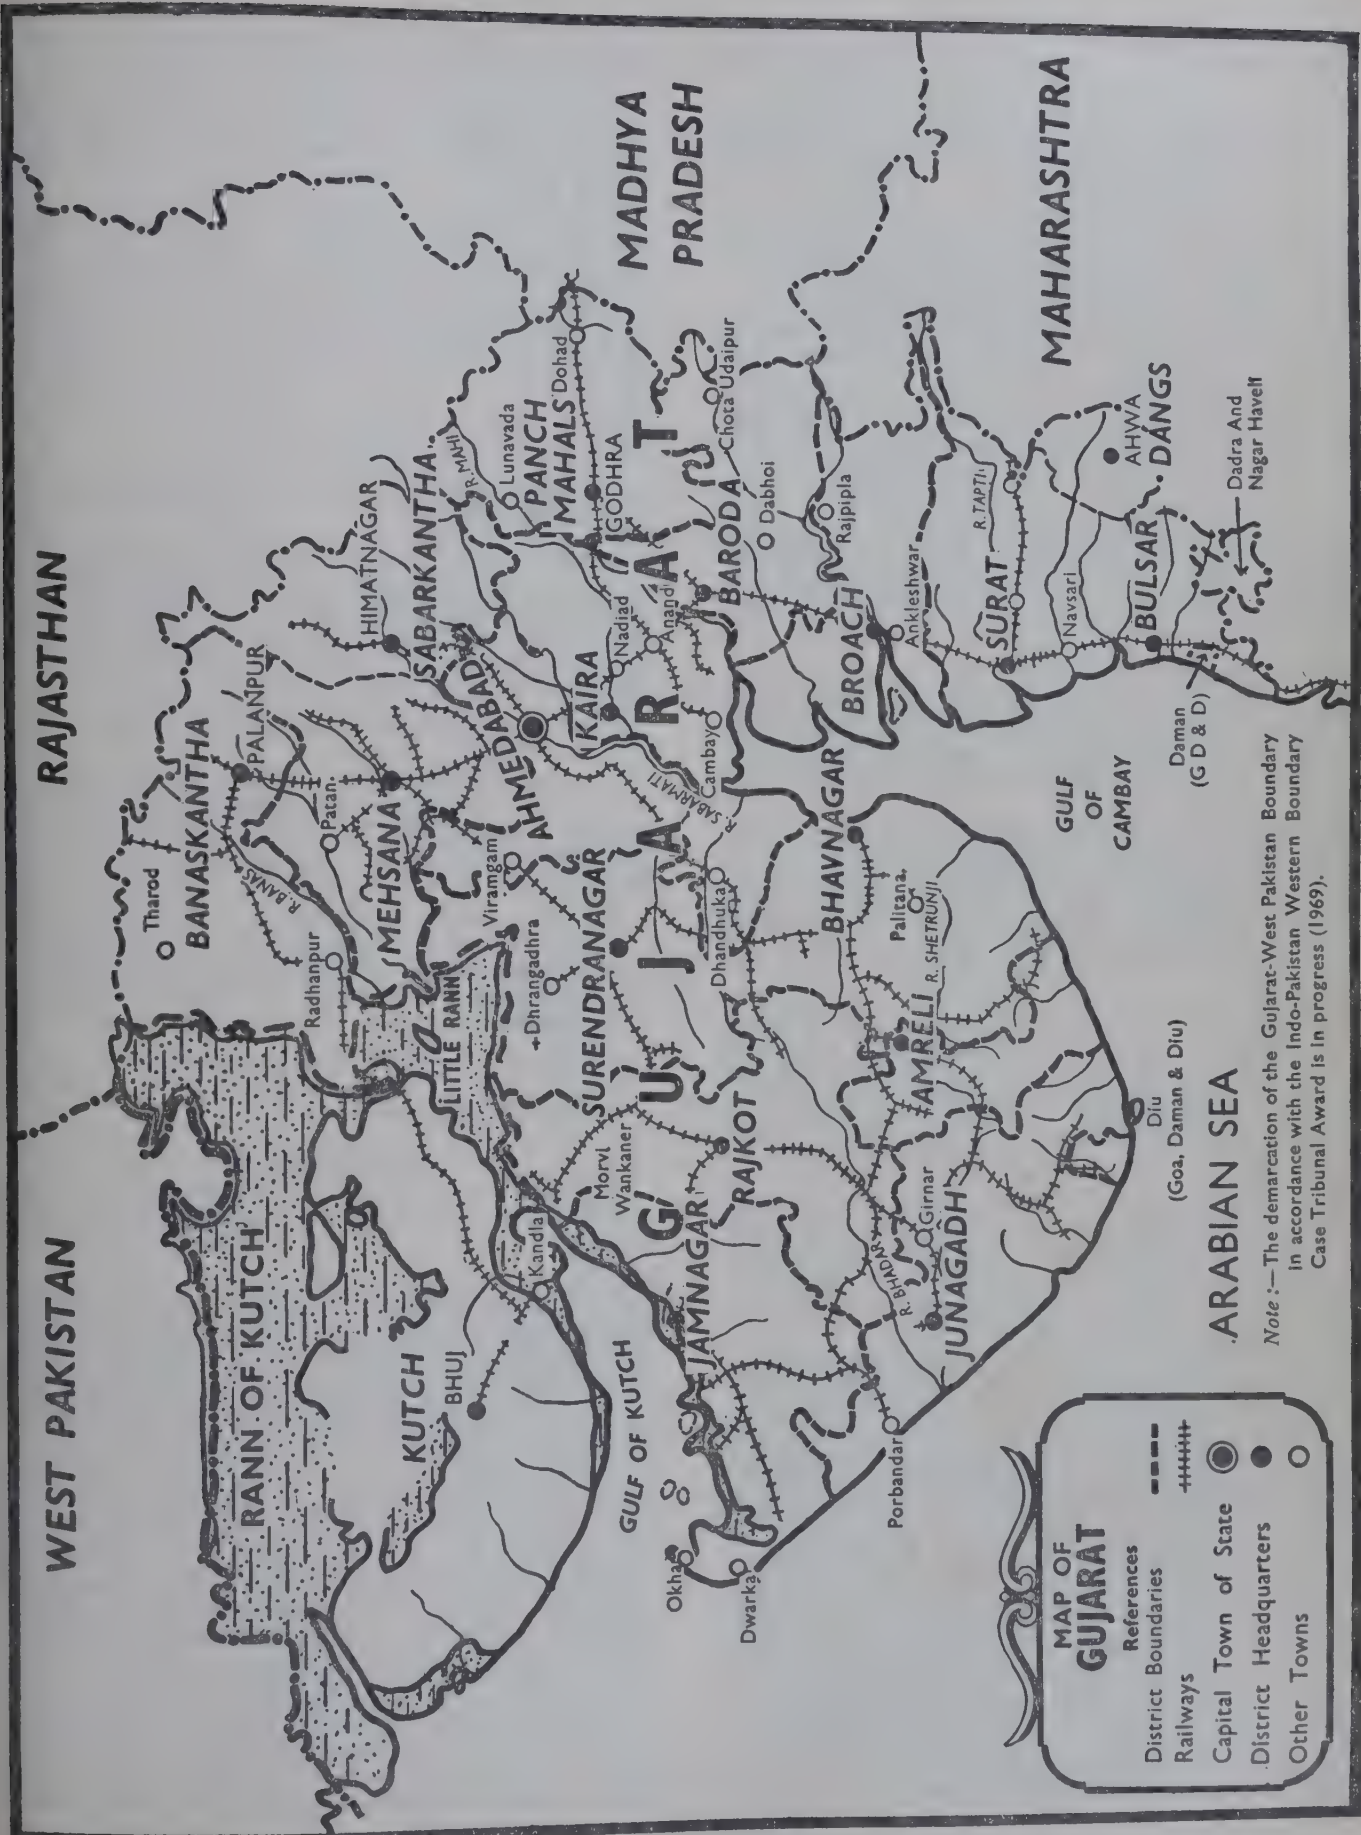

Though the State has fertile land it is deficit in food to the extent of 1.8 million tons a year. Its resources of industry and power are at the present time low. There is also a surprisingly high percentage of backward and Scheduled Classes and Scheduled Tribes. They constitute 93 per cent of the population of Dangs, 53 per cent in Surat, 38 per cent in Panch Mahals, 47 per cent in Broach and 27 per cent in Baroda. One bright feature is the existence of mineral oil in the Ankleshwar, Kalol and Cambay region.

Gujarati will be the language of administration, law courts and university, and Hindi for communication with the Union Government.

At current prices the per capita income in 1965-66 has been provisionally estimated at Rs. 416 compared with Rs. 430 for the Indian Union as a whole. The main source of income is agriculture.

State income for 1965-66 in Rs. crores : 968. Sector-wise distribution : Agriculture and allied activities 486; mining, manufacturing and small enterprises 219; commerce, transport, communications 130; other services 133.

* The Government is building a new capital of the State at Gandhinagar, 23 kms. north of Ahmedabad City on the west bank of the Sabarmati river. The project cost is estimated at Rs. 45 crores.

The land utilisation in the State shows that 52.1 per cent of the area is the net cultivated area. The percentage of barren and uncultivated land is 23.5 for 1964-65.

The percentage of area under barren and unculturable land is very high. This is partly because of extensive barren lands in Kutch. The State is rich in permanent pastures and grazing lands.

The main food grains are bajri, jawar, rice and wheat. Rice is grown chiefly in the south Gujarat districts of Kaira, Panch Mahals, Baroda and Surat; cereals are grown in the north Gujarat and Saurashtra Districts. Wheat is grown more especially in north Gujarat and to some extent in Saurashtra. The district of Panch Mahals is also noted for maize.

Among non-foodgrain crops, cotton, tobacco and groundnut are important. More than one-fifth of the area under cotton in the Indian Union is in this State.

The State has limited forest resources. The area occupied is about 9 per cent of the total geographical area of the State. The forest areas are concentrated mainly in Dangs, Junagadh, Panch Mahals, Baroda, Broach, Surat and Banaskantha Districts and to some extent in Jamnagar and Kutch.

The major forest produce are teak, bamboos, yellow wood, red wood, black wood, sandalwood, Khar, Simal, Dhumda, Dudhia, etc. Minor forest products are grass, honey, wax, colouring wood. Dangs has rich teak forests. The Gir forests in Saurashtra contain a lions' sanctuary, the only one in India.

The State has a total livestock population of 143.37 lakhs and poultry 23.24 lakhs. There is a high proportion of she-buffaloes over three years. The State is noted for its high yield of milk per head of cattle. Certain breeds like Kankrej and Gir are wellknown. The high milk yield generally contributes to the high production of milk and dairy products.

Banking facilities are better than in many other States; there were 561 offices of commercial banks located at 228 centres at the end of 1966-67. The co-operative banking offices numbered 381 and they cover 265 places. The deposits and bank credit of the commercial banks amounted to Rs. 296 crores and Rs. 146 crores at the end of 1966.

The Gujarat State Cooperative Land Development Bank Ltd., established in 1951, functions in the State through its 147 branches and 4 Primary Banks. The bank has advanced loans worth Rs. 10.5 crores during 1965-66 and has a membership of 5.03 lakhs at the end of 1965-66. The paid-up share capital was Rs. 3.28 crores.

Gujarat is rich in minerals like salt, limestone, manganese, gypsum, china clay, calcite, bauxite, etc. Large deposits of bauxite of very good grade are located in Saurashtra and Kutch. The reserves of bauxites in the State are of the order of 17 million tonnes. The fluorite deposit located near Chhotadepur in Baroda district is one of the largest in Asia and has reserves of the order of 11.6 million tonnes. Limestone reserved in the State runs into several thousand million tonnes, the best quality limestone being located in Saurashtra and Kutch. The State also has deposits of lignite, china clay and other clays, glass sand and quartz, dolomite, agate, calcite etc.

Oil and natural gas have been found in Ankleshwar, Kalol and Cambay oil fields where drilling is in progress. A refinery has been set up at Koyali in Baroda District.

The major industries of the State are textile (including ginning and pressing of cotton), general and electrical

engineering, vegetable oils, chemicals (including salt), soda ash and cement. The concentration of industry is most striking in Ahmedabad, Baroda and Surat.

The distribution would roughly be as follows:—textiles and its ancillaries in Ahmedabad, silver thread in Surat, cement at Porbandar, Dwarka and Sikka, chemicals around Baroda.

There are six industrial estates in the State and more are to be started shortly. Government has also decided to carry out pilot plant tests of certain minerals for industrial use.

The available power supply falls short of demand. At the end of 1966-67 only 2,279 villages were electrified by the State Electricity Board out of 19,017 villages in the State.

Road transport is not satisfactory for the State as a whole—14.7 kms. for 100 square kilometres of area or 113 kilometres for lakh of population.

Saurashtra has a net-work of railways. The Baroda area is also well-served.

There are 46 ports in Gujarat (one major, eight medium, 32 minor). The bigger ports with annual (1966-67) cargo handled:—Kandla (26.61 lakh tonnes), Okha (6.48 lakh tonnes), Bedi (3.66 lakh tonnes), Bhavnagar (7.73 lakh tonnes), Verawal (2.77 lakh tonnes), Sikka (2.37 lakh tonnes), Porbandar (2.61 lakh tonnes).

About education nearly 13.34 per cent of the population attends school.

There are six universities in Gujarat—the Gujarat University in Ahmedabad, the Maharaja Sayajirao University in Baroda, the Sardar Vallabhbhai Vidyapeeth in Vallabh-Vidyanagar, South Gujarat University, Saurashtra University and Ayurved University.

Each Government dispensary or hospital in the State serves about 18,000 of the population and each bed about 2,400. On an average about 8,540 persons register every month for employment. Out of this about 847 are placed in employment.

The Third Plan total revised outlay was Rs. 236.50 crores and the expenditure during the Plan period was about Rs. 240.19 crores.

PANCHAYATI RAJ

The three-tier Panchayati Raj system of democratic decentralisation started functioning with effect from 1st April 1963.

It has been accepted as the pattern of local development administration. At each level—village, taluka and district, there is a link between the administrative organisation and the elected representatives. Apart from carrying out the Municipal functions, Panchayati Raj institutions, are closely and actively involved in the very process of economic development and social advance.

Villages with a population under 10,000 have Gram Panchayats and with 10,000 to 20,000 have Nagar Panchayats. At present there are 11,864 Gram Panchayats and 55 Nagar Panchayats. They cover a rural population of 1.53 crores. Under the Act, 182 Taluka Panchayats and 17 District Panchayats have been established covering the whole State except Dangs and Gandhinagar Districts.

The distinctive features of the Panchayati Raj in Gujarat are as under: A single enactment creating organically linked autonomous statutory bodies at the three tiers; Though autonomous within its own sphere the Gram Panchayat is subordinate to respective District Panchayats; The creation of a powerful executive body at the district

level; The conferment of a special status on the Education Committee at district level; Statutory provision for a State Council for Panchayats to advise Government on all policy matters concerning Panchayats; Genuine transfer of powers, functions and duties in the development sphere within the district, along with requisite funds and staff; Built-in scheme for further devolution of powers and dispersal of authority; Transfer of certain regulatory revenue functions to the Panchayati Raj Bodies; Statutory assignment of 100 per cent land revenue to Panchayati Raj Bodies; Creation of non-lapsable funds for assisting weaker areas, encouraging taxation efforts and financing developmental activities; and Constitution of a Service Selection Board at the State level and District Selection Committees at the District level for recruitment and advice in service matters.

Village Volunteer Force

For the total mobilisation of both human and material resources for the defence effort the scheme of the Village Volunteer Force has been implemented throughout the State with effect from Jan. 26, 1963.

As an integral part of this scheme, Defence Labour Banks are being organised in every village. The total number of Defence Labour Banks organised upto August 1965 is 4,845. The bank is based on the donation of free labour at the minimum rate of one day per month from every able-bodied adult or monetary contribution in lieu.

BASIC FACTS AND FIGURES

No. of towns 181; no. of villages 19,017.

Land utilisation—in '000 Hectares for 1964-65: Area under forest 1,617; Barren and uncultivable land 4,366; Permanent pastures and grazing groves 1,004; Net area sown 9,661.

Their membership, share capital and loan operations can be seen from the table below :—

	Membership as on 30-6-1966 (in '000)	Share capital as on 30-6-1966 (Rs. in lakhs)	Loans advanced during 1965-66 (Rs. in lakhs)	Loans recovered during 1965-66 (Rs. in lakhs)	Loans out- standing as at the end of 1965-66 (Rs. in lakhs)
Agricultural Societies	1,538	2,243	5,849	5,226	5,126
Non-Agricultural Societies	1,007	1,265	4,354	3,566	3,672
Land Mortgage Banks	527	338	1,071	312	3,231
Central Banks	28	1,137	17,712	16,343	7,666

Joint-Stock Companies as in March 1966:—(Provisional). The first figure shows the number of companies, the second authorised capital and third paid-up capital in '000 Rs. Agricultural and allied activities 7; 3,800; 2,588; Mining and quarrying 16; 17,655; 9,288; Processing and manufacture of food, textile, leather and products thereof 238; 993,213; 414,314; Processing and manufacture of metals, chemicals and products thereof 264; 986,256; 339,365; Processing and manufacture not elsewhere classified 111; 251,455; 108,638; Construction and utilities 38; 50,213; 19,493; Commerce (Trade and Finance) 295; 337,215; 99,420; Transport, communications and storage 19; 39,355; 11,902; Community and business services 32; 6,132; 2,427; Personnel and other services 17; 31,000; 16,949; Total 1,037; 2,716,294; 1,024,384.

Medical Statistics for 1966:—No. of hospitals and dispensaries 1,273; no. of beds 11,092; no. of indoor patients treated 3,34,000; no. of outdoor patients treated 63,74,000; no. of doctors 1,492; no. of nurses 1,645.

Area and outturn of Principal Food and Non-Food Crops:—Area in '000 Hectares and outturn in '000 tonnes for 1967-68 final forecast (first figure shows area, second production): Rice 514; 464; Wheat 553; 700; Jowar 1,355; 401; Bajri 1,689; 1,115; All cereals 4,547; 3,110; Gram 41; 22; All pulses 421; 153; Total food-grains 4,968; 3,263.

Cotton 1,650; 1,537 ('000 bales); Groundnut 2,009; 1,458.

Net area irrigated—by sources in 1964-65. (The figures in '00 Hectares): Government canals 1,209; Private canals 12; Wells 6,997; Tanks 326; Other sources 293; Gross area irrigated 8,837.

Gross area irrigated by Crops in 1964-65 (The figures in '00 Hectares): Rice 909; Wheat 2,210; Jowar 479; Bajri 300; All food crops 5,958; Cotton 1,941; Groundnut 89; Tobacco 135; Total non-food crops 3,176; Total gross area irrigated 9,134.

Agricultural implements in 1966: Wooden ploughs 14,40,965; Iron ploughs 1,44,543; Carts 7,32,982.

Sugarcane crushers worked by power 2,100; Sugarcane crushers worked by bullocks 2,677; Oil engines with pumps for irrigation 112,428; Electric pumps for irrigation 14,729; Government tractors 222; Ghanis five seers and over 1,837; Ghanis less than five seers 1,332.

Livestock position in 1966 (The figures in lakhs): Total livestock population 143.38; Total Poultry 23.24; Buffaloes—Females over 3 years 18.20; Cows over 3 years 17.80.

Co-operation in 1965-66 (Number of societies): Agricultural societies 11,046; Non-agricultural societies 6,828; Land mortgage banks (including State Level Banks) 5; Central Banks (including State Banks) 20; Total 17,899.

There are four Govt. Medical Colleges in the State in addition to a Dental College. An outlay of Rs. 14.63 crores has been provided in the Fourth Plan.*

Educational Statistics for 1967-68 (Provisional): Below we give the number of institutions under each category and the students respectively. Primary Schools 21,000; 3,213,000; Secondary Schools 1,847; 6,90,000; Higher Secondary Schools 230; 1,10,000; Others 6,000; 200,000.

Electric Power: Installed capacity (provisional) in '000 Kw. as on 31-3-1966: 651; No. of places electrified by Gujarat Electricity Board as on 31-3-1968: 2,628.

Working Class (1961): The State has 84.74 lakh workers. They could be classified as follows (figures in lakhs): Cultivators 45.19; agricultural labourers 12.51; mining, quarrying etc. 1.05; household industry 5.55; construction 0.90; trade and commerce 4.12; transport, storage and communications 1.59; in manufacturing other than household industry 5.36; other services 8.47.

* As originally conceived.

Industries (as at the end of 1967):—No. of factories 4,861; employment 4.16 lakhs.

Information about number of working factories and average number of workers employed therein daily respectively under each category is given below:—

Textile 881; 201,353; food except beverages 672; 30,888; tobacco 224; 7,581; non-metallic mineral products except petroleum and coal 448; 28,320; processes allied to agriculture 452; 39,150; machinery except electrical 593; 25,186; transport equipment 180; 17,745; others 1,411; 68,434.

Mineral Production as in 1966. The gross value of production (in '000 Rs.) of certain minerals is given below.

Bauxite 1,518; Calcite 42; Chinaclay 1,295; Dolomite 913; Fireclay 260; Limestone 11,041; Quartz and Silica 136; Salt 35,343.

Employment Exchanges

During the year 1967-68, about 13,000 persons were placed in employment as against the total registration of 155,000.

Transport (Nationalised Motor Transport system—Statistics for 1967-68): Number of routes operated 3,873; Route kilometres covered 172,000; Average number of passengers carried per day 9.83 lakhs; Average daily traffic earnings Rs. 6.03 lakhs.

Number of motor vehicles on road as on 31-3-1968: Motor Cycles 23,920; Motor cars 22,932; Taxi cabs 1,118; Auto Rickshaws 3,686; Stage carriages 3,710; Private carriers 3,020; Public Carriers 9,884; Others 9,633.

Roads: Length of roads as on 31-3-1968: 27,450 kilometres.

Railways: Approximate mileage (31-3-1967) in kilometres: Broad Gauge 900; Metro Gauge 3,412; Narrow Gauge 1,141.

Village Panchayats (1966-67):—

Taluka Panchayats 182; Gram Panchayats 11,967; Nagar Panchayats 54; District Panchayats 17.

Community Development Programme 1967-68:—

Stage I blocks 81.00; Stage II blocks 45.00; MDP and T.D. Blocks 50.00; Population covered by C.D. & T.D. Blocks 1.83 crores.

The physical achievements in respect of the main items are as follows:—

Fertilizers distributed ('000 Quintal) 2,602; composite demonstrations held (Nos.) 13,594; additional area brought under irrigation ('000 Hectares) 151; drinking water wells constructed (Nos.) 1,251; drinking water wells renovated (Nos.) 1,727; adult education centres started (Nos.) 703; adults made literate (Nos.) 19,104; kacha roads constructed (kms.) 1,204.

Small Savings:—During 1967-68 the target for small savings was fixed at Rs. 12 crores against which the net collections amounted to Rs. 4.74 crores.

Housing: The total allocation for housing in Gujarat in the Third Plan was Rs. 1,039 lakhs. The allocation for the first three years was Rs. 391.07 lakhs, but the amount actually drawn was only Rs. 246.11 lakhs.

Consumer Price Index number (base 1960 = 100):—
(For Ahmedabad).

	1964	1965	1966	1967
Food	124	135	150	189
Fuel, lighting ..	112	120	126	132
Clothing	119	120	120	125
Housing	102	104	106	109
Miscellaneous ..	119	126	138	151

Index nos. of wholesale prices (base 1962 = 100):—
as in 1967.

Rice (medium) 314.7; wheat (medium) 191.7; Jowar 211.0; Bajri 208.8; Turdal 247.6; Groundnut oil 222.6; Gur 291.6; Sugar 130.1.

Small-Industries Corporation: This corporation was incorporated on March 26, 1962 and started functioning. The corporation is expected to give aid, counsel, assist and to promote the interests of small industries in the State by providing technical and managerial assistance, and procuring raw materials, machinery, equipment, tools etc. required by the small industries. Upto the end of 1965-66, 39 applications worth Rs. 6.25 lakhs were sanctioned out of which 32 units were supplied machinery to the tune of Rs. 4.31 lakhs.

ELECTRIC POWER PROJECTS

The position as at the end of 31st March, 1968 in respect of the entire power system under the Board's control was as follows:—

Gross fixed assets of the Electricity Board: Rs. 10,667 lakhs. Amount spent on electricity: Rs. 20,79 lakhs. Working expenditure: Rs. 1,166.41 lakhs. Particulars of installed generating capacity, maximum demand etc., are given below:—

1. Installed Generating Capacity (M.W.): (a) Thermal 384.500; (b) Diesel 38.811; Total 424.311.
2. Firm Generating Capacity (M.W.): (a) Thermal 287.000; (b) Diesel 26.094; Total 313.094.
3. Maximum Demand (M.W.): 316.90 (coincident).
4. Units Generated and or Purchased (KWH \times 10): (a) By Thermal Power Station 1,668.1; (b) By Diesel Stations 22.0; (c) Bulk Purchase 143.1.
5. Units Sold (KWH \times 10): 1,403.72.
6. Auxiliary consumption (KWH \times 10) and Purchase respectively: 149.3 (8.15).
7. Transmission Losses (KWH \times 10) and Percentage respectively: 280.18 (15.30).
8. Connected load (MW): 751.
9. Consumers served (No.): (a) Agricultural 34,738; (b) Total 5,07,903.
10. Transmission lines — (11 KV and above) (Circuit KM): 22,991.
11. Distribution lines: 14,208.
12. Transformer Capacity (MVA): 2,259.
13. Towns and Villages electrified (No.): 2,628.

IRRIGATION PROJECTS

Over Rs. 1,700 lakhs have been allocated for irrigation schemes in Gujarat for the year 1968-69.

Below we give a table in which are shown irrigation projects under construction :—

Name of Project	Estimated cost (in lakhs of Rs.)	Area likely to be irrigated on completion (Acres)
1	2	3
1. Ukai (under revision) ..	6,120.02	3,91,650
		In addition it will assure irrigation to 5,62,250 acres of Kakrapar.
2. Kadana ..	1,790.76	40,905
		In addition it assures irrigation to 6,39,600 acres under the command of Mahi Right Bank Canal Project Stage I.
3. Narmada* ..	4,141.43	9,97,500
4. Kakrapar ..	1,857.00	5,62,250
5. Mahi Right Bank Canal Project Stage I	2,456.83	4,60,000
6. Dantiwada ..	1,087.94	1,10,000
7. Hathmati ..	544.58	92,900
		Including 47,800 acres of land under the existing canal system.
8. Meshwa ..	314.33	59,050
9. Saraswati (under revision).	131.53	16,600
10. Shetrunji (Palitana) ..	696.00	86,000
11. Bhadar ..	417.29	42,400
12. Shetrunji (Khodiar) ..	190.88	19,000
13. Machhu II ..	213.88	19,000
14. Sabarmati (Dharoi) ..	1,742.00	1,18,600†

* Final decision on the scope of the project is pending.

† In addition it will assure irrigation to 70,000 acres under the Fatewadi canal system.

Ukai Project

The project envisages the construction of a reservoir on river Tapi at Ukai in Surat district at an estimated cost of Rs. 6,120.02 lakhs (presently under revision) to irrigate 3,91,650 acres of land in Surat and Broach districts. In addition 5,62,250 acres, at present under Kakrapar canals, will get assured supply of water.

Besides, 27,800 acres under command of Ukai canal and 56,200 acres under Kakrapar system will receive perennial irrigation. It also provides for generation of installed power of 1,30,000 kW. at 60 per cent load factor.

The works on the project have now gathered full momentum.

Expenditure at the end of March 1968 was Rs. 28.58 crores. Budget provision for the year 1968-69 was Rs. 10.72 crores under irrigation sector and Rs. 1.50 crores under power sector.

Kadana Project (Mahi Stage-II)

The project envisages the construction of a reservoir on the Mahi river near Kadana village of Santrampur taluka in the Panch Mahals District at an estimated cost of Rs. 1,790.76 lakhs. The catchment area of the site is 9,840 sq. miles. A direct canal from the reservoir will irrigate 40,905 acres of land in the Panch Mahals district. The storage will also provide assured water to 6.39 lakh acres in the command of Mahi Stage I project.

It is also proposed to generate hydro-power from the irrigation releases. A hydro-power project estimated to cost Rs. 5.16 crores is submitted to C.W. & P.C.

Expenditure to the end of March 1968 was Rs. 1.50 crores. Budget provision for the year 1968-69 was Rs. 1.29 crores.

Narmada Project

The first stage sanctioned for Rs. 4,141.43 lakhs envisages construction of a dam across the river near the village Navagam in Rajpipla taluka of the Broach District with canal system to irrigate an area of 9,97,500 acres of the Broach and the Baroda districts. The Committee appointed by the Government of India in 1964 under the chairmanship of Dr. A. N. Khosala has recommended F.R.L. 500 for the Navagam Dam, irrigation of 45.81 lakh acres in Gujarat and 1 lakh acres in Rajasthan and installation of generating units of 1,000 M.W. and 240 M.W. in the river bed and canal power houses respectively. Pending the final decision on the scope of Narmada Project, only preliminary works are in progress.

Expenditure to the end of March 1968 was Rs. 4.45 crores. The budget provision for 1968-69 was Rs. 18.98 lakhs.

GUJARAT HOUSING BOARD

The Housing programme of the Gujarat Housing Board for the year 1967-68 provided the target and allocation of fund for each scheme as under :—

1. *Subsidised Industrial Housing Scheme* : A loan of Rs. 7.00 lakhs had been sanctioned to complete 1,500 tenements which were in progress and to commence work on 2,236 tenements in various cities and towns of Gujarat.

2. *Low Income Group Housing Scheme* : A loan of Rs. 26.00 had been sanctioned to complete 2,044 tenements in progress and to commence work on 2,644 tenements in various cities and towns of Gujarat.

3. *Middle Income Group Housing Scheme* : To complete 392 tenements in progress and to commence work on 321 tenements in various cities and towns of Gujarat, a loan of Rs. 25.00 lakhs had been sanctioned.

4. *Land Acquisition & Development Scheme* : No loan had been sanctioned for this year to acquire and develop lands in various cities and towns.

The table below shows the achievements made by the Gujarat Housing Board till the end of March, 1968. This covers the houses constructed by the erstwhile Bombay Housing Board in Gujarat region and by the ex-Saurashtra Housing Board in Saurashtra region :

(Rs. in lakhs)

Scheme	No. of tenements completed upto March, 1968	No. of tenements under construction	Expenditure upto end of March, 1968
S.I.H.S.	19,740	150	688.56
L.I.G.H.S.	1,798	904	184.91
M.I.G.H.S.	362	282	99.68
Land Acquisition & Dev. Scheme.	A G 242 10	Many sites under acquisition.	40.15
ESI Scheme on behalf of ESI Corporation	32 Dispensaries.	5 Dispensaries, 2 Hospitals, Diagnostic Centre etc.	190.10

Number of tenements distributed during 1965-66 : Subsidised industrial housing scheme 17,552 ; Low income group 676 ; Middle income group 120 ; Houses at Anjar for earthquake sufferers 344 ; Total 18,692.

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

AHMEDABAD DISTRICT*

Headquarters : Ahmedabad. (Provisional Capital of Gujarat).

Talukas or Mahals : Deskroi, Dhandhuka, Dholka, Dehgam, Viramgam, City Taluka Sanand.

The District as a whole is open and poorly wooded. The chief trees are mango, rayan, mahua and nim. Many of the trees and shrubs supply food, medicines and material for dyeing and tanning.

The rainfall varies but slightly between the central portions of the District and the outlying tracts. The annual rainfall averages about 30 inches.

The Chief food crops are wheat, jowar and bajra and the chief money crop, cotton. The best rice is grown in Daskroi and the next best in Sanand and Dholka.

Ahmedabad city which is the second biggest textile centre in India is the only large industrial area in the District. The number of textile mills and factories is about 150 including about 72 textile mills. Ahmedabad is also a centre of railway communications. Ahmedabad has also a number of archaeological landmarks and an international diversionary airport.

The population of Ahmedabad City according to the 1961 census is 11·5 lakhs.

AHMEDABAD MUNICIPAL CORPORATION

Mayor : Dr. Somabhai C. Desai.

Dy. Mayor : N. P. Shaikh.

ADMINISTRATIVE PERSONNEL

Municipal Commissioner : P. B. Mehta, I.A.S.

Deputy Municipal Commissioners : N. H. Thacker, M.Com., LL.M. and M. A. Panchal.

Municipal Secretary : N. M. Desai.

Budget 1967-68

Revenue Receipt : Rs. 9,66,06,734 ; *Expenditure* : Rs. 9,43,10,759 ; *Outlay on works* : Rs. 4,78,07,000.

GUJARAT UNIVERSITY

(Ahmedabad 9)

(Total Affiliated Colleges : 103)

Chancellor : Shriman Narayan.

Vice-Chancellor : U. J. Joshi, M.A.

Registrar : K. C. Parikh.

Budget 1967-68

Income : Rs. 77,40,550 (Recurring), Rs. 2,58,246 (Non-recurring).

Expenditure : Rs. 86,09,500 (Recurring), Rs. 2,92,000 (Non-recurring).

Total number of students on the rolls of the colleges and recognised institutions (1966-67) : 56,086.

Number of External students registered (1966-67) : 8,313.

AMRELI DISTRICT*

Headquarters : Amreli.

Talukas and Mahals : Amreli, Kodinar, Dhari, Khambha, Jafrabad, Rajula, Lilia, Lathi, Kunkavav, Vadia, Babra.

The District is level country broken only by Gir Hills in

the Dhari Taluka. The average yearly rainfall is between 23 to 25 inches.

The Okha Port in Amreli District is one of the best deep sea ports in India. In Okhamandal Taluka, Port Okha, Mithapur and Dwarka have become industrial centres.

BANASKANTHA DISTRICT*

Headquarters : Palanpur.

Talukas and Mahals : Palanpur, Deesa, Dhanera, Vadgam, Tharad, Wav, Deodar, Kanlerj, Danta, Radhanpur, Shanthalpur.

BARODA DISTRICT*

Headquarters : Baroda.

Talukas and Mahals :—Baroda, Savli, Waghodia, Padra, Karjan, Sinor, Dabhoi, Sankheda, Naswadi, Chhota-Udepur, Jabugam, Tilakwada.

Geological experts of the Oil and Natural Gas Commission of the Govt. of India are prospecting for oil in Baroda. Oil and Natural gas workshop has been located

at Baroda at a cost of Rs. 2 crores. Gujarat Refinery with a capacity of 3 million tons is being set up in this District. Second unit of a million tons capacity is expected to start production shortly. At present 3,300 tons of oil is sent to Bombay Refineries daily.

Ankleshwar gas will be made available to Baroda industries and domestic consumption soon.

* See article on "Population" for area and population figures.

The District as a whole has not less than 1,635 primary schools, 135 secondary schools, 800 libraries, 300 gymnasiums and welfare associations.

The annual rainfall averages about 30 inches. The chief food crops are wheat, jowar, bajra, pulses, kodra, bawta, maize. Rice is now grown extensively interspaced with cotton.

Baroda, the headquarters of the District is fully modernised. The District is also well advanced in industry. In recent years a number of factories, big and small have sprung up. It is also the Headquarters of Oil & Natural Gas Commission Establishment in Gujarat.

Among the large medical institutions the most important is the Shri Sayajirao State General Hospital in Baroda city. There is also the Shri Jamnaba Hospital run by the Government. A new Hospital at a cost of Rs. one

crore is under construction. Shri Padmavatibai Tuberculosis Hospital and Sanatorium is located some 8 miles from Baroda city.

MAHARAJA SAYAJIRAO UNIVERSITY OF BARODA Baroda 2.

Budget for the year 1968-69 :

Estimated Income : Rs. 1,11,72,140 including Government of Gujarat grant of Rs. 53,93,312. *Estimated expenditure :* Rs. 1,43,84,915.

Chancellor : His Highness Shrimant Fatesinh Gaekwad, Maharaja of Baroda.

Vice-Chancellor : Dr. C. S. Patel.

Pro-Vice-Chancellor : Prof. P. J. Madan.

Registrar : B. K. Zutshi.

BHAVNAGAR DISTRICT*

Headquarters : Bhavnagar.

Talukas : Bhavnagar, Botad, Gadhada, Kundla, Mahuva, Palitana, Sihor, Talaja, Datha, Umralla, Vallabhipur, Gariadhar, Gogho.

The port of Bhavnagar is well-equipped, and it is one of the main trading centres of the area.

The main crops are bajra, jawar, oilseeds, rice, cotton and wheat.

BROACH DISTRICT*

Headquarters : Broach. *Sub-Division :* Rajpipla.

Talukas and Mahals : Broach, Vagra, Amod, Jambusar, Ankleshwar, Hansot, Nandod, Jhaghadia, Valia, Dediapada, Sagbara.

The language spoken is Gujarati.

BULSAR DISTRICT

Population: 1,042,561. *Headquarters:* Bulsar, Bulsar City. *Talukas :* Navsari ; Chikhli ; Bansda ; Bulsar ; Dharampur ; Pardi and Umbergaon.

Mahals : Gandevi Mahal.

Bulsar is a "BAGAYAT" district famous for its fruit gardens especially as "Mango" producing centre. Its

importance has increased due to the establishment of Atul Products at the foot of the Parnera Hills, near Bulsar. On the other side of the Town is situated 'Tithal' on seashore a place for Holiday Home. The new district can also boast of having one sugar factory at Gandevi.

DANGS DISTRICT*

Headquarters : Ahwa.

Taluka : Dangs.

The language spoken by the Dangis is called Dangi.

The District contains some of the richest forests in Gujarat State, which form the principal source of revenue. Dangs teak is considered as one of the best varieties of Indian teak.

JAMNAGAR DISTRICT*

Headquarters : Jamnagar.

Talukas : Jamnagar, Dhrol, Kalavad, Khambalia, Jamjodhpur, Bhanvad, Jodia, Kalyanpur, Lalpur, Okhamandal.

There are seven towns and 656 villages in the District.

People live mainly on agriculture. Including both cultivated and waste land the District has an area of 21,97,674

acres. The average rainfall is 20" to 22". Potato is cultivated on a large scale in the district.

The main small industries are the manufacture of agricultural implements, brass and copper vessels, the making of baskets, the manufacture of tiles, lime, oil crushing, handlooms, salt, the keeping of poultry.

Sikka, Bedi and Rosy are the three ports of the district. Sikka is known for its cement industry.

* See article on "Population" for area and population figures.

JUNAGADH DISTRICT*

Headquarters : Junagadh.

Talukas and Petas : Bhesan, Junagadh, Keshod, Kutiyana, Malia, Manavadar, Mangrol, Mendarda, Patan, Porbandar, Ranavav, Talala, Una, Vanthali, Visavadar.

Agricultural land under paddy, jawar, bajra, wheat, groundnut and cotton is 14,09,400 acres in extent.

Junagadh is well-known because of the lions in the Gir forests. This is the only place in Asia where lions are found.

Porbandar and Veraval are the two important ports in the district.

The main industries of the district consist of cement, ginning and pressing, oil, etc. New industries like soda-ash and rayon are coming up.

KAIRA DISTRICT*

Headquarters : Kaira (Revenue), Nadiad (Judicial).

Talukas and Mahals : Matar, Mehmedabad, Nadiad, Kapadvanj, Anand, Borsad, Thasra, Balasinor, Cambay, Petlad.

The language spoken is Gujarati.

Tobacco is grown in Kaira District while at Sevalia in the Thasra, the A.C.C. has a cement factory. The Government of India have opened a tobacco research institute at Anand.

There is an Infant Food & Cheese Plant at Anand run by the Kaira Dt. Co-op. Milk Producers' Union Ltd.

SARDAR PATEL UNIVERSITY

Vallabh Vidyanagar, W. Rly. (Gujarat).

The Sardar Patel University is a teaching and affiliating University in a rural setting with the object of accelerating the process of regeneration of villages by the application of modern Arts, Sciences and Technology to rural requirements.

Constituent Colleges : 14.

Post-graduate Departments : 14.

Chancellor : Shriman Narayan, Governor of Gujarat.

Vice-Chancellor : I. J. Patel.

Registrar : K. A. Amin.

KUTCH DISTRICT*

Headquarters : Bhuj.

Talukas and Mahals : Bhuj, Mandvi, Mundra, Anjar, Rahpar, Bhachau, Nakhatrana, Lakhpat, Abdassa, Khavda and Khadir.

Kutch is a semi-arid region. Rainfall is very irregular and scanty. Sub-soil waters in 70 per cent of the area are saline.

Agriculture : There is a fair proportion of good cultivable land in Kutch, the principal crops being bajra, jawar, wheat, barley, cotton and pulses. The cultivation of groundnuts is also increasing day by day.

The whole Dist. is covered under the Community Development Programme.

Position of the road mileage at the end of the Third Five Year Plan period : Total mileage 1,178 ; National Highways 47 miles, State Highways 311 miles, Major District Roads 432 miles, other District Roads 306 miles and village approach roads 82 miles.

The District is rich in gypsum, clays and limestone, and has large deposits of lignite, bauxite and ochres.

Kutchis are an enterprising and seafaring people. Over six lakhs of Kutchis are distributed in principal cities of India and over 15,000 are abroad.

The main items of export are salt, cotton, wool, castor seeds, bones, hides, skins and fish. The main items of import are foodgrains, oil seeds, cloth, condiments, etc.

Education : There are 39 High Schools and 686 primary schools. There are also two Basic Training colleges for primary teachers and a school for the deaf and dumb. There are 3 colleges at Bhuj, Adipur and Mandvi.

Health : Free medical relief is available in the district. There are 24 hospitals, 57 dispensaries, 9 primary health centres, one T.B. sanatorium, 3 T.B. clinics, one mental hospital, one laboratory and two eye hospitals. There are also 21 private hospitals and dispensaries.

Transport : 447 villages and towns are served by Road Transport Corporation on 11 different routes covering a route mileage of 3,897 miles a day. The length of railway line passing through the district is 202.13 K. metres.

Kandla is a major port. Minor ports are Mandvi, Mundra, Jakhau, Lakhpat and Koteswar.

The new townships of Gandhidham and Adipur have been established near Kandla to resettle the displaced persons from West Pakistan. One Industrial Estate is also organised near Gandhidham.

MEHSANA DISTRICT*

Headquarters : Mehsana.

Talukas and Mahals : Patan, Chanasma, Sidhpur, Mehsana, Kheralu, Visnagar, Kalol, Vijapur, Kadi, Sami, Harij.

PANCH MAHALS DISTRICT*

Headquarters : Godhra.

Talukas and Mahals : Godhra, Dohad, Kalol, Halol, Jhalod, Deogad-Baria, Limkheda, Santrampur, Lunavada and Shehera Talukas, and Jambughoda Mahal.

The total area under agriculture is 14,42,666 acres yielding 421,000 tons of foodgrains including cereals, pulses, oilseeds and all edibles principally groundnuts. The acreage under different crops are : Paddy 31,842,

*See article on "Population" for area and population figures.

Bajri 5,740, Jawar 2,540, Groundnuts 43,530, Wheat 10,168, Maize 72,026, and Gram 3,970. The areas covered by cash crops are Digvijaya and Vijaya cotton 47,798, CO2 12,549, Tobacco 2,861 acres. There is a Hybrid maize breeding research centre in 25 acres at Vavdi-Bijarag on the outskirts of Godhra.

The average rainfall in the district is now only 25 inches. The lowest temperature is 40 degrees F. heat and highest 115 degrees F. heat.

The District has a forest area of 515,848 acres. The forests yield teak-wood, and hard-wood such as Mahuda, Sadad, Kher and Dhavda. The forests also produce Mahuda flowers, hay-fodder, timru leaves for bidi manufacture, and bamboos.

The irrigation projects in the District are Pata-Dungri Dam south of Dohad, Suki Dam north of Dohad in Jhalod Taluka, Titodi Dam south of Jhalod, and Karad Right Bank Dam in Devgad-Baria Taluka, and Tanachhida Irrigation project 15 miles from Dohad.

Agriculture, Mining and Forest produce are the main industries in the district which contains rich mineral deposits such as manganese ore, galena, copper, limestone. There are big manganese mines worked at Shivrajpur, Pani Mines and Bamankuwa.

COMMUNICATIONS

Bombay-Delhi Broad-gauge main line of Western Railway passes through Panchmahals district. Gujarat State Road Transport Corporation also runs various bus services and operates numerous routes in the district.

Pavagadh Hill station about 2,600 feet in height is situated in Halol taluka about 22 miles from Godhra. It is also a pilgrim centre.

The famous Bhadrakali temple of goddess is on the peak of the Hill and there are ancient monuments preserved by Archaeological Department of the Central Government.

RAJKOT DISTRICT*

Headquarters : Rajkot.

Talukas : Rajkot ; Jasdan ; Babra ; Morvi ; Wankaner ; Gondal ; Jetpur ; Dhoraji ; Kandorna ; Kotda-Sangani ; Lodhika ; Maliya Padadhari, Upleta.

Rajkot District has four sub-divisions, nine talukas, five mahals and one peta mahal.

The area of the land under cultivation is about 21,38,678 acres. The main industries of Rajkot District consist of textiles, hosiery, handlooms, the production of hydro-generated oils, potteries, salt-making, engineering, etc.

SAURASHTRA UNIVERSITY

Rajkot

Instructions in the following faculties are imparted in the University :

Arts, Science, Commerce, Education, Agriculture, Medical, Law, Rural Studies. Of these, the faculties of Education, Science, Commerce and Rural Studies of the University are at Bhavnagar.

It is an affiliating University.

Chancellor : Shriman Narayan, Governor of Gujarat State ; *Vice-Chancellor* : D. R. Mankad ; *Registrar* : J. M. Mehta.

No. of affiliated Colleges : 41. No. of Recognised Institutions ; 2 ; No. of Students in the University : 20,000.

Budget (1968-69).

Total Income : Rs. 10,61,500 (excluding Govt. Grant).

Total Expenditure : Rs. 21,90,400.

SABARKANTHA DISTRICT*

Headquarters : Himatnagar.

Talukas and Mahals : Himatnagar, Prantij, Modasa, Bayad, Idar, Khedbrahma, Bhiloda, Meghraj, Vijaynagar, Malpur.

The average yearly rainfall is between 25 and 30 inches.

The principal crops are bajri, maize, paddy, jawar, cotton, wheat, sesamum and groundnut. About 30 per cent of the people consist of Bhils and other backward classes. The main occupation of the people is agriculture. Except for a few ginning factories and oil mills, the District is very backward in industry.

SURAT DISTRICT*

Headquarters : Surat.

Talukas : Olpad ; Chorasi ; Mangrol ; Kamrel ; Mandvi ; Bardoli ; Songadh ; Vyara and Mahuva.

Mahals : Palsana ; Valod ; Uchhal and Nizar.

Besides being noteworthy historically, Surat is the biggest jari production as well as artsilk powerloom centre. Nearly half the population of the city depends on handicrafts. Jari work, laces, silk and jari brocades, embroidery, ivory and sandalwood carving, inlay work of varakh-nakashi and ivory bangles are the major handicrafts for which Surat is famous not only throughout India but even abroad. A co-operative industrial estate which

has developed at Udhna, three miles from Surat, is stated to be the biggest industrial estate of its type in the country. There is one sugar factory at Bardoli.

SOUTH GUJARAT UNIVERSITY

Navyug College Bhavan, Rander Road, Surat-1.

It is a teaching and affiliating University.

Chancellor : Shriman Narayan, Governor, Gujarat State. *Vice-Chancellor* : Prof. C. N. Vakil ; *Registrar* : P. M. Joshi.

No. of Affiliated Colleges : 26 ; No. of recognised Institutions : One.

* See article on "Population" for area and population figures.

SURENDRANAGAR DISTRICT*

Headquarters : Surendranagar.

Tahsils :—Wadhwan (Wadhwan); Chotila (Chotila); Mull (Mull); Dhrangadra (Dhrangadra); Halvad (Halvad); Dasda (Dasda); Limbdi (Limbdi); Lakhtar (Lakhtar); Sayla (Sayla).

There are about 12 towns with a population of over 5,000 and 672 villages.

About 70 per cent of the population lives in the rural areas. The main occupation of the people is agriculture, and the important crops are bajra, jawar, cotton, paddy, groundnut, wheat and gram.

The main industries of the district consist of textiles, salt, soda-ash, potteries, ginning and pressing factories.

HARYANA

AREA: 43,869 square kilometres. It has an annual budget of approximately Rs. 63 crores. It has only one division, seven small districts, 27 tehsils 62 towns and about 7,039 villages. It is essentially a rural State with a population of 75,90,543 of which 13,07,680 are in urban areas.

Districts : Ambala, Karnal, Rohtak, Gurgaon, Mohindergarh, Hissar & Jind. (For figures of area and population, see under the respective districts under composite Punjab in the main article on "Population").

Its Legislative Assembly consists of only 81 members. It is being represented by five members in the Rajya Sabha and by nine in the Lok Sabha.

Rainfall is comparatively low and erratic, soil is sandy and light in texture, and above all, there is paucity of sub-soil water and in a large number of tracts it is brackish.

There are no mineral resources except in Mohindergarh. The area is frequently visited either by heavy floods or by serious droughts.

ECONOMY

There are six cotton textile mills in Haryana located at Bhiwani, Hissar, Faridabad and Rohtak. Two sugar factories at Rohtak and Panipat were added to the existing one at Yamunagar. There are three paper mills and two cement factories.

There are a shoe factory, five large-scale cycle assembling and cycle components units and eight reolling mills, besides more than 2,000 units engaged in the manufacture of agricultural implements, machine tools, electric goods and bolts and nuts.

INDUSTRIES

Number of registered working factories (Jan. 1969): 1,224; No. of working factories: 1,168; No. of workers engaged in the registered factories: 64,564.

Production of important industries in the State (1966-67):—Cotton textiles worth Rs. 16,34,44,000; Cement: 5,19,076 tonnes; Paper: 42,139 tonnes; Sugar: 59,586 tonnes; Cycles: 3,77,093; Sewing Machines: 30,587; Agricultural implements and machine tools worth Rs. 481 lakhs; Steel reolling: 14,901 tonnes; Scientific instruments worth Rs. 1,35,71,000; Wood and machinery screws worth Rs. 6,17,000; Glass worth Rs. 18,019,000; Woollen textiles worth Rs. 13,50,000.

AGRICULTURE

Total area of Haryana according to village records pertaining to agricultural year 1967-68: 43,99,000 hectares as per detail given below:—

Area under forests: 91,000 hectares; area not available for cultivation: 4,89,000 hectares; Other non-cultivated land excluding fallow land: 1,37,000†; Fallow land: 2,59,000†.

Net area sown: 34,23,000 hectares; Area sown more than once: 11,76,000 hectares; Total cropped area: 45,99,000 hectares.

As much as 89 per cent of the people living in rural areas in the State are dependent on agriculture.

The production of foodgrains during 1967-68 was 25.67,000 tonnes; Sugar cane 5,10,000 tonnes, oil seeds 90,000 tonnes and cotton 2,89,000 bales.

The targets of agricultural production fixed for the Fourth Five-Year Plan are as follows:—

Foodgrains 30.90 lakh tonnes; Sugar cane: 7.50 lakh tonnes; Oil seeds: 1.05 lakh tonnes and cotton 3.75 lakh bales. Intensive cultivation programme of cotton, rice, maize, oil seeds, and bajra has been launched. The coverage of blocks during 1967-68 was cotton: 14 blocks; rice nine blocks, oil seeds 13 blocks, bajra two blocks and wheat 34 blocks.

At the close of the year 1967 the total number of agricultural credit societies in the State was 6,685 with a membership of 5.33 lakhs and working capital of various categories of Co-operative Societies was Rs. 56.71 crores.

These societies advanced short-term and medium-term loans to the extent of Rs. 8 crores during 1967-68 and lending operations are expected to increase to Rs. 15 crores by the end of the 4th Five Year Plan. In Haryana there were 2,016 regular fertilizer depots in the year 1967-68 supplying fertilizers.

ANIMAL HUSBANDRY

Livestock (census 1961): number of animals in the State: 49,34,000; cattle other than bullocks: 22,47,900; bullocks: 16,53,900; horses and ponies: 17,400; donkeys: 80,100; mules 6,500; sheep: 3,344,000; goats: 3,62,300 camels: 1,22,500; pigs: 90,600.

The State has 126 veterinary hospitals and 98 veterinary dispensaries. 297 first aid centres have also been set up.

The State has a big and modern livestock farm at Hissar at which systematic and scientific breeding of cattle, buffaloes, sheep, goats, donkeys, pigs etc. is undertaken.

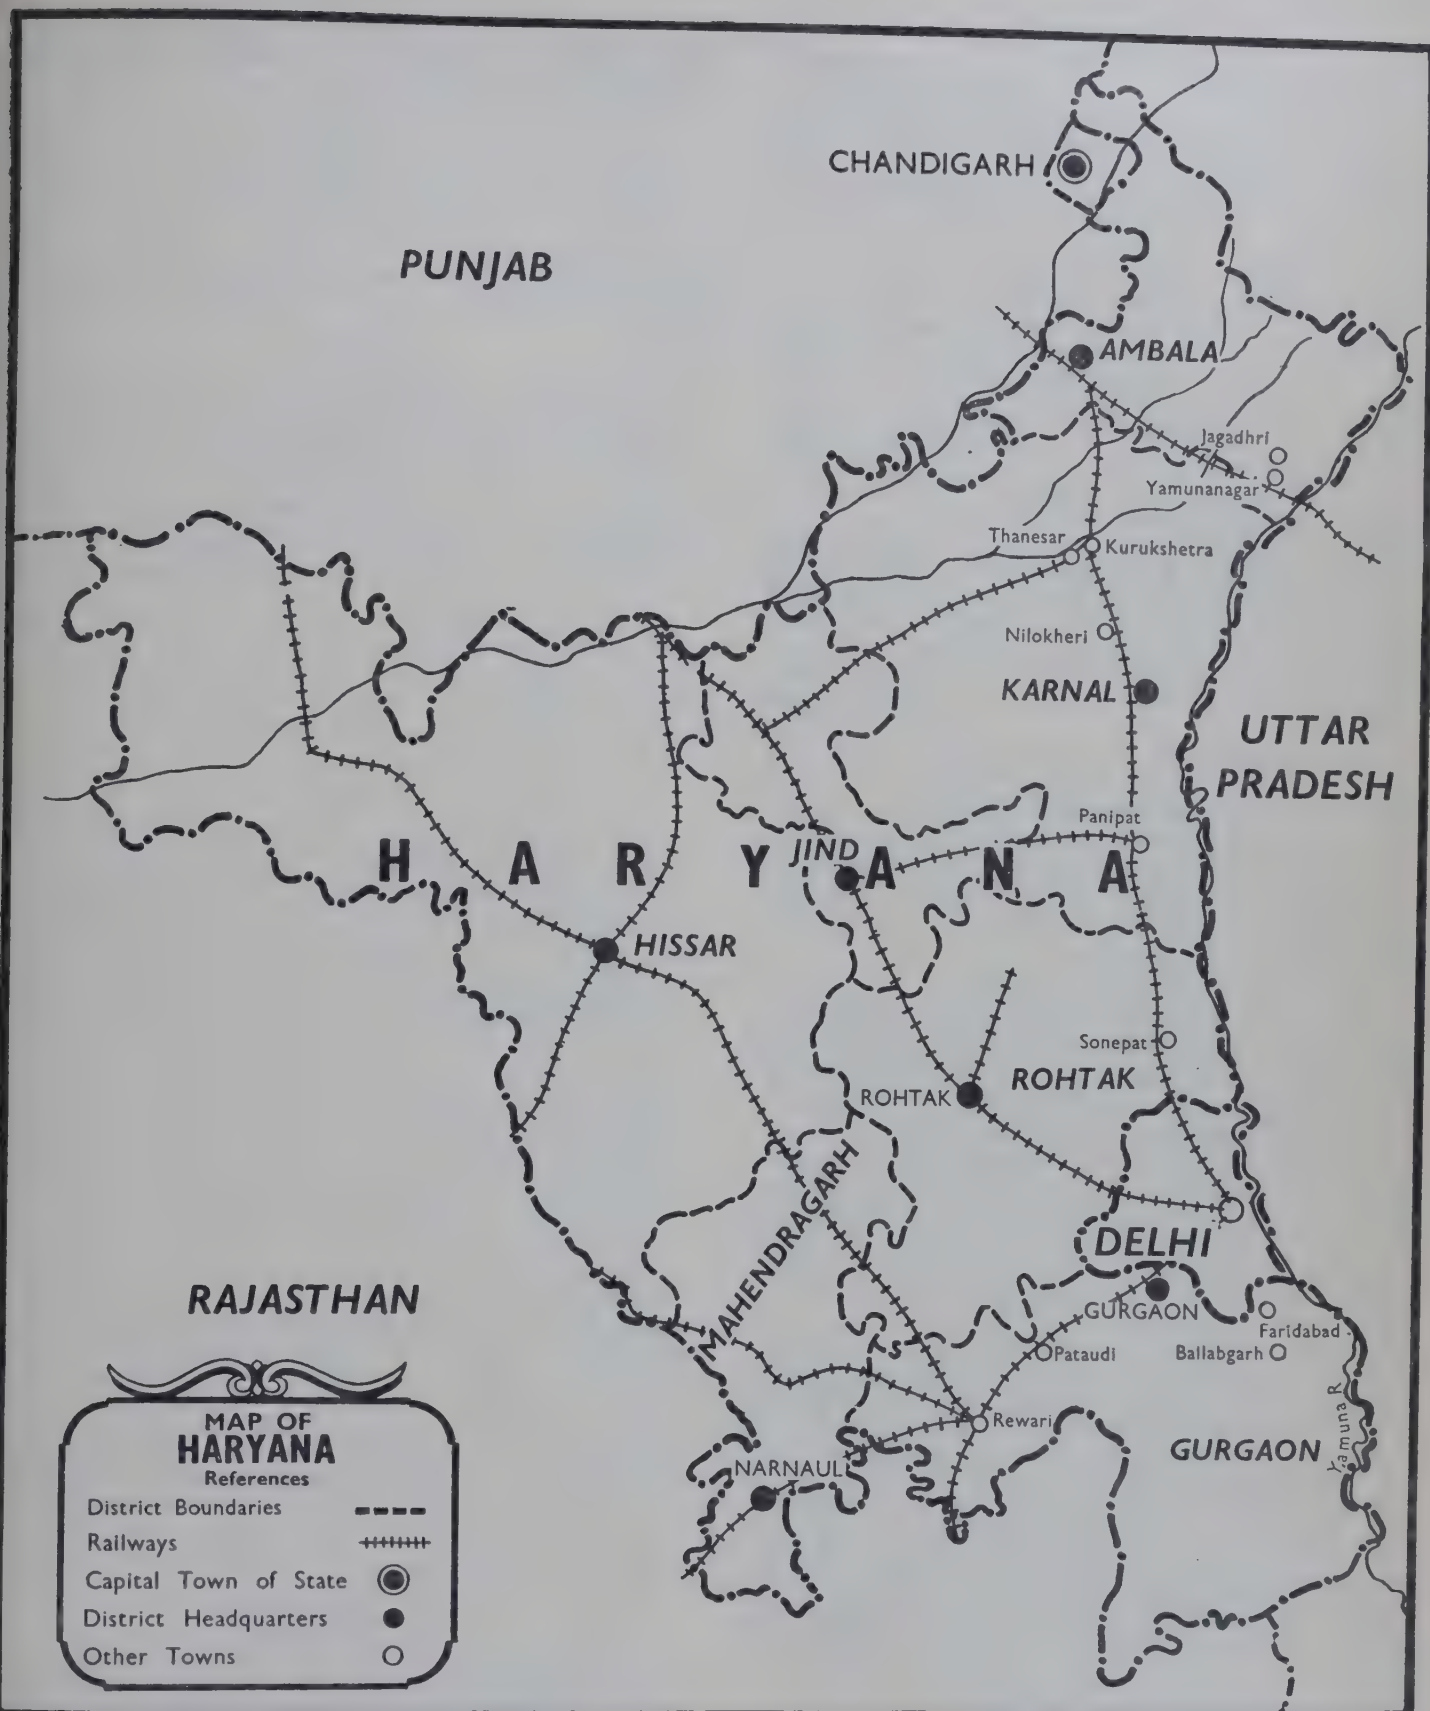

The State is famous for two breeds of cattle and buffaloes namely Haryana and Murrah.

LAND REFORMS

The 102.22 lakh acres of land to be consolidated in the State have been consolidated by the end of 1967-68.

The Haryana Government has passed a legislation abolishing land revenue upto 5 acres in the State on Aug. 23, 1967. This will cause an annual loss of Rs. 14 lakhs to the exchequer.

* See article on "Population" for area and population figures. † Hectares.

IRRIGATION

According to the village papers, the total area of Haryana State is 43,99,000 hectares of which net area sown was 34,23,000 hectares in the year 1967-68. At that time only 12,93,000 hectares were under irrigation of which 9,91,000 acres were irrigated by government canals, 2,28,000 by wells and 74,000 by other sources including tanks.

Haryana is one of the three participating states in the two multi-purpose river valley projects known as the Bhakra and the Beas River projects.

In addition to these projects, the Haryana Government is negotiating for an equitable apportionment of available water in the Ravi and Beas rivers. Haryana will also have a share in the schemes of Kishau Dam on the river Yamuna and Thein Dam on the river Ravi as and when the projects are executed.

While Bhakra project is complete, Beas project is at an advanced stage of completion.

The state has also prepared its own irrigation schemes known as Gurgaon Canal Project, Western Yamuna Canal feeder, Western Yamuna Canal remodelling, Rewari Lift Irrigation scheme, Dadri Lift Irrigation scheme, Nehar Salwas Lift Irrigation scheme, Installation of tubewells along Ghaggar river and Western Yamuna Canal tract and Link works from Sutlej basin to Western Yamuna Canal basin.

The proposed outlay for the Fourth Five-year Plan on minor irrigation schemes is Rs. 75 lakhs. It was proposed to spend Rs. 13 lakhs during 1967-68.

A provision of Rs. 500 lakhs for flood control drainage and anti-water logging schemes and Rs. 71 lakhs for soil conservation schemes has been made in the Fourth Five-year Plan. It was proposed to spend Rs. 95 lakhs in the year 1967-68.

ELECTRIC POWER

Considerable progress was made in the completion of the Right Bank Power House of Bhakra Nangal Power System during 1966-67. This power house is to have five Units. Five units of 90 M.W. each of the Left Bank Power Project of Bhakra were commissioned long time ago. Of the five units of 120 M.W. each on the Right Bank Power House which were to be commissioned last year four have since been commissioned, the total installed capacity of Bhakra system ending 1967-68 being 930 M.W. The remaining fifth unit was likely to be commissioned during 1968-69. The work on the Beas Project is progressing according to schedule. Power from this project is likely to become available after the Fourth Plan.

In addition to the above schemes, work was also in progress on the following generating schemes during 1967-68 : (i) Bassi Power House (Uhl Project Stage 2); (ii) U.B.D.C. and 15 KW thermal station, Faridabad.

For rural electrification, 7,399 tubewell connections were given during 1967-68.

The number of villages electrified increased from 1,249 to 1,322 in the year 1967-68. 29,275 general and 915 industrial connections were given during the same period, raising the total by the end of December, 1967 to 231,082 general and 10,274 industrial connections, respectively. For the current financial year, targets of 15,000 tubewell connections, 1,600 industrial connections and 40,000 general and commercial connections have been fixed.

TRANSPORT

There are about 5,638 kilo metres of metalled roads in Haryana. Government has taken over 50 per cent of all pacca routes leaving 50 per cent to private operators.

The state transport known as the Haryana Roadways has a fleet of 496 vehicles. These vehicles operate on 220 routes, cover a mileage of 98,602 miles daily and carry about one lakh passengers per day.

LABOUR

Number of registered factories in the State: 1,224; number of workers in these factories: 64,564.

Employees Provident Fund scheme has been enforced in the State. Employees State Insurance scheme, which was enforced in 1963, covers nearly 50 per cent of the workers.

EDUCATION

Number of students (boys and girls) receiving education in government and private schools in 1967-68 in Haryana was 11,50,348. Of these 8,59,278 were boys and 2,91,070 girls. Total number of institutions in the State was 5,858.

A provision of Rs. 1,303 lakhs has been made for the development of general education during the Fourth Plan period. Of this Rs. 220 lakhs were proposed to be spent during the year 1968-69.

To increase enrolment at all stages and to cope with additional enrolment, 120 primary schools were upgraded to middle standard and 108 middle schools to high standard. About 2,000 additional posts of teachers were created at the school stage and 71 posts of lecturers for government colleges.

HEALTH

Hospitals and dispensaries : Seven district hospitals, 52 lower level hospitals, 89 primary health centres, 124 dispensaries of sub-centres under each primary health centre are functioning in both rural and urban areas of the State. Seven hospitals at Kaithal, Panipat, Rewari, Sonapat and Hissar were upgraded in 1967-68. The bed strength at Jind and Narwana was raised to 50 and 29 respectively and that of Ambala and Karnal to 200 each. Twenty Allopathic dispensaries have been converted into Ayurvedic dispensaries due to shortage of qualified doctors.

There are seven family planning Bureaus, 10 urban family planning units, 81 rural family planning units with 316 sub-centres in the State. Against a target of 74,336 IUCD insertions and 37,168 sterilisation operations for the year 1967-68, 57,173 IUCD insertions and 1,656 operations were performed.

Malaria has been fully controlled in the State under the National Malaria Control programme. For the control of tuberculosis stress is being made on preventive immunization against T.B. and early diagnosis and treatment. With a view to eradicating small-pox, primary vaccination has been made compulsory in the State. At present there are 26 Family Planning clinics in rural areas and eight in urban areas. It is proposed to have 3,33,334 loop insertions and one lakh vasectomy operations during the Fourth Plan period.

There is a Medical College at Rohtak with an intake capacity of 50 students.

CO-OPERATION

The total membership of all types of societies on November 1, 1966 stood at 8.25 lakhs. Considering that one member represents a family of five members, 80 per cent of the total population is within the co-operative fold. The total working capital of these societies stood at Rs. 36 crores on November 1, 1966. Of this about one-third represented their own funds.

PANCHAYATS

There are 7,039 villages in the State. These are covered by 4,595 Panchayats at village level, 82 Panchayat Samitis at Block level and six Zila Parishads at district level. The Zila Parishad, Jind is yet to be constituted.

The separation of the Judiciary from the executive was formally inaugurated on October 2, 1964.

ANNUAL PLAN

The annual Plan outlay for Haryana for 1969-70 has been fixed at Rs. 27.49 crores.

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

KURUKSHETRA UNIVERSITY

Kurukshetra.

It is a teaching-cum-residential University for the encouragement of higher education and research especially in Sanskrit, Prakrits and modern Indian languages as also in Indian Philosophy and ancient Indian History and other aspects of Indology.

Chancellor : Governor, Haryana State ; Vice-Chancellor : D. C. Verma ; Registrar : Dr. S. S. Gupta.

Number of Constituent Colleges : Two ; Number of Recognised Colleges : Two.

Budget Estimates for 1967-68

Total Income : Rs. 70,52,920 ; Total Expenditure : Rs. 84,89,790.

HIMACHAL PRADESH*

CAPITAL : Simla. Area : 56,019 sq. Km. ; Population : 2.81 million (1961 census) ; Strength of Vidhan Sabha 63.

The Territory of Himachal Pradesh is divided into ten districts, viz. : Kinnaur, Simla, Sirmur, Bilaspur, Kangra, Lahaul-Spiti, Mandi, Kulu, Mahasu and Chamba.

ECONOMY

The main agricultural wealth of the Territory consists of fruits such as apple, apricot, peach and vegetables like seed potato, ginger, tomato, peas etc.

The climatic conditions of the Pradesh are suitable for the growing of a large variety of fruits including citrus, and dry fruits. Apples and pears are grown in the cooler regions. The superior varieties of apples which were restricted to Kotgarh and Kotkhai are now being grown extensively in the other parts of the Pradesh ranging between five thousand to eight thousand feet above sea level. With the new orchards rapidly coming up, the production of fruit increased considerably during the 3rd Five Year Plan.

Salt is another important item ; while forests yield timber, fire-wood and charcoal. Handicrafts which include Pashmina shawls, wool of fine quality, resin, herbs and skins are another source of income.

Himachal Pradesh forests supply the largest quantities of coniferous timber in Northern India. They are the main source of revenue in the Territory, the estimated revenue during 1968-69 being Rs. 5.50 crores. The entire Territory is divided into eight forest circles which are further subdivided into 23 territorial divisions. Besides, a Forest Utilization Division has been created to develop the resources of the Territory. Bilaspur Circle has been created under the Soil Conservation Scheme.

Seed potato is the chief cash crop in which the Territory has established itself as an important supplier to the plains of India. In 1967-68 the estimated production of seed potato was 17,69,000 maunds. The total acreage under

potatoes, stood at 31,000. The Pradesh sold about ten lakh maunds of seed potato to other parts of India.

One of the oldest foundries of the country is located at Nahan besides a resin and turpentine factory.

Under the Rs. 236.92 crore revised draft Fourth Plan as submitted to Planning Commission for approval, roads and transport have been given top priority with Rs. 60 crores ; power projects come next with Rs. 48 crores 53.78 lakhs. A sum of Rs. 22 crores 37.55 lakhs has been earmarked for agriculture and Rs. 21.25 crores for forests. Industries, Education, Medical and Public Health, Animal Husbandry, Panchayats, Cooperation and Community Development have been allotted Rs. 49 crores 33.40 lakhs.

Power—The Department of Multipurpose Projects & Power started functioning in April, 1964 to investigate the vast hydroelectric potential of H.P. Besides this, the Department is also required to deal with problems connected with soil conservation and flood control.

Work on Giri Hydro Electric Project, the first in the series of power projects to be taken up on Himachal waters by the Pradesh Government has already been started with the inauguration of the first stage of the project by the Prime Minister of India, on June 30, 1967.

Giri Hydro Electric Project has been designed in two stages in all generating 2.01 lakh kW. of electric energy besides providing irrigation facilities to 13,000 acres of land in the fertile Paonta valley in Sirmur district.

All five rivers—the Chenab, the Ravi, the Beas, the Sutlej and the Yamuna—flow through the Territory. It is estimated that the Government can have an annual income of Rs. 200 crores once Himachal's vast forest, hydel and mineral resources are fully exploited.

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel)

* See article on "Population" for Population and area of districts.

JAMMU AND KASHMIR STATE

CAPITAL: Srinagar. Area: 2,22,800 sq. kms.; Population: 35.61 lakhs (1961 census).

The area of 2,22,800 sq. kms. includes territories illegally occupied by China and Pakistan. The population, on this side of the cease-fire line according to 1961 census is 35,60,976; male 18,96,633; female 16,54,343.

The State has a Legislative Assembly and Legislative Council.

The State is divided into 10 districts, viz. Srinagar, Anantnag, Baramulla, Ladakh, Jammu, Udhampur, Kathua, Doda, Poonch and Rajouri.

The State is multi-lingual in character. Different dialects in different areas are spoken. Commonly spoken are, Kashmiri, Dogri, Balti, Dardi (Pali), Punjabi, and Bodhi. Urdu is the official language of the State. English is used as a medium of official correspondence and medium of instruction at University level.

AGRICULTURE

Agriculture is the main occupation of the people. More than 80 per cent of the population depends on it. Paddy, wheat and maize are the main crops grown in the State except in Ladakh where gram is grown. Besides, Jawar and Bajra are also grown in some parts of the Jammu region.

The total area in the State under crops is estimated at 21,22,000 acres including 4.37 lakh acres sown more than once and the total irrigated area during the Third Plan period covered more than 7.73 lakh acres. Agricultural earnings contribute 30 per cent of the State income. Production of rice has increased from 1.63 lakh tonnes in 1951-52 to 2.72 lakh tonnes in 1966-67 and that of wheat from 0.45 lakh tonnes in 1951-52 to 1.22 lakh tonnes in 1965-66. The yield per hectare of rice has risen from 8.69 quintals in 1951-52 to 12.17 quintals in 1966-67 and of maize from 4.80 quintals in 1951-52 to 9.23 quintals in 1966-67. In respect of wheat the yield per hectare has risen from 3.88 quintals in 1951-52 to 6.97 quintals in 1966-67.

IRRIGATION

212 tube wells are proposed to be sunk in R. S. Pora, Samba, Hiranagar and Kathua belt during the Fourth Plan. 24 such wells have already been completed.

INDUSTRIAL DEVELOPMENT

There are 18 Industrial Estates functioning in the State. Six hundred and seventy-two units have been registered till March 31, 1968 by the Industries Department. The Units function with a capital investment of Rs. 229.27 lakhs and provide employment to 4,391 persons. Besides, 186 factories have been registered under the Factories Act.

To improve the working of the various industrial units and for the establishment of new units the Government have sanctioned loans under the State Aid to Industries Act. The disbursement made from 1964 onwards (Rs. lakhs) is given below:—

1964: 3.37; 1965: 7.98; 1966: 4.09; 1967: 1.58.

The State Financial Corporation also advances loans to the small-scale industrial units for purchase of machinery, erection of buildings and creation of other fixed assets. The Corporation disbursed Rs. 8.9 lakhs to about 253 units last year. The Government proposes to issue loans upto Rs. 1.70 crores during the current year of which

25 per cent of the loan advanced to the units will be treated as subsidy.

During the 3rd Five Year Plan a Wool Spinning Mill with a capacity of 1,200 spindles, has been completed and commissioned. Another 1,200 spindles imported from Japan were under installation and were expected to go into production by the end of 1968-69. The Brick and Tile Factory was established during the 3rd Plan. The factory has a capacity of producing 15 lakh bricks and one lakh tiles. Modernization of the Government Woollen Mills, estimated to involve an outlay of Rs. 153 lakhs, is in progress. Woollen Spinning machinery imported from Belgium and Worsted Spinning machinery imported from UK is being installed these days. Modernization of Silk Weaving Factory and Match Factory will be taken up during the 4th Plan.

Facilities for production of indigenous silkworm seed are being given and the programme is expected to be completed by the next year. The import of seed is expected to be stopped from the next year. This would save foreign exchange to the tune of Rs. 15 to 20 lakhs.

POWER DEVELOPMENT

Total generating capacity at present is 37.838 MWS as against only 4 MWS in 1947. The Chanani Hydel Project with a generating capacity of 24 MWS and involving an expenditure of over Rs. 7 crores is progressing satisfactorily. The Kalakote Thermal Project with an installed capacity of 22.5 MWS has been completed recently at an estimated cost of Rs. 4.40 crores. The waters of Sind Nallah in the Kashmir Province are also being tapped further to set up two hydel projects of 44 MWS at a cost of nearly Rs. 15 crores. As many as 548 villages were electrified during the 3rd Plan as against 118 villages electrified during the 2nd Plan period.

TOURISM

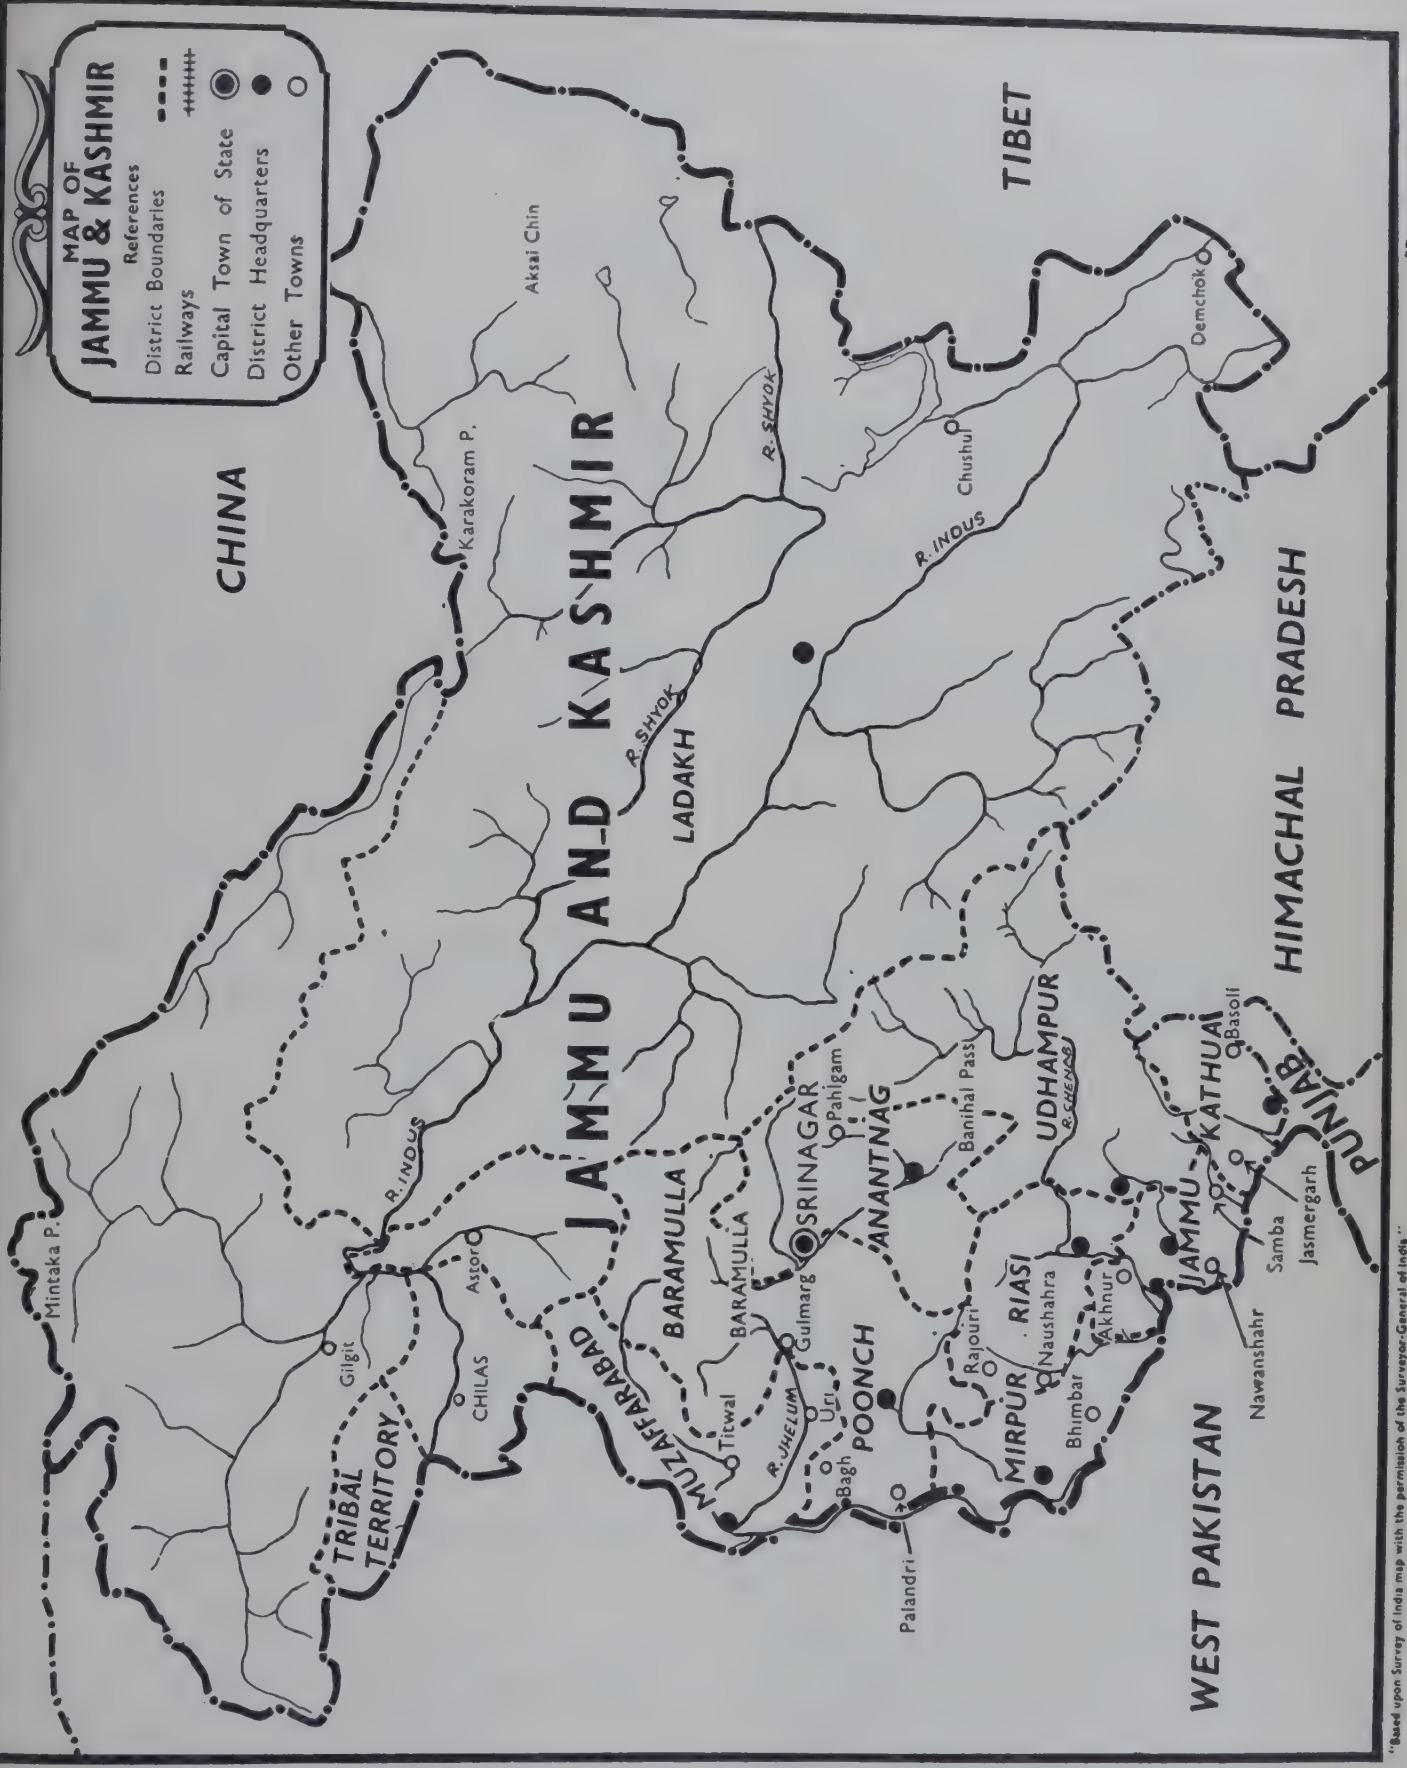

Places of tourist attraction are being developed to attract more and more tourists to the State. The number of tourists who visited the Kashmir Valley upto the end of 15th October, 1968 was 1,26,059, including 9,390 foreign tourists, as against 14,568 visitors in 1947. The number of tourist huts has increased to 130 today from 23 in 1947. There are 138 hotels, 413 houseboats, 20 travel agencies registered under the Tourist Establishment Act.

EDUCATION

Education is free from primary to post-graduate standard. Expenditure on education has increased from Rs. 35 lakhs in 1947-48 to over Rs. 5 crores. Percentage of literacy has increased from 6 in 1947-48 to 11. The number of primary schools has risen from 1,190 in 1948 to 5,167 in 1967-68. There were 54 high schools in 1947-48 and the number rose to 427 high/higher secondary schools in 1967-68 with a total enrolment of about 42,000 in the age-group of 14-17. At present there are 17 colleges as against only 4 in 1947-48. The Jammu and Kashmir University now has 21 post-graduate departments.

ROADS

During the 3rd Plan the road length was 1,670 miles. At the end of the 4th Plan the road length is expected to rise to 2,306. Major bridging done so far has been 7,200 RFT. Expenditure incurred on the development of roads so far has been about Rs. 695 lakhs.

PUBLIC HEALTH

Per capita expenditure on public health has risen to Rs. 9.12 from 47 paise in 1947. The number of doctors has gone up from 123 in 1947 to 824 in 1966-67. There is now one doctor for about 4,000 persons as against one doctor for 32,764 persons in 1947. Against a total provision of Rs. 18.94 lakhs in 1947 the estimated expenditure during 1967-68 under this head was Rs. 3.75 crores and in 1968-69 the envisaged expenditure was about Rs. 4 crores. There are 20 hospitals, 57 primary health centres, 18 primary health units, 178 allopathic dispensaries, 35 ayurvedic and unani dispensaries.

CO-OPERATIVES

Over 46 per cent of the rural population are covered by the Agricultural Credit Co-operative Societies. These co-operatives cover as many as 6,559 villages and 5,92,400 rural families. Besides, the agricultural credit and consumer co-operatives, various other co-operatives such as Fishermen Co-operative Society, Transport Co-operative, Milk Co-operative Society, Industrial Co-operatives etc. have sprung up in recent years to help the co-operative endeavour.

Over 1,000 agricultural credit co-operatives cover the entire plan areas at present. Rs. 4.50 crores are being advanced at present as short-term credit and fertilizer loans. This works to an average of Rs. 155 per member, of which the cash component is Rs. 75 and fertilizer loan Rs. 80.

There were 322 service co-operatives at the end of 3rd Five Year Plan covering 50 per cent of the total agricultural population of the State.

Fifty-six primary Marketing Societies and one Apex supply and Marketing Federation function at present in the State. Besides a net work of 52 Primary Consumer stores in the cities of Jammu and Srinagar, 5 whole-sale stores have been organised. Also 2 University Consumer Co-operative Stores are functioning at present. There are two Departmental Stores—one each in Srinagar and Jammu.

HOUSING

In the 3rd Five Year Plan period 980 houses were constructed for the low-income-group employees. Under the Middle-Income-Group Housing Scheme 25 houses were constructed during the 2nd Five Year Plan. In the 3rd Plan period 73 houses were constructed.

CONSTITUTION

A Constitution was finally approved and adopted unanimously on November 17, 1956. It came into effect on January 26, 1957.

The Constitution declares the State of Jammu and Kashmir to be "an integral part of the Union of India." This is irrevocable. Section 147 of the Constitution lays down that no amendment seeking a change in this can be moved in either House of the legislature.

With the adoption of the Constitution, the State has come much closer to the rest of the country. Having entered into financial arrangements with the Union Government in 1957, the State is on par with other States in respect of financial matters including proportionate allocation of funds from the Centre. The development schemes and projects under the Five Year Plans are being approved by the Planning Commission and expenditure on them is sanctioned on the recommendation of the Commission. Every major project is examined by various central agencies like the Central Water and Power Commission and Working groups of Central Ministries and the

Planning Commission to ascertain their technical and economic feasibility.

A State cadre of IAS and IPS officers has been created. This has brought about the integration of services ensuring the sharing and pooling of experience and talent. The State's participation in the Northern Zonal Council has widened the area of co-operation with other States leading to greater exchange of experience, technical know-how and pooling of administrative and other resources in various fields of development. The Accounts and Audit department of the State is now under the Auditor-General of India.

The recommendations of the State Legislature to amend the State's Constitution to provide for the extension of jurisdiction of Election Commission and Supreme Court over the State have been incorporated in the Indian Constitution through a Presidential Order issued on January 26, 1960.

An Act passed by the Legislative Assembly of the State authorises the Government to permit those non-State subjects to purchase land and other immovable property in Jammu and Kashmir who intend to set up industries in the State. The Government of Jammu and Kashmir have also entered into agreement with some Indian firms to establish industrial enterprises in the State. There is no ban now on the investment of outside capital in Jammu and Kashmir. In addition to the Constitutional and economic integration, the Government of Jammu and Kashmir is also endeavouring to foster cultural and literary synthesis between Kashmir and the rest of the country.

ADMINISTRATIVE PERSONNEL

(See under *States Administrative Personnel*)

THE UNIVERSITY OF JAMMU AND KASHMIR

Chancellor : Bhagwan Sahay, Governor.

Pro-Chancellor : G. M. Sadiq, Chief Minister.

Vice-Chancellor : Dr. J. N. Bhan.

Registrar : Prof. Abdul Aziz.

Number of affiliated colleges and oriental institutions : 37.

Number of students who appeared for the previous examinations in 1966-67 : Men 19,606 ; Women 4,362.

Budget for 1966-67 :—

Actual Income : Rs. 56,69,435 ; Actual Expenditure : Rs. 57,58,057 ; State Govt. grant : Rs. 25,00,000 ; Central Govt. grant and U.G.C. grant : Rs. 19,97,605 ; University receipts : Rs. 11,71,830.

The medium of instruction is English except in classical and modern Indian language classes, where the medium of instruction is the language concerned or an allied language.

ASSOCIATIONS

JAMMU & KASHMIR PRADESH YOUTH CONGRESS

Lall Chowk, Srinagar.

Sri Runbir Gunj, Srinagar 2.

KASHMIR CHAMBER OF COMMERCE & INDUSTRY

Residency Road, Srinagar.

President : D. S. Sawhney ; *Vice-President* : R. K. Sawhney.

Secretary-General : P. N. Puri ; *Jt. Secretary-General* : G. Rusull ; *Treasurer* : D. S. Oberoi.

Trade Offices

Trade Agent : S. A. Wahid.

Address : Manekji Wadia Building, 129, Mahatma Gandhi Road, Bombay 1.

Trade Agent : Kashmir House, Court Road, Amritsar, D. N. Kachroo.

Trade Agent, Pathankot : N. R. Sharma.

Trade Commissioner : 5, Prithviraj Road, New Delhi, R. C. Raina.

KERALA

CAPITAL : Trivandrum. Area : 38,855 Sq. Km. Coastal line : 580 Km. Total population 16,903,715 (1961 census). Density of population (1961) : 435 per Sq. Km. Sex ratio : 1,022 females per 1,000 males. Literacy per 1,000 : 468.

Figures for Sept. 30, 1968 : Number of districts 10 ; taluks 55 ; villages 1,635 ; municipal towns 25 ; corporations 3 ; panchayats 917. One more district the Malanad District is proposed to be formed by bringing together certain portions of Ernakulam and Kottayam districts. At the time of writing this the report of the Committee on Malanad had not been submitted to the Government.

Names of Districts with names of District Headquarters within brackets : Trivandrum (Trivandrum) ; Quilon (Quilon) ; Kottayam (Kottayam) ; Alleppey (Alleppey) ; Trichur (Trichur) ; Cannanore (Cannanore) ; Kozhikode (Kozhikode) ; Palghat (Palghat) ; Ernakulam (Ernakulam) ; Malappuram (Perinthalmanna).

For population of districts according to the 1961 census, see "Population." As a result of the formation of Malappuram District on 16-6-1969 the area of Kozhikode District has been reduced to 1,433.1 square miles.

Geography : The climate of the whole region is generally temperate and the rainfall heavy. Languages spoken in the State are Malayalam, Tamil and Kannada.

INDUSTRIES

Important industries of the State : Coir, textiles, tea, rubber, manufacture of bricks and tiles, fertiliser, chemicals, electrical accessories, cashew nut processing, printing, saw milling including plywoods and manufacture of splints and veneers for matches, rice milling, handloom, handicrafts and extraction of oils.

Main large-scale industries of State : Rubber, plywood, fertilisers and chemicals, rayons, glass, paper, aluminium, sugar, cement, textiles, titanium dioxide, soaps, shark liver oil, ceramics, rare earths and engineering cables, penstock, wire ropes, heavy transformers, spinning mills, D.D.T., machine tools & petroleum products.

Chief products of the large-scale industries of the State : Chemicals, ammonium sulphate, ammonium chloride, ammonium phosphate, superphosphate, sulphuric acid, ammonia, caustic soda, chlorine, calcium carbide, copper sulphate, titanium dioxide, rare earth salts, cycle rims, crockery and sanitary wares, electric porcelain, fire bricks, china clay, rayon grade pulp, sugar, etc.

Miscellaneous : Aluminium ingots, glassware, cement, rayon, transparent paper, vegetable oils and soaps, vanaspati, alcohol, pharmaceuticals, galenicals, plywood, ceramicware, rubber goods, paper, cotton textiles and engineering materials, agriculture implements, dyeing and printing, manufacture of jewellery, canning and preservation of fish, starch, cutlery, locks, rubberised coir products, cycle parts and sewing machines.

Preference has been given under the public sector to the expansion and modernisation of the existing industrial units. During the year 1965-66 among six Government owned companies namely : Trivandrum Rubber Works, Trivandrum Spinning Mills Ltd., The Kerala Ceramics Ltd., Kerala Electrical and Allied Engineering Company Ltd., Travancore Plywood Industries Ltd., and Kerala Soaps and Oil Ltd. ; most of them were working satisfactorily. During 1966-67 only one public Limited Company and nineteen Private Limited Companies were newly registered in Kerala.

Under the private sector, the Kerala State Industrial Development Corporation (KIDC) has been organised to help capital formation in respect of deserving enterprises. The Corporation has undertaken to offer financial and technical services to industrialists for setting up industries.

Plantation Industry : The programme of development comprises planting by Government and individuals and encouraging distribution of loans to auction purchasers of forest lands. With this end in view Government have reconstituted the Plantation Corporation of Kerala.

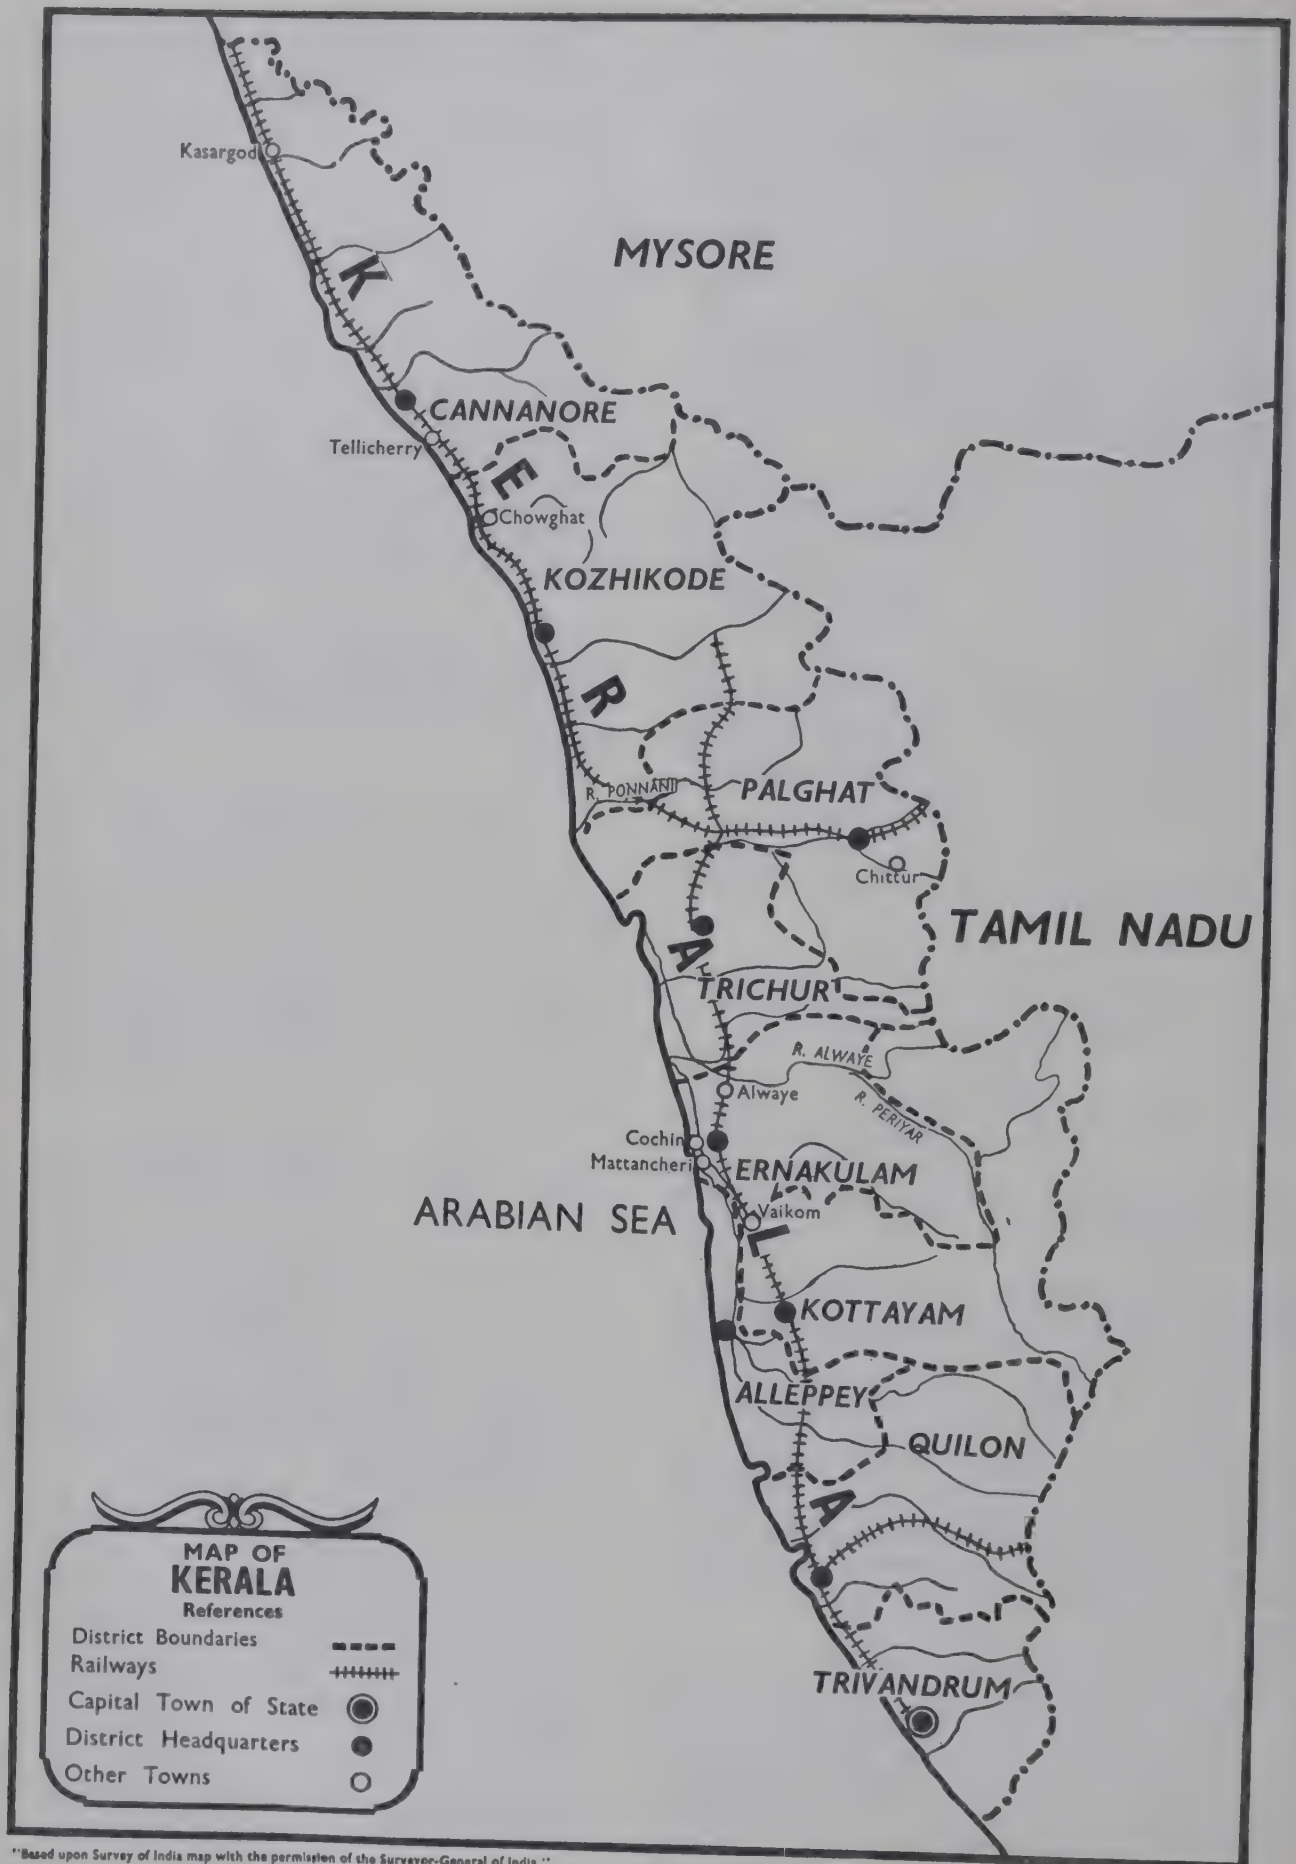

Village and Small Industries : To promote the growth of industries in the rural and underdeveloped areas, a scheme of giving subsidies to small scale industrialists starting industries in such areas, has been drawn up. The Kerala State Small Industries Development Corporation have taken up works in connection with the above programmes.

Industrial Estates : During 1966-67 there were eighteen Industrial Estates under the management of the Kerala State Small Industries Corporation.

"Small Scale production in NES Blocks" has been taken up for implementation during the first phase of the Fourth Five Year Plan. The programme was to establish small scale production centres preferably in NES Block areas each costing Rs. one lakh. During the year Government have accorded sanction for starting 2 units in each of the District. For this the scheme has been selected and approval accorded for implementation. 776 Small Scale Industries Units have been registered with the Department during the year.

The establishment of development areas in all the districts is an important item in the industrial development in the State which has acquired added significance in the context of the Industrial policy announced by Government. According to the Scheme, Development Areas have been established at Kadakampally and Akulam in Trivandrum District, Aroor in Alleppey District, Edayar and Angamaly in Ernakulam District and Pudussery in Palghat District.

A common facility service centre for industries based on rubber and plastics is programmed to be implemented at Changanacherry.

"Based upon Survey of India map with the permission of the Surveyor-General of India."

"© Govt. of India Copyright 1961"

Industrial Co-operative Societies: There were 2,031 industrial Cooperative Societies in the State at the end of the year. These societies had 1,61,012 members at the close of the year. The value of goods produced in all these societies amounted to Rs. 83,19,406.

Handicrafts: Brass and bell metal work, handloom furnishing fabrics and lace cloth, screwpine, kora grass and palmyra leaf weaving, rattan work, kuft gari, bamboo and reed weaving, Kathakali costumes manufacture, traditional folk jewellery making, Aranmula Metal Mirror making, laminated woodwork, toys and dolls making, lace and embroidery, lacquerware, ivory, horn, wood, coconut shell carvings, etc. are the important handicrafts of this State. There are about 15,000 persons employed in 3,000 establishments in these crafts. There are about 300 Handicraft Co-operatives in the State.

With a view to developing the handicrafts industry in Kerala, boost the export of handicraft articles and render assistance to the artisans both in the co-operative sector and outside, the "Handicrafts Development Corporation of Kerala Private Ltd.," has been registered in November 1968. The authorised capital is Rs. 50 lakhs divided into 50,000 equity shares of Rs. 100 each. Government propose subscribing to shares worth Rs. 20 lakhs at present.

Handloom Industries: Total No. of looms in the State: 1,20,000; Total No. of looms in the Co-operative fold (Regd.) as on March 31, 1966: 45,401; Total No. of looms registered outside Co-operative fold as on March 31, 1966: 63,596; Total No. of societies in the State as on March 31, 1967: 401; Total No. of individual members as on 30th June 1967: 51,808; Total paid-up share capital as in June 1967: Rs. 32,01,515; value of goods produced in all the societies: Rs. 2,55,59,820; the amount of sales: Rs. 2,46,03,068.

6,42,996 metres of handloom cloth were produced in 1966-67, out of which 25,582 metres were from co-operative sector. The production of powerloom cloth was 13.5 lakh metres, of the value of Rs. 15.6 lakhs.

Government of India have allotted 3,900 powerlooms to the State for installation during the Fourth Plan period. The looms are intended to be installed in the Co-operative and Private Sectors.

With a view to rendering assistance to private individuals engaged in handloom industry outside the Co-operative Sector, Government constituted the Handloom Finance Corporation with an authorised capital of Rs. 1 crore.

Cashew Industry: There are about 250 cashew processing factories in India of which nearly 75 per cent are in Kerala, employing more than a lakh workers.

Coir Industry: The important items in the programme will be the organisation of primary coir co-operatives, coir marketing societies, and societies for the manufacture of mats and mattings, ropes, bristle and mattress fibre. A model coir factory has already been organised at Beypore to modernise the manufacturing side of the coir industry. Total number of primary Coir Co-operative Societies (figures for 1966-67): 502; membership in all the Societies: 1,17,174; Paid-up share capital Rs. 17,52,551.

Khadi and Village Industries: The Kerala Khadi and Village Industries Board was constituted in August 1957 so as to help the villagers in organising co-operatives and

to give loans and grants and other technical assistance for the development of Village and Cottage Industries such as Khadi and Ambar, village oil, hand-pounding of paddy, village pottery, non-edible oil soap, handmade paper, gur, khandsari, bee-keeping, village leather, palm gur, fibre, carpentry, blacksmithy, etc. Financial assistance for the development of Khadi and 14 other village industries is being given by the Board.

The value of village industries products rose from Rs. 227.77 lakhs in 1965-66 to Rs. 236.83 lakhs in 1966-67. The production in 1966-67 was nearly 4 per cent higher than that in 1965-66. The major Khadi production Centre at Payyannur is run by the Board. The production of the Centre in 1966-67 was to the value of Rs. 8.78 lakhs. There were 3,744 spinners and 187 weavers in the centre by the end of 1966-67.

Chief minerals produced in the State: The beach sands contain the much valued and strategic mineral monazite besides five others of great economic value namely ilmenite, rutile, zircon, sillimanite and garnet. The extensive white clay deposits contribute to the ceramic industry. Other minerals available are mica, graphite, limestone, quartz-sand and lignite.

Substantial white sand reserves suitable for glass manufacture have been found in some places of Alleppey and Ernakulam Districts. Deposits of Kaolin have been found in Kundara, Quilon District and several other places in the districts of Trichur and Cannanore.

LABOUR

Names of industries in which a minimum wage is fixed: For the whole State: Rice mill, flour mill or dal mill, beedi making, cigar making, plantations (coffee, tea, rubber & cardamom), oil milling, local authorities (municipalities and Panchayats), construction and maintenance of roads and buildings, stone breaking and crushing, public motor transport, tanneries and leather manufactory, match industry, shops and establishments including hotels and restaurants, cashew industry, tile industry, printing presses, timber industry, toddy tapping, agriculture, coir manufacture, plywood industry and minor ports.

Revision of minimum wages in 1967: Match Industry, Cashew Industry, Shops and Establishments (including hotels and restaurants) and Printing Presses.

In addition to this, wages of the Municipal employees were revised on the basis of the recommendations made by the Wage Board for Municipal Employees.

Number of registered factories in the State as on 31st December 1966: 2,964; Number of working factories in the State as on 31st Dec. 1966: 2,911; Number of working factories which submitted the annual returns: 1,492; Average daily employment in the working factories submitting returns: 87,819. Total average daily employment in all the registered working factories (estimated) 1,98,465.

Number of accidents in registered factories during 1966 (including fatal cases): 2,556.

Number of fatal accidents: 7.

Number of registered Trade Unions as on 31st December 1966: 1,891.

Kerala Labour and Industrial Bureau: The Bureau will promote and co-ordinate research in labour and industrial problems, including organisational and administrative aspects. It will also foster the application of research in the development of commerce, trade and industry and for the fruitful utilisation of natural resources in the industrialisation of the State.

The Bureau has initiated an 'industry study series' intended to give wide knowledge of the problems of industrial development in general and more in particular of those concerning the economy of Kerala. The Bureau has published books on 'Cashew Industries' and 'Plywood Industries' in Kerala. A book on Match Industry in Kerala is ready for publication. The work on tile industry is in progress.

Equipment: Ploughs (wooden: 562,281; iron: 6,441); carts: 21,040; sugarcane crushers (power 175; bullocks 1,071); oil engines: 3,372; electric pumps: 2,565; tractors: 276; Ghoris (more than 5 seers: 2,058; less than 5 seers: 2,164).

LIVESTOCK 1966

(See under main article "Livestock")

AGRICULTURE

The per capita extent of cultivated area is 0.11 hectare (1966-67).

Foodcrops: Rice, jowar, ragi, other cereals and millets, tur, other pulses, sugarcane, pepper, chillies, ginger, turmeric, cardamom, betelnut, mango, citrus fruits, banana (including plantains), cashewnut, tapioca, sweet potato and onion.

Main cash crops of the State: Coconut, Arecanut, Tea, Coffee, Cardamom, Rubber, Pepper, Gingelly, Cotton, Turmeric, Sugarcane, Ginger, Lemon grass, Groundnut and Cashewnut.

Equipment (agricultural 1966): Wooden ploughs 4,75,930; Iron ploughs 17,179; Carts 16,309; Sugarcane Crushers (power) 457; Sugarcane Crushers (bullocks) 989; Oil engines 6,824; Electric pumps 4,869; Tractors 418; Ghanies (more than 5 Kgms.) 692; Ghanies (less than 5 Kgms.) 628.

LAND REFORMS

The Kerala Land Reforms (Amendment) Bill, 1968, further to amend the Kerala Land Reforms Act, 1963 has been under consideration of the State Legislative Assembly.

Foreign Aid: The Swiss Government will grant 1,640,000 Swiss francs for carrying out the first stage of a farming development project in Kerala which has been located in the High Ranges.

FISHERIES

See article on 'Fisheries' for details.

FORESTS

The figures relate to 1964-65.

Total forest area in State: 4,088 sq. miles 140 acres; Reserved forests 8,833 sq. km. 38.6 Hectares; reserved lands 142 sq. km. 65.8 Hectares; proposed for fuel and fodder reserves 1 sq. km. 16.5 Hectares; private forests proposed to be acquired 612 sq. miles approximately or 1,590 sq. km.

Location of forests: The main forest tract lies north to south, along the Western Ghats, forming the eastern boundary of the State.

Revenue from the forests: Rs. 5,23,66,036; expenditure: Rs. 1,35,61,607.

Main forest produce: Timber, firewood, bamboos, reeds and ivory.

Quantity of each variety: Timber (round logs) 2,84,662 cum.; Poles 2,49,581 nos.; Firewood 1,35,403.756 tons; Bamboos 90,34,460 nos.; Charcoal 58,690 bags; Ivory 1,342.026 kgs.

TRANSPORT

Total mileage of roads: 15,220 km.

National Highways 448 km.; State Highways 2,470 km.; District Roads 6,608 km.; Village Roads 5,694 km.

Total mileage of waterways: 1,116 miles (Navigable length of rivers 521 miles; navigable length of canals and cross canals 595 miles).

Total number of aerodromes: Two.

Particulars of Ports: Major Ports: 1—Cochin; Intermediate ports: 2—Alleppey and Calicut; Minor Ports: 9—Trivandrum, Quilon, Kollthottam, Ponnani, Badagara, Tellicherry, Cannanore, Azhikkal and Kasargod.

Number of ports and harbours: 11.

Railways (March 31, 1964): Kilometrage: 886.73. (Broad gauge 553.26 and Metre gauge 333.47).

Number of broadcasting stations: 2.

Kerala State Road Transport Corporation:

Capital invested: Rs. 579.04 lakhs (as on 31-3-1966)

Figures for the following items are as on 31-12-1966:

Number of routes : 831.

Route kilometreage : 28,577.

Number of buses owned : 1,106.

Number of lorries owned 64.

Number of other vehicles : 56.

Total number of employees : 10,726 (including daily rated employees).

Passenger earnings (Jan. 1968) : Rs. 85,96,125.

Kilometres operated per day by buses : 2,40,596.

Kilometres operated per day by lorries : 2,832.

Number of persons transported per day : 6,51,816.

Total amount of goods carried : about 16 lorries of 5 tons each a day.

Capital invested : Rs. 684 lakhs.

POWER PROJECTS

Projects in Operation

Pallivasal H. E. Project : In the high ranges in Devicolam below Munnar. Started in 1940. Installed capacity 37,500 kW. Actual production during 1967-68 : 206.21 million units.

Sengulam Hydro-Electric Scheme : The power station is located at Vellathuval below Pallivasal and is a tail race development of Pallivasal scheme. The installed capacity is 48,000 kW. Production during 1967-68 : 118.77 million units.

Poringalkuthu Hydro-Electric Scheme : The power station is located at Poringalkuthu on the Chalakudy river in Trichur District. The installed capacity now is 32,000 kW comprising four generating sets of 8,000 kW each. Production during 1967-68 : 172.44 million units.

Neriamangalam Hydro-Electric Scheme : The power station is located at Panamkutti on the right bank of the Periyar river. The installed capacity of the station is 45,000 kW comprising 3 generating units each of 15,000 kW. The production during 1967-68 : 223.27 m. units.

Panniar Hydro-Electric Scheme : The power house is located on the left bank of the Muthirapuzha river almost opposite to the Sengulam power house. The power station has an installed capacity of 30,000 kW comprising two units each of 15,000 kW. Production during 1967-68 : 60.90 million units.

Sabarigiri (Pamba) Hydro-Electric Project : This envisages development of power from the waters of the Pamba and Kakki rivers. The project was inaugurated on Aug. 28, 1967. The power station has an installed capacity of 300,000 kW, consisting of six units of 50,000 kW each, involving an expenditure of Rs. 40 crores approximately.

The project involved the construction of a 171-ft. high dam across Pamba river, and a 360-ft. high dam across Kakki river, with a saddle dam and inter-connecting tunnel, 10,524 ft. long, between Pamba and Kakki reservoirs.

The head-race tunnel, about 18,000 ft. long, having a capacity of 1,970 cusecs, took off from Kakki reservoir. The project was executed with loan from U.S. AID (Agency for International Development).

4 units of 50 MW capacity each were commissioned between April 1966 and June 1967. The remaining 2 units were commissioned in October and November 1967. During the year 1967-68 the Station generated 521.18 million units.

The present installed capacity of the Hydro Electric Stations in the State is 546,500 kW. The energy output from the hydro electric stations during the year 1967-68 was 1,407 million units.

Sholayar Hydro-Electric Scheme : This scheme is located on the bank of the Sholayar river, a tributary of the Chalakudy river in Trichur District. The generating station has three sets each of 18,000 kW capacity. The estimated cost of the scheme is Rs. 650 lakhs. The first unit of 18,000 kW capacity was commissioned in May 1966. The remaining two units were commissioned in January and May 1968. Production during 1967-68 was 103.7 million units.

Projects of the Third Five-Year Plan

Idikki H. E. Project : This is the largest hydro electric scheme planned for execution in the State with Canadian assistance having an installed capacity of 780,000 kW. The first stage of the scheme estimated to cost Rs. 6,820 lakhs will have an installed capacity of 390 MW, developing firm power of 210 MW at 100 per cent load factor. The scheme after completion will irrigate 115,000 acres in Thodupuzha, Meenachil and Vaikom Taluks and will be located in the Kottayam and Ernakulam Districts across the Periyar River. The first unit of 130 MW capacity is expected to be in service by the end of 1971.

Kuttiadi H. E. Project : The project envisages power development from the Kuttiadi river in Malabar area of this State. The scheme estimated to cost Rs. 736 lakhs will contribute 245 million units to the energy potential of the grid. The power station will have an installed capacity of 75,000 kW comprising three units of 25 MW each.

It is proposed to inter-connect the Kerala and Madras power systems through a 220 kV transmission line during 1968-69. The 220 kV inter State line was to be commissioned by the end of 1968.

Transmission lines have been constructed in the Malabar area of the State and a major portion of the load in this area is being met from the Kerala grid. Power is being purchased from Mysore for distribution in Malabar area through a temporary 110 kV inter-State link.

Projects in the Fourth Five-Year Plan :

Eight new H.E. Projects including the second stage expansion of the Idikki H.E. Project are proposed to be taken up during the IV Plan. It is also proposed to take up the installation of a 55 MW thermal station during the IV Plan.

IRRIGATION

Major Irrigation Schemes : The following are the major irrigation projects :

Name of Scheme			Estimated cost in Rs. lakhs	Area to be served in acres
1.	Malampuzha	580.00	47,600
2.	Walayar	131.66	8,000
3.	Mangalam	106.00	8,000
4.	Vazhani	107.57	8,810
5.	Peechi	235.00	43,380
6.	Chalakudy (1st stage)	153.25	28,400
	(2nd stage)	60.00	20,250
7.	Neyyar (1st stage)	226.00	19,000
	(2nd stage)	170.00	10,000
8.	Gayathri	220.00	13,500
9.	Kallada	1,328.00	1,30,000
10.	Pamba	863.12	33,900
11.	Kuttiadi	496.04	36,000
12.	Kanjirapuzha	365.10	24,000
13.	Chittoorpuzha	105.63	27,800
14.	Pazhassi	442.40	40,000
15.	Pothundy	234.25	11,000
16.	Cheerakuzhy	90.76	4,000
17.	Periyar Valley	640.00	63,300

IRRIGATION—(Contd.)

Name of Scheme	Estimated cost in Rs. lakhs	Area to be served in acres
<i>Land Development Schemes :</i>		
1. Thannirmukkom Regulator	313.00	1,21,000
2. Kattampally	52.81	4,000

Of the above schemes Malampuzha, Walayar, Mangalam, Vazhani and Peechi Schemes and the 1st stage of Chalakudy have been fully commissioned.

Besides these, the schemes viz., Chalakudy second stage, Neyyar second stage, Gayathri (Meenara including Chulliar), Pothundy, Cheerakuzhy and Periyar Valley were started during the Second Five Year Plan and the scheme Chalakudy second stage has been commissioned. Gayathri scheme first stage has been completed. Schemes viz. Chulliar (Gayathri 2nd stage), Neyyar I & II Stages and Cheerakuzhy are nearing completion. Both the schemes are in good progress. Periyar Valley has been partially commissioned. Work in Pothundy project nearing completion.

Six new projects had been taken up for execution during the Third Five Year Plan and they are Kallada, Pamba, Kuttiadi, Kanjirapuzha, Pazhassi and Chittoorpuzha. Works in these projects are in various stages of progress.

Work relating to the regulator at Thannirmukkom, the Second stage of the Kuttanad Development Scheme is in progress and the Kattampally Project is completed. When the second stage of the Kuttanad Development Scheme is completed, an area of about 1,21,000 acres will be benefited in the Kuttanad area.

Shipyard : The work on the second shipyard at Cochin is expected to start during the Fourth Plan period.

The Union Government proposes to build at Cochin ocean-going steamers with 20,000-ton displacement.

Land Tenure : There are a number of land tenure systems in the State. Janmam lands, Pandaram, Kanapattam, Verumpattam, Adima, Anubhogam, etc., are some of these.

Panchayati Raj : Elected panchayats are now functioning all over the State.

EDUCATION

Particulars showing the number of students in schools run by Government and private bodies respectively within brackets for 1966-67 were as follows :—

Number of students under instruction 43,28,638 (23,33,938 boys, 19,94,700 girls); Percentage of the total number of pupils under instruction to the total population : 22.62.

Percentage of literacy (1961 Census) : 46.2.

18.87 lakhs of children participated in the CARE feeding programme and an amount of Rs. 45.33 lakhs has been spent during 1966-67.

Gross expenditure on General Education during 1966-67 : Rs. 28,40,47,757.51.

SPECIAL SCHOOLS

Strength of students in each category of Spl. Schools with classification of boys and girls respectively in brackets are as follows :—

Nursery Schools 8,442 (4,248 boys and 4,194 girls); Schools for the handicapped 455 (350 boys and 105 girls); Training Schools 14,526 (5,288 men and 9,238 women).

DISTRIBUTION OF INSTITUTIONS

Number of educational institutions under each category with number of Govt. institutions in brackets respectively are as follows :—

Secondary High School 1,265 (391); Post Basic Schools 3 (—); Anglo Indian Schools 7 (—); Upper Primary Schools 2,402 (756); Senior Basic Schools 71 (22); Anglo Indian U.P. Schools 2 (2); Lower Primary Schools 6,571 (2,695); Junior Basic Schools 361 (166); Anglo Indian L.P. Schools 1 (—); Basic Training Schools 104 (31); Anglo Indian Training Schools 1 (—); Nursery Training Schools 3 (3); Pre-Primary Schools 155 (23); Fine Arts Schools 2 (2); Schools for the Handicapped 7 (5); Hindi Training College 1 (1); Basic Training College for teachers 1 (1); Language Teachers Training Centre 5 (5); Total 10,962 (4,101).

For educational statistics see under "Educational Statistics".

Total number of arts and science colleges (Govt.) as of December 1965 : 10; Govt. Training Colleges 4; Govt. Physical Education Colleges 2; Govt. Sanskrit Colleges 3; Govt. Music College 1; Govt. Music Academies 2.

No. of technical institutes in Kerala State under the Directorate of Technical Education : *Public Sector* : Ten. *Private Sector* : Six.

Craft education in various subjects such as bookbinding, cutting and tailoring, coir work, rattan work, gardening, spinning and weaving, fishing, wood work, etc., has been introduced in all the upper primary and secondary schools, the subjects chosen in each school being dependent upon the availability of raw materials and local conditions.

PUBLIC HEALTH

Figures as on 1-1-1967 :

Number of medical institutions 484; Government hospitals 103; Govt. dispensaries 216; Primary health centres (including M. C. H. Centres) 163; grant-in-aid institutions 14; secondary health centres 1; mobile dispensary 1; beds (Govt.) 17,926; beds (grant-in-aid) 1,140; out-patients treated 2,32,24,990; in-patients treated during 1965 8,05,448; out-patients treated in grant-in-aid institutions 2,71,262; in-patients treated in grant-in-aid institutions 16,767.

FOURTH FIVE-YEAR PLAN

(See under main article on "Fourth Five-Year Plan".)

UNIVERSITY OF KERALA

Trivandrum.

(The University of Travancore was reconstituted as the University of Kerala with effect from 30th August 1957).

Chancellor, V. Viswanathan (*Governor of Kerala*). *Pro-Chancellor*, C. H. Mohammed Koya, Minister for Education, Kerala. *Vice-Chancellor*, Dr. A. Aiyappan, *Registrar*, A. Sreedhara Menon, M.A., A.M. (Harvard).

Type of University : Teaching and Federal.

Subjects in which there is provision for post-graduate teaching and or research courses leading to the M.A., M.Sc., Ph.D. and D.Sc. Degrees : English, History, Economics, Politics, Philosophy, Psychology, Social Work, Sociology, Education, Mathematics, Physics, Applied Physics, Chemistry, Applied Chemistry, Analytical Chemistry, Botany, Genetics & Plant Breeding, Zoology, Statistics, Geology, Home Science, Demography, Malayalam, Tamil, Sanskrit, Hindi, Linguistics, Marine Biology, Oceanography, Law, Engineering, Medicine; Dental Surgery, Commerce and Agriculture.

Number of colleges under the University : Arts and Science Colleges 49 ; Professional Colleges 25 ; Colleges under the Faculty of Oriental Studies 3 ; Junior Colleges 26.

Total number of students in the University during 1967-68 : 99,199 (Men 59,621 ; Women 39,578).

Medium of instruction : English.

Finance :

The year 1966-67 opened with a balance of Rs. 9,86,791. The total receipts during the year, under Govt. grant, fees and miscellaneous accounts amounted to Rs. 1,64,54,718.

The total expenditure during the year under the various heads came to Rs. 1,54,19,030. The closing balance for the year came to Rs. 20,22,479.

The colleges in the Trichur, Palghat, Kozhikode and Cannanore (51 Nos.) and other teaching departments (4) at the University Centre, Calicut are under the Control of the Calicut University with effect from June 23, 1968.

ADMINISTRATIVE PERSONNEL

(See under States Administrative Personnel).

LACCADIVE, MINICOY AND AMINDIVI ISLANDS

H EADQUARTERS : Kavaratti Island. *Administrator*, C. H. Naire, I.F.A.S.

Secretary, P. M. Joseph.

Area : 11 sq. miles ; Pop. : 24,108 (1961 census). Sex ratio : 1,020 females per 1,000 males. Density : 2,192 per sq. mile. Literacy : 23.3 per cent.

Island	Area	Population	Density per sq. mile.
Minicoy ..	1.75 sq. miles	4,138	2,360
Kalpeni ..	1.02 sq. miles	2,613	3,393
Androth ..	1.67 sq. miles	4,183	2,504
Agatti ..	1.08 sq. miles	2,411	2,232
Kavaratti ..	1.35 sq. miles	2,828	2,095
Amini ..	0.97 sq. mile	3,531	3,640
Kadmat ..	1.17 sq. miles	1,851	1,582
Chetlat ..	0.39 sq. mile	953	2,451
Kiltan ..	0.62 sq. mile	1,520	2,443
Bitra ..	0.05 sq. mile	80	1,600

The Laccadive, Minicoy and Amindivi group of Islands form a small sprawling group of coral islands in the Arabian Sea, lying between the latitudes of 8° and 12° north lat. and they now constitute a Union Territory under an Administrator.

Ten of the islands are inhabited out of a total number of 20. Minicoy, Kalpeni, Kavaratti, Agatti and Androth lie in the Laccadive group and Amini, Kadmat, Kiltan, Chetlat and Bitra in the Amindivi group.

The islands lie from north to south, Minicoy being the southernmost and Chetlat the northernmost. They are within 20 to 114 miles away from one another except Amini and Kadmat which are only six miles apart. The islands lie 125 to 250 miles off the Kerala coast.

Mainly as a result of isolation, the Islanders have remained backward economically. They have been declared 'Scheduled Tribes' but in reality are far more advanced than tribes elsewhere.

The Judiciary of the Union Territory is under the jurisdiction of the Kerala High Court. The LM & A Islands (Civil Courts) Regulation which came into force from November 1967, have replaced the traditional courts of Village headmen which functioned in the Territory, by regular courts. There are now four Munsiff Courts and one court of the Subordinate Judge for the administration of Civil Justice, and four Sub-Magistrates Court and one District Magistrate's Court for the administration of Criminal Justice in the Territory. The sessions

jurisdiction is vested in the Sessions Judge of Tellicherry in Kerala State.

For the first time one member has been elected to the Lok Sabha from the Islands in the General Election held in Feb. 1967. Till 1967 there was a nominated member from this Territory in the Lok Sabha.

ECONOMY

The main industry on the islands is production of coir.

During the Second Plan about 800 people were trained in improved methods of coir twisting on charkas at the Coir-cum-Training-cum-Production centres. A handloom weaving centre was started at Agatti during 1960-61. A few islanders have been trained in weaving and they produce clothing to meet local needs. An oil mill has been started in Kavaratti under the Co-operative Sector, during 1966. A hosiery factory has been set up in Kalpeni. A unit for the manufacture of curled fibre from coconut husks is under erection in Androth Island.

AGRICULTURE

The only agriculture on the islands is coconut cultivation. Cultivation of coconuts is now done scientifically with departmental advice and direction.

ANIMAL HUSBANDRY

Six poultry units and a model poultry farm were started during the IInd Plan. There are a farm and a veterinary hospital at Kavaratti and a new poultry farm has been opened at Androth Island also. Good quality bucks are supplied to all islands to improve goat rearing. A Dairy Farm has also been opened in Kavaratti island.

FISHERIES

Fisheries development has been taken on a fairly big scale. On Minicoy, the bonito or mass fishing forms an important and valuable industry. This industry has been extended to Kavaratti and Agatti Islands.

A small unit for canning tuna fish was opened at Agatti Island. Another canning unit is expected to be opened at Minicoy shortly. In order to popularise modern fishing techniques, the Fisheries Department has been giving modern fishery requisites to the people at subsidised rates. The Department has a Boat Building Yard where all types of mechanised boats required in the Territory are now built.

CO-OPERATION

All the Islands have now Co-operative Societies, which supply the consumer goods needed by the islanders. They also market the island's products like copra on the mainland markets. During 1966-67 consumer goods worth

Rs. 37.5 lakhs were supplied by the co-operative societies and the total value of copra marketed through them came to Rs. 28 lakhs. A Co-operative Marketing Federation has been registered in 1966 to centralise marketing activities of the various Co-operative Societies in the Islands.

PUBLIC HEALTH

Leprosy was on the increase in two islands, Minicoy and Androth which have now been brought under control. A leprosy colony started in 1952 at Androth with the aid of a local committee has been taken over by the Government.

In Minicoy too there is a leprosy colony. At Kadmat another colony was started on Sept. 22, 1960. The spread of this dire disease has been brought under control. Filariasis has also been brought under control. A recent survey has shown that the overall rate of filariasis has come down from 14.8 per cent in 1951 to 6.08 per cent.

There are two hospitals at Kavaratti and Minicoy and seven primary health centres in the Union Territory at present. Each Island has a Medical Officer. In addition to this, there is one Lady Medical Officer each for Minicoy and Kavaratti and another for the remaining Islands.

Medical aid is free in all the islands. Acute cases which cannot be treated in the islands are brought to the mainland and the patient is provided facilities to get free medical aid and the expenses.

EDUCATION

There are three high schools, one higher secondary school, 10 senior basic schools, 18 junior basic schools, six nursery schools in the islands at present. When the Administration took over in 1956 there were only nine incomplete elementary schools. From 1,521 students in 1956-57, the strength has increased to 5,497 in 1966-67. The number of teachers has increased from 14 to 286 in 1966-67.

Education is free at all stages. For those going to colleges scholarships are given and free boarding and lodging facilities

are provided. There are at present 111 scholarship holders for post-matriculate courses of which 12 are for M.B.B.S., two for B.Sc. Engineering, one for B.Sc. Agriculture, 10 for various degree courses, 33 for pre-degree courses and the remaining for Arts and Science and other professional courses.

TRANSPORT AND COMMUNICATIONS

The normal communication to the islands is by means of island sailing boats during the months of October to May when the islanders buy all their requirements from the mainland and sell their produce especially copra, coconuts, cadjan leaves, vinegar, palm gur, dried fish and coir in the mainland markets. For the rest of the year the islands practically used to be cut off from any contact with the mainland.

The Administration has now its own ship "M. V. Laccadives" which costs about Rs. 30 lakhs for service to the islands. She can provide accommodation for 39 passengers and carry 100 tons cargo. One more motor vessel has also been chartered for Laccadives Service. A small power launch has also been purchased by the Administration for inter-island communication of touring officials. It is proposed to buy a more powerful launch for this purpose.

Every inhabited Island has a wireless station except the tiny Island of Bitra where the population is less than 100.

There are post offices in all the islands and money order facilities have been provided.

POWER

It is proposed to electrify all the islands by the end of the Fourth Five-Year Plan. So far electricity has been introduced in five islands, viz : Minicoy, Amini, Kavaratti, Androth and Kalpeni Islands.

FOURTH FIVE-YEAR PLAN

(See main article).

MADHYA PRADESH

Area : 171,217 square miles.

Population (1961) : 32.37 million. Percentage of increase 1951-61 : 24.17 ; density 189 ; sex ratio 953 females for every 1,000 males ; literacy 17.1 per cent. For district population see under "Population".

Main languages spoken in the State are : Hindi, Urdu, Marathi, Rajasthani, Gujarati, Sindhi.

ADMINISTRATIVE SET-UP

The State has been split up into the following seven divisions namely Bhopal, Bilaspur, Gwalior, Indore, Jabalpur, Raipur and Rewa. The following are the names in italics of the headquarters of the divisions with the area in sq. miles of each division and names of districts (headquarters in brackets) under their charge :—

- (1) *Bhopal* (22,233) : Raisen (Raisen) ; Hoshangabad (Hoshangabad) ; Betul (Betul) ; Rajgarh (Rajgarh) ; Shajapur (Shajapur).
- (2) *Bilaspur* (21,305) : Bilaspur (Bilaspur) ; Raigarh (Raigarh) ; Surguja (Ambikapur).
- (3) *Gwalior* (17,253) : Gwalior (Gwalior) ; Bhind (Bhind) ; Morena (Morena) ; Shivpuri (Shivpuri) ; Guna (Guna) ; Datia (Datia).

- (4) *Indore* (27,341) : Indore (Indore) ; Ratlam (Ratlam) ; Ujjain (Ujjain) ; Mandsaur (Mandsaur) ; Dewas (Dewas) ; Dhar (Dhar) ; Jhabua (Jhabua) ; West Nimar (Khargone) ; East Nimar (Khandwa).

- (5) *Jabalpur* (29,326) : Jabalpur (Jabalpur) ; Balaghat (Balaghat) ; Chhindwara (Chhindwara) ; Seoni (Seoni) ; Sagar (Sagar) ; Mandla (Mandla) ; Damoh (Damoh) ; Narsimhapur (Narsimhapur).

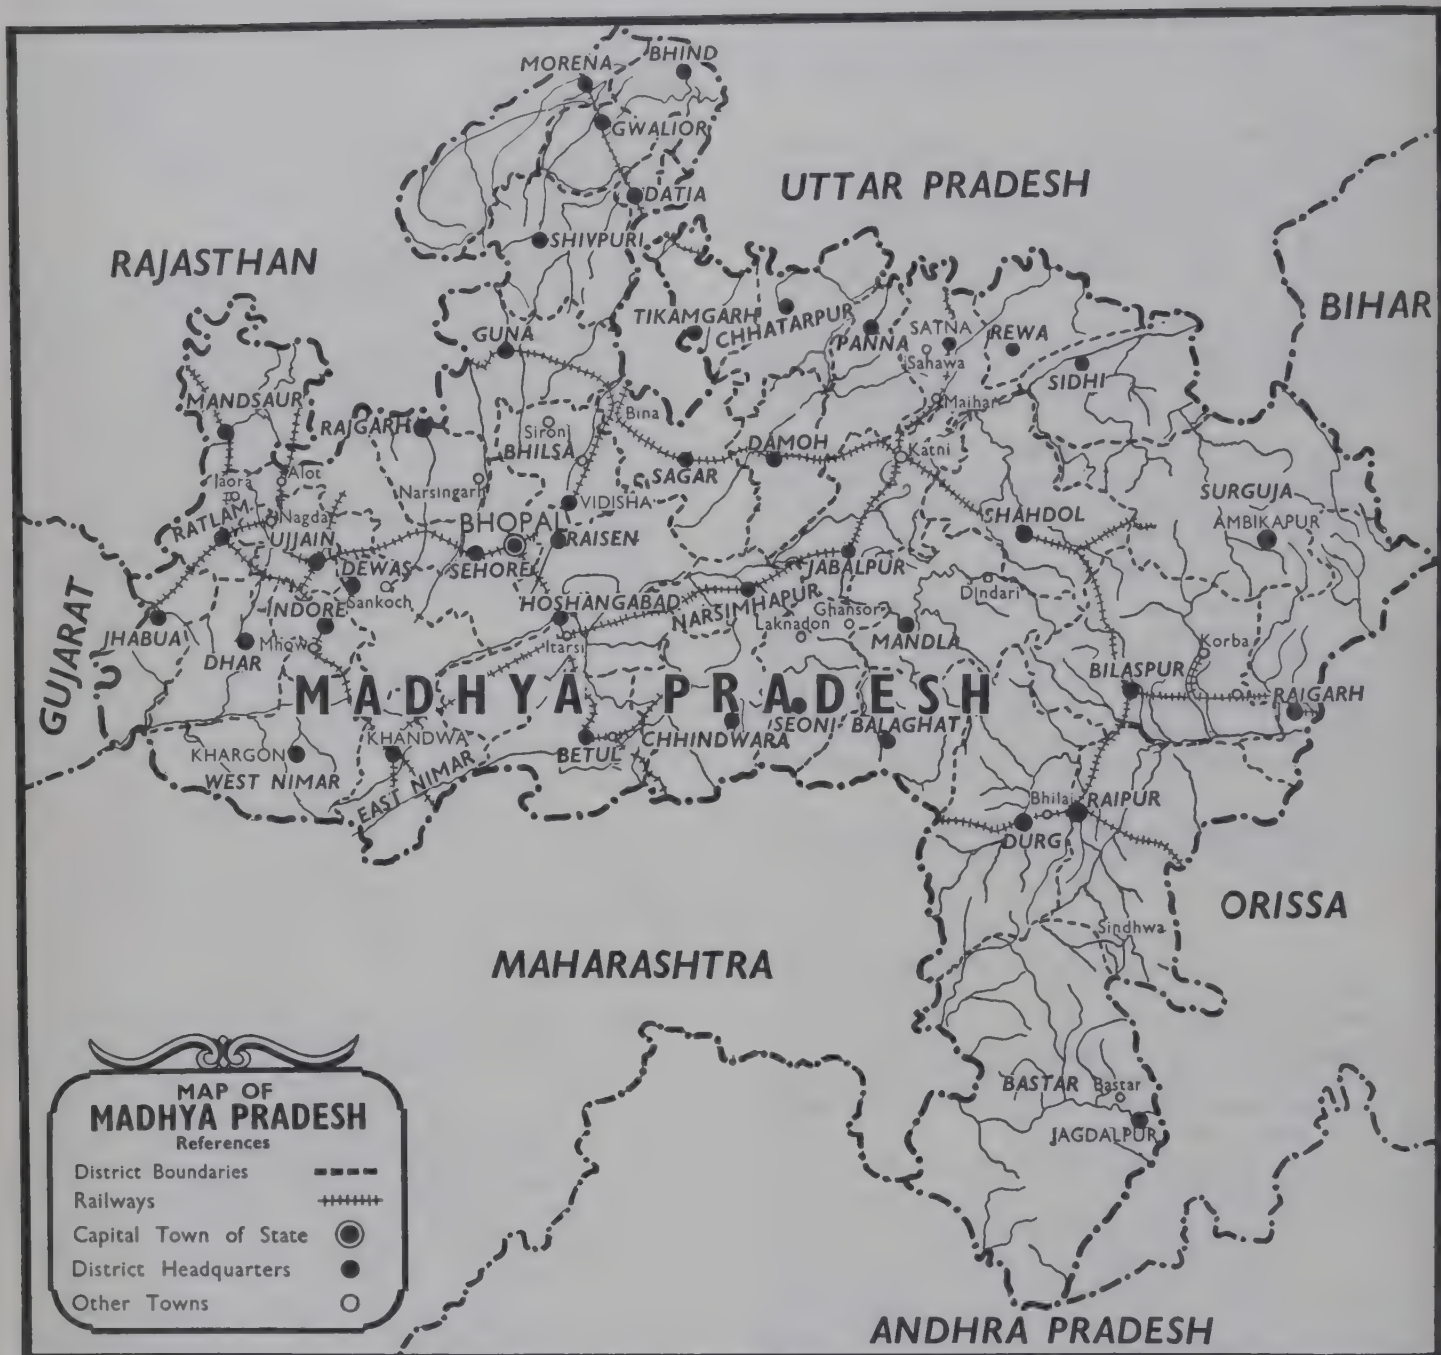

- (6) *Raipur* (30,914) : Raipur (Raipur) ; Bastar (Jagdalpur) ; Durg (Durg).

- (7) *Rewa* (22,845) : Rewa (Rewa) ; Sidhi (Sidhi) ; Satna (Satna) ; Panna (Panna) ; Chhatarpur (Chhatarpur) ; Tikamgarh (Tikamgarh) ; Shahdol (Shahdol).

Number of Districts 43 ; Number of Tahsils 190 ; Number of Municipalities 160.

PANCHAYATS

The Madhya Pradesh Panchayat Act 1962 envisages a three-tier system of panchayats, viz., Gram Panchayats at Village Level, Janpada Panchayats at Block Level and Zila Panchayats at District Level.

"Based upon Survey of India map with the permission of the Surveyor-General of India."

"© Govt. of India Copyright 1961"

For the purpose of constituting Gram Panchayats, the State has been divided into 12,801 Gram Sabha areas, comprising 1,81,448 wards. The 12,801 Gram Panchayats have started functioning in 1965. Out of these, two have been converted into Municipal Councils.

2,373 Nyaya Panchayats have been established in July 1966 under the new Act.

FOREST

About 2/5th of the State's lands are classed as forest, out of which 66,000 sq. miles are in charge of the State Forest Department for management. Forest area per thousand persons works out to 1,660 acres. Roughly the State contains about 14,500 sq. miles of teak forest,

another 16,000 sq. miles of 'Sal' forest and the remaining 35,500 sq. miles of mixed forest, the large area of which may grow teak. Other important species are Bija, Saj, Tinsa, Salai, Semal and Haldu. An amount of Rs. 757.63 lakhs was spent on various forest development schemes during last three Five-Year Plans. State trading of tendu leaves has been introduced to augment the revenue. The State forests yielded a revenue of more than Rs. 16 crores during the year 1965-66 as compared to Rs. 6.14 crores in the year 1956-57.

MINERALS

Madhya Pradesh is one of the richest States in the country in mineral resources.

Place of occurrence, estimated reserve and production & value of major category of minerals in the State during 1967.

Minerals	Districts of Occurrence	Estimated reserve in million tons	Production in lakh tonnes	Value Rs. in lakhs
Iron Ore	Bastar, Durg, Jabalpur & Gwalior	1,564.00	47.62	336.67
Manganese Ore	Balaghat, Chindwara, Jhabua, Jabalpur, Mandla and Seoni	55.00	2.82	287.98
Bauxite	Surguja, Bilaspur, Shahdol, Jabalpur, Bastar, Raigarh and Mandla.. ..	33.00	1.67	16.91
Lime Stone & Dolomite	Durg, Bilaspur, Satna and Jabalpur	1,601.56 80.00	36.46 4.49	313.55 41.33
Coal	Sidhi	8,210.00	107.65	3,167.87
Diamond	Panna, Satna	4.62 (a)	76.26(b)	31.67

OTHER IMPORTANT MINERALS

Minerals	District of occurrences	Production in tonnes 1965 (R) 1966 (P)
Fireclay & Chinaclay	Jabalpur, Chhindwara, Bilaspur, Mand-saur, Satna, Shahdol, Nar-simhapur, Sidhi, Bastar & Surguja districts	1,02,304 69,460
Ochres	Jabalpur, Satna, Gwalior, Panna, Rewa districts	17,518 12,204
Silica sand & Quartz	Morena, Dewas, Satna, Rewa, Jabalpur, Vidi-sha and Durg districts	33,008 25,983
Steatite	Jabalpur, Jhabua & Durg districts	9,569 5,057
Shale	Mandsaur and Satna districts.	2,77,789 (boxes) 3,02,519 (boxes)

(R) Revised (P) Provisional

The total value of all minerals produced in the year 1967 was Rs. 42.42 crores as against Rs. 36.04 crores in 1966.

(a) million carats (b) carats

TRANSPORT (As on 31st August 1968)

The Madhya Pradesh State Road Transport Corporation is operating bus services on 840 routes by pressing into service 1,537 vehicles. These vehicles cover a daily run of 3,30,932 kms. per day and carry approximately 3 lakh passengers daily.

MEDIUM AND LARGE-SCALE INDUSTRY

Main medium & large-scale industries of the State with location in brackets:—

Cotton Textiles (Indore 7, Gwalior 2, Ujjain 3, Mandsaur 1, Dewas 1, Ratlam 1, Bhopal 1, Burhanpur 1, Rajnandgaon 1, Jabalpur 1, Sanawad 1); News Print Paper Mill (Nepanagar); Cement (Banmore, Kymore, Satna, Jamul); Sugar (Jaora, Dalauda, Mehidpur, Dabra, Sehore); Pot-teries (Gwalior, Ratlam, Jabalpur); Refractories (Jabalpur, Katni, Newar); Iron and Steel (Bhilai); Heavy Electrical equipment (Bhopal); Jute Mill (Raigarh); Art Silk Fabrics (Indore, Gwalior, Ujjain, Nagda); Staple Fibre Yarn (Nagda); Viscose Staple Fibre (Nagda); Sulphuric Acid (Nagda, Kumhari); Superphosphate (Kumhari); Carbon-di-Sulphide and Anhydrous Sodium Sulphate (Nagda); Glue (Bhopal); Asbestos Cement Sheets (Katni); Roller Flour Mill (Indore, Ujjain, Bhopal, Ganj Basoda, Raipur); Biscuits (Indore, Gwalior); Textile Machinery (Gwalior); Welding Electrodes (Raipur, Indore); Power Driven Pumps (Dewas); Steel Castings (Indore, Kumhari, Raipur); Re-rolling Mill (Kumhari, Raipur, Indore, Ujjain, Bangrod); Vegetable Oil (Dewas, Khandwa, Ujjain, Ganj Basoda); Vanaspati (Indore); Alcohol (Ratlam, Burwaha); Valves (Bhopal); Densified Wood (Bhopal); Cables (Satna); Police Boots (Morar); Straw Board (Bhopal, Ratlam); Glass (Jabalpur); Starch (Mandsaur).

The Cotton Textile Industry in the State has 12,539 looms and 5,28,080 spindles in 20 mills (12 composite, and 3 spinning).

The State-owned Cotton Spinning Mill at Sanawad has been licensed to expand their capacity from 12,500 spindles to 25,000 spindles and this is in progress. A licence has also been given for a co-operative Cotton Spinning Mill for 12,500 spindles at Burhanpur.

The biggest cement factory in the country is situated at Kymore near Katni. Other cement factories are at Banmore, Satna and Jamul. Messrs. Audh Sugar Mills have been licensed to set up a unit at Maihar, District Satna, to produce two lakh tonnes of cement per year. Work is fast progressing.

The country's only Newsprint paper mill is situated at Nepa Nagar with a rated capacity of 30,000 tonnes per annum. A licence has been given to expand its capacity upto 75,000 tonnes per year of newsprint and this is under progress.

The paper plant, the biggest in Asia having a single unit capacity of 200 tonnes of paper daily has been set up at Amlai in District Shahdol.

The Public Sector Steel Plant has also been licensed to expand the capacity from 2.5 million tonnes per annum to 3.2 million tonnes.

The State-owned Ratlam Alcohol Plant has been licensed to set up a unit to manufacture Carbon-di-Oxide. There is a cable factory at Satna with an investment of Rs. 175 lakhs.

A steel casting factory with 3,000 tonnes capacity has commenced production at Kumhari (Durg).

Messrs. Indore Wire Co. Ltd., Indore licensed to produce 3,000 tonnes of high tensile steel wire and 900 tonnes of mild steel wire per annum respectively has commenced production.

A flour mill of 50 tonnes daily capacity has also gone into production at Manglia (Indore).

Gelatine factory having a production capacity of 1,200 tonnes per annum of gelatine is ready to go into production at Jabalpur.

A moped (Scooter) unit has been established with German collaboration and is almost complete at Gwalior. The unit will produce 7,500 Nos. of mopeds per year and has applied for expansion.

The other important industries for which licences have been given under the Industries (Dev. & Reg.) Act, 1951 for this State are:—Staple fibre manufacturing plant (Nagda), A.C.S.R. Conductors (Gwalior), Transmission Towers (Indore) and Oxygen Gas (Indore, Bhopal).

COTTAGE INDUSTRIES

The State is also famous for traditional village and home crafts. The Handloom Industry has earned a good reputation for its Chanderi and Maheshwari Saris, Kosa Silk and other traditional fabrics. The well-known Handicrafts are printing (Chunari, Handa), leather toys, papier maché, lacquerware articles, rug dolls, Sari supari works, soft stone work, Bhopal zari purses, cow dung toys of Sheopur, stone carving at Gwalior, bell metal articles of Jagdalpur, leather crafts, screw pine articles, palm leaf articles, glass bead, lac ornaments and others.

Main Cottage Industries in the State with location in brackets:—Handloom (1,00,000 looms) spread all over

the State but best developed at (Chanderi, Maheshwar, Burhanpur, Jabalpur, Raipur and Sausar); Kosa Tusar silk (Raigarh, Champa, Bilaspur, Surguja); Mulberry (Indore, Jhabua, Deopur, Dhar); Fine sarees (Chanderi, Maheshwar, Burhanpur); Wood work and lacquerware (Sheopur, Sabalgarh, Budhni, Rewa, Gwalior); Wooden toys (Rewa, Bhopal, Gwalior, Ratlam); Soft-stone (Jabalpur, Chhatarpur); Lac (Seoni, Raipur, Bilaspur, Umaria and Rewa); Saw Milling (Betul, Bhopal, Balaghat, Bilaspur, Raipur, Indore, Jabalpur, Sagar and Mandla); Brassware (Balaghat, Chhindwara, Indore, Gwalior, Raipur and Chhatarpur); Textile handprinting (Ujjain, Mandasaur, Morena, Indore, Hoshangabad); Diamond cutting and polishing (Panna); Papier Maché (Gwalior, Ujjain, Indore); Zari embroidery (Bhopal); Art metalware (Bastar, Betul, Hoshangabad, Satna, Mandla).

LIVESTOCK (1966-67)

Cattle 2,33,32,159; Buffaloes 55,80,147; Sheep 9,42,417; Goats 59,04,619; Horses & Ponies 1,44,720; Other Livestock (Mules, Donkeys, and Pigs) 3,94,447; Total livestock 36,29,850.

Poultry 43,94,870.

AGRICULTURE (1965-66)

Total net area sown : 16,528,816 hectares; Total area under food crops : 14,938,432 hectares; Total net area irrigated : 976,450 hectares.

Production in tonnes : * Rice 1,700,552; Wheat 1,327,263; Jowar (Rabi) 1,313,860; Jowar (Kharif & Rabi) 479,176; Maize 166,756; Bajra 100,292; Barley 847,075; Gram 163,520; Kodon-Kutki 217,055; Tur (Arhar) 35,139; Moong & Moth (Kharif & Rabi) 96,285; Urad (Kharif & Rabi) 35,940; Kulthi (Kharif & Rabi) 135,594; Lac (Tiwra) 135,594; Masur 114,467.

CASH CROPS

Production in tonnes : * Sugarcane (in terms of Gur) 1,84,960; Groundnut 2,65,321; Linseed 70,281; Rape and Mustard 44,497; Castor 810; Tobacco 1,124; Nigarseed 42,530; Cotton (in bales of 180 kgs.) 4,92,404†.

CEILING ON AGRICULTURAL HOLDINGS

The achievements made in the implementation of the Ceiling on Agricultural Holdings Act, 1960, as far (upto July 1, 1967) are as below :

55,353 acres of land has vested in the State upto July 1, 1966. Since then 8,470 acres more land had been declared surplus upto May 1967 which was to vest in the State on July 1, 1967. Out of 55,352 acres vested land, 7,550 acres had been allotted and 5,441 acres had been leased out temporarily for one year. All the holders whose land vests in the State were paid compensation. An amount of Rs. 18,94,354 was determined as compensation on 31,852 acres vested land and Rs. 2,92,390 have already been paid.

ELECTRICITY

Madhya Pradesh in its Fourth Five Year Plan proposes to spend some Rs. 6,000 lakhs to install 55MW of generating capacity, to erect about 617 Kms. of new E.H.T. transmission lines and to electrify 75,000 irrigation pumps.

A brief description of the continuing schemes of the Third Plan and new schemes of the Fourth Plan is given as under.

* Production figures include production of non-reporting area for the respective year.

† Figures are for 1964-65.

Korba Thermal Station

The Second Plan witnessed the erection and commissioning of 90,000 kW power station at Korba to which a 10,000 kW unit was added in July 1963. In the Third Plan, 200 MW extension scheme was taken in hand, with Russian aid. All the four units, each of 50 MW, have been commissioned.

Satpura Thermal Station

Satpura Thermal Station, will have an installed capacity of 312.5 MW. Of the five units each of 62.5 MW, four units have gone in operation and the fifth is expected to be commissioned by the end of the current financial year.

Amarkantak (Birsinghpur) Thermal Station

Provided in the Second Plan and completed and commissioned during the Third Plan period, along with its associated transmission lines, this 60 MW (2 × 30 MW) station awaits further expansion upto 115 MW during the Fourth Plan, with one additional unit of 55 MW. each.

Chambal Hydel Projects

Madhya Pradesh and Rajasthan are equal partners in harnessing the power potentials of Chambal. Massive as the project is, it will have an installed capacity of nearly 400 MW, besides providing water for irrigation to a vast area on both sides of the river. It is being implemented in three stages.

Stage I—Gandhisagar Hydel Station

Under Stage I, a power station at Gandhisagar Dam in M.P. has been completed. The station has an installed capacity of 115 MW (5 × 23 MW).

Stage II—Ranapratap Sagar

This will be the largest power station of the Chambal basin with an installed capacity of 172 MW (4 × 43 MW). Taken in hand during the Third Five-Year Plan period, three of its four units of 43 MW each have been commissioned and the remaining one is expected to become operative soon.

Stage III—Jawahar Sagar

This scheme when completed will yield 99 MW of power (3 sets of 33 MW each). Work on it was initiated during the Third Plan period and is expected to become operative in 1970-71.

Transmission Grid

3,537 kilometers of main transmission line have been completed and energised. Another 248 kms. are under erection, all being spillover of the Third Plan; important among them are—Amarkantak-Morwa, and Damoh-Bijawar both of 132 KV.

The Fourth Plan will further strengthen this system by another 617 Kms. Some important lines proposed for implementation during the Fourth Plan period are Gwalior-Pichhore Ujjain-Ratlam-Nagda and Bhilai-Balaghat-Seoni 132 KV (225 Kms.). Fourth Plan proposals also include providing second circuit on some 615 Kms. of E.H.T. lines.

The sub-transmission system of 11/33 KV lines is 14,000 Km. long. Another 5,000 Kms. are proposed to be added to it during the 4th Plan.

Rural Electrification and Lift Irrigation Schemes

Rural electrification and power irrigation (lift irrigation) schemes are closely linked in the State. Of the 2,109 electrified places in the State (upto Dec. end 1968) 217 are towns.

75,000 pumps are proposed for electrification during the 4th Plan.

Particulars	End of First Plan	End of Second Plan	End of Third Plan	1967-68 end.	Fourth Plan Target
Installed capacity in MW	81.6	206	287.5	531	825
E.H.T. Transmission lines (over 66 kV)	175	1,137	2,594	3,505	4,527
Yearly generation in (M. kWh)	98.7	403.5	1,143.3	1,770.9	4,350
No. of consumers in thousands	51.3	121.5	275.9	360.2	600.0
Per capita consumption (kWh)	6.15	14	30	40	85.5
No. of towns/villages electrified	142	538	1,311	1,832	10,838
Number of Irrigation Consumers	265	1,822	7,309	16,935	105,000

EDUCATION

The figures relate to 1967-68 :

Total No. of Degree Colleges : 176 (Govt. colleges 68, Private 108).

Total No. of Teachers Training Colleges : 120 (106 B.T. Institutions, 11 Govt. Colleges of Education, 3 non-P.G.B.T. Colleges).

Total No. of Professional Colleges : 28.

(Medical 6, Engineering 9, Agriculture 6, Veterinary 3, Ayurvedic 3).

Polytechnics : 24 (14 Govt., 10 non-Govt.).

Number of Universities : 9.

PUBLIC HEALTH

Figures for 1967-68 :

Common diseases in the State : Malaria, Filariasis, Tuberculosis, Venereal diseases, Dysentery, Diarrhoea, Gastroenteritis and Leprosy.

Total No. of patients treated in the State during 1967 : 3,38,243 (Indoor) ; 1,11,41,896 (Outdoor).

T.B. Patients treated during 1967 : 1,04,806.

Number of Medical Institutions and beds at the end of the year 1967 :

Number of Hospitals & Dispensaries	..	527
Number of beds	..	14,635
Number of Medical Colleges	..	6
No. of allopathic hospitals	..	148
No. of Primary Health Centres	..	415
		(457 sanctioned)
No. of T.B. Hospitals & T.B. Sanatoria	..	8
No. of Leprosy Homes	..	13
No. of Mental Hospitals	..	2

Other Services :

No. of T.B. clinics	..	27
No. of Leprosy clinics	..	191
No. of Leprosy Control units	..	6
No. of Leprosy S. E. T. Centres	..	40
No. of M. C. W. Centres	..	151
No. of Dental clinics	..	15
No. of Family Planning clinics	..	521

LABOUR

Position as on 31st Dec. 1967 :

Number of registered factories (including 22 defence factories) : 2,289.

Number of workers employed in registered factories : 1,77,822 (excluding 21 defence factories).

Important industries with the number of units (employing more than 100 workers), and workers employed respectively in each industry within brackets :

Processes allied to Agriculture 30 (4,080); Sugar 7 (3,872); Rice 6 (614); Oil (including Hydrogenerated Oil) 8 (1,466); Flour 1 (117); Bakery 1 (725); Dal 1 (100); Beverages 4 (570); Tobacco 20 (2,873); Textile (Cotton, Jute, Silk, Woollen, Carpet weaving etc., Mills) 30 (46,993); Wood and Cork except furniture 5 (1,663); Paper and Paper Products 8 (3,916); Printing, Publishing and Allied Industries 6 (1,462); Rubber Products 1 (196); Chemical and Chemical Products 9 (2,781), Potteries 7 (2,390), Cement 4 (4,221); Asbestos 1 (12,073); Non-Metallic Mineral Products (Bricks and Tiles, Stone dressing and Crushing and others) 17 (2,063); Basic Metal Industries (Iron and Steel, Rolling into Basic Forms and Rough Casting) 29 (15,458); Metal Products (except Machinery and Transport Equipment) 4 (950); Machinery (except electrical Machinery) 13 (3,988); Electrical Machinery, Appliances, Apparatus and supplies 6 (12,928); Transport Equipment 17 (2,457); Electricity Gas and Steam 9 (3,180); Starch 1 (250).

On December 31, 1966, the number of registered trade unions was 541 (excluding cancelled unions) out of which 320 unions had submitted their returns for the period January to December 1966. After scrutiny 202 returns had been accepted by the Registrar of Trade Unions, membership of which came to 37,540.

Total number of employments covered under the Minimum Wages Act : 13 (1967).

Approximate number of workers employed in the above employments : 4,01,562 (1967).

Important categories of employments under the Minimum Wages Act and the approximate number of workers employed in each category :

Rice, flour and dal mill 10,807; Tobacco (including Bidi making) manufacturing 2,41,825; Oil mill 4,790; Local authority 29,302; Construction or maintenance of roads or in building operation 24,148; Stone breaking or in stone crushing 2,978; Public motor transport 13,843; Shops and Commercial Establishments 65,637; Saw Mills 3,595; Cotton, ginning and pressing 2,600; Printing Press 2,307.
